INDEPENDENT AUDITOR'S REPORT

Disclaimer of Opinion

We were engaged to audit the accompanying fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances of City of Galena, Kansas, as of and for the year ended December 31, 2025 and the related notes to the financial statement.

We do not express an opinion on the accompanying financial statement of City of Galena, Kansas. Because of the significance of the matters described in the "Basis for Disclaimer of Opinion on Regulatory Basis of Accounting" section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statement.

Basis for Disclaimer of Opinion on Regulatory Basis of Accounting

Bank account statements were not reconciled to the general ledger. The general ledger software program resulted in numerous misstatements. We did not receive a Management Representation Letter. As a result of these matters, we were not able to determine what, if any, adjustments might be necessary and whether the unencumbered cash balance is accurate.

Responsibilities of Management for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with the *Kansas Municipal Audit and Accounting Guide* as described in Note 1; this includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

In preparing the financial statement, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Galena, Kansas's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statement

Our responsibility is to conduct and audit of City of Galena, Kansas's financial statement in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the "Basis for Disclaimer of Opinion or Regulatory Basis of Accounting", section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statement.

We are required to independent of City of Galena, Kansas and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matters

Supplementary Information

We were engaged for the purpose of forming an opinion on the fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances (basic financial statement) as a whole. The summary of regulatory basis expenditures – actual and budget, individual fund schedules of regulatory basis receipts and expenditures – actual and budget, and schedule of regulatory basis receipts and disbursements – agency funds, (Schedules 1,2 and 3 as listed in the table of contents) are presented for the purpose of additional analysis and are not a required part of the basic financial statement, however, are required to be presented under the provisions of the *Kansas Municipal Audit and Accounting Guide*. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statement. The information has been subjected to the auditing procedures applied in the audit of the basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statement or to the basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. Because of the significance of the matters discussed in the "Basis for Disclaimer of Opinion on Regulatory Basis of Accounting" paragraph, it is inappropriate to, and we do not, express an opinion on the supplementary information referred to above.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

I.A. INTRODUCTION

The City of Galena, Kansas, was incorporated in 1877 and operates as a second class city under the statutes of the State of Kansas, (KSA 14-101 et. seq.). The City operates under a Mayor – Council form of government. Major services provided by the City include: Public Safety – Police and Fire, Highways and Streets, Sanitation, Health, Recreation, Public Improvements, Planning and Zoning, and General Administrative Services. The City also provides water, sewer and refuse utility services.

I.B. FINANCIAL REPORTING ENTITY

This financial statement presents the City of Galena, Kansas, (the municipality) as defined in K.S.A. 75-1117.

Related Municipal Entities: A related municipal entity is any legally separate municipal organization which was established to benefit the municipality or its' constituents. Related municipal entities are not required to be included in the City's audit by the Kansas Municipal Audit and Accounting Guide (KMAAG). Based upon the application of this criterion, the following is a brief review of potential related municipal entities:

Library Board – The City of Galena, Kansas Library Board operates the City's public library. The Library Board is appointed by the City Council. Acquisition or disposition of real property by the Board must be approved by the City. Bond issuances must also be approved by the City.

Galena Housing Authority – The City's Housing Authority operates the City's housing projects. The housing authority can sue and be sued, and can buy, sell, or lease real property. Bond issuances must be approved by the City.

I.C. REGULATORY BASIS FUND TYPES

The accounts of the City are organized into funds each of which is considered to be a separate accounting entity. The operations of each fund are summarized by providing a separated set of self-balancing accounts. The following funds are used by the City:

General Fund – the main operating fund. Used to account for all resources except those required to be accounted for in another fund.

Special Purpose Fund – used to account for the proceeds of specific tax levies and other specific regulatory receipt sources (other than Capital Project and tax levies for long-term debt) that are intended for specified purposes.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

I.C. REGULATORY BASIS FUND TYPES (CONTINUED)

Bond and Interest Fund – used to account for the accumulation of resources, including tax levies, transfers from other funds and payment of general long-term debt.

Business Fund – funds financed in whole or in part by fees charged to users of the goods or services (i.e. enterprise and internal service fund, etc.)

Trust Fund – funds used to report assets held in trust for the benefit of the municipal financial reporting entity (i.e. pension funds, investment trust funds, private purpose trust funds which benefit the municipal reporting entity, scholarship funds, etc.)

Agency Fund – funds used to report assets held by the municipal reporting entity in a purely custodial capacity (payroll clearing fund, county treasurer tax collection accounts, etc.)

I.D. BASIS OF ACCOUNTING

Regulatory Basis of Accounting and Departure from Accounting Principles Generally Accepted in the United States of America. The *Kansas Municipal Audit and Accounting Guide* (KMAAG) regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in a regulatory basis receipts and regulatory basis expenditures for the fiscal year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligation against cash. The KMAAG regulatory basis does not recognize capital assets, long-term debt, accrued receivables and payables, or any other assets, liabilities or deferred inflows or outflows, other than those mentioned above.

The municipality has approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirement for application of generally accepted accounting principles and allowing the municipality to use the regulatory basis of accounting.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

I.E. BUDGETARY INFORMATION

Kansas statutes require that an annual operating budget be legally adopted for the general fund, special purpose funds (unless specifically exempted by statute), bond and interest funds, and business funds. Although directory rather than mandatory, the statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

1. Preparation of the budget for the succeeding calendar year on or before August 1st.
2. Publication in local newspaper on or before August 5th of the proposed budget and notice of public hearing on the budget.
3. Public hearing on or before August 15th, but at least ten days after publication of notice of hearing.
4. Adoption of the final budget on or before August 25th.

If the municipality is holding a revenue neutral rate hearing, the budget timeline for the public hearing is adjusted to no sooner than August 20th and no later than September 20th, but at least ten days after all statutory notification and publication requirements have been met. Municipal budgets requiring a hearing to exceed the revenue neutral rate should be adopted on or before October 1st but may not be adopted prior to the revenue neutral rate hearing. The municipality did hold a revenue neutral rate hearing for this year.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in regulatory receipts other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication, the hearing may be held and the governing body may amend the budget at that time. There were no such budget amendments for the year.

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison schedules are presented for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

I.E. BUDGETARY INFORMATION (CONTINUED)

All legal annual operating budgets are prepared using the regulatory basis of accounting, in which, revenues are recognized when cash is received and expenditures include disbursements, accounts payable, and encumbrances, with disbursements being adjusted for prior year's accounts payable and encumbrances. Encumbrances are commitments by the municipality for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. Any unused budgeted expenditure authority lapses at year-end.

A legal operating budget is not required for capital project funds, trust funds, and certain special purpose funds as noted in the presentation of the appropriate Schedule 2.

Spending in funds which are not subject to the legal annual operating budget requirement is controlled by federal regulations, other statutes, or by the use of internal spending limits established by the governing body.

I.F. ASSETS AND LIABILITIES

Cash and Investments

The City pools cash resources of its various funds to facilitate the management of cash. Cash applicable to a particular fund is readily identifiable. The balance in the pool cash accounts is available to meet current operating requirements. Cash in excess of current requirements is invested in time deposits.

Additional cash and investment information is presented in Note III.A.

I.G. RECEIPTS AND EXPENDITURES

I.G.I. Sales Tax

The City of Galena, Kansas levies a 1% sales tax on taxable sales within the City. The tax is collected by the Kansas Department of Revenue and remitted to the City. The tax is placed in the General Fund to provide city services.

I.G.2. Property Tax

Property taxes are an enforceable lien on property as of January 1. Taxes are levied on November 1 and are due and payable one-half on December 20th and one-half on May 10th of the ensuing year. Unpaid taxes become delinquent after the due dates.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

I.G. RECEIPTS AND EXPENDITURES (CONTINUED)

I.G.2. Property Tax (Continued)

The assessed valuation of tangible property for the calendar year 2025 for the purposes of taxation was $21,079,325.

The tax levy per $100.00 of assessed valuation of tangible property for the calendar year was $7.53. The levy is composed of the sum of the legal tax levies for all funds with authorized levies.

Collection of current year property tax by the County Treasurer is not completed, apportioned, nor distributed to the various subdivisions until the succeeding year, such procedure being in conformity with governing state statutes. These taxes are used to finance budgeted expenditures for the succeeding year in accordance with Kansas Statutes.

I.G.3. Reimbursements

The City records reimbursable expenditures in the fund that makes the disbursement and records reimbursements as a receipt to the fund that receives the reimbursement. For purposes of budgetary comparisons, the expenditures are properly offset by the reimbursements under KMAAG regulatory basis accounting.

II. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

II.A. STATUTORY COMPLIANCE

The General, Special Water, Water and Sewer Funds exceeded the adopted budget for the year ended December 31, 2025. (K.S.A.79-2935)

The Sewer Equipment Reserve and Fire Equipment Reserve Funds had deficit cash balances and deficit unencumbered cash balances at December 31, 2025. (K.S.A. 10-1113)

The City Treasurer did not publish quarterly financial statements. (K.S.A. 12-1608)

III. DETAILED NOTES ON FUNDS AND ACCOUNTS

III.A. DEPOSITS AND INVESTMENTS

As of December 31, 2025, the City had the following investments and maturities.

		Investment Maturities (in Years)	
Investment Type	Fair Value	Less than 1	Rating
United States Savings Bonds	$ 2,000	$ 2,000	N/A

K.S.A. 9-1401 establishes the depositories which may be used by the Municipality. The statute requires banks eligible to hold the Municipality's funds have a main or branch bank in the county in which the Municipality is located or an adjoining county if such institution has been designated as an official depository, and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. The Municipality has no other policies that would further limit interest rate risk.

K.S.A. 12-1675 limits the Municipality's investment of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The Municipality has no investment policy that would further limit its investment choices. The rating of the Municipality's investments is noted above.

Concentration of credit risk. State statutes place no limit on the amount the Municipality may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405. The Municipality's allocation of investments as of December 31, 2025, is as follows:

Investments	Percentage of Investments
U.S. Government Savings Bonds	100%

III. DETAILED NOTES ON FUNDS AND ACCOUNTS (CONTINUED)

III.A. DEPOSITS AND INVESTMENTS (CONTINUED)

Custodial credit risk – deposits. Custodial credit risk is the risk that in the event of a bank failure, the Municipality's deposits may not be returned to it. State statutes require the Municipality's deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka, except during designated "peak periods" when required coverage is 50%. The Municipality does not designate "peak periods". All deposits were legally secured at December 31, 2025.

At December 31, 2025, the Municipality's carrying amount of deposits was $2,971,608 and the bank balance was $2,997,344. 100% of the bank balance was held by one bank resulting in a concentration of credit risk. Of the bank balance, $500,000 was covered by federal depository insurance and $2,497,344 was collateralized with securities held by the pledging financial institutions' agents in the City's name.

Custodial credit risk – investments. For an investment, this is the risk that, in the event of the failure of the issuer or counterparty, the Municipality will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State statutes require investments to be adequately secured.

III.B. INTERFUND TRANSFERS

Operating transfers were as follows:

From	To	Regulatory Authority	Amount
General	Economic Development	City Council	$ 167,954
General	Fire Equipment Reserve	KSA 12-1,117	$ 73,149
Water	Special Water	KSA 12-825d	$ 1,000
Water	Water Meter	KSA 12-825d	$ 2,956
Sewer	Sewer Equipment Reserve	KSA 12-1,117	$ 911

III.C. RESTRICTED ASSETS

The following amount in the following fund is restricted as follows:

General Fund	
Vehicle Inspection Fees (Law Enforcement)	$ 23,214

IV. Long-Term Debt

Changes in long-term liabilities for the City for the year ended December 31, 2025, were as follows:

Issue	Interest Rates	Date of Issue	Amount Issued	Date of Final Maturity	Balance Beginning of Year	Additions	Reductions/ Payments	Balance End of Year	Interest Paid
General Obligation Bonds:

V. PENSION PLAN

General Information about the Pension Plan

Plan description. The City of Galena, Kansas participates in the Kansas Public Employees Retirement System (KPERS), a cost-sharing multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, et. seq. Kansas law establishes and amends benefit provisions. KPERS issues a publically available financial report that includes financial statements and required supplementary information. KPERS' financial statements are included in its Comprehensive Annual Financial Report which can be found on the KPERS website at www.kpers.org or by writing to KPERS (611 South Kansas, Suite 100, Topeka, KS 66603) or by calling 1-888-275-5737.

Contributions. K.S.A. 74-4919 and K.S.A. 74-49,210 establish the KPERS member-employee contribution rates. KPERS has multiple benefit structures and contribution rates depending on whether the employee is a KPERS 1, KPERS 2 or KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009. KPERS 2 members were first employed in a covered position on or after July 1, 2009, and KPERS 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas law established the KPERS member-employee contribution rate at 6% of covered salary for KPERS 1, KPERS 2 and KPERS 3 members. Member contributions are withheld by their employer and paid to KPERS according to the provisions of Section 414(h) of the Internal Revenue Code.

State law provides that the employer contribution rates for KPERS 1, KPERS 2 and KPERS 3 be determined based on the results of each annual actuarial valuation. Kansas law sets a limitation on annual increases in the employer contribution rates. The actuarially determined employer contribution rate (not including the 1% contribution rate for the Death and Disability Program) and the statutory contribution rate was 9.71% for the fiscal year ended December 31, 2025. Contributions to the pension plan from City of Galena, Kansas were $118,451 for the year ended December 31, 2025.

V. PENSION PLAN (CONTINUED)

Net Pension Liability

At December 31, 2025, the City of Galena, Kansas's proportionate share of the collective net pension liability reported by KPERS was $924,379. The net pension liability was measured as of June 30, 2025, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2024, which was rolled forward to June 30, 2025. The City of Galena, Kansas's proportion of the net pension liability was based on the ratio of the City of Galena, Kansas's contributions to KPERS, relative to the total employer and non-employer contributions of the Local subgroup within KPERS. Since the KMAAG regulatory basis of accounting does not recognize long-term debt, this liability is not reported in this financial statement.

The complete actuarial valuation report including all actuarial assumptions and methods, and the report on the allocation of the KPERS collective net pension liability to all participating employers are publicly available on the website at www.kpers.org or can be obtained as described above.

VI. RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City has been unable to obtain workers' compensation insurance at a cost it considered to be economically justifiable. For this reason, the City joined together with other cities in the State to participate in Kansas Municipal Insurance Trust (KMIT), a public entity risk pool currently operating as a common risk management and insurance program for participating members.

The City pays an annual premium to the Kansas Municipal Insurance Trust (KMIT) for its workers' compensation insurance coverage. The agreement to participate provides that KMIT will be self-sustaining through member premiums and will reinsure through commercial companies for claims in excess of a stated dollar amount for each insured event. Additional premiums may be due if total claims for the pool are different than what has been anticipated by KMIT management.

The City continues to carry commercial insurance for all other risks of loss. There have been no significant reductions in insurance coverage. Settled claims resulting from risks have not exceeded commercial insurance coverage in any of the past three years.

VII. OTHER LONG-TERM OBLIGATIONS FROM OPERATIONS

Other Post-Employment Benefits. As provided by K.S.A. 12-540, the City allows retirees to participate in the group health insurance plan. While each retiree pays the full amount of the applicable premium, conceptually, the City is subsidizing the retirees because each participant is charge a level of premium regardless of age. However, the cost of this subsidy has not been quantified in this financial statement.

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the City makes health care benefits available to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured.

Compensated Absences. The City's policies regarding vacation and sick pay allow all full-time employees to receive one to four weeks' vacation time per year depending on their length of employment. Upon termination of service, after the first year, an employee is entitled to pay for unused vacation leave.

Full-time employees shall be entitled to personal leave with pay, which shall accumulate at the rate of 5.33 hours per month for any employment period after January 1, 2007. Part-time employees do not accrue personal leave.

It was impracticable to determine the accumulated unpaid vacation and sick pay. However, City Officials estimated the amount not to be material.

Death and Disability Other Post Employment Benefits. As provided by K.S.A. 74-4927, disabled members in the Kansas Public Employees Retirement System (KPERS) receive long-term disability benefits and life insurance benefits. The plan is administered through a trust held by KPERS that is funded to pay annual benefit payments. The employer contribution rate is set at 1% for the year ended December 31, 2025.

VIII. CONTINGENCIES

VIII.A. LITIGATION

The City is party to various legal proceedings which normally occur in governmental operations. While the outcome of such proceedings cannot be predicted, due to insurance maintained by the City, it is the opinion of the City's management and legal counsel that any settlement or judgment not covered by insurance would not have a material adverse effect on the financial condition of the City.

VIII.B. GRANT PROGRAM INVOLVEMENT

The City participates in federal, state and county programs that are fully or partially funded by grants received from other governmental units. Expenditures financed by grants are subject to audit by the appropriate grantor government. If expenditures are disallowed due to noncompliance with grant program regulations, the City may be required to reimburse the grantor or government. As of the date of this report, the grant expenditures have not been audited, but the City believes that disallowed expenditures, if any, based on subsequent audits will not have a material effect on any of the individual funds or the overall financial position of the City.

VIII.C. LANDFILL CLOSURE COSTS

The City has two landfills available for the disposal of construction/demolition materials and used tires. The operations of the landfill are accounted for in special purpose funds. The measurement and recognition of the liability for closure are based on total estimated current cost and landfill usage to date. Expenditures and fund liabilities are recognized using the statutory basis of accounting.

When the landfill stops accepting waste, the City is required by federal and state law to close the landfill, including final cover and storm water management.

The estimated closure cost for these activities as of December 31, 2025 was $1,394,625 based on cumulative landfill capacity used to date. The Monofill Landfill estimate is based on an estimate dated April 30, 2025. The Construction and Demolition Landfill estimate is based on the 2024/2025 Annual Cost Estimate, dated April 30, 2025. Cost estimates are based on current data, including contracts awarded by the City, contract bids, and engineering studies. These estimates are subject to adjustment to account for inflation and for any changes in landfill condition, regulatory requirements, technologies, or cost estimates.

IX. OTHER COMMITMENTS

Water Agreement – On June 1, 2002, the City entered into a twenty-five year agreement with Missouri American Water Company for the purchase of water. The City agrees to purchase an average of at least two hundred gallons per minute, per calendar month or pay the equivalency of such usage minus any amounts paid by the City for the actual usage in the same monthly period.

X. NEIGHBORHOOD REVITALIZATION PROGRAM

The City has approved a Neighborhood Revitalization Program (NRP). Applicants must apply for the rebate during the program period. Applicants must meet the criteria of the program.

Property taxes rebated under the NRP during 2025 were $33,309.

XI. HOUSING INCENTIVE DISTRICT

Under the Rural Housing Incentive Act, K.S.A. 12-5241 et seq., as amended, the City entered into an agreement with MV Residential Development, LLC ("Developer") to develop and construct multi-family residences on property located within the City of Galena, Kansas. The Developer is to pay the costs of the development. The City agrees to pay to the Developer all or a portion of the costs from amounts received from the County Treasurer, as a result of the Project, pursuant to K.S.A. 12-5250(b)(2)(A) until such time as the Eligible Cost has been fully reimbursed, but not to exceed 15 years from the date of establishment of the Incentive District. The Developer has submitted to the City eligible costs in the approximate amount of $750,000. The City received but did not remit the amount to the Developer during 2025.

XII. SUBSEQUENT EVENTS

Management has evaluated the effects on the financial statements of subsequent events occurring through the date of this report, which is the date at which the financial statement was available to be issued.

REGULATORY REQUIRED SUPPLEMENTARY INFORMATION

Schedule 1
