Board of Education
Unified School District No. 329
Alma, Kansas

Independent Auditor's Report

Adverse and Unmodified Opinions
We have audited the accompanying fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances of Unified School District No. 329 (the District), as of and for the year ended June 30, 2022 and the related notes to the financial statement.

Adverse Opinion on U.S. Generally Accepted Accounting Principles
In our opinion, because of the significance of the matter discussed in the Basis for Adverse and Unmodified Opinions section of our report, the accompanying financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the District as of June 30, 2022, or changes in financial position and cash flows thereof for the year then ended.

Unmodified Opinion on Regulatory Basis of Accounting
In our opinion, the accompanying financial statement referred to above presents fairly, in all material respects, the aggregate cash and unencumbered cash balance of the District as of June 30, 2022, and the aggregate receipts and expenditures for they year then ended in accordance with the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide* (KMAAG) described in Note 1.

Basis for Adverse and Unmodified Opinions
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS) and KMAAG. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statement section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our adverse and unmodified audit opinions.

Matter Giving Rise to the Adverse Opinion on U.S. Generally Accepted Accounting Principles
As discussed in Note 1 of the financial statement, the financial statement is prepared by the District on the basis of the financial reporting provisions of the KMAAG, which is a basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Responsibilities of Management for the Financial Statement
Management is responsible for the preparation and fair presentation of the financial statement in accordance with KMAAG as described in Note 1; this includes determining regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statement that is free from material misstatement, whether due to fraud or error.

In preparing the financial statement, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Districts' ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statement

Our objectives are to obtain reasonable assurance about whether the financial statement as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statement.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statement, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statement.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances (basic financial statement) as a whole. The summary of regulatory basis expenditures-actual and budget, individual fund schedules of regulatory basis receipts and expenditures-actual and budget, schedule of regulatory basis receipts and expenditures-agency funds (Schedules 1, 2, 3 and 4 as listed in the table of contents) are presented for purposes of additional analysis and are not required part of the basic financial statement; however, are required to be presented under the provisions of the KMAAG. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statement. The information has been subjected to the auditing procedures applied in the audit of the basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statement or to the basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information is fairly stated in all material respects, in relation to the basic financial statement as a whole, on the basis of accounting described in Note 1.

Supplementary Information (Continued)

We also previously audited, in accordance with auditing standards generally accepted in the United States of America, the basic financial statement of the District as of and for the year ended June 30, 2021 (not presented herein), and have issued our report thereon dated December 8, 2021, which contained an unmodified opinion on the basic financial statement. The 2021 basic financial statement and our accompanying report are not presented herein, but are available in electronic form from the website of the Kansas Department of Administration at the following link https://admin.ks.gov/offices/oar/municipal-services. The 2021 actual column (2021 comparative information) presented in the individual fund schedules of regulatory basis receipts and expenditures-actual and budget for the year ended June 30, 2022 (Schedule 2 as listed in the table of contents) is presented for purposes of additional analysis and is not a required part of the basic financial statement. Such 2021 comparative information was subjected to the auditing procedures applied in the audit of the 2021 basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the 2021 comparative information is fairly stated in all material respects in relation to the basic financial statement as a whole for the year ended June 30,2022, on the basis of accounting described in Note 1.

The accompanying notes are an integral part of this financial statement.
See Independent Auditor's Report.

UNIFIED SCHOOL DISTRICT NO. 329
Alma, Kansas
NOTES TO FINANCIAL STATEMENT
For the Year Ended June 30, 2022

Note 1: Summary of Significant Accounting Policies

Unified School District No. 329 (the District), was organized in accordance with state statutes to provide a system of public education to elementary through high school students who reside within the designated District area. The District is a municipal corporation governed by an elected seven-member Board of Education. The District's financial statement does not include any related municipal entities.

Regulatory Basis Fund Types

The accounts of the District are organized and operated on the basis of funds, which are used to record the District's financial transactions. A fund is defined as an independent fiscal and accounting entity with a self-balancing set of accounts. Cash and other financial resources are recorded together with all related expenditures. A fund is used to segregate specific activities and for the purpose of attaining certain objectives in accordance with special regulations, restrictions, and limitations. The following types of funds comprise the financial activities of the District.

General fund -- the chief operating fund. Used to account for all resources except those required to be accounted for in another fund.

Special Purpose fund -- used to account for the proceeds of specific tax levies and other specific revenue sources (other than Capital Project and tax levies for long-term debt) that are intended for specified purposes.

Bond and Interest fund -- used to account for the accumulation of resources, including tax levies, transfers from other funds and payment of general long-term debt.

Trust fund -- used to report assets held in trust for the benefit of the municipal financial reporting entity (i.e. private purpose trust funds which benefit the municipal reporting entity, scholarship funds, etc.).

Agency fund -- used to report assets held by the District in a purely custodial capacity.

Regulatory Basis of Accounting and Departure from Accounting Principles Generally Accepted in the United States of America

The *Kansas Municipal Audit and Accounting Guide* (KMAAG) regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis receipts and regulatory basis expenditures for the fiscal year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligation against cash. The KMAAG regulatory basis does not recognize capital assets, long-term debt, accrued receivables and payables, or any other assets, liabilities or deferred inflows or outflows, other than those mentioned above.

The District has approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirement of application of generally accepted accounting principles and allowing the District to use the regulatory basis of accounting.

Note 1: Summary of Significant Accounting Policies (Continued)

Budgetary Information (Continued)

Kansas statutes require that an annual operating budget be legally adopted for the general fund, special purpose funds (unless specifically exempted by statute) and bond and interest funds. The statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

1. Preparation of the budget for the succeeding twelve month period on or before August 1st of each year.

2. Publication in a local newspaper of the proposed budget and this notice of public hearing on the budget on or before August 5th.

3. Public hearing on or before August 15th, but at least ten days after publication of notice of hearing.

4. Adoption of the final budget on or before August 25th.

If the District is holding a revenue neutral rate hearing, the budget timeline for adoption of the final budget has been adjusted to on or before September 20th.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in revenue other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication the hearing may be held and the governing body may amend the budget at that time.

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison statements are presented for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

All legal annual operating budgets are prepared using the regulatory basis of accounting, in which revenues are recognized when cash is received and expenditures include disbursements, accounts payable, and encumbrances, with disbursements being adjusted for prior year's accounts payable and encumbrances. Encumbrances are commitments by the District for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. Any unused budget expenditure authority lapses at year end.

A legal operating budget is not required for capital project funds, trust and agency funds, and the following special purpose funds which do not originate a tax levy:

Contingency Reserve	Textbook and Student Materials
District Activity	Summer Insurance

Spending in funds which are not subject to the legal annual operating budget requirement are controlled by federal regulations, other statutes, or by the use of internal spending limits established by the governing body.

Note 2: Deposits and Investments

The District maintains a cash and investment pool that is available for use by all funds. The District held no investments during the year, only deposits with allowable financial institutions. All interest earned during the year on idle funds was credited to the capital outlay fund as allowed by Kansas statutes.

K.S.A. 9-1401 established the depositories which may be used by the District. The statute requires banks eligible to hold the District's funds have a main or branch bank in the county in which the District is located, or in an adjoining county if such institution has been designated as an official depository, and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. The District has no other policies that would further limit interest rate or depository risk.

K.S.A. 12-1675 limits the District's investment of idle funds to time deposits, open accounts, and certificates of deposit with financial institutions; U.S. government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The District has no investment policies that would further limit its investment choices.

Concentration of credit risk. State statutes place no limit on the amount the District may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405.

Custodial credit risk -- deposits. Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. K.S.A. 9-1402 and 9-1405 require the District's deposits in a financial institution be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka.

At June 30, 2022, the carrying amount of the District's deposits was $1,386,878. The bank balance was $1,557,896. The bank balance was held by two banks resulting in a concentration of credit risk. Of the bank balances, $277,930 was secured by FDIC insurance and the remaining $1,279,966 was collateralized by pledged securities with a fair market value of $1,757,007 held under joint custody receipts issued by a third-party bank in the school district's name. The third-party bank holding the pledged securities is independent of the pledging bank.

Note 3: In-Substance Receipt in Transit

The District received $145,475 for general fund and $18,194 for supplemental general fund subsequent to June 30, 2022, and as required by K.S.A. 72-5135(d), the receipt was recorded as an in-substance receipt in transit and included as a receipt for the year ended June 30, 2022.

Note 4: Defined Benefit Pension Plan

Plan Description

The District participates in the Kansas Public Employees Retirement System (KPERS), a cost-sharing, multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, et. seq. Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and required supplementary information. KPERS' financial statements are included in its Comprehensive Annual Financial Report which can be found on the KPERS website at www.kpers.org or by writing to KPERS (611 South Kansas, Suite 100, Topeka, KS 66603) or by calling 1-888-275-5737.

Contributions

K.S.A. 74-4919 and K.S.A. 74-49,210 establish the KPERS member-employee contribution rates. KPERS has multiple benefit structures and contribution rates depending on whether the employee is a KPERS 1, KPERS 2 or KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009. KPERS 2 members were first employed in a covered position on or after July 1, 2009, and KPERS 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas law established the KPERS member-employee contribution rate at 6% of covered salary for KPERS 1, KPERS 2 and KPERS 3 members. Member contributions are withheld by their employer and paid to KPERS according to the provisions of Section 414(h) of the Internal Revenue Code.

Note 4: Defined Benefit Pension Plan (Continued)

Contributions (Continued)

State law provides that the employer contribution rates for KPERS 1, KPERS 2 and KPERS 3 be determined based on the results of each annual actuarial valuation. Kansas law sets a limitation on annual increases in the employer contribution rates. The actuarially determined employer contribution rate and the statutory contribution rate (not including the 1% contribution rate for the Death and Disability Program) was 15.59% and 14.23%, respectively, for the fiscal year ended June 30, 2021. The actuarially determined employer contribution rate and the statutory contribution rate was 14.83% and 13.33% for the fiscal year ended June 30, 2022.

Senate Substitute for House Bill 2052 authorized the delay of $64.1 million in fiscal year 2017 contributions. These contributions were set up as a long-term receivable. Payment is scheduled to be made in a series of twenty annual payments of $6.4 million dollars per year beginning in fiscal year 2018. Senate Substitute for House Bill 2002 authorized the delay of $194.0 million in fiscal year 2019 contributions. Payment is scheduled to be made in a series of twenty annual payments of $19.4 million starting in fiscal year 2020.

House Substitute for Senate Bill 109 from the 2018 Legislative session provided for additional funding for the KPERS School Group. A payment of $56 million was paid in fiscal year 2018. This bill also authorized a payment of $82 million in fiscal year 2019. The 2019 legislative session authorized an additional fiscal year payment for the KPERS School Group. 2019 Senate Bill 9 authorized a payment of $115 million for the KPERS School Group. House Substitute for Senate Bill 25 from the 2019 Legislative session authorized additional funding for the KPERS School Group in fiscal year 2020 of $51 million.

The State of Kansas is required to contribute the statutory required employer ’s share except for retired District employees. The District is responsible for the employer’s portion of the cost for retired District employees. The District received and remitted amounts equal to the statutory contribution rate, which totaled $433,603 for the year ended June 30, 2022.

Pension Liability

At June 30, 2022, the District’s proportionate share of the collective net pension liability reported by KPERS was $3,851,803. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2020, which was rolled forward to June 30, 2021. The District’s proportion of the net pension liability was based on the ratio of the District’s contributions to KPERS, relative to the total employer and non- employer contributions of the State/School subgroup within KPERS for the fiscal year ended June 30, 2021. Since the KMAAG regulatory basis of accounting does not recognize long-term debt, this liability is not reported in this financial statement. The complete actuarial valuation report including all actuarial assumptions and methods, and the report on the allocation of the KPERS collective net pension liability to all participating employers are publicly available on the website at www.kpers.org or can be obtained as described above.

Note 5: Long-Term Debt

General Obligation Bonds

On June 5, 2017, the District issued $2,260,000 of General Obligation Bonds Series 2017 at an interest rate of 1.77% for the purpose of refunding a portion of the Series 2007 General Obligation Bonds still outstanding. The net proceeds of the bonds of $2,220,000 (net of $40,000 bond issuance fees) was sent to the State Treasurer as escrow agent for the purpose of payment of the $2,220,000 refunded bonds. The refunded bonds are considered to be real and are not disclosed as debt of the District. This refunding decreased total debt service payments to $70,894, resulting in an economic gain (the difference between the present value of the debt service payments on the new and old debt) of $67,885.

Note 5: Long-Term Debt (Continued)

Changes in long-term debt transactions for the District for the year were as follows:

Issue	Interest Rates	Date of Issue	Amount of Issue	Date of Final Maturity	Beginning of Year	Additions	Reductions/ Payments	End of Year	Interest Paid
General Obligation Bonds:									
Series 2017	1.77%	6/5/2017	$ 2,260,000	9/2/2021	$ 465,000	$ -	$ 465,000	$ -	$ 4,115
Capital Leases Payable:									
Apple, Inc.	1.99%	7/5/2018	195,531	7/3/2021	48,927	-	48,927	-	954
Stockgrowers State Bank	2.37%	12/13/2021	429,520	4/1/2032	-	429,520	-	429,520	-
					$ 513,927	$ 429,520	$ 513,927	$ 429,520	$ 5,069

Current maturities of long-term debt and interest for the next five years is as follows:

	2023	2024	2025	2026	2027	2028-2032	Total
Principal							
Capital leases payable	$ 35,686	$ 39,665	$ 40,651	$ 41,636	$ 42,646	$ 229,236	$ 429,520
Interest							
Capital leases payable	$ 13,112	$ 9,133	$ 8,147	$ 7,161	$ 6,152	$ 14,754	$ 58,459
Total Principal and Interest	$ 48,798	$ 48,798	$ 48,798	$ 48,797	$ 48,798	$ 243,990	$ 487,979

Note 6: Other Post Employment Benefits

As provided by K.S.A. 12-5040, the District allows retirees to participate in the group health insurance plan. While each retiree pays the full amount of the applicable premium, conceptually, the District is subsidizing the retirees because each participant is charged a level of premium regardless of age. However, the cost of this subsidy has not been quantified in this financial statement.

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the District makes health care benefits available to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured.

Early Retirement

The District has provided an early retirement program for certain eligible certified personnel in the past. The most recent early retirement incentive ended on June 30, 2014. The District will continue to fund the early retirement incentive payments to the past eligible retirees for their agreements in effect prior to June 30, 2014. Payments to retired employees under the previous plan are paid as employer contributions into a Board approved Internal Revenue Code Section 403(b) plan. Early retirement payments totaled $0 for the year ended June 30, 2022. These benefits are financed by the District on pay-as-you-go basis. An estimate has not been made of the total amount of post employment benefits of the District or reported in this financial statement.

Compensated Absences

The District provides vacation leave for the superintendent, clerk, secretary/treasurer, district maintenance/transportation supervisor, technology director, and all full-time custodians. Each entitled employee receives two weeks per year. After five years of employment, the clerk, secretary/treasurer, district maintenance/transportation supervisor and full-time custodians receive twelve days per year. After ten years, these employees receive fifteen days per year. Unused vacation leave may be carried over to the next year, but no vacation may be accrued to exceed 30 days.

Sick leave is provided for most District employees. Certified employees receive twelve days of sick leave annually and can carryover up to ninety days. Upon separation of service, teachers who retire with KPERS benefits are reimbursed at the current rate of payment per day for substitute teachers for any unused sick leave. Teachers who worked at least ten years within the District receive sick leave pay, but only for hours accumulated after June 1, 1994. At the end of each school year, teachers will be paid $25 for each day of accumulated sick leave beyond 90. The board clerk, secretary/treasurer, district maintenance/transportation supervisor, technology director and full-time custodians receive twelve days of sick leave annually and can accumulate fifty-five days. Bus drivers receive six days per year and can accumulate twenty-five days. Attendance center secretaries receive ten days per year and can accumulate forty-five days. Full-time cooks and aides receive nine days per year and can accumulate thirty-five days. Other part-time hourly employees receive sick leave according to the number of hours they work. No estimate has been made of the total amounts of accumulated leave nor has any amount been reported or disclosed in this financial statement.

Classified employees who work more than 40 hours per week, will be compensated at the rate required by law. All overtime hours must have prior approval by their supervisor. Classified salaried non-exempt employees will earn overtime in the form of compensatory time, and shall be administered according to the Fair Labor Standards Act and Wage-Hour Law provisions. Compensatory time must be used by the employee prior to the paycheck following the check it was allocated on. Classified staff paid hourly, shall earn overtime pay, paid at the rate of 1.5 times their hourly rate.

Note 7: Section 125 Cafeteria Plan

The District maintains an Internal Revenue Code Section 125 plan "cafeteria plan". The amount of salary to be reduced shall not exceed the sum authorized by the Internal Revenue Code. The District contributed up to $600 per month for certified personnel. For all other employees, the benefit is prorated. Employees must designate his/her entire allocation into any combination of health insurance, term life insurance, salary protection insurance, cancer insurance, and child care and/or medical reimbursement.

Note 8: Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters for which the District carries commercial insurance. Settlements of claims have not exceeded coverage during the past three fiscal years.

Note 9: Interfund Transfers

The District made the following operating transfers during the fiscal year. The transfers were approved by the Board of Education.

From	To	Statutory Authority	Amount
General Fund	Food Service	K.S.A. 72-6478	$ 17,640
General Fund	Capital Outlay	K.S.A. 72-6478	4,424
General Fund	Special Education	K.S.A. 72-6478	484,533
General Fund	Vocational Education	K.S.A. 72-6478	8,905
General Fund	At Risk (K-12)	K.S.A. 72-6478	67,740
Supplemental General Fund	At Risk (K-12)	K.S.A. 72-6478	59,061
Supplemental General Fund	Professional Development	K.S.A. 72-6478	17,640
Supplemental General Fund	Special Education	K.S.A. 72-6478	215,564
Supplemental General Fund	Vocational Education	K.S.A. 72-6478	284,169
			$ 1,159,676

Note 10: Contingencies

The District receives significant financial assistance from numerous federal and state governmental agencies in the form of grants and state pass-through aid. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material effect on the financial statement of the District at June 30, 2022.

Note 11: Other Information

Fund with a Deficit Unencumbered Cash Balance. Generally, school districts are required by K.S.A. 10-1113 to limit fund expenditures to the available monies in that fund. K.S.A 12-1663, however, provides an exception for those funds which are to be financed by Federal government sources and other grants and gifts. This exception allows these funds to expend in excess of currently available resources with the expectation that the District will be reimbursed for qualifying grant expenditures.

The following fund had a deficit balance of unencumbered cash as of June 30, 2022: Federal Funds. This fund is financed by Federal government agencies and is expecting reimbursement of qualifying grant expenditures. Therefore, this falls under the exception noted above.

Note 12: Subsequent Events

Management has evaluated the effects on the financial statement of subsequent events occurring through November 8, 2022, which is the date at which the financial statement was available to be issued.

Note 13: COVID-19

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus in Wuhan, China (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. As such, it is uncertain as to the full magnitude that the pandemic will have on the District's financial condition, liquidity and future results of operations. Management is actively monitoring the global and local situation on its financial condition, liquidity, operations, suppliers, industry and workforce. Given the daily evolution of the COVID-19 outbreak and the global responses to curb its spread, the District is not able to estimate the effects of the COVID-19 outbreak on its results of operations, financial condition or liquidity for fiscal year 2022.

As a result of the COVID-19 outbreak, numerous federal and state grants have been made available to the District to assist with the risks and help offset incurred costs of the District.
