### **Independent Auditor's Report**

We have audited the accompanying summary statement of receipts, expenditures, and unencumbered cash - regulatory basis of Unified School District No. 481 (the District), as of and for the year ended June 30, 2020 and the related notes to the financial statement which collectively comprise the District's basic financial statement as listed in the table of contents.

#### **Management's Responsibility for the Financial Statement**

Management is responsible for the preparation and fair presentation of this financial statement in accordance with the *Kansas Municipal Audit and Accounting Guide* as described in Note 1 to meet the financial reporting requirements of the State of Kansas; this includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on this financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the *Kansas Municipal Audit and Accounting Guide*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on the auditor's judgment, including assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles**

As described in Note 1 of the financial statement, the financial statement is prepared by the District to meet the requirements of the State of Kansas on the basis of the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide*, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

**Adverse Opinion on U.S. Generally Accepted Accounting Principles**

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statement referred to above does not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the District as of June 30, 2020, or changes in financial position or cash flows thereof for the year then ended.

**Opinion on Regulatory Basis of Accounting**

In our opinion, the financial statement referred to above presents fairly, in all material respects, the aggregate cash and unencumbered cash balance of the District as of June 30, 2020, and the aggregate receipts and expenditures for the year then ended in accordance with the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide* described in Note 1.

**Report on Regulatory-Required Supplementary Information**

Our audit was conducted for the purpose of forming an opinion on the summary statement of receipts, expenditures, and unencumbered cash - regulatory basis (basic financial statement) as a whole. The summary of expenditures-actual and budget - regulatory basis, individual fund schedules of receipts and expenditures - actual and budget - regulatory basis, schedule of receipts and expenditures - regulatory basis - agency funds and schedule of receipts, expenditures and unencumbered cash - activity funds - regulatory basis are presented for analysis and are not a required part of the basic financial statement, however are required to be presented under the provisions of the *Kansas Municipal Audit and Accounting Guide*.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statement. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statement or to the basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statement as a whole, on the basis of accounting described in Note 1.

**Report on Summarized Comparative Information**

The June 30, 2019 actual column presented in the individual fund schedules of receipts and expenditures (Schedule 2A as listed in the table of contents) is also presented for comparative analysis and is not a required part of the June 30, 2020 basic financial statement upon which we rendered an unmodified opinion - regulatory basis on February 5, 2021. The June 30, 2019 basic financial statement and our accompanying report are not presented herein, but are available in electronic form from the web site of the Kansas Department of Administration at the following link <http://da.ks.gov/ar/muniserv/>. Such prior year comparative information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the prior year basic financial statement. The prior year comparative information was subjected to the auditing procedures applied in the audit of the prior year basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the prior year basic financial statement or to the prior year basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the prior year comparative information is fairly stated in all material respects in relation to the prior year basic financial statement as a whole, on the basis of accounting described in Note 1.

**NOTES TO FINANCIAL STATEMENT**  
June 30, 2020

**Note 1: Summary of Significant Accounting Policies**  
**Financial Reporting Entity**

Unified School District No. 481, White City, Kansas (the District) is a municipal corporation governed by an elected seven-member board. This financial statement presents the District. There are no related municipal entities presented.

**Fund Descriptions**

The accounts of the District are organized and operated on the basis of funds, which are used to record the District's financial transactions. A fund is defined as an independent fiscal and accounting entity with a self-balancing set of accounts. Cash and other financial resources are recorded together with all related expenditures. A fund is used to segregate specific activities and for the purpose of attaining certain objectives in accordance with special regulations, restrictions, or limitations. The following types of funds comprise the financial activities of the District:

**Governmental Funds**

**General Fund** is used to account for all unrestricted resources except those required to be accounted for in another fund.

**Special Purpose Funds** are used to account for the proceeds of specific revenue sources (other than major capital projects and tax levies for long-term debt) that are restricted by law or administrative action to expenditure for specified purposes.

**Bond and Interest Fund** is used to account for the accumulation of resources for and the payment of interest and principal on general long-term debt.

**Trust Funds** are used to report assets held in trust for the benefit of the municipal financial reporting entity.

**Agency Funds** are used to report assets held by the District in a purely custodial capacity.

**Basis of Presentation**

**Regulatory Basis of Accounting and Departure from Accounting Principles Generally Accepted in the United States of America** - The *Kansas Municipal Audit and Accounting Guide* (KMAAG) regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balances on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis revenues and regulatory basis expenditures for the fiscal year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligation against cash. The KMAAG regulatory basis does not recognize capital assets, long term debt, accrued receivables and payables, or any other assets, liabilities or deferred inflows or outflows, other than those mentioned above.

The District has approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirement for application of generally accepted accounting principles and allowing the municipality to use the regulatory basis of accounting.

**Note 1: Summary of Significant Accounting Policies (Continued)**  
**Budgetary Information**

Kansas statutes require that an annual operating budget be legally adopted for the general fund, special purpose funds (unless specifically exempted by statute) and bond and interest funds. The statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

1. Preparation of the budget for the succeeding twelve month period on or before August 1 of each year.
2. Publication in a local newspaper of the proposed budget and notice of public hearing on the budget on or before August 5.
3. Public hearing on or before August 15, but at least ten days after publication of notice of hearing.
4. Adoption of the final budget on or before August 25.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in revenue other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication the hearing may be held and the governing body may amend the budget at that time. There were no such amendments this year.

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison statements are presented for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

All legal annual operating budgets are prepared using the regulatory basis of accounting, in which revenues are recognized when cash is received and expenditures include disbursements, accounts payable, and encumbrances, with disbursements being adjusted for prior year's accounts payable and encumbrances. Encumbrances are commitments by the municipality for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. Any unused budgeted expenditure authority lapses at year-end.

A legal operating budget is not required for capital projects funds, trust funds, and the following special purpose funds:

Contingency Reserve Fund	District Activity Funds
Textbooks and Student Materials	

Spending in funds which are not subject to the legal annual operating budget requirement is controlled by federal regulations, other statutes, or by the use of internal spending limits established by the District.

**Property Taxes**

Property taxes are levied by the Kansas counties in which the School District resides on November 1 and are payable in two installments on December 20 and May 10 of the subsequent year. The counties collect and distribute in the succeeding year all property taxes collected for the District.

**UNIFIED SCHOOL DISTRICT NO. 481**  
White City, Kansas  
**NOTES TO FINANCIAL STATEMENT (CONTINUED)**  
June 30, 2020

**Note 2: Deposits and Investments**

K.S.A. 9-1401 establishes the depositories which may be used by the District. The statute requires banks eligible to hold the District's funds have a main or branch bank in the county in which the District is located and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. The District has no other policies that would further limit interest rate risk.

K.S.A. 12-1675 limits the District's investment of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions, U.S. government securities; temporary notes; no-fund warrants, repurchase agreements and the Kansas Municipal Investment Pool. The District has no investment policy that would further limit its investment choices.

*Concentration of credit risk* - State statutes place no limit on the amount the District may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405.

*Custodial credit risk-deposits* - Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. State statutes require the District's deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas District, or the Federal Home Loan Bank of Topeka, except during designated "peak periods" when required coverage is 50%. The District did not utilize peak periods. All deposits were legally secured at June 30, 2020.

At June 30, 2020, the District's carrying amount of deposits, including certificates of deposits, was \$1,815,433 and the bank balance was \$1,927,365. The difference between the carrying amount and the bank balance is outstanding checks and deposits in transit. The bank balance was held by three banks resulting in a concentration of credit risk. Of the bank balance, \$650,000 was covered by the FDIC, \$855,583 was collateralized with securities held by the pledging financial institution's agents in the District's name and \$421,782 was collateralized with an irrevocable letter of credit with the Federal Home Loan Bank of Topeka.

**Note 3: Risk Management**

The District is exposed to various risks of loss related to torts; theft of, damage to, and destructions of assets; errors and omission; injuries to employees; and natural disasters. These risks are covered by commercial insurance purchased from independent third parties. Insurance claims have not exceeded commercial insurance coverage for the past three years. There were no significant reductions in insurance coverage from coverage in prior years.

**Note 4: Contingencies**

The District receives significant financial assistance from numerous federal and state governmental agencies in the form of grants and state pass through aid. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material effect on the financial statement of the District at June 30, 2020.

**Note 5: In-Substance Receipt in Transit**

The District received \$105,032 subsequent to June 30, 2020 and as required by K.S.A. 72-5135(d), the receipt was recorded as an in-substance receipt in transit and included as a receipt for the year ended June 30, 2020.

**UNIFIED SCHOOL DISTRICT NO. 481**  
White City, Kansas  
**NOTES TO FINANCIAL STATEMENT (CONTINUED)**  
June 30, 2020

**Note 6: Defined Benefit Pension Plan**

**Plan Description**

The District participates in the Kansas Public Employees Retirement System (KPERs), a cost-sharing multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, et seq. Kansas law establishes and amends benefit provisions. KPERs issues a publicly available financial report that includes financial statements and required supplementary information. KPERs' financial statements are included in its Comprehensive Annual Financial Report which can be found on the KPERs website at [www.kpers.org](http://www.kpers.org) or by writing to KPERs (611 South Kansas, Suite 100, Topeka, KS 66603) or by calling 1-888-275-5737.

**Contributions**

K.S.A. 74-4919 and K.S.A. 74-49,210 establish the KPERs member-employee contribution rates. KPERs has multiple benefit structures and contribution rates depending on whether the employee is a KPERs 1, KPERs 2 or KPERs 3 member. KPERs 1 members are active and contributing members hired before July 1, 2009. KPERs 2 members were first employed in a covered position on or after July 1, 2009 and KPERs 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas law established the KPERs member-employee contribution rate of 6% of covered salary for KPERs 1, KPERs 2 and KPERs 3 members. Member contributions are withheld by their employer and paid to KPERs according to the provisions of section 414(h) of the Internal Revenue Code.

State law provides that the employer contribution rates for KPERs 1, KPERs 2 and KPERs 3 be determined based on the results of each annual actuarial valuation. Kansas law sets a limitation on annual increases in the employer contribution rates. The actuarially determined employer contribution rate and the statutory contribution rate (not including the 1% contribution rate for the Death and Disability Program) was 14.59% and 13.21%, respectively, for the fiscal year ended June 30, 2019. The actuarially determined employer contribution rate and the statutory contribution rate was 16.15% and 14.41% for the fiscal year ended June 30, 2020.

Per 2017 Senate Substitute for House Bill 2052, Section 37(a), state general fund employer contributions to KPERs were decreased by \$64.13 million for the fiscal year ended June 30, 2017. Section 43(17) of the bill also stipulated that repayments of the reduced contributions are to be amortized over twenty years at a level dollar amount commencing in fiscal year 2018. The level dollar amount was computed to be \$6.4 million dollars per year. The first year payment of \$6.4 million was received in July 2017 and appropriations for fiscal year 2018 were made for the State/School group at the statutory contributions rate of 12.01% for that year.

Per 2017 Senate Substitute for House Bill 2002, Section 51(a), state general fund employer contributions to KPERs were decreased by \$194.0 million for the fiscal year ended June 30, 2019. Section 56(19) of the bill also stipulates that repayments of the reduced contributions are to be amortized over twenty years at a level dollar amount commencing in fiscal year 2020. The level dollar amount was computed to be \$19.4 million per year.

2018 House Substitute for Senate Bill 109 provided for additional funding for KPERs School group. A payment of \$56 million was paid in fiscal year 2018. This bill also authorized a payment of \$82 million in fiscal year 2019.

2019 Senate Bill 9 authorized a payment of \$115 million for the KPERs School group.

The State of Kansas is required to contribute the statutory required employer's share except for retired District employees. The District is responsible for the employer's portion of the cost for retired District employees. The District received and remitted amounts equal to the statutory contribution rate, which totaled \$337,342 for the year ended June 30, 2020.

**Net Pension Liability**

At June 30, 2020, the District's proportionate share of the collective net pension liability reported by KPERs was \$2,885,765. The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2018, which was rolled forward to June 30, 2019. The District's proportion of the net pension liability was based on the ratio of the District's contributions to KPERs, relative to the total employer and non-employer contributions of the State/School subgroup within KPERs for the fiscal year ended June 30, 2019. Since the KMAAG regulatory basis of accounting does not recognize long-term debt, this liability is not reported in these financial statements.

The complete actuarial valuation report including all actuarial assumptions and methods, and the report on the allocation of the KPERs collective net pension liability to all participating employers are publicly available on the website at [www.kpers.org](http://www.kpers.org) or can be obtained as described above.

**Note 7: Other Long-Term Obligations from Operations**

***Other Post-Employment Benefits***

As provided by K.S.A. 12-5040, the District allows retirees to participate in the group health insurance plan. While each retiree pays the full amount of the applicable premium, conceptually, the District is subsidizing the retirees because each participant is charged a level of premium regardless of age. However, the cost of this subsidy has not been quantified in these financial statements.

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the District makes health care benefits available to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured. There is no cost to the District under this program.

***Early Retirement Plan***

The District provides a retirement program for certain eligible certified personnel. Eligibility requirements and benefit amounts are described more fully in the District's negotiated agreement. The retirement program allows eligible employees in the District to retire with additional benefits as a measure of appreciation for their services to the District. Those eligible under this program may receive benefits for up to four years. These benefits are financed by the District on a pay-as-you-go basis. An estimate has not been made of the total amount of post-employment benefits of the District or reported in this financial statement. As of April 1, 2018, this retirement plan was phased out.

***403(b) Retirement Plan***

The District established an employer funded 403(b) retirement plan starting with the 2016 - 2017 school year. Eligibility requirements and benefit amounts are described more fully in the District's negotiated agreement. These benefits are financed by the District on a pay-as-you-go basis. An estimate has not been made of the total amount of post-employment benefits of the District or reported in this financial statement.

***Vacation and Temporary Leave***

The District provides vacation leave for the classified twelve month employees. Each entitled employee receives one week of leave after one year of employment; two weeks per year after two years and up to ten years of employment; and three weeks per year after ten years of employment. Unused vacation leave may be cumulative up to a maximum of fifteen days at the end of each school year.

Temporary leave is defined as absence from duties for illness, bereavement, or personal business. Temporary leave is provided for most District employees. Certain employees receive twelve days of temporary leave annually and can carryover up to sixty days to the next year. Classified employees receive one day per month employed. Full-time employees can accumulate up to a maximum of fifty days at the end of the year and part-time employees can accumulate up to thirty-eight days.

No estimate has been made of the total amounts of accumulated leave nor has any amount been reported or disclosed in this financial statement.

**Note 8: Section 125 Cafeteria Plan**

The District maintains an Internal Revenue Code Section 125 plan "cafeteria plan." The amount of salary to be reduced shall not exceed the sum authorized by the Internal Revenue Code. The District contributes \$3,960 annually for full-time certified personnel to be used for health coverage. For all other employees, the benefit is prorated. If an employee chooses to not be covered under the health coverage, they lose this benefit. Options available for salary reduction include, but are not limited to: health insurance, cancer/intensive care insurance, salary protection insurance, childcare/medical reimbursement, and group term life insurance.
