## INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and Members  
of the City Council  
City of Fairway, Kansas

### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the City of Fairway, Kansas (the City), as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the accompanying table of contents.

### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### *Auditor's Responsibility*

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### *Opinions*

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the City of Fairway, Kansas, as of December 31, 2020, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the required supplementary information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining and individual fund financial statements and schedules as listed in the accompanying table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Kansas City, Missouri  
June 14, 2021

## MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of the City of Fairway's (the City) financial statements provides a narrative overview and analysis of the City's financial activities for the fiscal year ended December 31, 2020. This discussion follows guidelines prescribed by the Governmental Accounting Standards Board (GASB) Statement 34, which enhances comparability between governments. The information presented here should be read in conjunction with the accompanying basic financial statements and the notes to those basic financial statements.

### FINANCIAL HIGHLIGHTS

- The assets and deferred outflows of resources of the City exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$10,117,291 (net position).
- The City's total net position increased during this fiscal year by \$1,215,523, and the City's unrestricted portion increased by \$553,328. Much of the increase in net position is due to a donation of land for the Kathryn Lyon Flora Park.
- At the close of 2020, the City's governmental funds reported combined ending fund balances of \$3,178,739, an increase of \$855,975 over the prior year. A great portion of this increase is due to the increase in the Capital Projects Fund as a result of delaying capital projects in response to the pandemic.
- At the close of 2020, the available fund balance for the General Fund was \$911,993, a decrease of \$99,152 over the prior year. This change is mainly due to increased transfers to the Capital Projects and Equipment Reserve funds.

### OVERVIEW OF THE FINANCIAL STATEMENTS

Management's Discussion and Analysis is intended to serve as an introduction to the City's basic financial statements, which include three components: 1) Government-wide financial statements, 2) Fund financial statements and 3) Notes to the basic financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

#### **Government-Wide Financial Statements**

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business. These statements use the accrual basis of accounting, which means that the current year's revenues and expenses are recorded as they are earned or incurred, regardless of when cash is received or paid.

The *Statement of Net Position* presents information on all of the City's assets, liabilities and deferred inflows/outflows of resources with the difference between the two reported as net position. These statements include infrastructure assets as well as all known liabilities, including long-term debt. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating. The *Statement of Activities* provides information detailing *how* the City's net position changed during 2020.

#### **Fund Financial Statements**

A fund is a grouping of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. The City uses fund accounting to demonstrate compliance with legal requirements, such as state statutes or bond covenants. There are three types of funds: governmental, proprietary, and fiduciary. All of the City's funds are classified as governmental funds. Fund accounting focuses on 1) cash flow and how financial assets can readily be converted to available resources, and 2) the balances left at the end of the fiscal year for future spending. The focus

is on the budgetary, short-term financial picture of the reported operations rather than on the longer-term economic picture of the City as a whole.

Governmental funds are reported using the *modified accrual* basis of accounting, which measures cash and other financial assets that can readily be converted to cash. Under this basis of accounting, revenues are recognized when they become measurable and available, and expenditures are generally recognized when the related fund liability is incurred. Such information may be useful in determining what financial resources are available in the near future to finance the City's programs.

Therefore, both the government-wide and fund financial statements present different useful aspects of the City's financial picture. They are designed to be compared and interpreted together. The reconciliations at the end of the fund financial statements detail the relationship and differences between the two types of financial statements.

### **Notes to the Basic Financial Statements**

The notes to the basic financial statements are an integral part of the basic financial statements. They provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

### **Other Supplementary Information**

Required budgetary data related to the General Fund, pension and postemployment related schedules, combining statements for non-major governmental funds and fund budgetary schedules are presented immediately following the notes to the basic financial statements.

## **GOVERNMENT-WIDE FINANCIAL ANALYSIS**

Condensed Statement of Net Position		
	Governmental Activities	
	2020	2019
Current and other assets	\$ 5,663,027	\$ 4,506,095
Capital assets	17,987,870	18,275,868
Total assets	23,641,897	22,781,963
Deferred outflows of resources	746,682	565,195
Long-term liabilities	11,443,407	11,905,462
Other liabilities	372,185	225,674
Total liabilities	11,815,592	12,131,136
Total deferred inflows of resources	2,455,696	2,314,254
Net position:		
Net investment in capital assets	9,115,359	8,643,715
Restricted	551,438	360,887
Unrestricted	450,494	(102,834)
Total net position	\$ 10,117,291	\$ 8,901,768

### **Analysis of Net Position**

As previously mentioned, net position may serve as a useful indicator of a government's financial position. The City's assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$10,117,291 at the close of 2020.

The largest portion of the City's net position reflects its investment of \$9,115,359 in capital assets (e.g. land, buildings, equipment and infrastructure) less any related outstanding debt used to acquire those assets. These assets are used on an ongoing basis to provide services to citizens and are thus not available for future spending. The City's investment in its capital assets is reported net of related debt; however, the resources needed to repay this debt must come from other sources. The capital assets themselves cannot be liquidated to satisfy these liabilities.

An additional \$551,438 of the City's net position represents resources that are subject to external restrictions on how they may be used. Restricted net position includes amounts from the Debt Service Fund and other special revenue funds.

### **Analysis of Changes in Net Position**

<b>Condensed Statement of Changes in Net Position</b>		
	<b>Governmental</b>	
	<b>Activities</b>	
	<b>2020</b>	<b>2019</b>
Revenues:		
Program revenues:		
Charges for services	\$ 962,854	\$ 1,316,025
Operating grants and contributions	237,256	189,124
Capital grants and contributions	543,000	0
General revenues:		
Property taxes	2,222,113	2,102,063
Sales taxes	1,945,491	1,910,791
Franchise taxes	344,833	364,940
Intergovernmental not restricted	6,125	16,745
Unrestricted investment earnings	5,818	6,782
Miscellaneous	27,951	20,067
Total revenues	6,295,441	5,926,537
Expenses:		
General administration	1,383,112	1,426,605
Public safety	1,214,731	1,241,386
Municipal court	118,193	110,933
Public works	1,631,546	1,810,444
Parks and recreation	534,301	900,710
Interest & fiscal charges	198,035	258,232
Total expenses	5,079,918	5,748,310
Change in net position	1,215,523	178,227
Net position – beginning of year, 2019 as restated	8,901,768	8,723,541
Net position - end of year	\$10,117,291	\$8,901,768

The City's net position increased during the fiscal year by a total of \$1,215,523, including these changes:

- Increased revenues include additional property tax revenue due to increased assessed valuation and the donation of land for the Kathryn Lyon Flora Park, which was offset by a reduction in charges for services and franchise taxes, both impacted by the pandemic.
- The majority of the decrease in expenses relates to the public works and parks and recreation functions and was due to delaying capital projects (public works), and the closure of the pool and cancellation of recreation programs as a result of the pandemic (parks and recreation).

The charts illustrate Fairway's governmental expenses and program revenues by function, and revenues by source. Public works represents the largest portion of 2020 expenses as the depreciation on infrastructure capital assets is allocated to this function. This is followed by general administration and public safety. Other revenues and expense functions fall within anticipated ranges.

For governmental activities, overall property taxes are the largest source of revenue (35%) followed closely by sales tax (31%).

## **ANALYSIS OF THE FUND FINANCIAL STATEMENTS**

The City uses fund accounting to ensure and demonstrate compliance with finance related legal requirements. Types of governmental funds reported by the City include the General Fund, Special Revenue Funds, Debt Service Funds, and Capital Projects Funds.

At the close of 2020, the City's governmental funds reported combined ending fund balances of \$3,178,739, an increase of \$855,975 over the prior year. It is primarily due to a reduction in expenditures for capital projects in response to the pandemic.

The General Fund is the primary operating fund for the City. At the close of 2020, the available fund balance for the General Fund was \$911,993.

The fund balance for the City's General Fund decreased by \$99,152 during the fiscal year due to transfers to the Capital Projects and the Equipment Reserve funds.

The Capital Projects Fund increased by \$634,939 as a result of a \$700,000 transfer from the General Fund. This transfer was possible, in large part, due to reductions of expenditures in anticipation of reduced revenues due to the pandemic which did not fully materialize. The Capital Projects Fund continues to receive revenue from the passage of the .5% sales tax in 2009. Per resolution passed by the City Council, ½ of the sales tax is deposited into this fund.

The Equipment Reserve Fund's fund balance increased as a result of receiving a transfer from the General Fund of \$125,000 to accumulate resources for future equipment purchases.

The Debt Service Fund had an increase of \$2,183 based on the budgeted use of fund balance. This fund receives the other ½ of the revenue from the passage of the .5% sales tax as mentioned above.

Other governmental funds increased by \$193,005 primarily due to lower capital outlay.

The 2014 Sales Tax Fund receives revenues from the passage of a .5% sales tax in 2014 which are to be used to pay costs of the debt service on the new public works facility and for parks and recreation capital improvements and associated debt service.

## **GENERAL FUND BUDGETARY HIGHLIGHTS**

Variances between the final budget and actual amounts are not expected to impact either liquidity or future services. The City budgets for reserves and contingency, but does not expect to expend more than a portion of the contingency. This creates a positive budget variance each year.

## **CAPITAL ASSET AND DEBT ADMINISTRATION**

### **Capital Assets**

The City's net investment in capital assets was \$17,978,870 as of December 31, 2020. These capital assets include land, buildings, improvements, equipment, drainage improvements, streets, and bridges.

<b>Capital Assets (net of depreciation)</b>		
	<b>Governmental Activities</b>	
	<b>2020</b>	<b>2019</b>
Land	\$ 3,499,614	\$ 3,001,614
Construction in progress	36,434	3,750
Buildings	5,023,374	5,230,234
Improvements other than buildings	818,403	873,435
Equipment	817,996	903,693
Infrastructure	7,783,049	8,263,142
Total	<u>\$ 17,978,870</u>	<u>\$ 18,275,868</u>

Additional information about the City's capital assets may be found in Note 2 to the basic financial statements.

### **Long-Term Debt**

At December 31, 2020, the City had total long-term bonds backed by the full faith and credit of the City outstanding of \$8,285,000. In December 2012, to take advantage of low interest rates, the City issued \$2,670,000 in GO Refunding Bonds (Series 2012-A) to refinance a portion of the Series 2008-A and Series 2008-B GO Bonds. The refunding will save the City \$272,000 in interest costs. This savings was allocated to 2014-2018 bond payments. In 2017, the City issued \$2,320,000 in temporary notes to fund the acquisition and construction of a new City Hall. In 2019 these were converted to Series 2019-A GO Bonds.

In October 2016, to take advantage of low interest rates, the City issued \$3,760,000 (Series 2016-A) in GO Refunding Bonds to refinance a portion of the Series 2010-A GO Bonds. The refunding will save the City \$575,573 in future interest costs.

The City's total long-term bonds payable decreased by \$645,000 during the fiscal year, the amount of the scheduled payments on outstanding bond issues.

In January 2010, the City received notification that Standard & Poor's assigned an 'AA' rating to the City's series 2010-A GO Bonds. S&P affirmed this rating for the Series 2012-A GO Refunding Bonds. S&P assigned the City a 'AA+' rating to the series 2015-A GO Bonds and that rating was re-affirmed with the Series 2016-A GO Bond and again with the issuance of Series 2019-A GO Bonds.

Kansas statutes limit the amount of general obligation debt a governmental entity may acquire to 30% of their total assessed valuation. The current debt limitation for the City is \$35,499,281, leaving a debt margin of \$27,214,281. The City's general obligation debt is \$8,285,000 which equates to only 7.7% of the total assessed valuation.

Additional information on the City's long-term debt can be found in Note 4 of the basic financial statements.

<b>Outstanding Bonds</b>		
<b>General Obligation Bonds</b>		
	<b>Governmental Activities</b>	
	<b>2020</b>	<b>2019</b>
<b>General Obligation Bonds</b>		
Series 2012-A	\$ 590,000	\$ 955,000
Series 2014-A	725,000	775,000
Series 2015-A	1,880,000	1,920,000
Series 2016-A	3,300,000	3,435,000
Series 2019-A	1,790,000	1,845,000
Total	<u>\$ 8,285,000</u>	<u>\$ 8,930,000</u>

### **Economic Factors and Next Year's Budgets and Rates**

Although the impact of the 2020 pandemic is declining, some economic factors are not certain. During the early part of 2021, we see a slight increase in sales tax revenues continuing through the rest of the year. Residential real estate trends continue to show a 3%+ increase in valuations over the previous year. Building permits continue to increase in both volume and value and suggest further positive impact on Property Tax Revenue. A new commercial project that began in 2021 is anticipated to come online in first quarter of 2022, bringing with it an increase in sales tax and property tax revenue.

Of minor concern is the potential inflationary impact caused by the current sharp increase in certain building materials and fuel.

The budget for 2021 calls for slight increases in revenues and expenditures, with a relatively flat mill levy.

### **REQUESTS FOR INFORMATION**

This financial report is designed to provide an overview of the City's finances for all interested parties. Questions concerning any of the information provided in the report or requests for additional information should be directed to the City Administrator of the City of Fairway, 5240 Belinder Road, Fairway, Kansas 66205.

**City of Fairway, Kansas**  
Reconciliation of the Balance Sheet to the Statement of Net Position  
Governmental Funds  
December 31, 2020

Amounts reported for governmental activities in the Statement of Net Position are different because:

Ending fund balances - total governmental funds	\$ 3,178,739
Governmental funds report capital outlays as expenditures. However, in the Statement of Net Position the cost of those assets is capitalized and shown at cost, net of accumulated depreciation. This is the amount of net capital assets reported in the Statement of Net Position.	17,978,870
Long-term liabilities are not due and payable in the current period and, accordingly, are not reported as liabilities within the fund financial statements. Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when due. Discounts, premiums, and deferred amounts on refunding are reported in the governmental fund financial statements when the debt was issued, whereas these amounts are deferred and amortized over the life of the related debt in the government-wide financial statements. Balances as of December 31, 2020 for long-term liabilities and related items are:	
Deferred amount on refunding	71,695
Accrued interest payable	(68,150)
Pension related deferred outflows of resources	614,563
Pension related deferred inflows of resources	(262,349)
Other postemployment related deferred outflows of resources	60,424
Other postemployment related deferred inflows of resources	(13,094)
Long-term liabilities	<u>(11,443,407)</u>
Total net position of governmental activities	<u><u>\$ 10,117,291</u></u>

See the accompanying notes to the basic financial statements.

See the accompanying notes to the basic financial statements.

**City of Fairway, Kansas**  
Reconciliation of the Statement of Revenues, Expenditures,  
and Changes in Fund Balances of  
Governmental Funds to the Statement of Activities  
For the year ended December 31, 2020

Amounts reported for governmental activities in the Statement of Activities are different because:

Net changes in fund balances - total governmental funds	\$ 855,975
Governmental funds report capital outlays as expenditures in the year acquired. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. These amounts are the effect of capital additions and depreciation in the current period:	
Capital additions	687,145
Depreciation expense	(942,315)
The proceeds from the sale of capital assets are reported as revenues in the governmental funds. However, the cost and accumulated depreciation are removed from the capital asset accounts and offset against the proceeds in the Statement of Activities. This is the amount of the net book value of the assets disposed.	(41,828)
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the long-term debt consumes the current financial resources of governmental funds. Neither transaction has any effect on net position. Also, governmental funds report the effect of premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities. These amounts are the effect of the differences in the treatment of long-term debt and related items:	
Principal payments	758,943
Accrued interest expense	26,720
Amortization of bond premiums	30,084
Amortization of the deferred amount on refunding	(20,385)
Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds:	
Pension expense	(87,942)
Change in compensated absences	(39,035)
Change in other postemployment benefits	(11,839)
Total change in net position of governmental activities	<u>\$ 1,215,523</u>

See the accompanying notes to the basic financial statements.

**Notes to the  
Basic  
Financial Statements**

**City of Fairway, Kansas**  
**Notes to the Basic Financial Statements**  
**December 31, 2020**

**Note 1: Summary of Significant Accounting Policies**

The City of Fairway, Kansas (the City), was incorporated in 1949 as a City of the second class. The City operates under a Mayor-Council form of government and provides the following services as authorized by its charter: public safety (police), street maintenance, solid waste removal, culture and recreation, public improvements, and general administrative services.

The accounting and reporting policies of the City of Fairway, Kansas conform to accounting principles generally accepted in the United States of America. The more significant accounting and reporting policies and practices employed by the City are as follows:

**A. Reporting Entity**

Generally accepted accounting principles require that the basic financial statements present the City (the primary government) and its component units. Component units are required to be included in the City's reporting entity based on the concept of financial accountability, including the significance of their operational or financial relationships with the City. Based on the evaluation criteria, there are no component units related to the City which should be included in the basic financial statements.

**B. Basis of Presentation**

The City's basic financial statements include both government-wide (reporting the City as a whole) and fund financial statements (reporting the City's major funds).

**Government-wide Financial Statements**

The Statement of Net Position and the Statement of Activities display information about the City, the primary government, as a whole. Governmental activities are generally financed through taxes, intergovernmental revenues, and other non-exchange transactions.

The government-wide Statement of Activities presents a comparison between expenses and program revenues for each program of the governmental activities. Expenses are specifically associated with a service, program or department and are therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipients of the goods or services offered by the programs and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues. The comparison of program revenues and expenses identifies the extent to which each program is self-financing or draws from the general revenues of the City.

The City's net position is reported in three parts—net investment in capital assets, which consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of any borrowings that are attributable to the acquisition, construction or improvement of those assets; restricted, which consists of net position that is legally restricted by outside parties or by law through constitutional provisions or enabling legislation; and unrestricted. The City generally utilizes restricted resources first to finance qualifying activities.

The government-wide focus is more on the sustainability of the City as an entity and the change in the City's net position resulting from the current year's activities.

**City of Fairway, Kansas**  
**Notes to the Basic Financial Statements**  
**December 31, 2020**

**Fund Financial Statements**

Fund financial statements report detailed information about the City. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column.

The major governmental funds of the City are described below:

General Fund - is the main operating fund of the City which accounts for all financial transactions not accounted for in other funds. The general operating expenditures, fixed charges and capital improvement costs that are not paid through other funds are financed through revenues received by the General Fund.

Capital Projects Fund - is used to account for all resources derived from a dedicated sales tax, bond proceeds, grants and transfers from the General Fund to finance major capital improvements in the City.

Debt Service Fund - is used to account for resources to be used for the payment of principal, interest and related costs of the general obligation bonds and certain other long-term obligations of the City.

Equipment Reserve Fund - is used to account for transfers from the General Fund to accumulate resources to finance the acquisition of equipment pursuant to K.S.A. 12-1,117.

**C. Measurement Focus and Basis of Accounting**

**Government-wide Financial Statements**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the City gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, sales tax and donations. Revenues from grants or donations are recognized in the fiscal year in which all eligibility requirements have been satisfied. This approach differs from the manner in which governmental fund financial statements are prepared. Therefore, the governmental fund financial statements include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

**Governmental Fund Financial Statements**

All governmental funds are accounted for using the modified accrual basis of accounting and the current financial resources measurement focus. Under this basis, revenues are recognized in the accounting period in which they become measurable and available. Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable.

**Revenue Recognition**

In applying the susceptible to accrual concept under the modified accrual basis, certain revenue sources are deemed both measurable and available (collectible within the current year or within two

**City of Fairway, Kansas**  
**Notes to the Basic Financial Statements**  
**December 31, 2020**

months of year-end and available to pay obligations of the current period). This includes sales taxes, franchise taxes, investment earnings and state-levied locally shared taxes (including motor fuel taxes). Reimbursements due for grant funded projects are accrued as revenue at the time the expenditures are made, or when received in advance, deferred until expenditures are made.

Property taxes, though measurable, are not available soon enough in the subsequent year to finance current period obligations. Therefore, property taxes receivable are recorded and deferred until they become available.

Other revenues, including licenses and permits, certain charges for services, and miscellaneous revenues, are recorded as revenue when received in cash because they are generally not measurable until actually received.

**Expenditure Recognition**

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Most expenditures are measurable and are recorded when the related fund liability is incurred. However, principal and interest on long-term debt which have not matured are recognized when due. Allocations of cost, such as depreciation and amortization, are not recognized in the governmental funds.

**Budgetary Basis Accounting and Information**

Kansas statutes require that an annual operating budget be legally adopted for the General Fund, Special Revenue Funds (unless specially exempted by statute), and the Debt Service Fund. An annual operating budget is not required for the Federal Grants and Drug Tax special revenue funds under the statutory exemption. The statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

- (1) Preparation of the budget for the succeeding calendar year on or before August 1<sup>st</sup>.
- (2) Publication in local newspaper of the proposed budget and notice of public hearing on the budget on or before August 5<sup>th</sup>.
- (3) Public hearing on or before August 15<sup>th</sup>, but at least ten days after publication of notice of hearing.
- (4) Adoption of the final budget on or before August 25<sup>th</sup>.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in revenue other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication the hearing may be held, and the governing body may amend the budget at any time. There were no budget amendments in 2020.

The statutes establish the overall budget level of control at the fund level by prohibiting expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Management may not amend a fund's budgeted expenditures without Council approval. Spending in funds that are not subject to the legal annual operating budget requirement are controlled by federal regulations, other statutes, or by the use of internal spending limits established by the City.

**City of Fairway, Kansas**  
**Notes to the Basic Financial Statements**  
**December 31, 2020**

All legal annual operating budgets are prepared using the modified accrual basis of accounting, modified further by the encumbrance method of accounting. Expenditures include disbursements, accounts payable, and encumbrances. Encumbrances are commitments by the City for future payments such as purchase orders or contracts.

**Property Taxes Receivable**

In accordance with governing state statutes, property taxes levied during the current year are revenue sources to be used to finance the budget of the ensuing year. Taxes are assessed on a calendar year basis and are levied and become a lien on the property on November 1 of each year. The County Treasurer is the tax collection agent for all taxing entities within the County. Property owners have the option of paying one-half or the full amount of the taxes levied on or before December 20 during the year levied with the balance to be paid on or before May 10 of the ensuing year. State statutes prohibit the County Treasurer from distributing taxes collected in the year levied prior to January 1 of the ensuing year. Consequently, the taxes levied during the current year are not recognized as revenue until the ensuing year. At December 31, such taxes are recorded as taxes receivable with a corresponding amount recorded as deferred inflows of resources on the balance sheets of the appropriate funds. It is not practical to apportion delinquent taxes held by the County Treasurer as of December 31, 2020. Estimated delinquencies are insignificant and have not been recorded.

**Deposits and Investments**

The disclosures that follow have been prepared in accordance with the provisions of GASB Statement No. 40, *Deposit and Investment Risk Disclosures*. This statement establishes disclosure requirements for investment and deposit risks related to credit risk, concentrations of credit risk, interest rate risk, and foreign currency risk.

The City pools temporarily idle cash from all funds for investment purposes. Each fund's portion of the pool is shown on the financial statements as deposits and investments. Deposits during the year included cash in interest bearing and demand bank accounts, and certificates of deposit. Interest is allocated to each fund based on the respective invested balance.

A summary of the carrying values of deposits, certificates of deposit and petty cash at December 31, 2020 is as follows:

Total deposits	\$ 2,581,177
Certificates of deposit	420,325
Petty cash	169
	<u>\$ 3,001,671</u>

Restricted deposits and investments consist of cash held for court bonds in the General Fund.

**Investment Policies**

State statutes limit the types of investments the City may utilize. Allowable investments generally include United States Treasury bills or notes with maturities not exceeding two years, repurchase agreements and the Kansas State Municipal Investment Pool. In addition, bond proceeds may be invested in United States government agency securities, money market mutual funds that invest in United States government or agency securities and certain Kansas municipal obligations.

**City of Fairway, Kansas**  
**Notes to the Basic Financial Statements**  
**December 31, 2020**

**Custodial Credit Risk**

The custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the City will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. For deposits, the City's policy follows state statutes which require pledged collateral with a fair value equal to 100% of the funds on deposit, less insured amounts, and that the collateral be held in safekeeping in the City's name at other than the depository financial institution.

At December 31, 2020, the City's deposits were covered by Federal depository insurance or were fully collateralized by securities held by the City's agent in the City's name.

**Interest Rate Risk**

As a means of managing its exposure to fair value losses arising from increasing interest rates, the City follows state statutes which generally limit investment maturities to two years. To minimize the risk of loss, the City matches investments to anticipated cash flows and diversifies the investment types to the extent practicable.

**Capital Assets**

Capital assets, which include property, equipment, and infrastructure assets (i.e., roads, storm sewers, etc.), are reported in the applicable governmental activities column in the government-wide financial statements. In the governmental fund statements, capital assets are charged to expenditures as purchased. Capital assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated assets are recorded at estimated fair value as of the date of the donation.

Capital assets are defined by the City as assets with an initial individual cost of \$5,000 or more and a useful life greater than one year. Additions or improvements and other capital outlays that significantly extend the useful life of an asset, or that significantly increase the capacity of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Assets, which have been acquired with funds received through grants, must be used in accordance with the terms of the grant.

Depreciation on exhaustible assets is recorded as an allocated expense in the Statement of Activities with accumulated depreciation reflected in the Statement of Net Position and is provided on the straight-line basis over the following estimated useful lives:

Buildings	20 years
Improvements other than buildings	7-30 years
Equipment	5-20 years
Infrastructure	10-50 years

Fully depreciated capital assets are included in the capital asset accounts until their disposal.

**Deferred Outflows and Inflows of Resources**

In addition to assets, the Statement of Net Position now reports a separate section for deferred outflows of resources. This financial statement element represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources

**City of Fairway, Kansas**  
**Notes to the Basic Financial Statements**  
**December 31, 2020**

(expense/expenditure) until then. The City reports the deferred amount on refunding, pension and postemployment benefit related amounts in this category. A deferred amount on refunding results from the difference in the carrying value of refunded debt and its reacquisition price and is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, the Statement of Net Position and balance sheets now report a separate section for deferred inflows of resources. This financial statement element represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City reports unavailable revenue from property taxes that will be recognized as an inflow of resources in the period for which they were levied, and pension and other postemployment benefit related amounts in this category.

**Compensated Absences**

City employees earn vacation time in varying amounts based upon their length of service. The City's policies allow unused vacation leave and all unused compensatory time to be carried over into the next year. The unused vacation leave carryover is limited to the maximum number of hours earned in the calendar year. This carryforward is payable upon separation from service. The liability of \$231,984 for compensated absences at December 31, 2020 is reported in the government-wide financial statements, but not in the governmental fund financial statements as it is not estimated to be payable from expendable available resources.

In lieu of sick time, employees are allowed to receive salary continuation for up to 30 consecutive days per illness upon approval of their supervisor. If an employee is unable to perform their duties as a result of illness or disability, the City provides a short-term disability policy through a third-party to all full-time employees. The policy takes effect on the 31<sup>st</sup> calendar day following a salary continuation that has been paid for by the City and may last up to 22 weeks.

**Pensions**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Kansas Public Employees' Retirement System (KPERS) and additions to and deductions from KPERS' fiduciary net position have been determined on the same basis as they are reported by KPERS. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**Other Post Employment Benefit Plans (OPEB)**

The City sponsors a single-employer, defined benefit healthcare plan and participates in the Kansas Public Employees Death and Disability Plan, a multiple-employer defined benefit plan. The total OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense have been determined on the same basis as they are reported by the OPEB plans. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms.

**Long-term Obligations**

In the government-wide financial statements, long-term debt and obligations are reported in the Statement of Net Position as liabilities. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method. Issuance costs are expensed when

**City of Fairway, Kansas**  
**Notes to the Basic Financial Statements**  
**December 31, 2020**

incurred. Bonds payable are reported net of the applicable bond premium or discount. Refunding costs are deferred and amortized on a straight-line basis over the life of the new debt, or the remaining life of the old debt, whichever is shorter.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

**Fund Balances**

In the governmental fund financial statements, fund balances are reported in the following classifications, which are primarily based on the extent to which a government is bound to observe constraints imposed upon the use of the resources.

Nonspendable – Nonspendable consists of amounts that cannot be spent because they are not in spendable form or are legally or contractually required to be maintained intact.

Restricted – Fund balance is reported as restricted when constraints placed on the use of resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or is imposed by law through constitutional provisions or enabling legislation.

Committed – This classification consists of amounts that can be used only for the specific purposes imposed by a formal action of the governing body and cannot be used for any other purpose unless removed or changed by taking the same type of action that previously committed those amounts.

Assigned – Amounts in the assigned fund balance classification are intended to be used by the City for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the General Fund, assigned fund balance represents the remaining amount that is not restricted or committed. In the General Fund, assigned amounts would represent intended uses established by the governing body or a City official delegated that authority, and includes the amount to be used to finance expenditures for the next year's budget.

Unassigned – Unassigned fund balance is the residual classification for the General Fund and includes all spendable amounts not contained in the other classifications. In other governmental funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

The City applies restricted resources first to finance qualifying expenditures, when either restricted or unrestricted amounts are available. For unrestricted fund balance, committed amounts are reduced first followed by assigned, and then unassigned amounts.

Minimum Unassigned Fund Balance – It is the policy of the City to maintain an unassigned fund balance in the General Fund equal to 20% of the current year budget to be used for unanticipated expenditures of an emergency or nonrecurring nature, and for cash flow needs. Amounts above the minimum may be used for transfers to the Capital Projects or Debt Service funds.

**City of Fairway, Kansas**  
**Notes to the Basic Financial Statements**  
**December 31, 2020**

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

**Note 2: Capital Assets**

A summary of changes in capital assets for the year follows:

	Beginning Balances	Increases	Decreases	Ending Balances
Governmental activities:				
Capital assets not being depreciated:				
Land	\$ 3,001,614	\$ 498,000	\$ -	\$ 3,499,614
Construction in progress	3,750	32,684	-	36,434
Total capital assets not being depreciated	3,005,364	530,684	-	3,536,048
Capital assets being depreciated:				
Buildings	6,340,842	-	-	6,340,842
Improvements other than buildings	1,904,809	-	-	1,904,809
Equipment	2,143,967	111,461	188,181	2,067,247
Infrastructure	23,970,060	45,000	-	24,015,060
Total capital assets being depreciated	34,359,678	156,461	188,181	34,327,958
Less accumulated depreciation for:				
Buildings	1,110,608	206,860	-	1,317,468
Improvements other than buildings	1,031,374	55,032	-	1,086,406
Equipment	1,240,274	155,330	146,353	1,249,251
Infrastructure	15,706,918	525,093	-	16,232,011
Total accumulated depreciation	19,089,174	942,315	146,353	19,885,136
Total capital assets being depreciated, net	15,270,504	(280,921)	16,759	14,442,822
Governmental activities capital assets, net	\$ 18,275,868	\$ 249,763	\$ 16,759	\$ 17,978,870

Depreciation expense was charged to the functions/programs of the City government as follows:

General administration	\$ 88,587
Public safety	87,469
Public works	620,012
Parks and recreation	146,247
Total depreciation expense	<u>\$ 942,315</u>

**Note 3: Special Assessments**

Special assessment taxes consist of charges to the City's residents for trash and recycling services and are due and payable with annual ad valorem property taxes.

**City of Fairway, Kansas**  
**Notes to the Basic Financial Statements**  
**December 31, 2020**

**Note 4: Long-term Liabilities**

The following is a summary of changes in long-term liabilities for the year ended December 31, 2020:

	Balance January 1, 2019	Increases	Decreases	Balance December 31, 2020	Amounts Due Within One Year
General obligation bonds	\$ 8,930,000	\$ -	\$ 645,000	\$ 8,285,000	\$ 680,000
Unamortized premium	196,089	-	30,084	166,005	30,084
Bonds payable	9,126,089	-	675,084	8,451,005	710,084
Lease purchase agreement	471,412	-	90,111	381,301	92,150
Capital leases	126,732	-	23,832	102,900	24,566
Compensated absences*	192,949	123,326	84,291	231,984	135,195
Total governmental activities debt	<u>\$ 9,917,182</u>	<u>\$ 123,326</u>	<u>\$ 873,318</u>	<u>\$ 9,167,190</u>	<u>\$ 961,995</u>

\* Compensated absences typically have been liquidated in the General Fund.

General obligation bonds outstanding at December 31, 2020 are as follows:

	Date Issued	Interest Rates	Original Amount	Maturity Date	Outstanding December 31, 2020
Internal improvements:					
Series 2012 A	12/15/12	2%	\$ 2,670,000	9/1/22	\$ 590,000
Series 2014 A	10/30/14	1%	1,000,000	9/1/34	725,000
Series 2015 A	2/26/15	1 - 3%	2,100,000	9/1/34	1,880,000
Series 2016 A	10/27/16	2%	3,760,000	9/1/29	3,300,000
Series 2019 A	4/4/19	2 - 3%	1,845,000	9/1/38	1,790,000
			<u>\$11,375,000</u>		<u>\$ 8,285,000</u>

The annual debt service requirements to amortize the general obligation bonds outstanding as of December 31, 2020 are as follows:

Year	Principal	Interest	Total
2021	\$ 680,000	\$ 186,703	\$ 866,703
2022	565,000	173,051	738,051
2023	585,000	161,496	746,496
2024	595,000	149,491	744,491
2025	705,000	137,291	842,291
2026 - 2030	3,305,000	459,487	3,764,487
2031 - 2035	1,490,000	164,650	1,654,650
2036 - 2038	360,000	21,900	381,900
Total	<u>\$ 8,285,000</u>	<u>\$ 1,454,069</u>	<u>\$ 9,739,069</u>

**City of Fairway, Kansas**  
**Notes to the Basic Financial Statements**  
**December 31, 2020**

The City entered into an \$850,000 lease purchase agreement to acquire a building for its public works facility. The lease purchase carries an interest rate of 2.25% and is payable in semi-annual installments through September 2, 2024. The annual debt service requirements as of December 31, 2020 are:

Year	Principal	Interest	Total
2021	\$ 92,150	\$ 8,064	\$ 100,214
2022	94,235	5,979	100,214
2023	96,368	3,846	100,214
2024	98,548	1,666	100,214
	<u>\$ 381,301</u>	<u>\$ 19,555</u>	<u>\$ 400,856</u>

The City has entered into a capital lease to finance the purchase of equipment with a cost of \$247,281 and a depreciated value of \$171,723 at December 31, 2020. The interest rate is 3.08% and payments due in semi-annual installments through 2024. The future minimum lease obligations and the net present value of these minimum lease payments as of December 31, 2020 are as follows:

2021	\$ 27,736
2022	27,736
2023	27,736
2024	27,735
	<u>110,943</u>
Less imputed interest	<u>8,043</u>
Present value of minimum lease payments	<u>\$ 102,900</u>

**Legal Debt Margin**

The City is subject to state statutes, which limit the amount of bonded debt (exclusive of revenue bonds, bonds issued for storm drainage and sanitary sewer improvements, and refunding bonds) that the City may issue to 30% of assessed valuation. Currently the City has a debt limit of \$35,499,281, leaving a debt margin of \$27,214,281.

**City of Fairway, Kansas**  
**Notes to the Basic Financial Statements**  
**December 31, 2020**

**Note 5: Pension and Other Postemployment Benefit Plans**

**Defined Benefit Pension Plan**

General Information about the Pension Plan

Plan Description – The City participates in the Kansas Public Employees Retirement System (KPERS), a cost-sharing multiple-employer defined benefit pension plan (the Plan). Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and required supplementary information in its Comprehensive Annual Financial Report which can be found on the KPERS website at <http://www.kpers.org> or by writing to KPERS (611 South Kansas, Suite 100, Topeka, KS 66603) or by calling 1-888-275-5737.

KPERS provides pension benefits to the following statewide pension groups under one plan, as provided by K.S.A. 74, article 49:

- 1) Public employees, which includes state/school employees and local employees
- 2) Police and firemen
- 3) Judges

Substantially all public employees are covered by the Plan. Participation by local political subdivisions is optional, but irrevocable once elected.

The employees participating in the Plan for the City are included in the local employee group or the police and firemen group.

Benefits Provided – KPERS provides retirement benefits, life insurance, disability income benefits, and death benefits. Benefits are established by statute and may only be changed by the General Assembly. Member employees (except police and firemen) with 10 or more years of credited service may retire as early as age 55 (police and firemen may be age 50 with 20 years of credited service), with an actuarially reduced monthly benefit. Normal retirement is at age 65, age 62 with 10 years of credited service, or whenever an employee's combined age and years of credited service equal 85 (police and firemen's normal retirement ages are 60 with 15 years of credited service, age 55 with 20 years, age 50 with 25 years, or any age with 36 years of service).

Monthly retirement benefits are based on a statutory formula that includes final average salary and years of service. When ending employment, member employees may withdraw their contributions from their individual accounts, including interest. Member employees who withdraw their accumulated contributions lose all rights and privileges of membership. The accumulated contributions and interest are deposited into and disbursed from the membership accumulated reserve fund as established by K.S.A. 74-4922.

Member employees choose one of seven payment options for their monthly retirement benefits. At retirement, a member employee may receive a lump-sum payment of up to 50% of the actuarial present value of the member employee's lifetime benefit. His or her monthly retirement benefit is then permanently reduced based on the amount of the lump-sum. Benefit increases, including ad hoc post-retirement benefit increases, must be passed into law by the Kansas Legislature. Benefit increases are under the authority of the Legislature and the Governor of the State of Kansas.

**City of Fairway, Kansas**  
**Notes to the Basic Financial Statements**  
**December 31, 2020**

The 2012 Legislature made changes affecting new hires, current members and employers. A new KPERS 3 cash balance retirement plan for new hires starting January 1, 2015, was created. Normal retirement age for KPERS 3 is 65 with 5 years of service or 60 with 30 years of service. Early retirement is available at age 55 with 10 years of service, with a reduced benefit. Monthly benefit options are an annuity benefit based on the account balance at retirement.

For all pension coverage groups, the retirement benefits are disbursed from the retirement benefit payment reserve fund as established by K.S.A. 74-4922.

Contributions - Member contribution rates are established by state law and are paid by the employee according to the provisions of Section 414(h) of the Internal Revenue Code. State law provides that the employer contribution rates be determined based on the results of each annual actuarial valuation for each of the three state-wide pension groups. The contributions and assets of all groups are deposited in the Kansas Public Employees Retirement Fund established by K.S.A. 74-4921. All of the retirement systems are funded on an actuarial reserve basis.

For fiscal years beginning in 1995, Kansas legislation established statutory limits on increases in contribution rates for KPERS employers. Annual increases in the employer contribution rates related to subsequent benefit enhancements are not subject to these limitations. The statutory cap increase over the prior contribution rate is 1.2% of total payroll.

The actuarially determined employer contribution rate and the statutory contribution rate (not including the 1% contribution rate for the Death and Disability Program) for the local employee group are both 8.61%. The member contribution rate as a percentage of eligible compensation for the fiscal year ended June 30, 2020 is 6%. The actuarially determined employer contribution rate and the statutory contribution rate for the police and firemen group are both 21.93%. The member contribution rate for this group is 7.15%.

Contributions to the Plan from the City for the local employee group and police and firemen group were \$73,996 and \$124,846, respectively, for the year ended December 31, 2020.

Pension Liabilities, Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Although KPERS administers one cost-sharing multiple-employer defined benefit pension plan, separate (sub) actuarial valuations are prepared to determine the actuarial determined contribution rate by group. Following this method, the measurement of the collective net pension liability, deferred outflows of resources, deferred inflows of resources, and pension expense are determined separately for each group of the Plan. The City participates in the local (KPERS) group and the police and firemen (KP&F) group.

At December 31, 2020, the City reported a liability of \$774,423 for KPERS and \$1,235,973 for KP&F for its proportionate share of the KPERS' collective net pension liability. The collective net pension liability was measured by KPERS as of June 30, 2020, and the total pension liability used to calculate the collective net pension liability was determined by an actuarial valuation as of December 31, 2019, which was rolled forward to June 30, 2020. The City's proportion of the collective net pension liability was based on the ratio of the City's actual contributions to KPERS and KP&F, relative to the total employer and nonemployer contributions of the KPERS and KP&F for the fiscal year ended June 30, 2020. The contributions used exclude contributions made for prior service, excess benefits and irregular payments.

**City of Fairway, Kansas**  
**Notes to the Basic Financial Statements**  
**December 31, 2020**

At June 30, 2020, the City's proportion and change from its proportion measured as of June 30, 2019 were as follows:

	Net pension liability as of June 30, 2020	Proportion as of June 30, 2020	Increase (decrease) in proportion from June 30, 2019
KPERS (local)	\$ 774,423	.04467%	(.002212)%
KP&F	1,235,973	.10023%	(.009937)%
	<u>\$ 2,010,396</u>		

For the year ended December 31, 2020, the City recognized pension expense of \$127,375 for KPERS and \$159,533 for KP&F. At December 31, 2020, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 49,058	\$ 9,956
Net differences between projected and actual earnings on pension plan investments	210,460	-
Changes in proportions	117,995	252,393
Changes in assumptions	132,204	-
Contributions subsequent to the measurement date	104,846	-
Total	<u>\$ 614,563</u>	<u>\$ 262,349</u>

\$104,846 reported as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability for the year ended December 31, 2021. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized as increases (decreases) to pension expense as follows:

<u>Year Ended</u>	
2021	\$ 73,377
2022	84,765
2023	36,391
2024	52,332
2025	503
	<u>\$ 247,368</u>

**Actuarial Assumptions**

The total pension liability for KPERS in the December 31, 2019 actuarial valuation was determined using the following actuarial assumptions:

Price inflation	2.75%
Payroll growth	3.00%
Salary increases	3.25% to 11.75%, including price inflation
Long-term rate of return, net of investment expense, and including price inflation	7.50%

**City of Fairway, Kansas**  
**Notes to the Basic Financial Statements**  
**December 31, 2020**

The actuarial cost method is entry age normal. The amortization method is level percentage of payroll, closed.

Mortality rates were based on the RP-2014 Mortality Tables with age setbacks and set forwards, as well as other adjustments based on different membership groups. Future mortality improvements are anticipated using Scale MP-2016.

The actuarial assumptions used in the December 31, 2019 valuation were based on the results of an actuarial experience study dated January 7, 2020 conducted for the three-year period beginning January 1, 2016.

The actuarial assumption change adopted by the Pension Plan for all groups based on the experience study is as follows:

- Investment return assumption was lowered from 7.75% to 7.50%
- General wage growth assumption was lowered from 3.50% to 3.25%

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage. Best estimates of arithmetic real rates of return for each major asset class as of the most recent experience study, dated January 7, 2020, are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
U.S. Equities	23.50%	5.20%
Non-U.S. Equities	23.50%	6.40%
Private Equity	8.00%	9.50%
Real Estate	11.00%	4.45%
Yield Driven	8.00%	4.70%
Real Return	11.00%	3.25%
Fixed Income	11.00%	1.55%
Short-term investments	4.00%	.025%
Total	100.00%	

**Discount Rate**

The discount rate used by KPERS to measure the total pension liability at June 30, 2020 was 7.5%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the contractually required rate. The local employers do not necessarily contribute the full actuarial determined rate. Based on legislation first passed in 1993 and subsequent legislation, the employer contribution rates certified by the KPERS' Board of Trustees for this group may not increase by more than the statutory cap. Local and KP&F employers are currently contributing the full actuarial determined contribution rate. The expected

**City of Fairway, Kansas**  
**Notes to the Basic Financial Statements**  
**December 31, 2020**

employer actuarial contribution rate was modeled for future years for these groups, assuming all actuarial assumptions are met in the future years. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**Sensitivity of the City's Proportionate Share of the Collective Net Pension Liability to Changes in the Discount Rate**

The following presents the City's proportionate share of the collective net pension liability calculated using the discount rate of 7.50%, as well as what the City's proportionate share of the collective net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.50%) or one percentage point higher (8.50%) than the current rate:

	<u>1% Decrease (6.5%)</u>	<u>Current Discount Rate</u>	<u>1% Increase (8.5%)</u>
City's KPERS proportionate share of the net pension liability	\$ 1,089,923	\$ 774,423	\$ 509,170
City's KP&F proportionate share of the net pension liability	<u>1,691,667</u>	<u>1,235,973</u>	<u>855,404</u>
	<u><u>\$ 2,781,590</u></u>	<u><u>\$ 2,010,396</u></u>	<u><u>\$ 1,364,574</u></u>

**Pension Plan Fiduciary Net Position**

Detailed information about the pension plan's fiduciary net position is available in the separately issued KPERS financial report.

**Payable to the Pension Plan**

The City's contributions payable to the plan for the year ended December 31, 2020 were \$16,809.

**Defined Contribution Plan**

The City has established a defined contribution plan for those full-time employees eligible for the KPERS and KP&F programs. The plan is administered by Voya Financial, and any changes to the plan's provisions or the contribution requirements are determined by the governing body of the City. The City's contributions in 2020 were \$44,318. The balances in the plan are not controlled by the City, and therefore, the related assets and liabilities are not reflected in the financial statements.

**Other Postemployment Benefits**

**City Healthcare Plan**

**Plan Description** - In addition to providing the pension benefits described above, the City has a single-employer defined benefit healthcare OPEB plan that provides employees that retire under KPERS and KP&F at the same time they end their service to the City the opportunity for

**City of Fairway, Kansas**  
**Notes to the Basic Financial Statements**  
**December 31, 2020**

continuation of medical and dental insurance coverage offered through Midwest Public Risk (MPR). The plan is administered by MPR who has the authority to establish or amend the plan provisions or contribution requirements; and no assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement 75. The plan does not issue a stand-alone financial report.

Benefits Provided - Retirees who elect to continue coverage in the medical and dental plans offered through MPR are required to pay a contribution until the retiree or spouse becomes eligible for Medicare. Upon retiree death or attainment of age 65, spouses may continue COBRA coverage for up to three years. The City requires the retirees to pay 125% of the premiums charged to active employees. The rates being paid by retirees for benefits are typically lower than those for individual health insurance policies. The difference between these amounts is the implicit rate subsidy, which is considered other postemployment benefits (OPEB) under GASB Statement No. 75.

Contributions - The City does not pay retiree benefits directly; they are paid implicitly over time through employer subsidization of active premiums that would be lower if retirees were not part of the experience group. Retirees who elect to continue coverage in the medical and dental plans offered through MPR are required to pay a contribution until the employee becomes eligible for Medicare. Since the retirees pay the premiums each year, the City's share of any premium costs is determined on the basis of a blended rate or implicit rate subsidy calculation. The plan is financed on a pay-as-you-go basis. The benefits and benefit levels are governed by City policy and the MPR trust agreement.

Employees Covered by Benefit Terms

As of the July 1, 2019 actuarial valuation, the following employees were covered by the benefit terms:

Inactive members or beneficiaries currently receiving benefit payments	-
Active employees	<u>21</u>
	<u>21</u>

Total OPEB Liability

The City's total OPEB liability of \$135,550 was measured as of December 31, 2020 and was determined by an actuarial valuation as of July 1, 2019.

Actuarial Assumptions – The total OPEB liability in the July 1, 2019 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement:

Salary increase	3.00% per year
Discount rate	1.96% end of year; 3.00% beginning of year
Healthcare cost trend rates	Actual trend is valued for claims, admin costs and retiree contribution premiums based on the July 1, 2020 renewal data; 8.00% for the 2020 fiscal year, decreasing by 0.5% per year through 2023 and then decreasing by 0.25% per year to an ultimate rate of 5.0% for 2029 and later years

**City of Fairway, Kansas**  
**Notes to the Basic Financial Statements**  
**December 31, 2020**

Retirees' share of benefit-related costs

Retirees are required to pay 125% of premiums

The discount rate was based on the S&P Municipal Bond 20-year High Grade and the Fidelity GO AA-20 Years indexes.

Mortality rates were based on the Society of Actuaries Pub-2010 Public Retirement Plans tables adjusted to 2006 total Headcount-weighted Mortality Tables using Scale MP-2020 Full Generational Improvement.

The actuarial assumptions used in the July 1, 2019 valuation were based on an experience analysis of the plan's past experience, the actuary's experience with plans of similar size, plan design, and retiree contribution level.

Change in the Total OPEB Liability

Beginning of year	\$ 100,863
Changes for the year:	
Service cost	7,333
Interest	3,184
Differences between expected and actual experience	17,229
Changes in assumptions and inputs	11,041
Benefit payments (Employer contributions)	(4,100)
End of year	<u>\$ 135,550</u>

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The following presents the total OPEB liability of the City, calculated using the discount rate of 1.96%, as well as what the City's total OPEB liability would be using a discount rate that is one percentage point lower (0.96%) or one percentage point higher (2.96%) than the current rate:

	1% Decrease (0.96%)	Current Discount Rate	1% Increase (2.96%)
Total OPEB Liability	<u>\$ 148,634</u>	<u>\$ 135,550</u>	<u>\$ 123,634</u>

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates

The following presents the total OPEB liability of the City, calculated using the healthcare cost trend rate of 8.00%, as well as what the City's total OPEB liability would be using a discount rate that is one percentage point lower (7.00%) or one percentage point higher (9.00%) than the current rate:

	1% Decrease (7.00% decreasing to 4.00%)	Current Healthcare Rate	1% Increase (9.00% decreasing to 6.00%)
Total OPEB Liability	<u>\$ 121,343</u>	<u>\$ 135,550</u>	<u>\$ 152,084</u>

**City of Fairway, Kansas**  
**Notes to the Basic Financial Statements**  
**December 31, 2020**

OPEB Expense and Deferred Outflows and Deferred Inflows of Resources Related to OPEB

For the year ended December 31, 2020, the City recognized OPEB expense of \$13,212. The City reported deferred outflows and deferred inflows related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Changes in assumptions	\$ 17,659	\$ (5,023)
Differences between expected and actual experience	22,165	-
	<u>\$ 39,824</u>	<u>\$ (5,023)</u>

Amounts reported as deferred outflows and inflows of resources related to OPEB will be recognized as a reduction of OPEB expense as follows:

Year Ending	Amount
2021	\$ 2,695
2022	2,695
2023	2,695
2024	2,695
2025	2,695
2026 and thereafter	21,326
	<u>\$ 34,801</u>

KPERS Death and Disability Plan

Plan Description - The City participates in a multiple-employer defined benefit OPEB plan which is administered by KPERS. The plan provides long-term disability benefits and a life insurance benefit for disabled members to KPERS members, as provided by K.S.A. 74-04927. The plan is administered through a trust held by KPERS that is funded to pay annual benefit payments. However, because the trust's assets are used to pay employee benefits other than OPEB, the trust does not meet the criteria in paragraph 4 of GASB Statement 75. Accordingly, the plan is considered to be on a pay-as-you-go basis.

Benefits Provided - Benefits are established by statute and may be amended by the KPERS Board of Trustees. The plan provides long-term disability benefits equal to 60% (prior to January 1, 2006, 66-2/3%) of annual compensation, offset by other benefits. Members receiving long-term disability benefits also receive credit towards their KPERS retirement benefits and have their group life insurance coverage continued under the waiver premium provision.

The monthly long-term disability benefit is 60% of the member's monthly compensation, with a minimum of \$100 and a maximum of \$5,000. The monthly benefit is subject to reduction by deductible sources of income, which include Social Security primary disability or retirement benefits, workers compensation benefits, other disability benefits from any other sources by reason of employment, and earnings from any form of employment. If the disability begins before age 60, benefits are payable while the disability continues until the member's 65<sup>th</sup> birthday or retirement date, whichever occurs first. If the disability begins after age 60, benefits are payable while the disability continues, for a period of five years or until the member retires, whichever occurs first.

**City of Fairway, Kansas**  
**Notes to the Basic Financial Statements**  
**December 31, 2020**

Benefit payments for disabilities caused or contributed to by substance abuse or non-biologically based mental illnesses are limited to the shorter of the term of the disability or 24 months per lifetime.

The death benefit paid to beneficiaries of disabled members is 150% of the greater of 1) the member's annual rate of compensation at the time of disability or 2) the members previous 12 months of compensation at the time of the last date on payroll. If the member has been disabled for five or more years, the annual compensation or salary rate at the time of death will be indexed using the consumer price index, less one percentage point, to compute the death benefit. If a member is diagnosed as terminally ill with a life expectance of 12 months or less, the member may be eligible to receive up to 100% of the death benefit rather than having the benefit paid to the beneficiary. If a member retires or disability benefits end, the member may convert the group life insurance coverage to an individual insurance policy.

Employees Covered by Benefit Terms

As of December 31, 2020, the following employees were covered by the benefit terms:

Inactive members or beneficiaries currently receiving benefit payments	1
Active employees	<u>12</u>
	<u>13</u>

Total OPEB Liability

The City's total OPEB liability of \$130,271 was measured as of June 30, 2020 and was determined by an actuarial valuation as of December 31, 2019, which was rolled forward to June 30, 2020.

Actuarial Assumptions and Other Inputs - The total OPEB liability in the December 31, 2019 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement:

Price inflation	2.75%
Payroll growth	3.00%
Salary increases, including inflation	3.50 to 10%, including price inflation
Discount rate	2.21%
Actuarial cost method	Entry Age Normal

The discount rate was based on the Bond Buyer General Obligation 20-Bond Municipal Index.

Mortality rates were based on the RP-2014 Mortality Tables, adjusted for generational mortality improvements for future years using MP-2020.

The actuarial assumptions used in the December 31, 2019 valuation were based on an actuarial experience study conducted for two years ending December 31, 2018. Other demographic assumptions are set to be consistent with the actuarial assumptions reflected in the December 31, 2019 KPERS pension valuation.

**City of Fairway, Kansas**  
**Notes to the Basic Financial Statements**  
**December 31, 2020**

Change in the Total OPEB Liability

Beginning of year	\$ 117,278
Changes for the year:	
Service cost	3,536
Interest	4,121
Economic/demographic gains or losses	(2,310)
Benefit payments	(6,223)
Changes in assumptions or other inputs	13,869
End of year	<u>\$ 130,271</u>

Changes of assumptions and other inputs reflect the effects of changes in the discount rate each period. The discount rate decreased from 3.50% on June 30, 2019 to 2.21% on June 30, 2020.

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The following presents the KPERS OPEB liability of the City, calculated using the discount rate of 2.21%, as well as what the City's KPERS OPEB liability would be using a discount rate that is one percentage point lower (1.21%) or one percentage point higher (3.21%) than the current rate:

	1% Decrease (1.21%)	Current Discount Rate	1% Increase (3.21%)
Total OPEB Liability	<u>\$ 142,185</u>	<u>\$ 130,271</u>	<u>\$ 119,768</u>

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates

Healthcare cost trend sensitivity analysis is not applicable as healthcare trend rates do not affect the liabilities related to the long-term disability benefits sponsored by KPERS.

OPEB Expense and Deferred Outflows and Deferred Inflows of Resources Related to OPEB

For the year ended December 31, 2020, the City recognized OPEB expense of \$8,950. The City reported deferred outflows and inflows related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Changes in assumptions	\$ 15,228	\$ (5,995)
Differences between expected and actual experience	5,372	(2,076)
	<u>\$ 20,600</u>	<u>\$ (8,071)</u>

**City of Fairway, Kansas**  
**Notes to the Basic Financial Statements**  
**December 31, 2020**

Amounts reported as deferred outflows and inflows of resources related to OPEB will be recognized as a reduction of OPEB expense as follows:

Year Ending	Amount
2021	\$ 1,293
2022	1,293
2023	1,293
2024	1,293
2025	1,293
2026 and thereafter	6,064
	\$ 12,529

Summary of OPEB Plans

As of December 31, 2020, the City's total OPEB liability, deferred outflows and inflows of resources and OPEB expense associated with the two OPEB plans are summarized as follows:

Total OPEB liability	\$ 265,821
Deferred outflows of resources	60,424
Deferred inflows of resources	13,094
OPEB expense	22,162

**Note 6: Interfund Transfers**

Interfund transfers for the year ended December 31, 2020 are as follows:

	Transfers In	Transfers Out
General fund	\$ -	\$ 855,000
SIM fund	30,000	-
Capital Projects fund	700,000	-
Equipment Reserve fund	125,000	-
	\$ 855,000	\$ 855,000

Transfers are used to (1) move revenues from the fund that a statute or the budget requires to collect them to the fund that a statute or the budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and (3) use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations. Any transfers within the governmental funds have been eliminated in the government-wide Statement of Activities.

**Note 7: Commitments and Contingencies**

Litigation

The City is subject to various legal actions and claims arising in the normal course of its activities. In the opinion of management and counsel, the probability of material aggregate liabilities not covered by insurance resulting from these claims is remote.

**City of Fairway, Kansas**  
**Notes to the Basic Financial Statements**  
**December 31, 2020**

**Tax Abatements**

Generally accepted accounting principles require the City to disclose information about tax abatement agreements entered into by it, or other governmental entities, that reduce the City's tax revenues. As of December 31, 2020, the City has not entered into any such agreements, and based on its review, has determined that no other governmental entities have entered into any agreements that would reduce its tax revenues.

**Commitments**

Capital projects often extend over several years. The City has made normal commitments for future expenditures related to capital project programs.

**Note 8: Risk Management**

The City is exposed to various risks of loss related to torts, loss and damage to property, errors and omissions and injuries to employees. There have been no significant changes in coverages from the previous year and settled claims have not exceeded the insurance coverage in any of the past three years. The City obtains health, dental, and property and liability coverage through its membership in Midwest Public Risk (MPR), which was formed as a public entity risk retention pool. MPR has the authority to assess its members additional premiums should reserves and premiums be insufficient to meet its obligations. MPR has not had any deficiencies in the last three years and the City does not anticipate any additional assessments in excess of the premiums paid.

The City obtains workers' compensation insurance through its membership in the Kansas Eastern Region Insurance Trust (KERIT), whose members consist of local cities and counties. KERIT is a risk-sharing pool organized under the insurance laws of the State of Kansas, which self-insures workers' compensation and other related expenses up to certain limits and reinsures additional excess amounts up to certain limits. The City pays annual premiums to the Trust based upon historical experience and legal requirements mandated by the State of Kansas. The trust agreement allows for member assessments in the event claims and expenses exceed the Trust's self-insured retention limit. The City does not anticipate any additional assessments in excess of premiums paid as a result of their participation in the Trust.

**Note 9: Shawnee Indian Mission Historical Site**

In 2016, the City entered into various agreements to manage the Shawnee Indian Mission (SIM) historical site and created the Shawnee Indian Mission Fund to account for the activities associated with these agreements. The agreements are with the Kansas State Historical Society (KSHS), which is the custodian of the site, and the Shawnee Indian Mission Foundation (SIMF), a not-for-profit corporation whose purpose is to preserve and promote the site.

The agreement with the KSHS permits the City to manage the daily operations of the site, including the responsibility for routine maintenance, and allows the City to retain any admissions and rental fees. The agreement also provides funding for the operating costs of the site, subject to state appropriation, over the term of the agreement, which is from July 1, 2016 to June 30 2021, with the funding only for the period from July 1, 2016 to June 30, 2019.

**City of Fairway, Kansas**  
**Notes to the Basic Financial Statements**  
**December 31, 2020**

The agreement with the SIMF establishes the collaboration with the City to preserve and maintain the site and specifies the minimum SIMF funding to be provided to the City for the term of the agreement, which is from July 1, 2016 to June 30, 2021. The funding for 2020 was \$68,269. The City and the SIMF have also entered into an agreement to establish an endowment fund in order to generate additional resources to support the site.

**Note 10: Community Improvement District**

On December 14, 2020, the City authorized the creation of the 55<sup>th</sup> and Parkway Community Improvement District (the CID) to finance certain project costs in the CID through the imposition of a 1.5% CID sales tax for a period of up to twenty-two years. On this date the City also approved a development agreement to reimburse the developer a maximum of \$400,000 of project costs for CID improvements. The reimbursement is on a pay-as-you-go basis solely from the proceeds of the sales tax. If the proceeds are not sufficient to fully reimburse the developer, the City will have no responsibility for any deficiency in the amount to be reimbursed. The CID will terminate at the earlier of the reimbursement of the maximum costs or twenty-two years. The development and sales tax collections will begin in 2021.

Notes to Required Supplementary Information  
December 31, 2020

Required supplementary information includes financial information and disclosures that are required by GASB but are not considered a part of the basic financial statements. This information includes the Budgetary Comparison Schedule – General Fund, Schedule of the City's Proportionate Share of the Net Pension Liability, Schedule of Pension Contributions, and the Schedule of Changes in Total OPEB Liability and Related Ratios.

Budgetary Data

The City utilizes encumbrances for budgetary reporting purposes. Encumbrances relating to certain contractual agreements, supplies and equipment that have been ordered but not received are reported in the year the commitment arises for budgetary reporting purposes. However, for financial reporting purposes, the goods or services are reported when they are received. All unencumbered appropriations lapse at year-end.

Pension Schedules - Changes of Benefits or Assumptions

There were no changes in benefit terms during the Plan year ended June 30, 2020 that affected the measurement of the total pension liability.

Actuarial assumption changes that were adopted by the Plan that were effective for the December 31, 2019 valuation consisted of:

- Lowering the investment return assumption from 7.75% to 7.50%
- Lowering the general wage growth assumption from 3.50% to 3.25%

OPEB Schedules - Changes of Benefits or Assumptions

There were no changes in benefit terms. Actuarial assumption changes that were adopted by the Plans for the most recent valuations consisted of:

City Healthcare Plan July 1, 2019 valuation:

- Lowering the discount rate from 3.00% to 1.96%

KPERS Death and Disability Plan December 31, 2019 valuation:

- Lowering the discount rate from 3.50% to 2.21%
