Management's Discussion and Analysis
Years ended December 31, 2019 and 2018**

Our discussion and analysis of the financial performance of Memorial Health System provides a narrative overview of the Health System's financial activities for the years ended December 31, 2019 and 2018. The financial statements include the financial activity of the Memorial Health Foundation under the blending method. These statements do not include the activity of Abilene Housing, Inc. (AHI) which is audited by another accounting firm. Activity of AHI can be located in Note R of the financial statements. Please read this analysis in conjunction with the accompanying basic financial statements.

Financial highlights

The Health System's net position decreased by \$852,684 or 15.3% in 2019 and increased by \$786,057 or 16.4% in 2018.

The Health System's total operating revenue decreased in 2019 by \$9,746 or 0.0% and increased by \$3,317,131 or 10.7% in 2018.

The operating revenue of the Health System in 2019 includes a \$491,309, or 1.6 percent increase in net patient service revenue which was offset by a \$501,055 or 15.2 percent decrease in other operating revenue. The decrease in other operating revenue was primarily due to a \$438,760 decrease in 340b drug discount program revenues and a decrease of \$70,634 related to electronic health record incentive revenue.

The Health System also experienced an increase of \$1,746,699 in salary and benefit costs in 2019 as compared to 2018, an increase in expense due to the effect of the actuarial adjustments related to our participation in the KPERS pension and benefit plan of \$545,263 in 2019 as compared to 2018, and had a decrease in supplies and other expenses of \$271,329 in 2019 as compared to 2018.

The above noted amounts are several of the items which affected the decrease in net position in 2019 of \$852,684 as compared to the increase in net position in 2018 of \$786,057. There were many things that were the cause of this decline which we will elaborate on further in our discussion of operating results and the changes in net position.

Using these financial statements

The Health System's financial statements consist of three statements - (1) Statements of Net Position; (2) Statements of Revenues, Expenses, and Changes in Net Position, and (3) Statements of Cash Flows. These financial statements and related notes provide information about the activities of the Health System, including resources held by or for the benefit of the Health System, and resources restricted for specific purposes by contributors, grantors, and indenture agreements.

One of the most important questions asked about the Health System's finances is, "Is the Health System as a whole better or worse off as a result of the year's activities?" The Statements of Net Position and the Statements of Revenues, Expenses, and Changes in Net Position report information about the Health System's resources and its activities in a way that helps answer this question. These statements include all restricted and unrestricted assets and all liabilities using the accrual basis of accounting. For purposes of these two statements, revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the Health System's net position and changes in it. The Health System's net position - the difference between assets and liabilities - may be thought of as one way to measure its financial health, or financial position. Over time, increases or decreases in the Health System's net position are one indicator of whether its financial health is improving or deteriorating. Consideration must also be given to other nonfinancial indicators, such as changes in the Health System's patient base and measures of the quality of service it provides to the community, as well as local economic factors, to assess the overall health of the Health System.

Dickinson County, Kansas d/b/a Memorial Health System
Management's Discussion and Analysis - Continued
Years ended December 31, 2019 and 2018**

The final required statement is the Statements of Cash Flows. This statement reports cash receipts, cash payments, and net changes in cash resulting from operations, investing, and financing activities. It provides answers to such questions as "Where did cash come from?", "What was cash used for?", and "What was the change in cash balances during the reporting period?"

Assets, liabilities, and net position

The Health System's statements of net position as of the end of each of the last three years are summarized as follows:

	<u>2019</u>	<u>2018</u>	<u>2017</u>
Assets			
Current assets	\$ 6,735,811	\$ 7,225,017	\$ 6,272,050
Assets limited as to use	1,776,948	1,753,632	1,809,124
Capital assets, net	18,590,385	19,855,888	21,175,682
Other assets	22,513	22,513	22,184
Other investments	<u>8,489,962</u>	<u>8,349,234</u>	<u>8,233,563</u>
Total assets	<u>35,615,619</u>	<u>37,206,284</u>	<u>37,512,603</u>
Liabilities			
Long-term obligations	19,053,235	20,088,747	21,094,258
Net pension and OPEB liability	11,010,677	10,200,506	10,629,300
Agency funds	22,513	22,513	22,184
Current liabilities	<u>3,034,745</u>	<u>3,038,764</u>	<u>2,880,150</u>
Total liabilities	<u>33,121,170</u>	<u>33,350,530</u>	<u>34,625,892</u>
Net deferred outflows and inflows of resources			
for pension and OPEB plans	1,246,521	588,919	625,019
Deferred outflow on bond refunding	1,292,278	1,431,259	1,570,240
Deferred inflows ad valorem tax revenue	<u>(298,000)</u>	<u>(288,000)</u>	<u>(280,095)</u>
Total net deferred outflows net of deferred inflows of resources	<u>2,240,799</u>	<u>1,732,178</u>	<u>1,915,164</u>
	<u>\$ 4,735,248</u>	<u>\$ 5,587,932</u>	<u>\$ 4,801,875</u>

Cash and invested cash in the current asset category increased by \$202,522 during 2019 and increased by \$174,172 in 2018. Although the cash balance is small for an organization with over \$35,000,000 in assets, significant additional cash is available in other investments and is held in money market accounts, certificates of deposit, and marketable securities and is readily available for day-to-day operating cash flow needs.

Assets whose use is limited and other investments increased by \$164,044 in 2019 and increased by \$60,179 in 2018. The change in these balances is from normal funding and reinvestment of earnings.

**Memorial Hospital of Hospital District #1 of
Dickinson County, Kansas d/b/a Memorial Health System
Management's Discussion and Analysis - Continued
Years ended December 31, 2019 and 2018**

In aggregate, the Health System's unrestricted cash, restricted cash, and investments total \$9,568,866, \$9,225,616, and \$8,935,773 as of December 31, 2019, 2018, and 2017, respectively. This represents 102, 103, and 105 days of average cash expenses on hand, respectively, during each of the years then ended.

The Health System's net patient accounts receivable were 61.2% of current assets as of December 31, 2019, 66.6% of current assets as of December 31, 2018, and 64.2% of current assets as of December 31, 2017. The average number of days in accounts receivable of net patient revenue was 48 days, 57 days, and 53 days as of December 31, 2019, 2018, and 2017, respectively.

The Health System's investment in capital assets was \$18,590,385, \$19,855,888, and \$21,175,682 at the end of 2019, 2018, and 2017. The decrease each year results primarily from depreciation expense exceeding capital assets acquired each year. The Health System invested approximately \$24,000,000 in the facilities over a three-year period from 2012 through 2014. This significant construction and replacement of key equipment has resulted in lower capital purchases in subsequent years as well as the increase in depreciation taken in subsequent years.

The construction project was the largest capital construction project undertaken by the Health System to date. It is the opinion of management that this addition of facilities, renovation of existing facilities, and replacement of key infrastructure items will have a positive impact on providing health care services in the near and long-term future of the Health System. The completion of this project has reduced the average age of facilities of the Health System from 13.6 years at December 31, 2012, to 10.7 years at December 31, 2019, and thus reflecting newer facilities.

The Health System adopted Governmental Accounting Standards Board (GASB) Statement No. 75, "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions" in 2018, and adopted GASB Statement No. 68, "Accounting and Financial Reporting for Pensions" in 2015, both standards revised the accounting and reporting standards related to multi-employer pension plans and other employee benefit obligations associated with our participation in the Kansas Public Employers Retirement System. The following chart shows the annual balances since the inception of adopting these two standards to recognize the Health System's proportionate share of these unfunded liabilities.

Effects of Adopting GASB 75 and 68		
Year	Impact on operating expenses	Pension and OPEB liabilities net of deferred inflows and outflows related to these Plans
2014	\$ (276,614)	\$ 10,592,473
2015	(560,469)	10,193,300
2016	(93,170)	10,100,130
2017	(95,849)	10,004,281
2018	(392,694)	9,611,587
2019	152,569	9,764,156

The Health System's net position decreased by \$852,684 during 2019 or 15.3% and increased during 2018 by \$786,057 or 16.4%. The percentage of total assets financed with net position, or equity, was 13.3%, 15.0%, and 12.8% as of December 31, 2019, 2018, and 2017, respectively.

Dickinson County, Kansas d/b/a Memorial Health System
Management's Discussion and Analysis - Continued
Years ended December 31, 2019 and 2018**

Operating results and changes in net position

The Health System's operating results and changes in net position for each of the last three years are summarized as follows:

	<u>2019</u>	<u>2018</u>	<u>2017</u>
Operating revenues	\$ 34,221,252	\$ 34,230,998	\$ 30,913,867
Actuarial adjustment to pension expense	152,569	(392,694)	(95,849)
Operating expenses (net of actuarial adjustment to pension expense)	<u>35,096,246</u>	<u>33,630,399</u>	<u>32,043,235</u>
Operating income (loss)	(1,027,563)	993,293	(1,033,519)
Interest expense	(789,583)	(820,530)	(1,183,633)
Nonoperating revenues	870,956	555,027	549,745
Provision for impairment of capital assets			(306,726)
Capital grants and contributions	<u>93,506</u>	<u>58,267</u>	<u>10,138</u>
Change in net position	<u>\$ (852,684)</u>	<u>\$ 786,057</u>	<u>\$ (1,963,995)</u>

The first, and most significant, component of the overall change in the Health System's net position is the operating income (loss) – generally, the difference between net patient service revenue and the expenses incurred to perform these services. The Hospital became designated a Critical Access Hospital (CAH) effective December 16, 2005. This classification change increased the total operating revenue due to contractual adjustments being reduced for Medicare related patients.

Net patient service revenue is analyzed as follows:

	<u>2019</u>	<u>2018</u>	<u>2017</u>
Inpatient services	\$ 18,022,652	\$ 18,359,351	\$ 16,143,229
Outpatient services	<u>39,316,044</u>	<u>36,060,097</u>	<u>33,821,841</u>
Gross patient service revenue	<u>57,338,696</u>	<u>54,419,448</u>	<u>49,965,070</u>
Contractual adjustments	23,910,501	21,442,199	20,552,661
Provision for bad debts	1,587,349	1,577,869	1,258,941
Charity care	<u>413,957</u>	<u>463,800</u>	<u>400,805</u>
Net patient service revenue	<u>\$ 31,426,889</u>	<u>\$ 30,935,580</u>	<u>\$ 27,752,663</u>

**Memorial Hospital of Hospital District #1 of
Dickinson County, Kansas d/b/a Memorial Health System
Management's Discussion and Analysis - Continued
Years ended December 31, 2019 and 2018**

Outpatient charges represent 68.6%, 66.3%, and 67.7% of gross patient charges for 2019, 2018, and 2017. The Health System's inpatient services consist of acute care, swing-bed care, inpatient psychiatric services, and nursing facility care services. The Health System has experienced a trend toward more services being performed on an outpatient basis which is consistent with trends in the health care industry.

Inpatient gross charges are impacted by utilization and changes in charge rates. The Health System provided 5,346, 5,376, and 4,914 inpatient acute, swing-bed, and behavioral health inpatient days in 2019, 2018, and 2017. Village Manor, which provides nursing facility care services, had 25,162, 25,913, and 24,376 days of care in 2019, 2018, and 2017. The Hospital also increased its most prevalent acute care room rate by 8.0% and 7.8% effective at the beginning of each calendar year for 2018 and 2017. There were no room rate increases in 2019.

The Health System has agreements with various third-party payors that provide for payments to the Health System at amounts different from its established charge rates. These differences are referred to as contractual adjustments. Contractual adjustments continue to be a significant portion of the reduction in gross patient services revenue and represent 41.7%, 39.4%, and 41.1% of charges for 2019, 2018, and 2017.

The Health System provides care free of charge or at amounts less than its established rates to patients who meet certain criteria under its charity care policy. Charity care write-offs have totaled \$413,957 for 2019, \$463,800 for 2018, and \$400,805 for 2017. There is a growing trend in the health care industry to identify and report the value of charity care provided to patients. Recent enactment of IRS regulation referred to as 501(r) in the past five years has increased the importance of tracking charity care for those patients who are in need of health care services but are unable to pay for those services. The provision for bad debts represented 2.77%, 2.90%, and 2.52% of gross patient service revenue during 2019, 2018, and 2017, respectively. The combined provision for bad debt and charity care write-offs was 3.5%, 3.8%, and 3.3% of gross patient services revenue for 2019, 2018, and 2017, respectively.

Employee salaries and wages increased by \$752,387 or 5.35% during 2018 and increased by \$1,350,129 or 9.10% during 2019. The Health System implemented pay raises commensurate with market conditions for 2018 and 2019 at the beginning of each year.

Employee benefit and supplies and other expenses increased during 2018 by \$1,231,331 or 8.0% and by \$125,241 or 0.8% during 2019.

This financial report is designed to provide a general overview of the Health System's finances and to discuss significant changes in our financial statements. If you have any questions about the report, please contact the Administration Office at the Hospital.

Independent Auditor's Report

The Board of Directors
Memorial Hospital of Hospital District #1
of Dickinson County, Kansas
d/b/a Memorial Health System

We have audited the accompanying financial statements of the business-type activity of Memorial Hospital of Hospital District #1 of Dickinson County, Kansas d/b/a Memorial Health System (the Hospital), as of and for the years ended December 31, 2019 and 2018, and the related notes to the financial statements, which collectively comprise the Hospital's financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the Kansas Municipal Audit and Accounting Guide. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to previously present fairly, in all material respects, the financial position of the business-type activity of Memorial Hospital of Hospital District #1 of Dickinson County, Kansas d/b/a Memorial Health System, as of December 31, 2019 and 2018, and the changes in financial position and cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matter

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 1 through 5 be presented to supplement the financial statements. These standards also require that the pension and other postemployment information on pages 43 through 45 be included to supplement the financial statements. Such information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audits of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

d/b/a Memorial Health System
Notes to Financial Statements
December 31, 2019 and 2018**

Note A - Summary of Accounting Policies

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows.

1. Financial reporting entity

Memorial Hospital of Hospital District #1 of Dickinson County, Kansas d/b/a Memorial Health System (Hospital), is a municipal corporation operating an acute-care hospital located in Abilene, Kansas, with a licensed bed capacity of 25 acute care beds and 10 psychiatric beds and a long-term care facility with a licensed bed capacity of 75 beds. The Hospital also operates a physician clinic located in Abilene, Kansas. The Hospital is governed by an elected five-member Board of Directors.

2. Component units

The Memorial Health Foundation (Foundation) was formed and organized as a Kansas not-for-profit corporation on August 6, 2013. The Foundation is organized for specific health care purposes and is intended to be an auxiliary association and supporting organization for the financial aid and assistance of the Hospital and all of its component or affiliated organizations and other causes and institutions. The Foundation is organized exclusively for charitable, educational, and scientific purposes, including, but not limited to, the sponsorship of specific projects and programs to improve health care services in the geographic area served by the Hospital.

Since the bylaws of the Foundation provide that the Hospital's board will always make up the majority of the Foundation's board and there exists a financial benefit/burden relationship between the Hospital and the Foundation, the Hospital includes the Foundation as a component unit in the Hospital's financial statements using the blended method. All significant intercompany accounts and transactions have been eliminated in the accompanying financial statements.

Abilene Housing, Inc. (AHI), was formed and organized as a Kansas not-for-profit corporation. AHI provides housing for elderly and handicapped persons in a 60-unit apartment project located in Abilene, Kansas, and provides services specifically designed to meet the physical, social, and psychological needs of those individuals. Membership of AHI's Board consists of three members designated by the Hospital Board, one member is a member of the Board of Directors of the Hospital, the Chief Executive Officer of the Hospital, and either the Chief Financial Officer, Chief Operating Officer, or Chief Nursing Officer of the Hospital.

The Hospital is financially accountable for AHI since the Hospital Board appoints AHI's Board. The Hospital does not have access to AHI's resources and is not legally obligated for AHI's long-term debt. Management has chosen to not blend the financial activity of AHI due to immateriality.

Condensed financial statements of AHI are presented in Note R.

3. Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America. Revenues are recognized when earned and expenses and liabilities are recorded when incurred.

Memorial Hospital of Hospital District #1 of Dickinson County, Kansas
d/b/a Memorial Health System
Notes to Financial Statements - Continued
December 31, 2019 and 2018

Note A - Summary of Accounting Policies - Continued

4. Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

5. Cash equivalents

All cash and invested cash include highly liquid investments with an original maturity of three months or less, excluding assets whose use is limited under bond indenture agreements and investments.

6. Patient accounts receivable

The Hospital reports patient accounts receivable for services rendered at net realizable amounts expected to be received from third-party payors, patients, and others. The Hospital provides an allowance for doubtful accounts based upon a review of outstanding receivables, historical collection information, and existing economic conditions.

7. Inventories

Inventories are stated at the lower of cost or net realizable value.

8. Investments in debt and equity securities

Investments in debt and equity securities are carried at fair value. Interest, dividends, and gains and losses, both realized and unrealized, on investments in debt and equity securities are included in nonoperating investment income.

9. Capital assets

Capital assets are stated at cost. Depreciation and amortization of capital assets is provided on the straight-line method over the estimated useful lives of the assets. The estimated lives used are generally in accordance with the guidelines established by the American Hospital Association.

The costs of maintenance and repairs are charged to operating expenses as incurred. The costs of significant additions, renewals, and betterments to depreciable properties are capitalized and depreciated over the remaining or extended estimated useful lives of the item or the properties. Gains and losses on disposition of capital assets are included in nonoperating revenues and expenses.

10. Costs of borrowing

Interest costs incurred on borrowed funds during the period of construction of capital assets are capitalized as a component of the cost of acquiring those assets. Costs incurred in connection with the issuance of long-term debt are expensed in the period incurred.

11. Accrued health insurance claims

The Hospital is partially self-insured for health insurance claims of its employees (Note P). Management estimates a liability for reported and unreported claims incurred as of the end of each reporting period. The estimate is based on known claims and historical claims experience.

**Memorial Hospital of Hospital District #1 of Dickinson County, Kansas
d/b/a Memorial Health System
Notes to Financial Statements - Continued
December 31, 2019 and 2018**

Note A - Summary of Accounting Policies - Continued

Although management believes the estimate for accrued health insurance claims is reasonable, it is possible that actual incurred claims expense may vary significantly from the estimate included in the accompanying financial statements.

12. Deferred outflows and inflows of resources

Deferred outflows of resources represent a consumption of net position that applies to a future period and so will not be recognized as an expense or expenditure until then. Deferred inflows of resources represent an acquisition of net position that applies to a future period and so will not be recognized as revenue until then.

13. Pension and Other Postemployment Benefit (OPEB) plans

The Hospital participates in the Kansas Public Employees Retirement System Plan (KPERs), a cost sharing multiple employer defined benefit pension plan. The Hospital also provides long-term disability benefits to its employees through KPERs. The Hospital uses information provided by KPERs to measure the net pension and OPEB liability, deferred outflows of resources, and deferred inflows of resources of the KPERs pension plan.

14. Net position

Net position is classified in three components. "Net investment in capital assets" consists of capital assets net of accumulated depreciation and reduced by the balances of any outstanding borrowings used to finance the purchase or construction of those assets. "Restricted net position" is the noncapital net position that must be used for a particular purpose, as specified by creditors, grantors, or contributors external to the Hospital including amounts deposited with trustees as required by indenture agreements. "Unrestricted net position" is the remaining net position that does not meet the definition of "net investment in capital assets" or "restricted."

15. Net patient service revenue

Net patient service revenue is reported at established charges with deductions for discounts, charity care, the provision for bad debts, and contractual adjustments, including estimated retroactive adjustments under reimbursement agreements with third-party payors. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods as final settlements are determined.

16. Operating revenues and expenses

The statement of revenues, expenses, and changes in net position distinguishes between operating and nonoperating revenues and expenses. Operating revenues result from exchange transactions associated with providing health care services, which is the Hospital's principal activity. Nonexchange revenues, including taxes, grants, and contributions received for purposes other than capital asset acquisition, are reported as nonoperating revenues. Operating expenses are all expenses incurred to provide health care services, other than financing costs.

**Memorial Hospital of Hospital District #1 of Dickinson County, Kansas
d/b/a Memorial Health System
Notes to Financial Statements - Continued
December 31, 2019 and 2018**

Note A - Summary of Accounting Policies - Continued

17. Charity care

The Hospital provides care to patients who meet certain criteria under its charity care policy without charge or at amounts less than its established rates. Because the Hospital does not pursue collection of amounts determined to qualify as charity care, they are not reported as revenue.

18. Ad valorem taxes

The Hospital receives financial support from ad valorem taxes. Ad valorem taxes are assessed in November of each year and are available for use by the Hospital in the following year.

19. Income taxes

The Hospital is exempt from federal income taxes pursuant to Sections 115 and 501(a) of the Internal Revenue Code. The Foundation is exempt from federal income taxes pursuant to section 501(c)(3).

Note B - Reimbursement Programs

The Hospital has agreements with third-party payors that provide for payments to the Hospital at amounts different from its established charge rates. The amounts reported on the statements of net position as estimated third-party payor settlements consist of the estimated differences between the contractual amounts for providing covered services and the interim payments received for those services. A summary of the payment arrangements with major third-party payors follows:

Medicare - The Hospital is a critical access hospital for purposes of the Medicare program. Inpatient and outpatient acute care services, swing-bed services, and rural health clinic (RHC) services rendered to Medicare beneficiaries are paid under cost reimbursement methodologies.

Geriatric psychology services and skilled nursing services, provided at the Hospital's long-term care facility, are paid based on prospectively determined per diem rates. Physician services, other than RHC services, rendered to Medicare beneficiaries are paid based on a prospectively determined fee schedule.

The Hospital is paid for cost reimbursable items at tentative rates with final settlement determined after submission of annual cost reports by the Hospital and audits or reviews thereof by the Medicare administrative contractor. The Hospital's classification of patients under the Medicare program and the appropriateness of their admission are subject to an independent review by a peer review organization. The Hospital's Medicare cost reports have been audited or reviewed by the Medicare administrative contractor through December 31, 2017.

Medicaid - Hospital and RHC services rendered to all Medicaid program beneficiaries are paid at prospectively determined rates. These rates vary according to a patient classification system that is based on clinical, diagnostic, and other factors.

**Memorial Hospital of Hospital District #1 of Dickinson County, Kansas
d/b/a Memorial Health System
Notes to Financial Statements - Continued
December 31, 2019 and 2018**

Note B - Reimbursement Programs - Continued

Nursing facility services are paid at prospectively determined per diem rates set annually on the basis of cost information from preceding calendar years.

Blue Cross and Blue Shield - All services rendered to patients who are insured by Blue Cross and Blue Shield are paid on the basis of prospectively determined rates per discharge or discounts from established charges.

The Hospital has also entered into payment agreements with certain commercial insurance carriers and preferred provider organizations. The basis for payment to the Hospital under these agreements includes prospectively determined rates per discharge, discounts from established charges, and prospectively determined daily rates.

A summary of gross and net patient service revenue follows:

	<u>2019</u>	<u>2018</u>
Gross patient service revenue	\$57,338,696	\$54,419,448
Adjustments to patient service revenue		
Third-party contractual adjustments, discounts, and allowances	(23,910,501)	(21,442,199)
Provision for bad debts	(1,587,349)	(1,577,869)
Charity care	<u>(413,957)</u>	<u>(463,800)</u>
Net patient service revenue	<u>\$31,426,889</u>	<u>\$30,935,580</u>

Revenue from the Medicare and Medicaid programs accounted for approximately 54 percent and 11 percent, respectively, of the Hospital's net patient service revenue during 2019, and 55 percent and 14 percent, respectively, of the Hospital's net patient service revenue during 2018. Laws and regulations governing the Medicare and Medicaid programs are extremely complex and subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates could change by a material amount in the near term.

Note C - Electronic Health Record Incentive Payments

The American Recovery and Reinvestment Act of 2009 (ARRA) provides for incentive payments under the Medicare and Medicaid programs for certain hospitals and physician practices that demonstrate meaningful use of certified electronic health record (EHR) technology. These provisions of ARRA are intended to promote the adoption and meaningful use of interoperable health information technology and qualified EHR technology.

The Hospital recognizes revenue for EHR incentive payments when the hospital facility and physician practices have attested that they have demonstrated meaningful use of certified EHR technology for the applicable period and complied with the reporting conditions to receive the payments. The demonstration of meaningful use is based upon meeting a series of objectives and varies between hospital facilities and physician practices and between the Medicare and Medicaid programs. Additionally, meeting the objectives in order to demonstrate meaningful use becomes progressively more stringent as its implementation is phased in through stages as outlined by Centers for Medicare & Medicaid Services. The Hospital recognized \$70,634 of revenue for EHR incentive payments during the year ended December 31, 2018. This amount was included in other operating revenues.

**Memorial Hospital of Hospital District #1 of Dickinson County, Kansas
d/b/a Memorial Health System
Notes to Financial Statements - Continued
December 31, 2019 and 2018**

Note C - Electronic Health Record Incentive Payments - Continued

The Hospital incurs both capital expenditures and operating expenses in connection with the implementation of its EHR incentives. The amounts and timing of these expenditures do not directly correlate with the timing of the Hospital's recognition of EHR payments as revenue.

Note D - Assets Whose Use is Limited by Indenture Agreement

Assets whose use is limited by indenture agreement consist of money market mutual funds that are held by a trustee under bond indenture agreements. Amounts that are required for obligations classified as current liabilities are reported in current assets.

Note E - Investments

Investments are summarized as follows:

	<u>2019</u>	<u>2018</u>
Invested cash consisting of bank certificates of deposit, bank savings accounts, and money market mutual funds	\$ 6,900,765	\$ 6,338,000
Common stock at fair value	40,466	36,044
Equity interest in Mobile Clinical Services, Inc.	93,991	160,239
Corporate bonds at fair value	1,443,163	1,804,145
Abilene Community Foundation Endowment fund	<u>11,577</u>	<u>10,806</u>
	<u>\$ 8,489,962</u>	<u>\$ 8,349,234</u>

The Hospital received contributions from an outside trust consisting of common stock and corporate bonds. The outside trustee stipulated that the Hospital board administer the resources created by the contributions separate from public monies held by the Hospital and that the assets be invested with the goal of maximizing the benefit to the Hospital by retaining the securities in their existing form through their maturities and placing the assets in similar high-grade securities in the future. Restrictions on the use of the contributions have been met and the investments are now unrestricted as to their use by the Hospital.

The Hospital has a 25-percent ownership interest in Mobile Clinical Services, Inc. (MCSI). The Hospital's equity in undistributed net earnings of MCSI since acquisition is \$93,991. Nuclear medicine and ultrasound services are provided to the Hospital through arrangements with MCSI. Total fees charged to operating expense for these services were approximately \$46,000 in 2019 and \$47,000 in 2018. Amounts payable to MCSI for these services were insignificant at December 31, 2019 and 2018.

Deferred ad valorem tax revenue is levied in November but not available for expenditure in the current period.

Note H - Long-Term Debt

Long-term debt consists of the following:

	<u>2019</u>	<u>2018</u>
3.80% - 4.40% Hospital District No. 1, Dickinson County Kansas Lease Agreement Certificates of Participation, Series 2011; issued on December 1, 2011, in the original amount of \$6,000,000; due serially through December 1, 2021	\$ 1,490,000	\$ 2,190,000
2.40% Abilene, Kansas Public Building Commission Revenue Bonds, Series 2011; partially defeased in in 2017 and the remaining amount paid off in 2019		115,000
2.00% - 5.00% Abilene, Kansas Public Building Commission Refunding Revenue bonds, Series 2017; issued on December 14, 2017, in the original amount of \$17,405,000; due serially through December 1, 2035	<u>17,250,000</u>	<u>17,315,000</u>
	<u>18,740,000</u>	<u>19,620,000</u>
Add net unamortized premium on bonds	<u>1,223,235</u>	<u>1,348,747</u>
Total bonds outstanding	19,963,235	20,968,747
Less current maturities	<u>(910,000)</u>	<u>(880,000)</u>
Long-term debt, excluding current maturities	<u>\$19,053,235</u>	<u>\$20,088,747</u>

The following is a summary of changes in long-term debt:

Outstanding at January 1, 2018	\$ 21,974,258
Principal payments	(880,000)
Amortization of premium on bonds issued	<u>(125,511)</u>
Outstanding at December 31, 2018	20,968,747
Principal payments	(880,000)
Amortization of premium on bonds issued	<u>(125,512)</u>
Outstanding at December 31, 2019	<u>\$ 19,963,235</u>

Memorial Hospital of Hospital District #1 of Dickinson County, Kansas
d/b/a Memorial Health System
Notes to Financial Statements - Continued
December 31, 2019 and 2018

Note H - Long-Term Debt - Continued

On December 1, 2011, the Abilene, Kansas Public Building Commission issued \$7,760,000 in Revenue Bonds, Series 2011 (the 2011 PBC bonds) and on January 5, 2012, issued \$10,000,000 in Revenue Bonds, Series 2012 (the 2012 PBC bonds), for the benefit of the Hospital pursuant to a Trust Indenture dated December 1, 2011. On December 1, 2011, the Hospital issued its Lease Agreement Certificates of Participation, Series 2011 (the Certificates), pursuant to a Trust Indenture. The Certificates represent proportionate interests of the owners thereof in basic rent payments to be made by the Hospital. The proceeds of the 2011 PBC bonds, the 2012 PBC bonds, and the Certificates (collectively the project debt) were used, together with other available funds of the Hospital, to (1) pay for renovations and additions to the Hospital's facilities, (2) purchase certain medical equipment, (3) fund a debt service reserve fund for the project debt, (4) pay interest costs during the period of construction, and (5) pay for certain costs related to issuance of the project debt.

On December 14, 2017, the Abilene, Kansas Public Building Commission issued \$17,405,000, in Refunding Revenue Bonds, Series 2017 (the 2017 PBC bonds), for the benefit of the Hospital pursuant to a Trust Indenture. The proceeds of these bonds were used to (1) pay the costs related to the issuance of the 2017 bonds and (2) advance refund \$6,985,000 of the 2011 PBC bonds and \$10,000,000 of the 2012 PBC bonds by making an irrevocable deposit with a trustee. The trustee used that deposit to purchase direct obligations of the United States of America that will mature and pay interest in amounts and at times that will provide for payment of interest on the refunded (1) 2011 bonds through December 1, 2019, and on that date redeem and pay \$6,985,000 of the refunded debt, (2) 2012 bonds through December 1, 2022, and on that date redeem and pay the \$10,000,000 of refunded debt, at 100 percent on those dates. The refunding transaction decreased the total amount of future debt service requirements by \$1,316,837. This resulted in an economic gain of \$917,298. As a result of this transaction, a deferred refunding loss of \$1,576,716 was recognized for the difference between the book value of the refunded debt and the amount required to extinguish the debt. This deferred loss is reported as a deferred outflow of resources on the statement of net position and is being amortized into expense over the term of the bonds.

The Pledge of Revenues and Intercreditor Agreement between the Hospital and the City of Abilene, Kansas, and Abilene, Kansas Public Building Commission, requires the Hospital to transfer to a trustee, on a monthly basis, specified amounts which, when combined with interest earned on the respective funds held by the trustee, will provide sufficient funds to pay the principal and interest on the appropriate due dates. Such transfers were made and are included in assets whose use is limited. The obligations of the Hospital under the agreement are secured by a pledge of its unrestricted revenues, subject to the right of the Hospital to dispose of or encumber property as defined and permitted in the agreement. The agreement also includes certain restrictive covenants relating to the disposition of property, adequacy of insurance coverage, incurrence of additional indebtedness, the level of days cash on hand, and the level of fees and rates charged. The covenant in the agreement requires that fees and rates for services be set at levels sufficient for the Hospital to produce income available for debt service in each fiscal year equal to 125 percent of the debt service requirements during that fiscal year for outstanding debt.

2023	1,020,000	635,744	1,655,744
2024	965,000	594,944	1,559,944
2025-2029	5,585,000	2,202,219	7,787,219
2030-2034	6,835,000	911,419	7,746,419
2035	<u>2,723,235</u>	<u>46,875</u>	<u>2,770,110</u>
	<u>\$19,963,235</u>	<u>\$ 6,527,908</u>	<u>\$26,491,143</u>

Total interest costs incurred are as follows:

	<u>2019</u>	<u>2018</u>
Total interest incurred	\$ 777,519	\$ 807,060
Amortization of bond premium	(125,512)	(125,511)
Amortization of deferred loss on advance refunding	<u>137,576</u>	<u>138,981</u>
Interest expense	<u>\$ 789,583</u>	<u>\$ 820,530</u>

Note I - Leases

The Hospital leases property and equipment under operating lease arrangements. Total lease expense under all operating leases was approximately \$146,000 for 2019 and \$106,000 for 2018.

Note J - Risk Management

The Hospital is insured for professional liability under a comprehensive hospital liability policy provided by an independent insurance carrier with limits of \$200,000 per occurrence up to an annual aggregate of \$600,000 for all claims made during the policy year. The Hospital is further covered by the Kansas Health Care Stabilization Fund for claims in excess of its comprehensive hospital liability policy up to \$300,000 pursuant to any one judgment or settlement against the Hospital for any one party, subject to an aggregate limitation for all judgments or settlements arising from all claims made in the policy year in the amount of \$900,000. All coverage is on a claims-made basis. The above policies have been renewed through January 1, 2020. The Hospital intends to renew this coverage on that date and is aware of no reason why such coverage would be denied at that time.

**Memorial Hospital of Hospital District #1 of Dickinson County, Kansas
d/b/a Memorial Health System
Notes to Financial Statements - Continued
December 31, 2019 and 2018**

Note J - Risk Management - Continued

The Hospital has entered into a self-insured trust agreement with the Kansas Hospital Association, along with other qualified hospitals in the State of Kansas. The purpose of this trust is to purchase workers' compensation insurance for employees. To the extent the trust would have been unable to meet its claims liabilities, members have, jointly and severally, agreed to pay for all claims. Management has assessed the financial condition of the trust and believes that the trust is sufficiently funded to meet its liabilities as they come due as of December 31, 2019. Management is not aware of any intention by the trust to implement an assessment in the future for past funding shortages.

In addition to the risk disclosed elsewhere in these financial statements and notes thereto, the Hospital is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Hospital purchases commercial insurance for these risks. Settled claims have not exceeded this commercial coverage in any of the past three years.

The Hospital is involved in litigation and other disputes arising in the normal course of business. After consultation with legal counsel, management believes that these matters will be resolved without material adverse effect on the Hospital's future financial position or results from operations.

Note K - Deposits with Financial Institutions

Kansas statutes authorize the Hospital, with certain restrictions, to deposit or invest in open accounts, time deposits, certificates of deposit, repurchase agreements, the State Treasurer's municipal investment pool, and U.S. Treasury bills and notes. Also, statutes generally require that financial institutions pledge securities with a market value equal to total deposits, except for monies acquired through the receipt of grants, donations, bequests, and gifts, in excess of F.D.I.C. coverage at any given time and the securities pledged be deposited with a Kansas state or national bank or trust company, the Federal Reserve Bank, the Federal Home Loan Bank, or the Kansas State Treasurer.

The carrying amount of the Hospital's deposits with financial institutions was \$5,940,493 and the bank balances were \$6,168,110 at December 31, 2019. The bank balances are categorized as follows at December 31, 2019:

Amount insured by the F.D.I.C., or collateralized with securities held by the Hospital or by its agent in the Hospital's name	\$ 571,654
Uncollateralized (amount collateralized with securities held in safekeeping by an authorized depository other than the pledging financial institution's trust department, but not in the Hospital's name)	<u>5,596,456</u>
	<u><u>\$ 6,168,110</u></u>

**Memorial Hospital of Hospital District #1 of Dickinson County, Kansas
d/b/a Memorial Health System
Notes to Financial Statements - Continued
December 31, 2019 and 2018**

Note L - Concentration of Credit Risk

The Hospital grants credit without collateral to its patients, most of whom are local residents and are insured under third-party payor agreements. The mix of receivables from patients and third-party payors is as follows:

	<u>2019</u>	<u>2018</u>
Medicare	37 %	40 %
Medicaid	11	8
Blue Cross	11	13
Other third-party payors	12	14
Patients	<u>29</u>	<u>25</u>
	<u>100 %</u>	<u>100 %</u>

Note M - Budgetary Comparison

Kansas statutes require that a fixed annual operating budget be legally adopted for the Hospital. All legal annual operating budgets are prepared using the modified accrual basis of accounting, modified further by the encumbrance method of accounting. Revenues are recognized when cash is received. Expenditures include disbursements, accounts payable, and encumbrances. Encumbrances are commitments by the Hospital for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. All unencumbered appropriations lapse at year-end. Actual expenditures for the year ended December 31, 2019, on the modified accrual basis of accounting and encumbrances were \$35,580,831 as compared to the legally adopted budgeted expenditures of \$39,878,534. Actual expenditures for the year ended December 31, 2018, on the modified accrual basis of accounting and encumbrances were \$34,120,836 as compared to the legally adopted budgeted expenditures of \$38,083,879.

Note N - Defined Benefit Pension Plan

Plan description

The Hospital participates in the Kansas Public Employees Retirement System (KPERS), a cost-sharing multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, et seq. Substantially all employees of the Hospital are eligible to participate in KPERS. KPERS provides retirement benefits, life insurance, disability income benefits, and death benefits. Kansas law establishes and amends benefit provisions. Substantially all public employees in Kansas are covered by KPERS. Participation by local political subdivisions and entities is optional, but irrevocable once elected. KPERS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained from the KPERS website at www.kpers.org.

d/b/a Memorial Health System
Notes to Financial Statements - Continued
December 31, 2019 and 2018**

Note N - Defined Benefit Pension Plan - Continued

Benefits

Monthly retirement benefits are based on a statutory formula that includes final average salary and years of service. When ending employment, members may withdraw their contributions from their individual accounts, including interest. Members who withdraw their accumulated contributions lose all rights and privileges of membership. For all pension coverage groups, the accumulated contributions and interest are deposited into and disbursed from the membership accumulated reserve fund as established by K.S.A. 74-4922.

Members choose one of seven payment options for their monthly retirement benefits. At retirement a member may receive a lump-sum payment of up to 50 percent of the actuarial present value of the member's lifetime benefit. His or her monthly retirement benefit is then permanently reduced based on the amount of the lump sum. Benefit increases, including ad hoc post-retirement benefit increases, must be passed into law by the Kansas Legislature. Benefit increases are under the authority of the Legislature and the Governor of the State of Kansas. For all pension coverage groups, the retirement benefits are disbursed from the retirement benefit payment reserve fund as established by K.S.A. 74-4922.

Contributions

Member contributions are established by state law and are paid by the employee according to the provisions of Section 414(h) of the Internal Revenue Code. State law provides that the employer contribution rates be determined based on the results of an annual actuarial valuation for each of the three state-wide pension groups. The contributions and assets of all groups are deposited in the Kansas Public Employees Retirement Fund established by K.S.A. 74-4921. All of the retirement systems are funded on an actuarial reserve basis.

KPERS has three benefit structures and funding depending on whether the employee is a Tier 1, Tier 2, or Tier 3 member. Tier 1 members were hired before July 1, 2009, Tier 2 members were first employed on or after July 1, 2009, and Tier 3 members were first employed on or after January 1, 2015. Kansas law establishes the KPERS member-employee contribution rate of 6 percent of covered salary for all members for 2019 and 2018, respectively. The employer rates established by statute at December 31, 2019 and 2018, were 8.89 percent and 8.39 percent, respectively. The Hospital employer contributions to KPERS for the years ended December 31, 2019 and 2018, were \$1,338,555 and \$1,145,275, respectively, equal to the statutory required contributions for each year.

Employer and nonemployer allocations

Although KPERS administers one cost-sharing multiple-employer defined benefit pension plan, separate (sub) actuarial valuations are prepared to determine the actuarial determined contribution rate by group. Following this method, the measurement of the collective net pension liability, deferred outflows of resources, deferred inflows of resources, and pension expense are determined separately for each of the following groups of the plan:

- State/School
- Local
- Police and Firemen
- Judges

**Memorial Hospital of Hospital District #1 of Dickinson County, Kansas
d/b/a Memorial Health System
Notes to Financial Statements - Continued
December 31, 2019 and 2018**

Note N - Defined Benefit Pension Plan - Continued

To facilitate the separate (sub) actuarial valuations, the System maintains separate accounts to identify additions, deductions, and fiduciary net position applicable to each group. The Hospital is included in the local group. The allocation percentages presented for each group in the schedule of employer and nonemployer allocations are applied to amounts presented in the schedules of pension amounts by employer and nonemployer. The allocation percentages for the Hospital's share of the collective pension amounts as of December 31, 2019 and 2018, are based on the ratio of each employer's contributions to total employer and nonemployer contributions of the group for the years ended June 30, 2019 and 2018, respectively. The contributions used exclude contributions made for prior service, excess benefits, and irregular payments. As of December 31, 2019, the Hospital's proportion was 0.776 percent which is a increase of .054 percent from its share at December 31, 2018.

Net pension liability

At December 31, 2019 and 2018, the Hospital reported a liability of \$10,847,564 and \$10,061,366, respectively, for its proportionate share of the net pension liability.

Actuarial assumptions

The total pension liability was determined by actuarial valuations as of December 31, 2018 and 2017, which were then rolled forward to June 30, 2019 and 2018, using the following actuarial assumptions:

<u>Actuarial assumptions</u>	<u>2018</u>	<u>2017</u>
Price inflation	2.75%	2.75%
Wage inflation	3.50%	3.50%
Salary increases, including wage increases	3.50% - 12.00%	3.50% - 12.00%
Long-term rate of return, net of investment expense and including price inflation	7.75%	7.75%

Mortality rates were based on the RP-2014 Mortality Tables, with age setbacks and age set forwards as well as other adjustments based on different membership groups. Future mortality improvements are anticipated using Scale MP-2016.

The actuarial assumptions used in the December 31, 2019 and 2018, valuations were based on the results of an actuarial experience study conducted for the period December 31, 2013 through December 31, 2015.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by weighting the expected future real rates of return by the target asset allocation percentage.

**Memorial Hospital of Hospital District #1 of Dickinson County, Kansas
d/b/a Memorial Health System
Notes to Financial Statements - Continued
December 31, 2019 and 2018**

Note N - Defined Benefit Pension Plan - Continued

Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocations as of June 30, 2019, are summarized in the following table:

<u>Asset class</u>	<u>Long-term target allocation</u>	<u>Long-term expected real rate of return</u>
Global equity	47.00 %	6.85 %
Fixed income	13.00	1.25
Yield driven	8.00	6.55
Real return	11.00	1.71
Real estate	11.00	5.05
Alternatives	8.00	9.85
Short-term investments	<u>2.00</u>	(0.25)
 Total	 <u><u>100.00</u></u> %	

Discount rate

The discount rate used to measure the total pension liability for 2018 and 2017 were 7.75 percent. The State, School, and Local employers do not necessarily contribute the full actuarial determined rate. Based on legislation passed in 1993, the employer contribution rates certified by the System's Board of Trustees for these groups may not increase by more than the statutory cap. The statutory cap for the year ended June 30, 2019, was 1.2 percent. The projection of cash flows used to determine the discount rates assumed that contributions from plan members will be made within the same range as have been made during the past few years.

Sensitivity of the net pension liability to changes in the discount rate

The following table presents the net pension liability of the pension plan as of June 30, 2019, calculated using the discount rate of 7.75 percent, as well as what the pension plan's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.75 percent) or 1-percentage-point higher (8.75 percent) than the current rate:

	1% decrease <u>(6.75%)</u>	Current discount rate <u>(7.75%)</u>	1% increase <u>(8.75%)</u>
Hospital's share of net pension liability	\$ 16,201,063	\$ 10,847,564	\$ 6,369,459

**Memorial Hospital of Hospital District #1 of Dickinson County, Kansas
d/b/a Memorial Health System
Notes to Financial Statements - Continued
December 31, 2019 and 2018**

Note N - Defined Benefit Pension Plan - Continued

Pension expense

For the years ended December 31, 2019 and 2018, the Hospital recognized pension expense of \$1,428,891 and \$755,400, respectively, which includes the changes in the collective net pension liability, projected earnings on pension plan investments, and the amortization of deferred outflows of resources and deferred inflows of resources for the period.

Deferred outflows of resources and deferred inflows of resources

A summary of the collective deferred outflows of resources and deferred inflows of resources related to the defined pension plan at December 31, 2019 and 2018, are included in the tables below. Experience gains/losses and the impact of changes in actuarial assumptions or other inputs, if any, are recognized over the average expected remaining service life of the active and inactive plan members at the beginning of the measurement period. Investment gains and losses are recognized over a fixed five-year period.

	<u>2019</u>	<u>2018</u>
Deferred outflows of resources		
Differences between expected and actual experience	\$ 23,745	\$ 36,326
Changes of assumptions	331,541	435,700
Net difference between projected and actual earnings on pension plan investments	255,210	235,366
Changes in proportion and differences between Hospital contributions and proportionate share of contributions	685,055	186,850
Employer contributions subsequent to the measurement date	<u>679,951</u>	<u>582,322</u>
Total deferred outflows of resources	<u>\$ 1,975,502</u>	<u>\$ 1,476,564</u>
Deferred inflows of resources		
Differences between expected and actual experience	\$ 273,187	\$ 285,094
Changes in assumptions	21,986	48,452
Changes in proportion and differences between Hospital contributions and proportionate share of contributions	<u>338,900</u>	<u>497,451</u>
Total deferred inflows of resources	<u>\$ 634,073</u>	<u>\$ 830,997</u>

**Memorial Hospital of Hospital District #1 of Dickinson County, Kansas
d/b/a Memorial Health System
Notes to Financial Statements - Continued

Note N - Defined Benefit Pension Plan - Continued

The following table provides the deferred outflows of resources and deferred inflows of resources as of December 31, 2019, that will be recognized in pension expense in future years:

<u>Year ended December 31,</u>	<u>Employer contributions subsequent to the measurement date</u>	<u>Recognition of net deferred outflows/(inflows) of resources by year</u>	<u>Total</u>
2020	\$ 679,951	\$ 328,398	\$ 1,008,349
2021		(51,216)	(51,216)
2022		158,530	158,530
2023		213,738	213,738
2024		12,028	12,028
	<u>\$ 679,951</u>	<u>\$ 661,478</u>	<u>\$ 1,341,429</u>

Note O - Other Postemployment Benefit Plan

Plan description and benefits provided

The Kansas Public Employees Retirement System (KPERS) sponsors a long-term disability program for participating employers (the Plan). Participating employers pay the cost of the long-term disability and life insurance coverage for their members as provided by K.S.A. 74-04927. The Hospital is considered to be participating in a single employer long-term disability plan. The Plan is administered through a trust held by KPERS that is funded to pay annual benefit payments. However, because the trust's assets are used to pay employee benefits other than postemployment benefits (OPEB), the trust does not meet the criteria in paragraph 4 of GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. Accordingly, the Plan is considered to be administered on a pay-as-you-go basis. Participation by local political subdivisions and entities is optional, but irrevocable once elected. KPERS issues a publicly available financial report that includes required supplementary information. That report may be obtained from the KPERS website at www.kpers.org.

Benefits are established by statute and may be amended by the KPERS Board of Trustees. The Plan provides long-term disability benefits equal to 60 percent (prior to January 1, 2006, 66 2/3 percent) of annual compensation, offset by other benefits. Members receiving long-term disability benefits also receive credit towards their KPERS retirement benefits and have their group life insurance coverage continued under the waiver of premium provision.

The monthly long-term disability benefit is 60 percent of the member's monthly compensation, with a minimum of \$100 and a maximum of \$5,000. The monthly benefit is subject to reduction by deductible sources of income, which includes Social Security primary disability or retirement benefits, workers compensation benefits, other disability benefits from other sources by reason of employment, and earnings from any form of employment. If the disability begins before age 60, benefits are payable while the disability continues until the member's 65th birthday or retirement date, whichever occurs first.

**Memorial Hospital of Hospital District #1 of Dickinson County, Kansas
d/b/a Memorial Health System
Notes to Financial Statements - Continued
December 31, 2019 and 2018**

Note O - Other Postemployment Benefit Plan - Continued

If the disability begins after age 60, benefits are payable while the disability continues, for a period of five years or until the member retires, whichever occurs first. Benefit payments for disabilities caused or contributed to by substance abuse or non-biologically based mental illnesses are limited to the shorter of the term of the disability or 24 months per lifetime. There are no automatic cost-of-living increase provisions. KPERs has the authority to implement an ad hoc cost-of-living increase.

The death benefit paid to beneficiaries of disabled members is 150 percent of the greater of 1) the member's annual rate of compensation at the time of disability, or 2) the member's previous 12 months of compensation at the time of the past date on payroll. If the member has been disabled for five or more years, the annual compensation or salary rate at the time of death will be indexed using the consumer price index, less one percentage point, to compute the death benefit. If a member is diagnosed as terminally ill with a life expectancy of 12 months or less, the member may be eligible to receive up to 100 percent of the death benefit rather than having the benefit paid to the beneficiary. If a member retires or disability benefits end, the member may convert the group life insurance coverage to an individual insurance policy.

Covered employees

The Hospital has the following employees covered by the Plan as of December 31,

	<u>2018</u>	<u>2017</u>
Inactive employees or beneficiaries currently receiving benefit payments	3	1
Active employees	<u>293</u>	<u>286</u>
Total	<u>296</u>	<u>287</u>

Net OPEB liability

At December 31, 2019 and 2018, the Hospital reported a total OPEB liability of \$163,113 and \$139,140, respectively.

Actuarial assumptions

The total OPEB liability was determined by actuarial valuations as of December 31, 2018 and 2017, which were then rolled forward to June 30, 2019 and 2018, using the following actuarial assumptions:

<u>Actuarial assumptions</u>	<u>2018</u>	<u>2017</u>
Price inflation	2.75%	2.75%
Wage inflation	3.00%	3.00%
Salary increases, including wage increases	3.50% - 10.00%	3.50% - 10.00%
Discount rate	3.50%	3.87%

**Memorial Hospital of Hospital District #1 of Dickinson County, Kansas
d/b/a Memorial Health System
Notes to Financial Statements - Continued
December 31, 2019 and 2018**

Note O - Other Postemployment Benefit Plan - Continued

In 2018 and 2017, mortality rates used for the death benefits were based on the RP-2014 Mortality Tables. Future mortality improvements were projected using Scales MP-2019 and MP-2018 in 2018 and 2017, respectively. Mortality rates used for disability benefits were included in long-term disability claim termination rates.

The actuarial assumptions used in the December 31, 2018 and 2017, valuations were based on the results of an actuarial experience study conducted for the period December 31, 2013 through December 31, 2015.

Changes in total OPEB liability

	June 30, <u>2019</u>	June 30, <u>2018</u>
Balance at beginning of period	\$ 139,140	\$ 203,824
Changes for the year		
Service cost	46,471	45,849
Interest	7,202	8,266
Changes of economic/demographic gains or losses	(32,527)	(79,785)
Changes in assumptions or other inputs	1,819	(1,117)
Benefit payments	<u>1,008</u>	<u>(37,897)</u>
	<u>23,973</u>	<u>(64,684)</u>
Balance at end of period	<u>\$ 163,113</u>	<u>\$ 139,140</u>

Sensitivity of the OPEB liability to changes in the discount rate

The following table presents the total OPEB liability as of June 30, 2019, calculated using the discount rate of 3.50 percent, as well as what the OPEB's liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.50 percent) or 1-percentage-point higher (4.50 percent) than the current rate:

	1% decrease <u>(2.50%)</u>	Current discount rate <u>(3.50%)</u>	1% increase <u>(4.50%)</u>
Total OPEB liability	\$ 167,311	\$ 163,113	\$ 157,949

OPEB expense

For the years ended December 31, 2019 and 2018, the Hospital recognized OPEB expense of \$41,772 and \$45,370, respectively, which includes the changes in the total OPEB liability and the amortization of deferred outflows of resources and deferred inflows of resources for the period.

**Memorial Hospital of Hospital District #1 of Dickinson County, Kansas

2024		(11,901)	(11,901)
Thereafter	<u> </u>	<u>(34,899)</u>	<u>(34,899)</u>
	<u>\$ (504)</u>	<u>\$ (94,404)</u>	<u>\$ (94,908)</u>

Note P - Employee Health Insurance Claims

The Hospital is partially self-insured for health insurance claims of its employees. The Hospital has reinsured a portion of its risk for such claims. The reinsurance arrangement covers annual claims in excess of \$65,000 for each covered individual. Covered employees also provide part of the funds to pay claims through monthly contributions at predetermined rates. The Hospital has retained an insurance company as its agent to process and settle claims. The Hospital reimburses the agent twice a month for the amount of claims paid by the agent net of any amounts covered by reinsurance.

**Memorial Hospital of Hospital District #1 of Dickinson County, Kansas
d/b/a Memorial Health System
Notes to Financial Statements - Continued
December 31, 2019 and 2018**

Note P - Employee Health Insurance Claims - Continued

The following is a summary of the activity under this arrangement:

	<u>2019</u>	<u>2018</u>
Estimated employee health insurance claims payable at beginning of period	\$ 65,166	\$ 116,784
Provision for employer's share of incurred claims expenses for the period	789,162	736,132
Employee contributions	812,711	725,163
Payments made for claims, expenses, and reinsurance	<u>(1,569,619)</u>	<u>(1,512,913)</u>
Estimated employee health insurance claims payable at end of period	<u>\$ 97,420</u>	<u>\$ 65,166</u>

Note Q - Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value is determined according to a hierarchy that gives highest priority to use of observable inputs and lowest priority to use of unobservable inputs. These inputs are described as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Hospital has the ability to access.

Level 2 inputs to the valuation methodology are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 inputs to the valuation methodology are unobservable, supported by little or no market activity, and are significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used by the Hospital for assets measured at fair value on a recurring basis:

Cash, certificates of deposit, money market funds, and common stocks are valued at unadjusted quoted prices for identical securities in active markets.

Corporate bonds are valued at prices provided by an independent pricing service.

Note R - Related Parties

As discussed in Note A2, the Hospital is responsible for appointing members of AHI's Board of Directors. The Hospital does not make any appropriations to AHI or receive any distributions. The following is a summary of the assets, liabilities, net position, revenues and expenses, and changes in net position of AHI as of and for the years ended September 30, 2019 and 2018:

	<u>2019</u>	<u>2018</u>
Cash and cash equivalents	\$ 435,945	\$ 409,326
Investments	<u>232,469</u>	<u>259,438</u>
Total current assets	668,414	668,764
Capital assets - net	1,175,671	1,219,034
Other assets	<u>21,320</u>	<u>22,883</u>
Total assets	<u>\$ 1,865,405</u>	<u>\$ 1,910,681</u>
Accounts payable	\$ 24,575	\$ 17,324
Current portion of mortgage payable	93,587	90,610
Other current liabilities	<u>6,994</u>	<u>2,510</u>
Total current liabilities	125,156	110,444
Mortgage payable, excluding current portion	761,300	854,985
Other liabilities	<u>20,990</u>	<u>22,742</u>
Total liabilities	907,446	988,171
Net position	<u>957,959</u>	<u>922,510</u>
Total liabilities and net position	<u>\$ 1,865,405</u>	<u>\$ 1,910,681</u>
Revenues	<u>\$ 520,625</u>	<u>\$ 565,313</u>
Management fee paid to Hospital	87,056	92,372
Depreciation and amortization	121,399	105,406
Other expenses	<u>276,721</u>	<u>271,632</u>
Total expenses	<u>485,176</u>	<u>469,410</u>
Increase in net position	<u>\$ 35,449</u>	<u>\$ 95,903</u>

Notes to Financial Statements - Continued
December 31, 2019 and 2018**

Note S - Subsequent Events

The Hospital has evaluated all subsequent events through the date of the independent auditor's report, which is the date the financial statements were available to be issued.

Subsequent to year-end, the Hospital has been negatively impacted by the effects of the worldwide coronavirus pandemic. The Hospital is closely monitoring its operations, liquidity, and capital resources and is actively working to minimize the current and future impact of this unprecedented situation. To mitigate the effects of the disruption, the Hospital has received a loan from the Small Business Administration under the Paycheck Protection program. This loan may be forgiven at a later date based on certain parameters set up by the program. The Hospital also received a grant from the Department of Health and Human Services that may be used to offset the cost of pandemic expenses and loss of revenues from disruption of operations. As of the date of issuance of these financial statements, the full impact to the Hospital's financial position is not known.
