# INDEPENDENT AUDITOR'S REPORT

Board of Directors
Rural Water District Number 8
Leavenworth County, Kansas

## Opinions

We have audited the accompanying financial statements of the business-type activities of Rural Water District Number 8, Leavenworth County, Kansas as of and for the year ended December 31, 2024 and 2023, and the related notes to the financial statements, which collectively comprise District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of Rural Water District Number 8, Leavenworth County, Kansas as of December 31, 2024 and 2023, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Rural Water District Number 8, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Rural Water District Number 8's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

## Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Rural Water District Number 8's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Rural Water District Number 8's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified
during the audit.

**Required Supplementary Information**
Rural Water District Number 8 has not presented the Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by Governmental Accounting Standards Board, who considers it an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

**Supplementary Information**
Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Rural Water District Number 8's basic financial statements. The supplementary information is presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

| | $ 81,284 | $ 100,895 |

The accompanying notes are an integral part of these financial statements.

## NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting principles consistently applied in the preparation of the accompanying financial statements are noted as follows.

### 1. Financial Reporting Entity

The scope of the entity for financial reporting purposes is defined as those funds for which the Rural Water District Number 8 (here in referred to as the District) is considered financially accountable. The District's financial statements include all of its operations. The District is a separately administered organization. The District has no component units. The District is a quasi-municipality governed by an elected six-member board.

### 2. Government-wide and Fund Financial Statements

***Government-wide Financial Statements*** - The government-wide financial statements include the statement of net position. This statement reports financial information for the District as a whole. Individual funds are not displayed but the statements distinguish between governmental activities generally supported by taxes and general revenues (of which the District does not have any), from the business-types activities, generally financed in whole or in part with fees charged to external customers. The District is a special-purpose government engaged in a single governmental program delivery of water to customers near Leavenworth, Kansas area.

The statement of revenues, expenses and changes in net position reports the expenses of a given function offset by program revenues directly connected with the functional program. A function is an assembly of similar activities, expenses and program revenues associated with a distinct functional activity. Program revenues include: (1) charges for services that report fees, fines and forfeitures, and other charges to users of the District's services; (2) members deposits water meters. All other revenues not properly included with program revenues or meter deposits will be reported as general revenues.

### 3. Measurement focus and Financial Statement Presentation

In June 1999, GASB issued Statement No. 34, Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments. This statement, known as the "Reporting Model" statement, affects the way the District prepares and presents financial information.

GASB Statement No. 34 established new requirements and a new reporting model for the annual financial reports of state and local governments, including special purpose governments. The statement was developed to make annual reports easier to understand and more useful to the people who use governmental financial information to make decision and includes:

Management's Discussion and Analysis – GASB Statement No. 34 requires that financial statements be accompanied by a narrative introduction and analytical overview of the District's financial activities in the form of " management's discussion and analysis" (MD&A). This analysis is similar to analysis the private sector provides in their annual reports. The District has chosen to omit this discussion from the report.

Statement of Net Assets or Balance Sheet – This statement is designated to display the financial position of the District. Districts report all capital assets, including infrastructure. The net assets of the District will be broken down into three categories: 1) invested in capital assets, net of related debt, 2) restricted, and 3) unrestricted.

Measurement Focus, Basis of Accounting, and Financial Statement Position – The financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

**NOTE A. – SUMMARY OF SINIFICANT ACCOUNTING POLICIES – continued**

**3. Measurement Focus and Financial Statement Presentation - continued**

The financial statements of the District are prepared in accordance with generally accepted accounting principles (GAAP). The District's reporting entity applies all relevant Governmental Accounting Standards Board (GASB) pronouncements and applicable Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, unless they conflict with GASB pronouncements. The District reporting entity does not apply FASB pronouncements or APB opinions issued after November 30, 1989.

The District's statements will report using the economic resources measurement focus and the accrual basis of accounting. Reimbursements are reported as reductions to expenses or capital assets. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Operating income reported in the financial statements includes revenues and expenses related to the primary, continuing operations of the District. Operating revenues are charges to customers for sales or services. Operating expenses are the costs of providing goods or services and include administrative expenses and depreciation of capital assets. Non-operating revenues and expenses consist of gain (loss) on sales of assets, realized and unrealized gains and losses on investments, and investment income. Other revenues and expenses consist primarily of benefit units sold or refunded.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as needed.

**4. Fund Types and Major Funds**

***Governmental funds*:** The District has no governmental funds.

***Business-type funds*:** The District has one major enterprise fund. The Water fund accounts for the operating activities of the District's water utilities services.

**5. Cash and Cash Equivalents**

For purposes of the statement of cash flows, cash equivalents are short term, liquid investments having original maturities of three months or less, not restricted for contingencies.

**6. Accounts Receivable**

The direct write-off method is used for bad debts. Accounts receivable are written off when deemed uncollectible. Accordingly, no allowance for bad debts has been recorded.

**7. Inventory**

Inventory consist of pipe, meters and other materials used by the District in its daily operations and is valued at cost which is based upon invoices received at the time the inventory item is paid.

**8. Property, Plant and Equipment**

Property, plant and equipment are reported at cost. Major improvements and betterments to existing property and equipment are capitalized. Expenditures for maintenance and repairs that do not extend the life of the applicable assets are charged to expenses as incurred. Historically, the District has received reimbursements from customers (i.e. line extensions) which are accounted for as reductions of costs.

**NOTE A. – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued**

**8. Property, Plant and Equipment - continued**

Depreciation is provided on the straight-line basis over the estimated useful life of the assets as follows:

| | |
|---|---|
| Water System | 40 years |
| Building | 40 years |
| Water Tower | 40 years |
| Vehicles | 7 years |
| Administrative equipment | 5 - 10 years |

**9. Income Tax**

The District is not subject to federal or state income taxes as a quasi-governmental unit.

**10. Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**11. Revenues**

Operating revenues and expenses included the sale of water and the expenses associated with pumping and cleaning the water. Non-operating revenues and expenses consist of investment income and sales of assets.

**12. Deferred Outflows and Inflows of Resources**

The District has deferred outflows in terms of prepaid insurance and deferred inflows in terms of advances received on line extensions from customers both of which will be recognized in the following year.

**13. Revenue Recognition**

Each moth as customers use water the amount of water is monitored through a meter. The meters are read and gallons used are entered into a software program where the bill is calculated and sent out to the customer. The District records the sale at the time the bill is sent to the customer.

**NOTE B - ASSETS, LIABILITIES AND NET POSITION**

**1. Cash and Investments**

**Deposits and Investments** - K.S.A. 9-1401 establishes the depositories which may be used by the District. The statute requires banks eligible to hold the District's funds have a main or branch bank in the county in which the District is located, or in an adjoining county if such institution has been designated as an official depository, and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. The District has no other policies that would further limit interest rate risk.

**Custodial credit risk** – Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. State statutes require the District's deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka, except during

**NOTE B. - ASSETS, LIABILITIES AND NET POSITION - continued**

**1. Cash and Investments – continued**

designated "peak periods" when required coverage is 50%. The District did not have any designated "peak periods" for the current year. All deposits were legally secured at December 31, 2024 and 2023.

At year-end, the carrying amount of the District's deposits including certificates of deposit was $2,361,901 and $2,402,534 for 2024 and 2023 respectively. The bank balances were $2,364,901 and $2,405,514 for 2024 and 2023 respectively. The difference between book and bank balance is outstanding deposits and checks. The bank balance was held by three banks thus reducing concentration of credit risk. Of the bank balance, $715,818 and $706,124 for 2024 and 2023 respectively was covered by FDIC insurance and $1,536,687 and $1,317,414 respectively was collateralized with securities held by the pledging financial institutions' agents in the District's name. The District was under secured in the amount of $112,396 and $327,976 for December 31, 2024 and 2025 respectively.

**Investments** - K.S.A. 12-1675 authorizes the District's investment of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The District has no investment policy that would further limit its investment choices. At December 31, 2024 and 2023, the District held certificates of deposit only.

**2. Accounts Receivable**

| Accounts receivable | 2024 | 2023 |
|---|---|---|
| Currently due from customers | $ 13,537 | $ 13,600 |
| Receivable from AV Tech for meter issues | 237,900 | 237,900 |
| | $ 251,437 | $ 251,500 |

**3. Inventories**

Inventory is valued at costs and is used internally and not for resell.

| Inventories | 2024 | 2023 |
|---|---|---|
| Pipe, couplings, fittings, meters ect. | $ 41,925 | $ 0 |

**NOTE B. - ASSETS, LIABILITIES AND NET POSITION - continued**

**4. Capital Assets are detailed as follows:**

| | 2024 | | | |
|---|---|---|---|---|
| Capital assets | Beginning Balance | Additions | Retirements | Ending Balance |
| Rural water system | $ 2,631,684 | $ 462,566 | $ 0 | $ 3,094,250 |

| Vehicle | 95,600 | 0 | 0 | 95,600 |
| Other equipment | 18,208 | 7,394 | 0 | 25,602 |
| Totals at cost | 3,308,685 | 471,247 | 0 | 3,779,932 |
| Accumulated depreciation: | 1,843,413 | 79,343 | 0 | 1,922,756 |
| Net property, plant and equipment | $ 1,465,272 | $ 391,904 | $ 0 | $ 1,857,176 |

| | 2023 | | | |
|---|---|---|---|---|
| Capital assets | Beginning Balance | Additions | Retirements | Ending Balance |
| Rural water system | $ 2,631,684 | $ 0 | $ 0 | $ 2,631,684 |
| Land | 42,343 | 0 | 0 | 42,343 |
| Buildings | 67,424 | 0 | 0 | 67,424 |
| Water tower | 433,863 | 0 | 0 | 433,863 |
| Administrative equipment | 17,956 | 1,607 | 0 | 19,563 |
| Vehicle | 42,600 | 53,000 | 0 | 95,600 |
| Other Equipment | 18,208 | 0 | 0 | 18,208 |
| Totals at cost | 3,254,078 | 54,607 | 0 | 3,308,685 |
| Accumulated depreciation: | 1,778,853 | 64,560 | 0 | 1,843,413 |
| Net property, plant and equipment | $ 1,475,225 | $ (9,953) | $ 0 | $ 1,465,272 |

There were no impairment of capital assets as described above as of December 31, 2024 or 2023.

**5. Compensated Absences**

The District does not pays for unused vacation.

**NOTE C. - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY**

**1. Budgetary Information**

The District adopts an internal budget for the support and maintenance of the District.

**NOTE C. - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY - continued**

**2. Compliance with Kansas Statutes**

The District was under secured by $112,396 and $327,976 for December 31, 2024 and 2023 respectively. Management is not aware of any other statutory violations for the years ended December 31, 2024 or 2023

**NOTE D. - OTHER INFORMATION**

**1. Risk Management**

The District is exposed to various risks of loss related to torts' theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the District carries commercial insurance. During the last three years, claim settlements have not exceeded insurance coverage.

**2. Concentrations of Risk**

The District purchases 100 percent of its water from the City of Leavenworth.

**3. Subsequent events**

The District had determined that it was necessary to replace all meters in the District, as some of the old meters were no longer sending a signal for determining water usage. The replacement of meters and their installation was started in 2022. However due to issues with the sending mechanism (which were defective), the District is now negotiating for the return of funds for the defective equipment in the amount of $237,900.
