

2000 MISSOURI WITHHOLDING TAX FORMULA

STEP 1—USING ANNUAL AMOUNTS

1. **GROSS INCOME** — Determine the employee's total wages for the payroll period. Multiply this amount by the number of payroll periods you have in a year. The result is the employee's annual wage. (Multiply by: 260 if you pay daily; 52 if you pay weekly; 26 if you pay bi-weekly; 24 if you pay semi-monthly; 12 if you pay monthly.)
2. **STANDARD DEDUCTION** — Annual amount is: \$4,400 if employee is single; \$3,675 if employee is married and spouse works; \$7,350 if employee is married and spouse does not work; \$6,450 if employee's filing status is Head of Household.
3. **MO W-4 ALLOWANCES** — Annual amount is: \$1,200 for the first allowance and \$1,200 for each additional allowance if employee is **single or married**; \$3,500 for the first allowance and \$1,200 for the **fifth** allowance and each additional allowance thereafter if the employee's filing status is **Head of Household**. (Do not figure a deduction for the second, third or fourth allowances if the filing status is Head of Household. These allowances are to be used only in conjunction with the withholding tax tables and **not** with the withholding tax formula.)
4. **FEDERAL WITHHOLDING** — Determine the amount of the employee's total federal income tax withheld for the payroll period. Multiply this amount by the number of payroll periods you have in a year. The result is the employee's annual federal income tax withheld. **Effective January 1,**

1994, an individual's federal income tax deduction is limited to \$5,000 (\$10,000 if a combined return). These limitations should be applied on an aggregate basis. (Multiply by: 260 if you pay daily; 52 if you pay weekly; 26 if you pay bi-weekly; 24 if you pay semi-monthly; or 12 if you pay monthly.)

5. **MISSOURI TAXABLE INCOME** — Subtract the total annual amounts of numbers 2, 3 and 4 from the total annual gross income of number 1. The result is the employee's Missouri taxable income.

STEP 2

1. **MISSOURI WITHHOLDING TAX** — Multiply the employee's Missouri taxable income by the applicable annual payroll period rate. Begin at the lowest rate and accumulate the total withholding amount for each rate. The result is the employee's annual Missouri withholding tax.
2. **MISSOURI WITHHOLDING TAX PER PAYROLL PERIOD** — Divide the employee's annual Missouri withholding amount by: 260 if you pay daily; 52 if you pay weekly; 26 if you pay bi-weekly; 24 if you pay semi-monthly; 12 if you pay monthly. The result is the employee's Missouri withholding tax per pay period.
