INDEPENDENT AUDITORS' REPORT

The Board of Trustees
Highland Community College

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the business-type activities and the discretely presented component unit of Highland Community College (the College), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the College's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the report of the other auditor, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the aggregate discretely presented component unit of the College, as of June 30, 2023, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the Highland Community College Foundation (Foundation) discretely presented component unit as of June 30, 2023, and the respective changes in financial position for the year then ended. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Foundation, is based solely on the report of the other auditor.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained *in Government Auditing Standards*, issued by the Comptroller General of the United States *(Government Auditing Standards)*; and the Kansas Municipal Audit and Accounting Guide (KMAAG). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the College and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions. The financial statements of the Foundation were not audited in accordance with *Government Auditing Standards* and KMAAG.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the College implemented Governmental Accounting Standards Board Statement No. 96, *Subscription-Based Information Technology Arrangements.* Our opinion is not modified with respect to this matter.

An Independently Owned Member, RSM US Alliance

RSM US Alliance member firms are separate and independent businesses and legal entities that are responsible for their own acts and omissions, and each are separate and independent from RSM US LLP. RSM US LLP is the U.S. member firm of RSM International, a global network of independent audit, tax, and consulting firms. Members of RSM US Alliance have access to RSM International resources through RSM US LLP but are not member firms of RSM International.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the College's ability to continue as a going concern within one year after the date that the financial statements are issued or are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the College's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the required supplementary information listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary

information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the College's basic financial statements. The schedules listed under supplementary information in the accompanying table of contents, including the schedule of expenditures of federal awards as required by Title 2 *U.S. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated January 24, 2024 on our consideration of the College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the College's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control over financial reporting and compliance.

January 24, 2024
Topeka, Kansas

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)

Introduction

This section of HCC's Basic Financial Statements and Supplementary Information presents management's discussion and analysis of the College's financial performance during the fiscal year ended June 30, 2023, and is designed to focus on current activities. Therefore, please read this MD&A in conjunction with the accompanying financial statements and footnotes. Certain comparative information between the current year and the prior year is required to be presented in the MD&A. The financial statements have been prepared in accordance with Governmental Accounting Standards Board (GASB) principles. HCC has adopted GASB statements 34 and 35 on *Basic Financial Statements – and Management's Discussion and Analysis – for Public Colleges and Universities*. The standards established by the GASB principles were used for preparation of public college financial statements that focus on aggregate operations, versus the previous standards that focus on the activity of an individual fund. The report consists of three basic financial statements that provide information on the College as a whole: the Statement of Net Position, the Statement of Revenues, Expenses, and Changes in Net Position, and the Statement of Cash Flows. Comparative data from prior year will also be discussed.

Background

HCC serves over all or parts of nine counties in Kansas with authority to levy taxes on one: Doniphan County. HCC's revenue sources for the general fund are received from the State of Kansas, students, the taxpayers of Doniphan County, and other sources.

The Kansas Board of Regents is responsible for the coordination of all 19 Kansas community colleges and for the governance and coordination of the public universities and technical schools and colleges in Kansas. A locally elected Board of Trustees, made up of six residents of Doniphan County, govern HCC.

The State of Kansas, through oversight by the Kansas Board of Regents, provides the College with an operating grant, which was historically based upon the College's full-time equivalency enrollment of Kansas residents. Other funds provided through the Kansas Board of Regents include Capital Outlay funds for technical credit courses, Technology Grant funds for student technology upgrades in the College, and Tuition Waivers for Kansas High School students participating in Postsecondary Technical Education Courses.

HCC continues to receive postsecondary aid and capital outlay funds for the technical credit courses. The revenues and the tuition and fees generated by the technical courses are received into a separate Postsecondary Technical Education fund to support the operations of the technical center in Atchison, and to provide technical course offerings at the College's other locations. The State's funding mechanism for Technical Education is also through an operating grant, which is quite similar to the operating grant provided to community colleges. The operating grant for Technical Education has also changed into a block grant format.

Economic Outlook

The COVID-19 pandemic had a negative impact on student enrollment. Students have not returned to campus as quickly as expected. HCC received federal, state and local stimulus funds in FY 2020 and 2021 which were extremely helpful in offsetting the additional costs and lower enrollment due to the pandemic.

Funding of higher education will remain limited from traditional state and federal sources. With decreasing enrollment, HCC will continue to increase its marketing to online students and also evaluate adding higher demand programs that could help turn around the trend of decreasing enrollment. HCC increased tuition and fees in FY 2023 and plans another increase in FY24.

Higher prices due to inflation have negatively impacted the College. Costs for most expense items have increased significantly which impacts expense management. The College continues to monitor expenses and limits spending.

Using This Annual Report

The financial statements focus on the College as a whole. The College's financial statements are designed to emulate corporate presentation models whereby the College activities are consolidated into one total. The focus of the Statement of Net Position is designed to be similar to bottom line results for the College. This financial statement combines and consolidates current financial resources (short-term unrestricted resources) with capital assets and long-term liabilities. The Statement of Revenues, Expenses, and Changes in Net Position focuses on operating revenue, operating expenses by function, and non-operating revenue/expenses which are supported mainly by tuition and fees, property taxes, state, federal, and other revenues. This approach is intended to summarize and simplify the user's analysis of cost related to college service to students and the public.

The remainder of the MD&A highlights the structure and contents of the primary government's financial statements. For detailed information pertaining to the Foundation (the College's discretely presented component unit), refer to the separately issued Foundation financial statements for the year ended June 30, 2023.

Comparative Analysis of Net Position – Fiscal Years 2023 and 2022

	Net Position as of June 30		Increase	Percent
	2023	2022	(Decrease)	Change
ASSETS				
Current assets	$ 1,673,214	$ 4,050,658	$ (2,377,444)	-58.7%
Capital and amortized assets	16,316,902	17,244,133	(927,231)	-5.4%
Other assets	463,086	252,269	210,817	83.6%
Total assets	18,453,202	21,547,060	(3,093,858)	-14.4%
DEFERRED OUTFLOWS OF RESOURCES				
Deferred outflows - OPEB	218,597	201,932	16,665	8%
Deferred outflows - pensions	8,661	13,125	(4,464)	-34.0%
Total deferred outflows of resources	227,258	215,057	12,201	6%
LIABILITIES				
Current liabilities	1,946,431	1,688,328	258,103	15.3%
Non-current liabilities	4,397,443	4,652,606	(255,163)	-5.5%
Total liabilities	6,343,874	6,340,934	2,940	0.0%
DEFERRED INFLOWS OF RESOURCES				
Deferred outflows - OPEB	27,594	55,734	(28,140)	-50%
Deferred outflows - pensions	267,460	285,503	(18,043)	-6%
Total deferred outflows of resources	295,054	341,237	(46,183)	-14%
NET POSITION				
Net investment in capital assets	12,065,359	12,713,322	(647,963)	-5.1%
Restricted	2,660	2,660	-	0.0%
Unrestricted	(26,487)	2,363,964	(2,390,451)	-101.1%
Total net position	$ 12,041,532	$ 15,079,946	$ (3,038,414)	-20.1%

This schedule is prepared from the college's Statement of Net Position which is presented on an accrual basis of accounting and the economic resources measurement focus whereby assets are capitalized and depreciated.

The College's total net position at June 30, 2023, decreased from $15,079,946 to $12,041,532 or 20.1%.

In fiscal year 2023, the College's total assets decreased from $21,547,060 to $18,453,202, a decrease of 14.4%.

- Current assets decreased from $4,050,658 to $1,673,214. The decrease in current assets of $2,377,444 is primarily a result of a decrease in Cash and cash equivalents compared with FY22 which is a result of the net position decrease.
    - Cash and cash equivalents decreased $2,154,944 from $3,417,714 to $1,262,770.
    - Grants and Accounts receivable decreased $220,477 from $558,981 in FY22 to $338,504 in FY23.
    - Prepaid and Inventories decreased slightly.
- Noncurrent assets (Capital and Other assets) decreased $716,614 from $17,496,602 to $16,779,988.
    - Fixed asset purchases during FY23 were $494,348. The purchases were primarily for a laundry facility and equipment.
    - Accumulated depreciation and amortization increased $1,419,142 in FY23.
    - Assets held for resale was $178,797 in FY22 compared with $414,142 in FY23. These are houses that are built by the Construction program. There is one completed house and one house that is in the construction phase. Both houses should be completed and sold in FY24.
    - Textbook inventory decreased $29,628 from $38,562 to $8,934.

Total liabilities increased $2,940 from $6,340,934 to $6,343,874.

- Current liabilities increased $258,103 from $1,688,328 to $1,946,431.
    - Accounts payable and accrued liabilities increased $115,405 from $647,178 to $762,583.
    - Unearned revenue increased $93,509 from $372,013 to $465,522.
    - Accrued compensated absences decreased $6,868 from $278,089 to $271,221.
    - Loans payable, current portion increased $4,118 from $267,311 to $271,429.
- Noncurrent liabilities decreased $255,163 from $4,652,606 to $4,397,443.
    - Net pension liability increased $7,044 from $26,254 to 33,298.
    - OPEB liability increased $68,018 from $454,339 to $522,357.
    - Loans payable, long-term portion decreased $279,576 from $3,843,689 to $3,564,113 due to loan payments and no additional financing.
    - Right of use leased assets liability decreased $96,169 for the current year payments on the lease of the copy machines.

Fiscal Years 2023 and 2022 Financial Highlights

At June 30, 2023 the College's net position decreased from $15,079,946 to $12,041,532 or a decrease of $3,038,414 or 20.1%.

	Year Ended June 30		Increase	Percent
	2023	2022	(Decrease)	Change
Operating revenues	$ 13,391,705	$ 17,091,015	$ (3,699,310)	-21.6%
Nonoperating revenues	8,308,981	8,368,293	(59,312)	-0.7%
Total revenues	21,700,686	25,459,308	(3,758,622)	-14.8%
Operating expenses	24,574,511	27,284,213	(2,709,702)	-9.9%
Nonoperating expenses	164,589	128,053	36,536	28.5%
Total expenses	24,739,100	27,412,266	(2,673,166)	-9.8%
Increase in net position	(3,038,414)	(1,952,958)	(1,085,456)	55.6%
Net position, beginning of year	15,079,946	17,032,904	(1,952,958)	-11.5%
Net position, end of year	$ 12,041,532	$ 15,079,946	$ (3,038,414)	-20.1%

- Total revenues decreased $3,758,622 from $25,459,308 to $21,700,686 or 14.8%. This is primarily a result of Federal Grants and contracts decreasing $3,313,574 due to HEERF funds ending in 2022.
- Total expenses decreased $2,673,166 from $27,412,266 to $24,739,100 or 9.8%. Overall, expenses have decreased as a result of
    - Academic Support expenses decreased $2,516,038 from $4,615,749 in FY 2022 to $2,099,711 in FY 2023. The decrease was primarily a result of $2,140,413 of HEERF student payments in FY 2022.

Fiscal Years 2023 and 2022 Comparative Statement of Cash Flows

The Statement of Cash Flows presents information on the College's sources and uses of cash. Operating activities primarily reflect receipt of tuition and fees, grants, and auxiliary enterprises. It also reflects payments to suppliers, employees and employee benefits, and payments for scholarships. Non-capital financing activities are mainly those monies received from the state operating grant, post-secondary grant aid, and from the local tax base. Cash from capital and related financing activities is cash activity from capital asset purchases and long-term debt principal payments.

Cash and cash equivalents decreased by 62.3% in fiscal year 2023. The four categories as defined by GASB are shown below:

	June 30		Increase	Percent
	2023	2022	(Decrease)	Change
Operating activities	$ (9,265,718)	$ (5,793,929)	$ (3,471,789)	59.9%
Non-capital financing activities	8,279,018	8,356,730	(77,712)	-0.9%
Capital financing activities	(957,762)	(1,712,283)	754,521	-44.1%
Investing activities	(205,382)	(46,985)	(158,397)	337.1%
Net increase (decrease)	(2,149,844)	803,533	(2,953,377)	-367.5%
Cash and cash equivalents, beginning of year	3,452,624	2,649,091	803,533	30.3%
Cash and cash equivalents, end of year	$ 1,302,780	$ 3,452,624	$ (2,149,844)	-62.3%

Fiscal Years 2023 and 2022 Comparative Debt Service Summary

The College's outstanding debt decreased $211,074 from FY22 to FY23. The decrease was primarily due to debt payments that lowered the outstanding principal balance.

	June 30		Increase	Percent
	2023	2022	(Decrease)	Change
Outstanding debt service:				
2019 Series COP's	$ 3,340,000	$ 3,515,000	$ (175,000)	-5.0%
Spring Hill Apartment loan	103,314	142,851	(39,537)	-27.7%
Winery incubator loan	64,287	78,971	(14,684)	-18.6%
Winery remodel loan	327,941	374,178	(46,237)	-12.4%
Right of use lease liability	328,324	419,811	(91,487)	-
Subscription liability	87,677	-	87,677	-
Compensated absences	271,221	278,089	(6,868)	-2.5%
Net pension liability	33,298	26,254	7,044	26.8%
Total OPEB liability	522,357	454,339	68,018	15.0%
Total outstanding debt service	$ 5,078,419	$ 5,289,493	$ (211,074)	-4.0%

Fiscal Years 2023 and 2022 Capital Asset Purchase Summary

The College decreased its capital assets purchases $716,403 from $1,210,751 in FY 2022 to $494,348 in FY 2023. Below is a summary of the major capital purchases and changes.

	June 30		Increase	Percent
	2023	2022	(Decrease)	Change
Capital asset purchases:				
Dorm remodel	$ 35,612	$ 247,410	$ (211,798)	-85.6%
Duplex and lot purchases	-	308,050	(308,050)	0.0%
Laundry Facility - CIP	273,992	117,731	156,261	0.0%
Vehicles	-	49,175	(49,175)	-100.0%
Diesel building	-	38,084	(38,084)	-100.0%
Athletic purchases	-	147,310	(147,310)	-100.0%
Computers and equipment	148,024	210,287	(62,263)	-29.6%
Leasehold improvements	36,720	92,704	(55,984)	-60.4%
Total capital asset purchases	$ 494,348	$ 1,210,751	$ (716,403)	-59.2%

Factors Bearing on the College's Future

At the time these financial statements were prepared and audited, the College has felt the negative impact of the COVID-19 pandemic for the last two years. The pandemic interrupted the normal operations of HCC and it is unclear what adverse long-term impact this will have on the College. In addition, higher inflation has increased the majority of expense line items at the college. It is unclear when this inflation will level off or start decreasing. The higher inflationary costs make expense management more difficult.

Request for Information

This financial report is designed to provide a general overview of Highland Community College's finances to all those interested in the College's accountability for the revenue it receives. Questions, concerns, or additional information regarding this report or any information contained herein should be directed to the Vice President of Finance and Operations, 606 W. Main, Highland, Kansas 66035.

1 - Summary of Significant Accounting Policies

Organization

Highland Community College (the College) was established in 1858 to provide a) college transfer and general education programs which parallel those courses usually offered during the first two years of a four-year program in the professions or liberal arts; b) occupational, vocational, and technical education programming which is designed to equip an individual with a marketable skill in two years or less; and c) continuing education programs which offer educational opportunities for personal growth, economic improvement, cultural development, and enrichment of personal and family living. For financial reporting purposes, the College is considered a special purpose government engaged only in business-type activities.

The Board of Trustees (the Board), a six-member group constituting an on-going entity, has governance responsibilities over all activities related to the College. In addition to revenues from student tuition and fees and from auxiliary enterprises of the College, the College receives funding from local, state, and federal government sources and must comply with the requirements of these funding source entities. Board members are elected by the public and have policy making authority, the power to designate management, the responsibility to significantly influence operations, and primary accountability for fiscal matters.

Financial Reporting Entity

Entities that are legally separate tax-exempt organizations are required to be reported in the College's financial statements if the resources of the affiliated organization benefit the College, the College is entitled to or can otherwise access the resources, and the resources are considered significant to the College.

Discretely Presented Component Unit. Highland Community College Foundation (the Foundation) is a legally separate tax-exempt component unit of the College. The Foundation was created to assist in the receipt, management, and distribution of economic resources to build and maintain academic and support programs for the College.

The Foundation is a nonprofit organization that reports under standards of the Financial Accounting Standards Board (FASB). As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. No modifications have been made to the Foundation's financial information in the College's financial reporting entity for these differences.

Complete financial statements for the Foundation can be obtained at the Foundation's administrative office at 606 W. Main, Highland, KS 66035.

Blended Component Unit. In January 2017, the College organized Highland Vineyards and Winery, LLC (the Company) under the laws of the State of Kansas for the purpose of operating a winery incubator program at the College. The College owns 100% of the outstanding capital stock of the Company. Although the Company is a legally separate organization, the College is financially accountable for the component unit. In addition, the Company's governing body is substantially the same as the governing body of the College. The financial statements of the Company have been included within the College's reporting entity. Separately issued financial statements for the Company are not available.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Basis of accounting refers to when revenues and expenses and the related assets, liabilities, deferred inflows and deferred outflows are recognized in the accounts and reported in the financial statements. Measurement focus refers to what is being measured. The financial statements are prepared on the accrual basis of accounting and on the economic resources measurement focus in accordance with accounting principles generally accepted in the United States of America. With this measurement focus, all assets, all liabilities, and all deferred inflows and deferred outflows are included on the statement of net position. The statement of revenues, expenses, and changes in net position presents increases (revenues) and decreases (expenses) in total net position. The statement of cash flows provides information about how the College meets the cash flow needs of its activities. All significant intra-agency transactions have been eliminated.

The College distinguishes operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing goods and services in connection with ongoing operations. The principal operating revenues of the College are student tuition and fees and sales and services of auxiliary enterprises, net of scholarship discounts and allowances. Operating expenses include the costs of providing education and auxiliary services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses. For financial reporting purposes, restricted resources are deemed to be utilized first when both restricted and unrestricted reserves are available to satisfy an expense.

Nonoperating transactions include property taxes, state and local appropriations, and other contributions. On an accrual basis, revenue from property taxes is recognized in the period for which the levy is intended to finance. Revenue from state and local appropriations and other contributions is recognized in the year in which all eligibility requirements have been satisfied.

Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted; matching requirements, in which the College must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the College on a reimbursement basis.

Pell grant receipts are classified as nonoperating revenues and any amounts applied to student receivable accounts are recorded as scholarship discounts or allowances per guidance provided in GASB No. 24, *Accounting and Financial Reporting for Certain Grants and Other Financial Assistance*.

Student tuition and fee revenues, and certain other revenues from students, are reported net of scholarship discounts and allowances in the statements of revenues, expenses, and changes in net position. Scholarship discounts and allowances are the difference between the stated charge for goods and services provided by the College, and the amount that is paid by students and/or third parties making payments on the students' behalf. Certain governmental grants, such as Pell grants, and other federal, state or nongovernmental programs, are recorded as either operating or nonoperating revenues in the College's financial statements. To the extent that revenues from such programs are used to satisfy tuition and fees and other student charges, the College has recorded a scholarship discount and allowance.

Cash and Cash Equivalents

Besides cash on hand and demand deposits in banks, the College considers all highly liquid investment instruments with an original maturity of three months or less to be cash equivalents.

Accounts Receivable and Unearned Revenues

Accounts receivable consists of tuition and fee charges to students and auxiliary enterprise services provided to students, faculty and staff, the majority of which reside in the State of Kansas. Accounts receivable are recorded net of estimated uncollectible amounts. Receivables from Federal and State governments are related to reimbursements pursuant to the College's grants and contracts with these governments. Unearned revenues include amounts received from tuition and fees and certain auxiliary enterprise activities prior to the end of the fiscal year but related to the subsequent accounting period. Unearned revenues also include amounts received from grant and contract sponsors that have not yet been earned.

Inventories

Inventories are recorded at the lower of cost or realized value, with cost determined using the first-in, first-out (FIFO) method.

Investments

The Foundation's investments are recorded at fair value based on quoted market prices. Unrealized gains and losses related to changes in fair value are reported in the Foundation's statement of activities.

Deferred Outflows of Resources/Deferred Inflows of Resources

In addition to assets and liabilities, the statement of net position reports separate sections for deferred outflows of resources and deferred inflows of resources. These separate financial statement elements, *deferred outflows and deferred inflows of resources*, represent the consumption or acquisition of net position that applies to a future period and, therefore, will *not* be recognized as an outflow or inflow of resources (expense/expenditure or revenue) until then. The College has deferred outflows and deferred inflows for pensions and other post-employment benefits (OPEB) that qualify for reporting in this category. See Notes 7 and 8 for more information on these deferred outflows and deferred inflows.

Textbooks

Textbooks are assets that are being rented to the students of the College. Textbooks are depreciated using the sum-of-the-years digits method over their estimated useful life of three years. Depreciation expense is recorded in auxiliary enterprises.

Assets Held for Resale

Assets held for resale are houses built by the Technical Center Division of the college (the Technical Center) students and sold to the public once the housing project is complete. Assets held for resale are recorded at

cost which approximates fair value. The proceeds of the sales are used to fund future housing projects. The College had $ 414,142 in assets held for resale at June 30, 2023.

Capital Assets

Capital assets include land, buildings and improvements, furniture and equipment, and vehicles. Capital assets are defined by the College as assets with an initial individual cost of more than $ 5,000 and an estimated useful life of more than one year. Such assets are recorded at historical cost or estimated historical cost. Donated capital assets are recorded at acquisition value at the date of donation.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of the asset are not capitalized. Major additions and improvements are capitalized. When assets are sold, the gain or loss on the sale is recorded as non-operating gains or losses.

The College's capital assets are depreciated using the straight-line method over the estimated useful lives of the capital assets. Land and construction in progress are not depreciated. The estimated useful lives are:

Buildings	39 - 40 years
Building improvements	5 - 20 years
Furniture and equipment	3 - 50 years
Vehicles	5 - 15 years

The Foundation values donated capital assets at the estimated fair value of the asset at the time of donation. Depreciation is calculated using the straight-line method over the estimated useful lives of the assets.

Leases

The College is a lessee for a noncancellable lease of equipment. The College recognizes a lease obligation payable and intangible right-to-use lease asset (lease asset) in the statement of net position.

At the commencement of a lease, the College initially measures the lease obligation payable at the present value of the payments expected to be made during the lease term. Subsequently, the lease obligation payable is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease obligation payable, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over its useful life.

Key estimates and judgments related to leases include how the College determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments.

- The College uses the interest rate charged by the lessor at the discount rate. When the interest rate charged by the lessor is not provided, the College generally uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancellable period of the lease. Lease payments included in the measurement of the lease obligation payable are composed of fixed payments and purchase option price that the College is reasonable certain to exercise.

The College monitors changes in circumstances that would require a remeasurement of its leases and will remeasure lease assets and obligations payable if certain changes occur that are expected to significantly affect the amount of the lease obligations payable.

Lease assets are reported with amortized assets and lease obligations payable are reported with non-current liabilities on the statement of net position.

Subscription-Based Information Technology Arrangements (SBITAs)

The College has entered into various SBITAs. The College recognizes a subscription liability and an intangible right-to-use subscription asset (subscription) in the statement of net position.

At the commencement of a subscription, the College initially measures the subscription liability at the present value of subscription payments expected to be made during the subscription term. Subsequently, the subscription liability is reduced by the principal portion of subscription payments made. The subscription asset is initially measured as the initial amount of the subscription liability, adjusted for subscription payments made before the subscription commencement date, plus capitalizable implementation costs, less any incentives received from the SBITA vendor at or before the commencement of the subscription term. Subsequently, the subscription asset is amortized on a straight-line basis over the subscription term.

Key estimates and judgments related to SBITAs include how the College determines (1) the discount rate it uses to discount the expected subscription payments to present value, (2) subscription term, and (3) subscription payments.

- The College uses the interest rate charged by the vendor as the discount rate. When the interest rate charged by the vendor is not provided, the College generally uses its estimated incremental borrowing rate as the discount rate for SBITAs.
- The subscription term includes the noncancellable period of the subscription. Subscription payments included in the measurement of the subscription liability are composed of fixed payments and certain variable payments and other payments that are reasonably certain of being required.

The College monitors changes in circumstances that would require a remeasurement of its SBITAs and will remeasure the subscription assets and liabilities if certain changes occur that are expected to significantly affect the amount of the subscription liabilities.

Subscription assets are reported with amortized assets and subscription liabilities are reported with noncurrent liabilities on the statement of net position.

Compensated Absences

The College provides paid vacation to classified personnel based on length of service on a calendar year basis. The College provides paid vacation to administrative personnel at a standard rate, regardless of years of service. A maximum of 22 days may be carried over to the following year for vacation leave. Employees are paid for accumulated vacation upon termination of employment.

The provision for and accumulation of sick leave is based upon employment classification. Only retiring professional employees are compensated for unused sick leave. The maximum amount of accrued sick leave for which a retiring employee may be compensated is 25 percent of their accrued sick leave balance but not to exceed twenty work days.

Pensions

The employer contributions for community colleges are funded by the State of Kansas on behalf of these employers for active employees. Therefore, these employers are considered to be in a special funding situation as defined by GASB Statement No. 68. The State is treated as a nonemployer contributing entity in the Kansas Public Employees Retirement System (KPERS). Since these employers do not contribute directly to KPERS for active employees, there is no net pension liability or deferred inflows or outflows to report in their financial statements for active employees. See Note 7 for disclosures regarding the State's portion of the College's total proportionate share of the collective net pension liability that is associated with the College. The College recognizes pension expense associated with the College as well as revenue in an amount equal to the State's total proportionate share of the collective pension expense associated with the College.

The College does make contributions directly to KPERS for KPERS retirees filling KPERS covered positions per K.S.A. 74-4937, known as "working after retirement" employees. The resulting proportional share of the "working after retirement" contributions and resulting net pension liability, deferred inflows of resources and deferred outflows of resources are attributable to the College. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions and pension expense, information about the fiduciary net position of KPERS and additions to/deductions from KPERS' fiduciary net position have been determined on the same basis as they are reported by KPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Net Position

Net position is classified as follows:

Net investment in capital assets – This represents the total investment in capital assets, net of accumulated depreciation and related debt.

Restricted net position – nonexpendable – This includes resources that are for endowment purposes. The corpus of the endowment is restricted by external third parties and cannot be expended.

Unrestricted net position – This includes resources derived from student tuition and fees, state and local appropriations, and sales and services of educational departments and auxiliary enterprises. These resources are used for transactions related to educational and general operations and may be used at the discretion of the governing board to meet current expenses for any purpose.

Property Taxes

The lien date for property taxes is January 1. Property taxes are levied on November 1. Property owners have the option of paying one-half or the full amount of the taxes levied on or before December 20 of the

year levied, with the balance to be paid on or before May 10 of the ensuing year. Property taxes become delinquent on December 20 of each fiscal year if the taxpayer has not remitted at least one-half of the amount due. Billing and collection is done by Doniphan County. Assessed values are established by the Doniphan County appraiser's office.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Estimates include allowances for doubtful accounts, estimated useful lives and salvage value of property, right-to-use leased assets and lease obligations payable, right-to-use subscription assets and subscription liabilities, net pension and OPEB liability, and deferred outflows and inflows related to pension and OPEB amounts.

Income Taxes

The College, as a political subdivision of the State of Kansas, is excluded from Federal income taxes under Section 115(1) of the Internal Revenue Code, as amended.

The Foundation is organized as a Kansas nonprofit corporation and has been recognized by the Internal Revenue Service (IRS) as exempt from federal income taxes under Section 501(a) of the Internal Revenue Code as described in Section 501(c)(3). The Foundation has been classified as other than a private foundation by the Internal Revenue Service.

Adoption of New Accounting Standard

During the year, the College adopted the following accounting standard:

GASB Statement No. 96, *Subscription-Based Information Technology Arrangements*, provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users. This Statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset - an intangible asset - and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. Beginning net position was not impacted by the adoption of this Statement.

Pending Governmental Accounting Standards Board Statement

The Governmental Accounting Standards Board (GASB) has issued the following statement not yet implemented by the College.

GASB Statement No. 101, *Compensated Absences,* updates the recognition and measurement guidance for compensated absences by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. The requirements of this statement are effective for periods beginning after December 15, 2023.

2 - Budgetary Information

Kansas statutes require that an annual operating budget be legally adopted for the current funds - unrestricted and plant funds. The statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

1. Preparation of the budget for the succeeding calendar year on or before August 1st.
2. Publication in local newspaper on or before August 5th of the proposed budget and notice of public hearing on the budget.
3. Public hearing on or before August 15th, but at least ten days after publication of notice of hearing.
4. Adoption of the final budget on or before August 25th.

If the College is holding a revenue neutral rate hearing, the budget timeline for adoption of the final budget has been adjusted to on or before September 20th. The College did hold a revenue neutral hearing for this year's budget.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in revenue other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication, the hearing may be held and the governing body may amend the budget at that time. There were no such budget amendments for the year ended June 30, 2023.

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds.

All legal annual operating budgets are prepared using the cash basis of accounting, modified by the recording of encumbrances. Revenues are recognized when cash is received. Expenditures include disbursements, accounts payable, and encumbrances, with disbursements being adjusted for prior year's accounts payable and encumbrances. Encumbrances are commitments by the College for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. Any unused budgeted expenditure authority lapses at year end.

Spending in funds which are not subject to the legal annual operating budget requirements is controlled by federal regulations, other statutes, or by using internal spending limits established by the Board.

3 - Cash and Investments

K.S.A. 9-1401 establishes the depositories which may be used by the College. The statute requires banks eligible to hold the College's funds have a main or branch bank in the county in which the College is located, or in an adjoining county if such institution has been designated as an official depository, and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. The College has no other policies that would further limit interest rate risk.

Credit risk. Kansas statutes limit the College's investment of idle funds to time deposits, open accounts, and certificates of deposit; repurchase agreements; U.S. government securities; notes; no-fund warrants; and the Kansas Municipal Investment Pool. All College deposits and investments are in cash and certificates of deposit at banks within the State of Kansas. The College has no investment policy that would further limit its investment choices. The Foundation is not required to follow Kansas Statutes and thus may invest in any instrument allowed by the Foundation's investment policies.

Custodial credit risk - deposits. Custodial credit risk is the risk that in the event of a bank failure, the College's deposits may not be returned to it. State statutes also require that the College's deposits in financial institutions be entirely covered by federal depository insurance or by collateral held under joint custody receipts issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka. At June 30, 2023, the College's deposits were not exposed to custodial credit risk.

Concentration of credit risk. The College's deposit policy does not place any limitations on the percentage of the College's total deposits that may be with any one issuer. State statutes place no limit on the amount the College may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405.

Fair value measurement. The Foundation categorizes their fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the assets. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

As of June 30, 2023, the Foundation's investments, other than private equities were valued with quoted prices on the active market (Level 1 input), and private equities of $ 23,258 were valued using unobservable inputs (Level 3 input).

Investments held by the Foundation consisted of the following at June 30, 2023:

	Cost	Fair Value	Unrealized Gain (Loss)
Cash and sweep balance	$ 91,104	$ 91,104	$ -
Money market funds	397,290	397,290	-
Fixed income	654,428	642,018	(12,410)
Public equities	865,072	1,055,545	190,473
Bond funds	256,214	221,467	(34,747)
Equity funds	1,853,367	1,924,592	71,225

5 - Agreement with Atchison Public Schools

The facilities and properties used by the Technical Center are owned by the Atchison Unified School District No. 409 (the District). As a result, the College entered into an agreement in 2008 with the District for use of the facilities and properties. The initial terms are for a ten-year period. At the expiration of the agreement, the parties may, at their option, extend the terms for an additional ten-year period. Under the agreement, in lieu of paying rent to the District, the College is responsible for paying insurance, maintenance, and utility costs of the facility and property during the term. Any construction or improvements to the facility remain the property of the District. The agreement has been extended through the year 2029.

6 - Long-Term Debt

2019 Series Certificates of Participation (COP) – Direct Borrowing

In fiscal year 2020, the College issued 2019 Series COPs with Security Bank in the amount of $ 3,835,000 to fund the new Diesel Technology Center in Atchison, Kansas and to pay off the loan and capital lease at Kansas State Bank. The COPs are due in annual installments ranging from $ 175,000 - $ 340,000 and bear interest at a variable rate ranging from 1.65% - 2.65%. The COPs are collateralized by a security interest in the diesel building. Final maturity of the COPs is February 2036. The total amount due from the College to Security Bank of Kansas City is $ 3,340,000 as of June 30, 2023.

Future payments required under the COPs are as follows:

Year Ending June 30,	Principal	Interest	Total
2024	$ 175,000	$ 75,650	$ 250,650
2025	180,000	72,500	252,500
2026	185,000	69,260	254,260
2027	190,000	65,745	255,745
2028	210,000	62,135	272,135
2029-2033	1,410,000	232,363	1,642,363
2034-2036	990,000	52,350	1,042,350
	$ 3,340,000	$ 630,003	$ 3,970,003

Spring Hill Apartments Loan – Direct Borrowing

On May 29, 2020, the College entered into a loan agreement with the Foundation to purchase Spring Hill Apartments in the amount of $ 195,000. The loan is due in quarterly installments of $ 9,179 beginning October 2020 through July 2026 and bears interest at 4.00%. The total amount due from the College to the Foundation is $ 103,314 as of June 30, 2023.

Future payments required under the Spring Hill Apartments loan are as follows:

Year Ending June 30,	Principal	Interest	Total
2024	$ 32,749	$ 3,968	$ 36,717
2025	34,079	2,638	36,717
2026	35,463	1,255	36,718
2027	1,023	91	1,114
	$ 103,314	$ 7,952	$ 111,266

Winery Incubator Loan Payable – Direct Borrowing

In November 2016, the College entered into a loan agreement for $ 145,000 with the Bank of the Flint Hills for the purchase of a winery. The loan is due in annual installments of $ 17,545 and bears interest at 3.625%. The final maturity of the note is November 1, 2026. The loan is collateralized by a security interest in equipment.

Future payments required under the winery incubator loan are as follows:

Year Ending June 30,	Principal	Interest	Total
2024	$ 15,216	$ 2,329	$ 17,545
2025	15,767	1,778	17,545
2026	16,339	1,206	17,545
2027	16,965	580	17,545
	$ 64,287	$ 5,893	$ 70,180

Winery Remodel Loan Payable – Direct Borrowing

On June 21, 2019, the College entered into a loan agreement with the Bank of the Flint Hills for remodeling the winery purchased in 2016. The loan is due in annual installments of $ 64,946 and bears interest at 5.000%. The final maturity of the note is June 21, 2029. The loan is collateralized by a security agreement dated October 11, 2018.

Future payments required under the winery remodel loan are as follows:

Year Ending June 30,	Principal	Interest	Total
2024	$ 48,464	$ 16,482	$ 64,946
2025	50,887	14,059	64,946
2026	53,431	11,515	64,946
2027	56,103	8,843	64,946
2028	58,908	6,038	64,946
2029	60,148	3,093	63,241
	$ 327,941	$ 60,030	$ 387,971

Lease Obligation Payable

In September 2021, the College entered into a 60-month lease as lessee for the use of copiers. An initial obligation payable was recorded in the amount of $ 487,514. Monthly payments of $ 9,200 are made at an interest rate of 5.00%. The value of the right of use asset at June 30, 2023 was $ 487,514 with accumulated amortization of $ 170,625. Remaining lease term is 3.42 years.

The future minimum lease payments for lease obligations payable of the College are as follows:

Year Ending June 30,	Principal	Interest	Total
2024	$ 96,169	$ 14,231	$ 110,400
2025	101,089	9,311	110,400
2026	106,261	4,139	110,400
2027	24,805	2,495	27,300
	$ 328,324	$ 30,176	$ 358,500

Subscription Liability

The College entered into a 36 month subscription for the use of Canvas software. The initial subscription liability was recorded at $129,779. As of June 30, 2023 the value of the subscription liability is $ 87,677. The College is required to make annual fixed payments of $ 42,389. The subscription has an interest rate of 2.656%. The value of the right-to-use asset as of June 30, 2023 is $ 129,779 with accumulated amortization of $ 21,630.

The future minimum lease payments for lease obligations of the College are as follows:

Year Ending June 30,	Principal	Interest	Total
2024	$ 42,157	$ 2,357	$ 44,514
2025	45,520	1,224	46,744
	$ 87,677	$ 3,581	$ 91,258

The College has entered into various SBITAs where the subscription liability has been paid off before year end with unamortized assets remaining. The details of these arrangements are as follows:

The College entered into a 36 month subscription for the use of AssetBots software. An initial subscription liability was recorded in the amount of $ 2,943. The value of the right-to-use asset as of June 30, 2023 is $ 2,943 with accumulated amortization of $ 164.

The College entered into a 36 month subscription for the use of KenRen software. An initial subscription liability was recorded in the amount of $ 841. The value of the right-to-use asset as of June 30, 2023 is $ 841 with accumulated amortization of $ 299.

Changes in Long-Term Debt

Current fiscal year transactions are summarized as follows:

	Balance, July 1, 2022	Additions	Reductions	Balance, June 30, 2023	Due Within One Year
Direct borrowing:					
2019 Series COPs	$ 3,515,000	$ -	$ 175,000	$ 3,340,000	$ 175,000

Winery incubator loan	78,971	-	14,684	64,287	15,216
Winery remodel loan	374,178	-	46,237	327,941	48,464
Lease obligation payable	419,811	-	91,487	328,324	96,169
Subscription liability	-	133,563	45,886	87,677	42,157
Compensated absences	278,089	271,221	278,089	271,221	271,221
Net pension liability	26,254	7,044	-	33,298	-
Total OPEB liability	454,339	68,018	-	522,357	-
	$ 5,289,493	$ 479,846	$ 690,920	$ 5,078,419	$ 680,976

7 - Defined Benefit Pension Plan

General Information about the Pension Plan

Description of Pension Plan. The College participates in the Kansas Public Employees Retirement System (KPERS), a cost-sharing multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, et. seq. Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and required supplementary information. KPERS financial statements are included in its Annual Comprehensive Financial Report which can be found on the KPERS website at www.kpers.org or by writing to KPERS (611 South Kansas, Suite 100, Topeka, KS 66603) or by calling 1-888-275-5737.

Benefits Provided. KPERS provides retirement benefits, life insurance, disability income benefits, and death benefits. Benefits are established by statute and may only be changed by the Legislature. Members (except Police and Firemen) with ten or more years of credited service may retire as early as age 55, with an actuarially reduced monthly benefit. Normal retirement is at age 65, age 62 with ten years of credited service or whenever a member's combined age and years of credited service equal 85 "points."

Monthly retirement benefits are based on a statutory formula that includes final average salary and years of service. When ending employment, members may withdraw their contributions from their individual accounts, including interest. Members who withdraw their accumulated contributions lose all rights and privileges of membership. The accumulated contributions and interest are deposited into and disbursed from the membership accumulated reserve fund as established by K.S.A. 74-4922.

Members choose one of seven payment options for their monthly retirement benefits. At retirement a member may receive a lump-sum payment of up to 50% of the actuarial present value of the member's lifetime benefit. Their monthly retirement benefit is then permanently reduced based on the amount of the lump sum. Benefit increases, including ad hoc post-retirement benefit increases, must be passed into law by the Kansas Legislature. Benefit increases are under the authority of the Legislature and the Governor of the State of Kansas. The retirement benefits are disbursed from the retirement benefit payment reserve fund as established by K.S.A. 74-4922.

The 2012 Legislature made changes affecting new hires, current members and employers. A new KPERS 3 cash balance retirement plan for new hires starting January 1, 2015 was created. Normal retirement age for KPERS 3 is 65 with five years of service or 60 with 30 years of service. Early retirement is available at age 55 with ten years of service, with a reduced benefit. Monthly benefit options are an annuity benefit based on the account balance at retirement.

Contributions. K.S.A. 74-4919 and K.S.A. 74-49,210 establish the KPERS member-employee contribution rates. KPERS has multiple benefit structures and contribution rates depending on whether the employee is a KPERS 1, KPERS 2, or KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009. KPERS 2 members were first employed in a covered position on or after July 1, 2009. KPERS 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas law established the KPERS member-employee contribution rate at 6% of covered salary for KPERS 1, KPERS 2, and KPERS 3 members. Member contributions are withheld by their employer and paid to KPERS according to the provisions of Section 414(h) of the Internal Revenue Code.

With the exception of contributions made by the College directly to KPERS for KPERS retirees filling KPERS covered positions under K.S.A. 74-4937 (known as "working after retirement" employees), employer contributions for the College's active employees are funded by the State of Kansas on behalf of the employer. Therefore, the College is considered to be a special funding situation as defined by GASB 68, *Accounting and Financial Reporting for Pensions*. State law provides that the contribution rates paid by the State on behalf of the College be determined based on the results of each annual actuarial valuation. KPERS is funded on an actuarial reserve basis. The statutory contribution rate was 13.11% for the fiscal year ended June 30, 2023.

Although KPERS administers one cost-sharing multiple-employer defined benefit pension plan, separate actuarial valuations are prepared to determine the actuarial determined contribution rate by group. To facilitate the separate actuarial valuations, KPERS maintains separate accounts to identify additions, deductions, and fiduciary net position applicable to each group. The allocation percentages presented for each group in the schedule of employer and nonemployer allocations are applied to amounts presented in the schedules of pension amounts by employer and nonemployer.

The individual employer allocation percentages for the pension amounts were based on the ratio of the employer and nonemployer contributions for the individual employer in relation to the total of all employer and nonemployer contributions of the group.

The State of Kansas contributed $ 1,250,000 directly to KPERS on behalf of the College for the year ended June 30, 2023. The payments made by the State of Kansas on behalf of the College have been recorded as both revenues and expenses in the Statements of Revenues, Expenses and Changes in Net Position.

Net Pension Liability

The College makes contributions directly to KPERS for KPERS retirees filling KPERS covered positions per K.S.A. 74-4937. During the year ended June 30, 2023, there were contributions of $ 3,265 made to KPERS for these employees. The College reported a liability for its proportionate share of the net pension liability related to these employees of $ 33,298 at June 30, 2023.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2023, the College reported a liability for its proportionate share of the KPERS collective net pension liability that reflected a reduction for State pension support provided to the College. The amount recognized by the College as its proportionate share of the collective net pension liability, the related state support, and the total portion of the collective net pension liability that was associated with the College were as follows:

College's proportionate share of the collective net pension liability	$	33,298
State's proportionate share of the collective net pension liability associated with the College		12,265,521
Total	$	12,298,819

The collective net pension liability was measured by KPERS as of June 30, 2022, and the total pension liability used to calculate the collective net pension liability was determined by an actuarial valuation as of December 31, 2021, which was rolled forward to June 30, 2022. The College's proportion of the collective net pension liability was first based on the ratio of the total actual contributions made for the College (including on-behalf contributions from the State and contributions paid by the College) to KPERS, relative to the total employer and nonemployer contributions of the State/School subgroup with KPERS for the fiscal year ended June 30, 2022. The resulting proportion was then allocated to the College based on the ratio of the College's actual contributions paid directly to KPERS for "working after retirement" employees relative to the total employer and nonemployer contributions of the College for the fiscal year ended June 30, 2022. As of the measurement date of June 30, 2022, the College's "working after retirement" contributions were 0.000466% of total employer and non-employer contribution of the State/School subgroup with KPERS.

At June 30, 2023, the College reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	$ 738	$ 14
Net difference between projected and actual earnings on pension plan investments	2,805	-
Changes in proportionate share	-	27,580
Changes in assumptions	5,118	-
Total	$ 8,661	$ 27,594

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30	Deferred Outflows (Inflows) of Resources
2024	$ (14,685)
2025	(7,188)
2026	41
2027	2,792
2028	107
	$ (18,933)

Actuarial assumptions. The total pension liability for KPERS in the December 31, 2021 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Price inflation	2.75 percent
Salary increases, including price inflation	3.50 - 12.00 percent, including inflation
Long-term rate of return, net of investment expense, including price inflation	7.00 percent compounded annually

Mortality rates were based on the RP-2014 Mortality Tables with age setbacks and age set forwards as well as other adjustments based on different membership groups. Future mortality improvements are anticipated based on Scale MP-2016.

The actuarial assumptions used in the valuation are based on the results of the most recent actuarial experience study, which covered the three-year period of January 1, 2016 through December 31, 2018. The experience study report is dated January 7, 2020.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocations as of the most recent experience study, dated January 7, 2020 are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
U.S. Equities	23.50%	5.20%
Non-U.S. Equities	23.50%	6.40%
Alternatives	8.00%	9.50%
Real Estate	11.00%	4.45%
Yield Driven	8.00%	4.70%
Real Return	11.00%	3.25%
Fixed Income	11.00%	1.55%
Short-Term Investments	4.00%	0.25%
Total	100.00%	

Discount rate. The discount rate used by KPERS to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the contractually required rate. The State/School subgroup of employers does not necessarily contribute the full actuarial determined rate. Based on legislation passed in 1993 and subsequent legislation, the employer contribution rates certified by the KPERS Board of Trustees for this group may

not increase by more than the statutory cap. The statutory cap increase over prior year contribution rate is 1.2 percent of total payroll.

Sensitivity of the College's proportionate share of the collective net pension liability to changes in the discount rate. The following presents the College's proportionate share of the net pension liability calculated using the discount rate of 7.00%, as well as what the College's proportionate share of the collective net pension liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate:

	1% Decrease (6.00%)	Current Discount Rate (7.00%)	1% Increase (8.00%)
College's proportionate share of the net pension liability allocated to the College	$ 47,073	$ 33,298	$ 21,786

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued KPERS financial report.

8 - Other Postemployment Healthcare Benefits

Description. The College offers postemployment health and dental insurance to retired employees. The benefits are provided through fully insured contracts that collectively operate as a single-employer defined benefit postemployment healthcare plan administered by the College. Kansas statutes provide that postemployment healthcare benefits be extended to retired employees who have met age and/or service eligibility requirements until the individuals become eligible for Medicare coverage at age 65. The health and dental insurance benefit provides the same coverage for retirees and their dependents as for active employees and their dependents. The benefit is available for selection at retirement and is extended to retirees and their dependents until the individuals become eligible for Medicare at age 65. A retiring employee who waives continuing participation in the College's health insurance program at the time of retirement is not eligible to participate at a later date. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement 75. The plan does not issue a stand-alone financial report.

Funding Policy. The College provides health and dental insurance benefits to retirees and their dependents in accordance with Kansas law (K.S.A. 12-5040). Kansas statutes, which may be amended by the state legislature, establish that participating retirees may be required to contribute to the employee group health benefits plan, including administrative costs at an amount not to exceed 125 percent of the premium cost for other similarly situated employees.

The College requires participating retirees to contribute 100 percent of the blended premium cost of active employees to maintain coverage.

The College appropriates funds annually for the costs associated with this retirement benefit and provides funding for expenditures on a pay-as-you-go basis through the College's general operating fund.

Employees covered by benefit terms. At June 30, 2023, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries current receiving benefit payments	3
Active plan members	176
	179

Total OPEB Liability

The College's total OPEB liability of $ 522,357 was measured as of June 30, 2023 and was determined by an actuarial valuation as of October 1, 2021.

Actuarial assumptions and other inputs. The total OPEB liability in the October 1, 2021 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified.

Discount rate	3.9 percent beginning of year 4.0 percent end of year
Salary increases	2.0 percent per year
Healthcare cost trend rates	Actual trend applied to 2021 renewals, decreasing 0.25 percent per year to an ultimate rate of 4.75 percent after 8 years.
Retirees' share of benefit-related costs	Retirees are responsible for the full premium rates up to 100% of the premium.
Actuarial cost method	Entry Age Normal – Level Percent-of-Pay

The discount rate was based on the average of the S&P Municipal Bond 20-Year High Grade Rate Index and Fidelity GO AA-20 Year published yields.

Mortality rates were based on the Society of Actuaries Pub-2010 Public Retirement Plans Headcount-Weighted for mortality table with Scale MP-2021 Full Generational Improvement.

The actuarial assumptions used in the June 30, 2023 valuation were based on the results of an actuarial valuation performed as of October 1, 2021 using the participant census as of October 1, 2021.

Changes in the Total OPEB Liability

	Total OPEB Liability
Balance at June 30, 2022	$ 454,339
Changes for the year:	
Service cost	31,392
Interest	18,690
Differences between expected and actual experience	(4,629)
Changes in assumptions or other inputs	35,565
Benefit payments	(13,000)
Net changes	68,018
Balance at June 30, 2023	$ 522,357

Sensitivity of the total OPEB liability to changes in the discount rate. The following presents the total OPEB liability of the College, as well as what the College's total OPEB liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current discount rate:

	1% Decrease (3.0%)	Discount Rate (4.0%)	1% Increase (5.0%)
Total OPEB liability	$ 570,618	$ 522,357	$ 478,443

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates. The following presents the total OPEB liability of the College, as well as what the College's total OPEB liability would be if it were calculated using healthcare cost trend rates that are one percentage point lower to one percentage point higher than the current healthcare cost trend rates:

	1% Decrease	Current Healthcare Cost Trend	1% Increase
Total OPEB liability	$ 457,339	$ 522,357	$ 600,330

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2023, the College recognized OPEB expense of $ 46,310. At June 30, 2023, the College reported deferred outflows and inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	$ 74,659	$ 187,143
Changes in assumptions	143,938	80,317
Total	$ 218,597	$ 267,460

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ended June 30,	
2024	$ (3,772)
2025	(3,772)
2026	(3,772)
2027	(3,772)
2028	(3,772)
Thereafter	(30,003)
	$ (48,863)

9 - Other Postemployment Benefit Plan

Plan Description

The College participates in a multiple-employer defined benefit other postemployment benefit (OPEB) plan (the Plan) which is administered by the Kansas Public Employees Retirement System (KPERS). The Plan provides long-term disability benefits and a life insurance benefit for disabled members to KPERS members, as provided by K.S.A. 74-04927. The Plan is administered through a trust held by KPERS that is funded to pay annual benefit payments. However, because the trust's assets are used to pay employee benefits other than OPEB, the trust does not meet the criteria in paragraph 4 of GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. Accordingly, the Plan is considered to be administered on a pay-as-you-go basis.

Contributions

Employer contributions are established and may be amended by state statute. Members are not required to contribute. There were no employer contributions paid for benefits during the fiscal year ended June 30, 2023.

Special Funding Situation

The employer contributions for the College, as defined in K.S.A. 74-4931 (2) and (3), are made by the State of Kansas on behalf of the College. Therefore, the College is considered to be in a special funding situation. Accordingly, the State is required to recognize the total OPEB liability, deferred outflows of resources, deferred inflows of resources and expense for the OPEB plan attributable to the College. The College records revenue and OPEB expense in an amount equal to the expense recognized by the State on behalf of the College.

Benefits

Benefits are established by statute and may be amended by the KPERS Board of Trustees. The Plan provides long-term disability benefits equal to 60 percent (prior to January 1, 2006, 66 2/3 percent) of annual compensation, offset by other benefits. Members receiving long-term disability benefits also receive credit towards their KPERS retirement benefits and have their group life insurance coverage continued under the waiver of premium provision.

The monthly long-term disability benefit is 60 percent of the member's monthly compensation, with a minimum of $ 100 and a maximum of $ 5,000. The monthly benefit is subject to reduction by deductible sources of income, which include Social Security primary disability or retirement benefits, workers compensation benefits, other disability benefits from any other sources by reason of employment, and earnings from any form of employment. If the disability begins before age 60, benefits are payable while the disability continues until the member's 65th birthday or retirement date, whichever occurs first. If the disability begins after age 60, benefits are payable while the disability continues, for a period of five years or until the member retires, whichever occurs first. Benefit payments for disabilities caused or contributed to by substance abuse or non-biologically based mental illnesses are limited to the shorter of the term of the disability or 24 months per lifetime.

The death benefit paid to beneficiaries of disabled members is 150% of the greater of 1) the member's annual rate of compensation at the time of disability, or 2) the members previous 12 months of compensation at the time of the last date on payroll. If the member has been disabled for five or more years, the annual compensation or salary rate at the time of death will be indexed using the consumer price index, less one percentage point, to compute the death benefit. If a member is diagnosed as terminally ill with a life expectancy of 12 months or less, the member may be eligible to receive up to 100% of the death benefit rather than having the benefit paid to the beneficiary. If a member retires or disability benefits end, the member may convert the group life insurance coverage to an individual insurance policy.

Covered Employees

The College has the following employees covered by the Plan as of December 31, 2021:

Active employees	185
Total	185

Total OPEB Liability

At June 30, 2023, the total OPEB liability recognized by the State of Kansas that was attributable to the College was $ 88,691.

Actuarial Assumptions

The total OPEB liability was determined by an actuarial valuation as of December 31, 2021, which was rolled forward to the measurement date of June 30, 2022, using the following actuarial assumptions:

Price inflation	2.75 percent
Wage inflation	2.75 percent
Salary increases, including wage increases	3.5 percent
Discount rate (based on 20-year municipal bond rate with an Average rating of AA/Aa or higher, obtained from the Bond Buyer General Obligation 20-Bond Municipal index)	3.54 percent

Mortality rates used for the death benefits were based on the RP-2014 Healthy Annuitant Mortality Table for Males and Females, adjusted for generational mortality improvement using MP-2021. Mortality rates used for the disability benefits are included in long-term disability claim termination rates.

The actuarial assumptions used in the June 30, 2022 valuation were based on the results of an actuarial experience study conducted for the period January 1, 2016 through December 31, 2018.

10 - Transactions with the Foundation

The Foundation uses College employees to perform Foundation operations. The Foundation reimburses the College for a portion of the executive director's salary and all of the bookkeeper's salary. All payroll and withholding activities for these employees are performed by the College. The amounts paid to the College for salaries and benefits during the year ended June 30, 2023 were approximately $ 97,800.

For the year ended June 30, 2023, the College received total contributions of approximately $ 388,000 from the Foundation for project improvements on campus.

11 - Net Assets with Donor Restrictions - Foundation

The Foundation holds net assets with donor restrictions for the following purposes at June 30, 2023:

Subject to expenditure for specified purpose:		
Donor-restricted contributions	$	2,426,620
Subject to restriction in perpetuity:		
Donor-restricted contributions		2,701,628
Net investment in property and equipment		662,920
Total net assets with donor restrictions	$	5,791,168

Investment earnings on net assets with donor restrictions are considered to be available either for net assets with donor restrictions or without donor restrictions. During the year ended June 30, 2023, $ 591,727 of net assets with donor restrictions were released from restriction for the purpose of scholarships or property expenses. This includes money paid out of net assets with donor restrictions for scholarships awarded to students through the College, as well as investment expenses incurred as a result of the activity in the investment accounts that the Foundation holds.

The Foundation has adopted investment and spending policies approved by the Foundation's Board of Trustees for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of these endowment assets over the long-term. The Foundation's spending and investment policies work together to achieve this objective. The investment policy establishes an achievable return objective through diversification of asset classes.

12 - Commitments and Contingencies

The College is a party to various claims arising in the ordinary course of business. While the results of litigation and claims cannot be predicted with certainty, based on advice of counsel and considering insurance coverage, management believes that the final outcome of such matters will not have a material effect on the College's financial position.

The College participates in a number of federal and state assisted grant programs that are subject to financial and compliance audits by the grantor agencies or their designees. Accordingly, the College's compliance with applicable grant requirements and any disallowed costs resulting from such audits, if any, could become a liability of the College. It is management's opinion that any such disallowed costs will not have a material effect on the financial statements of the College at June 30, 2023.

13 - Risks and Uncertainties

The College is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by commercial insurance purchased from independent third parties. There has been no significant change in insurance

coverage from the previous fiscal year. Settled claims from these risks have not exceeded commercial insurance coverage for the past two years.

14 - Tax Abatements

Doniphan County considers certain properties to be subject to economic development exemptions or neighborhood revitalization rebates for the purpose of attracting and improving businesses within its jurisdiction. For the year ended June 30, 2023 abated property taxes that impacted the College totaled approximately $ 181,459.

15 - Excess of Expenditures Over Appropriations

Expenditures for the College exceeded the available budget in the Postsecondary Technical Education fund, the Adult Education fund, and the Auxiliary Enterprise fund. This was the result of miscellaneous revenues received and spent over the amount budgeted.

16 - Subsequent Event

The College has evaluated subsequent events through the date of the independent auditors' report, which is the date the financial statements are available to be issued.

HIGHLAND COMMUNITY COLLEGE
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
June 30, 2023

1 - Basis of Presentation

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of Highland Community College (the College) under programs of the federal government for the year ended June 30, 2023. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the College, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the College.

2 - Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. The College has not elected to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

3 - Guaranteed Student Loans

Guaranteed student loans, including subsidized and unsubsidized direct student loans, are presented on the basis of the amount of loans awarded and are made by the Secretary of Education rather than by the College. Due to this program being a transaction between the student and the loan origination center, these loans are not recorded in the College's financial statements. Due to the College's responsibility for determining eligibility and administering the loans, they have been included in the schedule of expenditures of federal awards.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

The Board of Trustees
Highland Community College:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities and the discretely presented component unit of Highland Community College (the College) as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the College's basic financial statements, and have issued our report thereon dated January 24, 2024. Our report includes a reference to other auditors who audited the financial statements of Highland Community College Foundation (the Foundation), as described in our report on the College's financial statements. The financial statements of the Foundation were not audited in accordance with *Government Auditing Standards*, and accordingly, this report does not include reporting on internal control over financial reporting or instances of reportable noncompliance associated with the Foundation.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the College's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we do not express an opinion on the effectiveness of the College's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the College's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

An Independently Owned Member, RSM US Alliance

RSM US Alliance member firms are separate and independent businesses and legal entities that are responsible for their own acts and omissions, and each are separate and independent from RSM US LLP. RSM US LLP is the U.S. member firm of RSM International, a global network of independent audit, tax, and consulting firms. Members of RSM US Alliance have access to RSM International resources through RSM US LLP but are not member firms of RSM International.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the College's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the College's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE

The Board of Trustees
Highland Community College

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Highland Community College's (the College) compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on the College's major federal program for the year ended June 30, 2023. The College's major federal program is identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, the College complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2023.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the College and meet our ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for the major federal program. Our audit does not provide a legal determination of the College's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the College's federal programs.

An Independently Owned Member, RSM US Alliance

RSM US Alliance member firms are separate and independent businesses and legal entities that are responsible for their own acts and omissions, and each are separate and independent from RSM US LLP. RSM US LLP is the U.S. member firm of RSM International, a global network of independent audit, tax, and consulting firms. Members of RSM US Alliance have access to RSM International resources through RSM US LLP but are not member firms of RSM International.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the College's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect a material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the College's compliance with the requirements of the major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.

- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the College's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.

- obtain an understanding of the College's internal control over compliance relevant to the audit in order to design audit procedures that appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
