## INDEPENDENT AUDITORS' REPORT

To the Honorable Mayor and City Council  
City of Girard, Kansas

We have audited the accompanying summary statement of regulatory basis receipts, expenditures, and unencumbered cash, of the City of Girard, Kansas, as of and for the year ended December 31, 2018, and the related notes to the financial statement.

### Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with the *Kansas Municipal Audit and Accounting Guide* as described in Note 1 to meet the financial reporting requirements of the State of Kansas; this includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on the financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the applicable audit requirements of the *Kansas Municipal Audit and Accounting Guide*. Those standards require we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statement, the financial statement is prepared by the City of Girard, Kansas to meet the requirements of the State of Kansas on the basis of the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide*, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

### **Adverse Opinion on U.S. Generally Accepted Accounting Principles**

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraphs, the financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the City of Girard, Kansas as of December 31, 2018, or changes in financial position or cash flows thereof for the year then ended.

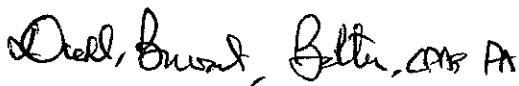

### **Unqualified Opinion on Regulatory Basis of Accounting**

In our opinion, the financial statement referred to above presents fairly, in all material respects, the aggregate cash and unencumbered cash balance for the City of Girard, Kansas as of December 31, 2018, and the aggregate receipts and expenditures for the year then ended in accordance with the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide* described in Note 1.

### **Report on Supplementary Information**

Our audit was conducted for the purpose of forming an opinion on the Summary Statement of Receipts, Expenditures, and Unencumbered Cash Balance, Regulatory Basis (basic financial statement) as a whole. The Summary of Expenditures – Actual and Budget, Regulatory Basis and individual fund Schedules of Receipts and Expenditures – Actual and Budget, Regulatory Basis (Schedules 1 and 2 as listed in the table of contents) are presented for analysis and although it is not a required part of the basic financial statement, the information is required to be presented under the provisions of the *Kansas Municipal Audit and Accounting Guide*. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statement. The information has been subjected to the auditing procedures applied in the audit of the basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statement or to the basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statement as a whole, on the basis of accounting described in Note 1.

The 2017 actual column presented in the fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances and the individual fund schedules of regulatory basis receipts and expenditures – actual and budget (the financial statement and Schedule 2 as listed in the table of contents), are also presented for comparative analysis and was not a required part of the 2017 financial statement upon which we rendered an unqualified opinion dated March 26, 2018. The 2017 financial statement and our accompanying report are not presented herein, but are available in electronic form from the web site of the Kansas Department of Administration at the following link <http://admin.ks.gov/offices/chief-financial-officer/municipal-services>. Such 2017 comparative information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2017 basic financial statement. The 2017 comparative information was subjected to the auditing procedures applied in the audit of the 2017 basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2017 basic financial statement or to the 2017 basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion the 2017 comparative information is fairly stated in all material respects in relation to the 2017 basic financial statement as a whole, on the basis of accounting described in Note 1.

# **CITY OF GIRARD, KANSAS**

## **Notes to the Financial Statement For the Year Ended December 31, 2018**

### **1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statement of the City of Girard, Kansas has been prepared in accordance with the State of Kansas regulatory basis of accounting for Kansas Municipalities, and is designed to show compliance with the cash basis and budget laws of the State of Kansas. The Kansas Municipal Audit and Accounting Guide (KMAAG), as approved by the director of the Kansas Division of Accounts and Reports, establishes the guidelines for the regulatory basis of accounting in the state of Kansas. The more significant of the City's accounting policies follow.

#### Reporting Entity

The City of Girard, Kansas (the City) is a municipal corporation governed by an elected five-member council. The financial statement presents the City of Girard, Kansas (the primary government) and its related municipal entities. Related municipal entities may be included in the City's reporting entity because of the significance of their operational or financial relationships with the City.

The following is a brief review of potential related municipal entities:

#### Discretely Presented Related Municipal Entities

The related municipal entity section of the financial statement includes the financial data of the discretely presented related municipal entities. These related municipal entities are reported separately to emphasize that they are legally separate from the City. The governing bodies of these component units are appointed by the City.

##### Girard Public Library

The City of Girard Library Board operates the City's public library. Acquisition or disposition of real property by the Board must be approved by the City.

##### Raymond Community Home

The City of Girard Raymond Community Home Board operates the City's Community Home. The Community Board can sue and be sued. Bond issuances must be approved by the City.

The Girard Housing Authority operates the City's housing projects. The Housing Authority can sue and be sued, and can buy, sell, or lease real property. Bond ordinances must be approved by the City. The Housing Authority's financial statements should be included with the City's financial statement.

There are no other related municipal entities the City should be accounting for in the it's financial statement.

The City has elected to exclude the Girard Housing Authority from the basic financial statement.

## 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### Basis of Presentation - Fund Accounting

A fund is defined as an independent fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restriction, or limitations.

The following types of funds comprise the financial activities of the City:

General Fund – the chief operating fund used to account for all resources except those required to be accounted for in another fund.

Special Purposes Funds – used to account for the proceeds of specific tax levies and other specific revenue sources (other than Capital Project and tax levies for long-term debt) that are intended for specified purposes.

Capital Project Funds – used to account for the debt proceeds and other financial resources to be used for acquisition or construction of major capital facilities or equipment.

Bond and Interest Funds – used to account for the accumulation of resources, including tax levies, transfers from other funds and payment of general long-term debt.

Business Funds - funds financed in whole or part by fees charged to users of the goods or services (i.e. enterprise and internal service funds, etc.).

Trust Funds - funds used to report assets held in trust for the benefit of the municipal financial reporting entity (i.e. pension funds, investment trust funds, private purpose trust funds which benefit the municipal reporting entity, scholarship funds, etc.)

### Regulatory Basis of Accounting and Departures from Generally Accepted Accounting Principles

The KMAAG regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis receipts and regulatory basis expenditures for the year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligation against cash. The KMAAG regulatory basis does not recognize capital assets, long-term debt, accrued receivables and payables, or any other assets, liabilities or deferred inflows or outflows, other than those mentioned above.

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

As previously discussed, the Girard Housing Authority, a related municipal entity, has been omitted from this financial statement.

The City has approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirement for application of generally accepted accounting principles and allowing the City to use the regulatory basis of accounting.

**Budgetary Information**

Kansas statutes require that an annual operating budget be legally adopted for the general fund, special purpose funds (unless specifically exempted by statute), bond and interest funds, and business funds. Although directory rather than mandatory, the statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

1. Preparation of the budget for the succeeding calendar year on or before August 1<sup>st</sup>.
2. Publication in the local newspaper on or before August 5<sup>th</sup> of the proposed budget and the notice of public hearing.
3. Public hearing on or before August 15<sup>th</sup>, but at least ten days after publication of the notice of hearing.
4. Adoption of the final budget on or before August 25<sup>th</sup>.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in revenue other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication the hearing may be held and the governing body may amend the budget at that time. There were no budgets amended this year.

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison schedules are presented for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

Annual operating budgets are prepared using the cash basis of accounting, modified further by the recording of accounts payable and encumbrances. Revenues are recognized when cash is received. Expenditures include cash disbursements, accounts payable, and encumbrances. Encumbrances are commitments by the municipality for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. Any unused budgeted expenditure authority lapses at year-end.

A legal operating budget is not required for capital project funds, fiduciary funds, reserve accounts established by bond ordinances, and the following special revenue funds:

- Capital Improvements Fund (K.S.A. 12-1, 118)
- Golf Equipment Reserve Fund (K.S.A. 12-1, 117)

Spending in funds, which are not subject to the legal annual operating budget requirements are controlled by federal regulations, other statutes, or by the use of internal spending limits established by the governing body.

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

Deposits and Investments

Cash includes amounts in checking accounts, interest-bearing Super NOW accounts, savings accounts, and certificates of deposit. Kansas statutes permit investment in savings accounts, certificates of deposit, repurchase agreements and, in certain cases, obligations of the U.S. Treasury.

Compensated Absences

All regular full-time employees are eligible for vacation benefits. Employees are allowed to accumulate and carry forward a maximum of 25 days. Hours accumulated and not taken in excess of these limits at December 31 of each year are lost by the employees. New employees must work a minimum of twelve months to utilize earned vacation benefits. Unused vacation benefits are paid to employees when employment with the City terminates.

All regular full-time employees are also eligible for sick leave benefits. Employees accrue sick leave at the rate of 12 days per year with a maximum of 60 days. Unused sick leave benefits are lost to employees when employment with the City terminates.

The City accrues a liability for compensated absences which meet the following criteria:

1. The City's obligation relating to employees' rights to receive compensation for future absences is attributable to employees' services already rendered.
2. The obligation relates to rights that vest or accumulate.
3. Payment of the compensation is probable and can be reasonably estimated.

In accordance with the above criteria, the City has accrued a liability for vacation pay which has been earned but not taken by City employees. The liability for compensated absences is recorded in the general long-term debt account group since it is anticipated that none of the liability will be liquidated with available financial resources.

Pension Plan

Substantially all full-time City employees are members of the State of Kansas Public Employees Retirement System or the State of Kansas Police and Fire Retirement System, both of which are multi-employer statewide pension plans. The City's policy is to fund all pension costs accrued; such costs to be funded are actuarially determined annually by the State.

Termination and Post Employment Benefits

No termination benefits are provided to City employees when employment with the City ends except for the accrued compensated absences as discussed in Note 1.

As provided by K.S.A. 12-5040, the City allows retirees to participate in the group health insurance plan. While each retiree pays the full amount of the applicable premium, conceptually, the local government is subsidizing the retirees because each participant is charged a level of premium regardless of age. However, the cost of this subsidy has not been quantified in the financial statement.

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the government makes health care benefits available to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured. There is no cost to the City under this program.

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (Continued)

Property Taxes

In accordance with governing state statutes, property taxes levied during the current year are a revenue source to be used to finance the budget of the ensuing year. Taxes are assessed on a calendar year basis and become a lien on the property on November 1<sup>st</sup> of each year. The County Treasurer is the tax collection agent for all taxing entities within the County. Property owners have the option of paying one-half or the full amount of the taxes levied on or before December 20<sup>th</sup> during the year levied with the balance to be paid on or before May 10<sup>th</sup> of the ensuing year. State statutes prohibit the County Treasurer from distributing taxes collected in the year levied prior to January 1 of the ensuing year. Consequently, taxes levied during the current year are not due and receivable until the ensuing year. At December 31<sup>st</sup>, such taxes are a lien on the property.

2. **STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY**

Compliance With Kansas Statutes

The financial statement is designed to show compliance with the cash basis and budget laws of Kansas. The City was in apparent compliance with these statutes.

3. **DEPOSITS AND INVESTMENTS**

The Statutes of the State of Kansas allow Kansas municipalities to invest in savings accounts, certificates of deposit and United States Treasury Obligations. As of and during the year ended December 31, 2018, the City's funds were invested in checking accounts, an interest-bearing money market checking account, and certificates of deposit, which are acceptable investments in accordance with Kansas statutes.

K.S.A. 9-1401 establishes the depositories which may be used by the City. The statute requires banks eligible to hold the City's funds have a main or branch bank in the county in which the City is located, or in an adjoining county if such institution has been designated as an official depository, and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. The City has no other policies that would further limit interest rate risk.

K.S.A. 12-1675 limits the City's investment of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The City has no investment policy that would further limit its investment choices, but has limited the investments to time deposits at local banks.

*Concentration of credit risk.* State statutes place no limit on the amount the City may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405.

3. **DEPOSITS AND INVESTMENTS** (Continued)

*Custodial credit risk – deposits.* Custodial credit risk is the risk that in the event of a bank failure, the City's deposits may not be returned to it. State statutes require the City's deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka, except during designated "peak periods" when required coverage is 50%. The City does not have any designated "peak periods". All deposits were legally secured at December 31, 2018.

At December 31, 2018, the City's carrying amount of deposits was \$3,643,114.24 and the bank balance was \$3,799,880.62. The bank balance was held by two banks resulting in a concentration of credit risk. Of the bank balance, \$436,523.99 was covered by federal depository insurance, and \$3,363,356.63 was collateralized with securities totaling \$4,145,099.38 held by the pledging financial institutions' agents in the City's name.

4. **DISCLOSURES FOR RELATED MUNICIPAL ENTITIES**

**GIRARD PUBLIC LIBRARY**

The Library's basis of accounting is the same as the City's basis as described in Note 1. The Library is not subject to the budgetary statutes applicable to Cities in the State of Kansas. Cash consists of deposits in bank accounts fully secured by FDIC insurance. The Library participates in the KPER's retirement system referred to in Note 7. The Library's employer contributions for 2018 equaled \$11,027.47. The Library manages exposure to various risks of loss due to torts; theft of, damage to, and destruction to assets; errors and omissions; and injuries to employees by purchasing various insurance policies. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three years.

**RAYMOND COMMUNITY HOME**

The Community Home's basis of accounting is the same as the City's basis as described in Note 1. The Community Home is not subject to the budgetary statutes applicable to Cities in the State of Kansas. Cash consists of deposits in bank accounts fully secured by FDIC insurance. The Community Home manages exposure to various risks of loss due to torts; theft of, damage to, and destruction to assets; errors and omissions; and injuries to employees by purchasing various insurance policies. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three years.

5. **CUSTOMER DEPOSITS**

Utility customers are required to make cash deposits to the City when starting new service. The deposits are refunded to the customers when service is terminated. Currently, the City has \$52,844.85 of customers' deposits, of which \$45,649.75 is included with Electric Utility Fund and \$7,195.10 is included with Water Utility Fund cash in the financial statement.

6. **MAJOR SUPPLIERS**

The City provides electric services to its residents. Presently the electricity is purchased from KMEA. During the current year the City paid \$1,966,650.75 for 35,752,088 kilowatts.

The City purchased water totaling \$210,071.30 for resale to the City residents.

## 7. DEFINED BENEFIT PENSION PLAN

### General Information about the Pension Plan

*Plan description.* The City participates in the Kansas Public Employees Retirement System (KPERS), a cost-sharing multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, et. seq. Kansas law establishes and amends benefit provisions. KPERS issues a publically available financial report that includes financial statements and required supplementary information. KPERS' financial statements are included in its Comprehensive Annual Financial Report which can be found on the KPERS website at [www.kpers.org](http://www.kpers.org) or by writing to KPERS (611 South Kansas, Suite 100, Topeka, KS 66603) or by calling 1-888-275-5737.

*Contributions.* K.S.A. 74-4919 and K.S.A. 74-49,210 establish the KPERS member-employee contribution rates. KPERS has multiple benefit structures and contribution rates depending on whether the employee is a KPERS 1, KPERS 2 or KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009. KPERS 2 members were first employed in a covered position on or after July 1, 2009, and KPERS 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas law established the KPERS member-employee contribution rate at 6% of covered salary for KPERS 1, KPERS 2, and KPERS 3 members. Member contributions are withheld by their employer and paid to KPERS according to the provisions of Section 414(h) of the Internal Revenue Code.

State law provides that the employer contribution rates for KPERS 1 and KPERS 2, KPERS 3, and KP&F be determined based on the results of each annual actuarial valuation. Kansas law sets a limitation on annual increases in the employer contribution rates. The actuarially determined employer contribution rate (not including the 1.00% contribution rate for Death and Disability Program) and the statutory contribution rate was 8.39% for KPERS and 20.09% for KP&F for the fiscal year ended December 31, 2018. Contributions to the pension plan from the City were \$75,205.95 for KPERS and \$81,127.39 for KP&F for the year ended December 31, 2018.

### Net Pension Liability

At December 31, 2018, the City's proportionate share of the collective net pension liability reported by KPERS was \$691,236 and \$788,447 for KP&F. The net pension liability totaling \$8,900,507,111 was measured as of June 30, 2018. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2017, which was rolled forward to June 30, 2018. The City's proportion of the net pension liability was based on the ratio of the City's contributions to KPERS, relative to the total employer and nonemployer contributions of the Local subgroup within KPERS. Since the KMAAG regulatory basis of accounting does not recognize long-term debt, this liability is not reported in these financial statements.

The complete actuarial valuation report including all actuarial assumptions and methods, and the report on the allocation of the KPERS collective net pension liability to all participating employers are publicly available on the website at [www.kpers.org](http://www.kpers.org) or can be obtained as described above.

The Girard Library's share of the net pension liability was \$103,113.

8. **RISK MANAGEMENT**

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; employees' health and life; and natural disasters. The City manages these risks of loss through various insurance policies. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three years.

9. **INTERFUND TRANSFERS**

Operating transfers were as follows:

To	From	Authority	Amount
Public Safety	Electric Utility	K.S.A. 12-825d	\$ 670,000.00
Library	Electric Utility	K.S.A. 12-825d	85,000.00
Capital Improvement	General	K.S.A. 12-1,118	28,320.00

Equipment Reserve	Public Safety	K.S.A. 12-1,117	35,000.00

Note A: Authorized by City Ordinance to increase budget transparency and simplicity.

## 10. CAPITAL PROJECTS

Capital project authorizations with approved change orders compared with cash disbursements and accounts payable from inception are as follows:

### KDOT Street Project (Fund 835)

#### Project Authorization

2015 G.O. Bonds	\$ 735,414.92
Local Funds	<u>215,315.75</u>
Total Authorization	<u>\$ 950,730.67</u>
Project Expenses - Actual	<u>\$ 873,759.75</u>

The bonds for this project were issued in January 2015.  
The project was completed in 2018.

## 11. SUBSEQUENT EVENTS

Management has evaluated events and transactions occurring subsequent to December 31, 2018 through May 3, 2019, the date the financial statement was available to be issued. During this period, there were no other subsequent events requiring recognition in the financial statement or disclosure in the notes to the financial statement.

## 12. LONG-TERM OBLIGATIONS

Long-term obligations of the City consist of the following:

### General Obligation Bonds

General Obligation Sales Tax Refunding Bonds, Series 2011, originally for \$587,000 payable in annual principal installments of \$40,000 to \$55,000, plus semi-annual interest payments at 3.10% to 4.15% maturing November 1, 2026.

General Obligation Bonds, Series 2013, originally for \$4,523,000 payable in annual installments of approximately \$187,847 including interest at 2.75% maturing September 26, 2053.

General Obligation Bonds, Series 2014, originally for \$1,025,000 payable in annual principal installments of \$205,000 to \$210,000 plus semi-annual interest payments at 1.3% to 1.50%, maturing December 2019.

General Obligation Bonds, Series 2015, 2015, originally for \$735,000. These bonds require semi-annual interest payments at 2.75% to 3.30% through 2020. In 2020, the KDOT revolving loan is scheduled to be paid off. Starting in 2021, annual principal installments of \$65,000 to \$85,000 will be due, with final payment due in 2030.

### Revolving Loan

Revolving Loan from Kansas Department of Transportation, originally for \$603,723.12 dated June 1, 2013, payable in annual principal installments of \$81,071 to \$92,457, plus semi-annual interest payments at 3.34%, maturing August 1, 2020.

12. **LONG-TERM OBLIGATIONS** (Continued)

Revolving Loan from Kansas Department of Health and Environment dated June 3, 2013, with an original amount available to draw down of \$3,228,900, payable in semi-annual payments of \$90,110.79, including interest and service fees totally at 2.31%, maturing in 2035.

Capital Lease Obligations

Elgin Street Sweeper, originally for \$166,564, payable in semi-annual payments of \$17,539, including interest at 2.12%, maturing April 8, 2018.

Power Plant Equipment, originally for \$383,695, payable in semi-annual payments of \$40,868, including interest at 2.25%, maturing December 8, 2018.

2008 Ford F550, originally for \$32,000, payable in semi-annual payments of \$4,182.78, including interest at 1.98%, maturing September 10, 2018.

Digger, originally for \$115,286, payable in semi-annual payments of \$15,040, including interest at 1.92%, maturing April 16, 2019.

2018 John Deere, originally for \$101,557, payable in semi-annual payments of \$10,690.20 including interest at 1.87%, maturing December 2022.

Smithco Sprayer, originally for \$31,712, payable in semi-annual payments of \$5,492.04 including interest at 2.19%, maturing February 2021. This note was incurred in 2018.

Grader Equipment, originally for \$30,000, payable in semi-annual payments of \$5,247.84 including interest at 2.80%, maturing June 2021.

Current maturities of long-term debt and interest for the next five years and in five-year increments through maturity are recorded on the following two pages:
