INTRODUCTORY SECTION

DERBY
PUBLIC SCHOOLS

December 11, 2023

To the Citizens of Unified School District No. 260:

This publication is an Annual Comprehensive Financial Report (ACFR), formerly called Comprehensive Annual Financial Report (CAFR), for Unified School District No. 260 (District) for the fiscal year ended June 30, 2023. Generally Accepted Accounting Principles require that these financial statements present the District (the primary government) and its component units. A component unit is a separate entity for which the District is financially accountable or the nature and significance of the relationship between the District and entity are such that exclusion would cause the District's financial statements to be misleading or incomplete. The District has determined that the Derby Recreation Commission meets the criteria of a component unit and the financial data of the Derby Recreation Commission is included in the financial statements as a discretely presented component unit. The report has been prepared by the District administrative team to provide financial information, useful for making economic, political and social decisions and for demonstrating accountability and stewardship. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the District administrative team.

To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the District. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements. Included in the report are all disclosures necessary to enable the reader to gain an understanding of the District's financial activities. Constituents who may find this report useful include voters, taxpayers, service beneficiaries, governing boards, oversight bodies, management, intergovernmental guarantors, investors, lenders and employees.

The Loyd Group, LLC, Certified Public Accountants, have issued an unmodified opinion on the District's financial statements for the year ended June 30, 2023. The independent auditor's report is located at the front of the Financial Section of this report.

Generally Accepted Accounting Principles require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The District's MD&A can be found immediately following the report of the independent auditors in the Financial Section of this report.

Profile of the District

The District is a diversified educational institution with around 7,000 students located in southern Sedgwick County. With a population of approximately 53,000 patrons inside the District boundaries, the District enjoys economic benefits and challenges of a large metropolitan area while maintaining a quality of life found in smaller cities. The 50 square miles of the District substantially covers all of the City of Derby and beyond the city limits into large portions of Sedgwick County, including the Oaklawn/Sunview area, McConnell Air Force Base, Towne Park, Turtle Run, Rockford and Salem Townships. Spirit AeroSystems, Inc. and The Boeing Company are the largest taxpayers located within the District's boundaries. The student population of the school district is expected to increase in students each year for the foreseeable future.

The District provides a full range of educational services. These services include educational programs for grades PreK-12, Special Education, Title 1 reading and math programs, professional development activities for educators, testing programs, extra- and co-curricular activities, transportation, food services, maintenance and custodial

services and general administrative services. The District also regulates use of school facilities, which totaled 12,623 hours last year.

The District operates under a seven-member Board of Education (Board) that is elected to four-year terms on an at-large basis. The Board hires the Superintendent who appoints the remainder of the management team. All contracts and expenditures must be approved by the Board.

The District has twelve school buildings. Four of the buildings are at least 50 years old including three of the nine elementary schools. The District also has six buildings which are used for educational support functions. In the last five years, thanks to a $114 million dollar bond passed in 2018, the District has opened a new elementary school and extensive renovations have occurred throughout the district for upgrading and replacing several aging facilities. Two of the oldest elementary schools had the majority of their buildings rebuilt on the same site. In addition, all schools are now completed with storm shelters and significant security upgrades such as intruder locks which enhance the safety and security of students and staff. Several buildings, which include Derby High School and Derby Middle School, received recapitalization of mechanical systems that will provide for the needs of the building for many years to come.

The Local Economy

The District is the largest employer in the City of Derby, employing approximately 1,200 certified and classified team members. The City of Derby has experienced consistent growth with some of our highest residential growth in recent years. Commercial development remains steady as well. The area continues to see population growth due to a high quality of life and the relatively low taxes combined with service, retail and dining options that meet the needs of residents in Derby and the surrounding areas.

The economic condition and outlook of the District is ever changing. The District is located in the Wichita, Kansas Metropolitan Statistical Area (WMSA). In general, the local economy has been slower to recover in the WMSA than the national economy. Local employment has shown improvement in the WMSA. The local economy was not immune to the COVID-19 pandemic, business closures, loss of employment was common for the area. The local and statewide economy has improved over the recent months and state revenues have consistently beaten projections.

McConnell Air Force Base is one of the major air refueling wings in the United States Air Force. Since McConnell is located within the District boundaries; we continually adjust to the changing enrollment demands that mobile military communities create for local school districts. Some years, many families move into the area and some years many move on to other assignments. Due to the broad mission of McConnell, demands and needs change often and sometimes with little notice. Though it is sometimes challenging, the District strives to be adaptable and work with the enrollment numbers as they change. It is one way our community can support the Readiness of our military families.

The Legislature

Kansas school districts fall into three distinct enrollment categories, each one educating about one-third of the state's student population. Kansas has a uniform base budget per pupil and a uniform statewide mill levy. The District is considered a medium-size school district. Districts raise their operating funds through a Local Option Budget (LOB) resolution. The 1997 State Legislature made significant changes in the LOB process. For the first time, school boards were able to adopt a portion of LOB authority without being subject to a protest petition. In districts where the per pupil budget is below the average of similar-sized districts – like Derby – boards are allowed to adopt LOBs that would allow them to spend at the average without that increase being subject to a protest petition. The District's LOB authority for the 2022-2023 school year was set lower than allowed before being subject to protest petition at 30%, which amounted to $15,225,349.

The State Supreme Court continues to review the equitable distribution of funds and the adequacy of funding. A ruling was made in the spring of 2018 that said the funding from the state for Capital Outlay Funds and Supplemental General Funds was not equitable or adequate. Changes were made by the legislature in these areas that affected funding for the 2018-19 school year. The State Supreme Court has issued additional rulings towards the end of the 2018-19 year that has increased funding over the next four years starting in 2019-20 school year. The total District budget authority for 2022-2023 was $133,439,103.

Relevant Financial Policies

The administrative team of the District is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the District are protected from loss, theft or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The internal accounting controls are designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

In addition to internal accounting controls, the District maintains budgetary controls. The District's budget is prepared on the modified accrual basis of accounting further modified by encumbrances. The Superintendent and the Board evaluate the budget proposals of the various District organizations to determine the funding level of the operating and public service programs. After giving due consideration to the needs assessment and input received from the citizens, the Board adopts the budget. The adopted budget thus becomes a document that places before the people of the District a clear and precise picture of the cost of public services which will be provided. The budget is appropriately controlled through an online accounting system to assure effective fiscal management and accountability. Management may amend the amount of a specific object or purpose appropriation without obtaining authorization from the Board of Education provided the amendments or transfers do not create a total budgeted expenditure amount for a specific fund in excess of that amount adopted by the Board of Education.

Major Initiatives

The District has followed a Strategic Planning process since 2002. In January 2021, the District began working on the next five-year Strategic Plan that will help guide the district through 2027. This new plan has six strategies along with beliefs, goals, and measurables. The Strategic Plan reflects feedback gathered from community focus groups, work of the Strategic Plan Steering Committee and work by the Board of Education from the workshops. This new strategic plan was ultimately approved by the Board on September 26, 2022.

Diversified and vigorous instructional programs create a vibrant learning atmosphere for Derby students. The Curriculum Department at Derby Public Schools has a variety of programs and people in place to help teachers integrate the district's curriculum into their classroom activities in meaningful ways. The department continues to develop our Career and Technical Education pathways that align with the state and emphasize individual plans of study for secondary students. The District continues to implement curriculum adoptions and supporting programs to help our students succeed.

Along with providing a safe, reliable, and efficient technology environment in which all of our staff and students have the tools necessary to facilitate and engage in learning and administer the day-to-day business of the District, the Technology Department has made strides in cybersecurity. The department has initiated a Cybersecurity Awareness Training program (CSAT) for all district staff along with building up our cybersecurity infrastructure.

The 2018 bond allowed the District to build the Panther Learning Center, which provided an alternative learning facility to help boost the District's graduation rate. The Panther Learning Center gives students an opportunity to receive targeted individualized learning to help them graduate. WSU Tech is also able to provide opportunities for our high school students with WSU Tech educators using our facility to teach courses that are dual credit.

Safety and security are always a top priority for the District and the district ensured that all schools are equipped with a secured entrance vestibule. In addition to a full-time staff member designated to handle the District's safety and security, district-wide protocols for emergency response (the Standard Response Protocol), and a Safe Visitor Management system, the District partners with the City of Derby and the Sedgwick County Sheriff's Department to provide SROs at our secondary schools and DARE officers at the elementary level as well as Adopt-a-School Officers at some of our elementary buildings.

Long-Term Financial Planning

The District continues to follow the long-term planning process to fully address needed building improvements. The entire process has been identified as the "Process for Success." The completed master plan has identified the needed improvements into three categories – (1) priority needs; (2) short-term needs and (3) long-term needs. Financial resources for the planned projects will be financed through general obligation bonds and resources available through the District's Capital Outlay Fund. The District presented plans for a $114.02 million in improvements to the Board of Education and passed by the community in February 2018.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement to Unified School District No. 260, Derby, Kansas for its Annual Comprehensive Financial Report (ACFR) for the fiscal year ending June 30, 2022. The 39th year in a row the District has received this award. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for the preparation of state and local government financial reports. The certificate is presented following this letter.

A Certificate of Achievement is valid for a period of one year only. We believe that our current ACFR continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The timely preparation of the ACFR was made possible by the dedicated service of the entire staff. Each member of the USD 260 staff who assisted and contributed to its preparation has our sincere appreciation. We also thank the USD 260 Board members for their interest and support in planning and conducting the financial operations of the District in a responsible and progressive manner.

Sincerely,

Heather Bohaty, Superintendent

INDEPENDENT AUDITOR'S REPORT

Board of Education
Unified School District No. 260
Derby, Kansas

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Unified School District No. 260, Kansas (District), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise Unified School District No. 260's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the report of the other auditors, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Unified School District No. 260, as of June 30, 2023, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund, Special Education Fund, At Risk K-12 Fund, and Textbook Revolving Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of Derby Recreation Commission, which represent 100% percent, 100% percent, and 100% percent, respectively, of the assets net position, and revenues of the discretely presented component unit. Those financial statements were audited by other auditors whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for the discretely presented component unit, is based solely on the report of the other auditors.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the *Kansas Municipal Audit and Accounting Guide*. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Unified School District No. 260, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Unified School District No. 260's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.
In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Unified School District No. 260's ability to continue as a going concern for one year after the date that the financial statements are issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Unified School District No. 260's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Unified School District No. 260's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, Schedule of Changes in the Total OPEB Liability – Healthcare, Schedule of the Total OPEB Liability as a Percentage of Covered Employee Payroll - Healthcare, Schedule of Changes in the Total OPEB Liability – KPERS Death and Disability, Schedule of the Total OPEB Liability as a Percentage of Covered Employee Payroll - KPERS Death and Disability, Schedule of the District's Proportionate Share of the Net Pension Liability, Schedule of District's Contributions, and the notes to the required supplementary information as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Unified School District No. 260's basic financial statements. The introductory section, the combining and individual general and nonmajor fund financial statements and schedules and statistical section as listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The combining and individual general and nonmajor fund financial statements and schedules, and schedule of expenditures of federal awards as listed in the table of contents are the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual general and nonmajor fund financial statements and schedules and schedule of expenditures of federal awards as listed in the table of contents are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them**.**

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 28, 2023, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Unified School District No. 260, Derby, Kansas
Management's Discussion and Analysis
For the Fiscal Year Ended June 30, 2023

This discussion and analysis of the Derby Unified School District's financial performance provides an overall review of the District's financial activities for the fiscal year ended June 30, 2023. The intent of this discussion and analysis is to look at the District's financial performance as a whole; readers should also review the transmittal letter, notes to the basic financial statements and financial statements to enhance their understanding of the District's financial performance.

The Management Discussion and Analysis (MD&A) is an element of financial reporting as prescribed by the Governmental Accounting Standards Board (GASB). Certain comparative information between the current year and the prior year is required to be presented in the MD&A.

FINANCIAL HIGHLIGHTS

The trends of prior years' indicated that during the fiscal year 2022-2023, the Derby Unified School District would experience another year of increases in the cost for educational services. The District continues to rely upon the General Fund and Local Option Budget (LOB) to provide funding for these increases.

USING THE ANNUAL COMPREHENSIVE FINANCIAL REPORT (ACFR)

This Annual Comprehensive Financial Report consists of management's discussion and analysis, the basic financial statements and required supplementary information. These statements are organized so the reader can understand the District as a whole, an entire operating entity. The basic financial statements include two kinds of statements that present different views of the District. The first series of statements are the district-wide financial statements. The second kind of financial statements are the fund financial statements.

REPORTING THE SCHOOL DISTRICT AS A WHOLE

District-Wide Financial Statements

The district-wide financial statements include all assets, deferred outflows of resources, liabilities, and deferred inflows of resources of the District using the accrual basis of accounting. This method of accounting is like how private sector companies report the results of their operations. These statements consider all the current year revenues and expenses regardless of when cash is received or paid.

The first of the district-wide statements is the Statement of Net Position. The Statement of Net Position presents balance information for the entire District operations at a given point in time (June 30, 2023). The assets include all cash and investments, receivables including taxes assessed that remain uncollected and capital assets reduced by accumulated depreciation. Liabilities include accounts payable, claims payable and outstanding general obligation debt. This results in a statement that encompasses the entire operations of the Derby Unified School District.

Although the Statement of Net Position reports total net position of $12.9 million surplus, the District has restrictions over the use of these funds. The investment in facilities and equipment is necessary to carry out the mission of the District. Kansas state laws segregate funds and place restrictions on spending. This should be considered when reviewing the report.

The second of the district-wide financial statements is the Statement of Activities. This statement shows the results of operations that caused the net position to change from the prior year to the amount reported on the Statement of Net Position as of June 30, 2023. This statement answers the question, "How did we do financially during fiscal year 2023" This change in net position is important because it tells the reader that, for the school district, the financial position has improved or diminished. The statement for 2023 indicates an increase of $11.57 million in the District's financial position. The causes of this change may be the result of many factors. Most notably, the results are influenced by:

- the property tax base,
- the unfunded KPERS pension liability,
- the unfunded OPEB liabilities,
- operating expenditure limits imposed by Kansas law,
- building improvements,
- number of students served, and
- new funding sources through federal legislation
- staff levels.

The Statement of Activities classifies expenses by functional area. The report also shows corresponding charges for services and restricted grants for each function that helps support the expenses. The resulting Net (Expenses) Revenue and Changes in Net Position shows the remaining expenses not supported by charges for services and restricted grants. General revenues are then applied to the remaining expenses resulting in the total change in net position for the year.

REPORTING THE SCHOOL DISTRICT'S MAJOR FUNDS

Fund Financial Statements

Financial statements by fund follow the district-wide statements. These statements provide more detail about the District according to the various funds established under Kansas law. The major funds are listed separately with all non-major funds aggregated in the column labeled "Other Governmental Funds." As shown on the reconciliations the fund statements differ from the district-wide statements (Statement of Net Position and Statement of Activities) by excluding the following:

- cost of capital assets less accumulated depreciation,
- deferred outflows of resources related to pension and OPEB liabilities,
- long-term liabilities and,
- deferred inflows of resources related to pension and OPEB liabilities.

The District's two kinds of funds are governmental and fiduciary funds.

Governmental Funds

Most of the District's activities are reported in the governmental funds, which focus on 1) how cash and other financial assets, that can be readily converted to cash, flow in and out and 2) the balances left at year end that are available for spending. The statements show revenue, expenditures and fund balances for each listed fund.

The fund classifications provide additional information about the entity. The General and Special Education funds encompass the major operating funds. The Capital Outlay fund is the primary source for the purchase of furniture, equipment and for major repairs and improvements to buildings and grounds. The Debt Service fund is used to pay outstanding general obligation bonds and related interest charges as they become due.

Fiduciary Funds

The District's fiduciary funds are comprised of agency funds. Agency funds are used to account for assets held in a trustee capacity or as an agent for individuals, private organizations and/or other funds. Agency funds include student activity monies at the various schools. The District's agency funds are reported on the Statement of Fiduciary Net Position.

General Fund

The School District's budget is prepared according to Kansas State Statutes and is based on the statutory basis of accounting, modified further by the encumbrance method of accounting. The most significant budgeted fund is the General Fund.

Kansas Statutes permit transferring budgeted amounts from one object or purpose to another within the same fund; however, such statutes prohibit creating expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Management may amend the amount of a specific object or purpose appropriation without obtaining authorization from the Board of Education, providing the amendments or transfers do not create a total budgeted expenditure amount for a specific fund in excess of the amount originally adopted by the Board of Education.

The District's total General fund budget was not amended in FY 23. However, the final legal maximum budget was reduced by $728,055 to match funding weightings to audited amounts.

The District's ending unobligated cash balance in the General fund was $0, the same as the final budgeted fund balance amount. The overall increase in fund balance is from the increase in grant funding in the Latchkey program.

Special Education Fund

The Special Education fund balance remained stable FY 23, with a slight decrease of $265,224. The ending fund balance will enable the District to fund the program until state aid is received in October. Since Special Education is a special revenue fund, all fund balances are restricted for special education purposes.

At Risk K-12 Fund

The At Risk K-12 fund balance increase in FY 23 by $831,974. The State increased its at risk weighting and funding requirements in FY 23, the state also required the entire weighting to be transferred to the At Risk Fund.

Debt Service Fund

The Debt Service restricted fund balance of $8.4 million is available only to make principal and interest payments on the long-term debt obligations of the District, as authorized by the various bond elections. The fund balance decreased by $364,315 to a total fund balance of $8.4 million. This net decrease is due to the increase in state aid and property tax levied and related decrease in debt payments. The entire fund balance on June 30, 2023, is restricted for payment of bond principal, interest, and issuance costs.

Capital Outlay Fund

The District has the authority to levy up to 8 mills in the Capital Outlay fund. The District levied 8 mills during the FY 23 year to take full advantage of the state aid.

Capital Outlay Fund revenues exceeded expenditures by $1,060,783, which was in line with what was anticipated on the budget and the Capital Outlay plan as the improvements, repairs, and maintenance have decreased from the completion of the major building project. Resulting in an ending balance of $7.0 million primarily for projects related to facility improvement, utility equipment updates, and technology purchases for student learning

2018 Bond Project Fund

Interest earnings on the bond investments totaled $23,906 during 2023. The bond project expenditures incurred during 2023 were related to construction of $2,849,734 resulting in an ending fund balance of $835,126. The entire fund balance is restricted for the construction related project expenditures.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At the end of the fiscal 2022 and 2023 years, the District had a net investment of $193.6 million and $189.4 million respectively invested in land, buildings, vehicles, artwork and equipment. Decreases are expected as construction and remodeling projects under the 2018 bond issues are nearly completed and depreciation on these assets has begun.

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities
For the Year Ended June 30, 2023

Net Change in Fund Balances - Total Governmental Funds		$ 999,040
Amounts reported for governmental activities in the statement of net position are different because:		
Governmental funds report capital outlays as expenditures However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. In the current period, these amounts are:		
Capital outlays	$ 3,480,055	
Depreciation	5,090,127	
Excess capital outlays over depreciation		8,570,182
In the statement of activities, the loss on the disposition of capital assets is reported as a functional expense whereas, in the governmental funds statement a loss on disposition of capital assets is not reported		(12,801,188)
In the statement of activities, interest is accrued on outstanding debt, whereas in governmental funds, an interest expenditure is reported when due		43,594
Pension contributions is an expenditure in the governmental funds but reduces the net pension liability in the statement of net position. Additionally, the effect of changes in deferred outflows and inflows for pensions are only recorded in the statement of activities.		8,057,618
Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets:		
General obligation bond payments	4,845,000	
Financing purchase lease obligation payments	1,313,076	
Total payments on long-term liabilities		6,158,076
Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the funds.		
Early retirement payable	1,125,543	
Compensated absences payable	(139,093)	
Other postemployment benefits payable - healthcare, including deferred outflows and inflows	(29,336)	
Other postemployment benefits payable - KPERS, including deferred outflows and inflows	(43,094)	
Unamortized bond refunding costs	(1,394,852)	
Amortization of premium on issuance of general obligation bonds	1,024,848	
Total other expenses		544,016
Change in Net Position of Governmental Activities		$ 11,571,338

NOTES TO FINANCIAL STATEMENTS

UNIFIED SCHOOL DISTRICT NO. 260
DERBY, KANSAS

Notes to the Financial Statements

June 30, 2023

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

Derby Unified School District No. 260 (the District) is a Kansas school district governed by an elected seven-member board. As required by generally accepted accounting principles in the United States of America (GAAP), these financial statements present Derby Unified School District No. 260 (the primary government) and its component unit. The component unit discussed in the following paragraphs is included in the District's reporting entity because the primary government is considered financially accountable for it.

The component unit column in the government-wide financial statements (see note below for description) includes the financial data of the District's component unit. It is reported in a separate column to emphasize that it is legally separate from the District and to differentiate its financial position and results of operations from that of the primary government. The District's component unit is accounted for using the same principles as the governmental fund types of the District.

The Derby Recreation Commission was established pursuant to Kansas Statutes to operate a system of public recreation in Derby, Kansas. The District appoints two of the five members of the Board of Commissioners of the Derby Recreation Commission. The Derby Recreation Commission taxes are levied under the taxing authority of the District. These taxes are accounted for in the Recreation and Recreation - Employee Benefits funds of the District. The Derby Recreation Commission may not acquire real property or issue debt without the approval of the District. Any lease entered into by the Derby Recreation Commission may be subject to approval of the District. The Derby Recreation Commission is included in the financial statements of the District as a discretely presented component unit. Complete financial statements for the Derby Recreation Commission may be obtained at the Derby Recreation Commission, 801 East Market, Derby, Kansas 67037.

Basis of presentation

The financial statements of the District have been prepared in conformity with accounting principals generally accepted in the United States of America as applied to governmental units. The *Governmental Accounting Standards Board* (GASB) is the accepted standard-setting body for establishing governmental accounting and financial principles. The more significant accounting policies of the District are described here-in.

The District's basic financial statements include both government-wide, including a statement of net position and a statement of activities, and fund financial statements, which provide a more detailed level of financial information.

Government-wide financial statements

The statement of net position and the statement of activities display information about the District as a whole. The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are specifically associated with a service, program or department and therefore are clearly identifiable to a particular function. Program revenues include (1) charges paid by the recipient for goods or services or privileges provided by a given function or activity and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Taxes and other items not properly included among program revenues are reported instead as general revenues. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the District.

Fund financial statements

During the year, the District segregates transactions related to certain functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the District at a more detailed level. The focus of governmental fund financial statements is on major funds. Each major fund is reported in a separate column. Nonmajor funds are aggregated and presented in a single column in the fund financial statements. Expenditures in the financial statements are grouped by function. The following are descriptions of the District's functions:

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT.)

Instruction - activities dealing directly with the interaction between teachers and students, and contracted instructional services.

Student support services - Activities designed to assess and improve the well-being of students and to supplement the teaching process.

Instructional support services - Activities associated with assisting the instructional staff with the content and process of providing learning experiences for students.

General administration - Activities concerned with establishing and administering policy for operating the school

School administration - Activities concerned with overall administrative responsibility for a school.

Central support services - Activities concerned with supporting other administrative and instructional functions including fiscal services, human resources, planning, and administrative information technology.

Operations and maintenance - Activities concerned with keeping the physical plant open, comfortable, and safe for use, and keeping the groups, buildings, and equipment in effective working condition.

Student transportation services - Activities concerned with conveying students to and from school, as provided by state and federal law.

Other support services - All other support services not classified elsewhere.

Food services operations - Activities concerned with providing food to students and staff in the school district.

Community service operations - Activities concerned with providing community services to students, staff, or other community participants.

Architectural and engineering services - The activities of architects and engineers related to acquiring and improving sites and buildings for those preliminary activities that may or may not result in additions to the school district's

Facilities acquisition and construction - Activities concerned with acquiring land and buildings, remodeling buildings, constructing buildings and additions to buildings, initially installing or extending service systems and other built-in equipment, and improving sites.

Debt service - Activities relating to servicing the long-term debt of the school district, including payments of both principal and interest.

The District's fiduciary funds are presented in the fund financial statements by type. Since by definition these assets are being held for the benefit of a third party (other local governments, individuals, etc.) and cannot be used to address activities or obligations of the District, these funds are not incorporated into the government-wide statements.

Measurement focus and basis of accounting

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary funds and fiduciary fund financial statements. All assets plus deferred outflows of resources, and liabilities plus deferred inflows of resources associated with the operation of the District are included on the statement of net position. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider are met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgements, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT.)

Measurement focus and basis of accounting (cont.)

Property taxes, charges for services and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Entitlements and shared revenues are recorded at the time of receipt or earlier if the susceptible to accrual criteria are met. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met.

The District reports the following major governmental funds:

General Fund - the General Fund is the District's primary operating fund.

Special Education Fund - used to account for programs which deliver educational services to special needs students. Major resources include federal and state aid are restricted for this purpose.

At Risk K-12 Fund - used to account for moneys allocated specifically for programs developed for kindergarten through 12th grade pupils who have been identified as at risk pupils.

Debt Service Fund - used to account for the payment of principal and interest on the District's general obligation bonds.

Capital Outlay Fund - used to account for tax revenues and other sources which are primarily utilized for the acquisition, construction, reconstruction, repair, remodeling, additions to, furnishing and equipping of District buildings.

2018 Bond Project Fund - used to account for the proceeds and redemption of the general obligation bonds issued April 21, 2018 in the principal amount of $2,000,000; $107,775,000 issued May 21, 2018; and $6,150,000 issued May 1, 2019 that were approved by the voters in the District on February 20, 2018. The proceeds of the bonds are being used to (a) construct, equip and furnish additions to and make renovations and other improvements, including storm shelters, to existing District facilities: Tanglewood Elementary, Derby Hills Elementary, Park Hill Elementary, Swaney Elementary, El Paso Elementary, Wineteer Elementary, Derby Middle School and Derby High School for enhanced safety and security, improved teaching and learning environments, educational and building operating efficiencies, and ADA and other code compliance; (b) construct, equip and furnish a new 3-section Elementary School within the District; (c) construct, equip and furnish a new District facility for Education Support Services/Special Services/Administration and Storm Shelter to be located at the Tanglewood Elementary site; (d) demolish portions and construct, equip, and furnish replacement additions to the existing Oaklawn Elementary and Cooper Elementary Schools within the District; (e) remodel and make needed improvements to the District Maintenance and Transportation Buildings; (f) make needed improvements to District Athletic facilities; (g) make all other necessary improvements appurtenant thereto; and (h) pay the costs of issuance and interest on the general obligation bonds of the District issued to finance the project during the construction thereof.

Textbook Revolving Fund - used to account for textbook fees collected and expenditures incurred in conjunction with the purchase and maintenance of textbooks.

The other governmental funds of the District account for grants and other resources whose use is restricted to a particular purpose.

In addition, the District reports agency funds to account for assets held in a trustee capacity or as an agent for individuals, private organizations and/or other funds. Agency funds include payroll withholding, sales tax collections and student activity monies at the various schools. They also include the Recreation Commission funds as these are not the District's monies, but act as the tax levying and collection entity on the Recreation Commission's behalf. These funds are then remitted to the Recreation Commission.

Cash, cash equivalents and investments

Cash resources of the individual funds (except for the proceeds of general obligation bonds, which are separately invested) are combined to form a pool of cash and temporary investments that are managed by the District Treasurer. Investments of the pooled accounts consist primarily of certificates of deposits. Interest income earned is allocated to various funds based upon statutory requirements detailed in K.S.A. 72-5166.

For purposes of the statement of cash flows, the District considers all investments by fund in the District's cash and investment pool to be cash equivalents.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT.)

Cash, cash equivalents and investments (cont.)

K.S.A. 12-1675 authorizes the District to invest moneys not regulated by other statutes in: savings deposits, time deposits, certificates of deposit with maturities not more than two years, repurchase agreements consisting of obligations insured by the U.S. government or any agency thereof, direct obligations of or obligations that are insured by the United States or any agency thereof, and the Kansas Municipal Investment Pool.

District investments are measured at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The District uses the fair value hierarchy established by Generally Accepted Accounting Principles which require an entity to maximize the use of observable inputs when measuring fair value.

Investments of proceeds of long-term debt are governed by specific statutes and authorize the District to invest in direct obligations of the U.S. government or any other agency thereof, money market funds comprised entirely of obligations of the U.S. Treasury and agencies thereof, obligations of any municipality of Kansas, or investment agreements with a financial institution rated in the three highest rating categories by Moody's or Standard and Poor's.

Inventories

Inventories are considered to be immaterial and are not recorded.

Interfund receivables and payables

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. Short-term interfund loans are classified as "due to/from other funds." All short-term interfund receivables and payables at year-end will be eliminated in the subsequent year. As a general rule the effect of all other interfund activity has been eliminated from the government-wide financial statements.

Capital assets

Capital assets, which include property, plant, equipment, infrastructure assets, and construction in progress are reported in the applicable governmental activities column in the government-wide financial statements. The District defines capital assets as assets with an initial individual cost of $5,000 or more, and a useful life of more than one year. Capital assets are valued at historical cost, or estimated historical cost (if actual historical cost is not available.) Donated capital assets are valued at their acquisition value on the date donated. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of an asset are not capitalized. Major outlays for capital assets and improvements are capitalized as the projects are completed and placed into operation.

Depreciation is computed using the straight line method over the following estimated useful lives:

Asset	Life/Years
Buildings	30
Improvements	15
Machinery and equipment	3 - 15

Assets acquired with funds received through federal grants, must be used in accordance with the terms of the grant. Federal regulations require, in some instances, the District to reimburse the federal government for any assets that the District retains for its own use after the termination of the grant unless otherwise provided for by the grantor.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT.)

Compensated absences

The District provides compensated absence benefits for the following:

Vacation - All permanent full-time and part-time employees are eligible for vacation and/or sick leave benefits in varying annual amounts. Vacation benefits accrue as payable at a rate from .42 days to 1.83 days per month depending on length of continuous full-time employment.

Paid Time Off - Paid time off days accumulate as payable at a rate of 1.33 days per month to a maximum of 180 days. Paid time off accumulated beyond 180 days is payable annually at three-fourths the daily rate. Accumulated paid time off under 180 days is payable upon separation in good standing from the District.

The compensated absences liability is reported on the government-wide financial statements. The liability is based on current salary costs and the vested portion of accumulated benefits.

Early Retirement - The District maintains a policy of paying early retirement salary to certain former employees, who qualify, for a period not to exceed ten years subsequent to their early retirement date. Early retirement is defined under the program as retirement in or after the school year in which the employee reaches the age of 55, but before the school year the employee reaches the age of 67. To qualify for early retirement, employees have to be at least 55 years of age within the next school year and have a minimum of ten years employment with the District and the Kansas Public Employer's Retirement System (KPERS). Retirement pay is computed based on predetermined factors applied to the employees highest salary of their last four years of employment and is paid on a monthly basis. The computations do not include life expectancy or any other actuarial factors. All early retirement benefits terminate upon the death of the participant. The early retirement obligations were liquidated from the District's Supplemental General Fund during the fiscal year ended June 30, 2023 and the cost of the termination benefits for the year ended June 30, 2023 was $1,284,682. At June 30, 2023, there were 143 former employees receiving early retirement benefit payments. The discount rate applied in the determination of the early retirement benefit liability at June 30, 2023 was 2.239%.

Long-term obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Pensions

The net pension liability is calculated as the difference between the actuarially calculated value of the projected benefit payments attributed to past periods of employee service and the plan's net fiduciary position. The total pension expense is comprised of the service cost or actuarial present value of projected benefit payments attributed to the valuation year, interest on the total pension liability, plan administrative expense, current year benefit changes, and other changes in plan fiduciary net positon less employee contributions and projected earnings on plan investments. Additionally, the total pension expense includes the annual recognition of outflows and inflows of resources due to pension assets and liability.

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions and pension expense, information about the fiduciary net position of the Kansas Public Employees Retirement System (KPERS) and additions to/deductions from KPERS' fiduciary net position have been determined on the same basis as they are reported by KPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT.)

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to future periods and is not recognized as an outflow of resources (expense/expenditure) until the future period. The District reports amounts related to pensions, OPEB liabilities and unamortized bond refunding costs on the government-wide statement of net position as a deferred outflow of resources. A deferred charge in refunding results from the difference in the carrying value of refunded debt versus reacquisition price. The amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. See Notes 8, 9, and 10 for more information on the deferred outflows for pensions and OPEB.

In addition to liabilities, the statement of net position and balance sheet reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to future periods and is not recognized as an inflow of resources (revenue) until that time. The District reports amounts related to pensions, OPEB liabilities and property taxes receivable on the government-wide statement of net position and unavailable revenues on the governmental funds balance sheet as deferred inflows of resources. See Notes 8, 9, and 10 for more information on the deferred inflows for pensions and OPEB.

Net Position

In the government-wide financial statements, net position is classified into three components:

- Net investment in capital assets - consisting of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, leases, or other borrowing that are attributable to the acquisition, construction or improvement of those assets.

- Restricted net position - consisting of net position with constraints placed on their use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation. The District first utilizes restricted resources to finance qualifying activities.

- Unrestricted net position - all other net position that does not meet the definition of "restricted" or "net investment in capital assets."

Sometimes the District will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted - net position and unrestricted - net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the District's policy to consider restricted - net position to have been depleted before unrestricted - net position is applied.

Fund Balance

Governmental fund balance classifications are based primarily on the extent to which the District is bound to honor constraints on the specific purposes for which amounts in the funds can be expended. In the governmental funds financial statements, fund balance is classified into potentially five components:

- *Nonspendable* - assets that are not in spendable form (such as inventory). The District does not have any nonspendable fund balances as of June 30, 2023.

- *Restricted fund balances* - includes amounts that can be spent only for the specific purposes stipulated by external resource providers, constitutionally or through enabling legislation. Restrictions may effectively be changed or lifted only with the consent of resource providers.

- *Committed fund balances* - includes amounts that can only be used for specific purposes pursuant to constraints approved by formal action of the government's highest level of decision- making authority (the Board of Education). Those committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of action it employed to previously commit those amounts. The Board of Education can, by adoption of a resolution prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the resolution remains in place until a similar action is taken (the adoption of another resolution) to remove or revise the limitation.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT.)

Fund Balance (cont.)

- *Assigned fund balances* - the assigned portion of fund balance is comprised of amounts that are constrained by the government's intent to be used for specific purposes, but are neither restricted nor committed. Intent is expressed by (a) the governing body itself, or (b) a body (such as a budget or finance committee) or official (Superintendent) to which the governing body has delegated the authority to assign amounts to be used for specific purposes. The Board of Education has by resolution authorized the Director of Budget and Finance/Treasurer to assign fund balance. The Board of Education may also assign fund balance as it does when appropriating a fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. An additional action does not normally have to be taken for the removal of an assignment.
- *Unassigned fund balances* - is the residual classification for the General Fund and includes all amounts not contained in other classifications. Unassigned amounts are technically available for any purpose. The General Fund is the only fund that reports a positive unassigned fund balance amount. In other governmental funds, it is not appropriate to report a positive unassigned fund balance amount. However, in governmental funds other than the General Fund, if expenditures incurred for specific purposes exceed the amounts that are restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance in that fund.

2. BUDGETARY PRINCIPLES

Applicable Kansas statutes require that budgets be legally adopted for all governmental fund types on a 12-month basis, unless exempted by a specific statute. Specific funds exempted from legally adopted budgetary requirements include: Contingency Reserve, Latchkey Program, Payroll Deductions, Sales Tax Payable, Textbook Revolving, Athletic and Activity, CARES, KDHE Covid Testing Grant, ESSER II CARES, ESSER III SPED, ESSER III CARES, Stemkamp, Americorps, Special Grants, Title II A, Title I, English Language Learners Title III, MV Homeless Grant, Alcohol and Drug Prevention Grant - City of Derby, Derby Education Foundation/Boeing/Derby Community Foundation Grants, Preschool Block Grant - The Opportunity Project, Military Academic/Support Program Grant, Title IV, Student Activity, and District Activity funds. In addition, the 2018 Bond Project fund is not subject to an annual budget.

The Capital Outlay Fund, included as a capital project fund type, is a budgeted fund and its appropriations lapse at the end of the year.

All agency funds are exempted from legally adopted budgetary requirements.

State statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

1. Preparation of the budget for the succeeding calendar year on or before August 1st.
2. Publication in local newspaper of the proposed budget and notice of public hearing on the budget on or before August 5th.
3. Public hearing on or before August 15th, but at least 10 days after publication of notice of hearing.
4. Adoption of the final budget on or before August 25th.

If the municipality is holding a revenue neutral rate hearing, the budget timeline for adoption of the final budget has been adjusted to on or before September 20th. The municipality did hold a revenue neutral rate hearing this year.

All budgets are prepared utilizing the statutory basis of accounting, modified further by the encumbrance method of accounting. Revenues are recognized when cash is received. Expenditures include disbursements, accounts payable and encumbrances (that is, commitments, such as purchase orders and contracts). Encumbrances are reported as expenditures in the current year's budgetary presentation and as committed fund balances in the governmental fund financial statements. Accordingly, the actual expenditure data presented in the budgetary comparison statements differ from the data presented in the governmental fund financial statements prepared in conformity with accounting principles generally accepted in the United States of America (GAAP).

2. BUDGETARY PRINCIPLES (CONT.)

Kansas statutes permit transferring budgeted amounts from one object or purpose to another within the same fund; however, such statutes prohibit creating expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. All unencumbered appropriations lapse at the end of the year. Management may amend the amount of a specific object or purpose appropriation without obtaining authorization from the Board of Education provided the amendments or transfers do not create a total budgeted expenditure amount for a specific fund in excess of that amount adopted by the Board of Education. The statutes allow for the Board of Education to increase the originally adopted budget for previously unbudgeted increases in revenue, other than ad valorem property taxes. This process requires a notice of public hearing to amend the budget to be published in the local newspaper. At least ten days after publication the hearing may be held and the Board of Education may amend the budget at that time. There were no individual fund budgets amended during the year ended June 30, 2023.

The General Fund and Supplemental General Fund amended budgets represent the legal maximum budgets for each fund as determined by the Kansas Department of Education.

In preparing a 12-month budget, the remaining taxes from the levy of the preceding calendar year are recognized as assets. All revenues and expenditures are estimated on a 12-month basis. The tax levy required to finance the budget is on a calendar year basis.

State Statues provide for the following sequence and timetable in the adoption of the legal annual operating budget:

1. The County Clerk Notifies the taxing entity of their revenue-neutral rate by June 15.
2. The taxing entity decides if they are going to exceed the revenue-neutral rate for the following budget year.
3. The taxing entity notifies the county clerk of their decision by July 20.
4. If the taxing entity exceeds the revenue-neutral rate the county clerk will notify all taxpayers in the taxing jurisdiction how much their taxes will increase by August 10, 2023.
5. Publication in the local newspaper of the proposed budget and notice of public hearing on the budget 10 days before the hearing.
6. Public hearing between August 20 and September 20, with at least ten days' notice.
7. Adoption of the final budget on or before September 20 with submission to the county clerk.

If the taxing entity does not exceed the revenue-neutral rate after notifying the county clerk on July 20:

1. Publication in the local newspaper of the proposed budget and notice of public hearing on the budget on or before August 5th.
2. The public hearing is on or before August 15, but at least ten days after publication of notice of hearing.
3. Adoption of the final budget on or before August 25.

3. CASH, CASH EQUIVALENTS AND INVESTMENTS

Cash Equivalents - Investment Type	Carrying Amount/Fair Value	Cost	Weighted Average Months to Maturity	Rating	Fair Value Hierarchy
U.S. Government agency securities and mortgage-backed securities (overnight sweep account investments)	$ 835,126	$ 835,126	-	S&P AA+	Level 2
Total	$ 835,126	$ 835,126			

3. CASH, CASH EQUIVALENTS AND INVESTMENTS (CONT.)

The U.S. Government agency securities and mortgage-backed securities related to the bond project have staggered maturities, which correspond with the estimated cash flow requirements for the bond project. These securities are reported at their fair value as determined by national security markets (Level 2). Level 2 inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; and (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. The adjustment to fair value of $116,393 is reflected in investment earnings. The calculation of realized and unrealized gains and losses is independent of the calculation of the change in fair value of investments and there are no realized gains and losses of the current period that include unrealized amounts from prior periods. The overnight U.S. Government agency securities and mortgage-backed securities are carried at cost, which approximates their market values due to the short- termed duration of these investments.

Kansas Statutes Annotated (K.S.A.) 9-1401 establishes the depositories that may be used by governmental entities in Kansas. The statutes requires banks eligible to hold the District's funds have a main or branch bank in the county in which the District is located, or in an adjoining county if such institution has been designated as an official depository, and the bank provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of Federal Depository Insurance Corporation (FDIC) coverage. The District has no other policies that would further limit interest rate risk.

K.S.A. 12-1675 limits the District's investment of idle funds to time deposits, open accounts and certificates of deposit with allowable financial institutions; U.S. government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The District has no investment policy that would further limit its investment choices.

Concentration of Credit Risk

State statutes place no limit on the amount the District may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 ad 9-1405. The investments held by the District are related to the bond project and are authorized by the authorizing bond resolution. These investments are not subject to collateralization. The District's allocation of cash and investments as of June 30, 2023, is as follows:

Investment	Percentage of Investments
U.S. Government Treasury and Agency Securities and mortgage backed securities	100%

Custodial Credit Risk - Deposits

Custodial credit risk for deposits is the risk that in the event of bank failure, the District's deposits may not be returned or the District will not be able to recover collateral securities in the possession of an outside party. The District's policy follows applicable State Statutes and requires deposits to be 100% secured by collateral (pledge securities) valued at market, less the amount of the Federal Deposit Insurance Corporation (FDIC) insurance. State Statutes define the allowable pledge securities.

At year-end, the carrying amount of the District's deposits was $34,768,897 with the bank balances of such accounts being $17,379,782. Of the bank balances, $500,000 was covered by federal depository insurance and the remaining balance of $16,879,782 was covered by collateral held by the District's custodial banks in joint custody in the name of the District and its banks. The fair value of those pledged securities held by the District's custodial investment agencies was $17,824,250 at June 30, 2023.

Custodial Credit Risk - Investments

For an investment, there is the risk that, in the event of failure of the issuer or counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State statutes require investments to be adequately secured.

A reconciliation of cash, cash equivalents and investments as reported in the financial statements at June 30, 2023, is as follows:

General Obligation Refunding Bonds, Series 2020-B, issued November 2, 2020	0.39% - 3.00%	48,550,000
Total general obligation bonds outstanding		$ 164,780,000

On July 1, 2012, the District issued $61,750,000 of 2.0% to 5.0% General Obligation Refunding and School Improvement Bonds, Series 2012. $1,595,000 principal amount of the Series 2012 bonds were issued to pay $1,600,000 of principal due under the District's 2004 bonds due October 1, 2012. The remaining principal amount of $60,155,000 was issued to provide permanent financing to (a) construct, equipment an furnish a new grade 6-8 middle school; (b) construct, equipment and furnish an addition to the existing middle school and make renovations and improvements to the existing facility; (c) construct, equip and furnish a new Central Kitchen facility; (d) replace roofing on existing District buildings; (e) construct improvements to certain District elementary schools to provide enhanced safety and security, improve support spaces, provide larger and more functional classrooms, and provide storm shelter areas; (f) construct, equip and furnish additions to the existing high school building to provide additional and improved space for music/orchestra education, improve locker room facilities, expand the existing lobby area, and expand and remodel food service areas; (g) demolish both the existing 6th Grade Center building and the existing Central Kitchen facility; and (h) make all other necessary improvements appurtenant thereto. The Series 2012 bonds maturing on October 1, 2023, and thereafter, are subject to redemption and payment prior to their stated maturity on October 1, 2022, and thereafter, as a whole or in part at any time at the redemption price of 100% of the principal amount plus accrued interest to the redemption date.

5. LONG-TERM DEBT (CONT.)

General Obligation Bonds (cont.)

On June 1, 2014, the District issued $3,300,000 of 2.0% to 3.0% General Obligation Bonds, Series 2014 to provide for the remaining costs related to the school improvements noted in the preceding paragraph. The Series 2014 bonds maturing on October 1, 2024, and thereafter, are subject to redemption and payment prior to maturity on October 1, 2023 and thereafter, as a whole or in part at any time at the redemption price of 100% of the principal amount plus accrued interest to the redemption date.

On March 30, 2016, the District issued $29,430,000 of 2.0% to 5.0% General Obligation Refunding Bonds, Series 2016 to refund $28,570,000 of Series 2012 Bonds maturing October I, 2014 through October 1, 2031 which will be called for early redemption on October 1, 2022. The Series 2016 bonds received a rating of "Aa3" from Moody's Investors Service.

On May 21, 2018, the District issued $107,775,000 of 3.00% to 5.00% of General Obligation Refunding and School Building Bonds, Series 2018-B to provide funding for school building improvements authorized in the public vote on February 20, 2018. The total bonds authorized by the vote were to not exceed $114,020,000. The Series 2018-B serial bonds maturing on October 1, 2027, and thereafter, are subject to redemption and payment prior to maturity on October 1, 2026 and thereafter, as a whole or in part at any time at the redemption price of 100% of the principal amount plus accrued interest to the redemption date. The term bonds with a stated maturity of October 1, 2043 in the principal amount of $20,380,000 shall be subject to mandatory redemption and payment prior to their stated maturity date at a redemption price of 100% of the principal amount plus accrued interest to the redemption date. The mandatory redemption dates are October 1, 2042 in the principal amount of $9,900,000 and October 1, 2043 in the principal amount of $10,480,000. The Series 2018-B bonds received a rating of "Aa3" from Moody's Investors Service.

On May 1, 2019, the District issued $6,150,000 of 2.25% to 3.00% of General Obligation Refunding and School Building Bonds, Series 2019 to provide funding for school building improvements in addition to the total authorized bond total approved on February 20, 2018. The total bonds authorized by the vote were to not exceed $114,020,000. The Series 2019 serial bonds maturing on October 1, 2039, and thereafter, are subject to redemption and payment prior to maturity on October 1, 2039 and thereafter, as a whole or in part at any time at the redemption price of 100% of the principal amount plus accrued interest to the redemption date. The Series 2019 bonds received a rating of "Aa3" from Moody's Investors Service.

On September 14, 2020, the District issued $13,535,000 of .1630% of General Obligation Refunding and School Building Bonds, Series 2020-A to provide funding for school building improvements in addition to the total authorized bond total approved on February 20, 2018. The total bonds authorized by the vote were to not exceed $114,020,000. The Series 2020-A serial bonds maturing on October 1, 2032, and thereafter, are subject to redemption and payment prior to maturity on October 1, 2032 and thereafter, as a whole or in part at any time at the redemption price of 100% of the principal amount plus accrued interest to the redemption date. The Series 2020-B bonds received a rating of "Aa3" from Moody's Investors Service.

On September 14, 2020, the District issued $49,555,000 of .391% to 3.002% of General Obligation Refunding and School Building Bonds, Series 2020-B to provide funding for school building improvements in addition to the total authorized bond total approved on February 20, 2018. The total bonds authorized by the vote were to not exceed $114,020,000. The Series 2020-B serial bonds maturing on October 1, 2043, and thereafter, are subject to redemption and payment prior to maturity on October 1, 2043 and thereafter, as a whole or in part at any time at the redemption price of 100% of the principal amount plus accrued interest to the redemption date. The Series 2020-B bonds received a rating of "Aa3" from Moody's Investors Service.

Annual debt service requirements for the general obligation bonds are as follows:

Year ended June 30:	Principal	Interest	Total
2024	$ 5,170,000	$ 5,599,658	$ 10,769,658
2025	5,415,000	5,441,052	10,856,052
2026	5,785,000	5,218,248	11,003,248
2027	6,190,000	4,975,693	11,165,693

5. LONG-TERM DEBT (CONT.)

General obligation bonds (cont.)

The District's limitation on bond issues is established by Kansas Statute 72-6761 which states that the aggregate amount of bonds which the District can issue without authority from the State Board of Education is 14% of the assessed valuation. The State Board of Education authorized the District to exceed its statutory limit in November 2017 for the 2018 General Obligation Bond Issue.

14% of assessed valuation	$ 73,962,266
General obligation debt applicable to limitation	(164,780,000)
Less debt service fund	8,449,880
Debt in excess of limitation	$ (82,367,854)

Financed purchase lease obligations

The District has entered into various lease agreements for financing the acquisition of equipment. These lease agreements qualify as financing purchase leases for accounting purposes and, therefore, have been reported at the present value of their future minimum lease payments as of the inception date. The equipment purchased under financing purchase leases totals $8,129,166 and are included in the capital assets of the District according to the District's capital asset policy. The amortization of this equipment has been included in the District's depreciation expense. Obligations of the District's governmental activities under financing purchase leases at June 30, 2023, are as follows:

Year ending June 30,	Principal	Interest	Total
2024	$ 1,187,649	$ 52,661	$ 1,240,310
2025	873,879	35,401	909,280
2026	316,509	17,770	334,279
2027	325,096	9,183	334,279
2028	189,570	13,250	202,820
	$ 2,892,703	$ 128,265	$ 3,020,968

Compensated absences

Compensated absences are to be paid from various funds in the same proportion that those funds pay payroll costs. The District's projected liability for compensated absences at June 30, 2023 is $534,230, which will primarily be liquidated from the General Fund. Vacation is only carried for a maximum of one year and then is lost. Paid time off is calculated using the ratio method over 5 years.

6. INTERFUND RECEIVABLES/PAYABLES

Individual fund receivable/payable balances at June 30, 2023 are as follows:

	Due To (Receivable)	Due From (Payable)
Major Funds		
General	$ 4	$ 4
Non-major funds		
KDHE Covid Testing Grant	95,921	-
ESSER III Cares	187,902	-

Total all funds	$ 407,244	$ 407,244

7. INTERFUND TRANSFERS

With the implementation of Governmental Accounting Standards Board (GASB) Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, the majority of transfers made under the statutory basis of accounting are now classified as state aid. GASB Statement No. 54 provides that "specific restricted or committed revenues may be initially received in another fund and subsequently distributed to a special revenue fund. Those amounts should not be recognized as revenue in the fund initially receiving them; however, those inflows should be recognized as revenue in the special revenue fund in which they will be expended in accordance with specified purposes." State aid is initially received in the General and Supplemental General Funds and various state statutes require the District to make transfers of this state aid to other special revenue funds.

A summary of interfund transfers by individual fund reported as state aid in the governmental funds financial statements but as transfers in the respective budgetary financial statements and schedules are as follows:

	Statutory authority	Transfers In	Transfers Out
Major Funds:

8. PENSION PLAN

Plan Description

The District participates in the Kansas Public Employees Retirement System (KPERS), a cost-sharing multiple-employer defined benefit pension plan as provided by Kansas law and administered by KPERS, a body corporate and an instrumentality of the State of Kansas. Kansas law establishes and amends benefit provisions. KPERS issues a publicly available, stand-alone comprehensive annual financial report that includes financial statements and required supplementary information. That report may be obtained by writing to KPERS (611 S. Kansas, Suite 100, Topeka, KS 66603) or by calling 1-888-275-5737, or at the KPERS website at www.kpers.org.

8. PENSION PLAN (CONT.)

Plan Description (cont.)

KPERS provides benefits to the following statewide pension groups under one plan, as provided by K.S.A 74 article 49:

- Public employees, which include:
  - State/School
  - Local
- Police and Fireman
- Judges

Substantially all public employees in Kansas are covered by the pension plan. The Statute of Kansas and Kansas schools are required to participate, while participation by local political subdivisions is optional, but irrevocable once elected.

Those employees participating in the pension plan for the District are included in the State/School group.

Benefits Provided

Benefits are established by statute and may only be changed by the Legislature. Members with ten or more years of credited service, may retire as early as age 55, with an actuarially reduced monthly benefit. Normal retirement is at age 65, age 62 with ten years of credited service, or whenever a member's combined age and years of credited service equal 85 "points."

Monthly retirement benefits are based on a statutory formula that includes final average salary and years of service. When ending employment, members may withdraw their contributions from their individual accounts, including interest. Members who withdraw their accumulated contributions lose all rights and privileges of membership. For all pension coverage groups, the accumulated contributions and interest are deposited into and disbursed from the membership accumulated reserve fund as established by K.S.A. 74-4922.

Members choose one of seven payment options for their monthly retirement benefits. At retirement a member may receive a lump sum payment of up to 50% of the actuarial present value of the member's lifetime benefit. The monthly retirement benefit is then permanently reduced based on the amount of the lump sum. Benefit increases, including ad hoc postretirement benefit increases, must be passed into law by the Kansas Legislature. Benefit increases are under the authority of the Legislature and the Governor of the State of Kansas.

The 2012 Legislature made changes affecting new hires, current members and employers. A new KPERS 3 cash balance retirement plan for new hires starting January 1, 2015, was created. Normal retirement age for KPERS 3 is 65 with five years of service or 60 with 30 years of service. Early retirement is available at age 55 with ten years of service, with a reduced benefit. Monthly benefit options are an annuity benefit based on the account balance at retirement.

For all pension coverage groups, the retirement benefits are disbursed from the retirement benefit payment reserve fund as established by K.S.A. 74-4922.

Contributions

Member contributions are established by state law, and are paid by the employee according to the provisions of Section 414(h) of the internal revenue code. State law provides that the employer contribution rates are determined based on the results of an annual actuarial valuation. The contributions and assets of all groups are deposited in the Kansas Public Employees Retirement Fund established by K.S.A. 74-4921. All of the retirement systems are funded on an actuarial reserve basis.

For fiscal years beginning in 1995, Kansas legislation established statutory limits on increases in contribution rates for KPERS employers. Annual increases in the employer contribution rates related to subsequent benefit enhancements are not subject to these limitations. The statutory cap increase over the prior year contribution rate is 1.2% of total payroll.

8. PENSION PLAN (CONT.)

Contributions (cont.)

The actuarially determined employer contribution rates and the statutory contribution rates for schol employees are 14.20% and 13.33%, respectively. K.S.A. 74-4919 and K.S.A. 74-49,210 establish the KPERS member-employee contribution rates. KPERS has multiple benefit structures and contribution rates depending on whether the employee is a KPERS 1, KPERS 2 or KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009. KPERS 2 members were first employed in a covered position on or after July 1, 2009, and KPERS 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas law established the KPERS member-employee contribution rate of 6% of covered salary for KPERS 1, KPERS 2 and KPERS 3 members.

Employer Allocations

Although KPERS administers one cost-sharing multiple-employer defined benefit pension plan, separate (sub) actuarial valuations are prepared to determine the actuarial determined contribution rate by group. Following this method, the measurement of the collective net pension liability, deferred outflows of resources, deferred inflows of resources, and pension expense are determined separately for each of the following groups of the plan:

- State/School
- Local
- Police and Fireman
- Judges

To facilitate the separate (sub) actuarial valuations, KPERS maintains separate accounts to identify additions, deductions, and fiduciary net position applicable to each group. The allocation percentages presented for each group in the schedule of employer and nonemployer allocations are applied to amounts presented in the schedules of pension amounts by employer and nonemployer. The allocation percentages for each group as of June 30, 2022, are based on the ratio of the employer's contributions to total employer and nonemployer contributions of the group for the fiscal years ended June 30, 2022. The contributions used exclude contributions made for prior service, excess benefits and irregular payments. The employer allocation percentages have been rounded for presentation purposes. Therefore, use of these percentages to recalculate individual employer amounts presented in the schedules of pension amounts by employer and nonemployer may result in immaterial differences due to rounding.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2023, from the valuation report dated June 30, 2022, the District reported a liability of $69,539,421 for its proportionate share of the net pension liability. The net pension liability was measured as of December 31, 2021, which was rolled forward to June 30, 2022. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the ratio of its contributions to the total of the employer and nonemployer contributions of the group for the fiscal year ended June 30, 2022. The contributions used exclude contributions made for prior service, excess benefits and irregular payments. As of the June 30, 2022 valuation report, the District's proportion was 0.9732% percent, which was an increase of 0.0265% from its proportion measured as of June 30, 2021.

For the year ended June 30, 2023, the District recognized pension expense of $9,552,666, which includes the changes in the collective net pension liability, projected earnings on pension plan investments, and the amortization of deferred outflows of resources and deferred inflows of resources for the current period.

At June 30, 2023, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
District contributions subsequent to the measurement date	$ 7,268,119	$ -
Differences between expected and actual experience	1,541,353	30,211
Net difference between projected and actual earnings on pension plan investments	5,856,453	-
Changes in assumptions	10,689,509	-
Changes in proportion	1,713,513	212,775
Total	$ 27,068,947	$ 242,986

8. PENSION PLAN (CONT.)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (cont.)

The deferred outflows of resources related to pensions totaling $7,268,119 resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the subsequent fiscal year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30,	Amount
2023	$ 5,397,643
2024	5,022,423
2025	2,698,430
2026	6,171,699
2027	267,647
Thereafter	-
	$ 19,557,842

The aggregate deferred inflows and deferred outflows of resources as shown on the statement of net position is as follows:

Deferred outflows of pension contributions subsequent to the measuerement date	$ 7,268,119
Deferred outflows of pension amounts other than contributions as listed above	3,254,866
Deferred inflows of pension amounts as listed above	(242,986)
Aggregate deferred inflows and deferred outflows of resources	$ 10,279,999

The District contributes 100% of the contributions to the pension plan, therefore, there is no revenue recognized for the support provided by nonemployer contributing entities.

Actuarial Assumptions

The total pension liability was determined by an actuarial valuation as of December 31, 2021, which was rolled forward to June 30, 2022, using the following actuarial assumptions, applied to all periods included in the measurement:

- Price Inflation — 2.75 percent
- Salary increase — 3.50 to 12.00
- Investment rate of return — 7.00 percent compounded annually, net of investment expense, and including price inflation.

Mortality rates were based on the RP-2014 Mortality Tables, with age setbacks and age set forwards as well as other adjustments based on different membership groups. Future mortality improvements are anticipated using Scale MP-2016.

The actuarial assumptions used in the calculation of the total pension liability were based on the results of the most recent actuarial experience study. It covered the three-year period of January 1, 2016 through December 31, 2018 and was dated January 7, 2020.

The actuarial assumptions changes adopted by the Pension Plan for all groups based on the experience study:

- Investment return assumption was lowered from 7.25 percent to 7.00 percent

There were no changes between the measurement date of December 31, 2021, rolled forward to June 30, 2022, and the District's reporting date of June 30, 2023.

The long-term expected rate of return of pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class as of the most recent experience study, dated January 7, 2020, as provided by KPER's investment consultant, are summarized in the following table.

Discount Rate

The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate was based on member and employer contributions as outlined below.

In KPERS, the Local, Kansas Police and Firemen, and Judges groups are contributing at the full actuarial contribution rate. However, the State/School groups do not necessarily do so.

Based on legislation first passed in 1993, the employer contribution rates certified by KPERS Board may not increase by more than the statutory cap. Subsequent legislation in 2012 set the statutory cap at 0.90 percent for Fiscal Year 2014, 1.00 percent for Fiscal Year 2015, 1.10 percent for 2016 and 1.20 percent for Fiscal Years 2017 and beyond.

In recent years, the Legislature has made several changes to statutory rates that deviate from the scheduled contribution increases set under the statutorily capped rates.

In 2015, S.B. 4, reduced the previously certified State/School statutory rate from 11.27 percent to 8.65 percent for the last half of Fiscal Year 2015. That same session, S.B. 228 recertified statutory rates to 10.91 percent for Fiscal Year 2016 and 10.781 percent for Fiscal Year 2017 in anticipation of the issuance of $1.0 billion in pension obligation bonds.

The 2018 Legislature passed H. Sub for S.B. 109 that provided additional contributions to the school group of $56.0 million in Fiscal Year 2018 and $82.0 million in Fiscal Year 2019.

The 2019 Legislature passed S.B. 9 that provided additional contributions to the school group of $115.0 million in Fiscal Year 20109. H. Sub for S.B. 25 from the 2019 Legislative session authorized additional funding for the KPERS School group in Fiscal Year 2020 of $51.0 million.

The 2021 Legislature passed House Bill 2405, which authorizes the state of Kansas to issue bonds with net proceeds of $500 million to fund a portion of the School Group's unfunded actuarial liability, assuming certain criteria are met. As a result, the State/School contribution rate was recertified for Fiscal Years 2022 and 2023, lowering them respectively to 13.86 and 13.11 percent. The bond proceeds were received on August 26, 2021.

The 2022 Legislature passed S.B. 421, which authorized the state of Kansas to transfer $1.125 billion from the State General Fund directly to KPERS in Fiscal Years 2022 and 2023. The first $253.9 million pays off the outstanding accounts receivable for KPERS-School employer contributions withheld in Fiscal Year 2017 and Fiscal Year 2019, discussed previously, while the remaining $871.1 million is applied to the KPERS-School unfunded actuarial liability. In Fiscal Year 2022, $600.0 million was transferred to the System. S.B. 421 authorized two additional transfers totaling $271.0 million in Fiscal Year 2023 (reflected in the projected cash flows of the System).

8. PENSION PLAN (CONT.)

Discount Rate (cont.)

Based on employer contribution history as described above, it is a reasonable estimate that the State/School group's contribution rate may not be certified at the statutory rate. It has been assumed that contribution rates will be made within the same range as have been seen in the past few years, between 11 to 12 percent. Using this assumption, actuarial modeling indicates that employer contribution rates for the State/School group are sufficient to avoid a depletion date.

The statutory contribution rate for the combined State/School group first became equal to the actuarilly required rate (ARC rate) in fiscal Year 2021. Projections based on the same valuation, and an annual return on investments of 7.25 percent, indicate that the contribution rate will remain fairly stable until 2036.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents District's proportionate share of the net pension liability calculated using the discount rate of 7.00%, as well as what District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.00%) or 1-percentage point higher (8.00%) than the current rate:

1% Decrease (6.00%)	Discount rate (7.00%)	1% Increase (8.00%)
$98,307,729	$69,539,421	$45,497,440

9. OTHER POSTEMPLOYMENT HEALTHCARE BENEFITS (OPEB)

Plan Description

The Plan provides healthcare benefits, including medical and dental, to retirees and their dependents. For GASB 75 purposes, the District is considered to be participating in a single employer plan. Retiree health coverage is provided for under K.S.A. 12-5040. Employees who retire with at least 10 years of cumulative service with the District and commence retirement or disability benefits under the Kansas Public Employee Retirement System (KPERS) are eligible for benefits. District retirees pay the same premiums charged to current employees for medical and dental coverage. The rates being paid by retirees for benefits are typically lower than those for individual health insurance policies. The difference between these two amounts is the implicit rate subsidy, which is considered other post employment benefits (OPEB) under Government Accounting Standards Board Statement No. 75. Active and retirees pay 100% of the premium rates for dental insurance coverage so no employer implicit subsidy exists for the dental insurance coverage.

Retirees and spouses have the same benefit as active employees. Retiree coverage terminates either when the retiree becomes covered under another employer health plan, or when the retiree reaches the Medicare eligibility age, which is currently age 65. Spousal coverage is available until the retiree becomes covered under another employer health plan, attains Medicare eligibility age or dies.

As of January 1, 2022, plan membership consisted of the following:

Covered Employees	-
Retirees and beneficiaries receiving benefits	38
Terminated plan members entitled to but not yet receiving benefits	-
Active plan members	500
Total	538

Funding Policy

The contribution requirement of plan members and the District are established and can be amended by the Board of Education. Contributions are made to the plan on a pay-as-you-go basis. District retirees pay 100% of their healthcare premiums; the District is not required to share costs of retiree premiums.

There are no assets accumulated in a GASB compliant trust.

Annual OPEB Cost and Total OPEB Obligation

The District's annual OPEB cost (expense) consists of the service cost plus interest on total OPEB liability and changes in assumptions and inputs. The service cost is the portion of the Actuarial Present Value of OPEB benefits that is allocated to the current year by the Actuarial Cost method. The following table presents the components of the District's annual OPEB cost for the year, the amount actually contributed to the Plan, and changes in the District's total OPEB obligation to the Plan.

	June 30, 2023
Total OPEB liability - beginning of year	$ 2,490,773
Service cost	98,340
Interest cost	97,992
Changes in benefit terms	-
Differences between actual and expected experience	(105,817)
Changes in assumptions and inputs	(16,714)
Employer contributions (benefit payments)	(153,000)
Net changes	(79,199)
Total OPEB liability - end of year	$ 2,411,574

The District saw no benefit changes to the disabilitant's percentage of replacement income due to the changes from FY22 to FY23.

Changes in assumptions and other inputs reflect a change in the discount rate from 3.9 percent in 2022 to 4.0 percent in 2023.

Changes from the beginning to the end of year measurement for FY 2022-23 are noted below:

- The assumed salary scale was changed from 3.9% to 4.0%.
- The per capita costs and retiree contribution premiums were revised taking into account the January 1, 2023 renewal.

Total OPEB Liability

The District's total OPEB liability of $2,411,574 reported as of June 30, 2023, and was determined by an actuarial valuation as of January 1, 2022, using the following actuarial assumptions:

Inflation	2.50%
Salary increases	3.00%
Discount rate	4.00%
Healthcare cost trend rates	7.0 percent for 2023, decreasing .25 percent to an ultimate rate of 4.50 percent for 2033 and later years
Retirees share of benefit-related costs	6.0 percent of projected health insurance

Sensitivity of Total OPEB Liability to changes in Healthcare Cost Trend Rate

The following presents the total OPEB liability of the District as well as what the District's total OPEB liability would be if it were calculated using trend rates that are 1 percentage point lower or 1 percentage point higher than the current trend rates.

For the year ended June 30, 2023, the District recognized OPEB expense of $182,336, which includes the changes in the total OPEB liability, and the amortization of deferred outflows of resources and deferred inflows of resources for the current period.

Deferred Outflows of Resources and Deferred Inflows of Resources

At June 30, 2023, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

Under GASB 75, gains and losses which are amortized over future years are referred to as deferred inflows or gains, and deferred outflows or losses. Economic and demographic gains and losses and changes in the total OPEB liability due to changes in assumptions are recognized over a closed period equal to the average expected remaining service lives of all covered active and inactive members, determined as of the beginning of the measurement period. As of June 30, 2023, and deferred inflows and outflows of resources are as follows:

Category	Deferred outflows of resources	Deferred inflows of resources
Differences between actual and expected experience	$ 376,733	$ 308,555
Changes in assumptions	40,258	219,855
Benefit payments subsequent to the measurement date	-	-
Total	$ 416,991	$ 528,410

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized as an expense/(income) item in future years' OPEB expense as follows:

Year ended June 30:	Amount
2024	$ (13,996)
2025	(13,996)
2026	(13,996)
2027	(13,996)
2028	(13,996)
Thereafter	(41,439)
	$ (111,419)

The aggregate deferred inflows and deferred outflows of resources as shown on the statement of net position is as follows:

Deferred outflows of OPEB amounts for Healthcare plan as listed above	$ 416,991
Deferred inflows of OPEB amounts for Healthcare plan as listed above	(528,410)
Aggregate deferred inflows and deferred outflows of resources	$ (111,419)

10. OTHER POSTEMPLOYMENT BENEFIT PLAN - KPERS DEATH & DISABILITY

Plan Description

The District participates in a multiple-employer defined benefit other postemployment benefit (OPEB) plan (the plan) which is administered by the Kansas Public Employees Retirement System (KPERS). For GASB 75 purposes, the District is considered to be participating in a single employer long-term disability plan. The Plan provides long-term disability benefits and a life insurance benefit for disabled members to KPERS members, as provided by K.S.A. 74-04927. The Plan is administered through a trust held by KPERS that is funded to pay annual benefit payments. However because the trust's assets are used to pay employee benefits other than OPEB, the trust does not meet the criteria in paragraph 4 of GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions. Accordingly, the Plan is considered to be administered on a pay-as-you-go basis.

Benefits

Benefits are established by statute and may be amended by the KPERS Board of Trustees. The Plan provides long-term disability benefits equal to 60% (prior to January 1, 2006, 66 2/3 percent) of annual compensation, offset by other benefits. Members receiving long-term disability benefits also receive credit towards their KPERS retirement benefits and have their group life insurance coverage continued under the waiver of premium provision.

The monthly long-term disability benefit is 60% of the member's monthly compensation, with a minimum of $100 and a maximum of $5,000. The monthly benefit is subject to reduction by deductible sources of income, which include Social Security primary disability to retirement benefits, workers, compensation benefits, other disability benefits from any other sources by reason of employment, and earnings from any form of employment. If the disability begins before ago 60, benefits are payable while the disability continues until the member's 65th birthday or retirement date, whichever occurs first. If the disability begins after age 60, benefits are payable while the disability continues, for a period of five years or until the member retires, whichever occurs first. Benefit payments for disabilities caused or contributed to by substance abuse or non-biologically based mental illnesses are limits to the shorter of the term of the disability or 24 months per lifetime.

The death benefit paid to beneficiaries of disabled members is 150% of the greater of 1) the member's annual rate of compensation at the time of disability, or 2) the members previous 12 months of compensation at the time of the last date on payroll. If the member has been disabled for five or more years, the annual compensation or salary rate at the time of death will be indexes using the consumer price index, less one percentage point, to compute the death benefit. If a member is diagnosed as terminally ill with a life expectancy of 12 months or less, the member may be eligible to receive up to 100% of the death benefit rather than giving the benefit paid to the beneficiary. If a member retires or disability benefits end, the member may convert the group life insurance coverage to an individual insurance policy.

The District has the following employees covered by the Plan as of June 30, 2022:

Retirees and beneficiaries receiving benefits	3
Active plan members	1,124
Total	1,127

Total OPEB Liability

The District's total OPEB liability of $973,968 reported as of June 30, 2023, using the report dated June 30, 2022, was measured as of June 30, 2022 (the measurement date), and was determined by an actuarial valuation as of December 31, 2021, using the participant census as of December 31, 2021.

The total OPEB liability in the December 31, 2020 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all period included measurement, unless otherwise noted:

Inflation	2.75%
Salary increases	3.00%
Discount rate	3.54%

10. OTHER POSTEMPLOYMENT BENEFIT PLAN - KPERS DEATH & DISABILITY (CONT.)

Employer contributions (benefit payments)	(80,853)
Net changes	(112,048)
Total OPEB liability - end of year	$ 973,968

Changes in assumptions

Changes of assumptions and other inputs reflect a change in the discount rate from 2.16% to 3.54% in accordance with GASB 75.

Mortality rates used for the death benefits were based on the RP-2014 Healthy Annuitant Mortality Table for Males and Females, adjusted for generational mortality improvement using MP-2018. Mortality rates used for the disability benefits were based on the RP-2014 Disabled Life Table with generational mortality improvement using MP-2018.

The actuarial assumptions used in the June 30, 2023, valuation were based on an actuarial experience study for the period July 1, 2016 - June 30, 2018.

Sensitivity of Total OPEB Liability to changes in Healthcare Cost Trend Rate.

The following presents the total OPEB liability of the District as of June 30, 2023, calculated using the current healthcare cost trend rates as well as what the District's total OPEB liability would be if it were calculated using trend rates that are 1 percentage point lower or 1 percentage point higher than the current trend rates. The reader should note that healthcare trend rates do not affect the liabilities related to the long-term disability benefits sponsored by KPERS, but this exhibit is provided as it is a required disclosure under GASB 75.

OPEB Expense

For the year ended June 30, 2023, the District recognized OPEB expense of $138,480, which includes the changes in the total OPEB liability, and the amortization of deferred outflows of resources and deferred inflows of resources for the current period.

10. OTHER POSTEMPLOYMENT BENEFIT PLAN - KPERS DEATH & DISABILITY (CONT.)

Deferred Outflows of Resources and Deferred Inflows of Resources

Under GASB 75, gains and losses which are amortized over future years are referred to as deferred inflows or gains, and deferred outflows or losses. Economic and demographic gains and losses and changes in the total OPEB liability due to changes in assumptions are recognized over a closed period equal to the average expected remaining service lives of all covered active and inactive members, determined as of the beginning of the measurement period. As of June 30, 2022 and deferred inflows and outflows of resources are as follows:

Category	Deferred outflows of resources	Deferred inflows of resources
Differences between actual and expected experience	$ 214,603	$ 194,603
Changes in assumptions	38,528	41,028
Benefit payments subsequent to the measurement date	554,395	-
Total	$ 807,526	$ 235,631

The deferred outflows related to OPEB totaling $554,395 resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the total OPEB liability in the subsequent fiscal year. For FY2021 there was a moratorium so there were no Death and Disability insurance payments required. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized as an expense/(income) item in OPEB expense as follows:

Year ended June 30:	Amount
2023	$ 3,859
2024	3,859
2025	3,859
2026	4,426
2027	10,895
Thereafter	(9,398)
	$ 17,500

The aggregate deferred inflows and deferred outflows of resources as shown on the statement of net position is as follows:

Deferred outflows of OPEB amounts for KPERS plan as listed above	$ 807,526
Deferred inflows of OPEB amounts for KPERS plan as listed above	(235,631)
Aggregate deferred inflows and deferred outflows of resources	$ 571,895

Stabilization Agreements

Under Kansas statutes, the district is permitted to maintain a Contingency Fund. Under current statutes the ending unencumbered cash balance does not have a maximum limitation. This fund can only be spent if the District's Board passes a resolution. The ending balance for June 30, 2023, in the Contingency Fund was $4,239,917.

12. CAPITAL PROJECT AUTHORIZATIONS

The District prepares annual operating budgets for the majority of the governmental funds; however, for the capital project funds project length budgets are prepared which are based on the project authorizations by the Board of Education. At June 30, 2023, individual project authorizations compared with project expenditures from inception are as follows:

	Project authorizations	Expenditures from project inception to June 30, 2023
2020 Bond Project	$ 119,255,620	$ 119,255,620

13. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District carries commercial insurance for all risks of loss. Settled claims resulting from these risks have not materially exceeded commercial insurance coverage in any of the past three years.

14. TAX ABATEMENTS

Derby USD No. 260 participates in tax abatement agreements entered into by the City of Derby, Kansas and Sedgwick County, Kansas. Those tax abatement programs include Economic Development Exemptions which Article 11, Section 13 of the Kansas Constitution gives counties and cities the authority to exempt from ad valorem taxation all or any portion of the valuation of buildings, land or other improvements used to facilitate business expansion and new employment creation. Kansas Statutes Annotated 79-213 et. seq. establishes procedures by which the taxable value of personal property being financed by industrial revenue bonds may be wholly or partially exempt.

The tax abatements granted by the City of Derby, Kansas and Sedgwick County, Kansas applicable to tax levied by the District were approximately $3,264,475 for the year ended June 30, 2023.

15. ADVANCE REFUNDING

On March 30, 2016, the District entered into an advance refunding transaction whereby it issued $29,430,000 of General Obligation Refunding Bonds, Series 2016, with interest rates from 2.00% to 5.00%, to advance refund $28,570,000 of outstanding General Obligation Refunding and School Improvement Bonds, Series 2012 with an interest rate of 5.00%. Proceeds from the Series 2016 Bonds in the amount of $34,849,862 were placed with the District's escrow agent, to provide for the principal amount and interest to the call date, October 1, 2022, to advance refund the General Obligation Refunding and School Improvement Bonds, Series 2012 maturing on October 1, 2024 to October 1, 2031. Included in the deposit with the escrow agent was $87,000 of Series 2016 bond proceeds to pay for all costs of issuance related to the Series 2016 bonds.

The District entered into the refunding transaction for the General Obligation Refunding Bonds Series 2016 to reduce its total debt service payments over the next 17 years by $1,343,534 and to obtain an economic gain (difference between the present values of the debt service payments on the old and new debt) of $1,075,160.

On May 21, 2018, the District entered into an advance refunding transaction whereby it issued $107,775,000 of General Obligation Refunding and School Building Bonds, Series 2018-B with interest rates from 3.00% to 5.00%, to advance refund $2,000,000 of outstanding General Obligation Bonds, Series 2018-A with an interest rate of 3.25% maturing on September 1, 2019. Proceeds from the Series 2018-B bonds in the amount of $2,017, 153 were placed with the District's escrow agent to provide for the principal amount and interest to the call date of August 1, 2018 for the Series 2018-A bonds.

The District entered into the refunding transaction for the General Obligation Bonds, Series 2018-A which increased its total debt service payments over the next 5 years by $98,932 however, the District obtained an economic gain (difference between the present values of the debt service payments on the old and new debt) of $43,415.

On November 2, 2020, the District entered into an advance refunding transaction whereby it issued $13,535,000 of General Obligation Refunding Bonds, Series 2020-A, with an interest rate of 1.630%, to advance refund $12,265,000 of outstanding General Obligation Refunding and School Improvement Bonds, Series 2012 with an interest rate of 4.00%. Proceeds from the Series 2020-A Bonds in the amount of $13,380,595 were placed with the District's escrow agent, to provide for the principal amount and interest to the call date, October 1, 2022, to advance refund the General Obligation Refunding and School Improvement Bonds, Series 2012 maturing on October 1, 2020 to October 1, 2022. Included in the deposit with the escrow agent was $154,405 of Series 2020-A bond proceeds to pay for all costs of issuance related to the Series 2020-A bonds.

The District entered into the refunding transaction for the General Obligation Refunding Bonds Series 2020-A to reduce its total debt service payments over the next 12 years by $679,700 and to obtain an economic gain (difference between the present values of the debt service payments on the old and new debt) of $1,711,838.

15. ADVANCE REFUNDING (CONT.)

On November 2, 2020, the District entered into an advance refunding transaction whereby it issued $49,555,000 of General Obligation Refunding Bonds, Series 2020-B, with interest rates of .391% to 2.802%, to advance refund $38,560,000 of outstanding General Obligation Refunding and School Improvement Bonds, Series 2018 with an interest rate of 4.00%. Proceeds from the Series 2020-B Bonds in the amount of $49,010,725 were placed with the District's escrow agent, to provide for the principal amount and interest to the call date, October 1, 2022, to advance refund the General Obligation Refunding and School Improvement Bonds, Series 2018 maturing on April 1, 2021 to October 1, 2026. Included in the deposit with the escrow agent was $544,275 of Series 2020-B bond proceeds to pay for all costs of issuance related to the Series 2020-B bonds.

The District entered into the refunding transaction for the General Obligation Refunding Bonds Series 2020-B to reduce its total debt service payments over the next 22 years by $2,251,921 and to obtain an economic gain (difference between the present values of the debt service payments on the old and new debt) of $12,046,262.

16. COMMITMENTS AND CONTINGENCIES

Commitments

At June 30, 2023, the District had outstanding commitments related to building and facility improvements, architectural engineering fees and equipment acquisitions in the amount of $49,285 from the 2018 Bond Project Fund and $5,888,428 from the Capital Outlay Fund.

Grant Programs

The District participates in a number of federal and state assisted grant programs that are subject to financial and compliance audits by the grantor agencies or their designee. Accordingly, the District's compliance with applicable grant requirements and any disallowed costs resulting from such audits, if any, could become a liability of the District. It is management's opinion that any such disallowed costs will not have a material affect on the financial statements of the District at June 30, 2023.

Arbitrage

The District's general obligation bond issues are subject to the arbitrage provisions of Section 148 of the Internal Revenue Code. These provisions include the potential for rebates to the Federal Government of the earnings on the bond proceeds in excess of the yield on the bonds. The amounts of any future rebates due on the bonds have not been determined. The District does not expect that bond proceeds will be used in a manner that would cause any bond to be an "arbitrage bond" within the meaning of Code Section 148 and the regulations.

Continuing Disclosure Requirements

The Securities and Exchange Commission of the United States has adopted Rule l 5c2-12 (the Rule) in order to regulate and improve the market for securities (generally Bonds) issued by state and local governmental bodies (Governmental Issuers). The Rule directly regulates only bond underwriters (the parties that purchase bonds with a view of reselling them), but indirectly requires persons committed to support payment of Bonds (Obligated Persons) to make continuing disclosure. The Rule requires that an underwriter, prior to purchasing or selling Bonds in connection with a covered Bond offering, determine that the Governmental Issuer, has undertaken in writing to provide every nationally recognized municipal securities information repository and to the appropriate State information depository, if any, the following:

- By a specified date; annual financial and operating information for the Governmental Issuer for whom financial information or operating data is presented in the official statement (an Annual Information Filing);
- When and if available, audited financial statements for Obligated Persons (Audits); In a timely manner, notice of the occurrence of one of eleven material events (a Material Event Filing); and
- In a timely manner, notice of a failure of any person required to provide the Annual Information Filing referred to above, on or before the date specified in the continuing disclosure agreement (Notice of Failure).

The specific continuing disclosure obligation required is set forth in the District's "Omnibus Continuing Disclosure Undertaking" as adopted by the District in 2014 and included with its bond issuance documents. Those documents require the District to provide the Annual Information Filing within 180 days after the end of the District's fiscal year.

16. COMMITMENTS AND CONTINGENCIES (CONT.)

During the past five years, the District may not have made timely filings of certain event notices. The District believes this information was disseminated or available through other sources.

17. CRF AND CARES ACT FUNDING

The CARES Act also included Elementary and Secondary School Emergency Relief (ESSER) Funds for K-12 schools. The ESSER grants will provide school districts with emergency relief funds to address the impact COVID-19 has had on elementary and secondary schools. It is being allocated to the Districts in three phases, ESSER I, II, and III. The ESSER I under the Cares Act began in March 2020, the ESSER II under the CRRSA Act began in December 2020, and the ESSER III under the ARP Act began in March 2021. The District was allocated $660,593 for ESSER I, $2,642,818 for ESSER II, and $5,935,393 for ESSER III. As of June 30, 2023 the District spent all of ESSER I and ESSER II, and $2,833,891 of ESSER III.

18. SUBSEQUENT EVENTS

Management has evaluated the effects on the financial statements of subsequent events occurring through the date of this report, which is the date at which the financial statement was available to be issued.

COMBINING FINANCIAL STATEMENTS
AND
INDIVIDUAL FUND SCHEDULES

GOVERNMENTAL FUNDS

General Fund

The General Fund is used to account for all financial transactions not properly accounted for in another fund. It receives a greater variety and number of taxes and other general revenues than any other fund and these resources also finance a wider range of activities than any other fund. Under the provisions of Governmental Accounting Standards Board Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, certain funds established by statute are required to be included within the General Fund for financial reporting in accordance with generally accepted accounting principles (GAAP). Those combined funds for GAAP basis reporting are as follows:

General Fund - the fund of the District from which operating expenditures are paid and in which taxes levied, all general state aid, payments of federal funds made available under the provisions of Title I of Public Law 874 and such other moneys as provided by law are deposited.

Supplemental General Fund - used to account for revenue received and expenditures incurred related to the District's Local Option Budget (LOB). Moneys available under the LOB may be used for any purpose for which expenditures from the General Fund are authorized or may be transferred to the General Fund or any program weighted fund or categorical fund (as defined by Kansas statute) of the District.

Professional Development Fund - used to account for revenue received and expenditures incurred for teacher inservice training programs.

Summer School Fund - used to account for summer school fees collected and expenditures for summer school.

Contingency Reserve Fund - used to account for moneys transferred from the General Fund in accordance with Kansas statutes. The balance of this fund has no maximum balance limitations under current state law.

Latchkey Program Fund - used to account for moneys received for childcare provided by the District and moneys expended for such childcare.

Payroll Deductions Fund - to account for the various taxes and other elected withholdings from employees of the District.

Sales Tax Payable Fund - to account for the collection of State and local sales tax on miscellaneous taxable sales of the District, generally fund raising activities of the student activity funds.

NONMAJOR GOVERNMENTAL FUNDS

Special Revenue Funds

The primary purpose of the Special Revenue Funds is to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The following nonmajor Special Revenue Funds are reported:

Four Year Old At Risk Fund - used to account for moneys allocated specifically for programs developed for four year olds identified as at risk pupils.

Bilingual Education Fund - used to account for moneys received and expended to operate a program of bilingual education.

Virtual Education Fund - used to account for moneys received and expenses to operate a program of virtual education.

Driver Training Fund - used to account for revenue and expenditures of moneys utilized in conducting driver education within the school system.

Food Service Fund - established pursuant to state law to account for all moneys received and expended attributable to the food service program. The program is administered according to the state plan of child nutrition operations under which federal funds are rceived pursuant to federal acts relating to child nutrition. The programs are administered and meals are served on a nonprofit basis.

Parent Education Program Fund - used to account for state aid received and expenditures incurred to operate a program of education of parents in the District regarding pre-school and selected educational problems of students.

Career and Postsecondary Education Fund - used to account for revenue received and expenditures incurred for state and federal vocational aid programs and the District's efforts to increase access to advance placement classes and tests for low-income students and account for vocational programs administered in conjunction with the Carl Perkins Vocational Education Act.

Kansas Public Employees Retirement System Special Retirement Contribution Fund - used to account for the employer contributions to the Kansas Public Employees Retirement System (KPERS). These contributions are made by the State of Kansas to the District and then remitted by the District to KPERS.

Special Assessment Fund - used to account for tax moneys collected and expended to other taxing municipalities to pay the District's portion of special assessment taxes on District owned property. The fund is established and maintained in accordance with applicable state statutes.

CARES Fund - used to account for expenditures related to the COVID-19 pandemic that will be reimbursed from funds made available through the Coronavirus Aid, Relief, and Economic Security Act.

KDHE Covid Testing Grant Fund - Kansas Department of Health and Environment provided resources for schools to keep students in school by allowing close contacts to test. Money in this fund helped purchase equipment to have our own testing facility, hire an appropriate number of staff and communicate District-wide.

ESSER III CARES Fund - Money allocated through the passing of the American Rescue Plan, money is made available to school Districts to support students and staff throughout the pandemic by creating opportunities to combat learning loss, make facilities cleaner and provide training and resources for staff.

ESSER III SPED - Money allocated through the passing of the American Rescue Plan, money is made available to school Districts to support special education students and staff throughout the pandemic by creating opportunities to combat learning loss, make facilities cleaner and provide training and resources for staff.

ESSER II CARES Fund - used to account for moneys made available to school districts based upon the Title-I Allocations in each District nationwide to combat learning loss, provide support for students and staff, and ensure Districts can respond adequately to the ever-changing COVID-19 landscape.

Stemkamp Fund - used to account for a 5-day summary camp that offers hands-on STEM experiences for 3rd through 8th grade students at military-connected schools, this is an extensions of military grants the District already receives.

Athletic and Activity Fund - used to account for athletic and other activity gate receipts and the expenditures incurred related to those functions.

Americorp Grant Fund - used to account for grant moneys received through the Kansas Department of Education. This grant provides funding geared to education and training of students to prepare them for the workforce.

Kansas Beef Council Grant Fund - to account for special food service and nutrition related grants and contributions.

Title II A Fund - used to account for revenue and expenditures of programs in mathematics, science, computer learning or foreign language administered in conjunction with the Dwight D. Eisenhower Mathematics and Science Act.

Title I Fund - used to account for revenue and expenditures of programs administered in conjunction with the ESEA Chapter I (Low Income) Aid.

English Language Learners Title III Fund - used to account for revenues and expenditures related to the English Language Acquisition grant to assist children with limited English proficiency.

MV Homeless Grant Fund - Money through a competitive grant to serve kids who are considered homeless by providing extra resources to them.

Special Grants Fund - used to account for revenue and expenditures of programs administered in conjunction with non-governmental grants awarded the District.

Alcohol and Drug Prevention Grant - City of Derby Fund - used to account for the appropriation of resources from the City of Derby for alcohol and drug education programs.

Derby Education Foundation/Boeing/Derby Community Foundation Grant Fund - used to account for grant moneys received from a collaboration of supporters to provide financial literacy education for K-12 students and teachers of the District.

Preschool Block Grant - The Opportunity Project Fund - used to account for grant moneys received through The Opportunity Project (TOP) Early Learning Centers which was awarded by the Kansas Department of Children and Families to support working families and offer full and half-day learning opportunities to TOP kids through a variety of learning activities and programs.

Military Academic/Support Program Grant Fund - used to account for grant moneys received through Department of Defense Education Activity DoDEA Educational Partnership Program. The grant program specifically provides resources to military-connected local education agencies to develop and implement projects that are designed to increase academic performance based on college and career ready outcomes, support social emotional. needs of military connected students, enhance and integrate technology through instruction and student work, and promote advanced placement and expanded learning opportunities.

Title IV Fund - used to account for revenues and expenditures related to the Student Support and Academic Enrichment Program Grant to provide all students with access to a well-rounded education, improve school conditions for student learning, and improve the use of technology in order to improve the academic achievement and digital literacy for all students.

Assessed value is calculated by the appraised value times the state assessment percentage by property class. Property class assessment percentages are set by the State Constitution and cannot be adjusted by the county. Classifications of property are appraised at "market value", i.e., estimated actual value, except for Agricultural Land which is appraised at "use value". Property classes and their assessment percentages are as follows: Residential -11.5%; Vacant Lots -12.0%; Not For Profit Organizations - 12.0%; Commercial - 25.0%; Agricultural Improvements - 25.0%; Agricultural Land - 30.0%; and Other Not Elsewhere Classified - 30.0%.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Education
Unified School District 260
Derby, Kansas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, and the Kansas Municipal Audit and Accounting Guide, the financial statement of Unified School District No. 260, Kansas, (District) as of and for the year ended June 30, 2023, and the related notes to the financial statement which collectively comprise the District's basic financial statement, and have issued our report thereon dated November 28, 2023.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statement, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statement, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statement will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statement is free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statement. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards.*

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Board of Education
Unified School District 260
Derby, Kansas

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Unified School District No. 260's (the District) compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2023. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the District, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2023.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the *Kansas Municipal Audit and Accounting Guide;* the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the District's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal

control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS (CONT.)
For the Year Ended June 30, 2023

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

Note 1 - Basis of Presentation

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal grant activity of Unified School District Number 260, Derby, Kansas (the District), under programs of the federal government for the year ended June 30, 2023. The information in the Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position, changes in net position, or cash flows of the District. The Schedule is presented using a modified accrual basis of accounting, which is the same basis of accounting as the fund financial statements accompanying this schedule.

Note 2 - Summary of Significant Accounting Policies

(1) Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

(2) The District has not elected to use the 10 percent *de minimis* indirect cost rate as allowed under the Uniform Guidance.
