INDEPENDENT AUDITORS' REPORT

To the County Commission
Barber County, Kansas
Medicine Lodge, Kansas

Adverse and Unmodified Opinions

We have audited the accompanying fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances of **Barber County, Kansas**, as of and for the year ended December 31, 2025 and the related notes to the financial statement.

Adverse Opinion on U.S. Generally Accepted Accounting Principles
In our opinion, because of the significance of the matters discussed in the Basis for Adverse and Unmodified Opinions section of our report, the accompanying financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the County as of December 31, 2025, or changes in financial position and cash flows thereof for the year then ended.

Unmodified Opinion on Regulatory Basis of Accounting
In our opinion, the accompanying financial statement referred to above presents fairly, in all material respects, the aggregate cash and unencumbered cash balance of the County as of December 31, 2025, and the aggregate receipts and expenditures for the year then ended in accordance with the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide* described in Note 1.

Basis for Adverse and Unmodified Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the *Kansas Municipal Audit and Accounting Guide*. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statement section of our report. We are required to be independent of the County, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our adverse and unmodified audit opinions.

Matter Giving Rise to Adverse Opinion on U.S. Generally Accepted Accounting Principles
As discussed in Note 1 of the financial statement, the financial statement is prepared by the County on the basis of the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide*, which is a basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Responsibilities of Management for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with the *Kansas Municipal Audit and Accounting Guide* as described in Note 1; this includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

In preparing the financial statement, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statement

Our objectives are to obtain reasonable assurance about whether the financial statement as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statement.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statement, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statement.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Barber County, Kansas has established a uniform system of accounting maintained to reflect compliance with the applicable laws of the State of Kansas. The accompanying financial statement is presented to conform to the cash basis and budget laws of the State of Kansas, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The following is a summary of such significant policies.

Financial Reporting Entity

The County is a municipal corporation governed by an elected three-member commission. This financial statement presents the County (the municipality) and its related municipal entities, Barber County Rural Fire District No. 1 and Barber County Public Building Commission, shown below. The related municipal entities are included in the County's reporting entity because they were established to benefit the County and/or its constituents. This financial statement does not include the related municipal entity, Barber County Extension Council, shown below.

Barber County Rural Fire District No. 1

The Fire District operates to provide fire protection for the County. The Fire District can sue and be sued, and can buy, sell, or lease rental property. The County annually levies a tax for the Fire District. The governing body of the Fire District is appointed by the County Commission.

Barber County Public Building Commission

Barber County Public Building Commission is a municipal corporation of the State of Kansas under the authority of K.S.A. 12-1757 *et seq.* and Charter Resolution Nos. 2008-10 and 2010-07 of Barber County. The Commission has been organized by the governing body of Barber County for the purposes of acquiring a site or sites for constructing, reconstructing, equipping and furnishing, or purchasing or otherwise acquiring, a building or buildings or other facilities of a revenue producing character.

Barber County Extension Council

Barber County Extension Council provides services in such areas as agriculture, home economics, and 4-H clubs, to all persons in the County. The Council is an elected four-member executive board. The County annually provides significant operating subsidies to the Council. Unaudited financial statements can be obtained by contacting the extension council.

Basis of Presentation – Fund Accounting

The accounts of the County are organized and operated on the basis of funds. In governmental accounting, a fund is defined as an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance related legal and contractual provisions. The minimum number of funds is maintained consistent with legal and managerial requirements.

The following types of funds comprise the financial activities of the County for the year ended December 31, 2025.

Regulatory Basis Fund Types

General Fund – the chief operating fund. Used to account for all resources except those required to be accounted for in another fund.

Special Purpose Fund – used to account for the proceeds of specific tax levies and other specific revenue sources (other than Capital Project and tax levies for long-term debt) that are intended for specified purposes.

Business Fund – fund financed in whole or in part by fees charged to users of the goods or services (enterprise and internal service funds).

Trust Fund – fund used to report assets held in trust for the benefit of the municipal financial reporting entity (i.e. pension funds, investment trust funds, private purpose trust funds which benefit the municipal reporting entity, scholarship funds, etc.).

Agency Fund – fund used to report assets held by the municipal reporting entity in a purely custodial capacity (payroll clearing fund, county treasurer tax collection accounts, etc.).

Basis of Accounting

Regulatory Basis of Accounting and Departure from Accounting Principles Generally Accepted in the United States of America. The KMAAG regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis receipts and regulatory basis expenditures for the fiscal year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligation against cash. The KMAAG regulatory basis does not recognize capital assets, long-term debt, accrued receivables and payables, or any other assets, liabilities or deferred inflows or outflows, other than those mentioned above.

The County has approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirement for application of generally accepted accounting principles and allowing the County to use the regulatory basis of accounting.

Reimbursements

The County records reimbursable expenditures in the fund that makes the disbursement and records reimbursements as a receipt to the fund that receives the reimbursement. For purposes of budgetary comparisons, the expenditures are properly offset by the reimbursements under KMAAG regulatory basis of accounting.

NOTE 2 – BUDGETARY INFORMATION

Kansas statutes require that an annual operating budget be legally adopted for the general fund, special purpose funds (unless specifically exempted by statute), bond and interest funds, and business funds. Although directory rather than mandatory, the statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

a. Preparation of the budget for the succeeding calendar year on or before August 1st.

b. Publication in local newspaper on or before August 5th of the proposed budget and notice of public hearing on the budget.

c. Public hearing on or before August 15th, but at least 10 days after publication of notice of hearing.

d. Adoption of the final budget on or before August 25th.

If the County is holding a revenue neutral rate hearing, the budget timeline for the public hearing is adjusted to no sooner than August 20th and no later than September 20th, but at least ten days after all statutory notification and publication requirements have been met. Municipal budgets requiring a hearing to exceed the revenue neutral rate should be adopted on or before October 1st but may not be adopted prior to the revenue neutral rate hearing. The County did not hold a revenue neutral rate hearing for this year.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in revenue other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least 10 days after publication, the hearing may be held and the governing body may amend the budget at that time. There was a budget amendment for this year for the Solid Waste Fund.

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison schedules are presented for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

All legal annual operating budgets are prepared using the regulatory basis of accounting, in which revenues are recognized when cash is received and expenditures include disbursements, accounts payable, and encumbrances, with disbursements being adjusted for prior year's accounts payable and encumbrances. Encumbrances are commitments by the County for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. Any unused budgeted expenditure authority lapses at year end.

A legal operating budget is not required for capital project funds, trust funds, and the following special purpose funds: Ambulance Donation Fund, Capital Improvement Fund, Special Highway Improvement Fund, Rescue – Special Equipment Fund, Traffic Diversion Fund, Register of Deeds Technology Fee Fund, EMS Special Fund, Clerk's Technology Fund, Equipment Reserve Fund, Treasurer's Technology Fund, Barber County Public Assist Fund, Sheriff Grant Fund, ROZ Grant Fund, Public Health Grant Fund, Sheriff Memorial Fund, Sheriff Special K9 Fund, and Emergency Management Grant Fund.

Spending in funds which are not subject to the legal annual operating budget requirement is controlled by federal regulations, other statutes, or by the use of internal spending limits established by the governing body.

NOTE 3 – DEPOSITS AND INVESTMENTS

Barber County, Kansas follows the practice of pooling cash and investments of all funds. Each fund's portion of total cash and investments is summarized by fund category in the summary statement of receipts, expenditures and unencumbered cash.

K.S.A. 9-1401 establishes the depositories which may be used by the County. The statute requires banks eligible to hold the County's funds have a main or branch bank in the county in which the County is located, or in an adjoining county if such institution has been designated as an official depository, and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. The County has no other policies that would further limit interest rate risk.

K.S.A. 12-1675 limits the County's investment of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. government securities; temporary notes;

no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The County has no investment policy that would further limit its investment choices.

Concentration of Credit Risk
State statutes place no limit on the amount the County may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and K.S.A. 9-1405.

Custodial Credit Risk – Deposits
Custodial credit risk is the risk that in the event of a bank failure, the County's deposits may not be returned to it. State statutes require the County's deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka, except during designated "peak periods" when required coverage is 50%. The County does not use "peak periods". All deposits were not legally secured at December 31, 2025.

At December 31, 2025, the County's carrying amount of deposits was $26,927,613 and the bank balance was $27,062,439. The bank balance was held by three banks resulting in a concentration of credit risk. Of the bank balance, $13,115,041 was covered by federal depository insurance, $13,888,003 was collateralized with securities held by the pledging financial institutions' agents in the County's name, and $59,395 was uncollateralized.

Custodial Credit Risk – Investments
For an investment, this is the risk that, in the event of the failure of the issuer or counterparty, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State statutes require investments to be adequately secured. The County had no investments at December 31, 2025.

NOTE 4 – INTERFUND TRANSFERS

Interfund transfers within the reporting entity are substantially for the purpose of subsidizing operating functions, funding capital projects and asset acquisitions or maintaining debt service on a routine basis as authorized by Kansas statutes. **Barber County, Kansas'** interfund transfers and regulatory authority for the year ended December 31, 2025 were as follows:

NOTE 5 – LITIGATION

Barber County, Kansas is a party to various legal proceedings which normally occur in governmental operations. These legal proceedings are not likely to have a material financial impact on the affected funds of the County.

NOTE 6 – RISK MANAGEMENT

Barber County, Kansas is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County has been unable to obtain property and liability insurance at a cost it considered to be economically justifiable. For this reason, the County joined together with other counties in the State to participate in Kansas County Association of Multi-Line Pool (KCAMP), a public entity risk pool currently operating as a common risk management and insurance program for 114 participating members.

The County pays an annual premium to KCAMP for its property and liability insurance coverage. The agreement to participate provides that the KCAMP will be self-sustaining through member premiums and will reinsure through commercial companies for claims in excess of $500,000 to $3,000,000 for each insured event. Additional premiums may be due if total claims for the pool are different than what has been anticipated by KCAMP management.

The County has been unable to obtain workers compensation insurance at a cost it considered to be economically justifiable. For this reason, the County joined together with other counties in the State to participate in Kansas Workers Risk Cooperative for Counties (KWORC), a public entity risk pool currently operating as a common risk management and insurance program for 97 participating members.

The County pays an annual premium to KWORC for its workers compensation insurance coverage. The agreement to participate provides that the KWORC will be self-sustaining through member premiums and will reinsure through commercial companies for claims in excess of $850,000 to $1,000,000 for each insured event. Additional premiums may be due if total claims for the pool are different than what has been anticipated by KWORC management.

Settled claims resulting from these risks have not exceeded insurance coverage in any of the past three calendar years.

NOTE 7 – GRANTS AND SHARED REVENUES

Barber County, Kansas participates in numerous state and federal grant programs, which are governed by various rules and regulations for the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent that the County has not complied with the rules and regulations governing the grants, refunds of any money received may be required. In the opinion of the County, any liability for reimbursement, which may arise as the result of the audit, is not believed to be material.

NOTE 8 – HEALTH REIMBURSEMENT ARRANGEMENT

Barber County, Kansas has entered into a Health Reimbursement Arrangement (HRA). The full-time employee benefit is an HRA as defined by Section 105 of the Internal Revenue Code. The HRA plan is funded solely by the employer. The maximum allowance per year is $5,000 for employee only, $10,000 for employee and spouse, employee and children and employee and family. Of this amount on Plan A, the employee is responsible for $2,000 for employee only and $4,000 for employee and spouse, employee and children and employee and family and, on Plan B, the employee is responsible for $2,500 for employee only and $5,000 for employee and spouse, employee and children and employee and family. The County is responsible for the difference. The amount the County paid in HRA reimbursements for both Plan A and Plan B was $143,093 for the year ended December 31, 2025.

NOTE 10 – DEFINED BENEFIT PENSION PLAN

General Information about the Pension Plan

Plan Description
Barber County, Kansas participates in the Kansas Public Employees Retirement System (KPERS), a cost-sharing, multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, et. seq. Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and required supplementary information. KPERS' financial statements are included in its Annual Comprehensive Financial Report which can be found on the KPERS website at www.kspers.gov or by writing to KPERS (611 S Kansas, Suite 100; Topeka, KS 66603) or by calling 1-888-275-5737.

Contributions
K.S.A. 74-4919 and K.S.A. 74-49,210 establish the KPERS member-employee contribution rates. KPERS has multiple benefit structures and contribution rates depending on whether the employee is a KPERS 1, KPERS 2 or KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009. KPERS 2 members were first employed in a covered position on or after July 1, 2009, and KPERS 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas law established the KPERS member-employee contribution rate at 6% of covered salary for KPERS 1, KPERS 2 and KPERS 3 members. Member contributions are withheld by their employer and paid to KPERS according to the provisions of Section 414(h) of the Internal Revenue Code.

State law provides that the employer contribution rates for KPERS 1, KPERS 2 and KPERS 3 be determined based on the results of each annual actuarial valuation. Kansas law sets a limitation on annual increases in the employer contribution rates. The actuarially determined employer contribution rate (not including the 1% contribution rate for the Death and Disability Program) and the statutory contribution rate was 9.71% for the fiscal year ended December 31, 2025. Contributions to the pension plan from the County were $282,442 for the year ended December 31, 2025.

Net Pension Liability

At December 31, 2025, the County's proportionate share of the collective net pension liability reported by KPERS was $2,025,592. The net pension liability was measured as of June 30, 2025, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2024, which was rolled forward to June 30, 2025. The County's proportion of the net pension liability was based on the ratio of the County's contributions to KPERS, relative to the total employer and non-employer contributions of the Local subgroup within KPERS. Since the KMAAG regulatory basis of accounting does not recognize long-term debt, this liability is not reported in this financial statement.

The complete actuarial valuation report including all actuarial assumptions and methods, and the report on the allocation of the KPERS collective net pension liability to all participating employers are publicly

available on the website at www.kspers.gov or can be obtained as described above.

NOTE 11 – OTHER POST EMPLOYMENT BENEFITS

As provided by K.S.A. 12-5040, **Barber County, Kansas** allows retirees to participate in the group health insurance plan. While each retiree pays the full amount of the applicable premium, conceptually, the County is subsidizing the retirees because each participant is charged a level of premium regardless of age. However, the cost of this subsidy has not been quantified in this financial statement.

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the County makes health care benefits available to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured.

As provided by K.S.A.74-4927, disabled members in the Kansas Public Employees Retirement System (KPERS) receive long-term disability benefits and life insurance benefits. The plan is administered through a trust held by KPERS that is funded to pay annual benefit payments. The employer contribution rate is set at 1% for the year ended December 31, 2025.

NOTE 13 – LANDFILL CLOSURE AND POST-CLOSURE COSTS

State and federal laws and regulations require **Barber County, Kansas** to place a final cover on its landfill site when it stops accepting waste and perform certain maintenance and monitoring functions at the site for 30 years after closure. Although closure and post-closure care costs will be paid only near or after the date that the landfill stops accepting waste, the County has a potential liability for a portion of this closure and post-closure care costs in each period based on the landfill capacities used as of each year end. The estimated closure cost is $917,493 and the estimated post-closure cost is $1,244,010. These figures comprise the estimated closure and post-closure cost of $2,161,503. At December 31, 2025, the permit for 2025 identifies that the remaining volume capacity of the site is 3% of the original capacity and that the remaining life of the landfill is 9 years. The County is also required by regulations to provide financial assurance for the closure and post-closure costs. The allowable mechanisms for this financial assurance are as follows: 1) trust fund, 2) surety bond guaranteeing payment or performance, 3) letter of credit, 4) insurance certificate, and 5) a financial test for local governments. The County has elected to use the financial test to provide financial assurance. The County is in compliance with the financial test as of December 31, 2025.

The above figures have been estimated and the potential for change due to inflation or deflation, technology, or applicable laws or regulations, exists to affect the above calculations.
