INTRODUCTORY SECTION

Derby PUBLIC SCHOOLS

December 22, 2017

To the Citizens of Unified School District No. 260:

This publication is a Comprehensive Annual Financial Report for Unified School District No. 260 (District) for the fiscal year ended June 30, 2017. Generally Accepted Accounting Principles require that these financial statements present the District (the primary government) and its component units. A component unit is a separate entity for which the District is financially accountable or the nature and significance of the relationship between the District and entity are such that exclusion would cause the District's financial statements to be misleading or incomplete. The District has determined that the Derby Recreation Commission meets the criteria of a component unit and the financial data of the Derby Recreation Commission is included in the financial statements as a discretely presented component unit. The report has been prepared by the District administrative team to provide financial information, useful for making economic, political and social decisions and for demonstrating accountability and stewardship. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the District administrative team.

To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the District. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements. Included in the report are all disclosures necessary to enable the reader to gain an understanding of the District's financial activities. Constituents who may find this report useful include voters, taxpayers, service beneficiaries, governing boards, oversight bodies, management, intergovernmental guarantors, investors, lenders and employees.

George, Bowerman and Noel, P.A., Certified Public Accountants, have issued an unmodified opinion on the District's financial statements for the year ended June 30, 2017. The independent auditor's report is located at the front of the Financial Section of this report.

Generally Accepted Accounting Principles require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The District's MD&A can be found immediately following the report of the independent auditors in the Financial Section of this report.

Profile of the District

The District is a diversified educational institution with about 7,000 students located in southern Sedgwick County. With a population of approximately 45,000 patrons, the District enjoys economic benefits and challenges of a large metropolitan area while maintaining a quality of life found in smaller cities. The 50 square miles of the District substantially covers all of the City of Derby and beyond the city limits into large portions of Sedgwick County, including the Oaklawn/Sunview area, McConnell Air Force Base, Towne Parc, Turtle Run, Rockford and Salem Townships. Spirit AeroSystems, Inc. and Mid-Western Aircraft Systems, Inc. are the largest taxpayers located within the District's boundaries. The student population of the school district is expected to increase by about thirty students per year for the foreseeable future.

The District provides a full range of educational services. These services include educational programs for grades PreK-12, Special Education, Title 1 reading and math programs, professional development activities for educators, testing programs, extra- and co-curricular activities, transportation, food services, maintenance and custodial services and general administrative services. The District also regulates community use of school facilities, which totaled 8,113 hours last year.

The District operates under a seven-member Board of Education (Board) that is elected to four-year terms on an at-large basis. The Board hires the Superintendent who appoints the remainder of the management team. All contracts and expenditures must be approved by the Board.

The District has twelve school buildings. Five of the buildings are at least 50 years old including four of the nine elementary schools. Last year the district opened Derby North Middle School and closed the Derby Sixth Grade Center. We now have two grade 6-8 middle schools. The high school, the largest building in the District at 382,000 square feet, is twenty-three years old. The District has five buildings which are used for educational support functions.

The local economy

The District is the largest employer in the City of Derby, employing approximately 1,150 individuals. The City of Derby has experienced consistent growth during the past ten years. While the growth in the area has slowed over the past few years, the area continues to show population growth along with many new businesses that have chosen to locate in the city.

The economic condition and outlook of the District is ever changing. The District is located in the Wichita, Kansas Metropolitan Statistical Area (WMSA). In general, the local economy has been slower to recover in the WMSA than the national economy. Local employment has remained improved somewhat in the WMSA in terms of unemployment. The WMSA housing market continues to be slower than other parts of the Midwest. State revenues continually fall short of projections and have hindered the state's economic recovery. The aircraft industry has not shown much growth in recent years. However, Spirit AeroSystems recently announced a \$1 billion expansion that will bring 1,000 new jobs over 2018 and 2019.

McConnell Air Force Base is one of the few major air refueling wings in the United States Air Force. Since McConnell is located within the District's boundaries, we continually adjust to the changing enrollment demands that mobile communities create for local school districts. Changes in staffing have added families to the local area as jobs are moved from other bases around the country. This pattern is expected to continue over the next few years as a new tanker program is based at McConnell for the Air Force and Kansas Air National Guard.

New businesses continue to open their doors each year in the Derby community including a new hospital, doctors' offices and a dinosaur tourist attraction, all of which will open in late 2017 or during 2018. New shopping areas continue to develop and expectations are that this trend will continue. All of these are in addition to new residential developments and senior living communities that continue to expand in virtually all geographic areas of the District.

The Legislature

Kansas school districts fall into three distinct enrollment categories, each one educating about one-third of the state's student population. Kansas has a uniform base budget per pupil and a uniform statewide mill levy. The District is considered a medium-size school district. In an effort to offset recent cuts made to school funding at the state level, many districts raise their operating funds through a Local Option Budget (LOB) resolution. The LOB allowed districts to levy local taxes up to 30% of their legal maximum general fund budget. Changes in the law for 2014-15 allowed districts to seek voter approval to increase the percentage above the 30% cap. The District chose not to pursue any increases.

The 1997 State Legislature made significant changes in the LOB process. For the first time, school boards were able to adopt a portion of LOB authority without being subject to a protest petition. In districts where the per pupil budget is below the average of similar-sized districts – like Derby – boards are allowed to adopt LOBs that would allow them to spend at the average without that increase being subject to a protest petition. The District's LOB authority for the 2016-17 school year was at the 30% maximum, which amounted to \$12,767,588.

During the 2015 legislative session, the legislature approved a two-year block grant program whereby school districts received the same funding in 2015-16 and 2016-17 that they received during the 2014-15 school year. In addition to these monies, the District was able to access funding for opening new facilities

during the period. The State Supreme Court continues to review the equitable distribution of funds and the adequacy of funding. A ruling was made in the Spring that said the funding from the state for Capital Outlay Funds and Supplemental General Funds was not equitable or adequate. Changes were made by the legislature in these areas that will affect funding for the 2017-18 school year. The State Supreme Court has issued additional rulings since the end of the fiscal year that will require further legislative action for the 2018-2019 school year.

The enrollment for the District increased slightly for 2016-17. Under the block grant system, the increase did not provide additional funding. Projections show that the enrollment should continue to show slight increases over the next few years. The total District budget authority for 2016-17 was \$97,735,119. This amount remained fairly consistent under the block grant system from the 2015-16 budget. At this time, the District has not projected additional short-term financing needs above the annual budget approved by the Board of Education.

In April 2012 the voters of the District approved a \$66.7 million bond issue by a three to one margin. The bond projects include a new 6-8 grade middle school, additions to the current middle school (making it a 6-8 grade center also) and four elementary schools, a new central kitchen facility, and new roofs at ten school buildings. A number of projects to be funded by Capital Outlay funds were also approved by the Board of Education. The last few projects from this bond issue will be completed during the fall of 2017. The District is currently working on plans for another bond election that will take place in February 2018.

Relevant financial policies

The administrative team of the District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are protected from loss, theft or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The internal accounting controls are designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

In addition to internal accounting controls, the District maintains budgetary controls. The District's budget is prepared on the modified accrual basis of accounting further modified by encumbrances. The Superintendent and the Board evaluate the budget proposals of the various District organizations to determine the funding level of the operating and public service programs. After giving due consideration to the input received from the citizens, the Board adopts the budget. The adopted budget thus becomes a document that places before the people of the District a clear and precise picture of the cost of public services which will be provided. The budget is appropriately controlled through an on-line accounting system to assure effective fiscal management and accountability. Management may amend the amount of a specific object or purpose appropriation without obtaining authorization from the Board of Education provided the amendments or transfers do not create a total budgeted expenditure amount for a specific fund in excess of that amount adopted by the Board of Education.

Major initiatives

During the 2016-2017 school year, the District adopted a fourth strategic plan to guide the District actions for the subsequent five years. We feel that we followed the previous plans and were able to meet the vast majority of the action plans set forth within them. This new plan has five strategies along with specific results and action plans that were developed by teachers, administrators, patrons and community members.

The Curriculum Committee developed a document for all staff which outlines effective teaching strategies, responsibilities for administrators and teachers, and expectations for the delivery of the curriculum. The model, Marzano's Instructional Strategies, is being used to guide instructional practices. Staff members are provided in-service time throughout the year on these instructional strategies.

Our technology committee, working closely with our instructional coordinators, continues to integrate technology into our curriculum maps. This idea was based on feedback we received from staff on their level of technology proficiency and their desire to have samples of ways we can integrate technology into

our curriculum maps. These strategies are shared with staff during grade level or department meetings conducted by our instructional coordinators. This technology allows teachers another tool in meeting the needs of our students.

USD 260 will continue to collect assessment data and share it with students, parents and the community. Articles were published in the District newsletter throughout the 2016-17 school year sharing assessment results and plans of action to improve student performance. Software has also been purchased to record data for easier access by teachers to help guide instruction. Follow up information on graduated seniors was also collected to determine what activities they are involved in after graduation. Each spring we also produce a year in review document identifying information about programs, staff, and assessments.

Long-Term Financial Planning

The District continues to follow the long-term planning process to fully address needed building improvements. The entire process has been identified as the "Process for Success." The completed master plan has identified the needed improvements into three categories – (1) priority needs; (2) short-term needs and (3) long-term needs. Financial resources for the planned projects will be financed through general obligation bonds and resources available through the District's Capital Outlay Fund. The District presented plans for over \$120 million in improvements to the Board of Education. Plans are under way to prepare a final offering that the community will vote on in February 2018.

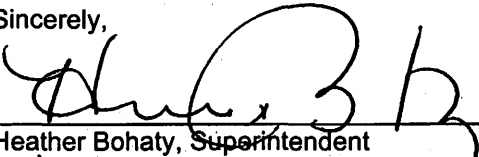

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Unified School District No. 260, Derby, Kansas for its Comprehensive Annual Financial Report (CAFR) for the fiscal year ended June 30, 2016. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports. The certificate is presented following this letter.

A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of the CAFR on a timely basis was made possible by the dedicated service of the entire staff. Each member of the USD 260 staff who assisted and contributed to its preparation has our sincere appreciation. We also thank the USD 260 BOE members for their interest and support in planning and conducting the financial operations of the District in a responsible and progressive manner.

Sincerely,

Heather Bohaty, Superintendent
Don Adkisson, Treasurer
Litona Hoyt, Clerk

Government Finance Officers Association

**Certificate of
Achievement
for Excellence
in Financial
Reporting**

Presented to

**Derby Unified School District No. 260
Kansas**

For its Comprehensive Annual
Financial Report
for the Fiscal Year Ended

June 30, 2016

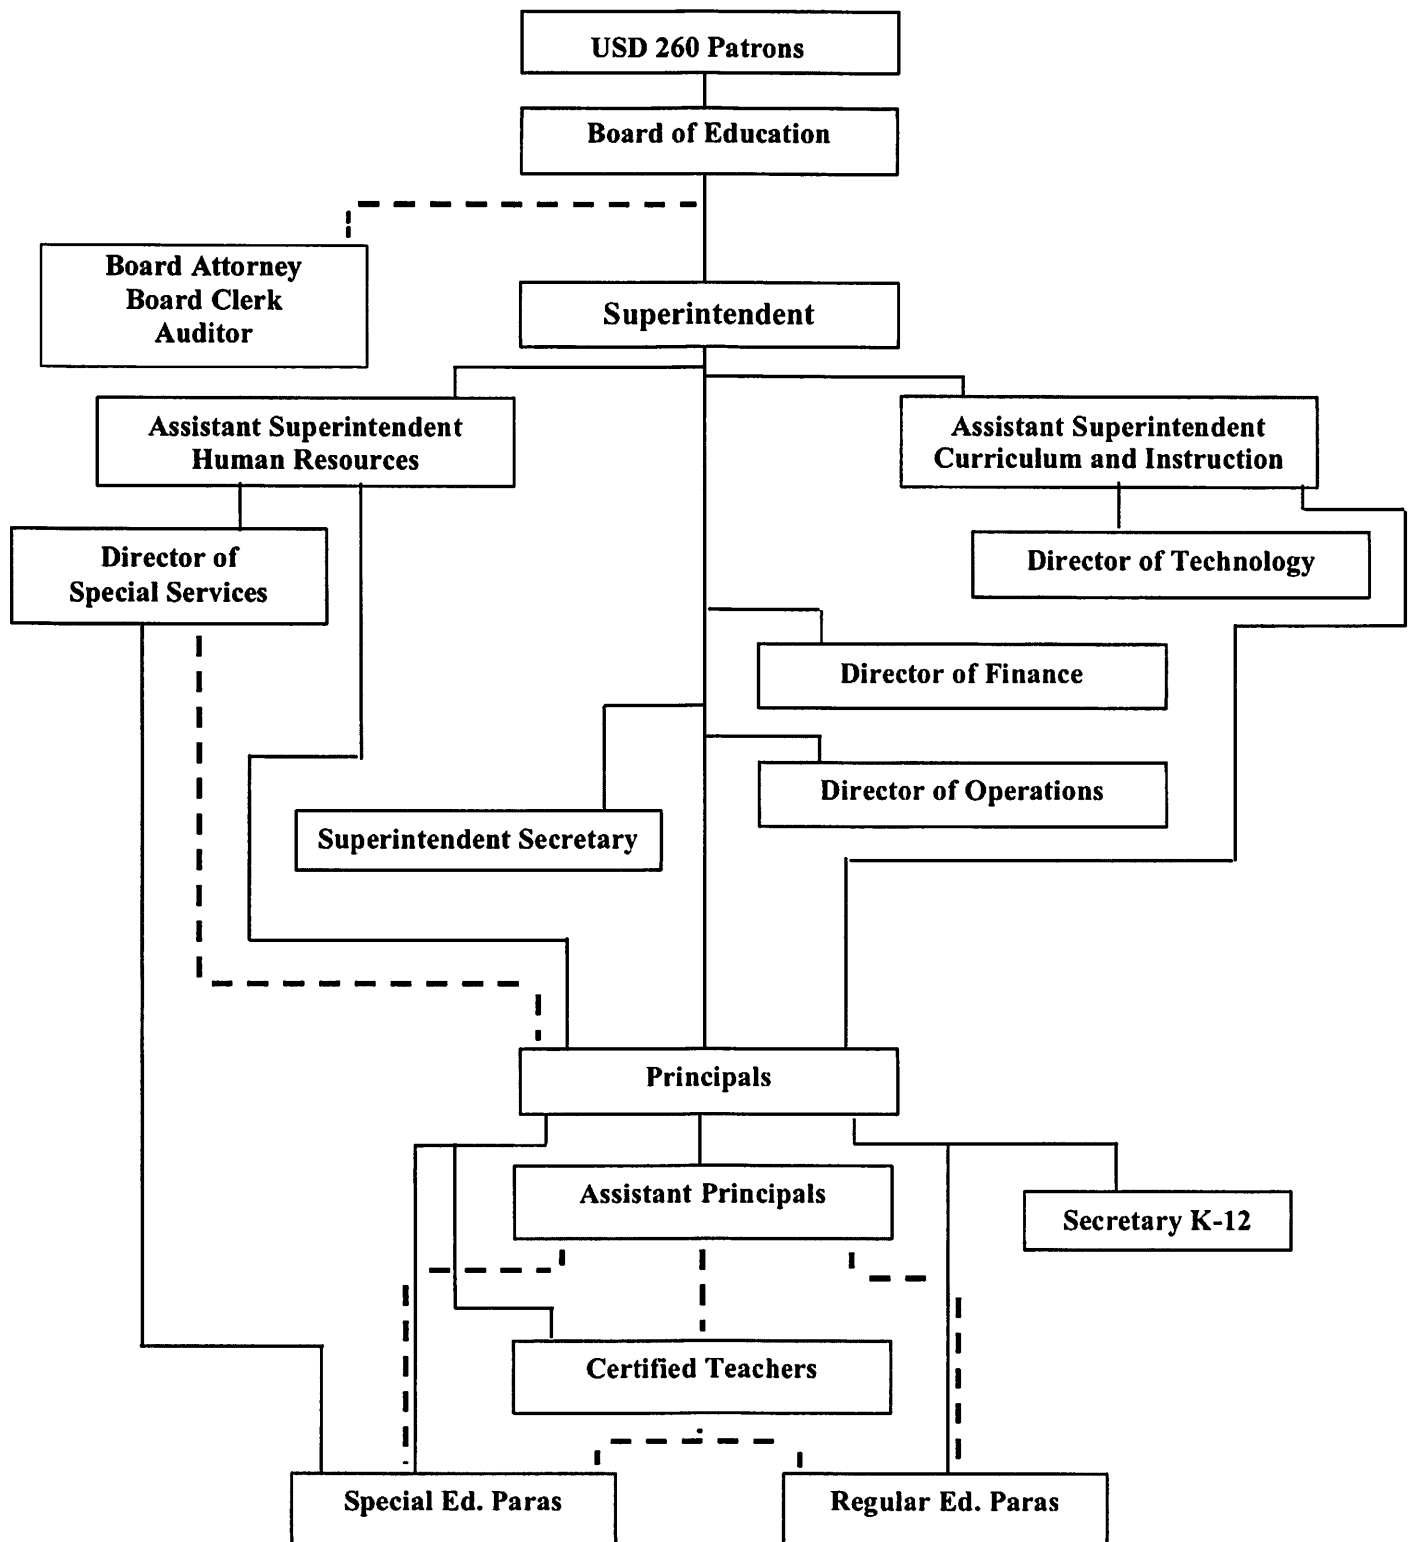

Executive Director/CEO

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Unified School District No. 260, Kansas for its Comprehensive Annual Financial Report for the fiscal year ended June 30, 2016.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized Comprehensive Annual Financial Report, whose contents conform to program standards. Such CAFR must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. USD 260 has received a Certificate of Achievement for the last thirty-three consecutive years (fiscal years 1984-2016). We believe our current report continues to conform to the Certificate of Achievement program requirements, and we are submitting it to GFOA.

INDEPENDENT AUDITOR'S REPORT

Board of Education
Derby Unified School District No. 260
Derby, Kansas

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Derby Unified School District No. 260 as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the *Kansas Municipal Audit and Accounting Guide*. The financial statements of the Derby Recreation Commission (component unit) were not audited in accordance with *Government Auditing Standards*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the discretely presented component unit, each major fund and the aggregate remaining fund information of Derby Unified School District No. 260, Derby, Kansas, as of June 30, 2017, and the respective changes in financial position and the respective budgetary comparison for the General and Special Education Funds for the year then ended in conformity with accounting principles generally accepted in the United States of America

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the *Governmental Accounting Standards Board* who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Derby Unified School District No. 260's basic financial statements. The combining and individual fund financial statements and schedules and the introductory and statistical sections as listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal and state awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and schedules and the schedule of expenditures of federal and state awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to

prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and schedules and schedule of expenditures of federal and state awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 20, 2017 on our consideration of Derby Unified School District No. 260's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Derby Unified School District No. 260's internal control over financial reporting and compliance.

Unified School District No. 260, Derby, Kansas
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2017

This discussion and analysis of the Derby Unified School District's financial performance provides an overall review of the District's financial activities for the fiscal year ended June 30, 2017. The intent of this discussion and analysis is to look at the District's financial performance as a whole; readers should also review the transmittal letter, notes to the basic financial statements and financial statements to enhance their understanding of the District's financial performance.

The Management Discussion and Analysis (MD&A) is an element of the new reporting model adopted by the Governmental Accounting Standards Board (GASB) in their Statement No. 34, Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments. Certain comparative information between the current year and the prior year is required to be presented in the MD&A.

FINANCIAL HIGHLIGHTS

The trends of prior years indicated that during the fiscal year 2016-2017, the Derby Unified School District would experience another year of increases in the cost for special education. The District continues to rely upon the Local Option Budget (LOB) to provide funding for these increases. No increases in the base funding from the State of Kansas continues to force the District to make reductions in staff and instructional programs.

USING THE COMPREHENSIVE ANNUAL FINANCIAL REPORT (CAFR)

This Comprehensive Annual Financial Report consists of management's discussion and analysis, the basic financial statements and required supplementary information. These statements are organized so the reader can understand the District as a whole, an entire operating entity. The basic financial statements include two kinds of statements that present different views of the District. The first series of statements are the district-wide financial statements. The second kind of financial statements are the fund financial statements.

REPORTING THE SCHOOL DISTRICT AS A WHOLE

District-Wide Financial Statements

The district-wide financial statements include all assets and liabilities of the District using the accrual basis of accounting. This method of accounting is similar to how private sector companies report the results of their operations. These statements take into account all of the current year's revenues and expenses regardless of when cash is received or paid.

The first of the district-wide statements is the Statement of Net Position. The Statement of Net Position presents balance information for the entire District operations at a given point in time (June 30, 2017). The assets include all cash and investments, receivables including taxes assessed that remain uncollected and capital assets reduced by accumulated depreciation. Liabilities include accounts payable, claims payable and outstanding general obligation debt. This results in a statement that encompasses the entire operations of the Derby Unified School District.

Although the Statement of Net Position reports total net position of \$21.7 million deficit, the District has restrictions over the use of these funds. The investment in facilities and equipment is necessary to carry out the mission of the District. Kansas state laws segregate funds and place restrictions on spending. This should be considered when reviewing the report. The total net position deficit is the result of the implementation of GASB statements No. 68 and No. 71, which required the District to record unfunded pension liabilities of \$63,819,632 at June 30, 2017.

The second of the district-wide financial statements is the Statement of Activities. This statement shows the results of operations that caused the net position to change from the prior year to the amount reported on the Statement of Net Position as of June 30, 2017. This statement answers the question, "How did we do financially during fiscal year 2017?" This change in net position is important because it tells the reader that, for the school district as a whole, the financial position has improved or diminished. The statement for 2017 indicates an increase of \$519,548 in the District's financial position. The causes of this change may be the result of many factors. Most notably, the results are influenced by:

- ◆ the property tax base,
- ◆ the unfunded KPERS pension liability,
- ◆ operating expenditure limits imposed by Kansas law,
- ◆ building improvements,
- ◆ number of students served, and
- ◆ staff levels.

The Statement of Activities classifies expenses by functional area. The report also shows corresponding charges for services and restricted grants for each function that helps support the expenses. The resulting Net (Expenses) Revenue and Changes in Net Position shows the remaining expenses not supported by charges for services and restricted grants. General revenues are then applied to the remaining expenses resulting in the total change in net position for the year.

REPORTING THE SCHOOL DISTRICT'S MAJOR FUNDS

Fund Financial Statements

Financial statements by fund follow the district-wide statements. These statements provide more detail about the District according to the various funds established under Kansas law. The major funds are listed separately with all non-major funds aggregated in the column labeled "Other Governmental Funds." As shown on the reconciliations on pages 22 and 24, the fund statements differ from the district-wide statements (Statement of Net Position and Statement of Activities) by excluding the following:

- ◆ cost of capital assets less accumulated depreciation, and
- ◆ long-term liabilities.

The District's two kinds of funds are governmental and fiduciary funds.

Governmental Funds

Most of the District's activities are reported in the governmental funds, which focus on 1) how cash and other financial assets, that can be readily converted to cash, flow in and out and 2) the balances left at year end that are available for spending. The statements show revenue, expenditures and fund balances for each listed fund.

The fund classifications provide additional information about the entity. The General and Special Education funds encompass the major operating funds. The Capital Outlay fund is the primary source for the purchase of furniture, equipment and for major repairs and improvements to buildings and grounds. The Debt Service fund is used to pay outstanding general obligation bonds and related interest charges as they become due.

Fiduciary Funds

The District's fiduciary funds are comprised of agency funds. Agency funds are used to account for assets held in a trustee capacity or as an agent for individuals, private organizations and/or other funds. Agency funds include student activity monies at the various schools. The District's agency funds are reported on the Statement of Fiduciary Net Position.

FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE

The District's total net position was \$(21,748,266) on June 30, 2017.

DERBY UNIFIED SCHOOL DISTRICT NO. 260'S NET POSITION

	2017	2016	Change Increase (Decrease)
Current and other assets	\$ 17,426,983	\$ 16,871,388	\$ 555,595

Total net position	<u>\$(21,748,266)</u>	<u>\$(22,267,814)</u>	<u>\$ 519,548</u>

Most of the District's net position is invested in capital assets (buildings, land, and equipment). The remaining net position is a combination of restricted and unrestricted amounts. The restricted balances are amounts set aside by constraints placed on resources by creditors, grantors, laws or regulations, or enabling legislation. The unrestricted deficit is the result of recording unfunded KPERS pension liabilities attributed to the District's proportionate share of that unfunded pension liability.

The results of this year's operations as a whole are reported in the Statement of Activities. All expenses are reported in the first column. Specific charges, grants, revenues and subsidies that directly relate to specific expense categories are represented to determine the final amount of the District's activities that are supported by other general revenues. The two largest general revenues are grants and entitlements provided to the District and local property taxes assessed to community taxpayers. A condensed summary of the changes in the District's net position for the year ended June 30, 2017, with comparative amounts for 2016, is as follows:

DERBY UNIFIED SCHOOL DISTRICT No. 260'S CHANGES IN NET POSITION

Net position at June 30	<u>\$ (21,748,266)</u>	<u>\$ (22,267,814)</u>	<u>\$ 519,548</u>

The District's total revenues amounted to \$77.7 million with unrestricted grants and entitlements contributing 53.7%, property taxes contributing 22.3%, operating grants and contributions contributing 20.3% and all other revenue sources contributing the remaining 3.7% of revenues. The most significant changes from the preceding year include:

- ◆ Grants and entitlements not restricted to specific programs decreased \$6,146,566 due to changes made in the state finance formula regarding accounting for state aid block grant revenues and, as a result, direct functional grant income increased by \$8,494,591 with the most significant increase in the Capital Outlay Fund as previously discussed.
- ◆ Capital grants and contributions decreased by \$678,221 as a result of capital grants received for the Derby North Middle School safe room in fiscal year 2016.

- ◆ Property taxes decreased by \$371,948 for 2017 with the Supplemental General Fund reflecting a decrease of \$1,089,872 due to the increased state aid funding and increases were reflected in the Debt Service, Capital Outlay and Special Assessment Funds of \$190,344, \$166,782 and \$44,003 respectively. The taxes for the Derby Recreation Commission increased by \$316,771 for 2017. The District's total mill levy decreased from 62.156 to 59.433.

Total expenses for the District decreased by \$15,273,509, or 16.5% for 2017. Total salaries and benefits account for approximately 55% of total expenses for the District. Major expense changes compared to 2016 are as follows:

- ◆ Instruction functional expenses decreased by \$12,515,205, or 26.2%. The District's allocation of unfunded pension liabilities for this functional area decreased by \$8,979,231 from the 2016 year. The early retirement benefits decreased by \$687,481 and KPERS retirement payments decreased by \$201,431 from 2016. Instruction expenses for the General Fund and Supplemental General Funds decreased a combined \$1,229,112. Prior period adjustments for the deletion of capital assets and accumulated depreciation resulted in a charge of \$4,006,266 to the 2016 amounts. Special Education and Vocational Education expenses increased for 2017 by \$135,754 and \$210,692, respectively. Textbook materials added \$898,166 to 2017 expenses and an increase in depreciation expense added \$569,114 of costs for 2017. Teacher salaries account for a significant portion of this expense classification, the average annual teacher's salary for fiscal year 2017 reflected an increase of approximately 2.53% as a result of salary negotiations. Due to per pupil state aid remaining constant, all other instructional expenses stayed at a consistent level in order that the district could increase salaries.
- ◆ Student and instructional support expenses decreased \$383,871, or 5.3%, for 2017. This decrease can be attributed to reduced expenses to this functional area for unfunded KPERS pension liabilities, early retirement benefits and compensated absence benefits.
- ◆ Operations and maintenance expenses decreased by \$2,596,340, or 27.3%, for 2017. As the district starting concluding work on projects funded from the approved bond issue, many additional anticipated maintenance expenses were incurred during 2016. Further, the implementation of energy facility improvements during 2016 and 2017 has begun to reflect savings to the district.
- ◆ Recreation functional expenses increased \$316,771 representing increased appropriations to the Derby Recreation Commission, which were anticipated in the annual budgeting process.
- ◆ Interest on long-term debt increased \$385,579 related to general obligation bonds and capital lease obligations.

DISTRICT FUNDS

As the District completed the year, its governmental funds reported combined fund balances of \$15.8 million. This is an increase of \$1.2 million with the Capital Outlay Fund contributing to the increase by \$1.2 million and all other District funds resulting in a zero net change. The General and Special Education funds are the primary sources of operating revenues for the District. These funds account for \$48.4 million or 62.1% of the total revenues. The Debt Service fund and Capital Project fund represents 6.7% and 7.6%, respectively of the total with the remaining 23.6% in other governmental funds.

General Fund

The General Fund is the primary operating fund of the District and funding is provided principally from state aid and property taxes. The ending fund balance of \$3,037,438 is principally comprised of Supplemental General (LOB) and Contingency Reserve balances of \$393,644 and \$2,393,881 respectively. The fund balance for the General Fund decreased by \$215,726 for 2017, compared to an increase of \$1,501,321 for 2016. Revenues for state aid remained flat under the second year of the block grant funding by the State of Kansas. Student fees and other reimbursements decreased resulting

in a net decrease in revenues of \$1,343,652. Expenditures decreased by \$595,080 from 2016 with the General Fund showing an increase of \$311,819 and the Supplemental General Fund decreasing by \$1,028,053. General Fund and Supplemental General Fund expenditures are limited as determined by the Kansas State Department of Education.

Special Education Fund

The Special Education Fund expenditures increased by \$495,869, or approximately 5.1%, as a result of services provided to the student population requiring these services. The ending fund balance amounted to \$950,000, which was the anticipated budget carryover into fiscal year 2018.

Debt Service Fund

The Debt Service restricted fund balance of \$4.6 million is available only to pay the bond and interest payment in October 2017. The mill levy for the fund varies according to the payment schedule for the outstanding bonds.

Capital Outlay Fund

Capital Outlay Fund revenues exceeded expenditures by \$1,203,625 with an ending balance of \$3.3 million primarily for projects related to facility improvement, utility equipment updates, and technology purchases for student learning opportunities.

Kansas Statutes require the use of a multitude of funds. Many of these funds do not have sufficient resources to pay the expenditures in the fund and therefore transfers must be made from other funds. Typically these transfers are made from the General fund. The following table categorizes the funds to simplify the analysis:

DERBY UNIFIED SCHOOL DISTRICT NO. 260
Governmental Funds Revenues, Expenditures, Transfers and Fund Balances
Year ended June 30, 2017

Fund	Revenue and Other Sources	Expenditures and Other Uses	Ending Fund Balance
General	\$ 38,322,523	\$ 36,967,107	\$ 3,037,438
Bilingual education	888,134	1,098,082	---
Special education	10,109,798	10,194,651	950,000
Vocational education	913,517	1,103,336	15,603
Textbook revolving	285,832	1,162,765	1,493,262
KPERS Special Contribution	3,376,167	3,376,167	---
At Risk education	4,097,967	4,294,972	---
Federal and state grants	1,595,744	1,585,848	67,105
Total basic education	59,589,682	59,782,928	5,563,408
Driver training	28,558	17,954	42,753
Parent education	129,822	246,641	4,008
Athletic and Activity	175,738	174,652	2,896
Total expanded education	334,118	439,247	49,657

Fund	Revenue and Other Sources	Expenditures and Other Uses	Ending Fund Balance
Capital outlay	\$ 5,961,378	\$ 5,343,784	\$ 3,293,335
Debt service	5,203,476	4,759,414	4,622,934
Special assessments	561,285	258,231	809,138
Bond projects	36,602	629,256	532,621
Total capital	<u>11,762,741</u>	<u>10,990,685</u>	<u>9,258,028</u>
Recreation	<u>3,271,832</u>	<u>3,271,832</u>	<u>---</u>
Food service	<u>3,082,737</u>	<u>2,983,115</u>	<u>928,219</u>
Total	<u>\$ 78,041,110</u>	<u>\$ 77,467,807</u>	<u>\$ 15,799,312</u>

Overall, revenue exceeded total expenditures, leaving an ending fund balance of \$15.8 million. An analysis of the above table categories follows:

- ◆ Basic education expenditures exceeded revenue by \$193,246 due to changes in the distribution and reporting of state aid under the block grant formula. The General fund is subject to an expenditure limit that may be exceeded to the amount of these contributions. The limit is based upon an amount set up in a block grant as provided in the law. The funding in the block grant is based upon the audited number of weighted students from the 2014-2015 school year. The District has no ability to increase the resources in the general and supplemental general funds to cover inflationary increases in costs without annual changes in the statutory base aid per pupil.

Any balance remaining in the General fund is used to support the subsequent year limit. Therefore, a remaining balance in this fund should not be considered as additional resources available to the District in excess of the expenditure limits. The General fund ending fund balance represents \$3.0 million (54.6%) of the basic education fund balances of \$5.6 million.

- ◆ The expenditures for Expanded education funds exceeded revenue by \$105,129 leaving a balance of \$49,657 at June 30, 2017. The Driver Training fund represents 86.1% of the total as the District has collected more in student fees than has been used for expenditures. Fees for driver training are set by the Board of Education.

Analysis of Budget Variations

Following the funding formula for schools in the State of Kansas, the District used the General fund to account for operating expenditures. The following table summarizes the budget variances in revenues (in millions of dollars) for the fund:

	Original Budget	Final Budget	Increase/ (Decrease)	Actual Revenues	Over/(Under) Final Budget
General	<u>\$ 44.2</u>	<u>\$ 41.7</u>	<u>\$ (2.5)</u>	<u>\$ 41.7</u>	<u>\$ ---</u>

The following table summarizes the budget variances in expenditures (in millions of dollars):

	Original Budget	Final Budget	Increase/ (Decrease)	Actual Expenditures	Over/(Under) Final Budget
General	<u>\$ 44.2</u>	<u>\$ 41.7</u>	<u>\$ (2.5)</u>	<u>\$ 41.7</u>	<u>\$ ---</u>

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

By the end of 2017, the District had invested \$94.9 million in a broad range of capital assets, including school buildings, athletic facilities, computer equipment, and administrative offices. This amount represents a net decrease of about \$4.6 million from the preceding year. The decrease was principally the result of certain buildings being demolished as planned under the 2012 bond issue. Total depreciation expense for the year approximated \$6.0 million which was added to the current year net decrease.

Capital Assets (Net of depreciation)

	Assets as of June 30, 2017
Land	\$ 2,399,997
Buildings and improvements	77,968,461
Improvements other than buildings	4,819,679
Furniture and equipment	9,705,502
	<u>\$ 94,893,639</u>

Long-term Debt

Kansas statutes limit the amount of outstanding indebtedness. The current limit is approximately \$75.3 million and the District has \$60.0 million outstanding (subject to the debt limit) at June 30, 2017. The district received approval from the State Board of Education to exceed the debt limit with the new bonds. The increase reflects the changes from the District's bond issue passed in April 2012. See the Notes to the Financial Statements for detailed information about capital assets (Note 3) and long-term debt (Note 4).

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide the District's citizens, taxpayers, customers, and investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Business Office, Unified School District No. 260, 120 E. Washington, Derby, Kansas 67037.

RECONCILIATION OF TOTAL GOVERNMENTAL FUND BALANCES
TO NET POSITION OF GOVERNMENTAL ACTIVITIES

June 30, 2017

Total Governmental Fund Balances \$ 15,799,312

Amounts reported for governmental activities in the
statement of net position are different because:

Capital assets used in governmental activities are not
financial resources and therefore are not reported
in the funds:

Capital assets	\$ 164,748,355
Accumulated depreciation	<u>(69,854,716)</u>

Capital assets net of accumulated depreciation	94,893,639
--	------------

Other assets used in governmental activities are not
financial resources and therefore are not reported
in the funds:

Prepaid expenses	499,064
------------------	---------

Deferred outflows of resources related to unamortized
refunding bond costs are not due an payable in the
current period and therefore are not reported as
liabilities in the funds

	7,377,823
--	-----------

Pension contributions are reported as an expense in the
funds and as a deferred outflow of resources in the
governmental activities in the statement of net position

	22,204,129
--	------------

Pension fundings are reported as a revenue in the funds
and as a deferred inflow of resources in the
governmental activities in the statement of net position

	(17,972,487)
--	--------------

Long-term liabilities are not due and payable in the
current period and therefore are not reported
in the funds:

Accrued interest payable	583,303
Compensated absences payable	3,002,816
Other postemployment benefits payable	944,070
Early retirement payable	3,352,029
Net pension liability	63,819,632
General obligation bonds payable	59,860,000
Unamortized premium on general obligation bonds	8,900,718
Capital lease obligations payable	<u>4,087,178</u>

	<u>(144,549,746)</u>
--	----------------------

Net Position (deficit) of Governmental Activities	<u>\$ (21,748,266)</u>
---	------------------------

**RECONCILIATION OF GOVERNMENTAL FUNDS STATEMENT OF
REVENUES, EXPENDITURES AND CHANGES IN FUND
BALANCES TO THE STATEMENT OF ACTIVITIES**

Year Ended June 30, 2017

Net Change in Fund Balances – Total Governmental Funds \$ 1,159,334

Amounts reported for governmental activities in the
statement of activities are different because:

Governmental funds report capital outlays as expenditures.

However, in the statement of activities, the cost of those
assets is allocated over their estimated useful lives as
depreciation expense. In the current period, these
amounts are:

Capital outlay	\$ 2,140,640
Depreciation	<u>(5,951,813)</u>

Excess of depreciation over capital outlays	(3,811,173)
---	-------------

In the statement of activities, interest is accrued on outstanding debt, whereas in governmental funds, an interest expenditure is reported when due	30,902
--	--------

In the statement of activities, prepaid expenses are recognized as an asset, whereas in the governmental funds an expenditure is reported when paid	16,498
---	--------

In the statement of activities, the loss on the disposition of capital assets is reported as a functional expense whereas, in the governmental funds statement a loss on disposition of capital assets is not reported	(752,796)
---	-----------

Pension contributions are reported as expenditures in the governmental funds when made; however, they are reported as deferred outflows of resources in the statement of net position	(422,199)
---	-----------

In the statement of activities the issuance of debt is reported as a liability whereas, in the governmental funds statements the issuance of debt is reported as an other financing source for:	
Capital lease obligations	(586,031)

Repayment of debt principal is an expenditure in the
governmental funds, but the repayment reduces long-term
liabilities in the statement of net position:

General obligation bond payment	2,330,000
Certificates of participation	525,000
Capital lease payment	<u>983,880</u>

Total payments on long-term liabilities	3,838,880
---	-----------

Some expenses reported in the statement of activities do
not require the use of current financial resources and
therefore are not reported as expenditures in the funds:

Early retirement payable	977,720
Compensated absences payable	20,116
Other postemployment benefits payable	(177,333)
Unamortized bond refunding costs	(631,669)
Amortization of premium on general obligation bonds	<u>857,299</u>

Total other expenses	<u>1,046,133</u>
----------------------	------------------

Change in Net Position of Governmental Activities	<u>\$ 519,548</u>
---	-------------------

The accompanying notes are an integral
part of the financial statements.

NOTES TO FINANCIAL STATEMENTS

UNIFIED SCHOOL DISTRICT NO. 260, DERBY, KANSAS

NOTES TO FINANCIAL STATEMENTS

June 30, 2017

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting entity

Derby Unified School District No. 260 (District) is a Kansas school district governed by an elected seven-member board. As required by generally accepted accounting principles, these financial statements present Derby Unified School District No. 260 (the primary government) and its component unit. The component unit discussed in the following paragraphs is included in the District's reporting entity because the primary government is considered financially accountable for it.

The component unit columns in the government-wide financial statements (see note below for description) include the financial data of the District's component unit. It is reported in a separate column to emphasize that it is legally separate from the District and to differentiate its financial position and results of operations from that of the primary government. The District's component unit is accounted for using the same principles as the governmental fund types of the District.

The Derby Recreation Commission was established pursuant to Kansas Statutes to operate a system of public recreation in Derby, Kansas. The District appoints two of the five members of the Board of Commissioners of the Derby Recreation Commission. The Derby Recreation Commission taxes are levied under the taxing authority of the District. These taxes are accounted for in the Recreation and Recreation - Employee Benefits special revenue funds of the District. The Derby Recreation Commission may not acquire real property or issue debt without the approval of the District. Any lease entered into by the Derby Recreation Commission may be subject to approval of the District. The Derby Recreation Commission is included in the financial statements of the District as a discretely presented component unit. Complete financial statements for the Derby Recreation Commission may be obtained at the Derby Recreation Commission, 801 East Market, Derby, Kansas 67037.

Implementation of GASB Statement No. 74

As of July 1, 2016, the District adopted Governmental Accounting Standards Board (GASB) Statement No. 77, Tax Abatement Disclosures. The implementation of these standards requires governments to disclose tax abatement information about (1) a reporting government's own tax abatement agreements, if any, and (2) those that are entered into by other governments and that reduce the reporting government's tax revenues. The effect of the implementation of this new standard has no effect on beginning net position and the additional disclosures required by this standard are included in Note 12.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Basis of presentation

The financial statements of the District have been prepared in conformity with generally accepted accounting principles as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

The District's basic financial statements include both government-wide, including a statement of net position and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

Government-wide financial statements

The statement of net position and the statement of activities display information about the District as a whole. The statement of net position presents the financial condition of the governmental activities of the District at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the District's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore are clearly identifiable to a particular function. Program revenues include (1) charges paid by the recipient for goods or services or privileges provided by a given function or activity and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Taxes and other items not properly included among program revenues are reported instead as general revenues. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the District.

Fund financial statements

During the year, the District segregates transactions related to certain functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the District at a more detailed level. The focus of governmental fund financial statements is on major funds. Each major fund is reported in a separate column. Nonmajor funds are aggregated and presented in a single column in the fund financial statements.

The District's fiduciary funds are presented in the fund financial statements by type. Since by definition these assets are being held for the benefit of a third party (other local governments, individuals, etc.) and cannot be used to address activities or obligations of the District, these funds are not incorporated into the government-wide statements.

Measurement focus and basis of accounting

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider are met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers property tax revenues to be available in the period for which levied and other revenues if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, charges for services and interest associated with the current fiscal period are considered susceptible to accrual and so have been recognized as revenues of the current period. Entitlements and shared revenues are recorded at the time of receipt or earlier if the susceptible to accrual criteria are met. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met.

Agency funds are custodial in nature and do not measure results of operations or have a measurement focus. Agency funds do, however, use the accrual basis of accounting.

The District reports the following major governmental funds:

General Fund – used to account for all financial transactions not properly accounted for in another fund. It receives a greater variety and number of taxes and other general revenues than any other fund and these resources also finance a wider range of activities than any other fund. Under the provisions of Governmental Accounting Standards Board Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, the following funds are combined to present the General Fund operations:

General Fund – the District's primary operating fund.

Supplemental General Fund – used to account for revenue received and expenditures incurred related to the District's Local Option Budget (LOB). Moneys available under the LOB may be used for any purpose for which expenditures from the General Fund are authorized.

Professional Development Fund – used to account for revenue received and expenditures incurred for teacher inservice training programs.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Summer School Fund – used to account for summer school fees collected and expenditures associated with summer school programs.

Contingency Reserve Fund – used to account for moneys transferred from the General Fund, in accordance with Kansas statutes, and to provide resources for unforeseen and unplanned needs of the District.

Latchkey Program Fund – used to account for revenue and expenditures for childcare programs maintained by the District.

Special Education Fund – used to account for revenue and expenditures incurred in conjunction with the state supported supplemental education needs of selected students. Major resources include Federal and State Aid provided through the Kansas Department of Education.

Debt Service Fund – used to account for the payment of principal and interest on the District's general obligation bonds.

Capital Outlay Fund – used to account for tax revenues and other sources which are primarily utilized for the acquisition, construction, reconstruction, repair, remodeling, additions to, furnishing and equipping of District buildings.

Bond Project Fund – used to account for the proceeds of the general obligation bonds issued July 1, 2012 in the principal amount of \$60,155,000 and \$3,300,000 issued June 1, 2014 that were approved by the voters in the District on April 3, 2012. The proceeds of the bonds are being used to (a) construct, equip and furnish a new grade 6-8 middle school; (b) construct, equip and furnish an addition to the existing middle school and make renovations and improvements to the existing facility; (c) construct, equip and furnish a new Central Kitchen facility; (d) replace roofing on existing District buildings; (e) construct improvements to certain District elementary schools to provide enhanced safety and security, improve support spaces, provide larger and more functional classrooms, and provide storm shelter areas; (f) construct, equip and furnish additions to the existing high school building to provide additional and improved space for music/orchestra education, improve locker room facilities, expand the existing lobby area, and expand and remodel food service areas; (g) demolish both the existing 6th Grade Center building and the existing Central Kitchen facility; and (h) make all other necessary improvements appurtenant thereto.

The other governmental funds of the District account for grants and other resources whose use is restricted to a particular purpose.

In addition, the District reports agency funds to account for assets held in a trustee capacity or as an agent for individuals, private organizations and/or other funds. Agency funds include payroll withholding, sales tax collections and student activity monies at the various schools.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Cash and investments

The District pools all funds for the purpose of increasing income through investment activities except for the Bond Project Fund. Investments are reported at fair value, which are determined using market quotations for such securities. Short-term investments are reported at cost, which approximates fair value. Cash deposits are reported at a carrying amount, which reasonably estimates fair value. Applicable State statutes allow the recording of investment income to certain funds of the District and, accordingly, investment earnings have been credited to the General, Food Service and Capital Outlay funds. Investment and deposit earnings related to the bond financing in the Bond Project Fund are recorded to that fund. Additional cash and investment disclosures are presented at Note 2.

Inventories

Inventories are considered to be immaterial and are not recorded.

Property taxes and other receivables

Property taxes are recognized in the period for which the taxes are levied, that is when the use of the property taxes is permitted. Property taxes are assessed on a calendar year basis, become a lien and are levied on the property on November 1 of each year. The County Treasurer is the tax collection agent for all taxing entities within the County. Property owners have the option of paying one-half or the full amount of the taxes levied on or before December 20 during the year levied with the balance to be paid on or before May 10 of the ensuing year. State statutes prohibit the County Treasurer from distributing taxes collected in the year levied prior to January 1 of the ensuing year. At June 30 such taxes are a lien on the property and are recorded as taxes receivable, net of anticipated delinquencies, with a corresponding amount recorded as deferred revenue on the statement of net assets and the governmental fund financial statements for the appropriate funds. It is not practicable to apportion delinquent taxes held by the County Treasurer at the end of the year and, further, the amounts thereof are not material in relationship to the financial statements taken as a whole. As of June 30, 2017 the County Treasurer has distributed to the District approximately 98% of the 2016 taxes levied. The remaining taxes from this levy plus a portion of the 2017 taxes levied will be used to finance the fiscal year ending June 30, 2018.

Interfund receivables and payables

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. Short-term interfund loans are classified as "due to/from other funds." All short-term interfund receivables and payables at year-end will be eliminated in the subsequent year. As a general rule the effect of all other interfund activity has been eliminated from the government-wide financial statements.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Capital assets

Capital assets, which include property, plant, equipment, infrastructure assets and construction work in progress, are reported in the governmental activities column in the government-wide financial statements. Capital assets of the District are defined as assets with an initial individual cost of more than \$5,000, except for musical instruments and assets funded by federal grant programs, and a useful life of more than one year. District capital assets are recorded at historical cost, or estimated historical cost if actual historical cost is not available. Donated capital assets are valued at acquisition value on the date donated. The costs of normal maintenance and repairs that do not add to the value of the assets or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as the projects are completed and placed into operation.

Property, plant and equipment of the District is depreciated using the straight line method over the following estimated useful lives:

<u>Asset</u>	<u>Years</u>
Buildings	30
Improvements	15
Machinery and equipment	3-15

Assets acquired with funds received through federal grants, must be used in accordance with the terms of the grant. Federal regulations require, in some instances, the District to reimburse the federal government for any assets that the District retains for its own use after the termination of the grant unless otherwise provided for by the grantor.

Compensated absences

All permanent full-time and part-time employees are eligible for vacation and/or sick leave benefits in varying annual amounts. Vacation benefits accrue as payable at a rate from .42 days to 1.67 days per month depending on length of continuous full-time employment. Sick leave days accumulate as payable at a rate of 1.33 days per month to a maximum of 180 days. Sick leave accumulated beyond 180 days is payable annually at three-fourths the daily rate.

The entire compensated absences liability is reported on the government-wide financial statements. The liability is based on current salary costs and the vested portion of accumulated benefits.

On the governmental fund financial statements, compensated absences are recognized as a liability and expenditure to the extent that they are due for payment during the current year. The most significant portion of the compensated absence liability is liquidated from the General and Supplemental General Funds.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Early retirement

The District maintains a policy of paying early retirement salary to certain former employees, who qualify, for a period not to exceed ten years subsequent to their early retirement date. Early retirement is defined under the program as retirement in or after the school year in which the employee reaches the age of 55, but before the school year the employee reaches the age of 65. To qualify for early retirement, employees have to be at least 55 years of age within the next school year and have a minimum of ten years employment with the District and the Kansas Public Employer's Retirement System (KPERs). Retirement pay is computed based on predetermined factors applied to the employees highest salary of their last four years of employment and is paid either on a monthly basis or as a lump sum payment at the end of the fiscal year. The computations do not include life expectancy or any other actuarial factors. An employee taking early retirement has no claim to re-employment in the District once retirement goes into effect. All early retirement benefits terminate upon the death of the participant. The early retirement obligations were liquidated from the District's Supplemental General Fund during the fiscal year ended June 30, 2017 and the cost of the termination benefits for the year ended June 30, 2017 was \$1,172,192. At June 30, 2017, there were 112 former employees receiving early retirement benefit payments. The discount rate applied in the determination of the early retirement benefit liability at June 30, 2016 was 2.60%, the average interest rate on the most recent debt issued by the District.

The District amended the early retirement plan effective July 1, 2017 to extend the program two additional years or until an employee reaches age 67. Although the exact dollar amount of this change to the program is not determinable, the estimated amount approximates two million dollars over potentially a 12-year period.

Accrued liabilities and long-term obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, claims and judgments, compensated absences and capital lease obligations that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year.

Risk management

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District carries commercial insurance for all risks of loss. Settled claims resulting from these risks have not materially exceeded commercial insurance coverage in any of the past three years.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Deferred inflows/deferred outflows of resources

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and is not recognized as an outflow of resources (expense/expenditure) until the future period. The District reports amounts related to pensions and for unamortized bond refunding costs on the government-wide statement of net position as a deferred outflow of resources.

In addition to liabilities, the statement of net position and balance sheet reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and is not recognized as an inflow of resources (revenue) until that time. The District reports amounts related to pensions and property taxes receivable on the government-wide statement of net position and unavailable revenues on the governmental funds balance sheet as deferred inflows of resources.

Net position flow assumption

The government will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted-net position and unrestricted – net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the District's policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

In the government-wide financial statements, equity is reflected as net position and classified into three components:

- Net investment in capital assets – consisting of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, leases, or other borrowings that are attributable to the acquisitions, construction or improvements of those assets.
- Restricted – consisting of net position items with constraints placed on their use either by (1) external groups such as creditors, grantors, contributors, or laws or

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

regulations of other governments; or (2) law through constitutional provisions or enabling legislation.

- Unrestricted net position – all other net position items that do not meet the definition of “restricted” or “investment in capital assets, net”.

Fund balance policies

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The government itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance).

Committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the government’s highest level of decision-making authority. The Board of Education is the highest level of decision-making authority for the District that can, by adoption of a resolution prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the resolution remains in place until a similar action is taken (the adoption of another resolution) to remove or revise the limitation.

In the governmental funds financial statements, equity is classified into potentially five components:

Restricted – constraints placed on the use of resources are either (a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Committed – amounts that can only be used for specific purposes pursuant to constraints approved by formal action of the government’s highest level of decision-making authority (the Board of Education). Those committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of action it employed to previously commit those amounts. The Board of Education can, by adoption of a resolution prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the resolution remains in place until a similar action is taken (the adoption of another resolution) to remove or revise the limitation.

Assigned – amounts that are constrained by the government’s intent to be used for specific purposes, but are neither restricted nor committed. Intent is expressed by (a) the governing body itself, or (b) a body (such as a budget or finance committee) or official (Superintendent) to which the governing body has delegated the authority to assign amounts to be used for specific purposes. The Board of Education has by resolution authorized the Director of Budget and Finance/Treasurer to assign fund

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

balance. The Board of Education may also assign fund balance as it does when appropriating a fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. An additional action does not normally have to be taken for the removal of an assignment.

Unassigned – the amount that is the residual after amounts have been restricted, committed or assigned to specific purposes. The General Fund shall be the only fund to report positive unassigned fund balance. All other governmental funds may report negative unassigned fund balance.

When an expenditure is incurred for purposes for which committed, assigned or unassigned fund balance is available, the following is the order in which resources will be expended: committed, assigned and unassigned.

Budgets and budgetary comparisons

Applicable Kansas statutes require that budgets be legally adopted for all governmental fund types on a 12-month basis, unless exempted by a specific statute. Specific funds exempted from legally adopted budgetary requirements include: Contingency Reserve, Latchkey Program, Textbook Revolving, Athletic and Activity, Special Grants, Kansas Beef Council Grant, Title II A, Title I, English Language Learners Title III, Kansas Coordinated School Health Grant, National Math & Science Initiative, Alcohol and Drug Prevention Grant – City of Derby, Derby Education Foundation/Boeing/Derby Community Foundation Grant, Preschool Block Grant – The Opportunity Project, Bond Project and the Military Academic/Support Program Grant funds.

The Capital Outlay Fund, included as a capital project fund type, is a budgeted fund and its appropriations lapse at the end of the year.

All agency funds are exempted from legally adopted budgetary requirements.

State statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

1. Preparation of the budget for the succeeding calendar year on or before August 1st.
2. Publication in local newspaper of the proposed budget and notice of public hearing on the budget on or before August 5th.
3. Public hearing on or before August 15th, but at least ten days after publication of notice of hearing.
4. Adoption of the final budget on or before August 25th.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

All budgets are prepared utilizing the modified accrual basis, modified further by the encumbrance method of accounting. Revenues are recognized when cash is received. Expenditures include disbursements, accounts payable and encumbrances (that is, commitments, such as purchase orders and contracts). Encumbrances are reported as expenditures in the current year's budgetary presentation and as committed fund balances in the governmental fund financial statements. Accordingly, the actual expenditure data presented in the budgetary comparison statements differ from the data presented in the governmental fund financial statements prepared in conformity with accounting principles generally accepted in the United States of America (GAAP).

Kansas statutes permit transferring budgeted amounts from one object or purpose to another within the same fund; however, such statutes prohibit creating expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. All unencumbered appropriations lapse at the end of the year. Management may amend the amount of a specific object or purpose appropriation without obtaining authorization from the Board of Education provided the amendments or transfers do not create a total budgeted expenditure amount for a specific fund in excess of that amount adopted by the Board of Education. The statutes allow for the Board of Education to increase the originally adopted budget for previously unbudgeted increases in revenue, other than ad valorem property taxes. This process requires a notice of public hearing to amend the budget to be published in the local newspaper. At least ten days after publication the hearing may be held and the Board of Education may amend the budget at that time. There were no individual fund budgets amended during the year ended June 30, 2017.

The General Fund and Supplemental General Fund amended budgets represent the legal maximum budgets for each fund as determined by the Kansas Department of Education.

In preparing a 12-month budget, the remaining taxes from the levy of the preceding calendar year are recognized as assets. All revenues and expenditures are estimated on a 12-month basis. The tax levy required to finance the budget is on a calendar year basis.

As discussed above, the actual data presented in the budgetary comparison statements differ from the data presented in the financial statements prepared in conformity with (GAAP). The following reconciliation is presented to provide a correlation between the "GAAP" basis of reporting and the budgetary basis of reporting:

	<u>General Fund</u>	<u>Special Education Fund</u>	<u>Debt Service Fund</u>	<u>Capital Outlay Fund</u>	<u>Other Nonmajor and Nonbudgeted Governmental Funds</u>	<u>Total Governmental Funds</u>
GAAP Fund Balance	\$3,037,438	\$ 950,000	\$4,622,934	\$3,293,335	\$3,895,605	\$15,799,312
Adjustments:

Budgetary Fund Balance June 30, 2017	<u>\$ -</u>	<u>\$ 950,000</u>	<u>\$ 4,622,934</u>	<u>\$ 3,148,575</u>	<u>\$ 2,217,128</u>	<u>\$10,938,637</u>

2. DEPOSITS AND INVESTMENTS

At June 30, 2017, the District has the following investments and maturities:

<u>Investment Type</u>	<u>Carrying Amount/ Fair Value</u>	<u>Cost</u>	<u>Weighted Average Months to Maturity</u>	<u>Rating</u>
U.S. Government agency securities and mortgage-backed securities (overnight sweep account investments)	\$ 405,840	\$ 405,840	39.50	S&P AA+

The overnight U.S. Government agency securities and mortgage-backed securities are carried at cost, which approximates their market values due to the short-termed duration of these investments.

Kansas Statutes Annotated (K.S.A.) 9-1401 establishes the depositories that may be used by the District. The statute requires banks eligible to hold the District's funds have a main or branch bank in the county in which the District is located, or in an adjoining county if such institution has been designated as an official depository, and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of Federal Depository Insurance Corporation (FDIC) coverage. The District has no other policies that would further limit interest rate risk.

K.S.A. 12-1675 limits the District's investment of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The District has no investment policy that would further limit its investment choices.

2. DEPOSITS AND INVESTMENTS (continued)

Concentration of credit risk

State statutes place no limit on the amount the District may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405. The investments held by the District are related to the bond project and are authorized by the authorizing bond resolution. These investments are not subject to collateralization. The District's allocation of investments at June 30, 2017, is as follows:

<u>Investment</u>	<u>Percentage of Investments</u>
U.S. Government agency securities and Mortgage-backed securities	100%

Custodial credit risk – deposits

Custodial credit risk is the risk that in the event of bank failure, the District's deposits may not be returned to it. State statutes require the District's deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka.

At year-end, the carrying amount of the District's deposits was \$14,585,705 with the bank balances of such accounts being \$15,164,408. Of the bank balances, \$576,099 was covered by federal depository insurance and the remaining balance of \$14,588,309 was covered by collateral held by the District's custodial banks in joint custody in the name of the District and its banks. The fair value of those pledged securities held by the District's custodial banks was \$21,181,984 at June 30, 2017.

The District's component unit cash and investments at June 30, 2017 consisted of cash on hand, money market checking accounts and certificates of deposit. At year-end, the carrying amount of the District's component unit deposits was \$3,391,274 with the bank balances of such accounts being \$3,421,734. Of the bank balances, \$577,734 was covered by federal depository insurance and the remaining balance of \$2,844,000 was covered by pledged collateral held at its custodial banks in joint custody in the name of the Commission and its banks or an irrevocable letter of credit with a fair value of \$3,613,807 at June 30, 2017.

Custodial credit risk – investments

For an investment, this is the risk that, in the event of failure of the issuer or counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State statutes require investments to be adequately secured.

2. DEPOSITS AND INVESTMENTS (continued)

A reconciliation of cash and investments as reported in the financial statements at June 30, 2017 is as follows:

Cash on hand – component unit	\$ 7,255
Carrying amount of deposits – primary government	14,585,705
Carrying amount of deposits – component unit	3,391,274
Carrying amount of investments – primary government	<u>405,840</u>
Total	<u>\$ 18,390,074</u>
Amounts per statements of net position:	
Cash and investments – primary government	\$ 13,359,674
Cash and investments – component unit	3,398,529
Cash and investments held in fiduciary funds	<u>1,631,871</u>
Total	<u>\$ 18,390,074</u>

3. CAPITAL ASSETS

A summary of changes in capital assets of the District for the year ended June 30, 2017 is as follows:

	<u>Balance at July 1, 2016</u>	<u>Additions</u>	<u>Deletions</u>	<u>Balance at June 30, 2017</u>
<u>Governmental Activities:</u>				
Capital assets not being depreciated:				
Land	\$ 2,389,818	\$ 36,179	\$ 26,000	\$ 2,399,997

Furniture and equipment	<u>22,563,937</u>	<u>2,017,418</u>	<u>1,898,335</u>	<u>22,683,020</u>
Total accumulated depreciation	<u>67,843,877</u>	<u>5,951,813</u>	<u>3,940,974</u>	<u>69,854,716</u>
Total capital assets being depreciated, net	<u>96,944,842</u>	<u>(3,724,404)</u>	<u>726,796</u>	<u>92,493,642</u>
Governmental activities capital assets, net	<u>\$ 99,457,608</u>	<u>\$ (3,688,225)</u>	<u>\$ 875,744</u>	<u>\$ 94,893,639</u>

Depreciation expense was charged to functions/programs as follows:

Instruction	\$ 4,956,537
Student support services	8,402
Instructional support services	8,167
General administration	577
School administration	18,387
Operation/maintenance of plant	398,899
Central support services	3,919
Student transportation services	173,129
Food service operations	<u>383,796</u>
	<u>\$ 5,951,813</u>

3. CAPITAL ASSETS (continued)

The cost and accumulated amortization of computer and technology equipment under capital lease at June 30, 2017 is \$2,485,740 and \$1,041,241, respectively.

Capital asset activity for the Derby Recreation Commission (component unit) for the year ended June 30, 2017 was as follows:

	<u>Balance at July 1, 2016</u>	<u>Additions</u>	<u>Deletions</u>	<u>Balance at June 30, 2017</u>
<u>Governmental Activities:</u>				
Capital assets being depreciated:				
Buildings and improvements	\$ 9,161,454	\$ —	\$ —	\$ 9,161,454

General obligation bonds

General obligation bonds payable are serial bonds to be retired through the fiscal year ended June 30, 2033. Debt service on the general obligation bonds is recorded in the Debt Service Fund of the District. At June 30, 2017 the bonds consist of the following:

	<u>Interest rates</u>	<u>Bonds outstanding</u>
General Obligation Refunding and School Improvement Bonds, Series 2012	2.0 – 5.0%	\$ 27,520,000
General Obligation Bonds, Series 2014, issued June 1, 2014	2.0 – 3.0%	2,980,000
General Obligation Refunding Bonds, Series 2016, issued March 30, 2016	2.0 – 5.0%	<u>29,360,000</u>
		<u>\$ 59,860,000</u>

On July 1, 2012, the District issued \$61,750,000 of 2.0% to 5.0% General Obligation Refunding and School Improvement Bonds, Series 2012. \$1,595,000 principal amount of the Series 2012 bonds were issued to pay \$1,600,000 of principal due under the District's 2004 bonds due October 1, 2012. The remaining principal amount of \$60,155,000 was issued to provide permanent financing to (a) construct, equipment and furnish a new grade 6-8 middle school; (b) construct, equipment and furnish an addition to the existing middle school and make renovations and improvements to the existing facility; (c) construct, equip and furnish a new Central Kitchen facility; (d) replace roofing on existing District buildings; (e) construct improvements to certain District elementary schools to provide enhanced safety and security, improve support spaces, provide larger and more functional classrooms, and provide storm shelter areas; (f) construct, equip and furnish additions to the existing high school building to provide additional and improved space for music/orchestra education, improve locker room facilities, expand the existing lobby area, and expand and remodel food service areas; (g) demolish both the existing 6th Grade Center building and the existing Central Kitchen facility; and (h) make all other necessary improvements appurtenant thereto. The Series 2012 bonds maturing on October 1, 2023,

4. LONG-TERM DEBT (continued)

and thereafter, are subject to redemption and payment prior to their stated maturity on October 1, 2022, and thereafter, as a whole or in part at any time at the redemption price of 100% of the principal amount plus accrued interest to the redemption date.

On June 1, 2014, the District issued \$3,300,000 of 2.0% to 3.0% General Obligation Bonds, Series 2014 to provide for the remaining costs related to the school improvements noted in the preceding paragraph. The Series 2014 bonds maturing on October 1, 2024, and thereafter, are subject to redemption and payment prior to maturity on October 1, 2023 and thereafter, as a whole or in part at any time at the redemption price of 100% of the principal amount plus accrued interest to the redemption date.

On March 30, 2016, the District issued \$29,430,000 of 2.0% to 5.0% General Obligation Refunding Bonds, Series 2016 to refund \$28,570,000 of Series 2012 Bonds maturing October 1, 2014 through October 1, 2031 which will be called for early redemption on October 1, 2022. The Series 2016 bonds received a rating of "Aa3" from Moody's Investors Service.

Annual debt service requirements for the general obligation bonds are as follows:

<u>Year ending June 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2018	\$ 2,495,000	\$ 2,338,218	\$ 4,833,218
2019	2,630,000	2,249,967	4,879,967
2020	2,775,000	2,160,143	4,935,143
2021	2,905,000	2,072,468	4,977,468
2022	3,040,000	1,965,867	5,005,867
2023	3,220,000	1,835,618	5,055,618
2024	3,405,000	1,688,627	5,093,627
2025	3,555,000	1,530,400	5,085,400
2026	3,760,000	1,366,525	5,126,525
2027	3,990,000	1,189,088	5,179,088
2028	4,310,000	1,030,469	5,340,469
2029	4,405,000	876,100	5,281,100
2030	4,635,000	676,275	5,311,275
2031	4,630,000	470,600	5,100,600
2032	4,865,000	280,700	5,145,700
2033	<u>5,240,000</u>	<u>91,700</u>	<u>5,331,700</u>
	<u>\$ 59,860,000</u>	<u>\$ 21,822,765</u>	<u>\$ 81,682,765</u>

Applicable State statutes limit the outstanding bonded indebtedness of the District to 14% (before any exemption authority granted by the State Board of Education) of the assessed value of all tangible taxable property within the District. At June 30, 2017, the District's legal debt margin was \$15,393,887.

4. LONG-TERM DEBT (continued)

Capital lease obligations

During 2013, the District entered into a lease agreement for technology equipment with a vendor. The lease requires semi-annual payments of \$124,697, including interest, through January 2017. The lease qualifies as a capital lease obligation under generally accepted accounting principles and the assets have been recorded at the present value of the net minimum lease payments at the inception of the lease (\$1,193,376). The lease payments for 2017 were financed from the Capital Outlay Fund.

During 2014, the District also entered into a lease agreement with a financing company for the purchase of computer equipment upgrades at the Education Service Center and for data recovery site upgrades. The lease requires annual payments in the amount of \$206,818, including interest, through August 2017. The lease qualifies as a capital lease obligation under generally accepted accounting principles and the assets have been recorded at the present value of the net minimum lease payments (\$1,003,975). The lease payment for 2017 was financed from the Capital Outlay Fund.

During 2015, the District entered into a lease agreement with a financing company for the purchase of energy improvements to all District facilities. The lease requires monthly payments in varying amounts ranging from \$27,215 to \$27,857, including interest, through January 2028. The lease qualifies as a capital lease obligation under generally accepted accounting principles and the assets will be recorded at the present value of the minimum lease payments at the inception of the lease (\$3,340,292). The lease payments for 2017 were financed from the Supplemental General Fund.

During 2016, the District entered into a lease agreement with a vendor for the purchase of notebook computers. The lease requires annual payments in the amount of \$227,249, including interest through July 2019. The lease qualifies as a capital lease obligation under generally accepted accounting principles and the assets have been recorded at the present value of the minimum lease payments at the inception of the lease (\$892,300). The lease payment for 2017 was financed from the Capital Outlay Fund.

During 2017, the District entered into two separate lease agreements with a vendor for the purchase of notebook computers. One lease agreement requires annual payments in the amount of \$61,744, including interest, through May 2019. The other lease agreement requires annual payments in the amount of \$140,838, including interest, through April 2019. The leases qualify as capital lease obligations under generally accepted accounting principles and the assets have been recorded at the present value of the minimum lease payments at the inception of the lease (\$181,800 and \$404,231, respectively). The lease payments for 2017 were financed from the Capital Outlay Fund.

The annual requirements to amortize the capital lease obligations outstanding at June 30, 2017, including imputed interest and maintenance charges, are as follows:

4. LONG-TERM DEBT (continued)

Year ending June 30,	2017 Computer Equipment	2016 Computer Equipment	2014 Computer Equipment	Energy Facility Improvements	Total
2018	\$ 202,582	\$ 227,249	\$ 206,818	\$ 324,780	\$ 961,429
2019	202,582	227,249	-	333,900	763,731
2020	-	-	-	343,260	343,260
2021	-	-	-	337,200	337,200
2022	-	-	-	330,363	330,363
2023	-	-	-	334,303	334,303
2024	-	-	-	334,280	334,280

2026	-	-	-	334,280	334,280
2027	-	-	-	334,280	334,280
2028	-	-	-	166,682	166,682
Total minimum lease payments	405,164	454,498	206,818	3,507,608	4,574,088
Less amounts representing interest and maintenance charges	<u>(21,716)</u>	<u>(8,382)</u>	<u>(3,056)</u>	<u>(453,756)</u>	<u>(486,910)</u>
Present value of minimum lease payments	<u>\$ 383,448</u>	<u>\$ 446,116</u>	<u>\$ 203,762</u>	<u>\$ 3,053,852</u>	<u>\$ 4,087,178</u>

Certificates of Participation

Certificates of Participation dated September 1, 2008, in the amount of \$1,500,000 were issued pursuant to a lease purchase agreement between the District, as lessee, and UMB Bank, N.A. as trustee and lessor. The Series 2008 Certificates of Participation have interest rates ranging from 3.50% to 4.50%. The Certificates of Participation were issued to finance the costs of the improvements to the Oaklawn Activity Center. The District also entered into a sublease agreement with the Derby Recreation Commission for use of the facility for an initial term of ten years with an option to renew for subsequent ten-year periods. The lease payments shall be sufficient to service the Certificates of Participation issued by the District related to the costs of expansion, repairs, remodeling and other related costs of the facility. The debt is being financed from the Capital Outlay Fund via the lease rentals received from the Derby Recreation Commission. The Derby Recreation Commission made advance lease payments for 2018 and 2019 to the District and all outstanding Certificates of Participation were called for early retirement on June 12, 2017.

Component Unit debt

The following is a summary of changes in long-term debt transactions of the Derby Recreation Commission (component unit) for the year ended June 30, 2017:

4. LONG-TERM DEBT (continued)

	<u>Balance at July 1, 2016</u>	<u>Increase</u>	<u>Decrease</u>	<u>Balance at June 30, 2017</u>	<u>Amounts Due Within One Year</u>
Capital lease obligations	\$ 3,940,000	\$ —	\$ 195,000	\$ 3,745,000	\$ 205,000
Compensated absences	212,383	150,140	138,832	223,691	44,761
Net pension liability	<u>1,214,631</u>	<u>408,420</u>	<u>181,096</u>	<u>1,441,955</u>	<u>—</u>
Total	<u>\$ 5,367,014</u>	<u>\$ 558,560</u>	<u>\$ 514,928</u>	<u>\$ 5,410,646</u>	<u>\$ 249,761</u>

Compensated absences

Compensated absences are to be paid from various funds in the same proportion that those funds pay payroll costs. The District's projected liability for compensated absences at June 30, 2017 is \$3,002,816, which will primarily be liquidated from the General Fund.

5. INTERFUND RECEIVABLES/PAYABLES

Individual fund receivable/payable balances at June 30, 2017 are as follows:

<u>Fund</u>	<u>Due To (Receivable)</u>	<u>Due From (Payable)</u>
Major Funds:		
General	\$ —	\$ 2,464,437
Capital Outlay	2,490,956	—
Nonmajor Funds:		
National Math & Science Initiative	—	403
Preschool Block Grant – The Opportunity Project	<u>—</u>	<u>26,116</u>
Total all funds	<u>\$ 2,490,956</u>	<u>\$ 2,490,956</u>

The interfund receivable/payable balances are the result of commitments in the General Fund prior to year-end that are to be funded by general state aid that is due to be paid to the District during the month of June 2017. However, the District did not receive the general state aid payment until July 2017. The National Math & Science Initiative and Preschool Block Grant – The Opportunity Project Funds had incurred unreimbursed expenditures at June 30, 2017 that were reimbursed subsequent to year-end by the grant programs.

6. INTERFUND TRANSFERS

With the implementation of Governmental Accounting Standards Board (GASB) Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, the majority of transfers made under the statutory basis of accounting are now classified as state aid.

6. INTERFUND TRANSFERS (continued)

GASB Statement No. 54 provides that “specific restricted or committed revenues may be initially received in another fund and subsequently distributed to a special revenue fund. Those amounts should not be recognized as revenue in the fund initially receiving them; however, those inflows should be recognized as revenue in the special revenue fund in which they will be expended in accordance with specified purposes.” State aid is initially received in the General and Supplement General Funds and various state statutes require the District to make transfers of this State Aid to other special revenue funds.

A summary of interfund transfers by individual fund reported as State Aid in the governmental funds financial statements but as transfers in the respective budgetary financial statements and schedules are as follows:

<u>Fund</u>	<u>Statutory authority</u>	<u>Transfers In</u>	<u>Transfers Out</u>
Major Funds:			
General	72-6428	\$ —	\$ 16,510,467
Supplemental General	72-6433	—	2,548,014
Special Education	72-6428	8,201,347	—
Nonmajor Funds:			
Kansas Public Employees Retirement System	72-6428	3,376,167	—
Professional Development	72-6428	89,686	—
Parent Education Program	72-6428	101,500	—
Vocational Education	72-6428	834,038	—
Bilingual Education	72-6428	888,134	—
Four Year Old At Risk	72-6428	105,930	—
At Risk	72-6428	3,992,037	—
Textbook Revolving	72-6428	<u>1,469,642</u>	<u>—</u>
Total transfers		<u>\$ 19,058,481</u>	<u>\$ 19,058,481</u>

7. PENSION PLAN

Plan description

The District participates in the Kansas Public Employees Retirement System, a cost sharing multiple employer defined benefit pension plan. The Pension Plan is administered by the Kansas Public Employees Retirement System (KPERS), a body corporate and an instrumentality of the State of Kansas. KPERS provides benefit provisions to the following statewide pension groups under one plan, as provided by K.S.A. 74-4901 *et. seq.*:

7. PENSION PLAN (continued)

Public employees, which includes:

- State/School employees
- Local employees
- Police and Firemen
- Judges

Substantially all public employees in Kansas are covered by the Pension Plan. Participant by local political subdivisions is optional, but irrevocable once elected.

Those employees participating in the Pension Plan for the District are included in the local State/School group.

KPERS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to KPERS, 611 S. Kansas Avenue, Suite 100, Topeka, Kansas 66603-3803, by calling 1-888-275-5737 or via KPERS website at www.kpers.org.

Benefits provided

KPERS provides retirement benefits, life insurance, disability income benefits and death benefits. Kansas law establishes and amends benefit provisions. Members with ten or more years of credited service may retire as early as age 55, with an actuarially reduced monthly benefit. Normal retirement is at age 65, 62 with ten years of credited service, or whenever a member's combined age and years of service equal 85.

Monthly retirement benefits are based on statutory formula that includes final average salary and years of service. When ending employment, members may withdraw their contributions from their individual accounts, including interest. Members who withdraw their accumulated contributions lose all rights and privileges of membership. For all pension coverage groups, the accumulated contributions and interest are deposited into and disbursed from the membership accumulated reserve fund as established by K.S.A. 74-4922.

Members choose one of seven payment options for their monthly retirement benefits. At retirement a member may receive a lump-sum payment of up to 50% of the actuarial present value of the member's lifetime benefit. His or her monthly retirement benefit is then permanently reduced based on the amount of the lump sum. Benefit increases, including ad hoc post-retirement benefit increases, must be passed into law by the Kansas legislature. Benefit increases are under the authority of the Legislature and the Governor of the State of Kansas.

The 2012 Legislature made changes affecting new hires, current member and employers. A new KPERS 3 cash balance retirement plan for new hires starting January 1, 2015 and thereafter, was created. Normal retirement age for KPERS 3 is 65 with five years of

7. PENSION PLAN (continued)

service or 60 with 30 years of service. Early retirement is available at age 55 with ten years of service, with a reduced benefit. Monthly benefit options are an annuity benefit based on the account balance at retirement.

For all pension coverage groups, the retirement benefits are disbursed from the retirement benefit payment reserve fund as established by K.S.A. 74-4922.

Contributions

Member contributions are established by state law, and are paid by the employee according to the provisions of Section 414(h) of the Internal Revenue Code. KPERS has multiple benefit structures and contribution rates depending on whether the employee is a KPERS 1, KPERS 2 or KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009. KPERS 2 members were first employed in a covered position on or after January 2, 2009, and KPERS 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas State law established the KPERS member-employee contribution rate of 6% of covered salary for KPERS 1, KPERS 2 and KPERS 3 members. Member employee contributions are withheld by their employer and paid to KPERS according to the provisions of Section 414(h) of the Internal Revenue Code.

State law provides that the employer contribution rates for KPERS 1, KPERS 2 and KPERS 3 be determined based on the results of each annual actuarial valuation. The contributions and assets of all groups are deposited in the Kansas Public Employees Retirement Fund established by K.S.A. 74-4921. All of the retirement systems are funded on an actuarial reserve basis.

For fiscal years beginning in 1995, Kansas legislation established statutory limits on increases in contribution rates for KPERS employees. Annual increases in the employer contribution rates related to subsequent benefit enhancements are not subject to these limitations. The statutory cap increase over the prior year contribution rate is 1.1% of total payroll for the fiscal year ended June 30, 2016.

The actuarially determined employer contribution rates and the statutory contribution rates for school employees (not including the 1% contribution rate for the Death and Disability Program) is 16.00% and 10.91%, respectively, for the fiscal year ended June 30, 2016. Member contribution rates as a percentage of eligible compensation for the fiscal year ended June 30, 2016 are 6.00% for Public Employees, 7.15% for Police and Firemen, and 6.00% or 2.00% for Judges.

For public school districts, K.S.A. 74-7939 states that the State of Kansas shall budget for the transfer from the state general fund sufficient sums to satisfy the participating district's obligations for employer contributions. K.S.A. 74-4939a then establishes the procedures for the actual distribution by the state, and subsequent remittance to KPERS, of the district's employer contributions. Under this statute, the State Department of Education

7. PENSION PLAN (continued)

disburses to the school district an amount equal to the participating employer's obligation. Upon receipt of each quarterly disbursement from the Department of Education, the school district must remit an equal amount to KPERS to satisfy the school district's obligation as a participating employer. Under these statutes, the District received and remitted amounts equal to the statutory contribution rate. Contributions to the pension plan from the District (excluding contributions for the Death and Disability Program) were \$3,376,167 and \$3,720,313 for the periods ended June 30, 2017 and 2016, respectively. Since the statutes require the State of Kansas to set the KPERS employer rate and also to budget and transfer a sufficient amount for employer contributions, the statutes do not permit the District to contribute additional amounts to the retirement program for the purposes of improving the funding status and reducing the liability recorded on the District's financial statements.

The 2015 Legislature passed and the Governor approved Senate Bill 228, which authorized the issuance of \$1 billion in pension obligation bonds to improve the funding of the State/School Group. The bonds were issued in August 2015 and deposited in the trust fund on August 20, 2015. This legislation reset the State/School 2016 statutory rate to 10.91% from the actuarial employer rates of 11.44% for state employees and 16.00% for school employees. During June 30, 2017, the District recorded \$7,784,575 in nonemployer contribution revenue for their proportionate share of this deposit.

Employer Allocations

Although KPERS administers one cost sharing multiple employer defined benefit pension plan, separate (sub) actuarial valuations are prepared to determine the actuarial determined contribution rate by group. Following this method, the measurement of the collective net pension liability, deferred outflows of resources, deferred inflows of resources and pension expense are determined separately for each of the following groups of the plan:

- State/School
- Local
- Police and Firemen
- Judges

To facilitate the separate (sub) actuarial valuations, KPERS maintains separate accounts to identify additions, deductions and fiduciary net position applicable to each group. The allocation percentages presented for each group as of June 30, 2016 are based on the ratio of each employer's contributions to total employer and nonemployer contributions of the group for the fiscal year ended June 30, 2016. The contributions used exclude contributions made for prior service, excess benefits and irregular payments. At June 30, 2016, the District's proportion of KPERS was .949547%, which is an increase .214417% from its proportion measured at June 30, 2015.

7. PENSION PLAN (continued)

Pension liabilities, pension expense, and deferred outflows of resources and deferred inflows of resources related to pensions

At June 30, 2017, the District reported at liability of \$63,819,632 for its proportionate share of the net pension liability. The collective net pension liability was measured by KPERS as of June 30, 2016, and the total pension liability used to calculate the collective net pension liability was determined by an actuarial valuation as of December 31, 2015, which was rolled forward to June 30, 2016. The District's proportion of the collective net pension liability was based on the ratio of the District's actual contributions to KPERS, relative to the total employer and nonemployer contributions of the State/School subgroup within KPERS for the fiscal year ended June 30, 2016.

For the year ended June 30, 2017, the District recognized pension expense of \$3,558,899. At June 30, 2017 the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
District contributions subsequent to the measurement date	\$ 3,558,899	\$ —
Differences between expected and actual experience	—	3,013,019
Changes in assumptions	—	115,393
Bond proceeds	—	7,784,575
Net difference between projected and actual earnings on pension plan investments	5,764,230	—
Changes in proportion	<u>12,881,000</u>	<u>7,059,500</u>
Total	<u>\$22,204,129</u>	<u>\$17,972,487</u>

The District reported \$3,558,899 as deferred outflows of resources related to pensions resulting from District's contributions subsequent to the measurement date, which will be recognized as a reduction of the net pension liability in the year ended June 30, 2018. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year ending June 30,</u>	<u>Amount</u>
2018	\$ (906,385)
2019	(906,385)
2020	1,001,374
2021	1,051,407
2022	432,732
Thereafter	—

7. PENSION PLAN (continued)

Actuarial assumptions

The total pension liability in the December 31, 2015 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Price inflation	– 3.0 percent
Wage inflation	– 4.00 percent
Salary increases, including wage increases	– 4.00 to 16.0 percent, including inflation
Long-term rate of return net of investment expense, and including price inflation	– 8.00 percent

Mortality rates were based on the RP-2000 Combined Mortality Table for Males or Females, as appropriate, with adjustments for mortality improvements based on Scale AA.

The actuarial assumptions used in the December 31, 2015 valuation were based on the results of an actuarial experience study conducted for the three-year period beginning December 31, 2012.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major assets class included in the pension plan's target asset allocations as of June 30, 2015 (see the discussion of the pension plan's investment policy) are summarized in the following table:

<u>Asset Class</u>	<u>June 30, 2015</u>	
	<u>Long-Term Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Global Equity	47.00%	6.80%
Fixed Income	13.00	1.25
Yield Driven	8.00	6.55
Real Return	11.00	1.71
Real Estate	11.00	5.05
Alternatives	8.00	9.85
Short-Term Investments	<u>2.00</u>	<u>(.25)</u>
Total	<u>100.00%</u>	

7. PENSION PLAN (continued)

Discount rate

The discount rate used to measure the total pension liability was 8.00 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the contractually required rate. The State, School and Local employers do not necessarily contribute the full actuarial determined rate. Based on legislation passed in 1993, the employer contribution rates certified by the System's Board of Trustees for these groups may not increase by more than the statutory cap. The expected KPERS employer statutory contribution was modeled for future years, assuming all actuarial assumptions are met in future years. Employers contribute the full actuarial determined rate for Police & Firemen and Judges. Future employer contribution rates were also modeled for Police & Firemen and Judges, assuming all actuarial assumptions are met in future years. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the net pension liability to changes in the discount rate

The following table presents the District's net pension liability of the Pension Plan as of June 30, 2016 calculated using the discount rate of 8.00%, as well as what the Pension Plan's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (7.00%) or 1-percentage-point higher (9.00%) than the current rate:

	June 30, 2016		
	1.00% Decrease (7.00%)	Current Discount Rate (8.00%)	1.00% Increase (9.00%)
District's proportionate share of The collective net pension liability	\$ 82,985,599	\$ 63,819,632	\$ 47,539,424

Pension plan fiduciary net position

Detailed information about the pension plan's fiduciary net position is available in the separately issued KPERS financial report.

Subsequent events

Under the budgetary authority process for the State of Kansas, the Kansas Governor has authority to reduce or defer the approved budget for purposes of balancing the budget. For the State's fiscal year ending June 30, 2016, approximately \$99 million in State funded

7. PENSION PLAN (continued)

employer contributions to the State/School group were deferred and to be repaid with interest. During the State's fiscal year ending June 30, 2017, legislation passed stating this payment will not longer be repaid.

The State of Kansas contribution to KPERS for all school municipalities for the year ending June 30, 2017, received as of June 30th was \$304,596,361. Per 2017 Senate Substitute for House Bill 2052, Section 37(a), state general fund employer contributions to KPERS were decreased by \$64,130,234 for the fiscal year ended June 30, 2017. Section 43 (17) of the bill also stipulates that repayments of the reduced contributions are to be amortized over twenty years at a level dollar amount commencing in fiscal year 2018. The level dollar amount was computed to be \$6.4 million per year.

It is unknown at this time whether these reductions will have a significant effect on the District's proportionate share of the KPERS collective net pension liability, or an effect on any actuarial assumptions used by KPERS to calculate the collective net pension liability.

8. OTHER POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS

Plan Description

The District sponsors a single-employer defined benefit healthcare plan administered by the District. The Employee Benefit Plan (Plan) provides healthcare benefits, including medical and dental, to retirees and their dependents. Retiree health coverage is provided for under K.S.A. 12-5040. No separate financial report is issued for the Plan. Employees who retire with at least 10 years of cumulative service with the District and commence retirement or disability benefits under the Kansas Public Employee Retirement System (KPERS) are eligible for benefits.

District retirees pay the same premiums charged to current employees for medical and dental coverage. The rates being paid by retirees for benefits are typically lower than those for individual health insurance policies. The difference between these two amounts is the implicit rate subsidy, which is considered other post employment benefits (OPEB) under Governmental Accounting Standards Board (GASB) Statement No. 45. Active and retirees pay 100% of the premium rates for dental insurance coverage so no employer implicit subsidy exists for the dental insurance coverage.

Retirees and spouses have the same benefit as active employees. Retiree coverage terminates either when the retiree becomes covered under another employer health plan, or when the retiree reaches the Medicare eligibility age, which is currently age 65. Spousal coverage is available until the retiree becomes covered under another employer health plan, attains Medicare eligibility age or dies.

8. OTHER POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (continued)

Coverage is provided through a fully insured group insurance program. Four medical plan options are available and consist of a \$1,500 POS plan, \$3,000 POS plan, \$5,000 POS plan and a \$2,600 High Deductible Health Plan. Effective February 1, 2015 a \$6,000 POS plan was added to the program.

Membership in the Plan comprised the following at February 1, 2015, the date of the most recent actuarial valuation:

Active employees	543
Retirees	34
Covered spouses of retirees	7

Funding Policy

The contributions of the plan members and the District are established and may be amended by the Board of Education. The required contribution is based on pay-as-you-go financing requirements. District retirees pay 100% of their healthcare premiums; the District is not required to share costs of retiree premiums.

Annual OPEB Cost and Net OPEB Obligation

The District's annual other postemployment benefit (OPEB) cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with parameters of GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarially determined liabilities (or funding excess) over a period not to exceed thirty years. The following tables show the components of the District's OPEB cost for 2017:

<u>Annual OPEB Cost and Obligation for 2017</u>	<u>Amount</u>
Annual required contribution (ARC)	\$ 349,018
Interest on net OPEB obligation	19,809
Adjustment to the ARC	<u>(25,322)</u>
Annual OPEB cost (expense)	343,505
Contributions made	<u>(166,172)</u>
Increase in net OPEB obligation	177,333
Net OPEB obligation – beginning of year	<u>766,737</u>
Net OPEB obligation – end of year	<u>\$ 944,070</u>

The District's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for the most recent six fiscal years were as follows:

8. OTHER POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (continued)

<u>Year Ended</u>	<u>OPEB Cost</u>	<u>% of Annual OPEB Cost Contributed</u>	<u>Net OPEB Obligation (Asset)</u>
6-30-17	\$ 343,505	48.4%	\$ 944,070
6-30-16	343,505	78.3%	766,767
6-30-15	343,505	63.2%	692,488
6-30-14	381,661	50.6%	565,983
6-30-13	381,661	50.6%	377,322
6-30-12	381,661	50.6%	181,661

Funded Status and Funding Progress

As of June 30, 2017, the plan was not funded. The actuarial accrued liability for benefits was \$944,070, and there were no actuarial assets, resulting in an unfunded actuarial accrued liability (UAAL) of \$3,901,751. The covered payroll (annual payroll of active employees covered by the plan) was \$22,307,979, and the ratio of the UAAL to the covered payroll was 17.49%.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about future employment, mortality and the health care cost trend. Amounts determined regarding the funded status of the Plan and the ARC of the District are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents trend information.

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the Plan as understood by the employer and the Plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and Plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the February 1, 2014 actuarial valuation, the projected unit credit actuarial cost method was used. The actuarial assumptions included a 3.50% percent investment rate, and an annual healthcare cost trend rate of 7.5% initially, reduced to an ultimate rate of 5.00% after seven years. Both rates include a 1.30% inflation assumption. The UAAL is being amortized as a level percentage of projected payroll on an open basis over a period of 30 years.

9. OPERATING LEASES

The District leases certain postage metering equipment, duplicating and printing equipment under noncancelable operating leases. Total lease costs under these leases included in expenditures of the General, Supplemental General, Latchkey, Special Education, Food Service, and Parents As Teachers Funds for the year ended June 30, 2017 was \$69,842, \$5,186, \$2,307, \$1,509, \$1,507, \$1,509 and \$1,250, respectively. Future minimum lease payments under these noncancelable operating leases are as follows:

<u>Year ending June 30,</u>	<u>Postage Equipment</u>	<u>Duplicating and Printing Equipment</u>	<u>Total</u>
2018	\$ 4,951	\$ 75,989	\$ 80,940
2019	4,951	75,989	80,940
2020	5,281	75,989	81,270
2021	5,611	56,992	62,603
2022	5,611	—	5,611
2023	<u>1,403</u>	<u>—</u>	<u>1,403</u>
	<u>\$ 27,808</u>	<u>\$ 284,959</u>	<u>\$ 312,767</u>

10. FUND BALANCE CLASSIFICATIONS

Fund balance classifications reported on the governmental funds balance sheet at June 30, 2017 were as follows:

11. CAPITAL PROJECT AUTHORIZATIONS

The District prepares annual operating budgets for the majority of the governmental funds; however, for the capital project funds project length budgets are prepared which are based on the project authorizations by the Board of Education. At June 30, 2017, individual project authorizations compared with project expenditures from inception are as follows:

	<u>Project authorizations</u>	<u>Expenditures project inception to June 30, 2017</u>
Bond Project	\$ 71,485,030	\$ 70,478,150

12. TAX ABATEMENTS

Derby USD No. 260 participates in tax abatement agreements entered into by the City of Derby, Kansas and Sedgwick County, Kansas. Those tax abatement programs include Economic Development Exemptions which Article 11, Section 13 of the Kansas Constitution gives counties and cities the authority to exempt from ad valorem taxation all or any portion of the valuation of buildings, land or other improvements used to facilitate business expansion and new employment creation. Kansas Statutes Annotated 79-213 et. seq. establishes procedures by which the taxable value of personal property being financed by industrial revenue bonds may be wholly or partially exempt.

The tax abatements granted by the City of Derby, Kansas and Sedgwick County, Kansas applicable to tax levied by the District were approximately \$448,708 for the year ended June 30, 2017.

13. ADVANCE REFUNDING

On March 30, 2016, the District entered into an advance refunding transaction whereby it issued \$29,430,000 of General Obligation Refunding Bonds, Series 2016, with interest

13. ADVANCE REFUNDING (continued)

rates from 2.00% to 5.00%, to advance refund \$28,570,000 of outstanding General Obligation Refunding and School Improvement Bonds, Series 2012 with an interest rate of 5.00%. Proceeds from the Series 2016 Bonds in the amount of \$34,849,862 were placed with the District's escrow agent, to provide for the principal amount and interest to the call date, October 1, 2022, to advance refund the General Obligation Refunding and School Improvement Bonds, Series 2012 maturing on October 1, 2024 to October 1, 2031. Included in the deposit with the escrow agent was \$87,000 of Series 2016 bond proceeds to pay for all costs of issuance related to the Series 2016 bonds.

The District entered into the refunding transaction for the General Obligation Refunding Bonds Series 2016 to reduce its total debt service payments over the next 17 years by \$1,343,534 and to obtain an economic gain (difference between the present values of the debt service payments on the old and new debt) of \$1,075,160.

14. COMMITMENTS AND CONTINGENCIES

Commitments

At June 30, 2017, the District had outstanding commitments related to building and facility improvements and equipment acquisitions in the amount of \$263,585 from the Bond Project Fund and \$144,760 from the Capital Outlay Fund.

Grant programs

The District participates in a number of federal and state assisted grant programs that are subject to financial and compliance audits by the grantor agencies or their designee. Accordingly, the District's compliance with applicable grant requirements and any disallowed costs resulting from such audits, if any, could become a liability of the District. It is management's opinion that any such disallowed costs will not have a material affect on the financial statements of the District at June 30, 2017.

Arbitrage

The District's general obligation bond issues are subject to the arbitrage provisions of Section 148 of the Internal Revenue Code. These provisions include the potential for rebates to the Federal Government of the earnings on the bond proceeds in excess of the yield on the bonds. The amounts of any future rebates due on the bonds have not been determined. The District does not expect that bond proceeds will be used in a manner that would cause any bond to be an "arbitrage bond" within the meaning of Code Section 148 and the regulations.

14. COMMITMENTS AND CONTINGENCIES (continued)

Continuing disclosure requirements

The Securities and Exchange Commission of the United States has adopted Rule 15c2-12 (the Rule) in order to regulate and improve the market for securities (generally Bonds) issued by state and local governmental bodies (Governmental Issuers). The Rule directly regulates only bond underwriters (the parties that purchase bonds with a view of reselling them), but indirectly requires persons committed to support payment of Bonds (Obligated Persons) to make continuing disclosure. The Rule requires that an underwriter, prior to purchasing or selling Bonds in connection with a covered Bond offering, determine that the Governmental Issuer, has undertaken in writing to provide every nationally recognized municipal securities information repository and to the appropriate State information depository, if any, the following:

- By a specified date, annual financial and operating information for the Governmental Issuer for whom financial information or operating data is presented in the official statement (an Annual Information Filing);
- When and if available, audited financial statements for Obligated Persons (Audits);
- In a timely manner, notice of the occurrence of one of eleven material events (a Material Event Filing); and
- In a timely manner, notice of a failure of any person required to provide the Annual Information Filing referred to above, on or before the date specified in the continuing disclosure agreement (Notice of Failure).

The specific continuing disclosure obligations required is set forth in the District's "Omnibus Continuing Disclosure Undertaking" as adopted by the District in 2014 and included with its bond issuance documents. Those documents require the District to provide the Annual Information Filing within 180 days after the end of the District's fiscal year.

The District is in compliance with the continuing disclosure requirements at December 20, 2017.

15. RESTATEMENT

During 2017, the District performed a detail review of its detail capital asset records and noted numerous capital asset items that were recorded at an incorrect asset acquisition value or items that had not been included in the capital asset records. Accumulated depreciation was also effected by these items. Beginning net position was restated to report the effect on net position was as follows:

15. RESTATEMENT (continued)

	<u>Governmental Activities</u>
Net position (deficit) at June 30, 2016, as previously reported	\$ (24,541,410)
Prior period adjustment for:	
Deferred costs on bond refunding	8,009,492
Correction of capital asset values at June 30, 2016	12,184,902
Correction of accumulated depreciation values at June 30, 2016	<u>(17,920,798)</u>
Net position (deficit), June 30, 2016, as restated	<u>\$ (22,267,814)</u>

16. SUBSEQUENT EVENTS

On September 2, 2017, the Board of Education approved a resolution authorizing and providing for the calling of a bond election in the District for the purpose of submitting to the qualified electors of the District three proposal of issuing general obligation bonds of the District to be held on February 20, 2018. Proposal No. 1 requests the issuance of general obligation bonds in an amount not to exceed \$114,020,000 to pay the costs to: (a) construct, equip and furnish additions to and make renovations and other improvements, including storm shelters, to existing District facilities: Tanglewood Elementary, Derby Hills Elementary, Park Hill Elementary, Swaney Elementary, El Paso Elementary, Wineteer Elementary, Derby Middle School and Derby High School for enhanced safety and security, improved teaching and learning environments, educational and building operating efficiencies, and ADA and other code compliance; (b) construct equip and furnish a new 3-section Elementary School within the District; (c) construct, equip and furnish a new District facility for Education Support Services/Special Services/Administration and Storm Shelter to be located at the Tanglewood Elementary site; (d) demolish portions and construct, equip, and furnish replacement additions to the existing Oaklawn Elementary and Cooper Elementary Schools within the District; (e) remodel and make needed improvements to the District Maintenance and Transportation Buildings; (f) make needed improvements to District Athletic facilities; (g) make all other necessary improvements appurtenant thereto; and (h) pay the costs of issuance and interest on the general obligation bonds of the District issued to finance the project during the construction thereof. Proposal No. 2 requests the issuance of general obligation bonds in an amount not to exceed \$5,495,000 to pay the costs to: (a) construct, equip and furnish an addition to the existing Derby High School facility to create a Panther Activity Center for curricular physical education and extra-curricular activity needs within the District; (b) make all other necessary improvements appurtenant thereto; and (c) pay the costs of issuance and interest on the general obligation bonds of the District issued to finance the project during the construction thereof. Proposal No. 3 requests the issuance of general obligation bonds in an amount not to exceed \$4,070,000 to pay the costs to: (a) construct and equip a District competition softball field, including artificial turf; (b) add artificial turf

16. SUBSEQUENT EVENTS (continued)

to the District competition soccer field; (c) add artificial turf to the District competition baseball field; (d) acquire and install lighting improvements at the football field located at Derby High School; (e) make all other necessary improvements appurtenant thereto; and (c) pay the costs of issuance and interest on the general obligation bonds of the District issued to finance the project during the construction thereof.

Subsequent events have been evaluated by management through December 20, 2017, which is the date the financial statements were available to be issued.

**COMBINING FINANCIAL STATEMENTS
AND INDIVIDUAL FUND SCHEDULES**

GENERAL FUND

The General Fund is used to account for all financial transactions not properly accounted for in another fund. It receives a greater variety and number of taxes and other general revenues than any other fund and these resources also finance a wider range of activities than any other fund. Under the provisions of Governmental Accounting Standards Board Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, certain funds established by statute are required to be included within the General Fund for financial reporting in accordance with generally accepted accounting principles (GAAP). Those combined funds for GAAP basis reporting are as follows:

General Fund – the fund of the District from which operating expenditures are paid and in which taxes levied, all general state aid, payments of federal funds made available under the provisions of Title I of Public Law 874 and such other moneys as provided by law are deposited.

Supplemental General Fund – used to account for revenue received and expenditures incurred related to the District's Local Option Budget (LOB). Moneys available under the LOB may be used for any purpose for which expenditures from the General Fund are authorized or may be transferred to the General Fund or any program weighted fund or categorical fund (as defined by Kansas statute) of the District.

Professional Development Fund – used to account for revenue received and expenditures incurred for teacher inservice training programs.

Summer School Fund – used to account for summer school fees collected and expenditures for summer school.

Contingency Reserve Fund – used to account for moneys transferred from the General Fund in accordance with Kansas statutes. The balance of this fund is limited to 10% of the General Fund budget of expenditures for the 2011-2012 school year and 6% for the 2012-2013 school year and thereafter.

Latchkey Program Fund – used to account for moneys received for childcare provided by the District and moneys expended for such childcare.

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

The primary purpose of the Special Revenue Funds is to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The following nonmajor Special Revenue Funds are reported:

Kansas Public Employees Retirement System Special Retirement Contribution Fund – used to account for the employer contributions to the Kansas Public Employees Retirement System (KPERs). These contributions are made by the State of Kansas to the District and then remitted by the District to KPERs.

Parent Education Program Fund – used to account for state aid received and expenditures incurred to operate a program of education of parents in the District regarding pre-school and selected educational problems of students.

Vocational Education Fund – used to account for revenue received and expenditures incurred for state and federal vocational aid programs and the District's efforts to increase access to advance placement classes and tests for low-income students and account for vocational programs administered in conjunction with the Carl Perkins Vocational Education Act.

Driver Training Fund – used to account for revenue and expenditures of moneys utilized in conducting driver education within the school system.

Recreation Fund – used to account for the receipt and disbursement of taxes levied on behalf of the Derby Recreation Commission as provided for by applicable state statutes.

Recreation Employee Benefits Fund – used to account for the receipt and disbursement of taxes levied on behalf of the Derby Recreation Commission for employee benefit expenditures as provided for by applicable State Statutes.

Food Service Fund – established pursuant to state law to account for all moneys received and expended attributable to the food service program. The program is administered according to the state plan of child nutrition operations under which federal funds are received pursuant to federal acts relating to child nutrition. The programs are administered and meals are served on a nonprofit basis.

Special Assessment Fund – used to account for tax moneys collected and expended to other taxing municipalities to pay the District's portion of special assessment taxes on District owned property. The fund is established and maintained in accordance with applicable state statutes.

Bilingual Education Fund – used to account for moneys received and expended to operate a program of bilingual education.

Four Year Old At Risk Fund – used to account for moneys allocated specifically for programs developed for four year olds identified as at risk pupils.

At Risk Fund – used to account for moneys allocated specifically for programs developed for kindergarten through 12th grade pupils who have been identified as at risk pupils.

Textbook Revolving Fund – used to account for textbook fees collected and expenditures incurred in conjunction with the purchase and maintenance of textbooks.

Athletic and Activity Fund – used to account for athletic and other activity gate receipts and the expenditures incurred related to those functions.

Special Grants Fund – used to account for revenue and expenditures of programs administered in conjunction with non-governmental grants awarded the District.

Kansas Beef Council Grant Fund – to account for special food service and nutrition related grants and contributions.

Title II A Fund – used to account for revenue and expenditures of programs in mathematics, science, computer learning or foreign language administered in conjunction with the Dwight D. Eisenhower Mathematics and Science Act.

Title I Fund – used to account for revenue and expenditures of programs administered in conjunction with the ESEA Chapter I (Low Income) Aid.

English Language Learners Title III Fund – used to account for revenues and expenditures related to the English Language Acquisition grant to assist children with limited English proficiency.

Kansas Coordinated School Health Grant Fund – used to account for revenues and expenditures related to the Coordinated School Health Program funded by the State of Kansas to help youth establish healthful behaviors and attitudes.

National Math & Science Initiative Fund – used to account for grant moneys received through the National Math & Science Institute College Readiness Program. The program is designed to elevate public education rigor and student performance in the educational disciplines of science, technology, engineering and math utilizing performance-based accountability and rigorous demand for results in expanding the number of students enrolled and achieving qualifying scores on Advance Placement® math, science and English exams, especially among economically disadvantaged and minority students.

Alcohol and Drug Prevention Grant – City of Derby Fund – used to account for the appropriation of resources from the City of Derby for alcohol and drug education programs.

Derby Education Foundation/Boeing/Derby Community Foundation Grant Fund – used to account for grant moneys received from a collaboration of supporters to provide financial literacy education for K-12 students and teachers of the District.

Preschool Block Grant – The Opportunity Project Fund – used to account for grant moneys received through The Opportunity Project (TOP) Early Learning Centers which was awarded by the Kansas Department of Children and Families to support working families and offer full and half-day learning opportunities to TOP kids through a variety of learning activities and programs.

Military Academic/Support Program Grant Fund – used to account for grant moneys received through Department of Defense Education Activity DoDEA Educational Partnership Program. The grant program specifically provides resources to military-connected local education agencies to develop and implement projects that are designed to increase academic performance based on college and career ready outcomes, support social emotional needs of military connected students, enhance and integrate technology through instruction and student work, and promote advanced placement and expanded learning opportunities.

FIDUCIARY FUNDS

Fiduciary Funds are used to report assets held in a trustee or agent capacity for others and, therefore, are not used to support the government's own programs.

AGENCY FUNDS

Payroll Deductions Fund – to account for the various taxes and other elected withholdings from employees of the District.

Sales Tax Agency Fund – to account for the collection of State and local sales tax on miscellaneous taxable sales of the District, generally fund raising activities of the student activity funds.

Student Activity Funds – to account for moneys held on behalf of the various student organizations.

STATISTICAL SECTION

STATISTICAL SECTION

This part of the Derby Unified School District No. 260's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the District's overall financial health.

Contents	Page
----------	------

Financial Trends.....	95
-----------------------	----

These schedules contain trend information to help the reader understand how the District's financial performance and well-being have changed over time.

Revenue Capacity	101
------------------------	-----

These schedules contain information to help the reader assess the District's most significant local revenue source, the property tax.

Debt Capacity.....	105
--------------------	-----

These schedules present information to help the reader assess the affordability of the District's current levels of outstanding debt and the government's ability to issue additional debt in the future.

Demographic and Economic Information.....	108
---	-----

These schedules offer demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place.

Operating Information	112
-----------------------------	-----

These schedules contain service and infrastructure data to help the reader understand how the information in the District's financial report relates to the services the government provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial report for the relevant year.

Source: The above information was obtained from the office of the Sedgwick County Clerk.

Assessed value is calculated by the appraised value times the state assessment percentage by property class. Property class assessment percentages are set by the State Constitution and cannot be adjusted by the county. Classifications of property are appraised at "market value", i.e., estimated actual value, except for Agricultural Land which is appraised at "use value". Property classes and their assessment percentages are as follows: Residential – 11.5%; Vacant Lots – 12.0%; Not For Profit Organizations – 12.0%; Commercial – 25.0%; Agricultural Improvements – 25.0%; Agricultural Land – 30.0%; and Other Not Elsewhere Classified – 30.0%.

DERBY UNIFIED SCHOOL DISTRICT NO. 260

SCHEDULE OF EXPENDITURES OF FEDERAL AND STATE AWARDS
(continued from previous page)

Year ended June 30, 2017

Notes to the Schedule of Expenditures of Federal and State Awards:

1. Basis of Presentation

This schedule is presented on the modified accrual basis of accounting which is the basis used by the District to present its basic financial statements for governmental funds. Under the modified accrual basis of accounting, expenditures are generally recognized when the fund liability is incurred. The information in this schedule is presented in accordance with the requirements of *Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

2. Indirect Cost Rate

The District did not elect to use the 10 percent de minimis indirect cost rate.

3. Outstanding Loans

The District did not have any outstanding loans under any federal grant programs at June 30, 2017.

Derby Unified School District No. 260
Derby, Kansas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Derby Unified School District No. 260 as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the Derby Unified School District No. 260's basic financial statements and have issued a report thereon dated December 20, 2017. The financial statements of the Derby Recreation Commission were not audited in accordance with *Government Auditing Standards* and accordingly this report does not include reporting on internal control over financial reporting or instances of reportable noncompliance associated with the Derby Recreation Commission.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Derby Unified School District No. 260's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Derby Unified School District No. 260's internal control. Accordingly, we do not express an opinion on the effectiveness of Derby Unified School District No. 260's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs as item 2017-001, that we consider significant deficiencies.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Derby Unified School District No. 260's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Derby Unified School District No. 260's Response to Findings

The Derby Unified School District No. 260's response to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The Derby Unified School District No. 260's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR
EACH MAJOR PROGRAM AND ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

Board of Education
Derby Unified School District No. 260
Derby, Kansas

Report on Compliance for Each Major Federal Program

We have audited Derby Unified School District No. 260's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Derby Unified School District No. 260's major federal programs for the year ended June 30, 2017. Derby Unified School District No. 260's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Derby Unified School District No. 260's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 *U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards* (Uniform Guidance), and the *Kansas Municipal Audit and Accounting Guide*. Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Derby Unified School District No. 260's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Derby Unified School District No. 260's compliance.

Opinion on Each Major Federal Program

In our opinion, Derby Unified School District No. 260 complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2017.

Report on Internal Control over Compliance

Management of Derby Unified School District No. 260 is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Derby Unified School District No. 260's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Derby Unified School District No. 260's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

DERBY UNIFIED SCHOOL DISTRICT NO. 260
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
(continued on next page)

Year ended June 30, 2017

Summary of Auditor's Results

1. The auditor's report expresses an unmodified opinion on whether the financial statements of Derby Unified School District No. 260 were prepared in accordance with Generally Accepted Accounting Principles (GAAP).
2. One significant deficiency relating to the audit of the financial statements is reported in the Independent Auditor's Report On Internal Control Over Financial Reporting And On Compliance And Other Matters Based On An Audit Of Financial Statements Performed In Accordance With *Government Auditing Standards*.
3. No instances of noncompliance material to the financial statements of Derby Unified School District No. 260, which would be required to be reported in accordance with *Government Auditing Standards*, were disclosed during the audit.
4. No significant deficiencies relating to the audit of the major federal award programs are reported in the Independent Auditor's Report On Compliance For Each Major Program and on Internal Control Over Compliance Required By the Uniform Guidance.
5. The auditor's report on compliance for the major federal award programs for Derby Unified School District No. 260 expresses an unmodified opinion on all major federal programs.
6. Audit findings that are required to be reported in accordance with 2 CFR section 200.516(a) are reported in this Schedule.
7. The programs tested as major programs included:

<u>Program Name</u>	<u>CFDA No.</u>
Title I Grants to Local Education Agencies (LEA's) – Title I, Part A	84.010
Special Education Cluster (IDEA):	
Special Education - Grants to States (IDEA, Part B)	84.027
Special Education – Preschool Grants (IDEA Preschool)	84.173
Impact Aid Cluster:	
Impact Aid (Title VIII of ESEA)	84.041

DERBY UNIFIED SCHOOL DISTRICT NO. 260

SCHEDULE OF FINDINGS AND QUESTIONED COSTS
(continued from previous page)

Year ended June 30, 2017

8. The threshold for distinguishing Types A and B programs was \$750,000.
9. Derby Unified School District No. 260 was not determined to be a low risk auditee.

Findings – Financial Statement Audit

Significant Deficiency

2017-001 *Condition:* Payroll withholdings for employee pensions, insurances and other withholdings are not being remitted to the proper agencies on a timely basis.

Criteria: Internal controls should be in place to determine that payroll withholdings are accurate and that timely remittance of payroll withholdings are being processed by District personnel.

Cause: There are ineffective procedures in place to determine that timely remittance of payroll withholdings are being completed by District personnel.

Effect: Because of the failure to review the status of the remittances of payroll withholdings by an appropriate level of management, certain withholdings have not been timely remitted resulting in related penalties being assessed to the District.

Recommendation: Procedures should be implemented requiring the review of payroll tax deposits, pension withholdings, insurance and other withholdings to the appropriate level of management, including the reconciliation of the related amounts in the District's Payroll Tax Withholding Fund.

Views of Responsible Officials and Planned Corrective Actions: The District agrees with the finding and the recommended procedures are being formulated for immediate implementation. Further, the District has re-aligned certain payroll duties within the Finance Department to improve timely payment of payroll withholdings.

DERBY UNIFIED SCHOOL DISTRICT NO. 260
SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS

Year ended June 30, 2017

Findings – Financial Statement Audit

Significant Deficiency

2016-001 *Condition:* Payroll withholdings for all employees for taxes, pensions, insurances and other withholdings are not being remitted to the proper agencies on a timely basis.

Recommendation: Procedures should be implemented requiring the review of payroll tax deposits, pension withholdings, insurance and other withholdings to the appropriate level of management, including the reconciliation of the related amounts in the District's Payroll Tax Withholding Fund.

Current Status: The recommendation was partially implemented however; procedures to determine that payroll withholdings are being remitted on a timely basis and reconciliation of the related amounts in the District's Payroll Tax Withholding Fund have not been fully implemented. (See Finding 2017-001 in the Schedule of Findings and Questioned Costs.)
