Possible Budget Law Violation

Welcome. You have been directed to this tab because your 2020 'total expenditures' exceed your 2020 'budget authority.'

In short, you are looking at a potential budget law violation. However, the good news is that you may have options available that will allow you to avoid a budget law violation.

Can the potential violation be corrected at this time?

If the municipality financial records have **not been** closed (i.e. an audit has not been completed, or the 2022 adopted budget has not been submitted to the county clerk) then the budget law violation can be fixed before submission of the budget to the county clerk.

What should I do?

First, review the input page information (inputPrYr tab) to ensure that the correct amount was entered for this particular fund. If your 2020 budget was amended, did you use the amended, higher budget amount?

Next, look to see if any of your 2020 expenditures can be reduced or eliminated. For example, are you showing any transfers from this fund to another? If so, consider whether you can reduce or eliminate one or more transfers.

Additionally, do your 2020 receipts contain a reimbursement (e.g. FEMA)? If so, instead of showing the reimbursement as a receipt, show the reimbursement as a negative *expenditure*.

Another option is to consider whether your fund shares expenditures with another fund. For example, your road & bridge and noxious weed funds may split contractual services between the t funds. If one of those funds is in trouble, you might be able to allocate a little more in contractual services to the healthy fund order to eliminate the violation (be sure, though, that the healthy fund has sufficient budget authority and cash available).

The shifting of expenditures between funds, as described in

the preceding paragraph, can be accomplished between any funds that share expenses.

Finally, if your general fund is healthy - it has enough budget authority and cash - then it might be used to cover the excess expenditures. (AGO No. 85-181)

Is amending the budget an option?

Amending the budget is a timing issue. In order to amend the budget, you must have the complete amending process completed before the end of the calandar year. If you start at the beginning of December, then you should have enough time to amend the budget. But, if started during the middle of December, then you might not have enough time to complete the amending process. Remember the complete processing must be completed on or before the end of December and you must have at least 10 days between when published in local newspaper and when the budget hearing is held. So, if your local newspaper only publishes once a week or bi-weekly, then there might not be time enough to have the 10 day requirement between publication and the hearing.

Amending the budget can be done at any time during the budgeted year. But, amending the budget should take place before the expenditures exceed the budget authority.

What if the 2020 financial records have been closed?

Well, if the municipality financial records have been closed (i.e. an audit for 2020 has been completed, or the 2022 adopted budget has been submitted to the county clerk), then the violation cannot be fixed and must be shown as it occurred.

No punitive action will be taken as a result of the violation, but you should determine what caused the violation and take steps to avoid future violations of this nature.

Thank you.
