INDEPENDENT AUDITORS' REPORT

To the Board of Education
Unified School District #508
Baxter Springs, Kansas 66713

We have audited the accompanying summary statement of receipts, expenditures, and unencumbered cash - regulatory basis, of the Unified School District #508(District), Baxter Springs, Kansas, as of and for the fiscal year ended June 30, 2018 and the related notes to the financial statement.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of this financial statement in accordance with the *Kansas Municipal Audit and Accounting Guide* as described in Note 1; this includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the applicable audit requirements of the *Kansas Municipal Audit and Accounting Guide*. Those standards require we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

Board of Education
Unified School District #508
Baxter Springs, Kansas

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statement, the financial statement is prepared by the District on the basis of the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide*, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the “Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles” paragraph, the financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the District as of June 30, 2018 or changes in financial position and cash flows thereof for the fiscal year then ended.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the financial statement referred to above presents fairly, in all material respects, the aggregate cash and unencumbered cash balance of the District as of June 30, 2018, and the aggregate receipts and expenditures for the fiscal year then ended in accordance with the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide* described in Note 1.

Report on Required Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the June 30, 2018 summary statement of receipts, expenditures, and unencumbered cash – regulatory basis (financial statement) as a whole. The summary of expenditures – actual and budget – regulatory basis, individual fund schedules of receipts and expenditures – actual and budget – regulatory basis, schedule of receipts and disbursements – agency funds – regulatory basis and schedule of receipts, expenditures, and unencumbered cash – district activity funds – regulatory basis (Schedules 1, 2, 3, and 4 as listed in the table of contents), are presented for purposes of additional analysis and are not a required part of the June 30, 2018 financial statement, however they are required to be presented under the provisions of the *Kansas Municipal Audit and Accounting Guide*. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the financial statement. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the June 30, 2018 financial statement. The June 30, 2018 information has been subjected to the auditing procedures applied in the audit of the June 30, 2018 financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the June 30, 2018 financial statement or to the June 30, 2018 financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the June 30, 2018 required supplementary information is fairly stated in all material respects in relation to the June 30, 2018 financial statement as a whole, on the basis of accounting described in Note 1.

Board of Education
Unified School District #508
Baxter Springs, Kansas

The prior year actual column presented in the individual fund schedules of receipts and expenditures – actual and budget – regulatory basis (Schedule 2 as listed in the table of contents), are also presented for comparative analysis and are not a required part of the prior year financial statement upon which we rendered an unmodified opinion dated February 8, 2018. The June 30, 2017 financial statement and our accompanying report are not presented herein, but are available in electronic form from the web site of the Kansas Department of Administration, Office of Management Analysis and Standards at the following link <http://admin.ks.gov/office/chief-financial-office/municipal-services/>. Such prior year comparative information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the June 30, 2017 financial statement. The prior year comparative information was subjected to the auditing procedures applied in the audit of the June 30, 2017 financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the June 30, 2017 financial statement or to the June 30, 2017 financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion the prior year comparative information is fairly stated in all material respects in relation to the June 30, 2017 financial statement as a whole, on the basis of accounting described in Note 1.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated February 8, 2019 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

BAXTER SPRINGS, KANSAS

NOTES TO THE FINANCIAL STATEMENT
For the Fiscal Year Ended June 30, 2018

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statement of Unified School District #508, Baxter Springs, Kansas (District), has been prepared in order to show compliance with the cash basis and budget laws of the State of Kansas. The Governmental Accounting Standards Board is the principal standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the District's accounting policies follow. Note 1 describes how the District's accounting policies differ from accounting principles generally accepted in the United States of America.

Reporting Entity

The District is a municipal corporation governed by an elected seven-member board. This financial statement presents USD #508 (the primary government). The District has developed criteria to determine whether outside agencies, with activities which benefit the members of the District, should be included within its financial reporting entity. This criteria include but are not limited to, whether the District exercises financial accountability, selection of governing authority, designation of management, ability to significantly influence operations, scope of public service and special financing relationships. Based on the above criteria, the District has determined that no outside agency meets the criteria; therefore, no outside agency has been included as a related municipal entity in this financial statement.

Basis of Presentation - Fund Accounting

A fund is defined as an independent fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

The following types of funds comprise the financial activities of the District:

REGULATORY BASIS FUND TYPES

General Fund – to account for all unrestricted resources except those required to be accounted for in another fund.

Special Purpose Funds – to account for the proceeds of specific tax levies and other specific revenue sources (other than capital projects and tax levies for long-term debt) that are intended for specified purposes.

Bond and Interest Fund – to account for the accumulation of resources including tax levies, transfers from other funds and payment of general long-term debt.

Capital Project Funds – to account for debt proceeds and other financial resources to be used for acquisition or construction of major capital facilities or equipment.

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** - (Continued)

Basis of Presentation - Fund Accounting - (continued)

REGULATORY BASIS FUNDS - (Continued)

Trust Fund – funds used to report assets held in trust for the benefit of the municipal financial reporting entity (ie. Pension funds, investment trust funds, private purpose trust funds which benefit the municipal reporting entity, scholarship funds, etc.).

Agency Fund – funds used to report assets held by the municipal reporting entity in a purely custodial capacity (payroll clearing fund, county treasurer tax collection accounts, etc.).

Regulatory Basis of Accounting and Departure from Accounting Principles Generally Accepted in the United States of America

The KMAAG regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis revenues and regulatory basis expenditures for the fiscal year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligation against cash. The KMAAG regulatory basis does not recognize capital assets, long-term debt, accrued receivables and payables, or any other assets, liabilities or deferred inflows or outflows, other than those mentioned above.

The District has approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirement for application of generally accepted accounting principles and allowing the municipality to use the regulatory basis of accounting.

Budgetary Information

Kansas statutes require that an annual operating budget be legally adopted for the general fund, special purpose funds (unless specifically exempted by statute), and bond and interest fund and business funds. Although directory rather than mandatory, the statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

1. Preparation of the budget for the succeeding fiscal year on or before August 1.
2. Publication in the local newspaper of the proposed budget and a notice of public hearing on the budget on or before August 5.
3. Public hearing on or before August 15, but at least ten days after the publication of a notice of hearing.
4. Adoption of the final budget on or before August 25.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in revenue other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication, the hearing may be held and the governing body may amend the budget at that time. The District amended the Bilingual Education Fund's budget on May 23, 2018. There were no other budget amendments during the year. The budgeted expenditures in the General Fund and Supplemental General Fund were reduced to comply with the statutory budget maximum based upon enrollment.

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** - (Continued)

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison statements are presented as supplemental information for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

All legal annual operating budgets are prepared using the cash basis of accounting, modified further by the recording of accounts payable and encumbrances. Revenues are recognized when cash is received. Expenditures include cash disbursements, accounts payable and encumbrances. Encumbrances are commitments of the municipality for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. Any unused budgeted expenditure authority lapses at year end.

A legal operating budget is not required for capital project funds, trust funds and the following special purpose funds (Contingency Reserve, Student Materials, Title II, Title I, Kansas Reading Roadmap, Rural Low Income Schools, Education, Special Grants, Abernathy Trust, and District Activity). Spending in funds which are not subject to the legal annual operating budget requirement is controlled by federal regulations, other statutes or by the use of internal spending limits established by the governing body.

Compensated Absences

Full time employees receive twelve days of sick leave at the beginning of the school year. An employee may accumulate up to 58 days of sick leave. Upon KPERs retirement or death of the employee, the District pays \$70 per day of accumulated unused sick leave. In addition, at the end of the year, employees are paid \$70 per day for their accumulated days in excess of 58 days.

Full time, twelve-month employees accrue 20 days of vacation each year on June 30, which is to be taken within twelve months after year end.

The District determines a liability for compensated absences when the following conditions are met:

1. The District's obligation relating to the employee's rights to receive compensation for future absences is attributable to employee's services already rendered.
2. The obligation relates to rights that vest or accumulate.
3. Payment of the compensation is probable.
4. The amount can be reasonably estimated and is material to the financial statements.

In accordance with the above criteria, the District has not accrued a liability for sick pay or vacation pay.

Property Taxes

In accordance with governing state statutes, property taxes levied during the current year are a revenue source to be used to finance the budget of the ensuing year. Taxes are assessed on a calendar year basis and become a lien on the property on November 1 of each year. The County Treasurer is the tax collection agent for all taxing entities within the County. Property owners have the option of paying one-half or the full amount of the taxes levied on or before December 20 during the year levied with the balance to be paid on or before May 10 of the ensuing year. State statutes prohibit the County Treasurer from distributing taxes collected in the year levied prior to January 1 of the ensuing year. Consequently, for revenue recognition purposes, taxes levied during the current year are not due and receivable until the ensuing year. At December 31 such taxes are a lien on the property.

2. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Compliance with Kansas Statutes

The financial statement and the regulatory required supplemental schedules have been prepared in order to show compliance with the cash basis and budget laws of Kansas. The negative cash balance in the Kansas Reading Roadmap Fund is not a cash basis violation as the amounts will be reimbursed. As shown in the attached regulatory required supplemental information, there were no other apparent violations with the cash basis and budget laws of Kansas.

3. CASH IN BANK AND DEPOSITORY SECURITY

K.S.A. 9-1401 establishes the depositories which may be used by the District. The statute requires banks eligible to hold the District's funds have a main or branch bank in the county in which the District is located and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. The District has no other policies that would further limit interest rate risk.

K.S.A. 12-1675 limits the District's investment of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The District has no investment policy that would further limit its investment choices.

Concentration of credit risk. State statutes place no limit on the amount the District may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405.

<u>INVESTMENTS</u>	<u>PERCENTAGE OF INVESTMENTS</u>
Kansas Municipal Investment Pool	100%

Custodial credit risk – deposits. Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. State statutes require the District's deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka, except during designated "peak periods" when required coverage is 50%. All deposits were legally secured at June 30, 2018.

At June 30, 2018 the District's carrying amount of deposits was \$2,574,684 and the bank balance was \$2,865,484. The bank balance was held by two banks resulting in limited diversification of credit risk. Of the bank balance, \$277,060 was covered by federal depository insurance, and \$2,588,425 was collateralized with securities held by the pledging financial institutions' agents in the District's name with a market value of \$3,986,465.

The District's only investment is in the Kansas Municipal Investment Pool. The details are shown below:

<u>Investment Type</u>	<u>Maturity</u>	<u>Fair Value</u>	<u>Rating</u>
Kansas Municipal Investment Pool	Less than 1 year	\$ 5,015	S&P AAA+f/S1+

4. IN-SUBSTANCE RECEIPT IN TRANSIT

The District received \$646,973 subsequent to June 30, 2018, and as required by K.S.A. 72-6417 and 72-6434 the receipt was recorded as an in-substance receipt in transit and included as a receipt for the year ended June 30, 2018.

5. PENSION PLAN

General Information about the Pension Plan

Plan description. The District participates in the Kansas Public Employees Retirement System (KPERS), a cost-sharing multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, et. seq. Kansas law establishes and amends benefit provisions. KPERS issues a publically available financial report that includes financial statements and required supplementary information. KPERS' financial statements are included in its Comprehensive Annual Financial Report which can be found on the KPERS website at www.kpers.org or by writing to KPERS (611 South Kansas, Suite 100, Topeka, KS 66603) or by calling 1-888-275-5737.

Contributions. K.S.A. 74-4919 and K.S.A. 74-49,210 establish the KPERS member-employee contribution rates. KPERS has multiple benefit structures and contribution rates depending on whether the employee is a KPERS 1, KPERS 2 or KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009. KPERS 2 members were first employed in a covered position on or after July 1, 2009, and KPERS 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas law established the KPERS member-employee contribution rate at 6% of covered salary for KPERS 1, KPERS 2 and KPERS 3 members. Member contributions are withheld by their employer and paid to KPERS according to the provisions of Section 414(h) of the Internal Revenue Code.

State law provides that the employer contribution rates for KPERS 1, KPERS 2 and KPERS 3 be determined based on the results of each annual actuarial valuation. Kansas law sets a limitation on annual increases in the employer contribution rates. The actuarially determined employer contribution rate (not including the 1.00% contribution rate through March 31, 2016 with a 0% moratorium for the period of July 1, 2017 through September 30, 2017 for the Death and Disability Program) was 10.81 % for the fiscal year ended June 30, 2018. Per 2016 House substitute for Senate Bill 161, Section 98(a)(1), state general fund and expanded lottery act revenue for employer contributions to KPERS were deferred. The amount deferred for school contributions was \$92,917,091, for the fiscal year ended June 30, 2016 and the anticipated repayments per SB249 were nullified per HB2052 during the fiscal year 2017.

The State of Kansas contribution to KPERS for all school municipalities for the year ending June 30, 2018, received as of June 30th was \$304,596,361. Per 2017 Senate Substitute for House Bill 2052, Section 37(a), state general fund employer contributions to KPERS were decreased by \$64,130,234 for the fiscal year ended June 30, 2018. Section 43(17) of the bill also stipulates that repayments of the reduced contributions are to be amortized over twenty years at a level dollar amount commencing in fiscal year 2018. The level dollar amount was computed to be \$6.4 million dollars per year.

The State of Kansas is required to contribute the statutory required employer's share except for retired District employees. The District is responsible for the employer's portion of the cost for retired District employees. The District received and remitted amounts equal to the statutory contribution rate, which totaled \$717,041 for the year ended June 30, 2018.

5. PENSION PLAN (Continued)

Net Pension Liability

At June 30, 2018, the District's proportionate share of the collective net pension liability reported by KPERS was \$8,552,474. The net pension liability was measured as of June 30, 2017 and the total net pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2016, which was rolled forward to June 30, 2017. The District's proportion of the net pension liability was based on the ratio of the District's contributions to KPERS, relative to the total employer and non-employer contributions of the State/School subgroup within KPERS for the fiscal year ended June 30, 2017. Since the KMAAG regulatory basis of accounting does not recognize long-term debt, this liability is not reported in these financial statements.

The complete actuarial valuation report including all actuarial assumptions and methods, the report on the allocation of the KPERS collective net pension liability to all participating employers are publicly available on the website at www.kpers.org or can be obtained as described above.

6. POST EMPLOYMENT BENEFITS

Retirement

A professional certified employee is eligible for early retirement if such person is eligible for retirement under KPERS. The amount of the benefit is \$200 per year of service to the District and it is paid in a lump sum. In addition, employees that retired during the years ending June 30, 2015, and June 30, 2018 with 15 years experience in the District can receive up to 5 years of health insurance benefits.

Participation in Group Health Insurance Plan

As provided by K.S. A. 12-5040, retired employees are eligible to participate in the District's group health insurance plan until they have reached the age of 65. While each retiree may pay the full amount of the applicable premium, conceptually, the District is subsidizing the retirees because each participant is charged a level premium regardless of age. However, the cost of this subsidy has not been quantified in these financial statements.

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the District makes health care benefits available to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured. There is no cost to the District under this program.

7. RISK MANAGEMENT/CONTINGENCY

The District is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors and omissions; injuries to employees; employees health and life; and natural disasters. The District continues to carry commercial insurance for these risks. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

8. TRANSFERS

Operating transfers are routinely made from the General and Supplemental General Funds to other funds as allowed by Kansas Statutes. Operating transfers were as follows:

Notes: The Schedule of Expenditures of Federal Awards has been prepared using the regulatory basis of accounting as established in the Kansas Municipal Audit and Accounting Guide. Under the regulatory basis of accounting, revenues are recognized when cash is received. Expenditures include cash disbursements, accounts payable and encumbrances. Encumbrances are commitments of the District for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract.

The District did not elect to use the 10% de minimis indirect cost rate.

Total expenditures under the Child Nutrition Cluster were \$372,343.

Total expenditures under the 477 and TANF Clusters were \$154,779.

**Summary Schedule of Prior Audit Findings
For the Fiscal Year Ended June 30, 2018**

Finding 2017-001 and 2016-001 Drafting Financial Statements

Condition: The District's auditors, provide significant assistance with preparing their financial statement in the regulatory basis format as well as determining which disclosures are required.

Recommendation: None

Current Status: The District continues to rely on their auditors to assist in preparing the financial statement and disclosures. The District periodically reviews the situation. The District continues to believe this is the most cost-effective way to produce their financial statement. This remains a current year audit finding.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF THE FINANCIAL STATEMENT PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Education
Baxter Springs Unified School District #508
Baxter Springs, Kansas 66713

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the regulatory basis financial statement and the related notes of Unified School District #508 as of the year ended June 30, 2018, and have issued our report thereon dated February 8, 2019.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statement, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstance for the purpose of expressing our opinion on the financial statement, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statement will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies, and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We identified certain deficiencies in internal control described in the accompanying schedule of findings and questioned costs as item 2018-001 that we consider to be significant deficiencies.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statement is free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

We noted certain other matters that we reported to Management of the District in a separate letter dated February 8, 2019.

District's Response to Findings

The District's response to the findings identified in our audit is described in the Corrective Action Plan. We did not audit the District's response and accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Board of Education
Baxter Springs Unified School District #508
Baxter Springs, Kansas 66713

Report on Compliance for Each Major Federal Program

We have audited the Unified School District #508's (District) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2018. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, contracts and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibilities

Our responsibility is to express an opinion on compliance for each of the District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the District's compliance.

Opinion on Each Major Federal Program

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2018.

Report on Internal Control Over Compliance

Management of the District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

SECTION II - FINANCIAL STATEMENT FINDINGS

Significant Deficiency

2018-001 Drafting Financial Statements

Condition: As auditors, we provide significant assistance with adjusting entries, as well as determining which disclosures are required under generally accepted accounting standards and the regulatory basis of accounting. This is a repeat finding from June 30, 2017, and was identified in that report at 2017-001.

Criteria: Internal controls should be in place that provide a reasonable assurance that the financial statements are appropriate in form and contain the required disclosures.

Cause: Relying upon the independent auditors is a significant deficiency in internal controls as they can not be considered part of the District's internal control.

Effect: The District relies on independent auditors to determine the financial statements are in the correct form and include the proper disclosures.

Recommendation: None

Response: The District agrees with the finding. The District's response is in the attached Corrective Action Plan.

SECTION III - FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

None reported.

BAXTER SPRINGS PUBLIC SCHOOLS, USD #508

June 30, 2018 Financial Statements

Corrective Action Plan

Audit Finding 2018-001

USD #508 has always relied upon its auditors to provide significant assistance with adjusting entries and with determining which disclosures were required under the regulatory basis of accounting. While the USD #508 understands that this is a significant deficiency in our internal controls, we believe it is the most cost effective manner for us to produce our financial statements. Our accounting staff concentrate on providing the reports needed for management and regulatory purposes. We believe it would be inefficient and cost prohibitive for our staff to attempt to stay current on all the disclosure requirements of the regulatory basis of accounting. We do not plan on making any changes at this time. However, we will monitor this situation and periodically determine if it is cost effective for us to perform these functions.
