## INDEPENDENT AUDITORS' REPORT

Board of County Commissioners  
Franklin County, Kansas

### ***Adverse and Unmodified Opinions***

We have audited the accompanying fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances of Franklin County, Kansas, as of and for the year ended December 31, 2021, and the related notes to the financial statement.

### ***Adverse Opinion on U.S. Generally Accepted Accounting Principles***

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse and Unmodified Opinions" section of our report, the accompanying financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of Franklin County, Kansas, as of December 31, 2021, or changes in financial position and cash flows thereof for the year then ended.

### ***Unmodified Opinion on Regulatory Basis of Accounting***

In our opinion, the financial statement referred to above presents fairly, in all material respects, the aggregate cash and unencumbered cash balance of Franklin County, Kansas, as of December 31, 2021, and the aggregate receipts and expenditures for the year then ended in accordance with the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide* described in Note 1.

### ***Basis for Adverse and Unmodified Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the *Kansas Municipal Audit and Accounting Guide*. Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statement" section of our report. We are required to be independent of the County, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our adverse and unmodified audit opinions.

### ***Matter Giving Rise to Adverse Opinion on U.S. Generally Accepted Accounting Principles***

As discussed in Note 1 of the financial statement, the financial statement is prepared by Franklin County, Kansas, on the basis of the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide*, which is a basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

### ***Responsibilities of Management for the Financial Statement***

Management is responsible for the preparation and fair presentation of this financial statement in accordance with the *Kansas Municipal Audit and Accounting Guide* as described in Note 1; this includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

In preparing the financial statement, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibilities for the Audit of the Financial Statement***

Our objectives are to obtain reasonable assurance about whether the financial statement as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually, or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statement.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statement, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statement.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matters***

County of Franklin, Kansas  
Notes to Financial Statements  
For the Year Ended December 31, 2021

**Note 1**      **Summary of Significant Accounting Policies**

**A.**      **Reporting Entity**

The County of Franklin, Kansas is a municipal corporation governed by an elected five-member Board of County Commissioners. These financial statements present the County of Franklin, Kansas as a primary government only. The County has waived the application of accounting principles generally accepted in the United States of America and as such, have not included any component units in these financial statements.

**B.**      **Basis of Presentation**

A fund is defined as an independent fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations.

The following Regulatory Basis Fund Types comprise the financial activities of the County for the year ending December 31, 2021:

General Fund -- the chief operating fund. Used to account for all unrestricted resources except those required to be accounted for in another fund.

Special Purpose Funds -- used to account for the proceeds of specific tax levies and specific regulatory receipt sources (other than Capital Project and tax levies for long-term debt) that are intended for specified purposes.

Capital project Funds -- used to account for the debt proceeds and other financial resources to be used for acquisition or construction of major capital facilities or equipment.

Bond and Interest Funds -- used to account for the accumulation of resources, including tax levies, transfers from other funds and payment of general long-term debt.

Business funds -- funds financed in whole or in part by fees charged to users of the goods or services (i.e. enterprise and internal service fund etc.)

Trust funds -- funds used to report assets held in trust for the benefit of the entity (i.e. pension funds, investment trust funds, private purpose trust funds which benefit the municipal reporting entity, scholarship funds, etc.).

Agency Funds -- funds used to report assets held by the municipal reporting entity in a purely custodial capacity.

County of Franklin, Kansas  
Notes to Financial Statements  
For the Year Ended December 31, 2021

**C. Basis of Accounting**

*Regulatory Basis of Accounting and Departure from Accounting Principles Generally Accepted in the United States of America*

The Kansas Municipal Audit and Accounting Guide regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis revenues and regulatory basis expenditures for the fiscal year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligation against cash. The Kansas Municipal Audit and Accounting Guide regulatory basis does not recognize capital assets, long-term debt, accrued receivables and payables, or any other assets, liabilities or deferred inflows or outflows, other than those mentioned above.

The County has adopted a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirement for application of generally accepted accounting principles and allowing the County to use the regulatory basis of accounting.

**D. Budgets**

Kansas statutes require that an annual operating budget be legally adopted for the general fund, special revenue funds (unless specifically exempted by statute), debt service funds, and enterprise funds. The statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

1. Preparation of the budget for the succeeding calendar year on or before August 1st.
2. Publication in local newspaper on or before August 5th of the proposed budget and notice of public hearing on the budget.
3. Public hearing on or before August 15th, but at least ten days after publication of notice of hearing.
4. Adoption of the final budget on or before August 25th.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in revenue other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication the hearing may be held and the governing body may amend the budget at that time. During 2021, the County amended the following funds in the amounts indicated:

		Original <u>Budget</u>	Amended <u>Budget</u>
Solid Waste Disposal Fund	\$	1,438,380	1,738,380
Centropolis Sewer District Fund		42,110	62,510

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison statements are presented for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

County of Franklin, Kansas  
Notes to Financial Statements  
For the Year Ended December 31, 2021

All legal annual operating budgets are prepared using the modified accrual basis of accounting, modified further by the encumbrance method of accounting. Revenues are recognized when cash is received. Expenditures include disbursements, accounts payable, and encumbrances. Encumbrances are commitments by the municipality for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. Any unused budgeted expenditure authority lapses at year-end.

A legal operating budget is not required for capital projects funds, fiduciary funds, and the following special revenue funds:

- Health Capital Outlay Fund
- Special Ambulance Equipment Fund
- Special Capital Improvement Fund
- Special Equipment Reserve Fund
- Risk Management Reserve Fund
- Special Machinery Fund
- Solid Waste Capital Improvement Reserve Fund
- P25 Radio Project Fund

Spending in funds which are not subject to the legal annual operating budget requirement are controlled by federal regulations, other statutes, or by the use of internal spending limits established by the governing body.

**E. Assets, Liabilities, and Fund Equity**

*Cash*

To facilitate better management of the County's cash resources, excess cash is combined in pooled operating accounts. Each fund's portion of total cash is based on its equity in the pooled cash amount. Cash in excess of current operating needs is invested on a pooled investment basis and earnings thereon are credited to the General Fund or a specified Trust Fund.

*Property Taxes and Other Receivables*

Collection of current year property tax by the County Treasurer is not completed, apportioned nor distributed to the various subdivisions until the succeeding year, such procedure being in conformity with governing state statutes.

It is not practicable to apportion delinquent taxes held by the County Treasurer at the end of the audit period and further, the amounts thereof are not material in relationship to the financial statements taken as a whole.

**F. Revenues and Expenditures**

*Property Tax Revenue Recognition*

Property taxes become a lien against all property November 1st. Taxpayers have the option of paying in full or in two installments. The delinquency dates are December 20th and May 10th. Delinquent taxes are assessed interest at rates established by Kansas Statutes. This interest is retained by the county.

County of Franklin, Kansas  
Notes to Financial Statements  
For the Year Ended December 31, 2021

Taxes levied to finance the budget are made available to the County after January 1st and are distributed by the county treasurer approximately every month and a half. At least 50% of the taxes levied are available in January.

*Reimbursed Expenses*

Reimbursed expenses are defined as repayments of amounts remitted on behalf of another party. All reimbursed expenses shown in the financial statements meet the following criteria: 1) the related disbursement was made in the current year on behalf of the payee, 2) the item paid for was directly identifiable as having been used by or provided to the payee, and 3) the amount of the reimbursed expense was directly tied to the amount of the original cash disbursement.

*Interfund Transactions*

Quasi-external transactions are accounted for as revenue, expenditures or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed.

All other interfund transactions, except quasi-external transactions and reimbursements, are reported as transfers. Non-recurring or non-routine permanent transfers of equity are reported as residual equity transfers. All other interfund transfers are reported as operating transfers.

**Note 2    Deposits and Investments**

K.S.A. 9-1401 establishes the depositories which may be used by the County. The statute requires banks eligible to hold the County's funds have a main or branch bank in the County and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage.

K.S.A. 12-1675 allows the County to deposit idle funds in time deposits-open accounts, and certificates of deposit with allowable financial institutions; and to invest idle funds in U.S. government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool.

The County held no investments at December 31, 2021 and held no investments throughout the year.

*Concentration of credit risk:* State statutes place no limit on the amount the County may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405.

*Custodial credit risk – deposits:* Custodial credit risk is the risk that in the event of a bank failure, the County's deposits may not be returned to it. State statutes require the County's deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka, except during designated "peak periods" when required coverage is 50%. The County has not designated any peak periods.

For the Year Ended December 31, 2021

*Custodial credit risk – investments:* For an investment, this is the risk that, in the event of the failure of the issuer or counterparty, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State statutes require investments to be adequately secured.

At December 31, 2021, the carrying amount of the County's deposits was \$53,712,369 and the bank balance was \$54,250,075. Of the bank balance, \$1,250,081 was covered by federal depository insurance and the remaining \$52,999,994 was collateralized with securities held by the pledging financial institutions' agents in the County's name.

*Prior Year Defeasance of Debt*

In prior fiscal years, the County has issued advance refunding bonds to retire various outstanding debt issues. In each case, the debt which was advance refunded was called early and paid off in full. As a result, there is no defeased debt that is still outstanding.

**Note 4 Risk Management**

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. As part of their risk management plan, the County has joined together with other Counties in the State of Kansas to form the Kansas County Association Multi-Line Pool (KCAMP), and Kansas Workers Risk Cooperative for Counties (KWORCC) which are public entity risk-pools currently operating as common risk management and insurance programs for Kansas Counties. The County pays annual premiums to KCAMP and KWORCC for its general and worker's compensation insurance coverage. KCAMP and KWORCC are self-sustaining through member premiums. KCAMP reinsures through commercial companies for claims in excess of \$200,000 for property coverage, \$150,000 for crime coverage, and \$250,000 for liability coverage. KWORCC reinsures through commercial companies for claims in excess of \$1,000,000 for worker's compensation coverage. Additional premiums may be due from the County if total claims for the pool exceed amounts anticipated by either KCAMP or KWORCC management.

**Note 6 Other Long-Term Obligations from Operations**

*Compensated Absences.*

The County's vacation policy allows employees to earn a fixed number of hours vacation time per month of service. The rate of this accumulation varies from 4-18 hours per month, based upon the employee's length of employment with the County, the position which the employee holds, and status (full/part-time). A maximum of 240 hours of vacation time may be accrued, with any excess generally being forfeited. In extenuating circumstances, with Administrative approval, an employee can accrue an additional 30 hours beyond the 240 maximum; however, the additional hours must be used within 60 days of the accrual date or they will be forfeited. At the time of employment termination, unused vacation time is paid to the employee at their final rate of pay.

The County's policies regarding sick leave permit employees to earn from 4-12 hours sick leave per month, depending on full/part-time status and the position the employee holds. Employees can accumulate a maximum of 480 hours of sick leave. Employees whose positions are eliminated due to a reduction in work force, or who voluntarily leave the service of the County in good standing, receive compensation as follows for unused sick leave:

10% after 15 years of service  
15% after 20 years of service  
20% after 25 years of service

*Defined Benefit Pension Plan*

*Plan Description.* The County participates in the Kansas Public Employees Retirement System (KPERS), a cost-sharing multiple-employer defined benefit pension plan as provided by K.S.A. 75-4901, et seq. Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and required supplementary information. KPERS' financial statements are included in its Comprehensive Annual Financial Report which can be found on the KPERS website at [www.kpers.org](http://www.kpers.org) or by writing to KPERS (611 South Kansas, Suite 100; Topeka, KS 66603) or by calling 1-888-275-5737.

*Contributions.* K.S.A. 74-4919 and K.S.A. 74-49,210 establish the KPERS member-employee contribution rates. KPERS has multiple benefit structures and contribution rates depending on whether the employee is a KPERS 1, KPERS 2 or KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009. KPERS 2 members were first employed in a covered position on or after July 1, 2009, and KPERS 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas law established the KPERS member-employee contribution rate at 6% of covered salary for KPERS 1, KPERS 2 and KPERS 3 members. K.S.A. 74-4975 establishes KP&F member-employee contribution rate at 7.15% of covered salary. Member contributions are withheld by their employer and paid to KPERS according to the provisions of Section 414(h) of the Internal Revenue Code.

County of Franklin, Kansas  
Notes to Financial Statements  
For the Year Ended December 31, 2021

State law provides that the employer contribution rates for KPERS 1, KPERS 2, KPERS 3 and KP&F be determined based on the results of each annual actuarial valuation. Kansas law sets a limitation on annual increases in the employer contribution rates. The actuarially determined employer contribution rate (not including the 1% contribution rate for the Death and Disability Program) and the statutory contribution rate was 8.87% for KPERS and 22.80% for KP&F for the fiscal year ended December 31, 2021. Contributions to the pension plan from the County were \$1,057,067 for KPERS and \$912,679 for KP&F for the year ended December 31, 2021.

*Net Pension Liability.* At December 31, 2021, the County's proportionate share of the collective net pension liability reported by KPERS was \$4,385,060 and \$5,220,900 for KP&F. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2020, which was rolled forward to June 30, 2021. The County's proportion of the net pension liability was based on the ratio of the County's contributions to KPERS, relative to the total employer and non-employer contributions of the Local subgroup within KPERS. Since the KMAAG regulatory basis of accounting does not recognize long-term debt, this liability is not reported in these financial statements.

The complete actuarial valuation report including all actuarial assumptions and methods, and the report on the allocation of the KPERS collective net pension liability to all participating employers are publicly available on the website at [www.kpers.org](http://www.kpers.org) or can be obtained as described above.

**Note 8 Federally Assisted Programs – Compliance Audits**

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the County expects such amounts, if any, to be immaterial.

**Note 9 Construction Projects**

Capital Project authorizations, with approved change orders, compared with expenditures from inception are as follows:

<u>Project Name</u>		<u>Project Authorization</u>	<u>Expenditures To Date</u>
Jackson Road Bridge Project	\$	1,035,290	1,026,338
Proximity Industrial Park Project		13,567,152	10,632,424

**Note 10 Pending Litigation**

The County is defendant in various lawsuits which fall under the coverage of the County's insurance carrier. Although the outcome of these lawsuits is not presently determinable, it is the opinion of the County's legal counsel that resolution of these matters will not have a material adverse effect on the financial condition of the County.

**Note 11 Closure and Postclosure Care Costs of Landfill**

During 1994, the County adopted a plan to close its sanitary landfill. State and Federal environmental protection laws and regulations require that the County place a final cover on its landfill and perform certain maintenance and monitoring functions at the landfill site for thirty years after closure. The closure of the landfill was completed in 1995. Estimates for costs related to monitoring the landfill over the thirty year monitoring period have not been determined.

**Note 12 Public Building Commission**

During 2010, the County formed a Public Building Commission (PBC) under the authority of KSA 12-1757. During 2011, the PBC issued \$3,600,000 in lease revenue bonds, for the construction of a juvenile detention facility. These revenue bonds are an obligation of the PBC and are not an obligation of the County. These bonds were secured by a lease between the County and the PBC. Under the terms of the lease, the County is to pay rental payments to the PBC in an amount exactly sufficient to allow the PBC to make principal and interest payments on the bond issue as they come due.

In March, 2014, the County entered into a new lease purchase agreement with the PBC. Under this agreement, the PBC issued a total of \$4,400,000 in two lease revenue bond issues. The proceeds of these issues were used by the County for a Courthouse HVAC upgrade project (\$2,000,000), which began in 2013 and completed in 2014, and a Criminal Justice Center remodeling project (\$2,400,000), which began in 2014 and completed in 2015. These PBC bonds are secured by a lease between the County and the PBC and are not general obligations of the County.

Under accounting principles generally accepted in the United States of America, this PBC would be included in the County's financial statements as a component unit. However, as stated in Note 1, the County has waived the application of accounting principles generally accepted in the United States of America. Therefore, this component unit is not included in these financial statements.

**Note 13 COVID-19**

On January 30, 2020, the World Health Organization (“WHO”) announced a global health emergency because of a new strain of coronavirus in Wuhan, China (the “COVID-19 outbreak”) and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. As such, it is uncertain as to the full magnitude that the pandemic will have on the County’s financial condition, liquidity and future results of operations. The elected officials and management of the County are actively monitoring the global and local situation on its financial condition, liquidity, operations, suppliers, industry and workforce. Given the daily evolution of the COVID-19 outbreak and the global responses to curb its spread, the County is not able to estimate the effects of the COVID-19 outbreak on its results of operations, financial condition or liquidity for fiscal year 2021 or 2022.

As a result of COVID-19, the County received \$2,480,811 in funding through the American Rescue Plan Act during 2021. The County plans to begin spending these funds in 2022. These funds are to be used to strengthen health, to allow the economy to reopen safely and to remain open.

**Note 14 Subsequent Events**

In preparing this financial statement, the County has evaluated events and transactions for potential recognition or disclosure through June 1, 2022 the date the financial statement was available for issue.
