#### INDEPENDENT AUDITOR'S REPORT

Board of Education Salina Unified School District Number 305 Salina, Kansas

We have audited the accompanying fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances of Salina Unified School District Number 305, Salina, Kansas as of and for the year ended June 30, 2022, and the related notes to the financial statement.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of Salina Unified School District Number 305, Salina, Kansas, as of June 30, 2022, or changes in financial position and cash flows thereof for the year then ended.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the financial statement referred to above presents fairly, in all material respects, the aggregate cash and unencumbered cash balance of the Salina Unified School District Number 305, Salina, Kansas, as of June 30, 2022, and the aggregate receipts and expenditures for the year then ended in accordance with the financial reporting provisions of the Kansas Municipal Audit and Accounting Guide described in Note C.

Basis for Adverse and Unmodified Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS), the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and the *Kansas Municipal Audit and Accounting Guide*. Our responsibility under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statement section of our report. We are required to be independent of Salina Unified School District Number 305 of Salina, Kansas, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our adverse and unmodified audit opinions.

Matters giving Rise to Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note C of the financial statement, the financial statement is prepared by Salina Unified School District Number 305 of Salina, Kansas to meet the requirements of the State of Kansas on the basis of the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide*, which is a basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statement of the variances between the regulatory basis of accounting described in Note C and accounting principles generally accepted in the United States of America, although not reasonably determined, are presumed to be material.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of this financial statement in accordance with the Kansas Municipal Audit and Accounting Guide as described in Note C to meet the financial reporting requirements of the State of Kansas; this includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

In preparing the financial statement, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt Salina Unified School District Number 305 ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### Auditor's Responsibility for the Audit of the Financial Statement

Our objectives are to obtain reasonable assurance about where the financial statement as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from an error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statement.

#### In performing an audit in accordance with GAAS, we:

- 1. Exercise professional judgment and maintain professional skepticism throughout the audit.
- 2. Identify and assess the risks of material misstatement of the financial statement, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement.
- 3. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Salina Unified School District Number 305's internal control. Accordingly, no such opinion is expressed.
- 4. Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimate made by management, as well as evaluate the overall presentation of the financial statement.
- 5. Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Salina Unified School District Number 305 ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain control-related matters that we identified during the audit.

#### Other Matters

#### Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances (basic financial statement) as a whole. The summary of regulatory basis expenditure-actual and budget, individual fund schedules of regulatory basis receipts and expendituresactual and budget, schedule of regulatory basis receipts and expenditures-agency funds (Schedules 1, 2, 3, and 4, as listed in the table of contents) are presented for analysis and are not a required part of the basic financial statement, however are required to be presented under the provisions of the Kansas Municipal Audit and Accounting Guide. The accompanying Schedule of Expenditures of Federal Awards is also presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and is also not a required part of the financial statement. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statement. The information has been subjected to the auditing procedures applied in the audit of the basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statement or to the basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, information is fairly stated, in all material respects, in relation to the basic financial statement as a whole, on the basis of accounting described in Note C.

#### Other reporting required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated September 8, 2022 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that

testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

#### Prior Year Comparative

We also previously audited, in accordance with auditing standards generally accepted in the United States of America, the basic financial statements of Salina Unified School District Number 305 as of and for the year ended June 30, 2021 (not presented herein), and have issued our report dated September 16, 2021, which contained an unmodified opinion on the basic financial statement. The 2021 basic financial statements and accompanying report are not presented herein, but available in electronic form from the web site of the Kansas Department of Administration at the following link http://www.admin.ks.gov/offices//chief-financial-officer/municipal-services. The 2021 actual column (2021 comparative information) presented in the individual fund schedules of regulatory basis receipts and expenditures – actual and budget for the year ended June 30, 2022 (Schedule 2 as listed in the table of contents) is presented for purposes of additional analysis and is not a required part of the basic financial statement. Such 2021 comparative information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 basic financial statement. The 2021 comparative information was subjected to the auditing procedures applied in the audit of the 2021 basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 basic financial statement or to the basic financial statements itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the 2021 comparative information is fairly stated in all material respects in relation to the 2021 basic financial statement as a whole, on the basis of accounting described in Note C.

#### NOTES TO FINANCIAL STATEMENT For the Year Ended June 30, 2022

#### NOTE A. MUNICIPAL FINANCIAL REPORTING ENTITY

Salina Unified School District Number 305 (the District) is a municipal corporation governed by an elected sevenmember commission. This regulatory financial statement presents the District, and does not include the financial statement of any of the related municipal entities. The District does have a related entity, Salina Education Foundation (the Foundation). The Foundation is not audited; however, transactions with the Foundation are disclosed within the notes under related parties.

#### NOTE B. REGULATORY BASIS FUND TYPES

The accounts of the District are organized and operated on the basis of funds. A fund is defined as an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The District could have the following types of funds:

**General Fund** – the chief operating fund. Used to account for all resources except those required to be accounted for in another fund.

Special Purpose Funds – used to account for the proceeds of specific tax levies and other specific revenues sources (other than Capital Project and tax levies for long-term debt) that are intended for specific purposes.

**Bond and Interest Fund** – used to account for the accumulation of resources, including tax levies, transfers from other funds and used to make payments of general long-term debt.

Capital Project Fund — used to account for the debt proceeds and other financial resources to be used for acquisition or construction of major capital facilities or equipment.

**Business Fund** – funds financed in whole or part by fees charged to users of goods or services (i.e. enterprise and internal service funds etc.). The District did not have any business funds for the current year.

Trust fund – funds used to report assets held in trust for the benefit of the municipal financial reporting entity (i.e. pension funds, investment trust funds, private purpose trust funds that benefit the municipal reporting entity, scholarship funds, etc.).

**Agency fund** — funds used to report assets held by the municipal reporting entity in purely a custodial capacity (payroll clearing fund, county treasurer tax collection accounts, etc.).

#### NOTE C. BASIS OF ACCOUNTING

Regulatory Basis of Accounting and departure from Accounting Principles Generally Accepted in the United States of America - The Kansas Municipal Audit and Accounting Guide (KMAAG) regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis revenues and regulatory basis expenditures for the fiscal year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligations against cash. The KMAAG regulatory basis does not recognize capital assets, long-term debt assignment to a fund, accrued receivables and payables, or any other assets, liabilities or deferred inflows or outflows, other than mentioned above.

The District has approved a resolution that it is in compliance with K.S.A. 75-1120a(c), waiving the requirement for application of generally accepted accounting principles and allowing the municipality to use the regulatory basis of accounting.

#### NOTES TO FINANCIAL STATEMENT For the Year Ended June 30, 2022

#### NOTE D. BUDGETARY INFORMATION

Kansas statutes require that an annual operating budget be legally adopted for the general fund, special purpose funds (unless specifically exempted by statute), and bond and interest funds. Although directory rather than mandatory, the statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

- 1. Preparation of the budget for the succeeding calendar year on or before August 1st.
- 2. Publication in local newspaper on or before August 5th of the proposed budget and notice of public hearing on the budget.
- 3. Public hearing on or before August 15th, but at least ten days after publication of notice of hearing.
- 4. Adoption of the final budget on or before August 25th.

The timeline for adoption of the final budget when a revenue neutral hearing is held is on or before September 20th.

The statutes allow the governing body to increase the originally adopted budget for previously unbudgeted increases in regulatory receipts other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication, the hearing may be held and the governing body may amend the budget at that time. There were no such budget amendments for this year.

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison schedules are presented for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

Adjustment to Comply with Legal Max – Unified School Districts should use this line item (for use in the budget column only) to adjust the certified budget to comply with the "Legal Max" budget. The State Board of Education calculates the "Legal Max" budget using enrollment figures. The District's budgeted expenditures are limited to the lower of the published budget or the "Legal Max" budget.

Adjustment for Qualifying Budget Credits – Districts may use this line item for any budgeted fund. The adjustment would be a positive amount. All budget adjustments must be authorized by Kansas statutes. Examples include: expenditure of federal grant monies, gifts and donations, and receipts authorized by law to be spent as if they were reimbursed expenses.

All legal annual operating budgets are prepared using the regulatory basis of accounting in which regulatory receipts are recognized when cash is received and expenditures include disbursements, accounts payable, and encumbrances, with disbursements being adjusted for prior year's accounts payable and encumbrances. Encumbrances are commitments by the municipality for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. Any unused budgeted expenditure authority lapses at year-end.

A legal operating budget is not required for capital project funds, trust and agency funds, and the following special purpose funds:

Contingency Reserve Fund Federal Grant Funds
Health Insurance Fund Gifts and Grant Funds
Textbook Rental Fund Stewart Library Trust

Spending in funds which are not subject to the legal annual operating budget requirements is controlled by federal regulations, other statutes, or by the use of internal spending limits established by the governing board.

#### NOTE E. DEPOSITS AND INVESTMENTS

Cash balances from all funds are combined and invested to the extent available in certificates of deposit and other authorized investments. Earnings from these investments are allocated to designated funds. All investments are stated at costs.

NOTES TO FINANCIAL STATEMENT For the Year Ended June 30, 2022

#### NOTE E. DEPOSITS AND INVESTMENTS - continued

As of June 30, 2022, the District had the following investments and maturities:

	\$_	2,964,310 \$	1,989,268 \$	975,042	

K.S.A. 9-1401 establishes the depositories which may be used by the District. The statute requires banks eligible to hold the District's funds have a main or branch bank in the county or in an adjoining county if such institution has been designated as an official depository, and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the bank to pledge securities for deposits in excess of FDIC coverage. The District has no other policies that would further limit interest rate risk.

K.S.A. 12-1675 limits the District's investment of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. Government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The District has no investment policy that would further limit its investment choices. The rating of the District's investments is note above.

Concentration of credit risk - State statutes place no limit on the amount the District may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405. The District's allocation of investments as of June 30, 2022 is as follows:

	Percentage of
Investments - For Insurance Fund	_Investments
U.S. Treasury Notes	71.03%
Federated Government Obligations	28.97%
	100.00%

### NOTES TO FINANCIAL STATEMENT For the Year Ended June 30, 2022

#### NOTE E. DEPOSITS AND INVESTMENTS - continued

	Percentage of
Investments - For Genral Operations	Investments
U.S. Treasury Bills	33.37%
U.S. Treasury Notes	32.89%
U.S. Treasury Notes	33.73%
•	100.00%

Custodial credit risk – deposits: Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. State statutes require the District's deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka, except during designated "peak periods" when required coverage is 50%. The District had no designated "peak periods" during the year. All bank deposits were legally secured at June 30, 2022.

At June 30, 2022, the carrying amount of the District's bank deposits was \$38,300,044 (which includes petty cash funds) and the bank balance was \$43,222,408. The bank balance was held by four banks reducing concentration risk. The difference between carrying amount and bank balance is outstanding checks and deposits. Of the bank balance, \$533,689 was covered by federal depository insurance and \$42,688,719 was collateralized with securities held by the pledging financial institution's agents in the District's name.

Custodial credit risk – investments: For an investment, this is the risk that, in the event of the failure of the issuer or counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State statutes require investments be adequately secured.

#### NOTE I. OTHER LONG-TERM OBLIGATIONS FROM OPERATIONS

Health Insurance: During the year ended June 30, 2022 employees of the District were covered by the District's medical self-insurance plan ("the plan"). The plan was established October 1, 1998. The District's contribution is \$520 per month for a single policy and \$520 per month for a family policy per employee. All District Employees, at their option, can authorize payroll withholdings to pay non-District provided contributions. Claims are paid by a third party administrator acting on behalf of the District. The plan is documented by contractual agreement.

The administrative contract between the District and the third party administrator is renewable annually and stoploss premiums are included in the contractual provisions. The District was protected against unanticipated catastrophic individual or aggregate loss by stop-loss coverage carried through Blue Cross & Blue Shield of Kansas, a commercial insurer licensed or eligible to do business in Kansas in accordance with Kansas Insurance Code. Stoploss coverage was in effect for individual claims exceeding \$125,000 and with aggregate stop loss insurance at 115% of annualized expected claims.

Incurred but not reported claims: Liabilities include an amount for claims that have been incurred but not reported (IBNR's). Liabilities are reported when it is probable that claims have been incurred and the amount of the liability can be reasonably estimated. Claim liabilities are calculated by the plan administrator and are expected to be liquidated with expendable available financial resources.

Other Post Employment Benefits: As provided by K.S.A. 12-5040, the District allows retirees to participate in the group health insurance plan. While each retiree pays the full amount of the applicable premium, conceptually, the District is subsidizing the retiree's health insurance plan because each participant is charged a level of premium regardless of age. However, the cost of this subsidy has not been qualified in this financial statement.

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the District makes health care benefits available to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. COBRA participants pay 102% of the premium. There is no cost to the District under this program.

NOTES TO FINANCIAL STATEMENT For the Year Ended June 30, 2022

#### NOTE I. OTHER LONG-TERM OBLIGATIONS FROM OPERATIONS - continued

**Compensated Absences:** The District's policy is to recognize the costs of compensated absences when actually paid. Compensated absence policies are available in the staff handbook.

**Death and Disability Other Post Employment Benefits:** As provided by K.S.A. 74-4927, disabled members in the Kansas Public Employees Retirement System (KPERS) receive long-term disability benefits and life insurance benefits. The plan is administered through a trust held by KPERS that is funded to pay annual benefit payments. The employer contribution rate is set at 1% for the year ended June 30, 2022.

#### NOTE J. DEFINED BENEFIT PENSION PLAN

#### General Information about the Pension Plan

*Plan description* - The District participates in the Kansas Public Employees Retirement System (KPERS), a cost-sharing, multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, et seq. Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and required supplementary information. KPERS' financial statements are included in its Comprehensive Annual Financial Report which can be found on the KPERS website at <a href="http://www.kpers.org">http://www.kpers.org</a> or by writing to KPERS (611 S Kansas, Suite 100, Topeka, Kansas 66603) or by calling 1-888-275-5737.

Contributions - K.S.A. 74-4919 and K.S.A. 74-49210 establish the KPERS member-employee contribution rates. KPERS has multiple benefit structures and contribution rates depending on whether the employee is a KPERS 1, KPERS 2, or KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009. KPERS 2 members were first employed in a covered position on or after July 1, 2009 and KPERS 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas law established the KPERS member-employee contribution rate of 6% of covered salary for KPERS 1, KPERS 2 and KPERS 3 members. Member contributions are withheld by their employer and paid to KPERS according to the provision of Section 414(h) of the Internal Revenue Code.

State law provides that the employer contribution rates for KPERS 1, KPERS 2 and KPERS 3 be determined based on the results of each annual actuarial valuation. Kansas law sets a limitation on annual increases in the employer contribution rates. The actuarially determined employer contribution rate statutory contribution rate (not including the 1% contribution rate for the Death and Disability Program) was 15.59% and 14.23%, respectively, for the fiscal year ended June 30, 2020. The actuarially determined employer contribution rate and the statutory contribution rate was 14.83% and 13.33% for the fiscal year ended June 30, 2022.

Senate Substitute for House Bill 2052 authorized the delay of \$64.1 million in fiscal year 2017 contributions. These contributions were set up as a long-term receivable. Payment is scheduled to be made in a series of twenty annual payments of \$6.4 million dollars per year beginning in fiscal year 2018. Senate Substitute for House Bill 2002 authorized the delay of \$194.0 million in fiscal year 2019 contributions. Payment is scheduled to be made in a series of twenty annual payments of \$19.4 million starting in fiscal year 2020.

House Substitute for Senate Bill 109 from the 2018 Legislative session provided for additional funding for the KPERS School Group. A payment of \$56 million was paid in fiscal year 2018. This bill also authorized a payment of \$82 million in fiscal year 2019. The 2019 legislative session authorized an additional fiscal year payment for the KPERS School Group. 2019 Senate Bill 9 authorized a payment of \$115 million for the KPERS School Group. House Substitute for Senate Bill 25 from the 2019 Legislative session authorized additional funding for the KPERS School Group in fiscal year 2020 of \$51 million.

The State of Kansas is required to contribute the statutory required employer's share except for retired District employees. The District is responsible for the employer's portion of the cost for retired District employees. The District received and remitted amounts equal to the statutory contribution rate, which totaled \$10,236,553 for the year ended June 30, 2022.

NOTES TO FINANCIAL STATEMENT For the Year Ended June 30, 2022

#### NOTE J. DEFINED BENEFIT PENSION PLAN - continued

#### Net Pension Liability

At June 30, 2022, the District's proportionate share of the collective net pension liability reported by KPERS was \$75,627,222. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2020, which was rolled forward to June 30, 2021. The District's proportionate share of the net pension liability was based on the ratio of the District's contributions to KPERS, relative to the total employer and non-employer contributions of the State/School subgroup within KPERS for the fiscal year ended June 30, 2021. Since the KMAAG regulatory basis of accounting does not recognize long-term debt, this liability is not reported in this financial statement.

The complete actuarial valuation report including all actuarial assumptions and methods, and the report on the allocation of the KPERS collective net pension liability to all participating employers are publicly available on the website at <a href="http://www.kpers.org">http://www.kpers.org</a> or can be obtained as described above.

#### NOTE K. OTHER RETIREMENT BENEFITS

#### **Defined Contribution Plan**

The District has established a defined contribution pension plan in accordance with the provisions of section 403(b) of the Internal Revenue Code. The District contributes \$1,000 per contract year for each full time, eligible participant into the participant's Employer Paid Account. Contributions are prorated for participants who work less than full time and/or are employed for less than a full contract year. Eligible employees include Certified Teachers, Head Start Teachers and Administrators. Employer paid contributions are subject to a 15-year vesting schedule. Additionally, employees may voluntarily contribute, on a pre-tax basis, from their salary, to their Employee Paid Account.

#### NOTE L. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the District carries commercial insurance. Settlements of claims have not exceeded coverage during the past three fiscal years.

#### NOTE M. OTHER INFORMATION

**Reimbursed Expenses:** The District records reimbursable expenditures in the fund that makes the disbursement and records the reimbursement as a receipt to the fund that receives the reimbursement. For purposes of budgetary comparisons, the reimbursements are shown as adjustments for qualifying budget credits.

Ad Valorem Tax Revenue: The determination of assessed valuation and the collections of property taxes for all political subdivisions in the State of Kansas is the responsibility of the various counties. The County Appraiser's office annually determines assessed valuation and the County Clerk spreads the annual assessment to the taxing units. One-half of the property taxes are due December 20 and distributed to the District by January 20 to finance a portion of the current year's budget. The second half is due May 10 and distributed to the District by June 5th. The District Treasurer draws available funds from the County Treasurer's office at designated times throughout the year.

**Related Party Transactions**: The Salina Education Foundation is a component unit of the District. The Foundation is a not-for-profit organization formed for the education purposes of funding programs, gifts, loans or other assistance for the benefit of the District and its students and employees. During year ended June 30, 2022, the District received funding from the Foundation in the amount of \$39,601. Additionally, the District disbursed \$4,000 to the Foundation.

Funds with a Deficit Unencumbered Cash Balance: Generally, school districts are required by K.S.A. 10-1113 to limit fund expenditures to the available monies in that fund. K.S.A 12-1663, however, provides an exception for those funds which are to be financed by Federal government sources and other grants and gifts. This exception allows these funds to expend in excess of currently available resources with the expectation that the District will be reimbursed for qualifying grant expenditures.

NOTES TO FINANCIAL STATEMENT For the Year Ended June 30, 2022

#### NOTE M. OTHER INFORMATION - continued

The following funds had a deficit balance of unencumbered cash as of June 30, 2022: Federal Head Start, Kansas Head Start, Federal – CARES Act, Title I Low Income, Title II-A Improve Teacher Quality, Title IV Student Support and Academic Enrichment, ESSER I, ESSER II, ESSER III, KDHE COVID Testing, and Kansas Preschool Pilot. Each of these funds are financed by Federal and State governmental agencies and are expecting reimbursement of qualifying grant expenditures which will cover the deficit balances.

*Trust agreement*: The Stewart Library Endowment is an endowment set up by proceeds from LeVoy C. Nelson Estate. According to the agreement with the estate, the District has set up this endowment for the benefit of the Stewart Elementary Library. According to the agreement, the District may use the earnings on the principal (but not the principal) for improvements to the Library.

#### NOTE N. SUBSEQUENT EVENTS

Subsequent Events: The District evaluated subsequent events through September 8, 2022 the date the financial statement was available to be issued.

# Salina Unified School District Number 305 Salina, Kansas

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS For the year ended June 30, 2022

#### NOTE A. BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of Salina Unified School District Number 305 under programs of the federal government for the year ended June 30, 2022. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Salina Unified School District Number 305, it is not intended to and does not present the financial position, changes in net assets or cash flows of the District.

### NOTE B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the regulatory basis of accounting as described in the Kansas Municipal Audit and Accounting Guide (KMAAG). The KMAAG regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis revenues and regulatory basis expenditures for the fiscal year All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligations against cash. The KMAAG regulatory basis does not recognize capital assets, long-term debt assignment to a fund, accrued receivables and payables, or any other assets, liabilities or deferred inflows or outflows, other than mentioned above. Expenditures as reported on the Schedule are recognized under the basis described above and follow the cost principles contained in the Uniform Guidance regarding Cost Principles wherein certain types of expenditures are not allowed or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. Pass-through entity identifying numbers are presented where available.

# NOTE C. NON-CASH ASSISTANCE, INSURANCE AND LOANS

The District did not receive or expend any Federal awards in the form of noncash assistance, insurance, loans or loan guarantees for the year ended June 30, 2022.

#### NOTE D. INDIRECT COST RATES

The District has elected not to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Education Salina Unified School District Number 305 Salina, Kansas

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of Salina Unified School District Number 305, Salina, Kansas, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which comprise the District's regulatory basis financial statements, and have issued our report thereon dated September 8, 2022. The District prepares its financial statement on a regulatory basis of accounting which demonstrates compliance with the *Kansas Municipal Audit and Accounting Guide*, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

#### Report Internal Control over Financial Reporting

In planning and performing our audit of the financial statement, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statement, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in the internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses, as defined above. However, material weaknesses may exist that have not been identified.

#### Report Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

# INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Board of Education Salina Unified School District Number 305 Salina, Kansas

# Report on Compliance for Each Major Federal Program

### Opinion on Each Major Federal Program

We have audited Salina Unified School District Number 305's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of Salina Unified School District Number 305's major federal programs for the year ended June 30, 2022. Salina Unified School District Number 305's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Salina Unified School District Number 305 complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

### Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Salina Unified School District Number 305 and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Salina Unified School District Number 305's compliance with the compliance requirements referred to above.

#### Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Salina Unified School District Number 305's federal programs.

# Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Salina Unified School District Number 305's compliance based on our audit. Reasonable assurance is a high level of assurance but is

not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, Government Auditing Standards, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Salina Unified School District Number 305's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, Government Auditing Standards, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and
  perform audit procedures responsive to those risks. Such procedures include examining, on a test basis,
  evidence regarding Salina Unified School District Number 305's compliance with the compliance
  requirements referred to above and performing such other procedures as we considered necessary in the
  circumstances.
- Obtain an understanding of Salina Unified School District Number 305's internal control over compliance
  relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test
  and report on internal control over compliance in accordance with the Uniform Guidance, but not for the
  purpose of expressing an opinion on the effectiveness of Salina Unified School District Number 305's
  internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

## Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

# SCHEDULE OF FINDINGS AND QUESTIONED COSTS For Year Ended June 30, 2022

#### SUMMARY OF AUDITOR'S RESULTS

Finan	cial	Statements

Prepared in accordance with GAAP:

Adverse

Type of report the auditor issued on whether the financial statement audited was prepared in accordance with regulatory basis:

Unmodified

Internal control over financial reporting

Material weakness(es) identified?
Significant deficiencies identified not considered to be material weaknesses:

No

None reported

Noncompliance material to financial statements noted?

No

#### Federal Awards

Internal control over major programs:

Material weakness(es) identified?
Significant deficiencies identified not considered to be material weaknesses:
Type of auditor's report issued on compliance for major federal programs:

No No

<u>No</u> Unmodified

Any audit findings disclosed that are required to be reported in accordance with 2 CFR 200.516(a)?

No

Identification of major programs:

CFDA Numb Name of Federal Program or Cluster			<u>Amount</u>
U.S. Departs	ment of Education		
84.425	Elementary and Secondary School Emergency Relief (ESSER)	\$	7,325
84.425	ESSER II		5,447,467
84.425	ESSER II - SPED		37,595
84.425	ESSER III	_	119,868
			5,612,255
U.S. Department of Health and Human Services			
Head Sta	art Cluster		
93.575	Early Head Start - Childcare Partnership		526,959
93.558	Temporary Assistance for Needy Families		342,273
	Head Start	_	5,324,237
	Total Cluster		6,193,469

Dollar threshold used to distinguish between Type A and Type B programs:

\$ 750,000

Auditee qualified as a low-risk auditee?

No

Beginning with the year ended June 30, 2016, the criteria for determination of low-risk auditee status was changed by the U.S. Office of Management and Budget (OMB). Specifically, the regulatory basis of accounting prescribed by the State of Kansas does not meet the criteria established by OMB in the Uniform Grant Guidance (UGG). The District continues, however, to meet each of the other criteria for low-risk auditee status.
