CERTIFIED PUBLIC ACCOUNTANTS

INDEPENDENT AUDITORS' REPORT

Honorable Mayor and City Council City of Osawatomie, Kansas

We have audited the accompanying fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances of the City of Osawatomie, Kansas, as of and for the year ended December 31, 2019 and the related notes to the financial statement.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with the Kansas Municipal Audit and Accounting Guide as described in Note 1; this includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the *Kansas Municipal Audit and Accounting Guide*. Those standards require we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statement, the financial statement is prepared by the City of Osawatomie on the basis of the financial reporting provisions of the Kansas Municipal Audit and Accounting Guide, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the City of Osawatomie, Kansas as of December 31, 2019, or changes in financial position and cash flows thereof for the year then ended.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the financial statement referred to above presents fairly, in all material respects, the aggregate cash and unencumbered cash balance of the City of Osawatomie, Kansas as of December 31, 2019, and the aggregate receipts and expenditures for the year then ended in accordance with the financial reporting provisions of the Kansas Municipal Audit and Accounting Guide described in Note 1.

Other Matters

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances (basic financial statement) as a whole. The summary of regulatory basis expenditures-actual and budget, individual fund schedules of regulatory basis receipts and expenditures-actual and budget, schedule of regulatory basis receipts and disbursements-agency funds (Schedules 1, 2 and 3 as listed in the table of contents) are presented for analysis and are not a required part of the basic financial statement, however are required to be presented under the provisions of the Kansas Municipal Audit and Accounting Guide. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statement. The information has been subjected to the auditing procedures applied in the audit of the basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statement or to the basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statement as a whole, on the basis of accounting described in Note 1.

We also previously audited, in accordance with auditing standards generally accepted in the United States of America, the basic financial statement of City of Osawatomie, Kansas as of and for the year ended December 31, 2018 (not presented herein), and have issued our report thereon dated July 8, 2019, which contained an unmodified opinion on the basic financial statement. The 2018 basic financial statement and our accompanying report are not presented herein, but are available in electronic form from the web site of the Kansas Department of Administration at the following link http://admin.ks.gov/offices/chief-financial-officer/municipal-services. The 2018 actual column (2018 comparative information) presented in the individual fund schedules of regulatory basis receipts and expenditures-actual and budget for the year ended December 31, 2019 (Schedule 2 as listed in the table of contents) is presented for purposes of additional analysis and is not a required part of the basic financial statement. Such 2018 comparative information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2018 basic financial statement. The 2018 comparative information was subjected to the auditing procedures applied in the audit of the 2018 basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2018 basic financial statement or to

the 2018 basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the 2018 comparative information is fairly stated in all material respects in relation to the basic financial statement as a whole for the year ended December 31, 2018, on the basis of accounting described in Note 1.

CITY OF OSAWATOMIE, KANSAS

Notes to the Financial Statement December 31, 2019

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statement and schedules of the City of Osawatomie, Kansas have been prepared in order to show compliance with the cash basis and budget laws of the State of Kansas. The Governmental Accounting Standards Board is the principal standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the City's accounting policies follow. Note 1 describes how the City's accounting policies differ from accounting principles generally accepted in the United States of America.

Financial Reporting Entity

The City of Osawatomie, Kansas (the City) is a municipal corporation governed by an elected eight-member council. These financial statements present the City of Osawatomie, Kansas (the primary government).

Related Municipal Entities: A related municipal entity is determined by the following criteria. Whether the City exercises oversight responsibility on financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations and accountability for fiscal matters, scope of the public service, and significant operational or financial relationships with the City. Related municipal entities are not required to be included in the City's audit by the Kansas Municipal Audit and Accounting Guide (KMAAG). Based upon the application of this criterion, the following is a brief review of potential related municipal entities:

The Osawatomie Housing Authority – The Osawatomie Housing Authority operates the City's housing projects. The Osawatomie Housing Authority can sue and be sued, and can buy, sell, or lease real property. Bond ordinances must be approved by the City. The Osawatomie Housing Authority's financial statements should be included with the City's financial statements. However, the statements are omitted in an apparent departure from accounting principles generally accepted in the United States of America. Separate financial statements are prepared and are available at the Osawatomie Housing Authority. The Osawatomie Housing Authority is considered a major component unit.

Regulatory Basis Fund Types

A fund is defined as an independent fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations. The following types of funds comprise the financial activities of the City of Osawatomie, Kansas, for the year of 2019:

General fund – the chief operating fund. Used to account for all resources except those required to be accounted for in another fund.

Special Purpose fund – used to account for the proceeds of specific tax levies and other specific revenue sources (other than Capital Project and tax levies for long-term debt) that are intended for specified purposes.

Business fund – funds financed in whole or in part by fees charged to users of the goods or services (i.e. enterprise and internal service fund etc.)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Regulatory Basis Fund Types (Continued)

Bond and Interest fund – used to account for the accumulation of resources, including tax levies, transfers from other funds and payment of general long-term debt.

Capital Project fund – used to account for the debt proceeds and other financial resources to be used for acquisition or construction of major capital facilities or equipment.

Agency fund – funds used to report assets held by the municipal reporting entity in a purely custodial capacity (payroll clearing fund, county treasurer tax collection account, etc.).

Basis of Presentation - Regulatory Basis of Accounting

Regulatory Basis of Accounting and Departure from Accounting Principles Generally Accepted in the United States of America. The (KMAAG) regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis revenues and regulatory basis expenditures for the fiscal year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligation against cash. The KMAAG regulatory basis does not recognize capital assets, long-term debt, accrued receivables and payables, or any other assets, liabilities or deferred inflows or outflows, other than those mentioned above.

The municipality has approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirement for application of generally accepted accounting principles and allowing the municipality to use the regulatory basis of accounting.

Pension Plan

Substantially all full-time City employees are members of the State of Kansas Public Employees Retirement System, which is a multi-employer state-wide pension plan. The City's policy is to fund all pension costs accrued. Such costs to be funded are actuarially determined annually by the State of Kansas.

Property Taxes

In accordance with governing state statutes, property taxes levied during the current year are a revenue source to be used to finance the budget of the ensuing year. Taxes are assessed on a calendar year basis and become a lien on the property on November 1st of each year. The County Treasurer is the tax collection agent for all taxing entities within the County. Property owners have the option of paying one-half or the full amount of taxes levied on or before December 20 during the year levied with the balance to be paid on or before May 10 of the ensuing year. State statutes prohibit the County Treasurer from distributing taxes collected in the year levied prior to January 1st of the ensuing year. Consequently, for revenue recognition purposes, taxes levied during the current year are not due and receivable until the ensuing year. At December 31, such taxes are a lien on the property.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Reimbursed Expenses

K.S.A. 79-2934 provides that reimbursed expenditures, in excess of those budgeted, should be recorded as reductions in expenditures rather than as cash receipts. In the financial statement and budget comparison schedules presented in this report, reimbursements and refunds are recorded as cash receipts. The reimbursements are recorded as cash receipts when received by the City Treasurer and are often difficult to identify the exact expenditure which they are reimbursing. In funds showing expenditures in excess of the original adopted budget, reimbursements are added to the adopted budget as budget credits for comparison with the actual expenditures.

Special Assessments

Kansas statutes require projects financed in part by special assessments to be financed through the issuance of general obligation bonds which are secured by the full faith and credit of the City. Special assessments paid prior to the issuance of general obligation bonds are recorded as cash receipts in the appropriate project. Special assessments received after the issuance of general obligation bonds are recorded as cash receipts in the bond and interest fund. Further, state statutes require levying additional general ad valorem property taxes in the City bond and interest fund to finance delinquent special assessments receivable.

Budgetary Information

Kansas statutes require that an annual operating budget be legally adopted for the general fund, special purpose funds (unless specifically exempted by statute), bond and interest funds, and business funds. Although directory rather than mandatory, the statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

- 1. Preparation of the budget for the succeeding calendar year on or before August 1st.
- 2. Publication in local newspaper on or before August 5th of the proposed budget and notice of public hearing on the budget.
- 3. Public hearing on or before August 15th, but at least ten days after publication of notice of hearing.
- 4. Adoption of the final budget on or before August 25th.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in revenue other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication the hearing may be held and the governing body may amend the budget at that time. During the year ended December 31, 2019 the City amended the Public Safety Equipment Fund and the Industrial Fund.

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison schedules are presented for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

All legal annual operating budgets are prepared using the regulatory basis of accounting, in which, revenues are recognized when cash is received and expenditures include disbursements, accounts payable, and encumbrances, with disbursements being adjusted for prior year's accounts payable and encumbrances. Encumbrances are commitments by the municipality for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. Any unused budgeted expenditure authority lapses at year-end.

A legal operating budget is not required for capital project funds, and trust funds. Spending in funds which are not subject to the legal annual operating budget requirement is controlled by federal regulations, other statutes, or by the use of internal spending limits established by the governing body.

2. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

Compliance with Kansas Statutes

Statement 1 and Schedule 1 have been prepared in order to show compliance with the cash basis and budget laws of Kansas. As shown in Statement 1, the City was in apparent violation of K.S.A. 10-1113, as the City has obligated expenditures in excess of available monies in the Industrial Fund. As shown in Schedule 1, the City was in apparent violation of K.S.A. 79-2935 as the City has obligated expenditures in excess of budgetary limites in the Industrial Fund.

Compliance with Revenue Bond Covenants

The City is required, under the ordinances on Revenue Bond Issues, to maintain in its Business Funds certain restricted accounts. The ordinances provide that the following reserve accounts be set up in amounts described below:

| RESERVE ACCOUNTS | REQUIRED AMOUNT | ACTUAL AMOUNT |
|---|--------------------|------------------|
| Principal and Interest Account for Electric Revenue Bonds Series 2015 – requires transfers Monthly of 1/12 of next maturing interest and 1/12 | | |
| of next maturing principal. | \$ 114,016.67 | \$ 149,988.47 |

The City agrees to fix, establish, maintain and collect such rates, fees or charges for Electric Utility service which will be sufficient to enable the City to have, in each fiscal year, Net Revenues in an amount that will not be less than 125% of the Debt Service Requirements required to be paid by the City during that fiscal year on all System revenue bonds at the time outstanding. Net income is defined as gross income less operating expenses, but before any transfers, depreciation and capital expense. For the year ended December 31, 2019, the City had net revenues available for debt service of \$1,308,981.10, which is 302.65%. The loan agreement defines net revenues available for debt service to be revenues, less ordinary and necessary expenses of operating the system, but not including charges for interest and principal paid on the loan, or charges for depreciation. Therefore, this amount consists of receipts over expenditures, less debt service expenditures and capital outlay. Capital outlay is not considered to be an ordinary expense.

3. DEPOSITS AND INVESTMENTS

As of December 31, 2019, the City had the following investments and maturities.

| Investment Type | <u>Fair Value</u> | Less than 1 | 1-2 | Rating |
|------------------------|-------------------|-----------------|-----|--------------|
| Kansas Investment Pool | \$ 1,037,700.17 | \$ 1,037,700.17 | \$ | S&P AAAf/S1+ |

K.S.A 9-1401 establishes the depositories which may be used by the City. The statute requires banks eligible to hold the City's funds have a main branch or branch bank in the county in which the City is located, or in an adjoining county if such institution has been designated as an official depository, and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. The City has no other policies that would further limit interest rate risk.

K.S.A 12-1675 limits the City's investment of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. Government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The City has no investment policy that would further limit its investment choices. The rating of the City's investments is noted above.

Concentration of credit risk. State statutes place no limit on the amount the City may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405. The City's allocation of investments as of December 31, 2019, is as follows:

| | Percentage of |
|------------------------|---------------|
| Investments | Investments |
| Kansas Investment Pool | 100% |

Custodial credit risk – deposits. Custodial credit risk is the risk that in the event of a bank failure, the City's deposits may not be returned to it. State statutes require the City's deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka. All deposits were legally secured at December 31, 2019.

3. **DEPOSITS AND INVESTMENTS** (Continued)

Deposits: At year-end, the City's carrying amount of deposits was \$2,199,538.20 and the bank balance was \$2,373,865.78. The bank balance was held by one banks resulting in a concentration of credit risk. Of the bank balance, \$500,000.00 was covered by FDIC insurance and \$1,873,865.78 was collateralized with securities held by the pledging financial institutions' agents in the City's name.

Custodial credit risk – investments. For an investment, this is the risk that, in the event of the failure of the issuer or counterparty, the City will not be able to recover the value of its investments to be adequately secured.

At December 31, 2019, the City has invested \$1,037,700.17 in the State's municipal investment pool. The municipal investment pool is under the oversight of the Pooled Money Investment Board. The board comprised of the State Treasurer and four additional members appointed by the State Governor. The board reports annually to the Kansas Legislature. State pooled monies may by invested in direct obligation that are insured as to principal and interest, by the U.S. government or any agency thereof, with maturities of up to four years. No more than ten percent of those funds may be invested in mortgage-backed securities. In addition, the State pool may invest in repurchase agreements with Kansas banks or with primary government securities dealers.

4. LONG-TERM DEBTChanges in long-term debt for the City for the year ended December 31, 2019, were as follows:

| Less: Current Maturities | (4,459.22) |
| Long-Term Capital Lease Obligations | \$ 15,969.16 |

6. OPERATING LEASES

As of December 31, 2019 the City has entered into a number of operating leases for equipment. Rent expense for the year ended December 31, 2019, was \$28,187.96. Under the current lease agreements, the future minimum rental payments are as follows:

| 2020 | \$ 8,400.96 |
|------|----------------|
| 2021 | 6,380.80 |
| 2022 | 4,665.36 |
| 2023 | 3,767.19 |
| 2024 | 1,562.82 |

7. DEFINED BENEFIT PENSION PLAN

General Information about the Pension Plan

Plan description. The City participates in the Kansas Public Employees Retirement System (KPERS), a cost-sharing multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, et. seq. Kansas law establishes and amends benefit provisions. KPERS issues a publically available financial report that includes financial statements and required supplementary information. KPERS' financial statements are included in its Comprehensive Annual Financial Report which can be found on the KPERS website at www.kpers.org or by writing to KPERS (611 South Kansas, Suite 100, Topeka, KS 66603) or by calling 1-888-275-5737.

Contributions. K.S.A. 74-4919 and K.S.A. 74-49,210 establish the KPERS member-employee contribution rates. KPERS has multiple benefit structures and contribution rates depending on whether the employee is a KPERS 1, KPERS 2 or KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009. KPERS 2 members were first employed in a covered position on or after July 1, 2009, and KPERS 3 members were first employed in a covered position on or after January 1, 2017. Effective January 1, 2017, Kansas law established the KPERS member-employee contribution rate at 6% of covered salary for KPERS 1, KPERS 2 and KPERS 3 members. Member contributions are withheld by their employer and paid to KPERS according to the provisions of Section 414(h) of the Internal Revenue Code.

State law provides that the employer contribution rates for KPERS 1 and KPERS 2 and KPERS 3 be determined based on the results of each annual actuarial valuation. Kansas law sets a limitation on annual increases in the employer contribution rates. The actuarially determined employer contribution rate (not including the 1% contribution rate for the Death and Disability Program) and the statutory contribution rate was 8.39% for the fiscal year ended December 31, 2019. Contributions to the pension plan from the City were \$242,270.75 for the year ended December 31, 2019.

Net Pension Liability

At December 31, 2019, The City's proportionate share of the collective net pension liability reported by KPERS was \$1,979,308.00. The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2017, which was rolled forward to June 30, 2019. The City's proportion of the net pension liability was based on the ratio of the City's contributions to KPERS, relative to the total employer and non-employer contributions of the Local subgroup within KPERS. Since the KMAAG regulatory basis of accounting does not recognize long-term debt, this liability is not reported in this financial statement.

The complete actuarial valuation report including all actuarial assumptions and methods, and the report on the allocation of the KPERS collective net pension liability to all participating employers are publicly available on the website at www.kpers.org or can be obtained as described above.

8. CAPITAL PROJECTS

The following is a summary of capital project authorizations and expenditures to date:

| | | | | EXPENDED | ESTIMATED |
|-----------------------------|----|--------------|----|--------------|------------|
| PROJECT NAME | A | UTHORIZED | TF | IRU 12/31/19 | COMPLETION |
| | | | | | |
| Electric Generation Project | \$ | 6,239,987.93 | \$ | 6,239,987.93 | Complete |

9. OTHER LONG-TERM OBLIGATIONS FROM OPERATIONS

Death and Disability Other Post-Employment Benefits

As provided by K.S.A. 74-4927, disabled members in the Kansas Public Employees Retirement System (KPERS) receive long-term disability benefits and life insurance benefits. The plan is administered through a trust held by KPERS that is funded to pay annual benefit payments. The employer contribution rate is set at 1% for the year ended December 31, 2019.

Compensated Absences:

All full-time employees of the City are eligible for vacation benefits in varying annual amounts. Full time employees will be granted paid vacation time according to the following schedules:

| Years Continuous Employment: | Days Granted per Year: | Maximum Days Accrued: |
|------------------------------|------------------------|-----------------------|
| Less than 5 years | 12 Days | 20 Days |
| After 5 but less than 10 | 15 Days | 25 Days |
| After 10 but less than 15 | 18 Days | 30 Days |
| More than 15 years | 21 Days | 30 Days |

No vacation time may be taken by an employee until they have been in the service of the City continuously for a period of six months. In the event of termination, an employee will be compensated for unused vacation leave, provided they have been in the service of the City for at least six full months.

Sick leave accrues to all full-time employees at the rate of 8 hours per month to a maximum of 960 hours. All employees shall receive their sick leave credit on the last payroll of the month.

Employees who terminate by other than retirement will not be paid for accumulated sick leave. Upon retirement 30 days of remaining sick leave will be paid at their hourly rate, provided the employee has accrued 960 hours and provided one year notice to the City of their intent to retire.

The City determines a liability for compensated absences and compensatory time when the following conditions are met:

- 1. The City's obligation relating to employees' rights to receive compensation for future absences is attributable to employees' services already rendered.
- 2. The obligation relates to rights that vest or accumulate.
- 3. Payment of the compensation is probable.
- 4. The amount can be reasonably estimated.

In accordance with the above criteria, the City has estimated a liability for vacation pay and compensatory time, which has been earned, but not taken by City employees. The liability for compensated absences was \$150,370.63 and compensatory time was \$20,663.29. In accordance with the above criteria, the City has not recorded a liability for sick pay, inasmuch as the amount cannot be reasonably estimated.

9. OTHER LONG-TERM OBLIGATIONS FROM OPERATIONS (Continued)

Other Post Employment Benefits:

As provided by K.S.A. 12-5040, the local government allows retirees to participate in the group health insurance plan. While each retiree pays the full amount of the applicable premium, except as disclosed below, conceptually, the City is subsidizing the retirees because each participant is charged a level of premium regardless of age. However, the cost of this subsidy has not been quantified in these financial statements.

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the City makes health care benefits available to eligible former employees and eligible dependents. Certain requirements are outlined by the Federal government for this coverage. The premium is paid in full by the insured. There is no cost to the City under this program.

10. RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors and omissions; injuries to employees; employees' health and life; and natural disasters. The City manages these risks of loss through the purchase of various insurance policies.

The City has been unable to obtain workers' compensation insurance at a cost it considers to be economically justifiable. For this reason, the City has joined together with other cities in the State to participate in Kansas Municipal Insurance Trust (KMIT), a public entity risk pool currently operating as a common risk management and insurance program for participating members. The City pays annual premium to KMIT for its workers' compensation insurance coverage. The agreement to participate provides that KMIT will be self-sustaining through member premiums and will reinsure through commercial companies for claims in excess of a stated dollar amount for each insurance event. Additional premiums may be due if total claims for the pool are different than what has been anticipated by KMIT management.

11. CONCENTRATION OF RISK

The City provides water to two rural water districts. During 2019, sales to Miami County Rural Water District No. 1 accounted for 5.12% of the water sold and sales to Miami County Rural Water District No. 3 accounted for 27.66% of the water sold. Risk of accounting loss exists from the possibility that a customer would no longer purchase water from the City. Impact of potential risk cannot be determined.

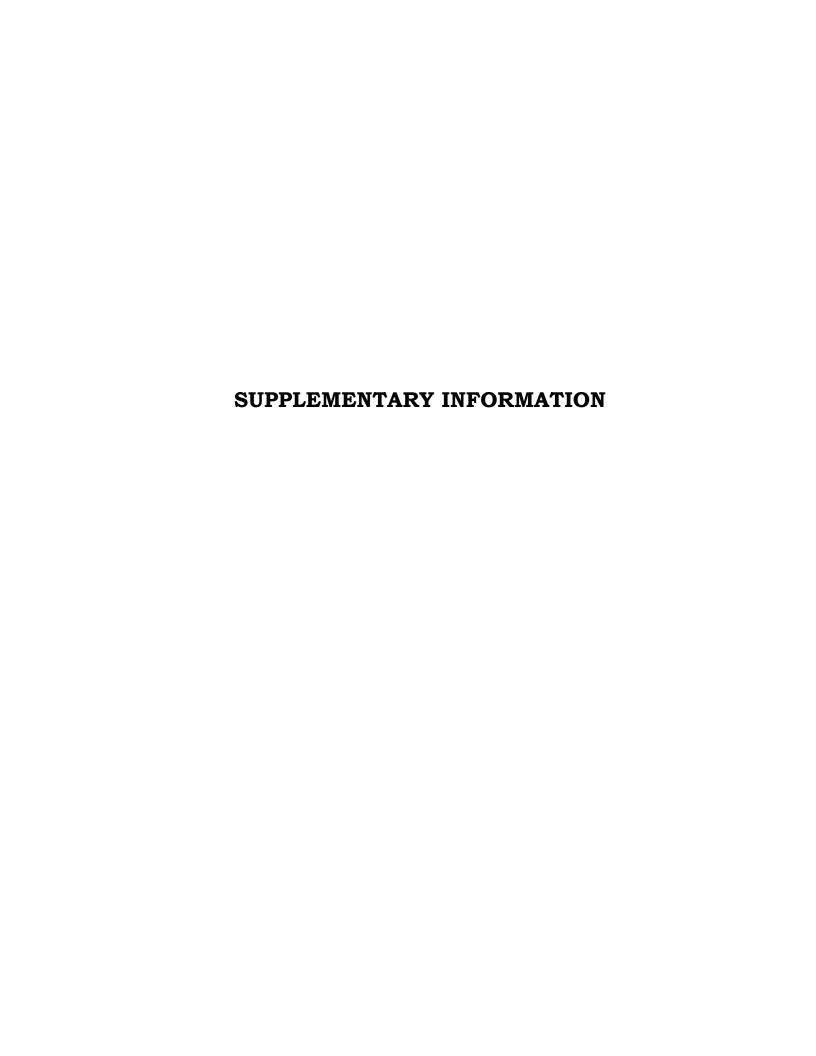

12. INTERFUND TRANSFERS

Operating transfers were as follows:

| From Fund: | To Fund: | Statutory Authority | Amount |
|---------------------|------------------------|---------------------|------------------|
| Electric Utility | General | K.S.A. 12-825d | \$ 424,359.00 |

| Water Utility | General Obligation | | |
| | Bond and Interest | K.S.A. 13-1270 | 126,500.00 |

13. SUBSEQUENT EVENTS

The City evaluated events and transactions occurring subsequent year end, and there were no subsequent events requiring recognition in the financial statement. However, in December 2019, a novel strain of coronavirus ("COVID-19") was reported in Wuhan, China. The World Health Organization has declared COVID-19 to constitute a "Public Health Emergency of International Concern." The U.S. government has implemented enhanced screenings, quarantine requirements and travel restrictions in connection with the COVID-19 outbreak. The extent of the impact of the COVID-19 on the City's operational and financial performance will depend on future developments, including the duration and spread of the outbreak and related travel advisories and restrictions and the impact of the COVID-19. Currently the City is experiencing significant declines in sale tax collections, tourism tax collections, utility collections, and overall receipts. Our results of operations for full year 2020 may be materially adversely affected.

The Honorable Mayor and City Council City of Osawatomie, Kansas

In planning and performing our audit of the financial statements of City of Osawatomie, Kansas as of and for the year ended December 31, 2019, in accordance with auditing standards generally accepted in the United States of America, we considered City of Osawatomie, Kansas' internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of City of Osawatomie, Kansas' internal control. Accordingly, we do not express an opinion on the effectiveness City of Osawatomie, Kansas' internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be material weaknesses and other deficiencies that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. We consider the following deficiencies in internal control to be material weaknesses:

Payroll Taxes and Withholdings

During our testing of accounts payable it was noted the City is behind on making the KPERS payments to the State of Kansas. Kansas statutes require the prompt payment of the withholdings from employees within three (3) days of completing payroll. The City is in current violation of these regulations. We recommend the City review the process and prompt payment be made within the required three (3) days, as a failure to do so could result in large penalties and interest to the City.

During our interview of various staff within the City, it was noted the City currently has an employee in dispute with a medical provider because a change in benefits requested by the staff member did not occur timely. Upon further investigation, we noted the City had an external review of benefits which highlighted the same issues of not reconciling employee benefits. We recommend that benefit changes be implemented timely. Failure to do so could potentially result in a large liability to the City.
