INDEPENDENT AUDITORS' REPORT

To the Board of Education
Jayhawk Unified School District #346
Mound City, Kansas 66056

Adverse and Unmodified Opinions
We have audited the accompanying Summary Statement of Receipts, Expenditures, and Unencumbered Cash, Regulatory Basis, of the Jayhawk Unified School District #346, Mound City, Kansas (District) as of and for the fiscal year ended June 30, 2022 and the related notes to the financial statement.

Adverse Opinion on U.S. Generally Accepted Accounting Principles
In our opinion, because of the significance of the matter discussed in the Basis for Adverse and Unmodified Opinions section of our report, the accompanying financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the District as of June 30, 2022 or changes in financial positions and cash flows thereof for the fiscal year then ended.

Unmodified Opinion on Regulatory Basis of Accounting
In our opinion, the accompanying financial statement referred to above presents fairly, in all material respects, the aggregate cash and unencumbered cash balance of the Jayhawk Unified School District #346, Mound City, Kansas as of June 30, 2022, and the aggregate receipts and expenditures for the fiscal year then ended in accordance with the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide* described in Note 1.

Basis for Adverse and Unmodified Opinions
We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the *Kansas Municipal Audit and Accounting Guide.* Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statement section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our adverse and unmodified audit opinions.

Matter Giving Rise to Adverse Opinion on U.S. Generally Accepted Accounting Principles
As discussed in Note 1 of the financial statement, the financial statement is prepared by the District on the basis of the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide,* which is a basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of this financial statement in accordance with the *Kansas Municipal Audit and Accounting Guide* as described in Note 1 to meet the financial reporting requirements of the State of Kansas. This includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Audit of the Financial Statement

Our objectives are to obtain reasonable assurance about whether the financial statement as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statement.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statement, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statement.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the June 30, 2022 fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances – regulatory basis (financial statement) as a whole. The summary of expenditures – actual and budget – regulatory basis, individual fund schedules of receipts and expenditures – actual and budget – regulatory basis, schedule of receipts and expenditures – agency funds – regulatory basis and the schedule of receipts, expenditures, and unencumbered cash – district activity funds – regulatory basis (Schedules 1, 2, 3 and 4 as listed in the table of contents), are presented for purposes of additional analysis and are not a required part of the financial statement, however are required to be presented under the provisions of the *Kansas Municipal Audit and Accounting Guide*. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statement. The information has been subjected to the auditing procedures applied in the audit of the financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statement or to the financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated in all material respects in relation to the financial statement as a whole, on the basis of accounting described in Note 1.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 10, 2022 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Prior Year Comparative Numbers

The 2021 actual column presented in the individual fund schedules of regulatory basis receipts and expenditures – actual and budget (Schedule 2 as listed in the table of contents), are also presented for comparative analysis and was not a required part of the 2021 financial statement upon which we rendered an unmodified opinion dated September 24, 2021. The 2021 financial statement and our accompanying report are not presented herein, but are available in electronic form from the web site of the Kansas Department of Administration at the following link http://admin.ks.gov/offices/chief-financial-officer/municipal-services. Such 2021 comparative information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 basic financial statement. The 2021 comparative information was subjected to the auditing procedures applied in the audit of the 2021 basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 basic financial statement or to the 2021 basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion the 2021 comparative information is fairly stated in all material respects in relation to the 2021 basic financial statement as a whole, on the basis of accounting described in Note 1.

JAYHAWK UNIFIED SCHOOL DISTRICT #346
MOUND CITY, KANSAS

NOTES TO THE FINANCIAL STATEMENT
For the Fiscal Year Ended June 30, 2022

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statement of Jayhawk Unified School District #346, Mound City, Kansas, has been prepared in accordance with the State of Kansas regulatory basis of accounting for Kansas Municipalities, and is designed to show compliance with the cash basis and budget laws of the State of Kansas. The *Kansas Municipal Audit and Accounting Guide* (KMAAG), as approved by the director of the Kansas Division of Accounts and Reports, establishes the guidelines for the regulatory basis of accounting in the state of Kansas. Note 1 also describes how the District's accounting policies differ from U.S. generally accepted accounting policies.

Reporting Entity
The District is a municipal corporation governed by an elected seven-member board. This regulatory financial statement presents Jayhawk Unified School District #346, Mound City, Kansas (the municipality) and related municipal entities. Management has determined that there are no related municipal activities that are or should be included in this financial statement.

Basis of Presentation - Fund Accounting
A fund is defined as an independent fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

The following types of funds comprise the financial activities of the District:

REGULATORY BASIS FUNDS

General Funds – the chief operating fund. Used to account for all resources except those required to be accounted for in another fund.

Special Purpose Funds – used to account for the proceeds of specific tax levies and other specific revenue sources (other than Capital Project and tax levies for long-term debt) that are intended for specified purposes.

Bond and Interest Fund – used to account for the accumulation of resources, including tax levies and transfers from other funds to be used for the payment of general long-term debt.

Agency Funds – funds used to report assets held by the municipal reporting entity in a purely custodial capacity (payroll clearing fund, county treasurer tax collection accounts, etc.).

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

Regulatory Basis of Accounting and Departures from Accounting Principles Generally Accepted in the United States of America

The KMAAG regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis revenues and regulatory basis expenditures for the year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligation against cash. The KMAAG regulatory basis does not recognize capital assets, long-term debt, accrued receivables and payables, or any other assets, liabilities or deferred inflows or outflows, other than those mentioned above.

The District has approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirement for application of generally accepted accounting principles and allowing the District to use the regulatory basis of accounting.

Budgetary Information

Kansas statutes require that an annual operating budget be legally adopted for the general fund, special purpose funds (unless specifically exempted by statute), and bond and interest funds. Although directory rather than mandatory, the statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

1. Preparation of the budget for the succeeding fiscal year on or before August 1.
2. Publication in the local newspaper of the proposed budget and a notice of public hearing on the budget on or before August 5.
3. Public hearing on or before August 15, but at least ten days after the publication of a notice of hearing.
4. Adoption of the final budget on or before August 25.

Kansas Statutes require that an annual operating budget be legally adopted for the general fund. If the municipality is holding a revenue neutral rate hearing, the budget timeline for adoption of the final budget has been adjusted to on or before September 20th. The municipality did hold a revenue neutral rate hearing this year for the 2022 budget.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in revenue other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication, the hearing may be held and the governing body may amend the budget at that time. There were no budgets amended this year. The District decreased the General and Supplemental General Fund budgets to the legal maximum budgets after determination of the final enrollment numbers.

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Regulatory required supplemental information includes budget comparison schedules for each budgeted fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** - (Continued)

Budgetary Information (Continued)

All legal annual operating budgets are prepared using the regulatory basis of accounting, in which revenues are recognized when cash is received and expenditures include disbursements, accounts payable and encumbrances with disbursements being adjusted for prior year's accounts payable and encumbrances. Encumbrances are commitments by the municipality for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. Any unused budgeted expenditure authority lapses at year end.

A legal operating budget is not required for fiduciary funds and the following special purpose funds:

- Grant Fund (K.S.A. 72-8210)
- Federal Funds (K.S.A. 12-1663)
- Contingency Reserve Fund (K.S.A. 72-6426)
- Textbook Rental Fund (K.S.A. 72-8250)

Spending in funds, which are not subject to the legal annual operating budget requirement, is controlled by federal regulations, other statutes or by the use of internal spending limits established by the governing body.

Qualifying Budget Credits

Expenditures in various funds include expenditures not subject to the budget laws of the State of Kansas, which include reimbursed expenses and grant expenditures.

Reimbursed expenses are defined as repayments of amounts remitted on behalf of another party. All reimbursed expenses shown in the financial statements meet the following criteria: 1) the related disbursement was made in the current year on behalf of the payee, 2) the item paid for was directly identifiable as having been used by or provided to the payee, and 3) the amount of the reimbursed expense was directly tied to the amount of the original cash disbursement.

Expenditures in the General Fund include expenditures in connection with reimbursements and/or grants received by the District. These are reimbursement type grants whereby grant money is received to reimburse the District for actual grant expenditures paid. These expenditures are similar to reimbursed expenses as discussed in the preceding paragraph.

Deposits and Investments

Deposits and investments include money market checking accounts and certificates of deposit. Kansas statutes permit investment in savings accounts, certificates of deposit, repurchase agreements, and obligations of the U.S. Treasury.

Compensated Absences

Full-time non-certified employees are eligible for vacation benefits ranging from 10 to 15 days a year. Employees are allowed to accumulate and carry forward vacation benefits past their anniversary date.

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** – (Continued)

Compensated Absences (Continued)

Employees can accrue from 7 to 13 days of sick leave each year, up to a maximum of 90 days. Monetary reimbursement for unused sick leave is paid at a rate of 30% for each day of accumulated sick leave upon death or retirement. Retirement is defined as an employee who retires from employment in the District who is at least 62 years of age with at least 10 years of membership in KPERS, is at least 65 years of age, or has 85 "points" consisting of combined number of years old and number of years with the District.

The District accrues a liability for compensated absences which meet the following criteria:

1. The District's obligation relating to the employee's right to receive compensation for future absences is attributable to employee's services already rendered.
2. The obligation relates to rights that vest or accumulate.
3. Payment of the compensation is probable.
4. The amount can be reasonably estimated and is material to the financial statements.

In accordance with the above criteria the District has not determined a liability for vacation or sick pay inasmuch as the amounts are immaterial.

Property Taxes

In accordance with governing state statutes, property taxes levied during the current year are a revenue source to be used to finance the budget of the ensuing year. Taxes are assessed on a calendar year basis and become a lien on the property on November 1 of each year. The County Treasurer is the tax collection agent for all taxing entities within the County. Property owners have the option of paying one-half or the full amount of the taxes levied on or before December 20 during the year levied with the balance to be paid on or before May 10 of the ensuing year. State statutes prohibit the County Treasurer from distributing taxes collected in the year levied prior to January 1 of the ensuing year. Consequently, for revenue recognition purposes, taxes levied during the current year are not due and receivable until the ensuing year. At December 31 such taxes are a lien on the property.

Termination and Post Employment Benefits

No termination benefits are provided to District employees when employment with the District ends except for the accrued compensated absences as discussed in Note 1.

As provided by K.S.A. 12-5040, the District allows retirees to participate in the group health insurance plan. While each retiree pays the full amount of the applicable premium, conceptually, the local government is subsidizing the retirees because each participant is charged a level of premium regardless of age. However, the cost of this subsidy has not been quantified in these financial statements.

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the government makes health care benefits available to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured. There is no cost to the District under this program.

2. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Compliance with Kansas Statutes

The financial statement and regulatory required supplemental schedules are prepared in order to show compliance with the cash basis and budget laws of Kansas. The negative encumbered cash balances are not actual violations due to grant money receivable. The District was in apparent compliance with the cash basis and budget laws of Kansas.

3. DEPOSITS AND INVESTMENTS AND WITH FINANCIAL INSTITUTIONS

K.S.A. 9-1401 establishes the depositories which may be used by the District. The statue requires banks eligible to hold the District's funds have a main or branch bank in the county in which the Government is located and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. The District has no other policies that would further limit interest rate risk.

K.S.A. 12-1675 limits the Government's investment of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The Government has no investment policy that would further limit its investment choices, but has limited the investments to time deposits at the local bank and the State of Kansas Municipal Investment Pool.

Concentration of credit risk. State statutes place no limit on the amount the District may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 & 9-1405.

Custodial credit risk – deposits. Custodial credit risk is the risk that in the event of a bank failure, the Government's deposits may not be returned to it. State statutes require the Government's deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka, except during designated "peak periods" when required coverage is 50%. The District does not have any "peak periods" designated.

At June 30, 2022 the District's carrying amount of deposits was $2,581,788.21 and the bank balance was $2,452,072.56. The bank balance was held by three banks resulting in some diversification of credit risk. Of the bank balance, $721,330.74 was covered by federal depository insurance, and the remaining $1,730,741.82 was collateralized with securities totaling $1,897,341.55 held by the pledging financial institutions' agents in the District's name.

At time during the year, the District invested in the State's municipal investment pool. The municipal investment pool is under the oversight of the Pooled Money Investment Board. The board is comprised of the State Treasurer and four additional members appointed by the State Governor. The board reports annually to the Kansas legislature. State pooled monies may be invested in direct obligations of, or obligations that are insured as to principal and interest, by the U.S. government or any agency thereof, with maturities up to four years. No more than ten percent of those funds may be invested in mortgage-backed securities. In addition, the State pool may invest in repurchase agreements with Kansas banks or with primary government securities dealers. As of June 30, 2022, the District had $2,367,505.57 invested in the Pool.

4. DEFINED BENEFIT PENSION PLAN

General Information about the Pension Plan

Plan description. The District participates in the Kansas Public Employees Retirement System (KPERS), a cost-sharing multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, et. seq. Kansas law establishes and amends benefit provisions. KPERS issues a publically available financial report that includes financial statements and required supplementary information. KPERS' financial statements are included in its Comprehensive Annual Financial Report which can be found on the KPERS website at www.kpers.org or by writing to KPERS (611 South Kansas, Suite 100, Topeka, KS 66603) or by calling 1-888-275-5737.

Contributions. K.S.A. 74-4919 and K.S.A. 74-49,210 establish the KPERS member-employee contribution rates. KPERS has multiple benefit structures and contribution rates depending on whether the employee is a KPERS 1, KPERS 2 or KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009. KPERS 2 members were first employed in a covered position on or after July 1, 2009, and KPERS 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas law established the KPERS member-employee contribution rate at 6% of covered salary for KPERS 1, KPERS 2 and KPERS 3 members. Member contributions are withheld by their employer and paid to KPERS according to the provisions of Section 414(h) of the Internal Revenue Code.

State law provides that the employer contribution rates for KPERS 1, KPERS 2 and KPERS 3 be determined based on the results of each annual actuarial valuation. Kansas law sets a limitation on annual increases in the employer contribution rates. The actuarially determined employer contribution rate and the statutory contribution rate (not including the 1% contribution rate for the Death and Disability Program) was 15.59% and 14.23% respectively, for the fiscal year ended June 30, 2019. The actuarially determined employer contribution rate was 14.83% and 13.33% for the fiscal year ended June 30, 2022.

The State of Kansas is required to contribute the statutory required employer's share except for retired District employees. The District is responsible for the employer's portion of the cost for retired District employees. The District received and remitted amounts equal to the statutory contribution rate, which totaled $601,087.76 for the year ended June 30, 2022.

Net Pension Liability

At June 30, 2022, the District's proportionate share of the collective net pension liability reported by KPERS was $6,840,238. The total net pension liability was $7,799,450.285. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2020, which was rolled forward to June 30, 2021. The District's proportion of the net pension liability was based on the ratio of the District's contributions to KPERS, relative to the total employer and non-employer contributions of the State/School subgroup within KPERS for the fiscal year ended June 30, 2021. Since the KMAAG regulatory basis of accounting does not recognize long-term debt, this liability is not reported in these financial statements.

The complete actuarial valuation report including all actuarial assumptions and methods, and the report on the allocation of the KPERS collective net pension liability to all participating employers are publicly available on the website at www.kpers.org or can be obtained as described above.

5. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors and omissions; injuries to employees; employees health and life; and natural disasters. The District manages these various risks of loss by purchasing insurance policies.

6. CONTINGENCIES

In the normal course of operations, the District participates in various federal or state grant programs from year to year. The grant programs are often subject to additional audits by agents of the grant agency, the purpose of which is to ensure compliance with the specific conditions of the grant. Any liability for reimbursement which may arise as a result of these audits cannot be reasonably determined at this time, although it is believed the amount, if any, would not be material.

7. INTERFUND TRANSFERS

Operating transfers are routinely made from the General and Supplemental General Funds to other funds as allowed by Kansas Statutes. Operating transfers were as follows:

FROM	TO	STATUTORY AUTHORITY	AMOUNT
General	At Risk Preschool	K.S.A. 72-6428	$ 24,143.50
General	At Risk K-12	K.S.A. 72-6428	572,308.00
General	Bilingual Education	K.S.A. 72-6428	3,200.00
General	Food Service	K.S.A. 72-6428	10,574.96
General	Special Education	K.S.A. 72-6428	979,163.16
General	Career & Postsecondary Education	K.S.A. 72-6428	283,034.88
Supplemental General	At Risk Preschool	K.S.A. 72-6433	43,500.00
Supplemental General	At Risk K-12	K.S.A. 72-6433	357,322.91
Supplemental General	Special Education	K.S.A. 72-6433	384,589.62
Supplemental General	Bilingual Education	K.S.A. 72-6433	3,553.24
Supplemental General	Career & Postsecondary Education	K.S.A. 72-6433	37,917.72

8. IN-SUBSTANCE RECEIPT IN TRANSIT

The District received $233,034 subsequent to June 30, 2022 and as required by K.S.A. 72-6417 and 72-6434 the receipt was recorded as an in-substance receipt in transit and included as a receipt for the year ended June 30, 2022.

9. SUBSEQUENT EVENTS

Management has evaluated events and transactions occurring subsequent to June 30, 2022 through October 10, 2022, the date the financial statement was available for issue. During this period, there were no subsequent events requiring recognition in the financial statement or disclosure in the notes to the financial statement.

10. LONG-TERM OBLIGATIONS

The District has outstanding the following long-term obligations at June 30, 2022:

	PRINCIPAL
General Obligation Bonds	
General Obligation Bonds, Series 2020, originally totaling $6,375,000, payable in annual installments ranging from $415,000 to $625,000 plus interest at 3.0% with final maturity in September 2032. The bonds are dated July 7, 2020. The bonds were refunded as stated in the following paragraphs.	
Total General Obligation Bonds	$ 5,960,000

Details about the City's long-term obligations, changes in long term debt, and current maturities for the next five years and thereafter are recorded on the following two pages:

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Education
Jayhawk Unified School District #346
Mound City, Kansas 66056

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited the Jayhawk Unified School District #346, Mound City, Kansas's (District) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2022. Jayhawk Unified School District #346's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the District's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally

accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF THE FINANCIAL STATEMENT PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Education
Jayhawk Unified School District #346
Mound City, Kansas 66056

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of Jayhawk Unified School District #346 as of the year ended June 30, 2022, and have issued our report thereon dated October 10, 2022.

Internal Control Over Financial Reporting
In planning and performing our audit of the financial statement, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in *internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. Therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
