INDEPENDENT AUDITORS' REPORT

Board of County Commissioners
Wilson County, Kansas

We have audited the accompanying fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances of Wilson County, Kansas, as of and for the year ended December 31, 2018 and the related notes to the financial statement.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with the Kansas Municipal Audit and Accounting Guide as described in Note 1; this includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the Kansas Municipal Audit and Accounting Guide. Those standards require we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the County's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statement, the financial statement is prepared by Wilson County on the basis of the financial reporting provisions of the Kansas Municipal Audit and Accounting Guide, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the “Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles” paragraph, the financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of Wilson County as of December 31, 2018, or changes in financial position and cash flows thereof for the year then ended.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the financial statement referred to above presents fairly, in all material respects, the aggregate cash and unencumbered cash balance of Wilson County as of December 31, 2018, and the aggregate receipts and expenditures for the year then ended in accordance with the financial reporting provisions of the Kansas Municipal Audit and Accounting Guide described in Note 1.

Other Matters

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances (basic financial statement) as a whole. The summary of regulatory basis expenditures-actual and budget, individual fund schedules of regulatory basis receipts and expenditures-actual and budget, schedule of regulatory basis receipts and expenditures-agency funds, and reconciliation of the 2017 tax roll (Schedules 1, 2, 3 and 4 as listed in the table of contents) are presented for analysis and are not a required part of the basic financial statement, however are required to be presented under the provisions of the Kansas Municipal Audit and Accounting Guide. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statement. The information has been subjected to the auditing procedures applied in the audit of the basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statement or to the basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statement as a whole, on the basis of accounting described in Note 1.

We also previously audited, in accordance with auditing standards generally accepted in the United States of America, the basic financial statement of Wilson County as of and for the year ended December 31, 2017 (not presented herein), and have issued our report thereon dated August 18, 2018, which contained an unmodified opinion on the basic financial statement. The 2017 basic financial statement and our accompanying report are not presented herein, but are available in electronic form from the web site of the Kansas Department of Administration at the following link <http://admin.ks.gov/offices/chief-financial-officer/municipal-services>. The 2017 actual column (2017 comparative information) presented in the individual fund schedules of regulatory basis receipts and expenditures-actual and budget for the year ended December 31, 2018 (Schedule 2 as listed in the table of contents) is presented for purposes of additional analysis and is not a required part of the basic financial statement. Such 2017 comparative information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2017 basic financial statement. The 2017 comparative information was subjected to the auditing procedures applied in the audit of the 2017 basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2017 basic financial statement or to the

2017 basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the 2017 comparative information is fairly stated in all material respects in relation to the basic financial statement as a whole for the year ended December 31, 2017, on the basis of accounting described in Note 1.

WILSON COUNTY, KANSAS

Notes to Financial Statement
For the Year Ended December 31, 2018

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statement and schedules of Wilson County, Kansas (the County) have been prepared in order to show compliance with the cash basis and budget laws of the State of Kansas. The Governmental Accounting Standards Board is the principle standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the County's accounting policies follow. Note 1 describes how the County's accounting policies differ from accounting principles generally accepted in the United States of America.

Reporting Entity

Wilson County, Kansas is a municipal corporation governed by an elected three-member commission. This regulatory financial statement presents Wilson County, Kansas as a primary government. The County has waived the application of generally accepted accounting principles and as such, have not included any component units in this financial statement.

Regulatory Basis Fund Types

The accounts of the County are organized on the basis of funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for by providing a separate set of self-balancing accounts which comprise its cash, liabilities, fund equity, revenues and expenditures. The various funds are grouped by type in the financial statements. The types of funds maintained by the County are as follows:

General fund – the chief operating fund. Used to account for all resources except those required to be accounted for in another fund.

Special Purpose fund – used to account for the proceeds of specific tax levies and other specific revenue sources (other than Capital Project and tax levies for long-term debt) that are intended for specified purposes.

Trust fund – funds used to report assets held in trust for the benefit of the municipal financial reporting entity (i.e. pension funds, investment trust funds, private purpose trust funds which benefit the municipal reporting entity, scholarship funds, etc.)

Agency fund – funds used to report assets held by the municipal reporting entity in a purely custodial capacity (payroll clearing fund, county treasurer tax collection accounts, etc.).

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Accounting

Regulatory Basis of Accounting and Departure from Accounting Principles Generally Accepted in the United States of America The KMAAG regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis receipts and regulatory basis expenditures for the fiscal year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligation against cash. The KMAAG regulatory basis does not recognize capital assets, long-term debt, accrued receivables and payables, or any other assets, liabilities or deferred inflows or outflows, other than those mentioned above.

The municipality has approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirement for application of generally accepted accounting principles and allowing the municipality to use the regulatory basis of accounting.

Property Taxes

In accordance with governing state statutes, property taxes levied during the current year are a revenue source to be used to finance the budget of the ensuing year. Taxes are assessed on a calendar year basis and become a lien on the property on November 1st of each year. The County Treasurer is the tax collection agent for all taxing entities within the County. Property owners have the option of paying one-half or the full amount of taxes levied on or before December 20 during the year levied with the balance to be paid on or before May 10 of the ensuing year. State statutes prohibit the County Treasurer from distributing taxes collected in the year levied prior to January 1st of the ensuing year. Consequently, for revenue recognition purposes, taxes levied during the current year are not due and receivable until the ensuing year. At December 31, such taxes are a lien on the property.

Special Assessments

Kansas statutes require projects financed in part by special assessments to be financed through the issuance of general obligation bonds which are secured by the full faith and credit of the County. Special assessments paid prior to the issuance of general obligation bonds are recorded as revenue in the appropriate project. Special assessments received after the issuance of general obligation bonds are recorded as revenue in the bond and interest fund. Further, state statutes require levying additional general ad valorem property taxes in the County bond and interest fund to finance delinquent special assessments receivable.

Pension Plan

Substantially all full-time County employees are members of the State of Kansas Public Employees Retirement System or the State of Kansas Police and Fire Retirement System, both of which are multi-employer, state-wide pension plans. The County's policy is to fund all pension costs accrued; such costs to be funded are actuarially determined annually by the State of Kansas.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Reimbursed Expenses

K.S.A. 79-2934 provides that reimbursed expenditures, in excess of those budgeted, should be recorded as reductions in expenditures rather than as revenues. In the financial statement and budget comparison schedules presented in this report, reimbursements and refunds are recorded as revenues. The reimbursements are recorded as cash receipts when received by the County Treasurer and are often difficult to identify the exact expenditure which they are reimbursing. In funds showing expenditures in excess of the original adopted budget, reimbursements are added to the adopted budget as budget credits for comparison with the actual expenditures.

Budgetary Information

Kansas statutes require that an annual operating budget be legally adopted for the general fund, special purpose funds (unless specifically exempted by statute), bond and interest funds, and business funds. Although directory rather than mandatory, the statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

1. Preparation of the budget for the succeeding calendar year on or before August 1st.
2. Publication in local newspaper on or before August 5th of the proposed budget and notice of public hearing on the budget.
3. Public hearing on or before August 15th, but at least ten days after publication of notice of hearing.
4. Adoption of the final budget on or before August 25th.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in revenue other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication the hearing may be held and the governing body may amend the budget at that time. There were no such budget amendments for this year.

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison schedules are presented for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

All legal annual operating budgets are prepared using the regulatory basis of accounting, in which, revenues are recognized when cash is received and expenditures include disbursements, accounts payable, and encumbrances, with disbursements being adjusted for prior year's accounts payable and encumbrances. Encumbrances are commitments by the municipality for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. Any unused budgeted expenditure authority lapses at year-end.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

A legal operating budget is not required for capital project funds, trust funds, and the following special purpose fund:

- Community College Tuition Fund
- Special Equipment Reserve Fund
- Special Highway Fund
- Special Machinery Fund
- Wilson County 911
- Motor Vehicle Operating Fund
- County Treasurer’s Technology Fund
- Register of Deeds Technology Fund
- County Clerk’s Technology Fund
- Sheriff’s Equipment Reserve Fund
- Community Corrections Grant Fund
- SLVC Grant Fund
- Federal Aid Health Fund
- Community Development Block Grant Fund
- Emergency Preparedness Grant Fund
- Juvenile Justice Authority Fund
- Diversion Fees Fund
- KDHE – BWM Site Cleanup Grant Fund
- Rural Opportunity Zone Grant Fund

Spending in funds which are not subject to the legal annual operating budget requirement is controlled by federal regulations, other statutes, or by the use of internal spending limits established by the governing body.

2. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

Compliance with Kansas Statutes

Statement 1 and Schedule 1 have been prepared in order to show compliance with the cash basis and budget laws of Kansas. As shown in Statement 1 and Schedule 1, the County was in apparent compliance with Kansas cash basis and budget laws.

3. DEPOSITS AND INVESTMENTS

K.S.A 9-1401 establishes the depositories which may be used by the County. The statute requires banks eligible to hold the County’s funds have a main branch or branch bank in the county in which the County is located, or in an adjoining county if such institution has been designated as an official depository, and the bank provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. The County has no other policies that would further limit interest rate risk.

K.S.A 12-1675 limits the County’s investment of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. Government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The County has no investment policy that would further limit its investment choices.

Concentration of credit risk. State statutes place no limit on the amount the County may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405.

Custodial credit risk – deposits. Custodial credit risk is the risk that in the event of a bank failure, the County’s deposits may not be returned to it. State statutes require the County’s deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka. All deposits were legally secured at December 31, 2018.

3. DEPOSITS AND INVESTMENTS (Continued)

Deposits: At year-end, the County's carrying amount of deposits was \$10,992,941.48 and the bank balance was \$11,354,001.53. The bank balance was held by five banks resulting in a concentration of credit risk. Of the bank balance, \$2,003,179.66 was covered by FDIC insurance, \$8,136,789.10 was collateralized with pledged securities held by the pledging financial institutions' agents in the County's name, and \$1,214,032.77 was considered unsecured.

4. LONG-TERM DEBT

Changes in long-term debt for the County for the year ended December 31, 2018, were as follows:

Issue	Interest Rates	Date of Issue	Original Amount of Issue	Date of Final Maturity	Balance Beginning of Year	Additions	Reductions/ Payments	Balance End of Year	Interest Paid
Capital Lease									
TAC Controls	4.64%	August 14, 2007	\$ 715,281.00	August 14, 2022	\$ 294,056.46	\$ -	\$ (53,600.92)	\$ 240,455.54	13,644.22

Lease Payments	55,621.23
Less: Current Maturities	<u>(27,531.34)</u>
Long-Term Capital Lease Obligations	<u>\$ 28,089.89</u>

5. CAPITAL LEASE OBLIGATIONS (Continued)

The County has entered into a capital lease agreement in order to finance the acquisition of a Two Caterpillar Motor Graders. Payments are made monthly, including interest at 2.75%. Final maturity of the lease is July 1, 2022. Future minimum lease payments are as follows:

<u>Year Ended December 31</u>	<u>Totals</u>
2019	\$ 74,069.00
2020	74,069.00
2021	74,069.00
2022	<u>74,068.97</u>
	296,275.97
Less imputed interest	<u>(19,057.83)</u>
Net Present Value of Minimum Lease Payments	277,218.14
Less: Current Maturities	<u>(66,452.59)</u>
Long-Term Capital Lease Obligations	<u>\$ 210,765.55</u>

6. OPERATING LEASES

As of December 31, 2018 the County has entered an operating lease with Pitney Bowes for a postage machine. Rent expense for the year ended December 31, 2018 was \$2,376.00. Under the current lease agreement, the future minimum rental payments are as follows:

2019	\$	2,498.04
2020		2,498.04
2021		2,498.04
2022		2,498.04
2023		2,498.04

7. DEFINED BENEFIT PENSION PLAN

Plan description. The County participates in the Kansas Public Employees Retirement System (KPERS), a cost-sharing multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, et. seq. Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and required supplementary information. KPERS' financial statements are included in its Comprehensive Annual Financial Report which can be found on the KPERS website at www.kpers.org or by writing to KPERS (611 South Kansas, Suite 100, Topeka, KS 66603) or by calling 1-888-275-5737.

Contributions. K.S.A. 74-4919 and K.S.A. 74-49,210 establish the KPERS member-employee contribution rates. KPERS has multiple benefit structures and contribution rates depending on whether the employee is a KPERS 1, KPERS 2 or KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009. KPERS 2 members were first employed in a covered position on or after July 1, 2009, and KPERS 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas law established the KPERS member employee contribution rate at 6% of covered salary for KPERS 1, KPERS 2 and KPERS 3 members. Member contributions are withheld by their employer and paid to KPERS according to the provisions of Section 414(h) of the Internal Revenue Code.

7. DEFINED BENEFIT PENSION PLAN (Continued)

State law provides that the employer contribution rates for KPERS 1 and KPERS 2 and KPERS 3 be determined based on the results of each annual actuarial valuation. Kansas law sets a limitation on annual increases in the employer contribution rates. The actuarially determined employer contribution rate (not including the 1% contribution rate (for the Death and Disability Program) and the statutory contribution rate was 8.39% for the fiscal year ended December 31, 2018. Contributions to the pension plan from the County were \$244,139.03 for the year ended December 31, 2018.

Net Pension Liability

At December 31, 2018, the County's proportionate share of the collective net pension liability reported by KPERS was \$1,989,133.00. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2017, which was rolled forward to June 30, 2018. The County's proportion of the net pension liability was based on the ratio of the County's contributions to KPERS, relative to the total employer and nonemployer contributions of the Local subgroup within KPERS. Since the KMAAG regulatory basis of accounting does not recognize long-term debt, this liability is not reported in these financial statements.

The complete actuarial valuation report including all actuarial assumptions and methods, and the report on the allocation of the KPERS collective net pension liability to all participating employers are publicly available on the website at www.kpers.org or can be obtained as described above.

8. OTHER LONG-TERM OBLIGATIONS FROM OPERATIONS

Death and Disability Other Post-Employment Benefits

As provided by K.S.A. 74-4927, disabled members in the Kansas Public Employees Retirement System (KPERS) receive long-term disability benefits and life insurance benefits. The plan is administered through a trust held by KPERS that is funded to pay annual benefit payments. The employer contribution rate is set at 1% for the year ended December 31, 2018.

Compensated Absences:

All full-time employees of the County are eligible for vacation and sick leave in varying annual amounts. Full-time employees will be granted paid vacation and sick leave according to the following schedule:

- After one year of service the employee is entitled to 5 days of vacation leave and 5 days of sick leave.
- After two years of service the employee is entitled to 10 days of vacation leave and 10 days of sick leave.
- After five years of service the employee is entitled to 12 days of vacation leave and 10 days of sick leave.
- After ten years of service the employee is entitled to 15 days of vacation leave and 10 days of sick leave.

Upon termination of employment, resignation or retirement, an employee's unused vacation or sick leave will be forfeited.

In accordance with the above criteria, the County has not accrued a liability for vacation or sick leave earned, but not taken, by County employees, as the amounts cannot be reasonably estimated at this time.

8. OTHER LONG-TERM OBLIGATIONS FROM OPERATIONS (Continued)

Other Post Employment Benefits:

As provided by K.S.A. 12-5040, the local government allows retirees to participate in the group health insurance plan. While each retiree pays the full amount of the applicable premium, conceptually, the County is subsidizing the retirees because each participant is charged a level of premium regardless of age. However, the cost of this subsidy has not been quantified in these financial statements.

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the County makes health care benefits available to eligible former employees and eligible dependents. Certain requirements are outlined by the Federal government for this coverage. The Premium is paid in full by the insured. There is no cost to the County under this program.

9. RISK MANAGEMENT

The County is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors and omissions; injuries to employees; employees health and life; and natural disasters. The County manages these risks of loss through the purchase of various insurance policies.

10. MUNICIPAL SOLID WASTE LANDFILL CLOSURE AND POST CLOSURE CARE

The County currently operates a construction and demolition landfill. The County's sanitary waste disposal is handled through a transfer station. The County's sanitary landfill has been closed and engineering studies show the previously filled areas to be adequately covered. State and Federal environmental protection laws and regulations require that the County perform certain maintenance and monitoring functions at the landfill site for thirty years after closure. The cost of closure and post-closure care will be paid when due from funds accumulated for the purpose in restricted cash accounts, from allocation of ad valorem tax collections, from the proceeds of debt, or a combination of these.

11. SUMMARY DISCLOSURE OF SIGNIFICANT CONTINGENCIES

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the County expects such amounts, if any, to be immaterial.

12. HOSPITAL REVENUE BONDS

The County Commission approved two resolutions on October 23, 2006, authorizing the issuance of Series 2006 hospital revenue bonds for the purpose of providing funds to pay a portion of the costs to construct, furnish and equip an acute care hospital facility. Two issues were authorized totaling \$12,000,000. These bonds are to be serviced exclusively from hospital revenues.

13. INTERFUND TRANSFERS

Operating transfers were as follows:

<u>From Fund:</u>	<u>To Fund:</u>	<u>Statutory Authority</u>	<u>Amount</u>
Direct Election	Special Equipment Reserve	K.S.A. 19-119	\$ 15,000.00
Road and Bridge	Special Highway	K.S.A. 68-590	190,134.68
Road and Bridge	Special Machinery	K.S.A. 19-119	300,000.00
Motor Vehicle Operating	Special Equipment Reserve	K.S.A. 19-119	5,000.00
Motor Vehicle Operating	General	K.S.A. 8-145	46,967.41

Residual transfers were as follows:

<u>From Fund:</u>	<u>To Fund:</u>	<u>Statutory Authority</u>	<u>Amount</u>
Extension Council	General	K.S.A. 79-2958	\$ 712.38

14. SUBSEQUENT EVENTS

The County evaluated events and transactions occurring subsequent year end, and there were no subsequent events requiring recognition in the financial statement. Additionally, there were no nonrecognized subsequent events requiring disclosure.

County Commissioners
Wilson County, Kansas

In planning and performing our audit of the financial statement of Wilson County, Kansas as of and for the year ended December 31, 2018, in accordance with auditing standards generally accepted in the United States of America, we considered Wilson County's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statement, but not for the purpose of expressing an opinion on the effectiveness of Wilson County's internal control. Accordingly, we do not express an opinion on the effectiveness of Wilson County's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be material weaknesses.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. We consider the following deficiencies in Wilson County's internal control to be material weaknesses:

Preparation of Financial Statement

Accounting standards states the client must be able to accept responsibility and be able to identify a material misstatement when reviewing the financial statement, including footnotes and supplemental information. This would also include knowing if a required footnote disclosure was missing or not correctly stated. Presently, the County staff does not have the ability to process and prepare the required financial statement, including footnotes. The potential effects of this material weakness could be unrecognized errors on the financial statement. While we recognize that this condition is not unusual for a County your size, it is important that you be aware of this condition for financial reporting purposes. Management and the County Commissioners should continually be aware of the financial reporting of the County and changes in reporting requirements.

Bank Reconciliations

During our fieldwork, it was noted bank statements were not properly reconciled to the appropriate general ledger accounts. Not reconciling the bank accounts on a monthly basis means errors or other problems might not be recognized and resolved on a timely basis. This deficiency in the design and operation of the internal controls in this area could adversely affect the recording, processing, summarization, and reporting of financial data if actual cash bank balances are not reconciled to the cash balances in the general ledger at the end of each month and therefore, is considered to be a material weakness. We would like to point out the timely preparation of complete and accurate bank reconciliations is a key to maintaining adequate control over both cash receipts and cash disbursements.

Landfill Controls

During our testing of landfill remittances to the treasurer, it was noted there was a lack of controls over billing and lack of documentation for cash deposits remitted to the Treasurer. The charges billed for the landfill services were inconsistent as we noted on multiple receipts that the weigh ticket showing the tonnage and charges associated were miscalculated, based on the stated rate. Proper support for cash remitted to the treasurer was not provided, therefore, we were unable to complete our test of receipts that were remitted to the Treasurer. The cash collected was not summarized adequately in order for our test to verify which receipts were associated with the deposit being remitted. We recommend that for every deposit, there is proper documentation for what receipts make up those fees being remitted. Landfill monies are also not getting remitted to the Treasurer in a timely manner. It was noted that in some months monies were not remitted to the Treasurer until two months after being collected.

Credit Cards and Charge Accounts

During our testing of County credit cards, we identified some charges on the VISA card, which did not contain adequate supporting documentation. We would like to point out that all disbursements of the County should be supported by a written claim against the County and the County charge cards should not be used for personal use. Unsupported disbursements could be cause for unallowable expenses under current Kansas statutes and deemed for personal use. There were many items that had a personal nature to them purchased with the card and a few restaurant receipts with no detailed receipt. If these are legitimate County expenses, notations should be made to allow approvers and outsiders to know why items of a personal nature were purchased and detail of restaurant receipts should be obtained when eating out. It was noted that employees are not following the County policy regarding how much is allowed to be spent on meals when traveling and reimbursements from employees for amounts overspent are not being received. We would like to advise the County to review the policy and take action on this matter.

This communication is intended solely for the information and use of management, County Commissioners, and others within the County, and is not intended to be, and should not be, used by anyone other than these specified parties.
