Board of Directors
Pawnee County, Kansas Public Building Commission
Larned, Kansas

We have audited the accompanying fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances of Pawnee County, Kansas Public Building Commission, Larned, Kansas, a municipality, as of and for the year ended December 31, 2020 and the related notes to the financial statement.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with the Kansas Municipal Audit and Accounting Guide as described in Note 1; this includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the Kansas Municipal Audit and Accounting Guide. Those standards require we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statement, the financial statement is prepared by Pawnee County, Kansas Public Building Commission, Larned, Kansas on the basis of the financial reporting provisions of the Kansas Municipal Audit and Accounting Guide, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of Pawnee County, Kansas Public Building Commission, Larned, Kansas as of December 31, 2020, or changes in financial position and cash flows thereof for the year then ended.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the financial statement referred to above presents fairly, in all material respects, the aggregate cash and unencumbered cash balance of Pawnee County, Kansas Public Building Commission, Larned, Kansas as of December 31, 2020, and the aggregate receipts and expenditures for the year then ended in accordance with the financial reporting provisions of the Kansas Municipal Audit and Accounting Guide described in Note 1.

LARNED, KANSAS
NOTES TO THE FINANCIAL STATEMENT
December 31, 2020

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. REPORTING ENTITY

Pawnee County, Kansas Public Building Commission, Larned, Kansas (Commission) is a municipal corporation governed by an appointed three-member board. This financial statement presents Pawnee County, Kansas Public Building Commission (the municipality). Pawnee County, Kansas Public Building Commission has no related municipal entities.

B. REGULATORY BASIS FUND TYPES

Bond and Interest fund - used to account for the accumulation of resources, including tax levies, transfers from other funds and payment of general long-term debt.

C. BASIS OF ACCOUNTING

Regulatory Basis of Accounting and Departure from Accounting Principles Generally Accepted in the United States of America. The KMAAG regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis receipts and regulatory basis expenditures for the fiscal year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligation against cash. The KMAAG regulatory basis does not recognize capital assets, long-term debt, accrued receivables and payables, or any other assets, liabilities or deferred inflows or outflows, other than those mentioned above.

The Commission has approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirement for application of generally accepted accounting principles and allowing the municipality to use the regulatory basis of accounting.

D. CASH AND INVESTMENTS

Cash balances from all funds are combined and invested to the extent available. Cash and investments consist of U.S. Treasury Notes. Earnings from these investments are allocated to designated funds. Cash and investments are stated at cost.

E. REIMBURSED EXPENSES

The Commission records reimbursable expenditures in the fund that makes the disbursement and records reimbursements as a receipt to the fund that receives the reimbursement. For purposes of budgetary comparisons, the expenditures are properly offset by the reimbursements under KMAAG regulatory basis accounting.

F. USE OF ESTIMATES

The preparation of the financial statement on a prescribed basis of accounting that demonstrates compliance with the cash basis and budget laws of the State of Kansas requires management to make estimates and assumptions that affect the amounts reported in the financial statement and accompanying notes. Actual results may differ from those estimates.

Note 2 - COMPLIANCE WITH KANSAS STATUTES

Management is aware of no statutory violations for the period covered by the audit.

Note 3 - INVESTMENTS

As of December 31, 2020 the Commission had the following investments and maturities.

Investment Type	Fair Value	Investment Maturities (in Years)		Rating U.S.
		Less than 1	1-2	
U.S. Treasury Note Fund	\$ 898,791.74	\$ 898,791.74	\$ -	N/A
Total Fair Value	\$ 898,791.74	\$ 898,791.74	\$ -	

K.S.A. 12-1675 limits the Commission's investments of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The Commission has no investment policy that would further limit its investment choices. The rating of the Commission's investments is noted above.

Concentration of credit risk. State statutes place no limit on the amount the District may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405. The Commission's allocation of investments as of December 31, 2020 is as follows:

Investments	Percentage of Investments
U.S. Treasury Notes	100%

Custodial credit risk - investments. For an investment, this is the risk that, in the event of the failure of the issuer or counterparty, the Commission will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State statutes require investments to be adequately secured.

The lease will terminate upon the occurrence of the following (a) the County shall have paid to the Commission all rental payments which the County is obligated under this lease; (b) the County has made arrangements which, in the opinion of the Commission, are adequate to comply with the Commission's obligations to pay any arbitrage rebate to the United States; and (c) all of the principal of and interest on all bonds shall have been paid in full or provision made for their payment in accordance with the provisions of the bond indenture. The Commission reserves and the County covenants agrees to pay basic rent to the Commission in immediately available funds during the basic term, for deposit in the debt service fund, on each basic rent payment date. In addition to basic rent, the County shall pay any additional rent required to be paid pursuant to this lease, or, if such payment cannot be made from legally available funds, as soon thereafter as funds can be made legally available after receipt of written notice thereof given to the County by the Commission or the Trustee. The lease further states that the County will sublease the hospital to Pawnee Valley Community Hospital (Hospital) to operate. The Hospital shall pay to or for the benefit of the County as rentals for the leasehold granted hereunder the lesser of (i) all basic rent and all additional rent payable under the lease or (ii) the positive net cash flow of the Hospital derived from the operation of the hospital.
