## INDEPENDENT AUDITOR'S REPORT

To the Board Members of the  
Liberal Memorial Library  
Liberal, Kansas 67901

### Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Liberal Memorial Library, Liberal, Kansas, as of and for the years ended December 31, 2021 and 2020, and the related notes to the financial statements, which collectively comprise the Library's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Liberal Memorial Library, as of December 31, 2021 and 2020, and the respective changes in financial position for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the *Kansas Municipal Audit and Accounting Guide*. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Liberal Memorial Library, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and the *Kansas Municipal Audit and Accounting Guide*; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

To the Board Members of the  
Liberal Memorial Library  
Liberal, Kansas 67901

Page 2

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Library's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statement, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Library's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Library's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

To the Board Members of the  
Liberal Memorial Library  
Liberal, Kansas 67901

### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 4 through 6 and 24 through 25 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### **Supplementary Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Library's basic financial statements. The introductory section and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS

December 31, 2021

As management of the Liberal Memorial Library, we offer readers of the Library's financial statements this narrative overview and analysis of the financial activities of the Liberal Memorial Library for the fiscal year ended December 31, 2021. We encourage readers to consider the information presented here in conjunction with the financial statements, which begin on page 8.

Overview of the Financial Statements

The discussion and analysis is intended to serve as an introduction to the Library's financial statements. The financial statements are designed to provide readers with a broad overview of the Library's finances. One of the most important questions asked about the Library's finances is, "Is the Library as a whole better off or worse off as a result of the year's activities?" The balance sheet and the statement of revenues, expenses, and changes in fund equity report information about the Library in a way that helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

The balance sheet presents information on all of the Library's assets and liabilities, with the difference between the two reported as fund equity. Over time, increases or decreases in fund equity may serve as a useful indicator of whether the financial position of the Library is improving or deteriorating.

The statement of revenues, expenses, and changes in fund equity presents information showing how the Library's fund equity changed during the most recent fiscal year. All changes in fund equity are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., depreciation and earned but unused vacation leave).

The financial statements report on the function of the Library that is principally supported by intergovernmental revenues. The Library's function is to provide a library for the City of Liberal and the surrounding area, which is funded primarily with tax revenues levied by the City of Liberal on the Library's behalf.

Government-Wide Financial Statements vs. Fund Financial Statements

The Library maintains one governmental fund to account for all its functions. The governmental fund type financial statements represent both the government-wide financial statements, as well as the fund financial statements.

## Notes to the Financial Statements

The notes provide additional information that is essential to the full understanding of the amounts provided in the financial statements. The notes to the financial statements can be found on pages 10 through 22 of this report.

### Financial Highlights

- The assets of the Library exceeded its liabilities at the close of the most recent fiscal year by \$631,098.
- The Library had property tax revenues of \$600,570, intergovernmental revenues of \$29,290, program revenues (charges for services) of \$8,476 and program expenses of \$714,938 for the year ended December 31, 2021.
- The cash balance at December 31, 2021 was \$428,700 representing a decrease of \$12,307 from January 1, 2021.

### Capital Assets and Debt Administration

#### Capital Assets

As of December 31, 2021, the Library's investment in capital assets for its governmental activities was \$631,098 (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements, and equipment.

Additional information on the Liberal Memorial Library's capital assets can be found in Note 5 on page 13.

NOTES TO FINANCIAL STATEMENTS  
For the years ended December 31, 2021 and 2020

Note 1: Summary of Significant Accounting Policies

Municipal Financial Reporting Entity

Liberal Memorial Library is a municipal organization governed by an appointed board. The Liberal Memorial Library is a component unit of the City of Liberal, Kansas. There are no related municipal entities or component units of the Liberal Memorial Library.

Basis of Accounting

The Library has established a uniform system of accounting maintained to reflect compliance with the applicable laws of the State of Kansas. The accompanying financial statements are presented after applying memorandum adjustments, where applicable, resulting in financial statements presented on the accrual basis of accounting.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

Restricted Assets

When an expense is incurred that can be paid using either restricted or unrestricted resources (net position), the Library's policy is to first apply the expense toward restricted resources and then toward unrestricted resources. In governmental funds, the Library's policy is to first apply the expenditure toward restricted fund balance and then to other, less restrictive classifications – committed and then assigned fund balances before using unassigned fund balances.

Capital Assets

Capital assets, which include property, buildings and improvements, and equipment are reported in the assets section of the financial statements. Capital assets are defined by the government as assets with an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

Note 1: Summary of Significant Accounting Policies (Continued)

Capital Assets (Continued)

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Property and equipment of the primary government is depreciated using the straight line method over the following estimated useful lives:

Buildings and improvements	10 to 40 years
Furniture and equipment	2 to 10 years

Vouchers Payable

Vouchers payable are classified on the basis of a claim for payment resulting from legal title to property.

Note 2: Stewardship, Compliance and Accountability

Budgets

Applicable Kansas statutes require that budgets be legally adopted for all funds, unless exempted by a specific statute. All budgets are prepared utilizing the modified accrual basis further modified by the encumbrance method of accounting – that is, commitments, such as purchase orders and contracts, in addition to disbursements and accounts payable, are recorded as expenditures.

Budget authorizations are not required for the State Aid, Gift and Bequest, Capital Improvements or Capital Projects Funds.

Schedule 1 presents budgetary comparisons of the General Fund.

Note 7: Defined Benefit Pension Plan

General Information about the Pension Plan

Plan Description

The Liberal Memorial Library participates in the Kansas Public Employees Retirement System (KPERS), a cost-sharing multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, et seq. Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and required supplementary information. KPERS' financial statements are included in its Comprehensive Annual Financial Report which can be found on the KPERS website at [www.kpers.org](http://www.kpers.org) or by writing to KPERS (611 South Kansas, Suite 100, Topeka, KS 66603) or by calling 1-888-275-5737.

Contributions

K.S.A. 74-4919 and K.S.A. 74-49,210 establish the KPERS member-employee contribution rates. KPERS has multiple benefit structures and contribution rates depending on whether the employee is a KPERS 1, KPERS 2 or KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009. KPERS 2 members were first employed in a covered position on or after July 1, 2009, and KPERS 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas law established the KPERS member-employee contribution rate at 6% of covered salary for KPERS 1, KPERS 2 and KPERS 3 members. Member contributions are withheld by their employer and paid to KPERS according to the provisions of Section 414(h) of the Internal Revenue Code.

State law provides that the employer contribution rates for KPERS 1, KPERS 2 and KPERS 3 be determined based on the results of each annual actuarial valuation. Kansas law sets a limitation on annual increases in the employer contribution rates. The actuarially determined employer contribution rate (not including the 1% contribution rate for the Death and Disability Program) and the statutory contribution rate was 8.87% for the fiscal year ended December 31, 2021. Contributions to the pension plan from the Liberal Memorial Library were \$56,937 for the year ended December 31, 2021.

Note 7: Defined Benefit Pension Plan (Continued)

Net Pension Liability

At December 31, 2021 and 2020, the Liberal Memorial Library's proportionate share of the collective net pension liability reported by KPERS was \$209,008 and \$326,915, respectively. The net pension liabilities were measured as of June 30, 2021 and 2020, and the total pension liability used to calculate the net pension liability was determined by actuarial valuations as of December 31, 2020 and 2019, which were rolled forward to June 30, 2021 and 2020. The Liberal Memorial Library's proportion of the net pension liability was based on the ratio of the Liberal Memorial Library's contributions to KPERS, relative to the total employer and non-employer contributions of the Local subgroup within KPERS.

The complete actuarial valuation report including all actuarial assumptions and methods, and the report on the allocation of the KPERS collective net pension liability to all participating employers are publicly available on the website at [www.kpers.org](http://www.kpers.org) or can be obtained as described above.

Benefits

Benefits are established by statute and may only be changed by the Kansas Legislature. Members with ten or more years of credited service may retire as early as age 55, with an actuarially reduced monthly benefit. Normal retirement is at age 65, age 62 with ten years of credited service, or whenever a member's combined age and years of credited service equal 85 "points".

Monthly retirement benefits are based on a statutory formula that includes final average salary and years of service. When ending employment, members may withdraw their contributions from their individual accounts, including interest. Members who withdraw their accumulated contributions lose all rights and privileges of membership. For all pension coverage groups, the accumulated contributions and interest are deposited into and disbursed from the membership accumulated reserve fund as established by K.S.A. 74-4922.

NOTES TO FINANCIAL STATEMENTS

Note 7: Defined Benefit Pension Plan (Continued)

Benefits (Continued)

Members choose one of seven payment options for their monthly retirement benefits. At retirement a member may receive a lump-sum payment of up to 50 percent of the actuarial present value of the member's lifetime benefit. His or her monthly retirement benefit is then permanently reduced based on the amount of the lump sum. Benefit increases, including ad hoc post-retirement benefit increases, must be passed into law by the Kansas Legislature. Benefit increases are under the authority of the Legislature and the Governor of the State of Kansas. For all pension coverage groups, the retirement benefits are disbursed from the retirement benefit payment reserve fund as established by K.S.A. 74-4922.

Employer and Nonemployer Allocations

Although KPERs administers one cost-sharing multiple-employer defined benefit pension plan, separate (sub) actuarial valuations are prepared to determine the actuarial determined contribution rate by group. Following this method, the measurement of the collective net pension liability, deferred outflows of resources, deferred inflows of resources, and pension expense are determined separately for each of the following groups of the plan:

- State/School
- Local
- Police and Firemen
- Judges

To facilitate the separate (sub) actuarial valuations, the System maintains separate accounts to identify additions, deductions, and fiduciary net position applicable to each group. The Library is included in the local group. The allocation percentages presented for each group in the schedule of employer and nonemployer allocations are applied to amounts presented in the schedules of pension amounts by employer and nonemployer. The allocation percentages for the Library's share of the collective pension amounts as of December 31, 2021 and 2020 are based on the ratio of each employer's contributions to total employer and nonemployer contributions of the group for the years ended June 30, 2021 and 2020, respectively. The contributions used exclude contributions made for prior service, excess benefits, and irregular payments. As of December 31, 2021, the Library's proportion was 0.0174 percent which was an increase of .0014 from its share at December 31, 2020.

Actuarial Assumptions

The total pension liability was determined by actuarial valuations as of December 31, 2020 and 2019, which were then rolled forward to June 30, 2021 and 2020, using the following actuarial assumptions:

<u>Actuarial Assumptions</u>	<u>2020</u>	<u>2019</u>
Price inflation	2.75%	2.75%
Salary increases, including price inflation	3.50%-12.00%	3.25%-11.75%
Investment rate of return net of investment expense and including price inflation	7.25%	7.50%

For 2021 and 2020, mortality rates were based on the RP 2014 Mortality Tables, with age setbacks and age set forwards as well as other adjustments based on Scale MP-2016.

The actuarial assumptions used in the December 31, 2020 and 2019 valuations were based on the results of an actuarial experience study conducted for the three-year period ending December 31, 2018.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage. Best estimates of arithmetic real rates of return for each major asset class as of the most recent experience study, dated January 7, 2020, as provided by KPERS' investment consultant, are summarized in the following table:

<u>Asset Class</u>	<u>Long-term Target Allocation</u>	<u>Long-term Expected Real Rate of Return</u>
US Equities	23.50%	5.20%
Non-US Equities	23.50	6.40

Discount Rate

The discount rate used to measure the total pension liability was 7.50 percent as of December 31, 2019 and 7.25 percent as of December 31, 2020. The State, School, and Local employers do not necessarily contribute the full actuarial determined rate. Based on legislation passed in 1993, the employer contribution rates certified by the System's Board of Trustees for these groups may not increase by more than the statutory cap. The statutory cap for the year ended June 30, 2021 was 1.2 percent. The projection of cash flows used to determine the discount rates assumed that contributions from plan members will be made within the same range as have been made during the past few years.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following table presents the net pension liability of the pension plan as of June 30, 2021, calculated using the discount rate of 7.25 percent, as well as what the pension plan's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.75 percent) or 1-percentage-point higher (8.75 percent) than the current rate:

	<u>1% Decrease (6.25%)</u>	<u>Current Discount Rate (7.25%)</u>	<u>1% Increase (8.25%)</u>
Library's share of net pension liability	\$343,798	\$209,008	\$ 95,970

Pension Expense

For the years ended December 31, 2021 and 2020, the Library recognized pension expense of \$117,907 and \$87,070, respectively, which includes the changes in the collective net pension liability, projected earnings on pension plan investments, and the amortization of deferred outflows of resources and deferred inflows of resources for the period.

Deferred Outflows of Resources and Deferred Inflows of Resources

A summary of the collective deferred outflows of resources and deferred inflows of resources at December 31, 2021 and 2020 are included in the tables below. Experience gains/losses and the impact of changes in actuarial assumptions or other inputs, if any, are recognized over the average expected remaining service life of the active and inactive plan members at the beginning of the measurement period. Investment gains and losses are recognized over a fixed five-year period.

	<u>2021</u>	<u>2020</u>
Deferred Outflows of Resources:		
Changes in proportion and differences between Library's contributions and proportionate share of contributions	\$ 19,850	\$ 28,625

Note10: COVID-19

On January 30, 2020, the World Health Organization (“WHO”) announced a global health emergency because of a new strain of coronavirus in Wuhan, China (the “COVID-19 outbreak”) and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. As such, it is uncertain as to the full magnitude that the pandemic will have on the Library’s financial condition, liquidity and future results of operations. Management is actively monitoring the global and local situation on its financial condition, liquidity, operations, suppliers, industry and workforce. Given the daily evolution of the COVID-19 outbreak and the global responses to curb its spread, the Library is not able to estimate the effects of the COVID-19 outbreak on its results of operations, financial condition or liquidity for fiscal year 2021.

As a result of the COVID-19 outbreak, numerous Federal and State grants have been made available to the Liberal Memorial Library to assist with the risks and help offset incurred costs of the Liberal Memorial Library.

Note 11: Subsequent Events

The Liberal Memorial Library’s management has evaluated events and transactions through July 14, 2022, the date which the financial statements were available to be issued.
