INDEPENDENT AUDITOR'S REPORT ON FINANCIAL STATEMENTS

The Honorable Mayor and City Council P.O. Box 387 Highland, Kansas 66035

We have audited the accompanying fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances of the City Of Highland, Kansas as of and for the year ended December 31, 2020, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of this financial statement in accordance with the Kansas Municipal Audit and Accounting Guide as described in Note 1 to meet the financial reporting requirements of the State of Kansas, this includes determining that the regulatory basis of accounting is an acceptable basis for the presentation of the financial statement in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statement that is free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the Kansas Municipal Audit and Accounting Guide. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statement, the financial statement is prepared by the City Of Highland, Kansas to meet the requirements of the State of Kansas on the basis of the financial reporting provisions of the Kansas Municipal Audit and Accounting Guide, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the City Of Highland, Kansas as of December 31, 2020, or changes in financial position and cash flows thereof for the year then ended.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the financial statement referred to above presents fairly, in all material respects, the aggregate cash and unencumbered cash balance of the City Of Highland, Kansas as of December 31, 2020, and the aggregate receipts and expenditures for the year then ended in accordance with the financial reporting provisions of the Kansas Municipal Audit and Accounting Guide described in Note 1.

Other Matters

Supplementary Information

Our audit was conducted for the purpose of forming opinion on the Summary Statement of Regulatory Basis Receipts, Expenditures, and Unencumbered Cash (basic financial statement) as a whole. The summary of regulatory basis expenditures-actual and budget, individual fund schedules of regulatory basis receipts and expenditures-actual and budget, schedule of regulatory basis receipts and expenditures-nonbudgeted funds (Schedules 1, 2 and 3 as listed in the table of contents) are presented for analysis and are not a required part of the basic financial statement, however are required to be presented under the provisions of the Kansas Municipal Audit and Accounting Guide. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statement. The information has been subjected to the auditing procedures applied in the audit of the basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statement or to the basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statement as a whole, on the basis of accounting described in Note 1.

The notes to the financial statements are an integral part of this statement.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 – Summary of Significant Accounting Policies

Financial Reporting Entity

The City of Highland, Kansas is a municipal corporation governed by an elected six member council. The regulatory statement presents the City of Highland (the municipality). There are no organizations which meet the criteria for being combined in the City's report.

Regulatory Basis Fund Types

<u>General Fund</u> – The chief operating fund. Used to account for all resources except those required to be accounted for in another fund.

<u>Special Purpose Funds</u> - Used to account for the proceeds of specific tax levies and other specific revenue sources (other than major capital projects and tax levies for long-term debt) that are intended for specified purposes.

<u>Bond and Interest Fund</u> — Used to account for the accumulation of resources, including tax levies, transfers from other funds and payment of general long-term debt.

<u>Business Funds</u> – funds financed in whole or in part by fees charged to users of the goods or services (i.e. water fund, sewer fund, etc.)

Regulatory Basis of Accounting and Departure from Accounting Principles Generally Accepted in the United States of America

The Kansas Municipal Audit and Accounting Guide (KMAAG) regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis receipts and regulatory basis expenditures for the fiscal year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligation against cash. The KMAAG regulatory basis does not recognize capital assets, long-term debt. Accrued receivables and payables, or any other assets, liabilities or deferred inflows or outflows, other than those mentioned above.

The City has approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirement for application of generally accepted accounting principles and allowing the City to use the regulatory basis of accounting.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - Summary of Significant Accounting Policies (Continued)

Budgetary Information

Kansas Statutes require that an annual operating budget be legally adopted for the General Fund, Special Purpose Funds (unless specifically exempted by statute), Bond and Interest Funds, and Business Funds. Although directory rather than mandatory, the statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

- 1. Preparation of the budget for the succeeding calendar year on or before August 1st.
- 2. Publication in local newspaper on or before August 5th of the proposed budget and notice of public hearing on the budget.
- 3. Public hearing on or before August 15th, but at least ten days after publication of notice of hearing.
- 4. Adoption of the final budget on or before August 25th.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in revenues other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication, the hearing may be held and the governing body may amend the budget at that time. There were no such budget amendments for the 2021 year.

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison statements are presented for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

All legal annual operating budgets are prepared using the regulatory basis of accounting, in which revenues are recognized when cash is received and expenditures include disbursements, accounts payable and encumbrances, with disbursements being adjusted for prior year's accounts payable and encumbrances. Encumbrances are commitments by the municipality for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. All unused budgeted expenditure authority lapses at year end.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - Summary of Significant Accounting Policies (Continued)

Budgetary Information (continued)

A legal operating budget is not required for capital projects funds, trust funds and the following special revenue funds:

- 1) Degginger Fund,
- 2) Building Maintenance Fund,
- 3) Diversion Fund,
- 4) Parks and Recreation Fund
- 5) Minier Park Fund.

Spending in funds which are not subject to the legal annual operating budget requirement is controlled by federal regulations, other statutes, or by the use of internal spending limits established by the governing body.

NOTE 2 - Stewardship, Compliance and Accountability

We noted no violations of Kansas Statutes for the period under audit.

NOTE 3 - Deposits and Investments

K.S.A. 9-1401 establishes the depositories which may be used by the City. The statute requires banks eligible to hold the City's funds have a main or branch bank in the county in which the City is located, or in an adjoining county if such institution has been designated as an official depository, and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. The City has no other policies that would further limit interest rate risk.

K.S.A. 12-1675 limits the City's investments of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The City has no investment policy that would further limit its investment choices.

Concentration of Credit Risk

State statutes place no limit on the amount the government may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and K.S.A. 9-1405.

NOTES TO FINANCIAL STATEMENTS

NOTE 3 - Deposits and Investments (Continued)

Custodial Credit Risk - Deposits

Custodial credit risk is the risk that in the event of a bank failure, the City's deposits may not be returned to it. State statutes require the City's deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka. All deposits were legally secured at December 31, 2021.

At December 31, 2021, the City's carrying amount of deposits was \$1,127,246 and the bank balance was \$1,130,139. The bank balance was held by one bank resulting in a concentration of credit risk. Of the bank balance at year end, \$250,000 was covered by federal depository insurance and the remaining \$880,139 was collateralized with securities held by the pledging financial institutions' agents in the City's name.

Custodial Credit Risk-Investments

For an investment, this is the risk that, in the event of the failure of the issuer or counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State statutes require investments to be adequately secured.

NOTE 4 - Defined Benefit Pension Plan

Plan Description – The City of Highland, Kansas participates in the Kansas Public Employees Retirement System (KPERS), a cost sharing multiple-employer defined benefit pension plan as provided by K.S.A 74-4901, et. seq. Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and required supplementary information. KPERS' financial statements are included in its Comprehensive Annual Report which can be found on the KPERS website at www.kpers.org or by writing to KPERS (611 S. Kansas; Topeka, KS 66603) or by calling 1-888-275-5737.

NOTES TO FINANCIAL STATEMENTS

NOTE 4 - Defined Benefit Pension Plan (continued)

Contributions – K.S.A. 74-4919 and K.S.A. 74-4921 establishes the KPERS member-employee contribution rates depending on whether the employee is KPERS 1, KPERS2, or KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009. KPERS 2 members were first employed in a covered position on or after July 1 2009, and KPERS 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas law established the KPERS member-employee contribution rate at 6% of covered salary for KPERS 1, KPERS 2, and KPERS 3 members. Member contributions are withheld by their employer and paid to KPERS according to provisions Section 414(h) of the Internal Revenue Code.

State law provides that the employer contribution rates for KPERS 1, KPERS 2, and KPERS 3 be determined based on results of each annual actuarial valuation. Kansas sets a limitation on annual increases in the employer contributions rates. The actuarially determined employer contribution rate (not including the 1% contribution rate for the Death and Disability Program) and the statutory contribution rate was 8.61% for the fiscal year ended December 31, 2020. Contributions to the pension plan from the City of Highland, Kansas were \$25,432 for the year ended December 31, 2020.

Net Pension Liability

At December 31, 2021, the City of Highland, Kansas' proportionate share of the collective net pension liability reported by KPERS was \$253,131. The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined was an actuarial valuation as of December 31, 2019, which was rolled forward to June 30, 2020. The City of Highland, Kansas' proportion of the net pension liability was based on the ratio of the City of Lecompton, Kansas' contributions to KPERS, relative to the total employer and non-employer contributions to the Local subgroup within KPERS. Since KMAAG regulatory basis of accounting does not recognize long-term debt, this liability is not reported in these financial statements.

The complete actual valuation report including all actuarial assumptions and methods, and the report on the allocation of the KPERS collective net pension liability to all participating employers are publically available on the website www.KPERS.org or can be obtained as described above.

NOTES TO FINANCIAL STATEMENTS

NOTE 5 - Other Long Term Obligations from Operations

Other Post Employment Benefits

As provided by K.S.A. 12-5040, the City allows retirees to participate in the group health insurance plan. While each retiree pays the full amount of the applicable premium, conceptually, the city is subsidizing the retirees because each participant is charged a level of premium regardless of age. However, the cost of this subsidy has not been quantified in these statements.

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the city makes health care available to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured.

Compensated Absences

City policies regarding vacation pay provide full-time employees vacations with pay for two weeks, then three weeks after five years of service, to accumulate to six weeks maximum. Sick leave for full time employees accrues at two weeks per year to accumulate to six weeks maximum. This amount has not been recorded in the financial statements.

NOTE 6 - Claims and Judgments

The City participates in federal, state and county programs that are fully or partially funded by grants received form other governmental units. Expenditures financed by grants are subject to audit by the appropriate grantor government. If expenditures are disallowed due to noncompliance with grant program regulations, the City may be required to reimburse the grantor government. As of January 31, 2021, grant expenditures have not been audited, but the City believes that disallowed expenditures, if any, based on subsequent audits will not have a material effect on any of the individual governmental funds or the overall financial position of the City.

The City is exposed to various risks of loss related to limited torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employee; and natural disasters. The City has purchased commercial insurance for these potential risks. There have been no significant reductions in insurance coverage from 2019 to 2020 and there were no settlements that exceeded insurance coverage in the past three years.

NOTES TO FINANCIAL STATEMENTS

NOTE 6 - Claims and Judgments (continued)

During the ordinary course of its operations the City is a party to various claims, legal actions and complaints. It is the opinion of the City's management and legal counsel that these matters are not anticipated to have a material financial impact on the City

NOTE 7 - Operating Transfers

				1	Statutory	
	From		i wa To		Authority	Amount
