Adverse and Unmodified Opinions

Basis for Adverse Opinion on Accounting Principles Generally Accepted in the United States of America
In our opinion, because of the significance of the matter discussed in the Basis for Adverse and Unmodified Opinions section of our report, the accompanying financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of **Sumner County Educational Services Interlocal District No. 619, Wellington, Kansas,** or changes in financial position and cash flows thereof for the year then ended.

Unmodified Opinion on Regulatory Basis of Accounting
In our opinion, the accompanying financial statement referred to above presents fairly, in all material respects, the aggregate cash and unencumbered cash balance of **Sumner County Educational Services Interlocal District No. 619, Wellington, Kansas,** as of **June 30, 2024**, and the aggregate receipts and expenditures for the year then ended in accordance with the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide* described in Note 1.

Board of Directors
Sumner County Educational Services Interlocal District No. 619

Matter Giving Rise to Adverse Opinion on Accounting Principles Generally Accepted in the United State of America
As discussed in Note 1 of the financial statement, the financial statement is prepared by **Sumner County Educational Services Interlocal District No. 619, Wellington, Kansas,** on the basis of the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide*, which is a basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Responsibilities of Management for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with the *Kansas Municipal Audit and Accounting Guide* as described in Note 1; this includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

In preparing the financial statement, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about **Sumner County Educational Services Interlocal District No. 619, Wellington, Kansas'** ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statement

Our objectives are to obtain reasonable assurance about whether the financial statement as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statement.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statement, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the **Sumner County Educational Services Interlocal District No. 619, Wellington, Kansas'** internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statement.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the **Sumner County Educational Services Interlocal District No. 619, Wellington, Kansas'** ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

SUMNER COUNTY EDUCATIONAL SERVICES INTERLOCAL DISTRICT NO. 619
NOTES TO FINANCIAL STATEMENT
JUNE 30, 2024

Note 1 - Summary of Significant Accounting Policies:

Financial Reporting Entity

Sumner County Educational Services Interlocal District No. 619, Wellington, Kansas, represents an interlocal unified school district established under State of Kansas statutes. The District was formed through an agreement of five Kansas Unified School Districts (Belle Plaine, Oxford, Argonia, Caldwell, and South Haven) located in and around Sumner County, Kansas to meet special education requirements at the primary and secondary levels. The District is governed by a Board of Directors comprised of one member from each member district. The District's financial statement includes all funds over which the Board of Directors exercises financial responsibility. Financial responsibility includes appointment of governing body members, designation of management, the ability to significantly influence operations and accountability for fiscal matters.

KMAAG Regulatory Basis of Presentation Fund Definitions:

> Special Purpose Funds-used to account for the proceeds of specific tax levies and other specific regulatory receipt sources (other than Capital Project and tax levies for long-term debt) that are intended for specified purposes.
>
> Agency Funds-funds used to report assets held by the municipal reporting entity in a purely custodial capacity (payroll clearing fund, county treasurer tax collection accounts, etc.).

Regulatory Basis of Accounting and Departure from Accounting Principles Generally accepted in the United States of America

The KMAAG regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis receipts and regulatory basis expenditures for the fiscal year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligation against cash. The KMAAG regulatory basis does not recognize capital assets, long-term debt, accrued receivables and payables, or any other assets, liabilities or deferred inflows or outflows, other than those mentioned above.

The District has approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirement for application of accounting principles generally accepted in the United States of America and allowing the municipality to use the regulatory basis of accounting.

Budget and Assessment Cycle

The District prepares a budget using the regulatory basis of accounting to determine assessment to member districts and other financial planning purposes. Assessments are made in two equal installments.

The Kansas cash-basis and budget laws permit transferring budgeted amounts between line items within an individual fund. However, such laws prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison schedules are presented for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

All legal annual operating budgets are prepared using the regulatory basis of accounting, in which regulatory receipts are recognized when cash is received and expenditures include disbursements, accounts payable, and encumbrances, with disbursements being adjusted for the prior year's accounts payable and encumbrances. Encumbrances are commitments by the District for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. Any unused budgeted expenditure authority lapses at year end.

A legal operating budget is not required for the following special purpose funds:

Professional Development Fund
Continuous Improvement Grant Fund
Sumner County Academy Fund

Spending in funds which are not subject to the legal annual operating budget requirement is controlled by federal regulations, other statutes, or by the use of internal spending limits established by the governing body.

Note 2 - Post Employment Benefits:

As provided by K.S.A. 12-5040, the District allows retirees to participate in the group health insurance plan. While each retiree pays the full amount of the applicable premium, conceptually, the District is subsidizing the retirees because each participant is charged a level of premium regardless of age. However, the cost of this subsidy has not been quantified in the financial statement.

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the District makes health care benefits available to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured.

Note 3 - Other Post Employment Benefits:

Death and Disability Other Post Employment Benefits. As provided by K.S.A. 74-4927, disabled members in the Kansas Public Employees Retirement System (KPERS) receive long-term disability benefits and life insurance benefits. The plan is administered through a trust held by KPERS that is funded to pay annual benefit payments. The employer contribution rate is set at 1% for the year ended June 30, 2024.

Note 4 - Interfund Transactions:

Operating transfers in accordance with K.S.A. 72-7063 were as follows:

	Transfer to:		
Transfer from:	Professional Development	Sumner County Academy	Total
Special Education	$ 11,382	$ 451,511	$ 462,893

Note 5 - Defined Benefit Pension Plan:

Plan description
The District participates in the Kansas Public Employees Retirement System (KPERS), a cost-sharing, multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, et seq. Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and required supplementary information. KPERS' financial statements are included in its Comprehensive Annual Financial Report which can be found on the KPERS website at www.kpers.org or by writing to KPERS (611 South Kansas, Suite 100, Topeka, KS 66603) or by calling 1-888-275-5737.

Contributions
K.S.A. 74-4919 and K.S.A. 74-49,210 establish the KPERS member-employee contribution rates. KPERS has multiple benefit structures and contribution rates depending on whether the employee is a KPERS 1, KPERS 2 or KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009. KPERS 2 members were first employed in a covered position on or after July 1, 2009 and KPERS 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas law established the KPERS member-employee contribution rate of 6% of covered salary for KPERS 1, KPERS 2 and KPERS 3 members. Member contributions are withheld by their employer and paid to KPERS according to the provisions of Section 414(h) of the Internal Revenue Code.

State law provides that the employer contribution rates for KPERS 1, KPERS 2 and KPERS 3 be determined based on the results of each annual actuarial valuation. Kansas law sets a limitation on annual increases in the employer contribution rates. The actuarially determined employer contribution rate and the statutory contribution rate (not including the 1% contribution rate for the Death and Disability Program) was 13.88% and 13.11%, respectively, for the fiscal year ended June 30, 2023. The actuarially determined employer contribution rate and the statutory contribution rate was 13.38% and 12.57% for the fiscal year ended June 30, 2024.

The 2015 Legislature passed and the Governor approved Senate Bill 228 authorizing the issuance of $1.0 billion in pension obligation bonds to fund a portion of the School-Group's unfunded actuarial liability. The bonds were successfully issued in August 2015 and the proceeds were transferred to the System.

The 2021 Legislature passed Senate Bill 2405, which authorizes the State of Kansas to issue pension obligation bonds, series 2021K, net proceeds of $500 million to fund a portion of the School-Group's unfunded actuarial liability. The bond proceeds were received by KPERS on August 26, 2021.

The 2022 Legislature passed Senate Bill 421, which authorized the State of Kansas to transfer $1.125 billion from the State General Fund directly to KPERS in Fiscal Years 2022 and 2023. The first $253.9 million paid off outstanding accounts receivable for KPERS-School employer contributions withheld in Fiscal Year 2017 and Fiscal Year 2019 while the remaining $871.1 million was applied to the KPERS-School unfunded actuarial liability. In Fiscal Year 2022, $600 million was transferred in May/June 2022.

In addition, Senate Bill 421 authorizes two additional transfers in Fiscal Year 2023 which totaled $271 million. The first transfer of $146.1 million was received on August 1, 2022. The second transfer of $125 million was received on December 1, 2022.

The State of Kansas is required to contribute the statutory required employer's share. Since the District is considered a special funding situation, the District was not required to contribute amounts equal to the statutory contribution rate for the year ended June 30, 2024.

Net Pension Liability

The District is considered a special funding situation. The state contributes 100% of the contractually required employer contributions. However, they do make contributions directly to KPERS for KPERS retirees filling KPERS covered positions per K.S.A. 74-4937, "working after retirement" employees. The resulting proportional share of the "working after retirement" contributions and resulting net pension liability are attributable to the employer. At June 30, 2024, the District's proportionate share of the collective net pension liability reported by KPERS was $133,284. The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2022, which was rolled forward to June 30, 2023. The District's proportion of the net pension liability was based on the ratio of the District's contributions to KPERS, relative to the total employer and non-employer contributions of the State/School subgroup within KPERS for the fiscal year ended June 30, 2023. Since the KMAAG regulatory basis of accounting does not recognize long-term debt, this liability is not reported in this financial statement.

The complete actuarial valuation report including all actuarial assumptions and methods, and the report on the allocation of the KPERS collective net pension liability to all participating employers are publicly available on the website at www.kpers.org or can be obtained as described above.

Note 6 - Contingencies:

Grant Programs

The District participates in various federal and state grant programs. These grant programs are often subject to additional audits by agents of the granting agency, the purpose of which is to ensure compliance with the specific conditions of the grant. Any liability for reimbursement which may arise as a result of these audits cannot be reasonably determined at this time, although it is believed the amount, if any, would not be material.

Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District carries commercial insurance for all risks of loss. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

Medicaid Payments

The District submits reports of time for providing medical services to children with disabilities to a third party. The third party reviews the reports and files claims for Medicaid reimbursement.

Medicaid then pays the third party based on Medicaid's determination of allowed payment. The third party retains a percentage of the payment based on an agreement with the District and remits the remainder approximately monthly for the previous month's claims. Due to adjustments made by both the third party and Medicaid, the actual amount to be received by the District is undeterminable and has not been recorded. It will be recorded as received.

Note 7 - Litigation:

The District is a party to various claims, none of which is expected to have a material financial impact on the financial statement.

Note 8 - Deposits:

K.S.A. 9-1401 establishes the depositories which may be used by the District. The statute requires banks eligible to hold the District's funds have a main or branch bank in the county in which the District is located or in an adjoining county if such institution has been designated as an official depository, and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. The District has no other policies that would further limit interest rate risk.

K.S.A. 12-1675 limits the District's investment of idle funds to time deposits, open accounts and certificates of deposit with allowable financial institutions; U.S. government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The District has no investment policy that would further limit its investment choices.

Concentration of credit risk. State statutes place no limit on the amount the District may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405.

Custodial credit risk – deposits. Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. State statutes require the District's deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka, except during designated "peak periods" when required coverage is 50%. All deposits were legally secured at June 30, 2024.

At June 30, 2024, the District's carrying amount of deposits was $1,393,063 and the bank balance was $1,669,934. The bank balance was held by one bank resulting in a concentration of credit risk. Of the bank balance, $250,000 was covered by federal depository insurance and the remaining $1,419,934 was collateralized with securities held by the pledging financial institution's agent in the District's name.

Note 9 - Compensated Absences:

All permanent full-time employees are eligible for vacation and/or sick leave benefits in varying annual amounts depending on position and length of service.

It is the policy of the District to record vacation and sick leave benefits as expenditures when paid.

Note 10 - Subsequent Events:

The District has evaluated subsequent events through October 15, 2024, the date which the financial statement was available to be issued.
