INDEPENDENT AUDITOR'S REPORT

Board of Education
Unified School District No. 241
521 N Main Street
Sharon Springs, KS 67758

Adverse and Unmodified Opinions

I have audited the accompanying fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances of Unified School District No. 241 as of and for the year ended June 30, 2024 and the related notes to the financial statement.

Adverse Opinion on U.S. Generally Accepted Accounting Principles
In my opinion, because of the significance of the matter discussed in the Basis for Adverse and Unmodified Opinions section of my report, the accompanying financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of Unified School District No. 241 as of June 30, 2024, or changes in financial position and cash flows thereof for the year then ended.

Unmodified Opinion on Regulatory Basis of Accounting
In my opinion, the accompanying financial statement referred to above presents fairly, in all material respects, the aggregate cash and unencumbered cash balance of Unified School District No. 241 as of June 30, 2024, and the aggregate receipts and expenditures for the year then ended in accordance with the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide* described in Note 1.

Basis for Adverse and Unmodified Opinions

I conducted my audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the *Kansas Municipal Audit and Accounting Guide*. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statement section of my report. I am required to be independent of Unified School District No. 241, and to meet my other ethical responsibilities, in accordance with the relevant ethical requirements relating to my audit. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my adverse and unmodified audit opinions.

Matter Giving Rise to Adverse Opinion on U.S. Generally Accepted Accounting Principles
As discussed in Note 1 of the financial statement, the financial statement is prepared by Unified School District No. 241 on the basis of the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide*, which is a basis of accounting other than accounting

principles generally accepted in the United States of America. The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Responsibilities of Management for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with the *Kansas Municipal Audit and Accounting Guide* as described in Note 1; this includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

In preparing the financial statement, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Unified School District No. 241's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statement

My objectives are to obtain reasonable assurance about whether the financial statement as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statement.

In performing an audit in accordance with GAAS, I:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statement, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Unified School District No. 241's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statement.
- conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Unified School District No. 241's ability to continue as a going concern for a reasonable period of time.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that I identified during the audit.

Supplementary Information

My audit was conducted for the purpose of forming an opinion on the fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances (basic financial statement) as a whole. The summary of regulatory basis expenditures – actual and budget, individual fund schedules of regulatory basis receipts and expenditures – actual and budget, summary of regulatory basis receipts and disbursements – agency funds, and schedule of receipts, expenditures, and unencumbered cash – district activity funds (Schedules 1, 2, 3 and 4 as listed in the table of contents) are presented for purposes of additional analysis and are not a required part of the basic financial statement, however are required to be presented under the provisions of the *Kansas Municipal Audit and Accounting Guide*. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statement. The information has been subjected to the auditing procedures applied in the audit of the basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statement or to the basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the accompanying supplementary information is fairly stated in all material respects, in relation to the basic financial statement as a whole, on the basis of accounting described in Note 1.

Prior Year Comparative Analysis

I also previously audited, in accordance with auditing standards generally accepted in the United States of America, the basic financial statement of Unified School District No. 241, Sharon Springs, Kansas as of and for the year ended June 30, 2023 (not presented herein), and have issued my report thereon dated November 21, 2023, which contained an unmodified opinion on the basic financial statement. The 2023 basic financial statement and my accompanying report are not presented herein, but are available in electronic form from the web site of the Kansas Department of Administration at the following link: https://admin.ks.gov/offices/accounts-reports/local-government/municipal-services. The 2023 actual column (2023 comparative information) presented in the individual fund schedules of regulatory basis receipts and expenditures – actual and budget for the year ended June 30, 2024 (Schedule 2 as listed in the table of contents) is presented for purposes of additional analysis and is not a required part of the basic financial statement. Such 2023 comparative information is the responsibility of management and was derived from and relates directly to the underlying accounting and other

records used to prepare the 2023 basic financial statement. The 2023 comparative information was subjected to the auditing procedures applied in the audit of the 2023 basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2023 basic financial statement or to the 2023 basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the 2023 comparative information is fairly stated in all material respects in relation to the basic financial statement as a whole for the year ended June 30, 2023, on the basis of accounting described in Note 1.

UNIFIED SCHOOL DISTRICT NO. 241
SHARON SPRINGS, KANSAS

NOTES TO THE FINANCIAL STATEMENT
For the Year Ended June 30, 2024

Note 1: Summary of Significant Accounting Policies

A. Municipal Financial Reporting Entity

Unified School District No. 241 (USD 241), Sharon Springs, Kansas, is a municipal corporation governed by an elected seven-member board. This financial statement presents USD 241, the primary government. USD 241 does not have any related municipal entities.

B. Regulatory Basis of Accounting and Departure from Accounting Principles Generally Accepted in the United States of America

The KMAAG regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis receipts and regulatory basis expenditures for the fiscal year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligation against cash. The KMAAG regulatory basis does not recognize capital assets, long-term debt, accrued receivables and payables, or any other assets, liabilities or deferred inflows or outflows, other than those mentioned above.

The municipality has approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirement for application of generally accepted accounting principles and allowing the municipality to use the regulatory basis of accounting.

C. Regulatory basis fund types

A fund is defined as an independent fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations. The following fund types are used by USD 241:

General Fund – the chief operating fund. Used to account for all resources except those required to be accounted for in another fund.

Note 1: Summary of Significant Accounting Policies (continued)

Special Purpose Fund – used to account for the proceeds of specific tax levies and other specific regulatory receipt sources (other than Capital Project and tax levies for long-term debt) that are intended for specified purposes.

Bond and Interest Funds – used to account for the accumulation of resources, including tax levies, transfers from other funds and payment of general long-term debt.

Trust Funds – funds used to report assets held in trust for the benefit of the municipal financial reporting entity (i.e. pension funds, investment trust funds, private purpose trust funds which benefit the municipal reporting entity, scholarship funds, etc.).

Agency Funds – funds used to report assets held by the municipal reporting entity in a purely custodial capacity (payroll clearing fund, student organizations, etc.).

D. Cash and investments

The municipality pools cash resources of its various funds in order to facilitate the management of cash. Cash applicable to a particular fund is readily identifiable. The balance in the pooled cash accounts is available to meet current operating requirements. Cash in excess of current requirements is invested in interest-bearing deposits and disclosed as part of the municipality's cash balances. Unless specifically designated, all interest income is credited to the Capital Outlay Fund.

E. Property taxes

Collection of current year property tax by the County Treasurer is not completed, apportioned or distributed to USD 241 until the succeeding year, such procedures being in conformity with governing state statutes. Consequently, current year property taxes receivable are not available as a resource that can be used to finance the current year operations of USD 241; and therefore, are not susceptible to accrual.

Property taxes are collected and remitted to USD 241 by the county government. Taxes levied annually on November 1 are due one-half by December 20 and one half by May 10. Tax payments are recognized as revenue in the year received. Delinquent tax payments are recognized as revenue in the year received.

F. Interfund transactions

Quasi-external transactions (i.e., transactions that would be treated as receipts or expenditures if they involved organizations external to the governmental unit, such as internal service fund billings to departments) are accounted for as receipts or expenditures. Transactions that constitute reimbursements to a fund for expenditures initially made from it that are properly applicable to another fund, are

Note 1: Summary of Significant Accounting Policies (continued)

recorded as expenditures in the reimbursing fund and as reductions of expenditures in the fund that is reimbursed.

All other interfund transactions, except quasi-external transactions and reimbursements, are reported as transfers.

G. Reimbursements

A reimbursement is an expenditure initially made in one fund, but properly attributable to another fund. For example, it is common for the general fund to pay a vendor's bill and have portions of it reimbursed by other funds. In accounting for such reimbursements, USD 241 records an expenditure in the reimbursing fund, and a reduction of expenditure in the reimbursed fund, following the authoritative guidance provided under KMAAG regulatory basis accounting.

H. Restricted Assets

These assets consist of cash and short-term investments restricted for Agency Funds.

I. Use of Estimates

The preparation of financial statements on a prescribed basis of accounting that demonstrates compliance with the cash basis and budget laws of the State of Kansas requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Note 2: Budgetary Information

Kansas statutes require that an annual operating budget be legally adopted for the general fund, special purpose funds (unless specifically exempted by statute), bond and interest funds, and business funds. Although directory rather than mandatory, the statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

1. Preparation of the budget for the succeeding calendar year on or before August 1st.
2. Publication in local newspaper on or before August 5th of the proposed budget and notice of public hearing on the budget.
3. Public hearing on or before August 15th, but at least ten days after publication of notice of hearing.
4. Adoption of the final budget on or before August 25th.

If USD 241 is holding a revenue neutral rate hearing, the budget timeline for adoption of the final budget has been adjusted to on or before September 20th. USD 241 did hold a revenue neutral rate hearing for this year.

Note 2: Budgetary Information (continued)

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in regulatory receipts other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication, the hearing may be held and the governing body may amend the budget at that time. There were budget amendments for this year in the Career & Postsecondary Education Fund and the KPERS Special Retirement Contribution Fund.

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison schedules are presented for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

All legal annual operating budgets are prepared using the regulatory basis of accounting, in which receipts are recognized when cash is received and expenditures include disbursements, accounts payable, and encumbrances, with disbursements being adjusted for the prior year's accounts payable and encumbrances. Encumbrances are commitments by the municipality for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. Any unused budget expenditure authority lapses at year end.

A legal operating budget is not required for capital project funds, fiduciary funds, permanent funds and the following special revenue funds:

Contingency reserve
Title I
REAP federal grant
ESSER I, II, and III
Athletic gate receipts

Spending in funds which are not subject to the legal annual operating budget requirement is controlled by federal regulations, other statutes, or by using internal spending limits established by the governing body.

Note 3: Deposits & Investments

K.S.A. 9-1401 establishes the depositories which may be used by USD 241. The statute requires banks eligible to hold USD 241's funds have a main or branch bank in the county in which USD 241 is located, or in an adjoining county if such institution has been designated as an official depository, and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. USD 241 has no other policies that would further limit interest rate risk.

K.S.A. 12-1675 limits USD 241's investment of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. USD 241 has no investment policy that would further limit its investment choices.

Concentration of credit risk

State statutes place no limit on the amount USD 241 may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405. USD 241's allocation of investments as of June 30, 2024 is 100% guaranteed investment contracts secured by U.S. Treasury and Agencies.

Custodial credit risk – deposits

Custodial credit risk is the risk that in the event of a bank failure, USD 241's deposits may not be returned to it. State statutes require USD 241's deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka, except during designated "peak periods" when required coverage is 50%. USD 241 does not use designated "peak periods". All deposits were legally secured at June 30, 2024.

At June 30, 2024, USD 241's carrying amount of deposits was $1,939,068 and the bank balance was $2,092,863. The bank balance was held by one bank resulting in a concentration of credit risk. Of the bank balance, $251,103 was covered by federal depository insurance and $1,841,760 was collateralized with securities held by the pledging financial institutions' agents in USD 241's name.

Custodial credit risk – investments

For an investment, this is the risk that, in the event of the failure of the issuer or counterparty, USD 241 will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State statutes require investments to be adequately secured. USD 241 had no investments of this type at June 30, 2024.

Note 4: Compensated Absences

Certified staff members receive a total of fourteen leave days per year accumulative to sixty days. Unused leave days above sixty may be bought back at the end of the year at $15/day.

Non-certified staff receives twelve days of sick leave per year, accumulative to sixty days.

The unused sick leave and personal leave is not paid upon termination, therefore, no cost or accumulated sick and personal leave as of June 30, 2024 has been calculated.

Non-certified staff receives ten days of vacation leave per year. Any vacation leave not used by the end of the fiscal year is lost; therefore, no cost as of June 30, 2024 has been calculated.

Note 5: Defined Benefit Pension Plan

Plan Description. USD 241 participates in the Kansas Public Employees Retirement System (KPERS), a cost-sharing multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, *et seq.* Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and required supplementary information. KPERS' financial statements are included in its Annual Comprehensive Financial Report which can be found on the KPERS website at www.kpers.org or by writing to KPERS (611 S. Kansas, Suite 100, Topeka, KS 66603) or by calling 1-888-275-5737.

Contributions. K.S.A. 74-4919 and K.S.A. 74-49,210 establish the KPERS member-employee contribution rates. KPERS has multiple benefit structures and contribution rates depending on whether the employee is a KPERS 1, KPERS 2, or KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009. KPERS 2 members were first employed in a covered position on or after July 1, 2009, and KPERS 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas law established the KPERS member-employee contribution rate of 6% of covered salary for KPERS 1, KPERS 2, and KPERS 3 members. Member contributions are withheld by their employer and paid to KPERS according to the provisions of Section 414(h) of the Internal Revenue Code.

State law provides that the employer contribution rates for KPERS 1, KPERS 2, and KPERS 3 be determined based on the results of each annual actuarial valuation. Kansas law sets a limitation on annual increases in the employer contribution rates. The actuarially determined employer contribution rate and the statutory contribution rate (not including the 1% contribution rate for the Death and

Note 5: Defined Benefit Pension Plan (continued)

Disability Program) was 13.88% and 13.11% respectively, for the fiscal year ended June 30, 2023. The actuarially determined employer contribution rate and the statutory contribution rate was 13.38% and 12.57% for the fiscal year ended June 30, 2024.

The 2015 Legislature passed and the Governor approved Senate Bill 228 authorizing the issuance of $1.0 billion in pension obligation bonds to fund a portion of the School-Group's unfunded actuarial liability. The bonds were successfully issued in August 2015 and the proceeds transferred to the System.

The 2021 Legislature passed House Bill 2405, which authorizes the State of Kansas to issue pension obligation bonds, series 2021K, net proceeds of $500 million to fund a portion of the School-Group's unfunded actuarial liability. The bond proceeds were received by KPERS on August 26, 2021.

The 2022 Legislature passed Senate Bill 421, which authorized the State of Kansas to transfer $1.125 billion from the State General Fund directly to KPERS in Fiscal Years 2022 and 2023. The first $253.9 million paid off outstanding accounts receivable for KPERS-School employer contributions withheld in Fiscal Year 2017 and Fiscal Year 2019 while the remaining $871.1 million was applied to the KPERS-School unfunded actuarial liability. In Fiscal Year 2022, $600 million was transferred in May/June 2022.

In addition, Senate Bill 421 authorizes two additional transfers in Fiscal Year 2023 which totaled $271.1 million. The first transfer of $146.1 million was received on August 1, 2022. The second transfer of $125 million was received on December 1, 2022.

The State of Kansas is required to contribute the statutory required employer's share except for retired USD 241 employees. USD 241 is responsible for the employer's portion of the cost for retired USD 241 employees. USD 241 received and remitted amounts equal to the statutory contribution rate, which totaled $240,360 for the year ended June 30, 2024.

Net Pension Liability. At June 30, 2024, USD 241's proportionate share of the collective net pension liability reported by KPERS was $2,143,667. The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2022, which was rolled forward to June 30, 2023. USD 241's proportion of the net pension liability was based on the ratio of USD 241's contributions to KPERS, relative to the total employer and non-employer contributions of the State/School subgroup within KPERS for the fiscal year ended June 30, 2023. Since the KMAAG regulatory basis of accounting does not recognize long-term debt, this liability is not reported in these financial statements.

Note 5: Defined Benefit Pension Plan (continued)

The complete actuarial valuation report including all actuarial assumptions and methods, and the report on the allocation of the KPERS collective net pension liability to all participating employers are publically available on the website at www.kpers.org or can be obtained as described above.

Note 6: Contingencies

In the normal course of operations, USD 241 participates in various federal and state grant programs. The grant programs are often subject to additional audits by agents of the granting agency, the purpose of which is to ensure compliance with the specific conditions of the grant. Any liability for reimbursements which may arise as a result of these audits cannot be reasonably determined at this time, although it is believed the amount, if any, would not be material.

Note 7: Risk Management

USD 241 is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. USD 241 has been unable to obtain workers compensation insurance at a cost it considered to be economically justifiable. For this reason, USD 241 joined together with other school districts in the State to participate in the Kansas Association of School Boards Workers Compensation Fund, Inc., a public risk pool currently operating as a common risk management and insurance program for participating members.

Note 7: Risk Management (continued)

USD 241 pays an annual premium to Kansas Association of School Boards Workers Compensation Fund, Inc. for its workers compensation insurance coverage. The agreement to participate provides that the Kansas Association of School Boards Workers Compensation Fund, Inc. will be self-sustaining through member premiums and will reinsure through commercial companies for claims in excess of certain limits for each insured event. Additional premiums may be due if total claims for the pool are different than what has been anticipated by Kansas Association of School Boards Workers Compensation Fund, Inc. management.

USD 241 continues to carry commercial insurance for all other risks of loss, including property, liability, inland marine, automobile, linebacker, health, and surety insurance coverage. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

Note 8: Interfund Transfers

Operating transfers are as follows:

From	To	Statutory Authority	Amount
General	At Risk (K-12)	72-5167	$131,270
General	Capital Outlay	72-5167	61,624
General	Professional Development	72-5167	5,000
General	Food Service	72-5167	20,000
General	Special Education	72-5167	100,238
Supp. General	At Risk (K-12)	72-5143	39,387
Supp. General	Bilingual	72-5143	1,043
Supp. General	Food Service	72-5143	10,000
Supp. General	Special Education	72-5143	113,588
Total			$482,150

Note 9: Compliance with Kansas Statutes

Contrary to the provisions of K.S.A. 79-2935, expenditures in the Bilingual fund exceeded the adopted budget of expenditures for the 2024 fiscal year.

Note 10: Other Post Employment Benefits

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), USD 241 makes health care benefits available to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured. There is no cost to USD 241 under this program.

Note 11: Evaluation of Subsequent Events

The organization has evaluated subsequent events through February 10, 2025, the date which the financial statement was available to be issued.

Note 12: Long-Term Debt

Changes in long-term liabilities for the District for the year ended June 30, 2024, were as follows:

Issue	Interest Rates	Date of Issue	Amount of Issue	Date of Final Maturity	Balance Beginning of Year	Additions	Reductions/ Payments	Balance End of Year	Interest Paid
General Obligation Bonds					$ -	$ -	$ -	$ -	$ -
Capital Leases Payable					-	-	-	-	-
Total Capital Leases Payable					$ -	$ -	$ -	$ -	$ -
Total Long-Term Debt					$ -	$ -	$ -	$ -	$ -

Note 12: Long-Term Debt Continued

Current maturities of long-term debt and interest for the next five years and in five year increments through maturity are as follows:

Issue	06/30/2025	06/30/2026	06/30/2027	06/30/2028	06/30/2029	2030 - 2034	2035 - 2039	Total
