INDEPENDENT AUDITORS' REPORT

Board of Education
Unified School District No. 380
Vermillion, Kansas 66544

We have audited the accompanying fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances of Unified School District No. 380, Vermillion, Kansas, as of and for the year ended June 30, 2021, and the related notes to the financial statement.

Management's Responsibility for the Financial Statement
Management is responsible for the preparation and fair presentation of this financial statement in accordance with the *Kansas Municipal Audit and Accounting Guide* as described in Note 1 C; this includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

Auditors' Responsibility
Our responsibility is to express an opinion on the financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the *Kansas Municipal Audit and Accounting Guide* and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of The United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles
As described in Note 1 C. of the financial statement, the financial statement is prepared by Unified School District No. 380, Vermillion, Kansas, on the basis of the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide*, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 C. and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles
In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of Unified School District No. 380, Vermillion, Kansas, as of June 30, 2021, or the changes in financial position and cash flows thereof for the year then ended.

Unmodified Opinion on Regulatory Basis of Accounting
In our opinion, the financial statement referred to above presents fairly, in all material respects, the aggregate cash and unencumbered cash balance of the Unified School District No. 380, Vermillion, Kansas, as of June 30, 2021, and the aggregate receipts and expenditures for the year then ended in accordance with the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide* described in Note 1 C.

Other Matters
Supplementary Information
Our audit was conducted for the purpose of forming an opinion on the fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances (basic financial statement) as a whole. The summary of regulatory basis expenditures-actual and budget, individual fund schedules of regulatory basis receipts and expenditures–actual and budget, schedule of regulatory basis receipts and disbursements - agency funds, and schedule of regulatory basis receipts, expenditures and unencumbered cash – district activity funds (Schedules 1,2,3,and 4 as listed in the table of contents) are presented for analysis and are not a required part of the basic financial statement, however are required to be presented under the provisions of the *Kansas Municipal Audit and Accounting Guide*. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statement. The information has been subjected to the auditing procedures applied in the audit of the basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statement or to the basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects,

in relation to the basic financial statement as a whole, on the basis of accounting described in Note 1 C.

Other Information
Our audit was conducted for the purpose of forming an opinion on the financial statement of Unified School District No. 380, Vermillion, Kansas. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statement.

The schedule of expenditures of federal awards is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statement. Such information has been subjected to the auditing procedures applied in the audit of the financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statement or the basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statement taken as a whole, on the basis of accounting described in Note 1 C.

Other Reporting Required by Government Auditing Standards
In accordance with *Government Auditing Standards*, we have also issued a report dated November 8, 2021, on our consideration of the Unified School District No. 380, Vermillion, Kansas' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Unified School District No. 380, Vermillion, Kansas' internal control over financial reporting and compliance.

The Notes to the Financial Statement are an integral part of this Statement.

(This Page Intentionally Left Blank)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Municipal Financial Reporting Entity

Unified School District No. 380 is a municipal corporation governed by an elected seven-member board. This regulatory financial statement presents Unified School District No. 380 (the District) and does not include any related municipal entities.

B. Regulatory Basis Fund Types

The following regulatory basis fund types comprise the financial activities of the District for the fiscal year 2021:

General fund – the chief operating fund. Used to account for all resources except those required to be accounted for in another fund.

Special Purpose fund – used to account for the proceeds of specific tax levies and other specific regulatory receipt sources (other than Capital Project and tax levies for long-term debt) that are intended for specified purposes.

Agency fund – funds used to report assets held by the municipal reporting entity in a purely custodial capacity (payroll clearing fund, county treasurer tax collection accounts, etc.).

C. Basis of Accounting

Regulatory Basis of Accounting and Departure from Accounting Principles Generally Accepted in the United States of America. The Kansas Municipal Audit and Accounting Guide (KMAAG) regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis receipts and regulatory basis expenditures for the fiscal year. All recognized assets and liabilities are measured and reported at cost unless they have been permanently impaired and have no future cash value or represent no future obligation against cash. The KMAAG regulatory basis does not recognize capital assets, long-term debt, accrued receivables and payables, or any other assets, liabilities or deferred inflows or outflows, other than those mentioned above.

The District has approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirement for application of generally accepted accounting principles and allowing the District to use the regulatory basis of accounting.

D. Reimbursements

The District records reimbursable expenditures in the fund that makes the disbursement and records reimbursements as a receipt to the fund that receives the reimbursement. For purposes of budgetary comparisons, the expenditures are properly offset by the reimbursements under KMAAG regulatory basis accounting.

E. Budgetary Information

Kansas statutes require that an annual operating budget be legally adopted for the general fund, special purpose funds (unless specifically exempted by statute), bond and interest funds, and business funds.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

E. Budgetary Information (cont.)

Although directory rather than mandatory, the statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

1. Preparation of the budget for the succeeding calendar year on or before August 1st.
2. Publication in local newspaper on or before August 5th of the proposed budget and notice of public hearing on the budget.
3. Public hearing on or before August 15th, but at least ten days after publication of notice of hearing.
4. Adoption of the final budget on or before August 25th.

The District published the budget on August 5th and held the hearing with budget approval on August 17th, 2020. The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in regulatory receipts other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication the hearing may be held, and the governing body may amend the budget at that time. There were no such budget amendments for this fiscal year.

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison schedules are presented for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

All legal annual operating budgets are prepared using the regulatory basis of accounting, in which, regulatory receipts are recognized when cash is received, and expenditures include disbursements, accounts payable, and encumbrances, with disbursements being adjusted for prior year's accounts payable and encumbrances. Encumbrances are commitments by the municipality for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. Any unused budgeted expenditure authority lapses at year-end.

A legal operating budget is not required for capital projects funds, agency funds, and the following special purpose funds: Textbook Rental, Contingency Reserve, and all federal programs and grant funds.

Spending in funds which are not subject to the legal annual operating budget requirement is controlled by federal regulations, other statutes, or by the use of internal spending limits established by the governing body.

F. Property Tax

The county clerk calculates the final tax levy rates necessary to finance the budget subject to any legal limitations. After all budgets have been received and tax rates calculated, the clerk certifies the tax roll to the county treasurer, who prepares tax statements and receives payment.

Taxes become a lien against all property November 1st. Taxpayers have the option of paying in full or in two installments. The delinquency dates are December 21st and May 11th. Delinquent taxes were assessed interest at 11% and 9% per annum for the calendar years 2020 and 2021 respectively. This interest is retained by the county. Taxes levied to finance the budget are made available to the district after January 1st and are distributed by the county treasurer approximately every month and a half. At least 50% of the taxes levied are available in January. Delinquent tax collections are distributed throughout the year.

2. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Compliance with Finance-Related Legal and Contractual Provisions

The District has several reimbursable federal programs. Exemption from the Kansas cash basis law K.S.A. 10-1113 is allowed for Federal programs under K.S.A. 12-1664. Reimbursements to cover the negative balances were received in FYE22 for the ESSER II Fund and TANF in Gifts and Grants Fund. The expenditures for Community Facilities Grant are in Capital Outlay which will be reimbursed in FY22.

3. DEPOSITS AND INVESTMENTS

As of June 30, 2021, the District had no investments (including repurchase agreements).

K.S.A. 9-1401 establishes the depositories which may be used by the District. The statute requires banks eligible to hold the District's funds have a main or branch bank in the county in which the District is located, or in an adjoining county if such institution has been designated as an official depository, and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits more than FDIC coverage. The District has no other policies that would further limit interest rate risk.

K.S.A. 12-1675 limits the District's investment of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The District has no investment policy that would further limit its investment choices.

Concentration of credit risk. State statutes place no limit on the amount the District may invest in any one issuer if the investments are adequately secured under K.S.A. 9-1402 and 9-1405.

Custodial credit risk – deposits. Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. State statutes require the District's deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka, except during designated "peak periods" when required coverage is 50%. All deposits were legally secured as of June 30, 2021.

As of June 30, 2021, the carrying amount of the District's deposits, including certificates of deposit, was $2,964,194.89 and the bank balance was $3,160,937.65. The bank balance was held by two banks resulting in a concentration of credit risk. Of the bank balance, $506,020.72 was covered by federal depository insurance and $2,654,916.93 was collateralized with securities held by the pledging financial institutions' agents in the District's name.

Custodial credit risk – investments. For an investment, this is the risk that, in the event of the failure of the issuer or counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State statutes require investments to be adequately secure.

4. IN-SUBSTANCE RECEIPT IN TRANSIT

The District received $306,810.00 after June 30, 2021 and, as required by K.S.A. 72-5135 and 72-5145, the receipt was recorded as in-substance receipt in transit and included as a receipt for the year ended June 30, 2021.

5. LONG-TERM DEBT

The District has no long-term liabilities for the year ended June 30, 2021.

6. INTERFUND TRANSFERS

Operating transfers were as follows:

From	To	Regulatory Authority	Amount
General Fund	Special Education	K.S.A. 72-5167	399,055.00
General Fund	Career & Postsecondary Education	K.S.A. 72-5167	70,000.00
General Fund	Preschool Aged At-Risk	K.S.A. 72-5167	53,000.00
General Fund	At Risk (K-12)	K.S.A. 72-5167	229,968.00
General Fund	Contingency Reserve	K.S.A. 72-5167	40,565.45
Supplemental General	Driver Education	K.S.A. 72-5143	10,000.00
Supplemental General	Food Service	K.S.A. 72-5143	30,000.00
Supplemental General	Professional Development	K.S.A. 72-5143	20,000.00
Supplemental General	Parents Education	K.S.A. 72-5143	20,000.00
Supplemental General	Special Education	K.S.A. 72-5143	150,000.00
Supplemental General	Career & Postsecondary Education	K.S.A. 72-5143	295,000.00
Supplemental General	Preschool Aged At-Risk	K.S.A. 72-5143	72,000.00
Supplemental General	At Risk (K-12)	K.S.A. 72-5143	74,305.00

7. DEFINED BENEFIT PENSION PLAN

General Information about the Pension Plan

Plan description. The District participates in the Kansas Public Employees Retirement System (KPERS), a cost-sharing multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, et seq. Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and required supplementary information. KPERS' financial statements are included in its Annual Comprehensive Financial Report which can be found on the KPERS website at www.kpers.org or by writing to KPERS (611 S. Kansas, Suite 100, Topeka, KS 66603) or by calling 1-888-275-5737.

Contributions. K.S.A. 74-4919 and K.S.A. 74-49,210 establish the KPERS member-employee contribution rates. KPERS has multiple benefit structures and contribution rates depending on whether the employee is a KPERS 1, KPERS 2, or KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009. KPERS 2 members were first employed in a covered position on or after July 1, 2009 and KPERS 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas law established the KPERS member-employee contribution rate of 6% of covered salary for KPERS 1, KPERS 2 and KPERS 3 members. Member contributions are withheld by their employer and paid to KPERS according to the provisions of section 414(h) of the Internal Revenue Code.

State law provides that the employer contribution rates for KPERS 1, KPERS 2, and KPERS 3 be determined based on the results of each annual actuarial valuation. Kansas law sets a limitation on annual increases in the employer contribution rates. The actuarially determined employer contribution rate and the statutory contribution rate (not including the 1% contribution rate for the Death and Disability Program) was

7. DEFINED BENEFIT PENSION PLAN (cont.)

16.15% and 14.41%, respectively, for the fiscal year ended June 30, 2020. The actuarially determined employer contribution rate and the statutory contribution rate was 15.59% and 14.23% for the fiscal year ended June 30, 2021.

Senate Substitute for House Bill 2052 authorized the delay of $64.1 million in fiscal year 2017 contributions. These contributions were set up as a long-term receivable. Payment is scheduled to be made in a series of twenty annual payments of $6.4 million dollars per year beginning in fiscal year 2018. Senate Substitute for House Bill 2002 authorized the delay of $194.0 million in fiscal year 2019 contributions. Payment is scheduled to be made in a series of twenty annual payments of $19.4 million starting in fiscal year 2020.

House Substitute for Senate Bill 109 from the 2018 legislative session provided for additional funding for the KPERS School Group. A payment of $56 million was paid in fiscal year 2018. This bill also authorized a payment of $82 million in fiscal year 2019. The 2019 legislative session authorized an additional fiscal year payment for the KPERS School Group. 2019 Senate Bill 9 authorized a payment of $115 million for the KPERS School Group. House Substitute for Senate Bill 25 from the legislative session authorized additional funding for the KPERS School Group in fiscal year 2020 of $51 million.

The State of Kansas is required to contribute the statutory required employer's share except for retired District employees. The District is responsible for the employer's portion of the cost for retired District employees. The District received and remitted amounts equal to the statutory contribution rate, which totaled $499.853.13 for the year ended June 30, 2021.

Net Pension Liability. As of June 30, 2021, the District's proportionate share of the collective net pension liability reported by KPERS was $5,271,000. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2019, which was rolled forward to June 30, 2020. The District's proportion of the net pension liability was based on the ratio of the District's contributions to KPERS, relative to the total employer and non-employer contributions of the State/School subgroup within KPERS for the fiscal year ended June 30, 2020. Since the KMAAG regulatory basis of accounting does not recognize long-term debt, this liability is not reported in this financial statement.

The complete actuarial valuation report including all actuarial assumptions and methods, and the report on the allocation of the KPERS collective net pension liability to all participating employers are publicly available on the website at www.kpers.org or can be obtained as described above.

8. OTHER LONG-TERM OBLIGATIONS FROM OPERATIONS

Other post-employment benefits. As provided by K.S.A. 12-5040, the District allows retirees to participate in the group health insurance plan. While each retiree pays the full amount of the applicable premium, conceptually, the District is subsidizing the retirees because each participant is charged a level of premium regardless of age. However, the cost of this subsidy has not been quantified in this financial statement.

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the District makes health care benefits available to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured.

Termination Benefits. The District provides an early retirement program for eligible certified staff after a minimum 15 years of employment. The annual lump sum payment may be made in January following the retirement school year with the age and years-of-service eligibility determined by the Superintendent and Clerk of the Board from official district records.

8. OTHER LONG-TERM OBLIGATIONS FROM OPERATIONS(cont.)

Age	$ Amount Stipend of Base Salary	Number of Years Paid
60	11.25%	5
61	12.25%	4
62	13.25%	3
63	14.25%	2
64	15.25%	1

There were payments made under this plan totaling $13,033.38 during the year ended June 30, 2021.

Fringe Benefits. The District's Board of Education will apply the cost of a single membership up to $600 per month in the 2020-2021 school year on the premium for the School Sponsored Health Insurance Plan.

The Board of Education will apply up to $5.45 per month on the premium for a $15,000 term life and accidental death and dismemberment insurance policy through the School Sponsored Health Insurance Carrier.

Section 125 Salary Reduction – Each teacher will be allowed to purchase benefits in the amount up to $1,000 per month for each full time or part time teacher for the contract year. The teacher will select from health insurance, salary protection insurance, cancer insurance, and group term life. There will also be a reimbursement program to enable tax free dollars to be used for dependent care and medical reimbursement. The teacher will receive the difference between the total benefit available and the total amount of non-taxable benefits in cash that will be subject to Income and FICA taxes.

Compensated Absences. Each teacher shall be granted three days of personal leave during the school year with the option to carry over a total of five days to the following school year. Personal leave days shall be at full pay and shall be in addition to sick leave. Teachers will be paid substitute teachers pay for each day of personal leave that is not used and is not carried over.

Each teacher may also receive up to four total school days for the purpose of attending educational conferences or school visitations. The teacher will be limited to $300.00 per year for registration expenses and to $100.00 per day maximum for expenses of meals and lodging.

Each teacher shall receive 12 days of sick leave each school year cumulative to a total of 100 days with full pay to be credited at the beginning of each school year. Teachers who do not use any sick leave during the 2020-2021 contract shall be paid $150 with their June payroll check. The $150 will be reduced by $50 for each day used up to three days. A teacher after employment with the district for a period of 4 years will receive $25.00 per day for each day of up to 90 days of accumulated sick leave upon retirement, resignation, or death.

The district clerk and other 12-month employees are allowed 12 days of vacation per year, 12 days' sick leave and six holidays. The principals also receive 12 days' sick leave accumulative to 90 days and three days of personal leave per year. The superintendent is allowed 12 days' sick leave accumulative to 90 days, and 15 days of vacation.

Liability for compensated absences is not reflected in the financial statement.

9. RELATED PARTY TRANSACTIONS

The related parties in a governmental entity include board members, administrative officials, and immediate families of board members and administrative officials. Required disclosures on related party transactions do not include compensation arrangements, expense allowance and similar items incurred in the ordinary course of operations. The following is required for disclosure:

	Amount
First National Bank – Frankfort (cash balance as of June 30, 2021) Amy Adams, board member, is an employee	$ 855,213.98

10. CAPITAL PROJECTS

Capital project authorizations with approved change orders compared with expenditures from inception are as follows:

Projects	Project Authorization	Expenditures to Date
Security Upgrades	$ 22,901.00	$ 0.00
Remodel Classrooms	145,021.00	72,784.00
Window Replacement	44,350.00	0.00
Frankfort Boiler & Heater System	255,078.00	0.00
Handicap Bathroom	8141.53	0.00

11. SUBSEQUENT EVENTS

Over the last couple years, the Coronavirus (COVID-19) outbreak in the United States has resulted in the temporary closure of schools. There is unprecedented uncertainty surrounding the duration of the pandemic, its potential economic ramifications, and any government actions to mitigate them. Accordingly, while management cannot quantify the financial and other impact to the District as of the date of this report, management believes that a material impact on the District's financial position and results of future operations is reasonably possible. The District was awarded $43,197.00 for ESSER I, $213,147.00 for ESSER II, and $478,698.00 for ESSER III. The District has spent all of ESSER I and $23,917.06 of ESSER II as of June 30, 2021. The funding is in the form of a grant which spans 3 fiscal school years to spend it.

Management has evaluated the effects on the financial statement of subsequent events occurring through the date of this report, which is the date at which the financial statement was available to be issued.

12. COMMITMENTS AND CONTINGENCIES

Litigation. As of the audit date, there are no pending or threatened litigation claims involving the district.

Grant program involvement. The District participates in several federally assisted grant programs. These programs are subject to program compliance audits by granters or their representatives for audit of these programs for or including the year ending June 30, 2021. These compliance audits have not been conducted as of November 8, 2021. Accordingly, the District's compliance with applicable grant agreements will be established at some future date. The total expenditures, which may be disallowed by the grantor agencies, cannot be determined now, although the District expects such amounts, if any, to be immaterial.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF THE FINANCIAL STATEMENT PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Education
Unified School District No. 380
Vermillion, Kansas 66544

We have audited, in accordance with the auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Governmental Auditing Standards* issued by the Comptroller General of the United States and the *Kansas Municipal Audit and Accounting Guide*, the financial statement of Unified School District No. 380, Vermillion, Kansas, (the District) as of and for the year ended June 30, 2021, and the related notes to the financial statement, which collectively comprise the District's basic financial statement and have issued our report thereon, dated November 8, 2021.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statement, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statement, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal controls such that there is a reasonable possibility that a material misstatement of the District's financial statement will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statement is free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and

material effect on the financial statement. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Board of Education
Unified School District No. 380
Vermillion, Kansas 66544

Report on Compliance for Each Major Federal Program

We have audited Unified School District No. 380's (the District) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2021. The District's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with the *Kansas Municipal Auditing and Accounting Guide*; auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Governmental Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the District's compliance.

Opinion on Each Major Federal Program

In our opinion the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the fiscal year ended June 30, 2021.

Report on Internal Control Over Compliance

Management of Unified School District No. 380 is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit the attention by those charged with governance.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
FOR THE FISCAL YEAR ENDED JUNE 30, 2021

Notes to the Schedule of Expenditures of Federal Awards

NOTE 1 - BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal grant activity of the Unified School District No. 380, Vermillion, Kansas (the District), under programs of the federal government for the fiscal year ended June 30, 2021. The information in the Schedule is presented in accordance with the requirements of Title 2 *U.S. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position, changes in net position, or cash flows of the District. The Schedule is presented using a regulatory basis of accounting prescribed by the *Kansas Municipal Audit and Accounting Guide* (as described in Note 1C to the financial statement), which is the same basis of accounting as the financial statement accompanying this schedule.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(1) Expenditures reported on the Schedule are reported on the regulatory basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

(2) The District has not elected to use the 10 percent *de minimis* indirect cost rate as allowed under the Uniform Guidance.

(3) Expenditures include services paid on behalf of USD #380. The District shares a Family Advocate salary with another school district which uses HRSA federal monies. This amount will not be found in Schedule 2 of USD #380 as noted below.
