Unified School District No. 475
Junction City, Kansas

Independent Auditor's Report

Adverse and Unmodified Opinions
We have audited the accompanying fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances of Unified School District No. 475 (the District), as of and for the year ended June 30, 2024 and the related notes to the financial statement.

Adverse Opinion on U.S. Generally Accepted Accounting Principles
In our opinion, because of the significance of the matter discussed in the Basis for Adverse and Unmodified Opinions section of our report, the accompanying financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the District as of District, or changes in financial position and cash flows thereof for the year then ended.

Unmodified Opinion on Regulatory Basis of Accounting
In our opinion, the accompanying financial statement referred to above presents fairly, in all material respects, the aggregate cash and unencumbered cash balance of the District as of June 30, 2024, and the aggregate receipts and expenditures for the year then ended in accordance with the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide* (KMAAG) described in Note 1.

Basis for Adverse and Unmodified Opinions
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS), KMAAG and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statement section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our adverse and unmodified audit opinions.

Matter Giving Rise to the Adverse Opinion on U.S. Generally Accepted Accounting Principles
As discussed in Note 1 of the financial statement, the financial statement is prepared by the District on the basis of the financial reporting provisions of the KMAAG, which is a basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Responsibilities of Management for the Financial Statement
Management is responsible for the preparation and fair presentation of the financial statement in accordance with KMAAG as described in Note 1; this includes determining regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statement that is free from material misstatement, whether due to fraud or error.

In preparing the financial statement, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statement

Our objectives are to obtain reasonable assurance about whether the financial statement as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statement.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statement, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statement.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances (basic financial statement) as a whole. The summary of regulatory basis expenditures-actual and budget, individual fund schedules of regulatory basis receipts and expenditures-actual and budget, schedule of regulatory basis receipts and expenditures-agency funds (Schedules 1, 2, 3 and 4 as listed in the table of contents) are presented for purposes of additional analysis and are not required part of the basic financial statement; however, are required to be presented under the provisions of the KMAAG. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statement. The information has been subjected to the auditing procedures applied in the audit of the basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statement or to the basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information is fairly stated in all material respects, in relation to the basic financial statement as a whole, on the basis of accounting described in Note 1.

Supplementary Information (Continued)
We also previously audited, in accordance with auditing standards generally accepted in the United States of America, the basic financial statement of the District as of and for the year ended June 30, 2023 (not presented herein), and have issued our report thereon dated October 18, 2023, which contained an unmodified opinion on the basic financial statement. The 2023 basic financial statement and our accompanying report are not presented herein, but are available in electronic form from the website of the Kansas Department of Administration at the following link https://admin.ks.gov/offices/oar/municipal-services. The 2023 actual column (2023 comparative information) presented in the individual fund schedules of regulatory basis receipts and expenditures-actual and budget for the year ended June 30, 2024 (Schedule 2 as listed in the table of contents) is presented for purposes of additional analysis and is not a required part of the basic financial statement. Such 2023 comparative information was subjected to the auditing procedures applied in the audit of the 2023 basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2023 basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the 2023 comparative information is fairly stated in all material respects in relation to the basic financial statement as a whole for the year ended June 30, 2024, on the basis of accounting described in Note 1.

Other Supplementary Information
Our audit was conducted for the purpose of forming an opinion on the financial statement that collectively comprises the District's basic financial statement. The Schedule of Expenditures of Federal Awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards is presented for purposes of additional analysis and is not a required part of the basic financial statement. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statement. The information has been subjected to the auditing procedures applied in the audit of the basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statement or to the basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated, in all material respects, in relation to the basic financial statement as a whole.

Other Reporting Required by Government Auditing Standards
In accordance with Government Auditing Standards, we have also issued our report dated October 23, 2024 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the District's internal control over financial reporting and compliance.

STATEMENT 1 (CONTINUED)

The accompanying notes are an integral part of this financial statement.
See Independent Auditor's Report.

Note 1: Summary of Significant Accounting Policies

Unified School District No. 475 (the District), is a municipal corporation governed by an elected seven member board. This financial statement includes all the accounts for which the District is considered to be financially accountable. The District has no related municipal entities.

Reimbursed Expenses

Expenditures in the amount of $452,023 and $8,032 are classified as reimbursed expenses in the General Fund and Supplemental General Fund, respectively. The purpose of these expenditures is payment for goods and services in which fees are collected and such expenditures are exempt from the budget law under K.S.A. 79-2934.

Reimbursed expenses are defined as repayments of amounts remitted on behalf of another party. All reimbursed expenses shown in the financial statement meet the following criteria:

1. the related disbursement was made in the current year on behalf of the payee,
2. the item paid for was directly identifiable as having been used by or provided to the payee, and
3. the amount of the reimbursed expense was directly tied to the amount of the original cash disbursement.

Regulatory Basis of Accounting and Departure from Accounting Principles Generally Accepted in the United State of America

The Kansas Municipal Audit and Accounting Guide (KMAAG) regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis receipts and regulatory basis expenditures for the fiscal year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligation against cash. The KMAAG regulatory basis does not recognize capital assets, long-term debt, accrued receivables and payables, or any other assets, liabilities or deferred inflows or outflows, other than those mentioned above.

The District has approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirement of application of generally accepted accounting principles and allowing the District to use the regulatory basis of accounting.

Regulatory Basis Fund Types

The accounts of the District are organized and operated on the basis of funds. A fund is defined as an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The District could have the following types of funds:

General Fund - the chief operating fund. Used to account for all resources except those required to be accounted for in another fund.

Special Purpose Fund - used to account for the proceeds of specific tax levies and other specific revenue sources (other than Capital Project and tax levies for long-term debt) that are intended for specified purposes.

Bond and Interest Fund - used to account for the accumulation of resources, including tax levies, transfers from other funds and payment of general long-term debt.

Capital Project Fund - used to account for the debt proceeds and other financial resources to be used for acquisition or construction of major capital facilities or equipment.

Trust Fund - used to report assets held in trust for the benefit of the District (i.e. pension funds, investment trust funds, private purpose trust funds which benefit the District, scholarship funds, etc.).

Agency Fund - used to report assets held by the District in a purely custodial capacity.

Note 1: Summary of Significant Accounting Policies (Continued)

Budgetary Information

Kansas statutes require that an annual operating budget be legally adopted for the general fund, special purpose funds (unless specifically exempted by statute) and bond and interest funds. The statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

1. Preparation of the budget for the succeeding twelve month period on or before August 1st of each year.
2. Publication in a local newspaper of the proposed budget and notice of public hearing on the budget.
3. Public hearing at least ten days after publication of notice of hearing.
4. Adoption of the final budget on or before August 25th.

If the District is holding a revenue neutral rate hearing, the budget timeline for adoption of the final budget has been adjusted to on or before September 20th. The District did hold a revenue neutral hearing.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in revenue other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication, the hearing may be held and the governing body may amend the budget at that time.

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of individual funds. Budget comparison statements are presented for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

All legal annual operating budgets are prepared using the regulatory basis of accounting, in which revenues are recognized when cash is received and expenditures include disbursements, accounts payable, and encumbrances, with disbursements being adjusted for prior year's accounts payable and encumbrances. Encumbrances are commitments by the District for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. Any unused budget expenditure authority lapses at year end.

A legal operating budget is not required for capital project funds, trust and agency funds, and the following special purpose funds:

Contingency Reserve Fund	Textbook and Student Material Revolving Fund
District Activity	

Spending in funds which are not subject to the legal annual operating budget requirement are controlled by federal regulations, other statutes, or by the use of internal spending limits established by the governing body.

Note 2: Deposits and Investments

Deposits. K.S.A. 9-1401 establishes the depositories which may be used by the District. The statute requires banks eligible to hold the District’s funds have a main or branch bank in the county in which the District is located, or in an adjoining county if such institution has been designated as an official depository, and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. The District has no other policies that would further limit interest rate risk.

Investments. K.S.A. 12-1675 limits the District’s investment of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The District has no investment policy that would further limit its investment choices.

Note 2: Deposits and Investments (Continued)

Some of the District's investments are of bond proceeds invested pursuant to K.S.A. 10-131. This statute allows additional investment authority beyond that of K.S.A. 12-1675. Investments of bond proceeds may follow K.S.A. 12-1675 or include other investments such as the KMIP, direct obligations of the U.S. government or any agency thereof, and various other investments as specified in K.S.A. 10-131.

At June 30, 2024, the District has the following investments:

Investment Type	Fair Value	Investment Maturities (in Years) Less than 1	1 - 2	Rating U.S.
U.S. Government Agencies				
Federated Government Obligations	$ 30,604,393	$ 30,604,393	$ -	
United States Treasury Notes	62,041,039	-	62,041,039	S&P A-1+
	$ 92,645,432	$ 30,604,393	$ 62,041,039	

Concentration of credit risk. State statutes place no limit on the amount the District may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405. The District's allocation of investments as of June 30, 2024, is as follows:

Investment	Investment
Federated Government Obligations	33%
United States Treasury Notes	67%

Custodial credit risk – deposits. Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. State statutes require the District's deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka, except during designated "peak periods" when required coverage is 50%. The District has no designated "peak periods". All deposits were legally secured at June 30, 2024.

At June 30, 2024, the District's carrying amount of deposits was $145,582,806 and the bank balance was $151,043,361. The bank balance was held by two banks resulting in a concentration of credit risk. Of the bank balance, $558,324 was covered by federal depository insurance and the balance of $150,485,037 was collateralized with securities held by the pledging financial institutions' agents in the District's name.

Custodial credit risk – investments. For an investment, this is the risk that, in the event of the failure of the issuer or counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State statutes require investments to be adequately secured.

Note 3: Long-Term Debt

Following is a summary of long-term debt transactions of the District for the year:

Issue	Interest Rates	Date of Issue	Amount of Issue	Date of Final Maturity	Beginning of Year	Additions	Refunded	Reductions/ Payments	End of Year	Interest Paid
General Obligation Bonds To Be Paid With Tax Levies										
2017A Construction	3.375 - 5.00%	12/21/2017	$ 63,500,000	9/1/2043	$ 2,175,000	$ -	$ -	$ -	$ 2,175,000	$ 108,750

Note 5: Defined Benefit Pension Plan

Plan description: The District participates in the Kansas Public Employees Retirement System (KPERS), a cost-sharing, multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, et seq. Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and required supplementary information. KPERS' financial statements are included in its Comprehensive Annual Financial Report which can be found on the KPERS website at www.kpers.org or by writing to KPERS (611 South Kansas, Suite 100, Topeka, KS 66603) or by calling 1-888-275-5737.

Contributions: K.S.A. 74-4919 and K.S.A. 74-49,210 establish the KPERS member-employee contribution rates. KPERS has multiple benefit structures and contribution rates depending on whether the employee is a KPERS 1, KPERS 2 or KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009. KPERS 2 members were first employed in a covered position on or after July 1, 2009 and KPERS 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas law established the KPERS member-employee contribution rate of 6% of covered salary for KPERS 1, KPERS 2 and KPERS 3 members. Member contributions are withheld by their employer and paid to KPERS according to the provisions of Section 414(h) of the Internal Revenue Code.

State law provides that the employer contribution rates for KPERS 1, KPERS 2 and KPERS 3 be determined based on the results of each annual actuarial valuation. Kansas law sets a limitation on annual increases in the employer contribution rates. The actuarially determined employer contribution rate and the statutory contribution rate (not including the 1% contribution rate for the Death and Disability Program) was 13.88% and 13.11%, respectively, for the fiscal year ended June 30, 2023. The actuarially determined employer contribution rate and the statutory contribution rate was 13.38% and 12.57% for the fiscal year ended June 30, 2024.

Note 5: Defined Benefit Pension Plan (Continued)

The 2015 Legislature passed and the Governor approved Senate Bill 228 authorizing the issuance of $1.0 billion in pension obligation bonds to fund a portion of the School-Group's unfunded actuarial liability. The bonds were successfully issued in August 2015 and the proceeds transferred to the System.

The 2021 Legislature passed House Bill 2405, which authorizes the State of Kansas to issue pension obligation bonds, series 2021K, net proceeds of $500 million to fund a portion of the School-Group's unfunded actuarial liability. The bond proceeds were received by KPERS on August 26, 2021.

The 2022 Legislature passed Senate Bill 421, which authorized the State of Kansas to transfer $1.125 billion from the State General Fund directly to KPERS in Fiscal Years 2022 and 2023. The first $253.9 million paid off outstanding accounts receivable for KPERS-School employer contributions withheld in Fiscal Year 2017 and Fiscal Year 2019 while the remaining $871.1 million was applied to the KPERS-School unfunded actuarial liability. In Fiscal Year 2022, $600 million was transferred in May/June 2022.

In addition, Senate Bill 421 authorizes two additional transfers in Fiscal Year 2023 which totaled $271.1 million. The first transfer of $146.1 million was received on August 1, 2022. The second transfer of $125 million was received on December 1, 2022.

The State of Kansas is required to contribute the statutory required employer 's share except for retired District employees. The District is responsible for the employer's portion of the cost for retired District employees. The District received and remitted amounts equal to the statutory contribution rate, which totaled $8,341,497 for the year ended June 30, 2024.

Net Pension Liability. At June 30, 2024, the District's proportionate share of the collective net pension liability reported by KPERS was $76,080,839. The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2022, which was rolled forward to June 30, 2023. The District's proportion of the net pension liability was based on the ratio of the District's contributions to KPERS, relative to the total employer and non- employer contributions of the State/School subgroup within KPERS for the fiscal year ended June 30, 2023. Since the KMAAG regulatory basis of accounting does not recognize long-term debt, this liability is not reported in this financial statement.

The complete actuarial valuation report including all actuarial assumptions and methods, and the report on the allocation of the KPERS collective net pension liability to all participating employers are publicly available on the website at www.kpers.org or can be obtained as described above.

Note 6: Termination Benefits

The District has a plan which covers administrators and teachers who voluntarily take early retirement. A teacher is eligible for early retirement if such employee is a full time employee, retiring under the provisions of KPERS with 85 points and not more than 64 years of age, has fifteen years or more of continuous service with the District, and has accumulated at least 60 days of leave. An administrator is eligible if such employee has fifteen years or more of service with the District.

Benefits are payable monthly for a maximum term of 5 years or until the recipient reaches 65 years of age. There were no costs of this plan for the year ended June 30, 2024.

The employees eligible for the retirement plan are also eligible to remain in the District health insurance plan. The retired employees will participate on the same basis as current employees.

Note 6: Termination Benefits (Continued)

The retirement benefit and health insurance contribution is not funded but is to be paid from each year's operating budget. The benefits due under the plan for the next five years are as follows:

Year	Benefits Due	Health Insurance Contribution	Total Due
2024-2025	$ 112,598	$ 154,477	$ 267,075
2025-2026	82,945	120,460	203,405
2026-2027	52,982	79,510	132,492
2027-2028	25,593	46,690	72,283
2028-2029	12,878	23,735	36,613
Total	$ 286,996	$ 424,872	$ 711,868

Note 7: Compensated Absences

It is the District's policy to pay full time classified employees unused vacation pay upon termination of employment. Vacation is earned one day per month and must be used within eighteen months of being earned. The amount of unused vacation for these employees as of June 30, 2024 was $349,751.

Note 8: Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. In 1991 the District joined other Kansas school districts to participate in Risk Management Services, Inc. (RMS), a workers' compensation insurance public entity risk pool. The pool operates as a common risk management and insurance program for certain Kansas school districts. The District pays an annual premium for its workers compensation insurance coverage. The District's contractual agreement with RMS provides that RMS will be self-sustaining through member premiums and will reinsure through commercial companies for claims in excess of $300,000 (for each insured event). The District continues to carry commercial insurance for all other risks of loss. Settled claims resulting from these risks have not exceeded commercial insurance coverage in the past three fiscal years.

Note 9: Commitments and Contingencies

The District receives significant financial assistance from numerous federal and state governmental agencies in the form of grants and state pass-through aid. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material negative effect on the financial statement of the District at June 30, 2024.

Note 10: Other Post Employment Benefits

As provided by K.S.A. 12-5040, the local government allows retirees to participate in the group health insurance plan. While each retiree pays the full amount of the applicable premium, conceptually, the local government is subsidizing the retirees because each participant is charged a level of premium regardless of age. However, the cost of this subsidy has not been quantified in this financial statement.

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the government makes health care benefits available to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured. Under the current group health plan contract, the District is responsible for actual claims incurred under this program up to maximum claim liability limits under the contract.

Note 11: Operating Lease

The District has an agreement with Enterprise for the lease of several vehicles, with no option to purchase.

Note 12: Death and Disability Other Post Employment Benefits

As provided by K.S.A. 74-4927, disabled members in the Kansas Public Employees Retirement System (KPERS) receive long-term disability benefits and life insurance benefits. The plan is administered through a trust held by KPERS that is funded to pay annual benefit payments. The employer contribution rate is set at 1% for the year ended June 30, 2024.

Note 13: Reclassifications

Certain reclassifications of amounts previously reported have been made to the accompanying consolidated financial statement to maintain consistency between periods presented. The reclassifications had no impact on previously reported unencumbered cash balances.

Note 14: Subsequent Events

The District evaluated subsequent events through October 23, 2024, the date the financial statement is available to be issued.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statement Performed in Accordance With *Government Auditing Standards*

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statement of Unified School District No. 475 (the District), as of and for the year ended June 30, 2024, and the related notes to the financial statement, which collectively comprise the District's basic financial statement, and have issued our report thereon dated October 23, 2024.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statement, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statement, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statement will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statement is free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Board of Education
Unified School District No. 475
Junction City, Kansas

Independent Auditor's Report on Compliance for Each Major Federal Program and on Internal Control Over Compliance In Accordance With the Uniform Guidance

Unmodified Opinions

We have audited Unified School District No. 475's (the District), compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of District's major federal programs for the year ended June 30, 2024. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2024.

Basis for Unmodified Opinions

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the District's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of each major federal program as a whole.

1020 Commercial St., Suite A
Emporia, KS 66801

Auditor's Responsibilities for the Audit of Compliance (continued)

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of Uniform Guidance. According, this report is not suitable for any other purpose.

UNIFIED SCHOOL DISTRICT NO. 475
Junction City, Kansas
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
June 30, 2024

Note 1: Organization

Unified School District No. 475, Junction City, Kansas, (the District), is the recipient of several federal awards. All federal awards received directly from federal agencies as well as those awards that are passed through other government agencies, are included on the schedule of Expenditures of Federal Awards.

Note 2: Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of the District, and is presented on the Kansas regulatory basis of accounting which includes cash disbursements, accounts payable and encumbrances. The information presented in this schedule is in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of the basic financial statement. The District elected not to use the 10% de minimis indirect cost rate.

Note 3: Local Government Contributions

Local cost sharing is required by certain federal grants. The amount of cost sharing varies with each program. Only the federal share of expenditures is presented in the Schedule of Expenditures of Federal Awards.

Note 4: Additional Audits

Grantor agencies reserve the right to conduct additional audits of the District's grant programs for economy and efficiency and program results that may result in disallowed costs to the District. However, management does not believe such audits would result in any disallowed costs that would be material to the District's financial position at June 30, 2024.

Note 5: Outstanding Loans

The District did not have any outstanding loans under any federal grants at June 30, 2024.

UNIFIED SCHOOL DISTRICT NO. 475
Junction City, Kansas
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
June 30, 2024

Section I - Summary of Auditor's Results

Financial Statement

Type of auditor's report issued:	Unmodified	
Internal control over financial reporting:		
Material weaknesses identified?	___ Yes	X None
Reportable conditions identified not considered to be material weaknesses?	___ Yes	X None reported
Noncompliance material to financial statement noted?	___ Yes	X None

Federal Awards

Internal controls over major programs:		
Material weaknesses identified?	___ Yes	X No
Reportable conditions identified not considered to be material weaknesses?	___ Yes	X None reported
Type of auditor's report issued on compliance for major programs:	Unmodified	
Any audit findings disclosed that are required to be reported in accordance with Title 2 U.S. Code of Federal Regulations (CFR) Part 200.516(a)?	___ Yes	X No

Identification of major programs:

Name of Federal program	CFDA Number
Impact Aid	84.041
Title I	84.010
Section 7703 of 20 U.S.C. - Impact Aid	12.558

Dollar threshold used to distinguish between Type A and Type B programs:	$ 1,200,122	
Auditee qualified as a low-risk auditee?	___ Yes	X No

Note:

Beginning with the year ended June 30, 2016, the criteria for determination of low-risk auditee status was changed by the U.S. Office of Management and Budget (OMB). Specifically, the regulatory basis of accounting prescribed by the State of Kansas does not meet the criteria established by OMB in the Uniform Grant Guidance (UGG). The District continues, however, to meet each of the other criteria for low-risk auditee status.

Section II - Financial Statement Findings

No matters were reported

Section III - Federal Award Findings and Questioned Costs

There were no current year findings or questioned costs.
