#### INDEPENDENT AUDITOR'S REPORT

Board of Education Unified School District Number 410 416 South Date Hillsboro, KS 67063

We have audited the accompanying fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances of Unified School District Number 410, Hillsboro, Kansas, a Municipality, as of and for the year ended June 30, 2017, and the related notes to the financial statement.

#### Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with the *Kansas Municipal Audit and Accounting Guide* as described in Note 1; this includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express an opinion on the financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the Kansas Municipal Audit and Accounting Guide. Those standards require we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statement, the financial statement is prepared by Unified School District Number 410 on the basis of the financial reporting provisions of the Kansas Municipal Audit and Accounting Guide, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

#### Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of Unified School District Number 410 as of June 30, 2017, or changes in financial position and cash flows thereof for the year then ended.

#### Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the financial statement referred to above presents fairly, in all material respects, the aggregate cash and unencumbered cash balance of Unified School District Number 410 as of June 30, 2017, and the aggregate receipts and expenditures for the year then ended in accordance with the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide* described in Note 1.

#### NOTES TO THE FINANCIAL STATEMENT

### Fiscal Year Ended June 30, 2017

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### (a) Municipal Financial Reporting Entity

Unified School District Number 410 is a municipal corporation governed by an elected seven-member board. This financial statement presents Unified School District Number 410 (the District), a municipality.

#### (b) Regulatory Basis Fund Types

**General Fund**—the chief operating fund. Used to account for all resources except those required to be accounted for in another fund.

**Special Purpose Funds**—used to account for the proceeds of specific tax levies and other specific regulatory receipt sources (other than Capital Project and tax levies for long-term debt) that are intended for specified purposes.

**Bond and Interest Fund**—used to account for the accumulation of resources, including tax levies, transfers from other funds and payment of general long-term debt.

Capital Project Fund—used to account for the debt proceeds and other financial resources to be used for the acquisition or construction of major capital facilities or equipment.

**Business Fund**—funds financed in whole or in part by fees charged to users of the goods or services (i.e. enterprise and internal service fund, etc.).

**Trust Fund**—funds used to report assets held in trust for the benefit of the municipal financial reporting entity (i.e. pension funds, investment trust funds, private purpose trust funds which benefit the municipal reporting entity, scholarship funds, etc.).

Agency Fund—funds used to report assets held by the municipal reporting entity in a purely custodial capacity (payroll clearing, county treasurer tax collection accounts, etc.).

#### (c) Basis of Accounting

Regulatory Basis of Accounting and Departure from Accounting Principles Generally Accepted in the United States of America. The Kansas Municipal Audit and Accounting Guide (KMAAG) regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis receipts and regulatory basis expenditures for the fiscal year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligation against cash. The KMAAG regulatory basis does not recognize capital assets, long-term debt, accrued receivables and payables, or any other assets, liabilities, or deferred inflows or outflows, other than those mentioned above.

The District has approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirement for application of generally accepted account principles and allowing the District to use the regulatory basis of accounting.

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

#### (d) Budgetary Information

Kansas statutes require that an annual operating budget be legally adopted for the General Fund, Special Purpose Funds (unless specifically exempted by statute), Bond and Interest Funds and Business Funds. Although directory rather than mandatory, the statutes provided for the following sequence and timetable in the adoption of the legal annual operating budget:

- Preparation of budget for the succeeding calendar year on or before August 1st.
- 2) Publication in local newspaper on or before August 5th of the proposed budget and notice of public hearing on the budget.
- 3) Public hearing on or before August 15th, but at least ten days after publication of notice of hearing.
- 4) Adoption of the final budget on or before August 25th.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in regulatory receipts other than ad valorem property taxes. To do this a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication the hearing may be held and the governing body may amend the budget at that time. There were budget amendments for this year.

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison schedules are presented for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

All legal annual operating budgets are prepared using the regulatory basis of accounting in which regulatory receipts are recognized when cash is received and expenditures include disbursements, accounts payable and encumbrances, with disbursements being adjusted for prior year's accounts payable and encumbrances. Encumbrances are commitments by the District for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. Any unused budgeted expenditure authority lapses at year end.

A legal operating budget is not required for Trust Funds, Capital Project Funds and the following Special Purpose Funds: Children's Dental Care Program, Farm to School, Gifts and Grants, HES Fundraising, HMS Fundraising, Title I, Title II-A, Title III, Gate Receipts, and School Projects.

Spending in funds which are not subject to the legal annual operating budget requirements is controlled by federal regulations, other statutes, or by the use of internal spending limits established by the governing body.

#### 2. DEPOSITS AND INVESTMENTS

K.S.A. 9-1401 establishes the depositories which may be used by the District. The statute requires banks eligible to hold the District's funds have a main or branch bank in the county in which the District is located, or in an adjoining county if such institution has been designated as an official depository, and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. The District has no other policies that would further limit interest rate risk.

K.S.A. 12-1675 limits the District's investment of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. government securities, temporary notes; no fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The District has no investment policy that would further limit investment choices. The rating of the District's investments is noted below.

Concentration of credit risk. State statutes place no limit on the amount the District may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405. At June 30, 2017, the District held 100% of their investments in the Kansas Municipal Investment Pool.

#### 2. DEPOSITS AND INVESTMENTS (cont.)

Custodial credit risk. Custodial credit risk is the risk that in the event of bank failure, the District's deposits may not be returned to it. State statutes require the District's deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka. All deposits were legally secured at June 30, 2017.

At year end the carrying amount of the District's cash and certificates of deposit was \$3,035,804. The bank balance was held by two banks resulting in a concentration of credit risk. The bank balance was \$3,071,197. Of the bank balance, \$349,534 was covered by F.D.I.C. insurance and \$2,721,663 was collateralized by FHLB letters of credit and with securities held by the pledging institutions' agents in the District's name.

Custodial credit risk – investments. For an investment, this is the risk that, in the event of failure of the issuer or counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State statutes require investments to be adequately secured.

At June 30, 2017, the District had invested \$44 in the State's municipal investment pool. The municipal investment pool is under the oversight of the Pooled Money Investment Board. The board is comprised of the State Treasurer and four additional members appointed by the State Governor. The board reports annually to the Kansas legislature. State pooled monies may be invested in direct obligations of or obligations that are insured as to principal and interest, by the U.S. government or any agency thereof, with maturities up to four years. No more than ten percent of those funds may be invested in mortgage-backed securities. In addition, the State pool may invest in repurchase agreements with Kansas banks or with primary government securities

As of June 30, 2017, the District had the following investments and maturities:

|                  | Maturity   |      |          |             |                |  |  |  |  |  |

#### 5. OTHER LONG-TERM OBLIGATIONS FROM OPERATIONS

#### (a) Other Post-Employment Benefits

As provided by K.S.A. 12-5040, the District allows retirees to participate in the group health insurance plan. While each retiree pays the full amount of the applicable premium, conceptually, the District is subsidizing the retirees because each participant is charged a level of premium regardless of age. However, the cost of this subsidy has not been quantified in this financial statement.

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the District makes health care benefits available to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured.

#### (b) Compensated Absences

Vacation, sick leave and other compensated absences are recorded as expenditures in governmental funds when they are paid.

Employees earn 15 days of sick leave each year with a maximum accumulation of 90 days. Payment for unused sick leave for employees is made for sick days that would be lost over the maximum. It is paid with the first paycheck of the succeeding year's contract and is computed at a rate of \$25 per day lost. Employees eligible for and exercising a retirement option in the Kansas Public Employees Retirement System (KPERS) are paid for all unused sick leave days. This payment is based on a rate of \$25 per day and is made with the final payment of the contract. Employees leaving the District that do not qualify as described above do not receive any compensation for unused sick leave.

Sick leave days may be converted to personal leave after all paid personal leave has been exhausted. The rate of conversion is three sick leave days to one personal leave day. The draw on sick leave is on an "as used" basis; the employee may not accumulate any unused personal days using the benefit feature. A maximum of five personal leave days may be gained annually using this conversion. Sick leave days used in this conversion are deducted from the staff person's accumulated sick leave.

Classified full-time staff, meeting length of service requirements, are allowed two weeks paid vacation, which is increased by three days after five years of employment and by an additional two days after 15 years of employment. Classified employees may accumulate up to five days of unused vacation over their annual allotment of vacation time. Certified staff are not granted paid vacation time.

Non-administrative certified and classified staff are granted compensated absences in the form of personal leave days. They are allowed two days per year, which can accumulate to six days. Amounts accumulated in excess of the maximum, that would otherwise be lost, are paid with the first paycheck of the succeeding year's contract at the employee's daily rate of pay. Upon retirement, the District purchases any unused personal days for employees, at the employees final daily rate of pay.

Payment for the entire amount of unused sick leave and unused personal leave upon leaving employment is granted for employees eligible for and exercising a retirement option in the Kansas Public Employees Retirement System and for employees whose positions are being eliminated by the District. Payment for unused vacation upon voluntarily leaving employment may be considered with the permission of the Superintendent if the employee voluntarily leaving employment assists in the transition process.

Administrative staff are granted compensated absences in the form of personal leave subject to Superintendent approval. However, for these staff, there is no accumulation of personal leave allowed from one year to the next year, and there is no payment for personal leave that would be lost at the end of a year, upon other voluntary or non-voluntary termination of employment.

### 5. OTHER LONG-TERM OBLIGATIONS FROM OPERATIONS (CONT.)

#### (c) Termination Benefits

The District, during a period ending April 1, 2011, provided an early retirement program for certain eligible employees. Employees were eligible if they were a certified employee of the District, were eligible for and exercising a retirement option in KPERS, had a minimum of twenty years of employment in a public school system, with five of those being with the USD 410, and must have applied for early retirement on or before April 1, 2011. Those eligible under this program may receive benefits for up to five years, beginning September 2011.

Payments to retired employees under this plan was \$2,083 for the year ended June 30, 2017.

In June 2013, the District issued \$5,945,000 of General Obligation Refunding Bonds Series 2013 with an interest rates ranging from 2% to 3.25% to advance refund \$5,550,000 of the General Obligation School Building Bonds, Series 2007-A and Series 2008 with rates ranging from 4.375% to 5.50% and to pay a portion of the interest on the bonds to the respective bond redemption dates. The proceeds were also used to pay the costs of issuance. The net proceeds of \$6,101,288 (after payment of \$59,450 of underwriting fees and other issuance costs) were used to purchase U.S. government securities. Those securities were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments of the 2007-A and 2008 Series bonds. As a result, \$5,550,000 of the 2007-A and 2008 series bonds are considered defeased and the liability for those bonds has been removed from long-term debt. For the year ended June 30, 2017, outstanding defeased bonds totaled \$5,550,000.

The Series 2013 General Obligation Refunding Bonds refinanced the callable portion of the Series 2007-A General Obligation Bonds and Series 2008 General Obligation Bonds. The Series 2013 General Obligation Refunding Bonds were issued as a "crossover refunding" whereby the funds held in the Escrow Fund make the interest payments due on the Series 2013 Bonds until the redemption dates for the Series 2007-A Bonds (September 1, 2017) and Series 2008 Bonds (September 1, 2018). As a result, the District will continue to pay the interest due on the Series 2007-A Bonds and Series 2008 Bonds until such bonds are redeemed and paid from funds held in the Escrow Fund. After the respective redemption dates for the Series 2007-A Bonds and Series 2008 Bonds, the District will then begin making principal and interest payments on the Series 2013 General Obligation Refunding Bonds.

#### 7. DEFINED BENEFIT PENSION PLAN

**Plan Description.** The District participates in the Kansas Public Employees Retirement System (KPERS), a cost-sharing, multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, et seq. Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and required supplementary information. KPERS' financial statements are included in its Comprehensive Annual Financial Report which can be found on the KPERS website at <a href="https://www.kpers.org">www.kpers.org</a> or by writing to KPERS (611 South Kansas, Suite 100, Topeka, KS 66603) or by calling 1-888-275-5737.

Contributions. K.S.A. 74-4919 and K.S.A 74-49,210 establish the KPERS member-employee contribution rates. KPERS has multiple benefit structures and contribution rates depending on whether the employee is a KPERS 1, KPERS 2, or KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009. KPERS 2 members were first employed in a covered position on or after July 1, 2009, and KPERS 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas law established the KPERS member-employee contribution rate of 6% of covered salary for KPERS 1, KPERS 2, and KPERS 3 members. Member contributions are withheld by their employer and paid to KPERS according to the provisions of Section 414(h) of the Internal Revenue Code.

State law provides that the employer contribution rates for KPERS 1, KPERS 2, and KPERS 3 be determined based on the results of each annual actuarial valuation. Kansas law sets a limitation on annual increases in the employer contribution rates. The actuarially determined employer contribution rate (not including the 1.00% contribution rate through March 31, 2016, with a 0.00% moratorium until June 30, 2017, for the Death and Disability Program) and the statutory contribution rate was 16.00% and 10.91%, respectively, for the fiscal year ended June 30, 2016. The actuarially determined employer contribution rate and the statutory contribution rate was 16.03% and 10.81%, respectively, for the fiscal year ended June 30, 2017. Per house Substitute for Senate Bill 161, section 98(a)(1), state general fund and expanded lottery act revenue funds for employer contributions to KPERS were deferred. The amount deferred was \$92,917,091.

The State of Kansas is required to contribute the statutory required employer's share, except for retired District employees. The District is responsible for the employer's portion of the cost of retired District employees. The District received and remitted amounts equal to the statutory contribution rate, which totaled \$280,667 for the year ended June 30, 2017.

Net Pension Liability: At June 30, 2017, the District's proportionate share of the collective net pension liability reported by KPERS was \$5,565,173. The net pension liability was measured as of June 30, 2016, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2015, which was rolled forward to June 30, 2016. The District's proportion of the net pension liability was based on the ratio of the District's contributions to KPERS, relative to the total employer and non-employer contributions of the State/School subgroup within KPERS for the fiscal year ended June 30, 2016. Since the KMAAG regulatory basis of accounting does not recognize long-term debt, this liability is not reported in this financial statement.

The complete actuarial valuation report including all actuarial assumptions and methods, and the report on the allocation of the KPERS collective net pension liability to all participating employers are publicly available on the website at www.kpers.org or can be obtained as described above.

#### 8. CLAIMS AND JUDGMENTS

The District participates in federal and state programs that are fully or partially funded by grants received from other governmental units. Expenditures financed by grants are subject to audit by the appropriate grantor government. If expenditures are disallowed due to noncompliance with grant program regulations, the District may be required to reimburse the grantor government. As of the date of this report, grant expenditures have not been audited, but the District believes that any disallowed expenditures or overpayments, if any, will not have a material effect on the individual governmental funds or the overall financial position of the District.

#### 8. CLAIMS AND JUDGMENTS

During the ordinary course of its operation the District is a party to various claims, legal actions and complaints. It is the opinion of the District's management and legal counsel that these matters are not anticipated to have a material impact on the District.
