INDEPENDENT AUDITORS' REPORT

Board of Education Unified School District No. 286 Sedan, Kansas

We have audited the accompanying fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances of Unified School District No. 286, Sedan, Kansas, as of and for the year ended June 30, 2018, and the related notes to the financial statement.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with the *Kansas Municipal Audit and Accounting Guide* as described in Note 1; this includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the *Kansas Municipal Audit and Accounting Guide*. Those standards require we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statement, the financial statement is prepared by Unified School District No. 286, Sedan, Kansas, on the basis of the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide*, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of Unified School District No. 286, Sedan, Kansas, as of June 30, 2018, or changes in financial position and cash flows thereof for the year then ended.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the financial statement referred to above presents fairly, in all material respects, the aggregate cash and unencumbered cash balance of Unified School District No. 286, Sedan, Kansas, as of June 30, 2018, and the aggregate receipts and expenditures for the year then ended in accordance with the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide* described in Note 1.

Note 1 Summary of Significant Accounting Policies

A. Reporting Entity

Principles Used in Determining Scope of Entity

The basic criterion used for including or excluding other governmental organizations as part of the financial statements of the School District is financial accountability. Financial accountability is derived from the District's powers and includes, but is not limited to, appointment of a voting majority of the governing body, imposition of will, financial benefit/burden on primary government and fiscal dependency. The District has waived the application of generally accepted accounting principles and as such, have not included any component units in these financial statements.

B. Basis of Presentation

A fund is defined as an independent fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations.

The following Regulatory Basis Fund Types comprise the financial activities of the school district for the year ending June 30, 2018:

<u>General Fund</u> -- the chief operating fund. Used to account for all unrestricted resources except those required to be accounted for in another fund.

<u>Special Purpose Funds</u> -- used to account for the proceeds of specific tax levies and other revenue sources that are intended for specific purposes.

<u>Agency Funds</u> -- funds used to report assets held by the municipal reporting entity in a purely custodial capacity.

C. Basis of Accounting

Regulatory Basis of Accounting and Departure from Accounting Principles Generally Accepted in the United States of America

The Kansas Municipal Audit and Accounting Guide regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis revenues and regulatory basis expenditures for the fiscal year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligation against cash. The Kansas Municipal Audit and Accounting Guide regulatory basis does not recognize capital assets, long-term debt, accrued receivables and payables, or any other assets, liabilities or deferred inflows or outflows, other than those mentioned above.

The School has approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirement for application of generally accepted accounting principles and allowing the School to use the regulatory basis of accounting.

D. Budgets

Kansas statutes require that an annual operating budget be legally adopted for the general fund, special revenue funds (unless specifically exempted by statute), debt service funds, and enterprise funds. The statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

- 1. Preparation of the budget for the succeeding calendar year on or before August 1st.
- 2. Publication in local newspaper of the proposed budget and notice of public hearing on the budget on or before August 5th.
- 3. Public hearing on or before August 15th but at least ten days after publication of notice of hearing.
- 4. Adoption of the final budget on or before August 25th.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in revenue other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication the hearing may be held and the governing body may amend the budget at that time. During the year ended June 30, 2018, the District amended the budgets of the following funds in the amounts indicated:

	Original	Amended
	<u>Budget</u>	Budget
General Fund	\$ 3,220,809	3,248,065
At Risk 4 Yr Old Fund	21,200	43,233
KPERS Special Retirement Contribution Fund	277,048	290,241
Special Education Fund	728,708	756,314

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison schedules are presented for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

All legal annual operating budgets are prepared using the regulatory basis of accounting, in which revenues are recognized when cash is received. Expenditures include disbursements, accounts payable, and encumbrances. Encumbrances are commitments by the municipality for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. All unencumbered appropriations (legal budget expenditure authority) lapse at year-end.

A legal operating budget is not required for capital project funds, agency funds, and the following special purpose funds of the District:

Contingency Reserve Fund
Textbook and Student Material Revolving Fund
Blue Cross Blue Shield Foundation Grant Fund
REAP Grant Fund
Title I Fund
Improving Teacher Quality Fund
Social and Emotional Learning Fund
Kansas Reading Roadmap Fund
Title IV-A Fund
Gate Receipts Fund
Special Projects Fund

Spending in funds which are not subject to the legal annual operating budget requirement are controlled by federal regulations, other statutes, or by the use of internal spending limits established by the governing body.

E. Assets, Liabilities, and Fund Equity

Cash

To facilitate better management of the District's cash resources, excess cash is combined in pooled operating accounts. Each fund's portion of total cash is based on its equity in the pooled cash amount. Cash in excess of current operating needs is invested on a pooled investment basis and earnings thereon are credited to the special purpose funds designated by Kansas statutes.

Property Taxes and Other Receivables

Collection of current year property tax by the County Treasurer is not completed, apportioned nor distributed to the various subdivisions until the succeeding year, such procedure being in conformity with governing state statutes.

It is not practicable to apportion delinquent taxes held by the County Treasurer at the end of the audit period and further, the amounts thereof are not material in relationship to the financial statements taken as a whole.

F. Revenues and Expenditures

Property Tax Revenue Recognition

Property taxes become a lien against all property November 1st. Taxpayers have the option of paying in full or in two installments. The delinquency dates are December 20th and May 10th. Delinquent taxes are assessed interest at rates established by Kansas Statutes. This interest is retained by the county.

Taxes levied to finance the budget are made available to the school after January 1st and are distributed by the county treasurer approximately every month and a half. At least 50% of the taxes levied are available in January.

Reimbursed Expenses

Reimbursed expenses are defined as repayments of amounts remitted on behalf of another party. All reimbursed expenses shown in the financial statements meet the following criteria: 1) the related disbursement was made in the current year on behalf of the payee, 2) the item paid for was directly identifiable as having been used by or provided to the payee, and 3) the amount of the reimbursed expense was directly tied to the amount of the original cash disbursement.

Interfund Transactions

Quasi-external transactions are accounted for as revenue, expenditures or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed.

All other interfund transactions, except quasi-external transactions and reimbursements, are reported as transfers. Non-recurring or non-routine permanent transfers of equity are reported as residual equity transfers. All other interfund transfers are reported as operating transfers.

Note 2 In-Substance Receipt in Transit

The District received \$273,369 subsequent to June 30, 2018 and as required by K.S.A. 72-6417 and 72-6434, the receipt was recorded as an in-substance receipt in transit and included as a receipt for the year ended June 30, 2018. \$210,318 of these receipts were for the General Fund and \$63,051 for the Supplemental General Fund. The total of these amounts is displayed in the "Composition of Cash" as "Due from State of Kansas".

Note 3 Deposits and Investments

K.S.A. 9-1401 establishes the depositories which may be used by the District. The statute requires banks eligible to hold the District's funds have a main or branch bank in the county in which the District is located and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage.

K.S.A. 12-1675 allows the District to deposit idle funds in time deposits-open accounts, and certificates of deposit with allowable financial institutions; and to invest idle funds in U.S. government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool.

The District held no investments at June 30, 2018 and held no investments throughout the year.

<u>Concentration of credit risk.</u> State statutes place no limit on the amount the District may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405.

<u>Custodial credit risk – deposits</u>. Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. State statutes require the District's deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka, except during designated "peak periods" when required coverage is 50%. The District has not designated any peak periods.

<u>Custodial credit risk – investments</u>. For an investment, this is the risk that, in the event of the failure of the issuer or counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State statutes require investments to be adequately secured.

At June 30, 2018, the carrying amount of the District's deposits was \$2,222,612 and the bank balance was \$2,481,057. Of the bank balance, \$500,000 was covered by federal depository insurance and the remaining \$1,981,057 was collateralized with securities held by the pledging financial institutions' agents in the School's name.

Note 4 Long-term Debt

General Obligation Bonds

Kansas schools are limited to aggregate debt not to exceed 14% of assessed valuation of tangible taxable property within the district. The School District's assessed valuation at June 30, 2018 was \$19,203,788. The District has no outstanding bonded indebtedness, resulting in a legal debt limitation of \$2,688,530.

Changes in Long-Term Debt

Changes in long-term debt for the year ending June 30, 2018 were as follows:

		Balance			Balance End
		Beginning		Reductions/	of
<u>Issue</u>		of Year	<u>Additions</u>	Payments	<u>Year</u>
Contracted Liabilities:					
Early Retirement Program	\$	38,583	12,844	16,083	35,344
Total Contractual Indebtedness	_	38,583	12,844	16,083	35,344

Current maturities of long-term debt and interest for the next five years and in five year increments through maturity are as follows:

	<u>2018-19</u>	<u>2019-20</u>	<u>2020-21</u>	<u>Total</u>
Early Retirement Plan	\$ 21,344	11,000	3,000	35,344

Note 5 Claims and Judgments

The School participates in federal and state programs that are fully or partially funded by grants received from other governmental units. Expenditures financed by grants are subject to audit by the appropriate grantor government. If expenditures are disallowed due to noncompliance with grant program regulations, the School may be required to reimburse the grantor government. As of November 15, 2018, current year grant expenditures have not been audited, but the School believes disallowed expenditures or overpayments, if any, will not have a material effect on individual governmental funds or the overall financial position of the School.

During the course of its operations, the School is a party to various claims, legal actions and complaints. It is the opinion of the School's management that these matters are not anticipated to have a material impact on the School.

The School is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees and natural disasters. The School has purchased commercial insurance for these potential risks. There have been no significant reductions in insurance coverage from 2017 to 2018, and there were no settlements that exceeded insurance coverage in the past three years.

Note 7 Other Long-Term Obligations from Operations

Compensated Absences.

The school district's leave policy allows crediting each certified employee with thirteen days leave per year (fourteen per year after fifteen years service) up to a maximum of seventy five days. Classified year-round employees accrue twelve days leave per year. Classified nine-month employees accrue nine days leave per year. At retirement certified employees with ten years or more of service are compensated for a maximum of thirty days of accumulated leave at the current substitute teacher pay rate. At retirement, classified employees with ten years or more of service are compensated for a maximum of thirty days of accumulated leave at their current rate of pay. At the end of each contract year each employee is compensated for days in excess of their respective maximum, at the same rate they would receive if they had retired.

Early Retirement Incentive Plan

The school district's professional employee early retirement plan provides the following:

- 1. Employee will have a single low option plan paid by the district through the month of their sixty fifth birthday if:
 - a. Employee has reached the age of sixty two and has 20 or more years of service
 - b. Employee has reached the age of sixty and has 25 or more years of service
- 2. Employee will have a single low option plan paid by the district for the first twelve months following their retirement school year if:
 - a. Employee has not reached the age of sixty and has 25 or more years of service

Defined Benefit Pension Plan

Plan description. The District participates in the Kansas Public Employees Retirement System (KPERS), a cost-sharing, multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, et seq. Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and required supplementary information. KPERS' financial statements are included in its Comprehensive Annual Financial Report which can be found on the KPERS website at www.kpers.org or by writing to KPERS (611 South Kansas, Suite 100, Topeka, KS 66603) or by calling 1-888-275-5737.

Contributions. K.S.A. 74-4919 and K.S.A. 74-49,210 establish the KPERS member-employee contribution rates. KPERS has multiple benefit structures and contribution rates depending on whether the employee is a KPERS 1, KPERS 2 or KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009. KPERS 2 members were first employed in a covered position on or after July 1, 2009 and KPERS 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas law established the KPERS member-employee contribution rate of 6% of covered salary for KPERS 1, KPERS 2 and KPERS 3 members. Member contributions are withheld by their employer and paid to KPERS according to the provisions of Section 414(h) of the Internal Revenue Code.

State law provides that the employer contribution rates for KPERS 1, KPERS 2 and KPERS 3 be determined based on the results of each annual actuarial valuation. Kansas law sets a limitation on annual increases in the employer contribution rates. The actuarially determined employer contribution rate (not including the 1.00% contribution rate for the Death and Disability Program) was 10.81% for the fiscal year ended June 30, 2017. The actuarially determined employer contribution rate was 12.01% for the fiscal year ended June 30, 2018. Per 2016 House Substitute for Senate Bill 161, Section 98(a) (1), state general fund and expanded lottery act revenue funds for employer contributions to KPERS were deferred. The amount deferred for school contributions was \$92,917,091 for the fiscal year ended June 30, 2016 and the anticipated repayments per SB249 were nullified per HB2052 during fiscal year 2017.

The State of Kansas contribution to KPERS for all school municipalities for the year ending June 30, 2017, received as of June 30th was \$304,596,361. Per 2017 Senate Substitute for House Bill 2052, Section 37(a), state general fund employer contribution to KPERS were decreased by \$64,130,234 for the fiscal year ended June 30, 2017. Section 43(17) of the bill also stipulates that repayments of the reduced contributions are to be amortized over twenty years at a level dollar amount commencing in fiscal year 2018. The level dollar amount was computed to be \$6.4 million per year.

The State of Kansas is required to contribute the statutory required employer's share except for retired District employees. The District is responsible for the employer's portion of the cost for retired District employees. The District received and remitted amounts equal to the statutory contribution rate, which totaled \$279,404 for the year ended June 30, 2018.

Net Pension Liability. At June 30, 2018, the District's proportionate share of the collective net pension liability reported by KPERS was \$3,202,260. The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2016, which was rolled forward to June 30, 2017. Data from the June 30, 2018 KPERS report was not available at the date of this report. The District's proportion of the net pension liability was based on the ratio of the District's contributions to KPERS, relative to the total employer and non-employer contributions of the State/School subgroup within KPERS for the fiscal year ended June 30, 2017. Since the KMAAG regulatory basis of accounting does not recognize longterm debt, this liability is not reported in these financial statements.

The complete actuarial valuation report including all actuarial assumptions and methods, and the report on the allocation of the KPERS collective net pension liability to all participating employers are publicly available on the website at www.kpers.org or can be obtained as described above.

Note 8 Stewardship, Compliance, and Accountability

Compliance with Kansas Cash Basis Law

Statement 1 has been prepared in order to show compliance with the cash basis and budget laws of the State of Kansas. As shown in Statement 1, the District was in apparent violation of K.S.A. 10-1113, as the District has obligated expenditures in excess of available monies in the Kansas Reading Roadmap Fund. However, K.S.A 10-1116 provides that under certain situations, a fund can end the year with a negative unencumbered cash balance and is therefore, exempt from the cash basis laws of the State of Kansas. The fund listed above met the criteria under the statutes, and therefore, is not deemed to be in violation of the Kansas cash basis law.

Compliance with Kansas Budget Law

No violations.

Compliance with Kansas Depository Security Law

No violations.

Note 9 Subsequent Events

The District has evaluated subsequent events through November 15, 2018, the date which the financial statement was available to be issued.
