INDEPENDENT AUDITOR'S REPORT

To the Mayor and City Council of the City of Centralia, Kansas

We have audited the accompanying fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances of the City of Centralia, Kansas (the City), as of and for the year ended December 31, 2019, and the related notes to the financial statement.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with the Kansas Municipal Audit and Accounting Guide as described in Note 1; this includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the Kansas Municipal Audit and Accounting Guide. Those standards require we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statement, the financial statement is prepared by the City on the basis of the financial reporting provisions of the Kansas Municipal Audit and Accounting Guide, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the City as of December 31, 2019, or changes in financial position and cash flows thereof for the year then ended.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the financial statement referred to above presents fairly, in all material respects, the aggregate cash and unencumbered cash balance of the City as of December 31, 2019, and the aggregate receipts and expenditures for the year then ended, in accordance with the financial reporting provisions of the Kansas Municipal Audit and Accounting Guide described in Note 1.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances (basic financial statement) as a whole. The summary of regulatory basis expenditures-actual and budget, and individual fund schedules of regulatory basis receipts and expenditures-actual, and the schedule of regulatory basis receipts and expenditures-agency funds (Schedules 1, 2, 3, and 4 as listed in the table of contents) are presented for analysis and are not a required part of the basic financial statement, however are required to be presented under the provisions of the Kansas Municipal Audit and Accounting Guide. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statement. The information has been subjected to the auditing procedures applied in the audit of the basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statement or to the basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statement as a whole, on the basis of accounting described in Note 1.

NOTES TO THE FINANCIAL STATEMENT DECEMBER 31, 2019

Note 1 – Summary of Significant Accounting Policies

Municipal Financial Reporting Entity

The City of Centralia, Kansas (the City), is a municipal corporation governed by an elected five-member council plus a mayor. This regulatory financial statement presents the City. A primary government is a legal entity or body politic and includes all funds, organizations, institutions, agencies, departments and offices that are not legally separate.

Centralia City Library

The Centralia City Library (the CCL), is organized under K.S.A. 12-1218. The City levies a property tax for the CCL under K.S.A 79-1952, which is deposited in the City's Library Fund and transferred to the CCL for its operations.

Regulatory Basis Fund Types

The accounts of the City are organized and operated on the basis of funds. A fund is defined as an independent fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying out specific activities or attaining certain objectives in accordance with specific regulations, restrictions, or limitations.

The following types of funds were utilized in recording the financial activities of the City for the year 2019:

<u>General fund</u> – The chief operating fund. Used to account for all resources except those required to be accounted for in another fund.

<u>Special Purpose funds</u> – Used to account for the proceeds of specific tax levies and other specific regulatory receipt sources that are intended for specified purposes.

<u>Capital Project funds</u> – Used to account for the debt proceeds and other financial resources to be used for acquisition or construction of major capital facilities or equipment.

<u>Business funds</u> – Funds financed in whole or in part by fees charged to users of the goods or services (i.e. enterprise and internal service fund etc.)

<u>Agency funds</u> – Used to account for assets held by the municipal reporting entity in a purely custodial capacity (payroll clearing fund, tax collection accounts, etc.)

NOTES TO THE FINANCIAL STATEMENT DECEMBER 31, 2019

Note 1 – Summary of Significant Accounting Policies (continued)

Basis of Accounting

Regulatory Basis of Accounting and Departure from Accounting Principles Generally Accepted in the United States of America. The Kansas Municipal Audit and Accounting Guide (KMAAG) regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis receipts and regulatory basis expenditures for the fiscal year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligation against cash. The KMAAG regulatory basis does not recognize capital assets, long-term debt, accrued receivables and payables, or any other assets, liabilities or deferred inflows or outflows, other than those mentioned above.

The City has approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirement for application of generally accepted accounting principles and allowing the City to use regulatory basis of accounting.

Reimbursed Expenses

The City records reimbursable expenditures in the fund that makes the disbursement and records reimbursements as a receipt to the fund that receives the reimbursement. For purposes of budgetary comparisons, the expenditures are properly offset by the reimbursements under KMAAG regulatory basis accounting.

Note 2 - Budgetary Information

Kansas statutes require that an annual operating budget be legally adopted for the general fund, special purpose funds (unless specifically exempted by statute), bond and interest funds, and business funds. Although directory rather than mandatory, the statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

- 1. Preparation of budget for the succeeding calendar year on or before August 1st.
- 2. Publication in local newspaper of the proposed budget and notice of public hearing on the budget on or before August 5th.
- 3. Public hearing on or before August 15th, but at least ten days after publication of notice of hearing.
- 4. Adoption of the final budget on or before August 25th.

NOTES TO THE FINANCIAL STATEMENT DECEMBER 31, 2019

Note 2 – Budgetary Information (continued)

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in revenue other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication the hearing may be held, and the governing body may amend the budget at that time. There were no such amendments to the 2019 budget.

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison schedules are presented for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

All legal annual operating budgets are prepared using the regulatory basis of accounting, in which revenues are recognized when cash is received, and expenditures include disbursements, accounts payable, and encumbrances, with disbursements being adjusted for prior year's accounts payable and encumbrances. Encumbrances are commitments by the municipality for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. Any unused budgeted expenditure authority lapses at year end.

A legal operating budget is not required for capital project funds, trust funds and the following special purpose funds:

Special Purpose Funds: Capital Improvement Fund and Equipment Reserve Fund

Spending in funds which are not subject to the legal annual operating budget requirement is controlled by federal regulations, other statutes, or by the use of internal spending limits established by the governing body.

Note 3 – Deposits and Investments

K.S.A. 9-1401 establishes the depositories which may be used by the City. The statute requires banks eligible to hold the City's funds have a main or branch bank in the county in which the City is located and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 (d) (1) requires the banks to pledge securities for deposits in excess of FDIC coverage. The City has no other policies that would further limit interest rate risk.

K.S.A. 12-1675 limits the City's investment of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The City has no investment policy that would further limit its investment choices.

NOTES TO THE FINANCIAL STATEMENT DECEMBER 31, 2019

Note 3 – Deposits and Investments (continued)

Concentration of credit risk. State statutes place no limit on the amount the City may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405.

Custodial credit risk – deposits. Custodial credit risk is the risk that in the event of a bank failure, the City's deposits may not be returned to it. State statutes require the Government's deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka, except during designated "peak periods" when required coverage is 50%. The City did not have a peak period pledge agreement during 2019, and therefore the City did not designate peak periods. All deposits were legally secured at December 31, 2019.

At December 31, 2019, the carrying amount of the City's deposits including certificates of deposit was \$832,813 and the bank balance was \$906,625. The bank balance was held at one bank resulting in a concentration of credit risk. The difference between the carrying amount and the bank balance is outstanding checks and deposits. Of the bank balance, \$250,000 was covered by FDIC insurance and the remaining was collateralized by pledged securities held under joint custody receipts issued by a third-party bank in the City's name.

Related Municipal Entity

At December 31, 2019, the carrying amount of the CCL deposits including certificates of deposit was \$51,593 and the bank balance was \$51,643. The bank balance was held at one bank. The difference between the carrying amount and the bank balance is outstanding checks and deposits. Of the bank balance, \$51,643 was covered by FDIC insurance.

Custodial credit risk – investments. For an investment, this is the risk that, in the event of the failure of the issuer or counterparty, the Government will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State statutes require investments to be adequately secured.

Note 4 – Compliance, Stewardship and Accountability

K.S.A 79-2935 states that expenditures, including encumbrances, in any lawfully budget funds shall not exceed the adopted budget of expenditures plus any reimbursements (budget credits) of current year expenditures for such fund for that budget year. The Centralia Lake Fund exceeded the adopted budget by \$10,068 which appears to be a violation of this statute.

NOTES TO THE FINANCIAL STATEMENT DECEMBER 31, 2019

Note 5 - Property Taxes

In accordance with governing State statutes, property taxes levied during the current year are revenue sources to be used to finance the budget of the ensuing year. Taxes are assessed on a calendar-year basis and are levied and become a lien on the property on November 1st of each year. The County Treasurer is the tax collection agent for all taxing entities within the County. Property owners have the option of paying one-half of the full amounts of the taxes levied on or before December 20th during the year levied with the balance to be paid on or before May 10th of the ensuing year. State statutes prohibit the County Treasurer from distributing taxes levied and collected in the year prior to January 1st of the ensuing year.

NOTES TO THE FINANCIAL STATEMENT DECEMBER 31, 2019

Note 6 – Long-Term Debt

Changes in long-term liabilities for the City for the year ended December 31, 2019 were as follows:

Issue	Interest Rates	Date of Issue	Amount of Issue	Date of Final Maturity	В	Balance eginning of Year	Addi	tions		ductions/ syments	9	Balance End of Year	erest and rvice Fee Paid
General Obligation Bonds:							2-10-1	(

Sewer Utility Fund	General Fund	20,000	K.S.A. 12-825d
Electric Utility Fund	Electric Reserve Fund	69,630	K.S.A. 12-825d
Electric Utility Fund	Centralia Lake Fund	5,000	K.S.A. 12-825d
Electric Utility Fund	Equipment Reserve Fund	30,000	K.S.A. 12-825d
Electric Utility Fund	General Fund	35,000	K.S.A. 12-825d
Electric Utility Fund	Capital Project Electric - Phase II Fund	85,000	
Capital Project Electric - Phase I Fund	Electric Utility Fund	84,202	

Note 8 – Other Long-Term Obligations from Operations

Compensated Absences

The City maintains a policy of providing vacation and sick leave to its full-time employees, granted in varying amounts depending on length of service and date of hire. Vacation days are vesting and are allowed a maximum of 40 hours to be carried over into the next period. Sick leave is non-vesting and accumulates with a maximum accrual of 480 hours.

Per the City's policy at December 31, 2019, the City's liability for unused vacation was approximately \$3,100.

Note 9 – Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to or destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by commercial insurance purchased from independent third parties. Settled claims from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years. There have been no decreases in insurance coverage from the prior year.

NOTES TO THE FINANCIAL STATEMENT DECEMBER 31, 2019

Note 9 – Risk Management (continued)

The City pays an annual premium to Kansas Municipal Insurance Trust for its worker's compensation and employer's liability insurance coverage. The agreement to participate provides that the Municipalities will be self-sustaining through member premiums. Additional premiums may be due if total claims for the pool are different than what has been anticipated by pool administrator.

The City continues to carry commercial insurance for all other risks of loss, including general liability, crime, inland marine, errors and omissions, business auto, and property. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

Note 10 – Defined Benefit Pension Plan

Plan Description: The non-school Municipality participates in the Kansas Public Employees Retirement System (KPERS), a cost-sharing, multiple-employer defined benefit pension plan as provided by Kansas law. KPERS provides retirement benefits, life insurance, disability income benefits, and death benefits. Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to KPERS (611 S. Kansas, Suite 100; Topeka, KS 66603) or by calling 1-888-275-5737.

Funding Policy: K.S.A. 74-4919 and K.S.A. 74-49,210 establish the KPERS member-employee contribution rates. KPERS has multiple benefit structures and contribution rates depending on whether the employee is a KPERS 1, KPERS 2, or KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009. KPERS 2 members were first employed in a covered position on or after July 1, 2009, and KPERS 3 members were first employed in a covered position on or after January 1, 2015. Effective January I, 2015, Kansas law established the KPERS member-employee contribution rate at 6% of covered salary for KPERS 1, KPERS 2, and KPERS 3 members. Member contributions are withheld by their employer and paid to KPERS according to the provisions of Section 414(h) of the Internal Revenue Code.

State law provides that employer contribution rates for KPERS 1, KPERS 2, KPERS 3 be determined annually based on the results of an annual actuarial valuation. Kansas law sets a limitation on annual increases in the employer contribution rates. The actuarially determined employer contribution rate (not including the 1 % contribution rate with a 0% moratorium from the period January 1, 2018 through September 30, 2018 for the Death and Disability Program) and the statutory contribution rate was 8.89% for the fiscal year ended December 31, 2019. Contributions to the pension plan from (non-school municipality) were \$6,823 for the year ended December 31, 2019.

NOTES TO THE FINANCIAL STATEMENT DECEMBER 31, 2019

Note 10 – Defined Benefit Pension Plan (continued)

Net Pension Liability

At December 31, 2019, the City's proportionate share of the collective net pension liability reported by KPERS was \$54,386. The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2018, which was rolled forward to June 30, 2019. The City's proportion of the net pension liability was based on the ratio of the City's contributions to KPERS, relative to the total employer and nonemployer contributions of the Local subgroup within KPERS. Since the KMAAG regulatory basis of accounting does not recognize long-term debt, this liability is not reported in these financial statements.

The complete actuarial valuation report including all actuarial assumptions and methods, and the report on the allocation of the KPERS collective net pension liability to all participating employers are publicly available on the website at www.kpers.org or can be obtained as described above.

Note 11 – Evaluation of Subsequent Events

In December 2019, an outbreak of a novel strain of corona virus (COVID-19) originated in Wuhan, China and has since spread to other countries, including the U.S. On March 11, 2020, the World Health Organization characterized COVID-19 as a pandemic. In addition, multiple jurisdictions in the U.S. have declared a state of emergency. It is anticipated that these impacts will continue for some time. Future potential impacts may include disruptions or restrictions on the City's ability to operate under its current mission and operating model.

The City has evaluated events and transactions for potential recognition or disclosure through the date of the independent auditor's report, which is the date the financial statement was available for issue.

CITY OF CENTRALIA, KANSAS SUMMARY OF EXPENDITURES – ACTUAL AND BUDGET REGULATORY BASIS FOR THE YEAR ENDED DECEMBER 31, 2019
