Management's Discussion and Analysis

Introduction:

The following discussion and analysis of the financial performance and activity of Flint Hills Technical College (the College) is to provide an explanation of the basic financial statements of the College for the year ended June 30, 2021 with selected comparative information from prior fiscal years. This discussion should be read in conjunction with the College's basic financial statements and the footnotes to those financial statements. The College is solely responsible for the completeness of this information. A separate audit is issued for the Flint Hills Technical College Foundation and is available for review at 3301 W. 18th Ave, Emporia, KS 66801.

Using the Annual Report:

The annual financial report will include the basic financial statements and required supplementary information.

Basic financial statements are comprised of two parts:

1. Basic Financial Statements – These include Statement of Net Position; Statement of Revenues, Expenses, and Changes in Net Position; Statement of Cash Flows. These statements present the results on a single measurement focus and basis of accounting.
2. The Notes to the Financial Statements are an integral and essential portion of the financial statements.

Required Supplementary Information:

Management's Discussion and Analysis - This is information that is required by standards to be presented but is not part of the basic financial statements.

Financial Highlights

The College's financial position at June 30, 2021, shows assets at $8.6 million, liabilities at $1.1 million, and a net position at $7.3 million. The College's net position increased by $1.6 million during Fiscal Year 2021. The most significant changes during Fiscal Year 2021 occurred due to the completion of the renovation to the Hospitality and Culinary Arts classroom and lab spaces.

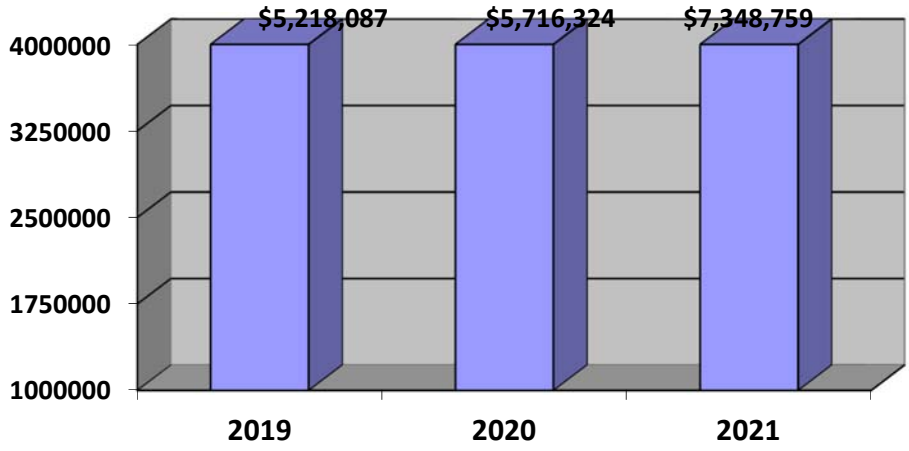

Statement of Net Position

The Statement of Net Position presents the summary of each fund's assets, liabilities, and net position at June 30, 2021. This statement is one of the indicators of the current financial condition of the College. Total net position represents the balance in the College's assets after liabilities are deducted. The assets and liabilities are categorized between current and noncurrent based on a projected period of time. Current assets and liabilities are typically short-term and become payable within the normal 12-month accounting cycle. Noncurrent assets and liabilities are considered to be long-term and will become payable after 12 months.

Comparison of Net Position – Fiscal Year 2019 to 2021

The College's total assets showed a considerable increase in Fiscal Year 2021. The total Liabilities also showed an increase during Fiscal Year 2021, however, with the increase to total assets, the total Net Position for the College reflected an increase as well.

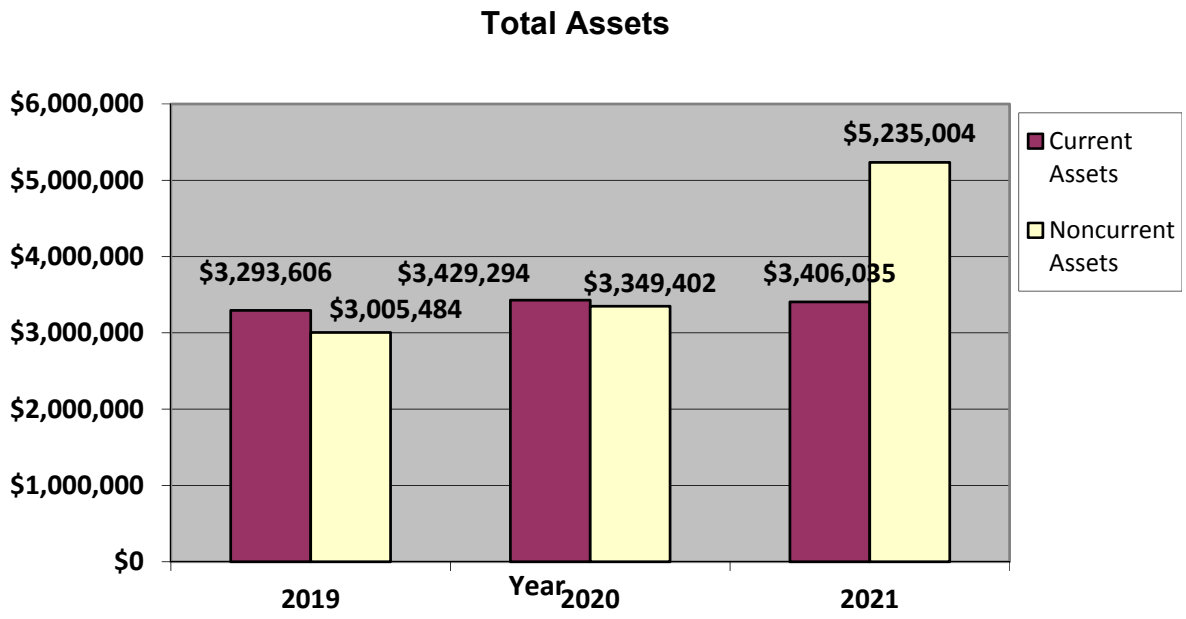

Total Liabilities and Net Assets for 2021 compared to 2019 and 2020:

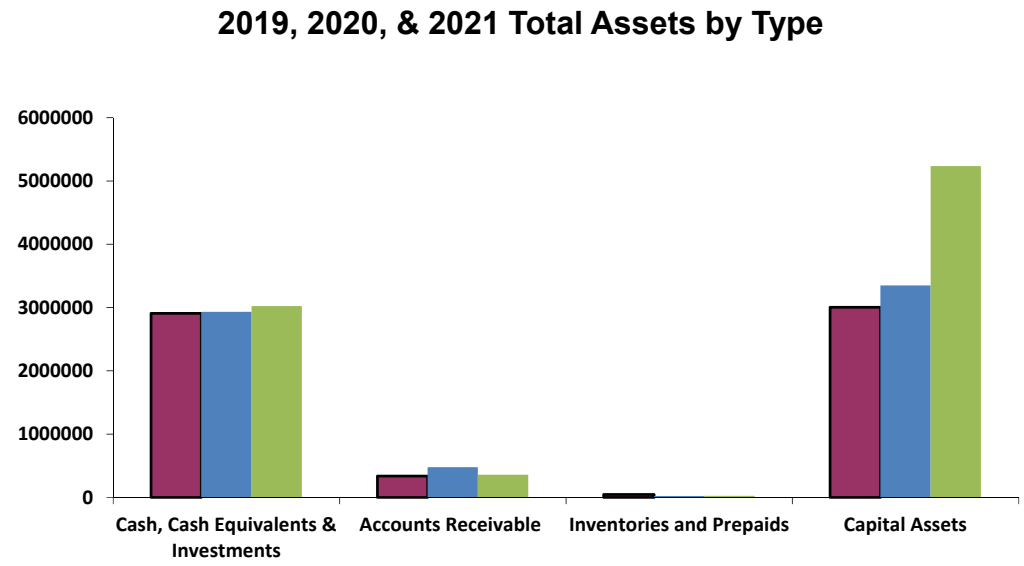

The College's current assets consist primarily of cash, investments, accounts receivables, and inventories. Noncurrent assets consist of capital assets. Capital assets are the property, plant, and equipment owned by the College, net of any related accumulated depreciation. Total breakdown of assets between current and noncurrent classification is as follows:

Comparison of Assets – Fiscal Year 2020 to 2021

	2020	% Total 2020	2021	% Total 2021
Current Assets	$ 3,429,294	50.59%	$ 3,406,035	39.42%
Non-Current Assets	$ 3,349,402	49.41%	$ 5,235,004	60.58%
Total Assets	$ 6,778,696	100.00%	$ 8,641,038	100.00%
Deferred Outflows	$ 49,532		$ 45,546	

As is shown in the graph above, the College shows Cash, Cash Equivalents & Investments shows an increase. Student tuition and fees revenue reflected a decrease due to reduced enrollment numbers in Fiscal Year 2021. The College was awarded Higher Education Emergency Relief Funds (HEERF) from the Department of Education which were used to discharge student debt which is reflected in the decrease of the College's Accounts Receivable balance. Capital Assets shows a significant increase, primarily due to the completion of the renovation to the Hospitality and Culinary Arts classroom and lab spaces. Another factor for this increase is the equipment purchases made with Strengthening People and Revitalizing Kansas (SPARKS) Grants and HEERF dollars.

Comparison of Liabilities – Fiscal Year 2021

The College's current liabilities consist primarily of accounts payable, accrued wages and payroll tax liabilities, compensated absences and deferred revenue.

	2020	% Total 2020	2021	% Total 2021
Current Liabilities	$ 529,843	58.19%	$ 780,999	68.32%
Non-Current Liabilities	$ 380,659	41.81%	$ 362,195	31.68%
Total Liabilities	$ 910,502	100.00%	$ 1,143,194	100.00%

As shown in the table above, the College's total liabilities reflects an increase of over $200,000. The College's Current Liabilities total reflects a significant increase for Fiscal Year 2021. With the HEERF and SPARKS grant funding, the College was able to purchase several pieces of equipment and supplies to implement social distancing to help mitigate COVID-19. Delays in shipping purchases from Vendors was a factor in the large increase to the Accounts Payables balance.

Combined Statements of Revenues, Expenses and Changes in Net Position

The combined statements of revenues, expenses, and changes in net position present the College's financial results for the fiscal year ending June 30, 2021 broken out by fund. The statements include the College's revenue and expenses, both operating and non-operating.

Operating revenues and expenses are those for which the College directly exchanges goods and services. Non-operating revenues and expenses are those that exclude specific goods and services. Examples of non-operating revenues would be appropriations from the State, Federal Pell Grants, County Mil Levy, and gifts and contributions. Gifts and contributions for the renovation of the Hospitality and Culinary Arts classroom and lab spaces were included in the College's non-operating revenues.

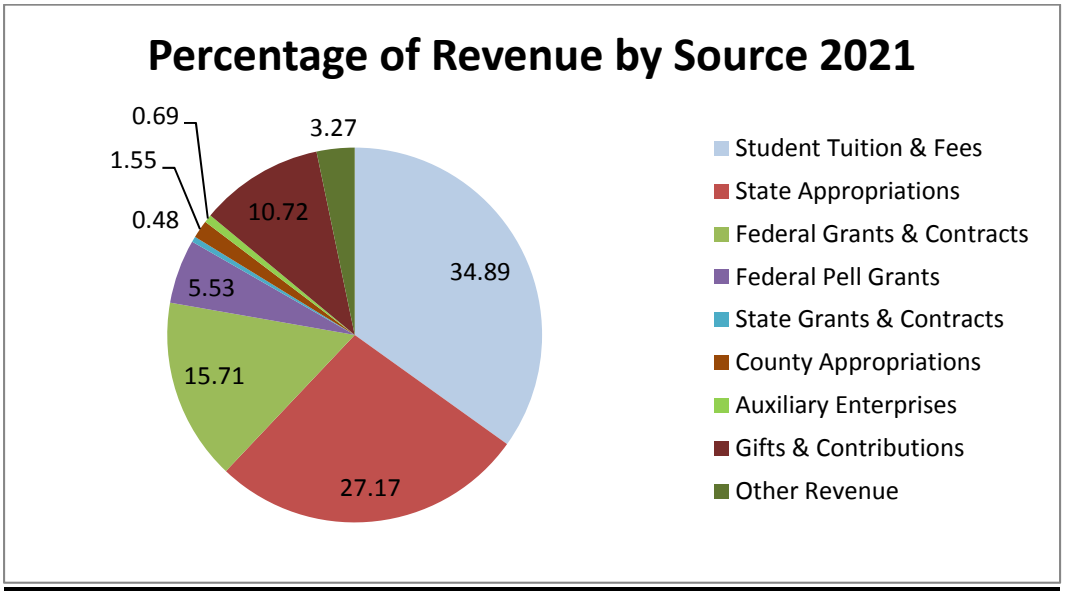

Results of Operations Fiscal Year 2021

Revenue

Flint Hills Technical College receives revenue from several sources. The major sources of the College's revenue are the State of Kansas, in the form of Tiered and Non-tiered funding and Capital Outlay; students, in the form of tuition and fees; Federal Government; and Auxiliary Enterprises, in the form of payments for the College Store and program production revenue. The Gifts and Contributions total

for Fiscal Year 2021 includes the donations received for the Hospitality and Culinary Arts renovation project.

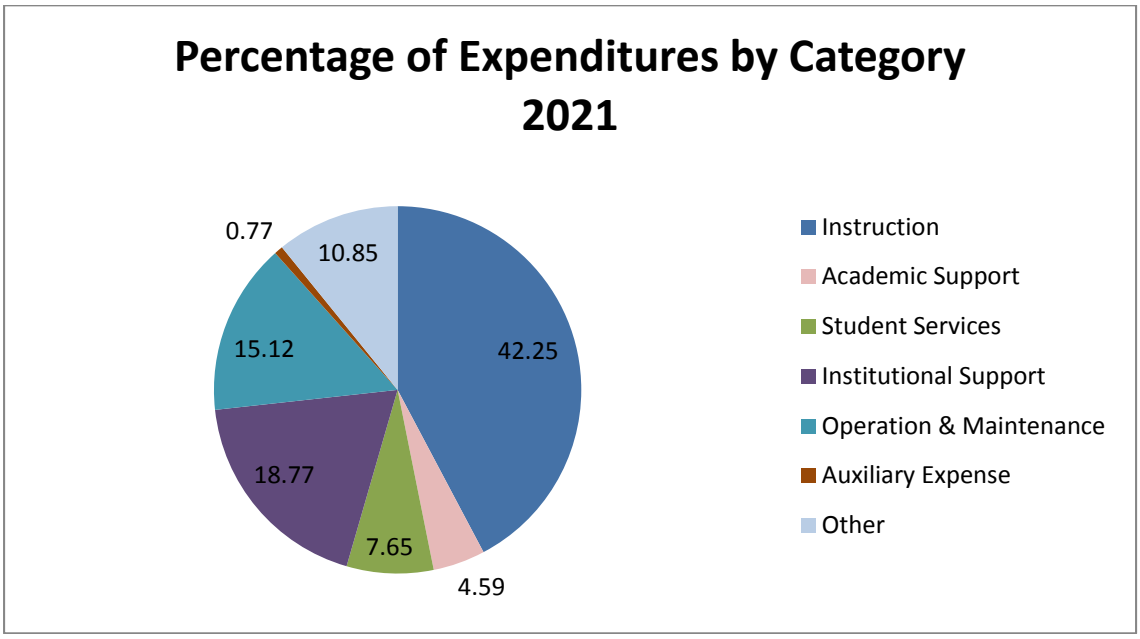

Revenue	**2020**	**% Total 2020**	**2021**	**% Total 2021**
Student Tuition & Fees	$3,675,877	41.04%	$3,863,697	34.89%
State Appropriations	$2,969,753	33.15%	$3,008,418	27.17%
Federal Grants & Contracts	$648,510	7.24%	$1,739,688	15.71%
Federal Pell Grants	$981,891	10.96%	$612,154	5.53%
State Grants & Contracts	$52,396	.58%	$53,591	.48%
County Appropriations	$114,765	1.28%	$172,192	1.55%
Auxiliary Enterprises	$101,686	1.14%	$75,995	.69%
Gifts & Contributions	$57,540	.64%	$1,186,645	10.72%
Other Revenue	$355,170	3.97%	$362,212	3.27%
Total Revenue	$8,957,588		$11,074,592	

Expenditures

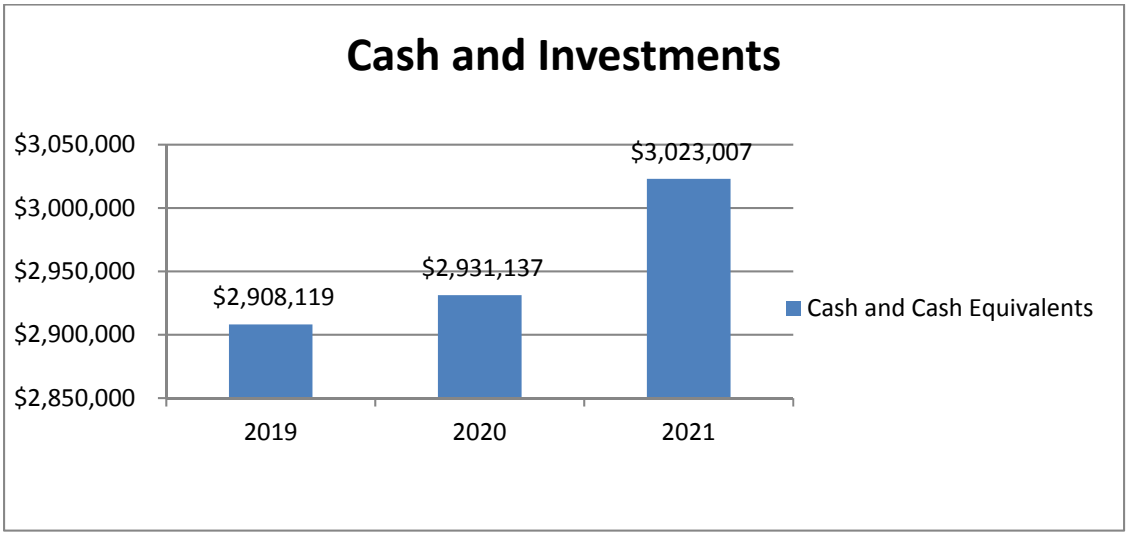

Flint Hills Technical College incurs expenses of seven types. They are: Instruction, Academic Support, Student Services, Institutional Support, Operations and Maintenance, Auxiliary Expense, and Other Expense (includes Scholarships and awards, Capital Outlay and Depreciation).

Detail of Education & General Expenditures	2020	% Total 2020	2021	% Total 2021
Instruction	$4,205,524	49.71%	$3,989,663	42.25%
Academic Support	$472,077	5.58%	$433,424	4.59%
Student Services	$706,570	8.35%	$722,198	7.65%
Institutional Support	$1,639,848	19.39%	$1,772,074	18.77%
Operation and Maintenance	$648,347	7.66%	$1,427,962	15.12%
Auxiliary Expense	$95,041	1.12%	$72,450	.77%
Other Expense	$691,945	8.18%	$1,024,385	10.85%
Total Expenditures	$8,459,352		$9,442,156	

Statement of Cash Flows

The statement of cash flow presents information about cash receipts and cash payments during the year. It helps assess the College's ability to generate net cash flows and to meet its obligations as they come due. The largest sources of cash from operating activities were student tuition and fees and federal financial aid. Major uses of cash were payments made to employees and vendors. The table shown below shows the increase to Cash and Investments from the CARES Act funding received and held for Accounts Payables.

Summary of Overall Performance

The College chose to not increase the tuition, college fee, and online fee rates for students in Fiscal Year 2021. Program fees were increased slightly. The College showed a reduction in student tuition and fees revenue during the fiscal year due to decreased enrollment. The College received CARES Act Relief Funding from the Department of Education to provide students with emergency grant funds and to help offset COVID-19 related expenses. The College received SPARKS Funding from the Department of Commerce, Kansas Board of Regents, and Lyon County Commission. These funds were used to update equipment in several program labs and used to cover costs associated with reopening the College in the wake of COVID-19.

Due to expenses for the CARES Act and SPARKS funding, total expenses for the College were increased. However, with the increase to Cash and Investments, the College was able to reflect an increase to the Net Position.

Economic Outlook

There are a few factors that could affect the College's financial situation for the upcoming fiscal year:

- Due to the COVID-19 Pandemic, the College's enrollment is slow to recover from the reduction to enrollment in Fiscal Year 2020. The College continues to work on increasing enrollment numbers.
- As per guidance from the State Legislature and Kansas Board of Regents, the College did not charge high school students a College Fee or Program Fee for any CTE courses. In Fiscal Year 2022, the College will implement a fee of $50 per credit hour for high school students enrolled in non-tiered courses to help offset some of the expense.

The College continues to seek ways to increase existing revenue sources while being efficient with budget spending. The College continues to improve fiscal communication throughout the College by having annual departmental budget meetings.

The College's management is not aware of any other currently known facts, decisions, or conditions that would have a significant effect on the College's financial position.

Request for Information

This discussion and analysis is designed to provide a general overview of Flint Hills Technical College's finances. Questions concerning any of the information provided in this audit report should be addressed to the Vice President of Business Services, Flint Hills Technical College, 3301 W 18th St., Emporia, KS 66801.

INDEPENDENT AUDITORS' REPORT

Board of Trustees
Flint Hills Technical College
Emporia, Kansas

Report on the Financial Statements
We have audited the accompanying financial statements of Flint Hills Technical College, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Flint Hills Technical College's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility
Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the College's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion
In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Flint Hills Technical College, as of June 30, 2021, and the respective changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and schedule of funding progress on pages i-viii and 26 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Flint Hills Technical College's basic financial statements. The supplementary information, as listed in the table of contents as pages 31 to 35, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The supplementary information and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

We also previously audited, in accordance with auditing standards generally accepted in the United States of America, the basic financial statement of "Municipality", Kansas as of and for the year ended June 30, 2020 (not presented herein), and have issued our report thereon dated February 12, 2021, which contained an unmodified opinion on the basic financial statement. The 2020 basic financial statement and our accompanying report are not presented herein, but are available in electronic form from the web site of the Kansas Department of Administration at the following link https://www.admin.ks.gov/offices/oar/municipal-services. The 2020 actual column (2020 comparative information) presented in the individual fund schedules of regulatory basis receipts and expenditures—actual and budget for the year ended June 30, 2021 (Schedules 4 to 6 as listed in the table of contents) is presented for purposes of additional analysis and is not a required part of the basic financial statement. Such 2020 comparative information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2020 basic financial statement. The 2020 comparative information was subjected to the auditing procedures applied in the audit of the 2021 basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2020 basic financial statement or to the 2020 basic financial statement itself, and other additional procedures in accordance with auditing standards

generally accepted in the United States of America. In our opinion, the 2020 comparative information is fairly stated in all material respects in relation to the basic financial statement as a whole for the year ended June 30, 2020, on the basis of accounting described in Note 1.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated January 27, 2022, on our consideration of the Flint Hills Technical College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Flint Hills Technical College's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Flint Hills Technical College's internal control over financial reporting and compliance.

1. NATURE OF ACTIVITIES

Flint Hills Technical College is an institution of higher education under the authority of the Kansas Board of Regents. The College is governed by seven members consisting of designees from each of the following entities: Emporia Unified School District #253 Board of Education, Emporia Chamber of Commerce, Emporia State University, Emporia City Commission, Lyon County Commission, Regional Development Association of East Central Kansas, and an at-large member from the Flint Hills Technical College's territory appointed by the Governing Body.

The financial statements of Flint Hills Technical College, Emporia, Kansas, have been prepared in accordance with accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board is the principal standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the College's accounting policies follow.

Reporting Entity
The financial reporting entity consist of the primary government, organizations for which the primary government is financially accountable and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion could cause the financial statements to be misleading or incomplete.

Component Units
The component unit section of the financial statements includes the financial data of the discretely presented component unit, the Flint Hills Technical College Foundation. The component unit is reported separately to emphasize that it is legally separate from the College. The economic resources received or held by the component unit are held almost entirely for the direct benefit of the College. The Flint Hills Technical College Foundation was formed to promote and foster the educational purposes of the College, and to create a fund to be used for any program, project or enterprise undertaken in the interest of the College. The Foundation acts largely as a fundraising organization, soliciting, receiving, managing and disbursing contributions on behalf of the College. Most of the contributions received are designated by the donors to be used for specific purposes or by specific departments. In these instances, the Foundation serves essentially as a conduit. Contributions that are not designated are used where the need is considered greatest, as determined by the Foundation board of directors. The Foundation can sue and be sued, and can buy, sell, or lease real property. The Foundation's financial statements should be included with the College's financial statements. Separate audited financial statements are prepared and are available at the Foundation, and can be requested from the College's controller. The Foundation is considered a component unit.

The College's component unit is a private not-for-profit organization that reports under FASB standards. As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. No modifications have been made to the component unit's financial information in the College's financial report for these differences. The component unit's financial data has, however, been aggregated into like categories for presentation purposes.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

For financial reporting purposes, the College is considered a special-purpose government engaged only in business-type activities. Accordingly, the College's financial statements have been prepared using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred. All significant intra-agency transactions have been eliminated.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the College considers all highly liquid investments including certificates of deposit to be cash equivalents.

Investments

The College accounts for its investments at fair value. Changes in unrealized gain (loss) on the carrying value of investments are reported as a component of investment income in the statement of revenues, expenses, and changes in net assets.

Accounts Receivable

Accounts receivable consist of unsecured credit for tuition and fee charges to students and auxiliary enterprise services provided to students, faculty and staff, the majority of each residing in the State of Kansas. Accounts receivable also includes amounts due from the Federal government, state and local governments, or private sources, in connection with reimbursement of allowable expenditures made pursuant to the College's grant and contracts. The College uses the allowance method to account for uncollectible accounts receivable.

Inventories

Inventories consist of books and supplies held for resale in the bookstore, the cost of the annual construction house which is held for resale, and land inventory, and are valued at cost, using the first-in, first-out method (FIFO).

Capital Assets

Capital assets are stated at cost at the date of acquisition, or fair value at the date of donation in the case of gifts. For equipment, the College's capitalization policy includes all items with a unit cost of $5,000.00 or more, and an estimated useful life of greater than one year. Renovations to building, infrastructure, and land improvements that significantly increase the value or extend the useful life of the structure are capitalized. Routine repairs and maintenance are charged to operating expense in the year in which the expense was incurred.

Depreciation is provided on straight-line method over the estimated useful lives of the respective classes of property. Estimated useful lives are as follows:

Building Improvements	15 Years
Vehicles	5-10 Years
Equipment, including computers	2-30 Years
Library Collections	3-10 Years

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Compensated Absences
Employee vacation pay is accrued at year-end for financial statement purposes. The liability and expense incurred are recorded at year-end as accrued vacation payable in the statement of net assets, and a component of compensation and benefit expense in the statement of revenues, expenses, and changes in net assets.

Net Position
The College's net position is classified as follows:

Invested in Capital Assets, Net of Related Debt: This represents the College's total investment in capital assets, net of accumulated depreciation, and outstanding debt obligations related to those capital assets. To the extent debt has been incurred but not yet expended for capital assets, such amounts are not included as a component of investment in capital assets, net of related debt.

Restricted Net Position – Expendable: Restricted expendable net position includes resources in which the College is legally or contractually obligated to spend resources in accordance with restrictions imposed by external third parties.

Restricted Net Assets – Nonexpendable: Nonexpendable restricted net assets consist of endowment and similar type funds in which donors or other outside sources have stipulated, as a condition of the gift instrument, that the principal is to be maintained inviolate and in perpetuity, and invested for the purpose of producing present and future income, which may either be expended or added to principal.

Unrestricted Net Position: Unrestricted net position represents resources derived from student tuition and fees, state appropriations and sales and services of educational departments and auxiliary enterprises. These resources are used at the discretion of the governing board to meet current expenses for any purpose. These resources also include auxiliary enterprises, which are substantially self-supporting activities that provide services for students, faculty, and staff.

When an expense is incurred that can be paid using either restricted or unrestricted resources, the College's policy is to first apply the expense towards restricted resources, and then towards unrestricted resources.

Income Taxes
The College, as a political subdivision of the State of Kansas, is excluded from Federal income taxes under Section 115(1) of the Internal Revenue Code, as amended. The Foundation is exempt from income taxes under Section 501(C)(3) of the Internal Revenue Code.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Classification of Revenues
The College has classified its revenues as either operating or nonoperating revenues according to the following criteria:

Operating revenues: Operating revenues include activities that have the characteristics of exchange transactions, such as (1) student tuition and fees, net of scholarship discounts and allowances, (2) sales of services of auxiliary enterprises, net of scholarship discounts and allowances, and (3) most Federal, state and local grants and contracts, and Federal appropriations.

Nonoperating revenues: Nonoperating revenues include activities that have the characteristics of nonexchange transactions, such as gifts and contributions, and other revenue sources that are defined as nonoperating revenues by GASB No. 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Government Entities that use Proprietary Fund Accounting*, and GASB No. 34, such as state appropriations and investment income.

Scholarship Discounts and Allowances
Student tuition and fee revenues, and certain other revenues from students, are reported net of scholarship discounts and allowances in the statements of revenues, expenses, and changes in net assets. Scholarship discounts and allowances are the difference between the stated charge and the goods and services provided by the College, and the amount that is paid by students and/or third parties making payments on the students' behalf. Certain governmental grants, such as Pell grants, and other Federal, state or nongovernmental programs, are recorded as either operating or nonoperating revenues in the College's financial statements. To the extent that revenues from such programs are used to satisfy tuition and fees and other student charges, the College has recorded a scholarship discount and allowance.

Accounting Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Pension Plan
Substantially all full-time College employees are members of the State of Kansas Public Employees Retirement System which is a multi-employer state-wide pension plan. The College's policy is to fund all pension costs accrued; such costs to be funded are actuarially determined annually by the State.

3. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

Compliance with Kansas Statutes
Supplementary Schedules 4 to 6 have been prepared in order to show compliance with the cash basis laws of Kansas. As shown in Schedules 4 to 6, the College was in apparent compliance with Kansas cash basis laws.

4. DEPOSITS AND INVESTMENTS

Deposits and Investments - Primary Institution
As of June 30, 2021, the College has the following investments and maturities.

		Investment Maturities (in Years)		
Investment Type	Fair Value	Less than 1	1 - 2	Rating
Kansas Municipal Investment Pool				
90 Day Fixed	$ 100,000.00	$ 100,000.00	$ - -	S&P AAAf/S1+
Total Investments	$ 100,000.00	$ 100,000.00	$ - -	

K.S.A 9-1401 establishes the depositories which may be used by the College. The statute requires banks eligible to hold the College's funds have a main branch or branch bank in the county in which the College is located, or in an adjoining county if such institution has been designated as an official depository, and the bank provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. The College has no other policies that would further limit interest rate risk.

K.S.A 12-1675 limits the College's investment of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. Government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The College has no investment policy that would further limit its investment choices.

Concentration of credit risk. State statutes place no limit on the amount the Government may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405. The College's allocation of investments as of June 30, 2021, is as follows:

Investment Type	Percentage of Investment
Kansas Municipal Investment Pool	100%

Custodial credit risk – deposits. Custodial credit risk is the risk that in the event of a bank failure, the College's deposits may not be returned to it. State statutes require the College's deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka. All deposits were legally secured at June 30, 2021.

Deposits: At year-end, the College's carrying amount of deposits was $2,922,382.17 and the bank balance was $2,959,384.73. The bank balance was held by two banks resulting in a concentration of credit risk. Of the bank balance, $651,224.05 was covered by FDIC insurance, and $2,308,160.68 was collateralized with pledged securities held by the pledging financial institutions' agents in the College's name.

Custodial credit risk – investments. For an investment, that is the risk that, in the event of the failure of the issuer or counterparty, the College will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State statutes require investments to be adequately secured.

4. DEPOSITS AND INVESTMENTS (Continued)

At June 30, 2021, the College had invested $100,000.00 in the State's municipal investment pool. The municipal investment pool is under the oversight of the Pooled Money Investment Board. The board is comprised of State Treasurer and four additional members appointed by the State Governor. The board reports annually to the Kansas legislature. State pooled monies may be invested in direct obligations of, or obligations that are insured as to principal and interest, by the U.S. government or any agency thereof, with maturities of up to four years. No more than ten percent of those funds may be invested in mortgage-backed securities. In addition, the State pool may invest in repurchase agreements with Kansas banks or with primary government securities dealers.

Deposits – Component Unit
At June 30, 2021, the carrying amount of the Foundation's deposits was $323,116.64. The balance was held by one bank and one investment company resulting in a concentration of credit risk. The bank balance was $836,804.06. Of the bank balance $25.00 was covered by FDIC insurance and the remaining $836,779.06 was covered SIPC insurance.

Investment Policy – Component Unit
The Primary objective of the Foundation's investment policy is to provide for long-term growth of principal and income within reasonable risk on continuing and consistent basis. Emphasis shall be on maintaining growth of assets, net of inflation and fees. Over a period of time, the minimum goal for the total return of the fund should be the current rate of inflation plus 3 to 7%.

The investment objective requires a disciplined and consistent management philosophy. The objectives do not call for a philosophy which represents extreme positions or opportunistic styles. The portfolio shall be diversified with both fixed income and equity holdings. The purpose of such diversification is to provide reasonable assurance that not a single security or class of securities will have a disproportionate impact of the total portfolio.

Investments are made under the direction of the Board of Directors. Equity investments and other investments are recorded at fair values subject to comments on Investments under the summary of accounting policies.

Investments at June 30, 2021, are comprised of the following:

	FAIR VALUE
Bonds	$ 0.71
Mutual Funds	4,567,117.14
Total Investments	$ 4,567,117.85

5. FAIR VALUE MEASUREMENTS

Component Unit:
The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

5. FAIR VALUE MEASUREMENTS (Continued)

Component Unit:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Foundation has the ability to access.

Level 2. Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2021.

Bonds: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing the value on yields currently available on comparable securities of issuers with similar credit rates.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Foundation are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Foundation are deemed to be actively traded.

	June 30, 2021			
	Level 1	Level 2	Level 3	Total
Bonds	$ - -	$ 0.71	$ - -	$ 0.71
Mutual Funds	4,567,117.14	- -	- -	4,567,117.14
Totals	$ 4,567,117.14	$ 0.71	$ - -	$ 4,567,117.85

6. ACCOUNTS RECEIVABLE, NET

Accounts receivable at June 30, 2021, consisted of the following:

Student Accounts	$	318,048.21
Federal Aid – CARES		15,435.65
Federal Aid – REEBLES FOUNDATION		1,000.00
Other Receivables		24,398.03
Total Current Accounts Receivable	$	358,881.89

The College uses the allowance method to account for uncollectible accounts receivable. Accounts receivable are presented net of an allowance for uncollectible accounts of $301,047.66 at June 30, 2021.

7. UNCONDITIONAL PROMISES TO GIVE

Component Unit:
Unconditional promises to give at June 30, 2021 consist of the following:

Capital Campaign	$ 20,000.00
Total Unconditional Promises to Give	$ 20,000.00
Less than one year	$ 20,000.00
One to five years	- -
Total Unconditional Promises to Give	$ 20,000.00

Uncollectible amounts for unconditional promises to give are expected to be insignificant. Accordingly, no provision is made for uncollectible amounts.

8. INVENTORIES

Inventories consisted of the following at June 30, 2021:

Book Store Inventory	$	24,145.47

9. OPERATING LEASE AGREEMENTS

The College has entered into various rental agreements for the rental of office equipment and space. Total rent payments made under these agreements during the year ended June 30, 2021, was $92,066.81. Future minimum rental payments are as follows:

Year Ended June 30		Amount
2022	$	76,690.68
2023		76,915.68
2024		76,915.68
2025		76,915.68

10. CAPITAL ASSETS, NET

Primary Institution:
Following are the changes in capital assets for the year ended June 30, 2021:

	Balance 06/30/2020	Additions	Retirements	Transfers	Balance 06/30/2021
Capital assets not being depreciated					
Construction in Progress	$ 131,484.00	$ 1,672,766.30	$ -	$ -	$ 1,804,250.30
Capital assets					
Leasehold Improvements	2,493,222.18	170,829.84	-	-	2,664,052.02
Equipment	4,876,478.88	400,309.73	-	-	5,276,788.61
Building	180,000.00	-	-	-	180,000.00
Building Improvements	-	117,805.54	-	-	117,805.54
Vehicles	135,744.60	-	-	-	135,744.60
Library Collection	85,821.00	-	-	-	85,821.00
Total Capital Assets	7,902,750.66	2,361,711.41	-	-	10,264,462.07
Accumulated Depreciation	(4,553,348.44)	(476,109.94)	-	-	(5,029,458.38)
Total Net Capital Assets	$ 3,349,402.22	$ 1,885,601.47	$ -	$ -	$ 5,235,003.69

Component Unit:
Following are the changes in capital assets for the year ended June 30, 2021:

	Balance 06/30/2020	Additions	Retirements	Balance 06/30/2021
Property and Equipment				
Equipment	$ 16,101.29	$ -	$ -	$ 16,101.29
Total Property and Equipment	16,101.29	-	-	16,101.29
Accumulated Depreciation				
Equipment	13,827.04	2,242.60	-	16,069.64
Total Accumulated Depreciation	13,827.04	2,242.60	-	16,069.64
Total Net Capital Assets	$ 2,274.25	$ (2,242.60)	$ -	$ 31.65

11. OTHER POST EMPLOYMENT BENEFITS

The College participates in a cost-sharing multiple-employer pension plan (Pension Plan), as defined in Governmental Accounting Standards Board Statement No. 67, *Financial Reporting for Pension Plans*. The Pension Plan is administered by the Kansas Public Employees Retirement System (KPERS), a body corporate and an instrumentality of the State of Kansas. KPERS provides benefit provisions to the following statewide pension groups under one plan, as provided by K.S.A. 74, article 49:

- Public employees, which includes:
  - State/School employees
  - Local employees
- Police and Firemen
- Judges

Substantially all public employees in Kansas are covered by the Pension Plan. Participation by local political subdivisions is optional, but irrevocable once elected. Those employees participating in the Pension Plan for the College are included in the State/School employee group.

KPERS issues a stand-alone comprehensive annual financial report, which is available on the KPERS website at www.kpers.org.

Special Funding Situation
The employer contributions for the College, as defined in K.S.A. 74-4931 (2) and (3), are made by the State of Kansas on behalf of the College. Therefore, the College is considered to be in a special funding situation as defined by GASB Statement No. 68. Accordingly, the State is required to recognize its proportionate share of the net pension liability, deferred outflows of resources, deferred inflows of resources and expense for the pension plan attributable to the College. The College records revenue and pension expense in an amount equal to the expense recognized by the State on behalf of the College.

Benefits
Benefits are established by statute and may only be changed by the General Assembly. Members with ten or more years of credited service, may retire as early as age 55, with an actuarially reduced monthly benefit. Normal retirement is at age 65, age 62 with ten years of credited service, or whenever a member's combined age and years of service equal 85.

Monthly retirement benefits are based on a statutory formula that includes final average salary and years of service. When ending employment, members may withdraw their contributions from their individual accounts, including interest. Members who withdraw their accumulated contributions lose all rights and privileges of membership. For all pension coverage groups, the accumulated contributions and interest are deposited into and disbursed from the membership accumulated reserve fund as established by K.S.A. 74-4922.

Members choose one of seven payment options for their monthly retirement benefits. At retirement a member may receive a lump-sum payment of up to 50% of the actuarial present value of the member's lifetime benefit. His or her monthly retirement benefit is then permanently reduced based on the amount of the lump sum. Benefit increases, including ad hoc post-retirement benefit increases, must be passed into law by the Kansas Legislature. Benefit increases are under the authority of the Legislature and the Governor of the State of Kansas. For all pension coverage groups, the retirement benefits are disbursed from the retirement benefit payment reserve fund as established by K.S.A. 74-4922.

11. OTHER POST EMPLOYMENT BENEFITS (Continued)

Contributions
Member contributions are established by state law, and are paid by the employee according to the provisions of Section 414(h) of the Internal Revenue Code. State law provides that the employer contribution rates are determined based on the results of an annual actuarial valuation. The contributions and assets of all groups are deposited in the Kansas Public Employees Retirement Fund established by K.S.A. 74-4921. All of the retirement systems are funded on an actuarial reserve basis.

For fiscal years beginning in 1995, Kansas legislation established statutory limits on increases in contribution rates for KPERS employers. Annual increases in the employer contribution rates related to subsequent benefit enhancements are not subject to these limitations. The statutory cap increase over the prior year contribution rate is 1.2% of total payroll.

The actuarially determined employer contribution rates and the statutory contribution rates for school employees are 14.59% and 13.21%, respectively. KPERS has multiple benefit structures and contribution rates depending on whether the employee is a KPERS 1, KPERS 2 or KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009. KPERS 2 members were first employed in a covered position on or after July 1, 2009 and KPERS 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas law established the KPERS member-employee contribution rate of 6% of covered salary for KPERS 1, KPERS 2 and KPERS 3 members.

Employer and Nonemployer Allocations
Although KPERS administers one cost-sharing multiple-employer defined benefit pension plan, separate (sub) actuarial valuations are prepared to determine the actuarial determined contribution rate by group. Following this method, the measurement of the collective net pension liability, deferred outflows of resources, deferred inflows of resources, and pension expense are determined separately for each of the following groups of the plan:

- State/School
- Local
- Police and Firemen
- Judges

To facilitate the separate (sub) actuarial valuations, KPERS maintains separate accounts to identify additions, deductions, and fiduciary net position applicable to each group. The allocation percentages presented for each group in the schedule of employer and nonemployer allocations are applied to amounts presented in the schedules of pension amounts by employer and nonemployer.

The individual employer allocation percentages for the pension amounts were based on the ratio of the employer and nonemployer contributions for the individual employer in relation to the total of all employer and nonemployer contributions of the group.

At June 30, 2020, the proportion recognized by the State of Kansas on behalf of the College was .0007114%, which was an decrease of .0000295% from the proportion measured at June 30, 2019.

11. OTHER POST EMPLOYMENT BENEFITS (Continued)

Net Pension Liability
At June 30, 2020 and 2019, the proportionate share of the net pension liability recognized by the State of Kansas that was attributable to the College was $5,315,607and $4,791,965, respectively.

Actuarial Assumptions
The total pension liability was determined by an actuarial valuation as of December 31, 2019, which was rolled forward to June 30, 2020, using the following actuarial assumptions:

Price inflation	2.75%
Salary increases, including wage increases	3.50 to 12.00%, including inflation
Long-term rate of return, net of investment expense, and including price inflation	7.75%

Mortality rates were based on the RP-2014 Mortality Tables, with setback and age set forward as well as other adjustments based on different membership groups.

The actuarial assumptions used in the December 31, 2019 valuation were based on the results of an actuarial experience study conducted for the period of January 1, 2013 through December 31, 2015. The experience study is dated November 18, 2016.

The long-term expected rate of return of pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class as of the most recent experience study dated, November 18, 2016, as provided by KPERS' investment consultant, are summarized in the following table:

Asset Class	Long-Term Target Allocation	Long-Term Expected Real Rate of Return
Global equity	47.00%	6.85%
Fixed income	13.00	1.25
Yield driven	8.00	6.55
Real return	11.00	1.71
Real estate	11.00	5.05
Alternatives	8.00	9.85
Short-term investments	2.00	(0.25)
Total	100.00%	

Discount Rate: The discount rate used to measure the total pension liability was 7.75%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from school districts will be made at contractually required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

11. OTHER POST EMPLOYMENT BENEFITS (Continued)

Revenue and Pension Expense Recorded by the College: For the year ended June 30, 2021, the College recognized revenue and pension expense in an equal amount of $545,949.32.

Early Retirement Benefits: The College has adopted a policy providing early retirement health care benefit options. Eligible employees are defined as:

- currently a full time employee (contracted six hours or more per day),
- a minimum of 60 years of age prior to September 1 of the calendar year in which early retirement is requested, or who are eligible for KPERS early retirement without the reduction in benefits,
- not older than 64 years of age as of September 1 of the calendar year in which early retirement is requested, and
- at the time of request has 15 years of service with the College.

There were no payments made during the fiscal year ending June 30, 2021 and there are no anticipated payments at June 30, 2021.

Health Insurance: Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the government makes health care benefits available to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured. There is no cost to the government under this program.

Plan Description: The College sponsors Medical and Dental insurance to qualifying retirees and their dependents. Coverage is provided through fully-insured contracts that collectively operate as a single-employer defined benefit plan. Qualifying retirees are those employees who are eligible for immediate retirement benefits under the Kansas Public Employees Retirement System and retire prior to age 65. Retirees and spouses may continue coverage with the College until their Medicare eligibility (i.e. age 65). Participants are required to contribute 100% of group insurance premiums to maintain coverage. Age-adjusted costs may exceed group insurance premiums thus creating an age-subsidy or benefit that forms the basis for the valuation. The plan is identifiable as a single-employer plan. There are 79 total active employees and 0 retirees who are participating in the plan as of July 1, 2020, the census date used for the actuarial valuation.

Funding policy: Costs under the College's group insurance program are paid from general operating assets on a pay-as-you-go basis. This arrangement does not qualify as an "OPEB Plan" under GASB requirements and thus these assets may not be reported as an offset to GASB liabilities. The Board has the authority for establishing and amending the funding policy.

Total OPEB Liability: The College's total OPEB liability of $170,591 was measured as of June 30, 2021, and was determined by an actuarial valuation as of that date.

Actuarial Assumptions and Other Inputs: The total OPEB liability in the June 30, 2021 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Valuation Date	July 1, 2020
Measurement Date (End of Year)	June 30, 2021
Reporting Date	June 30, 2021
Discount Rate	2.6% (Measurement Date) 3.0% (Year Preceding Measurement Date)
Salary Scale	2.6%
Actuarial Cost Method	Entry Age – Level Percent-of-Pay

11. OTHER POST EMPLOYMENT BENEFITS (Continued)

Health Care Cost Trend Rates	7% decreasing 0.5% per year until 2023 and 0.25 % per year until reaching an ultimate trend rate of 4.5%

The average of the S&P Municipal Bond 20 Year High Grade and Fidelity GO AA-20 Year published yields was evaluated to determine the discount rate. The selected rates are 3.0% (beginning-of-year measurement) and 2.60% (end-of-year measurement).

The assumed mortality was changed to the Society of Actuaries Pub-2010 Public Retirement Plans Headcount-Weighted General Mortality Tables using Scale MP-2019 Full Generational Improvement.

Annual OPEB cost and net OPEB obligation:

Net OPEB Liability	
I. Total OPEB Liability	$ 170,591
II. Plan Fiduciary Net Position (Trust Assets)	0
III. Net OPEB Liability at June 30, 2020 (I minus II)	$ 170,591
OPEB Liability Changes	
Total OPEB Liability – Beginning of Year	$ 180,452
1. Service Cost	15,048
2. Interest Cost	5,083
3. Changes in Benefit Terms	(16,775)
4. Differences between actual and expected experience	194
5. Changes in assumptions and inputs	(13,411)
6. Employer Contributions (Benefit Payments)	0
Net Changes (1 + 2 + 3 + 4 + 5 – 6)	(9,861)
Total OPEB Liability – End of Year	$ 170,591
OPEB Expense – Fiscal Year 2019-20	
1. Service Cost	$ 15,048
2. Interest on Total OPEB Liability	5,083
3. Changes in Benefit Terms	(16,775)
4. Differences between expected and actual experience	(5,653)
5. Changes of assumptions and inputs	(10,349)
6. Projected earnings on OPEB plan investments	0
7. Differences between projected & actual earnings on OPEB investments	0
OPEB Expense (1 + 2 + 3 + 4 + 5 - 6+7)	$ (12,646)
OPEB Liability as a percentage of payroll	
Total OPEB Liability	$ 170,591
Payroll	**3,196,791
Percent of Payroll	5.3%

** Annualized pay as of July 1, 2019 of active employees included in the valuation

Sensitivity of Total OPEB Liability to changes in the Discount Rate

	1% Decrease 1.0%	Current Single Discount Rate Assumption 2.0%	1% Increase 3.0%
Total OPEB Liability	185,595	170,591	156,695
Increase/(Decrease) from Baseline	15,004		(13,896)

11. OTHER POST EMPLOYMENT BENEFITS (Continued)

Sensitivity of Total OPEB Liability to changes in Healthcare Cost Trend Rate

	1% Decrease	Current Trend Assumption	1% Increase
Total OPEB Liability	148,362	170,591	197,289
Increase/(Decrease) from Baseline	(22,229)		26,698

Deferred Outflows and Inflows of Resources: The accumulated amount of Deferred Outflows and Inflows of Resources as of June 30, 2021 are shown below.

Category	Deferred Outflows of Resources	Deferred Inflow of Resources
Differences between expected and actual experience (1)	179	60,911
Changes in Assumptions (2)	45,367	133,720
Contributions Subsequent to Measurement Date (3)		

(1) Expected Employer Contributions between Measurement date and Reporting date – Does not apply.

Amounts reported as deferred outflows / inflows of resources related to OPEB will be recognized as an expense / (income) item in OPEB expense as follows:

Fiscal Year Ending	Amount
2022	$ (16,002)
2023	(16,002)
2024	(16,002)
2025	(16,002)
2026	(16,002)
2027 & Thereafter	(69,075)

Average Expected Remaining Service Life: 9.316 years

12. COMPENSATED ABSENCES

Chargeable Leave

The College's policies regarding professional leave and absences permit employees to accumulate a maximum of 9 to 108 days of chargeable leave depending on the number of days worked per year. Personnel retiring or resigning from the College with ten years or more of service in the College will be compensated for unused accumulated chargeable leave at the rate of .4 times the current substitute rate per day up to a maximum of 90 days.

Vacation

Unclassified twelve-month employees after two months of service shall accrue two workdays per month to a maximum of 20 days for year to year accumulation. Administrators may accumulate a maximum of 40 days of vacation leave. Classified employees after two months of service shall accrue vacation time equal to 10 days per year, after 10 years of service, vacation will accrued equal to 15 days per year with a maximum of 30 days of vacation leave depending upon the years of service. Policies permit payment of vacation pay upon termination of employment if sufficient notice of termination is given.

12. COMPENSATED ABSENCES (Continued)

Compensatory Time
The College will pay overtime or allow compensatory time off for hourly and classified employees according to the Fair Labor Standards Act. The maximum compensatory time which may be accrued by and affected employee may accumulate a maximum of 3 days, and faculty members may accumulate a maximum of 6 days. Payment for accrued compensatory time upon termination of employment shall be the calculated at the employee's final regular rate received by the employee.

The College accrues a liability for compensated absences which meet the following criteria:

1. The College's obligation relating to employees' rights to receive compensation for future absences is attributable to employees' services already rendered.
2. The obligation relates to rights that vest or accumulate.
3. Payment of the compensation is probable.
4. The amount can be reasonably estimated.

In accordance with the above criteria, the College has accrued a liability for all vacation, and compensatory time. However, chargeable time was accrued for those employees with more than 10 years of services and all others with chargeable time were not recorded, inasmuch as the amount cannot be reasonably estimated because the rights do not vest until after 10 years of service.

13. CONTINGENT LIABILITIES

In the normal course of operations, the College receives grant funds from various Federal and State agencies. The grant programs are subject to audit by agents of the granting authority, the purpose of which is to ensure compliance with conditions precedent to the granting of funds. Any liability for reimbursement which may arise as the result of these audits is not believed to be material.

In January 2020, the novel coronavirus "COVID-19" pandemic in the United States has resulted in school buildings being closed, activities canceled and the temporary closure of operating hours for the offices. There is unprecedented uncertainty surrounding the duration of the pandemic, its potential economic ramifications, and any government actions to mitigate them. Accordingly, while management cannot quantify the financial and other impact to the College as of the date of this report, management believes that a material impact on the College's financial position and results of future operations is reasonably possible.

14. RISK MANAGEMENT

The College is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors and omissions; injuries to employee; employees' health and life; and natural disasters. The College manages these risks of loss through the purchase of insurance policies.

15. CONCENTRATION OF RISK

Component Unit:
For the year ended June 30, 2021, 93.39% of the Foundation's monies are invested in mutual funds in the stock market. Of this amount, 0.78% are invested in aggressive income investments, 84.77% are invested in growth and income investments, 0.16% are invested in growth investments, and 7.85% are invested in income investments. The effect in the future on the Foundation's portfolio is unknown and is subject to market economic conditions.

16. RESTRICTED NET POSITION - EXPENDABLE

Component Unit:
Restricted net position – expendable includes contributions restricted for specific use by the donor. Gifts held and restricted as to specific use at June 30, 2021 are $558,489.99.

17. RESTRICTED NET POSITION - NONEXPENDABLE

Component Unit:
On June 30, 2021 the Foundation Endowments are summarized in the following table:

	Permanently Restricted
Endowment Funds, June 30, 2020	$ 2,357,934.30
Donations	57,004.50
Reclassification from Net Assets without Donor Restrictions	0.00
Endowment Funds, June 30, 2021	$ 2,414,938.80

18. INTERFUND TRANSFERS

Operating transfers were as follows:

From Fund:	To Fund:	Amount
General Fund	Deferred Maintenance Fund	$ 100,000.00

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, and (2) use unrestricted revenue collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

19. RELATED PARTY TRANSACTIONS

The Foundation was formed to promote and foster the educational purposes of the Flint Hills Technical College, and to create a fund to be used for any program, project, or enterprise undertaken in the interest of the College. The Foundation acts largely as a fund raising organization, soliciting, receiving, managing and disbursing contributions on behalf of the College. Most of the contributions received are designated by the donors to be used for specific purposes or by specific departments. In these instances, the Foundation serves essentially as a conduit. Contributions that are not designated are used where the need is considered greatest, as determined by the Foundation's board of directors. The Foundation disbursed to the College for the year ended June 30, 2021, $142,627.71 for scholarships and reimbursed the College for $166,796.15 in administrative support. The Foundation disbursed on behalf of the College through its activity funds for the year ended June 30, 2021, $1,784,832.33

20. SUBSEQUENT EVENTS

The College evaluated events and transactions occurring subsequent year end, and there were no subsequent events requiring recognition in the financial statements. Additionally, there were no nonrecognized subsequent events requiring disclosure.

FLINT HILLS TECHNICAL COLLEGE

Emporia, Kansas

Schedule of Revenues, Expenditures, and
Changes in Unencumbered Cash – Budget and Actual

For the Year Ended June 30, 2021

Schedules 4 to 6 are prepared in accordance with Kansas cash basis laws (Regulatory Basis), which differs from generally accepted accounting principles (GAAP Basis). Cash receipts are recognized when the cash balance of a fund in increased. For an interfund transaction, a cash receipt is recorded in the fund receiving the cash from another fund. Cash disbursements are recognized when the cash balance of a fund is decreased. For an interfund transaction, a cash disbursement is recorded in the fund in which the cash is transferred. Expenditures include cash disbursements, transfers, accounts payable and encumbrances – that is, commitments related to unperformed (executory) contracts for goods and services, and are usually evidenced by a purchase order or written contract.

NOTE A -- BASIS OF PRESENTATION

This schedule has been prepared in accordance with accounting principles generally accepted in the United States of America. Revenues are recorded when earned. Expenditures are recorded when goods or services are received.

NOTE B --INDIRECT COST RATE

Flint Hills Technical College did not elect to use the 10% de minimis cost rate.

(1) These are subsidized and unsubsidized loans to students and parents at the College and are not included in the College's revenues and expenditures.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Trustees
Flint Hills Technical College
Emporia, Kansas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Flint Hills Technical College, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the Flint Hills Technical College's basic financial statements and have issued our report thereon dated January 27, 2022.

Internal Control over Financial Reporting
In planning and performing our audit of the financial statements, we considered the Flint Hills Technical College's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Flint Hills Technical College's internal control. Accordingly, we do not express an opinion on the effectiveness of the Flint Hills Technical College's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the College's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters
As part of obtaining reasonable assurance about whether the Flint Hills Technical College's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report
The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the College's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Board of Trustees
Flint Hills Technical College
Emporia, Kansas

Report on Compliance for Each Major Federal Program
We have audited the Flint Hills Technical College's compliance with the types of compliance requirements described in the OMB Compliance Supplement that could have a direct and material effect on each of the Flint Hills Technical College's major federal programs for the year ended June 30, 2021. Flint Hills Technical College's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility
Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility
Our responsibility is to express an opinion on compliance for each of the Flint Hills Technical College's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Flint Hills Technical College's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Flint Hills Technical College's compliance.

Opinion on Each Major Federal Program
In our opinion, the Flint Hills Technical College, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2021.

Report on Internal Control over Compliance
Management of the Flint Hills Technical College, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Flint Hills Technical College's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over

compliance. Accordingly, we do not express an opinion on the effectiveness of the Flint Hills Technical College's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Purpose of this Report
The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

NONE

III. FEDERAL AWARD FINDINGS AND QUESTIONED COSTS
NONE

Schedule 10

FLINT HILLS TECHNICAL COLLEGE
Emporia, Kansas

Schedule of Resolution of Prior Year's Audit Findings and Questioned Costs
For the Year Ended June 30, 2021

Information of Federal Program:
Student Financial Aid Cluster
Federal Pell Grant Program – CFDA No. 84.063
Federal Direct Student Loans – CFDA No. 84.268
Federal Supplemental Educational Opportunity Grant – CFDA No. 84.007
Federal Work-Study Program – CFDA No. 84.033

Condition:
During our testing of the verification process, it was noted that Flint Hills Technical College's internal controls over verification broke down due to the lack of staffing. Three (3) of forty (40) files tested, the College had incorrectly calculated the adjusted gross income when it was determined that a household split had occurred subsequent to the completion of the tax return obtained for the Free Application for Federal Student Aid (FASFA) data.

Recommendation:
Policies and procedures should be written to provide additional training and oversite of staff. We recommend the College establish an oversight process for employees that includes additional controls over the verification process.

Status:
The College has implemented policies and procedures to ensure compliance.
