INDEPENDENT AUDITORS' REPORT

Board of Education Unified School District No. 457 Garden City, Kansas 67846

Report on the Financial Statement

We have audited the regulatory basis fund summary statement of receipts, expenditures and unencumbered cash of Unified School District No. 457, Garden City, Kansas, as of and for the year ended June 30, 2020, and the related notes to the financial statement, which collectively comprise the District's basic financial statement as listed in the table of contents.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with the *Kansas Municipal Audit and Accounting Guide* as described in Note 1 to meet the financial reporting requirements of the State of Kansas; this includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the Kansas Municipal Audit and Accounting Guide; and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Board of Education Unified School District No. 457 Page 2

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statement, the financial statement is prepared by Unified School District No. 457, Garden City, Kansas, to meet the requirements of the State of Kansas on the basis of the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide*, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statement referred to above does not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of each fund of Unified School District No. 457, Garden City, Kansas, as of June 30, 2020, or changes in financial position and cash flows thereof for the year then ended.

Opinion on Regulatory Basis of Accounting

In our opinion, the financial statement referred to above presents fairly, in all material respects, the aggregate cash and unencumbered cash balance of Unified School District No. 457, Garden City, Kansas, as of June 30, 2020, and the respective aggregate receipts and expenditures for the year then ended in accordance with the basis of accounting practices prescribed or permitted by the *Kansas Municipal Audit and Accounting Guide* as described in Note 1.

Other Information

Our audit was conducted for the purpose of forming an opinion on the regulatory basis fund summary statement of receipts, expenditures and unencumbered cash balances (basic financial statement) as a whole. The regulatory basis summary of expenditures – actual and budget, the regulatory basis individual fund schedules of receipts and expenditures – actual and budget, the regulatory basis schedule of receipts and disbursements – student activity funds, and the regulatory basis schedule of receipts, expenditures, and unencumbered cash – district activity funds (Schedules 1, 2, 3 and 4 as listed in the table of contents) are presented for additional analysis and are not a required part of the basic financial statement; however they are required to be presented under the provisions of the *Kansas Municipal Audit and Accounting Guide*. In addition, the other supplemental information (Schedules 5 and 6 as listed in the table of contents) which includes the Schedule of Expenditures of Federal Awards, required by the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), is presented for purposes of additional analysis and is not a required part of the basic financial statement.

Such information presented in Schedules 1 through 6, including the Schedule of Expenditures of Federal Awards, is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statement. The information has been subjected to the auditing procedures applied in the audit of the basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statement or to the basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information, including the Schedule of Expenditures of Federal Awards, is fairly stated in all material respects in relation to the basic financial statement as a whole, on the basis of accounting described in Note 1.

Board of Education Unified School District No. 457 Page 3

We also previously audited, in accordance with auditing standards generally accepted in the United States of America, the basic financial statement of Unified School District No. 457, Garden City, Kansas, as of and for the year ended June 30, 2019, (not presented herein), and have issued our report thereon dated November 19, 2019, which contained an unmodified opinion on the basic financial statement. The 2019 basic financial statement and our accompanying report are not presented herein, but are available in electronic form from the web site of the Kansas Department of Administration at the following link: https://admin.ks.gov/offices/chief-financial-officer/municipal-services. The 2019 actual column (2019 comparative information) presented in the individual fund schedules of regulatory basis receipts and expenditures—actual and budget for the year ended June 30, 2020, (Schedules 2 and 5 as listed in the table of contents) is presented for purposes of additional analysis and is not a required part of the basic financial statement. Such 2019 comparative information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2019 basic financial statement. The 2019 comparative information was subjected to the auditing procedures applied in the audit of the 2019 basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2019 basic financial statement or to the 2019 basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the 2019 comparative information is fairly stated in all material respects in relation to the basic financial statement as a whole for the year ended June 30, 2019, on the basis of accounting described in Note 1.

Our audit was conducted for the purpose of forming an opinion on the basic financial statement as a whole. The other supplemental information (Graphs 1 through 3 as listed in the table of contents) is presented for purposes of additional analysis and is not a required part of the financial statement. Such information has not been subjected to the auditing procedures applied in the audit of the financial statement, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

Lewis, Hoope & Wick, LLC

In accordance with *Government Auditing Standards*, we have also issued our report dated February 5, 2021, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

UNIFIED SCHOOL DISTRICT NO. 457 GARDEN CITY, KANSAS Notes to the Financial Statement

For the Year Ended June 30, 2020

1. Summary of significant accounting policies

A. Financial reporting entity

The District is a municipal corporation governed by an elected seven-member board. The financial statement presents Unified School District No. 457, Garden City, Kansas (the municipality).

B. Regulatory basis of accounting and departure from accounting principles generally accepted in the United States of America

The Kansas Municipal Audit and Accounting Guide regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis receipts and regulatory basis expenditures for the fiscal year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligation against cash. The Kansas Municipal Audit and Accounting Guide regulatory basis does not recognize capital assets, long-term debt, accrued receivables and payables, or any other assets, liabilities or deferred inflows or outflows, other than those mentioned above.

The District has approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirement for application of generally accepted accounting principles and allowing the District to use the regulatory basis of accounting.

C. Regulatory basis fund types

A fund is defined as an independent fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations. The following fund types are used by the District:

General funds – the chief operating funds; used to account for all resources except those required to be accounted for in another fund.

Special Purpose funds – used to account for the proceeds of specific tax levies and other specific revenue sources (other than capital project and tax levies for long-term debt) that are intended for specified purposes.

Bond and Interest funds – used to account for the accumulation of resources, including tax levies, transfers from other funds and payment of general long-term debt.

Capital Project funds – used to account for the debt proceeds and other financial resources to be used for acquisition or construction of major capital facilities or equipment.

Business funds – financed in whole or in part by fees charged to users of the goods or services (i.e., enterprise and internal service fund, etc.).

Trust funds – used to report assets held in trust for the benefit of the municipal financial reporting entity (i.e., pension funds, investment trust funds, private purpose trust funds which benefit the municipal reporting entity, scholarship funds, etc.).

Notes to the Financial Statement For the Year Ended June 30, 2020

1. Summary of significant accounting policies (continued)

C. Regulatory basis fund types (continued)

Agency funds – used to report assets held by the municipal reporting entity in a purely custodial capacity (i.e., interest clearing fund, payroll clearing fund, etc.).

D. Cash and investments

Cash resources of the individual funds are combined to form a pool of cash and investments which is managed by the District (except for investments in the Kansas Municipal Investment Pool). Cash includes amounts in demand deposits, time deposits and certificates of deposit. Investments of the pooled accounts consist primarily of investments with the Kansas Municipal Investment Pool and U.S. government securities carried at cost, which approximates market value. Interest income earned is allocated as designated by the Board.

State statutes authorize the District to invest idle funds in U.S. government securities, temporary notes, no-fund warrants, repurchase agreements and the Kansas Municipal Investment Pool. Investments of the District are stated at fair value which equals cost. The aggregate value of the investments, including certificates of deposit, at June 30, 2020, is \$31,047,500.

E. Property taxes and special assessments

The determination of assessed valuations and the collections of property taxes for all political subdivisions in the State of Kansas is the responsibility of the counties. The County Appraiser annually determines assessed valuations based on real property transactions as recorded by the Register of Deeds and personal property holdings reported by taxpayers. The County Clerk spreads the annual assessment on the tax rolls and the County Treasurer collects the taxes for all taxing entities within the County.

Taxes are assessed on a calendar year basis, are levied and become a lien on the property on November 1st of each year. The County Treasurer is the tax collection agent for all taxing entities within the County. Property owners have the option of paying one-half or the full amount of the taxes levied on or before December 20th during the year levied with the balance to be paid on or before May 10th of the ensuing year. State statutes prohibit the County Treasurer from distributing the taxes collected in the year levied prior to January 1st of the ensuing year. One-half of the property taxes are due December 20th and distributed to the District by January 20th to finance a portion of the current year's budget. The second half is due May 10th and distributed to the District by June 5th. The District Treasurer draws available funds from the County Treasurer's office at designated times throughout the year.

F. Interfund transactions

Quasi-external transactions (i.e., transactions that would be treated as revenues or expenses if they involved organizations external to the governmental unit, such as internal service fund billings to departments) are accounted for as receipts or expenditures. Transactions that constitute reimbursements to a fund for expenditures initially made from it that are properly applicable to another fund, are recorded as expenditures in the reimbursing fund and as reductions of expenditures in the fund that is reimbursed.

All other interfund transactions, except quasi-external transactions and reimbursements, are reported as transfers.

G. Memorandum totals

Total rows on the financial statement are captioned "memorandum only" to indicate that they are presented only to facilitate financial analysis. No consolidated financial information is presented nor are all required disclosures presented for these amounts.

Notes to the Financial Statement For the Year Ended June 30, 2020

2. Stewardship, compliance and accountability

A. Budgetary information

Kansas statutes require that an annual operating budget be legally adopted for the general funds, special purpose funds (unless specifically exempted by statute), bond and interest funds and business funds. Although directory rather than mandatory, the statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

- Preparation of the budget for the succeeding calendar year on or before August 15th.
- 2. Publication in local newspaper of the proposed budget and notice of public hearing on the budget on or before August 5th.
- 3. Public hearing on or before August 15th, but at least ten days after publication of notice of hearing.
- 4. Adoption of the final budget on or before August 25th.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in receipts other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication, the hearing may be held and the governing body may amend the budget at that time.

A qualified budget adjustment for expenditures outside the legal maximum budget for the General fund exists for juvenile detention center expenditures and evidence based reading grant expenditures, resulting in additional budget authority as follows:

	Increase					
General			\$	91,181		

The legal level of budgetary control is the fund level. The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison schedules are presented for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

All legal annual operating budgets are prepared using the regulatory basis of accounting. Receipts are recognized when cash is received. Expenditures include disbursements, accounts payable, and encumbrances, with disbursements being adjusted for prior year's accounts payable and encumbrances. Encumbrances are commitments by the District for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. All unencumbered appropriations (legal budget expenditure authority) lapse at year-end.

A legal operating budget is not required for capital project funds, trust funds, agency funds and the following special purpose funds:

Health Care Reserve Contingency Reserve Textbook Rental Grant Activity District Activities

Spending in funds which are not subject to the legal annual operating budget requirement are controlled by federal regulations, other statutes or by the use of internal spending limits established by the governing body.

Notes to the Financial Statement For the Year Ended June 30, 2020

2. Stewardship, compliance and accountability (continued)

B. <u>Compliance with finance related legal and contractual provisions</u>

References made herein to the statutes are not intended as interpretations of the law, but are offered for consideration of the Kansas Department of Administration's Chief Financial Officer, and interpretation by the County Attorney and the legal representation of the District.

There are no known material violations of finance related legal and contractual provisions including Kansas statutes, regulations, contracts, debt covenants, or other agreements for the year ended June 30, 2020. Funds with deficit unencumbered cash balances are discussed in Note 2, item C.

C. Deficit unencumbered cash

The following funds had deficit unencumbered cash balances as of June 30, 2020:

2020 Title I-D Local Delinquency Grant	\$ 18,000
2020 Carl Perkins Program Improvement	50
2020 Kansas Reading Roadmap	79,460
2020 Striving Readers LiNK Grant	90,360

Grant funds and other reimbursements were due to the District at year end to cover the deficits in these grant funds.

3. Detailed note on all funds

A. Deposits and investments

A reconciliation of cash and investments as shown in the composition of cash on the summary of receipts, expenditures and unencumbered cash on Statement 1 is as follows:

Carrying amount of deposits	\$ 27,784,486
Repurchase agreements - Treasury obligations	13,699,383
Cash on hand	250
Total cash	\$ 41,484,119

At June 30, 2020, the District had the following investments:

		Investment Mat		
Investment Type	Fair Value	Less than 1	1-2	Rating
Repurchase agreements - Treasury obligations	\$ 13,699,383	\$ 13,699,383	\$ -	N/A
Total fair value	\$ 13,699,383	\$ 13,699,383	_\$	

K.S.A. 9-1401 establishes the depositories which may be used by the District. The statute requires banks eligible to hold the District's funds have a main or branch bank in the county in which the District is located, or in an adjoining county if such institution has been designated as an official depository, and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. The District has no other policies that would further limit interest rate risk.

K.S.A. 12-1675 limits the District's investment of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. government securities; temporary notes; no fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool.

Notes to the Financial Statement For the Year Ended June 30, 2020

3. <u>Detailed note on all funds</u> (continued)

A. <u>Deposits and investments</u> (continued)

The District has no investment policy that would further limit its investment choices.

Concentration of credit risk

State statutes place no limit on the amount the District may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405. The District's allocation of investments as of June 30, 2020, is as follows:

	Percentage of
Investments	Investments
Treasury obligations	100.00%

Custodial credit risk - deposits

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. State statutes require the District's deposits in financial institutions be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City or the Federal Home Loan Bank of Topeka except during designated "peak periods" when required coverage is 50%. The District has no designated "peak periods".

At June 30, 2020, the District's carrying amount of deposits was \$27,784,486 and the bank balance was \$26,134,690. Of the bank balance, 93% was held by one bank resulting in a concentration of credit risk. Of the bank balance, \$707,870 was covered by federal depository insurance and \$25,426,820 was collateralized with securities held by the pledging financial institutions' agents in the District's name. The District's cash deposits by financial institution and category of coverage at year-end are as follows:

	Commerce Bank	American State Bank	Valley State Bank
FDIC coverage Pledged securities at market value	\$ 250,000 25,094,666	\$ 250,000 1,512,849	\$ 207,870 -
Total coverage	\$ 25,344,666	\$ 1,762,849	\$ 207,870
Funds on deposit	\$ 24,253,336	\$ 1,673,484	\$ 207,870
Funds at risk	\$ -	\$ -	\$ - =

Custodial credit risk - investments

Custodial credit risk for an investment is the risk that in the event of the failure of the issuer or counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State statutes require investments to be adequately secured.

B. In-substance receipt in transit

The District received \$3,060,511 subsequent to June 30, 2020, and as required by K.S.A. 72-6466 the receipt was recorded as an in-substance receipt in transit and included as a receipt for the year ended June 30, 2020.

Notes to the Financial Statement For the Year Ended June 30, 2020

Notes to the Financial Statement For the Year Ended June 30, 2020

3. Detailed note on all funds (continued)

D. Long-term debt (continued)

Current maturities of long-term debt and interest for the next five years and in five year increments through maturity are as follows:

Ended					
June 30,	 Principal	Interest		Total	
2021	\$ 3,060,000	\$ 5,621,884	\$	8,681,884	
2022	3,385,000	3,359,531		6,744,531	
2023	3,730,000	3,193,056		6,923,056	
2024	4,110,000	3,009,056		7,119,056	
2025	4,490,000	2,817,656		7,307,656	
2026-2030	28,770,000	10,493,893		39,263,893	
2031-2035	 41,325,000	3,657,129		44,982,129	
Total	\$ 88,870,000	\$ 32,152,205	\$	121,022,205	

Legal debt margin

The debt limit per K.S.A. 72-5457 is fourteen percent of the assessed valuation of taxable tangible property within the District, except that such limitation may be modified as provided in article 54, chapter 72 of the Kansas Statutes Annotated. For the year ended June 30, 2020, that amount was \$48,586,067. As of June 30, 2020, the total debt outstanding applicable to the limit was \$88,870,000, which exceeds the statutory limit. The District obtained an order granting permission by the State to issue additional bonds over the statutory limit.

Advance refundings

On April 25, 2016, the District issued \$65,080,000 of general obligation bonds, Series 2016A, for the purpose of advance refunding \$63,200,000 of general obligation bonds, Series 2009B. This advance refunding was undertaken to reduce debt service payments over the next eighteen years resulting in a decrease in total debt service payments of \$1,946,745 and in an economic gain of \$1,820,841. The reacquisition price exceeded the net carrying amount of the old debt by \$1,880,000. The proceeds from the bonds were placed in an escrow account to provide the future debt service payments with anticipation of calling the bonds when the bonds are callable. As a result, the refunded bonds were removed from the District's long-term debt. On September 1, 2019, the District called and paid off this bond.

On May 10, 2016, the District issued \$21,130,000 of general obligation bonds, Series 2016B, and \$970,000 of general obligation bonds, Series 2016C, for the purpose of advance refunding \$22,005,000 of general obligation bonds, Series 2009A. This advance refunding was undertaken to reduce debt service payments over the next eight years resulting in a decrease in total debt service payments of \$615,070 and in an economic gain of \$607,056. The reacquisition price exceeded the net carrying amount of the old debt by \$95,000. The proceeds from the bonds were placed in an escrow account to provide the future debt service payments with anticipation of calling the bonds when the bonds are callable. As a result, the refunded bonds were removed from the District's long-term debt. On September 1, 2019, the District called and paid off this bond.

Notes to the Financial Statement For the Year Ended June 30, 2020

Supplemental General	Bilingual Education	711,702
Contingency Reserve	Supplemental General	600,000
		\$ 27,115,072

4. Other information

A. Risk management and self-insurance

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by commercial insurance purchased from independent third parties. Settled claims from these risks have not exceeded commercial insurance coverage for the past three years.

Beginning in fiscal year 2011, the District has partially self-funded employees' health care costs. "Stop loss" coverage is maintained for claims above an aggregate stop loss of \$12,990,795. Payments for medical insurance premiums and self-insured medical costs not covered by the insurance carrier are paid out of the Health Care Reserve Fund as they are billed to the District. The District transfers amounts to this fund based upon projected costs. Claims are then paid out of this fund for uninsured losses as they are filed or incurred. Unencumbered cash balance represents equity designated to pay for future losses.

B. Post-employment health care benefits

As provided by K.S.A. 12-5040, the District allows retirees to participate in the group health insurance plan. While each retiree pays the full amount of the applicable premium, conceptually, the District is subsidizing the retirees because each participant is charged a level premium regardless of age. However, the cost of this subsidy has not been quantified in these financial statements.

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the District makes health care benefits available to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured. There is no direct cost to the District under this program.

Notes to the Financial Statement For the Year Ended June 30, 2020

4. Other information (continued)

C. Compensated absences

The District's policy is to recognize the costs of vacations and other compensated absences when actually paid.

The District's policy regarding emergency leave pay permits employees to accumulate leave days at a maximum rate of 12 days per year up to 110 days. Accumulated leave days greater than 70 (not to exceed 15 days) may be sold to the District at a rate of \$130 per day for administration, 100% of base substitute pay per day for certified staff and 75% of base pay for classified staff. Employees retiring under KPERS from the District are paid \$25 per day for unused leave time up to 70 days.

The District allows employees to accumulate and carryover up to 40 days of unused vacation leave. Unused vacation leave is payable to employees upon their departure from the District's employment. The District has estimated the dollar amount of accumulated emergency leave pay and unpaid vacation leave at June 30, 2020, at \$938,022.

D. Defined benefit pension plan

Plan description: The District participates in the Kansas Public Employees Retirement System (KPERS), a cost-sharing, multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, et seq. Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and required supplementary information. KPERS' financial statements are included in its Comprehensive Annual Financial Report which can be found on the KPERS website at www.kpers.org or by writing to KPERS (611 South Kansas, Suite 100, Topeka, KS 66603) or by calling 1-888-275-5737.

Contributions: K.S.A. 74-4919 and K.S.A. 74-49,210 establish the KPERS member-employee contribution rates. KPERS has multiple benefit structures and contribution rates depending on whether the employee is a KPERS 1, KPERS 2 or KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009. KPERS 2 members were first employed in a covered position on or after July 1, 2009, and KPERS 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas law established the KPERS member-employee contribution rate of 6% of covered salary for KPERS 1, KPERS 2 and KPERS 3 members. Member contributions are withheld by their employer and paid to KPERS according to the provisions of Section 414(h) of the Internal Revenue Code.

State law provides that the employer contribution rates for KPERS 1, KPERS 2 and KPERS 3 be determined based on the results of each annual actuarial valuation. Kansas law sets a limitation on annual increases in the employer contribution rates. The actuarially determined employer contribution rate (not including 1% contribution rate for the Death and Disability Program) was 14.59% and 13.21% for the fiscal year ended June 30, 2019. The actuarially determined employer contribution rate and the statutory contribution rate was 16.15% and 14.41% for the fiscal year ended June 30, 2020.

Notes to the Financial Statement For the Year Ended June 30, 2020

4. Other information (continued)

D. <u>Defined benefit pension plan (continued)</u>

Per 2017 Senate Substitute for House bill 2052, Section 37(a), state general fund employer contributions to KPERS were decreased by \$64.13 million for the fiscal year ended June 30, 2017. Section 43(17) of the bill also stipulates that repayments of the reduced contributions are to be amortized over twenty years at a level dollar amount commencing in fiscal year 2018. The level dollar amount was computed to be \$6.4 million dollars per year. The first year payment of \$6.4 million was received in July 2017 and appropriations for fiscal year 2018 were made for the State/School group at the statutory contribution rate of 12.01% for that year.

Per 2017 Senate Substitute for House Bill 2002, Section 51(a), state general fund employer contributions to KPERS were decreased by \$194.0 million for the fiscal year ended June 30, 2019. Section 56(19) of the bill also stipulates that repayments of the reduced contributions are to be amortized over twenty years at a level dollar amount commencing in fiscal year 2020. The level dollar amount was computed to be \$19.4 million per year.

2018 House Substitute for Senate Bill 109 provided for additional funding for KPERS School group. A payment of \$56 million was paid in fiscal year 2018. This bill also authorized a payment of \$82 million in fiscal year 2019.

2019 Senate Bill 9 authorized a payment of \$115 million for the KPERS School group.

The State of Kansas is required to contribute the statutory required employer's share except for retired District employees. The District is responsible for the employer's portion of the cost for retired District employees. The District received and remitted amounts equal to the statutory contribution rate, which totaled \$7,798,136 for the year ended June 30, 2020.

Net pension liability: At June 30, 2020, the District's proportionate share of the collective net pension liability reported by KPERS was \$68,370,354. The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2018, which was rolled forward to June 30, 2019. The District's proportion of the net pension liability was based on the ratio of the District's contributions to KPERS, relative to the total employer and non-employer contributions of the State/School subgroup within KPERS for the fiscal year ended June 30, 2019. Since the KMAAG regulatory basis of accounting does not recognize long-term debt, this liability is not reported in this financial statement.

The complete actuarial valuation report including all actuarial assumptions and methods, and the report on the allocation of the KPERS collective net pension liability to all participating employers are publicly available on the website at www.kpers.org or can be obtained as described above.

Notes to the Financial Statement For the Year Ended June 30, 2020

4. Other information (continued)

E. Commitments and contingencies

Contingencies

The District receives significant financial assistance from numerous federal and state governmental agencies in the form of grants and state pass through aid. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit. Any disallowed claims resulting from such audits could become a liability of the applicable funds. However, in the opinion of management, any such disallowed claims will not have a material effect on the financial statement of the District at June 30, 2020.

Litigation

The District is named as a party in a lawsuit. This lawsuit is in the discovery stages and the effect, if any, on the District is not determinable at this time. In the opinion of management, the ultimate outcome of this lawsuit will not have a material adverse effect on the financial condition of the District.

Operating leases

In fiscal year 2016, the District entered into an operating lease for a copier at the business office. Lease payments for the year ended June 30, 2020, amounted to \$19,900. There are no future lease payments due on this lease which expires in January 2021.

In fiscal year 2017, the District entered into an operating lease for a copier at the business office. Lease payments for the year ended June 30, 2020, amounted to \$37,658. Future payments are as follows:

Fiscal Year Ended		
2021	\$	18,829
Total	Ф.	10 000
Total	D	18,829

In fiscal year 2018, the District entered into an operating lease for a copier at plant facilities. Lease payments for the year ended June 30, 2020, amounted to \$10,688. Future payments are as follows:

Fiscal Year Ended	
2021	\$ 10,688
2022	10,688
2023	 9,797
Total	\$ 31,173

UNIFIED SCHOOL DISTRICT NO. 457 GARDEN CITY, KANSAS Notes to the Financial Statement For the Year Ended June 30, 2020

E. Commitments and contingencies (continued)

Subsequent events

On January 30, 2020, the World Health Organization declared the coronavirus outbreak a "Public Health Emergency of International Concern" and on March 10, 2020, declared it to be a pandemic. Actions taken around the world to help mitigate the spread of coronavirus include restrictions on travel, quarantines in certain areas, and forced closures for certain types of public places and businesses. The coronavirus and actions taken to mitigate it have had and are expected to continue to have an adverse impact on the economies and financial markets of many countries, including the geographical area in which the District is located. The extent of the impact of coronavirus on the District's operational and financial performance will vary depending upon future developments, including how coronavirus spreads, the length of time of the outbreak, and any restrictions put in place to control the spread.

Notes to Schedule of Expenditures of Federal Awards For the Year Ended June 30, 2020

1. General

The accompanying Schedule of Expenditures of Federal Awards presents the activity of all federal financial assistance programs of Unified School District No. 457, Garden City, Kansas. The District's reporting entity is defined in Note 1 to the District's regulatory basis financial statement. All federal financial assistance received directly from federal agencies as well as federal financial assistance passed through other government agencies is included on the schedule.

2. Basis of accounting

The accompanying Schedule of Expenditures of Federal Awards is presented on a basis of accounting which demonstrates compliance with the cash basis and budget laws of Kansas, using the regulatory basis of accounting, which is described in Note 1 to the District's regulatory basis financial statement. However, no encumbrances are included in the expenditures for federal programs.

Migrant Education – State Grant Program receipts and expenditures reported in the District's regulatory basis financial statement differ from that found on grant reports due to the grant having a September 30th year end.

3. Relationship to regulatory basis financial statements

Federal award expenditures are reported in the District's regulatory basis financial statement as follows:

General Funds:

Capital Outlay (Schedule 2-G): Capital outlay - expense reimbursement Food Service (Schedule 2-I):	\$	200
Food service operation		3,478,821
Food service - expense reimbursement		6,308
Professional Development (Schedule 2-J):		,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,,
Professional development - expense reimbursement		1,873
Grant activity (Schedule 2-S):		
Total expenditures		6,861,713
Plus prior year encumbrances		72,096
Less current year encumbrances		(24,955)
Less expenditures from other sources		(978,625)
Miscellaneous grants - expense reimbursements	-	9,995
Total expenditures of federal awards	\$	9,427,426

4. De minimis cost rate

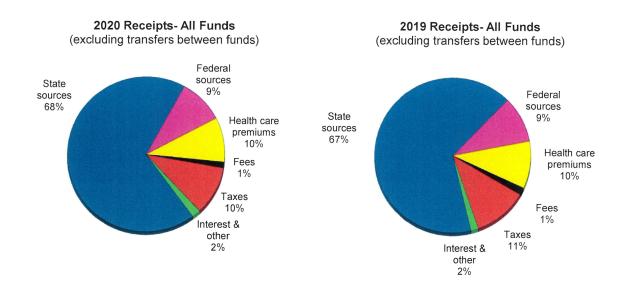

The District has not elected to use the 10% de minimis cost rate.

5. National School Lunch Program

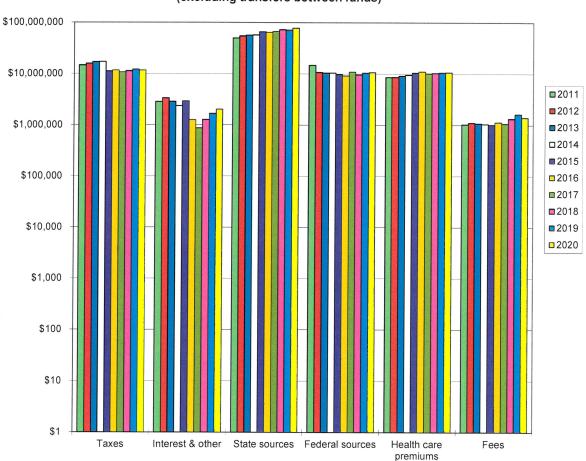

The unencumbered cash balance in the Food service fund at June 30, 2020, is local money. Federal and state funds included in the Food service fund are expended first.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Education Unified School District No. 457 Garden City, Kansas 67846

We have audited, in accordance with auditing standards generally accepted in the United States of America, the Kansas Municipal Audit and Accounting Guide, and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the regulatory basis financial statement of Unified School District No. 457, Garden City, Kansas as of and for the year ended June 30, 2020, and the related notes to the financial statement, which collectively comprise the District's basic financial statement, and have issued our report thereon dated February 5, 2021. The District prepares its financial statement on a regulatory basis of accounting that demonstrates compliance with the cash basis and budget laws of the State of Kansas, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statement, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statement, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statement will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Board of Directors Unified School District No. 457 Page 2

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statement is free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH THE UNIFORM GUIDANCE

Board of Education Unified School District No. 457 Garden City, Kansas 67846

Report on Compliance for Each Major Federal Program

We have audited Unified School District No. 457, Garden City, Kansas, compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Compliance Supplement that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2020. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of federal statutes, regulations, contracts, grants, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America: the Kansas Municipal Audit and Accounting Guide; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the District's compliance.

Opinion on Each Major Federal Program

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2020.

Board of Education Unified School District No. 457 Page 2

Report on Internal Control over Compliance

Management of the District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program as a basis for designing auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
