INDEPENDENT AUDITOR'S REPORT

To the Board of Education
Unified School District No. 293
Quinter, Kansas 67752

Adverse and Unmodified Opinions

We have audited the accompanying fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances of Unified School District No. 293, as of and for the year ended June 30, 2025, and the related notes to the financial statement.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the Basis for Adverse and Unmodified Opinions section of our report, the accompanying financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of Unified School District No. 293 as of June 30, 2025, or changes in the financial position and cash flows thereof for the year then ended.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the accompanying financial statement referred to above presents fairly, in all material respects, the aggregate cash and unencumbered cash balance of Unified School District No. 293 as of June 30, 2025, and the aggregate receipts and expenditures for the year then ended in accordance with the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide* described in Note 1.

Basis for Adverse and Unmodified Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the *Kansas Municipal Audit and Accounting Guide*. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statement section of our report. We are required to be independent of Unified School District No. 293, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our adverse and unmodified audit opinions.

Matter Giving Rise to Adverse Opinion on U.S. Generally Accepted Accounting Principles

As discussed in Note 1 of the financial statement, the financial statement is prepared by Unified School District No. 293 on the basis of the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide*, which is a basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Responsibilities of Management for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with the *Kansas Municipal Audit and Accounting Guide* as described in Note 1; this includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

In preparing the financial statement, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Unified School District No. 293's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statement

Our objectives are to obtain reasonable assurance about whether the financial statement as a whole is free from material misstatement, whether due to fraud or error, and issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statement.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statement, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Unified School District No. 293's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statement.

- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Unified School District No. 293's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances (basic financial statement) as a whole. The summary of regulatory basis expenditures-actual and budget, individual fund schedules of regulatory basis receipts and expenditures-actual and budget, schedule of regulatory basis receipts and disbursements-agency funds, and schedule of regulatory basis receipts, expenditures and unencumbered cash-district activity funds (Schedules 1, 2, 3 and 4 as listed in the table of contents) are presented for purposes of additional analysis and are not a required part of the basic financial statement, however are required to be presented under the provisions of the *Kansas Municipal Audit and Accounting Guide*. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statement. The information has been subjected to the auditing procedures applied in the audit of the basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statement or to the basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information is fairly stated in all material respects, in relation to the basic financial statement as a whole, on the basis of accounting described in Note 1.

Total Reporting Entity (excluding Agency Funds)	$	6,358,676

The notes to the financial statement are an integral part of this statement.

1. Summary of Significant Accounting Policies

(a) Municipal Financial Reporting Entity

Unified School District No. 293, Quinter, Kansas, operates as a unified school district in accordance with the laws of the State of Kansas. The District is operated by an elected board of education and provides the following services: education, culture and recreation. This regulatory financial statement presents only Unified School District No. 293.

(b) Regulatory Basis Fund Types

The following types of funds comprise the financial activities of the District for the year ended June 30, 2025:

General Fund – the chief operating fund. Used to account for all resources except those required to be accounted for in another fund.

Special Purpose Fund – used to account for the proceeds of specific tax levies and other specific regulatory receipt sources (other than Capital Project and tax levies for long-term debt) that are intended for specified purposes.

Bond and Interest Fund – used to account for the accumulation of resources, including tax levies, transfers from other funds and payment of general long-term debt.

Capital Project Fund – used to account for the debt proceeds and other financial resources to be used for acquisition or construction of major capital facilities or equipment.

Trust Fund – funds used to report assets held in trust for the benefit of the municipal reporting entity, (i.e. pension funds, investment trust funds, private purpose trust funds which benefit the municipal reporting entity, scholarship funds, etc.).

Agency Fund – funds used to report assets held by the District in a purely custodial capacity (payroll clearing fund, county treasurer tax collection accounts, etc.).

(c) Regulatory Basis of Accounting and Departure from Accounting Principles Generally Accepted in the United States of America

The *Kansas Municipal Audit and Accounting Guide* (KMAAG) regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis receipts and regulatory basis expenditures for the fiscal year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no

future obligation against cash. The KMAAG regulatory basis does not recognize capital assets, long-term debt, accrued receivables and payables, or any other assets, liabilities or deferred inflows or outflows, other than those mentioned above.

The District has approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirement for application of generally accepted accounting principles and allowing the District to use the regulatory basis of accounting.

(d) Budgetary Information

Kansas statutes require that an annual operating budget be legally adopted for the general fund, special purpose funds (unless specifically exempted by statute), bond and interest funds, and business funds. Although directory rather than mandatory, the statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

1. Preparation of the budget for the succeeding calendar year on or before August 1st.

2. Publication in local newspaper on or before August 5th of the proposed budget and notice of public hearing on the budget.

3. Public hearing on or before August 15th, but at least ten days after publication of notice of hearing.

4. Adoption of final budget on or before August 25th.

If the District is holding a revenue neutral rate hearing, the budget timeline for the public hearing is adjusted to no sooner than August 20th and no later than September 20th, but at least ten days after all statutory notification and publication requirements have been met. Municipal budgets requiring a hearing to exceed the revenue neutral rate should be adopted on or before October 1st but may not be adopted prior to the revenue neutral rate hearing. The District did hold a revenue neutral rate hearing for this year.

The statutes allow for the governing body to increase the originally adopted budget for increases in regulatory receipts other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication, the hearing may be held and the governing body may amend the budget at that time. There were no such budget amendments for the year ended June 30, 2025.

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison schedules are presented, Schedule 2 as listed in the table of contents, for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

All legal annual operating budgets are prepared using the regulatory basis of accounting, in which regulatory receipts are recognized when cash is received and expenditures include disbursements, accounts payable, and encumbrances, with disbursements being adjusted for prior year's accounts payable and encumbrances. Encumbrances are commitments by the municipality for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. Any unused budgeted expenditure authority lapses at year end.

A legal operating budget is not required for capital project funds, trust funds, and the following special purpose funds: Contingency Reserve Fund, Special Reserve Fund, and Textbook & Student Material Revolving Fund.

Spending in funds which are not subject to the legal annual operating budget requirement are controlled by federal regulations, other statutes, or by the use of internal spending limits established by the governing body.

(e) Reimbursements

The District records reimbursable expenditures in the fund that makes the disbursement and records reimbursements as a receipt to the fund that received the reimbursement. For purposes of budgetary comparisons, the expenditures are properly offset by the reimbursements under KMAAG regulatory basis of accounting.

2. Deposits and Investments

K.S.A. 9-1401 establishes the depositories which may be used by the District. The statute requires banks eligible to hold the District's funds have a main or branch bank in the county in which the District is located, or in an adjoining county if such institution has been designated as an official depository, and the banks provide an acceptable rate of return on the funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. The District has no other policies that would further limit interest rate risk.

K.S.A. 12-1675 limits the District's investment of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The District has no investment policy that would further limit its investment choices.

Concentration of credit risk. State statutes place no limit on the amount the District may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405.

Custodial credit risk – deposits. Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. State statutes require the District's deposits in financial institutions to be entirely covered by the federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka, except during designated "peak periods" when required coverage is 50%. All deposits were legally secured at June 30, 2025.

At June 30, 2025, the District's carrying amount of deposits was $6,438,121 and the bank balance was $7,129,464. The bank balance was held by two banks resulting in a concentration of credit risk. Of the bank balance, $500,000 was covered by federal depository insurance, and $6,629,464 was collateralized with securities held by the pledging financial institutions' agents in the District's name.

Custodial Credit Risk – Investments. For an investment, this is the risk that, in the event of the failure of the issuer or counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State statutes require investments to be adequately secured. The District had no investments at June 30, 2025.

3. Defined Benefit Pension Plan

Plan description. The District participates in the Kansas Public Employees Retirement System (KPERS), a cost-sharing multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, et. seq. Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and required supplementary information. KPERS' financial statements are included in its Comprehensive Annual Financial Report which can be found on the KPERS website at www.kpers.org or by writing to KPERS (611 South Kansas, Suite 100, Topeka, KS 66603) or by calling 1-888-275-5737.

Contributions. K.S.A. 74-4919 and K.S.A. 74-49,210 establish the KPERS member-employee contribution rates. KPERS has multiple benefit structures and contribution rates depending on whether the employee is a KPERS 1, KPERS 2 or KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009. KPERS 2 members were first employed in a covered position on or after July 1, 2009, and KPERS 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas law established the KPERS member-employee contribution rate at 6% of covered salary for KPERS 1, KPERS 2 and KPERS 3 members. Member contributions are withheld by their employer and paid to KPERS according to the provisions of Section 414(h) of the Internal Revenue Code.

State law provides that the employer contribution rates for KPERS 1, KPERS 2 and KPERS 3 be determined based on the results of each annual actuarial valuation. Kansas law sets a limitation on annual increases in the employer contribution rates. The actuarially determined employer contribution rate and the statutory contribution rate (not including the 1% contribution rate for the Death and Disability Program) was 13.38% and 12.57%, respectively, for the fiscal year ended June 30, 2024. The actuarially determined employer contribution rate and the statutory contribution rate was 11.60% and 11.54% for the fiscal year ended June 30, 2025.

The 2015 Legislature passed, and the Governor approved Senate Bill 228 authorizing the issuance of $1.0 billion in pension obligation bonds to fund a portion of the School-Group's unfunded actuarial liability. The bonds were successfully issued in August 2015 and the proceeds transferred to the System.

The 2021 Legislature passed House Bill 2405, which authorizes the State of Kansas to issue pension obligation bonds, series 2021K, net proceeds of $500 million to fund a portion of the School-Group's unfunded actuarial liability. The bond proceeds were received by KPERS on August 26, 2021.

The 2022 Legislature passed Senate Bill 421, which authorized the State of Kansas to transfer $1.125 billion from the State General Fund directly to KPERS in Fiscal Years 2022 and 2023. The first $253.9 million paid off outstanding accounts receivable for KPERS-School employer contributions withheld in Fiscal Year 2017 and Fiscal Year 2019 while the remaining $871.1 million was applied to the KPERS-School unfunded actuarial liability. In Fiscal Year 2022, $600 million was transferred in May/June 2022.

In addition, Senate Bill 421 authorizes two additional transfers in Fiscal Year 2023 which totaled $271.1 million. The first transfer of $146.1 million was received on August 1, 2022. The second transfer of $125 million was received on December 1, 2022.

The State of Kansas is required to contribute the statutory required employer's share except for retired District employees. The District is responsible for the employer's portion of the cost for retired District employees. The District received and remitted amounts equal to the statutory contribution rate, which totaled $319,903 for the year ended June 30, 2025.

Net Pension Liability

At June 30, 2025, the District's proportionate share of the collective net pension liability reported by KPERS was $2,783,402. The net pension liability was measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2023, which was rolled forward to June 30, 2024. The District's proportion of the net pension liability was based on the ratio of the District's contributions to KPERS, relative to the total employer and non-employer contributions of the State/School subgroup within KPERS for the fiscal year ended June 30, 2024. Since the KMAAG regulatory basis of accounting does not recognize long-term debt, this liability is not reported in this financial statement.

The complete actuarial valuation report including all actuarial assumptions and methods, and the report on the allocation of the KPERS collective net pension liability to all participating employers are publiclyavailable on the website at www.kpers.org or can be obtained as described above.

4. Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District has been unable to obtain commercial insurance at a cost it considered to be economically justifiable. For this reason, the District joined together with other school districts in the State of Kansas to participate in the Kansas Educational Risk Management Pool LLC (KICS), a public entity risk pool currently operating as a common risk management and insurance program for 152 participating members.

The District pays an annual premium to Kansas Educational Risk Management Pool LLC (KICS) for its commercial insurance coverage. The agreement to participate provides that the group will be self-sustaining through member premiums and will reinsure through commercial companies for claims in excess of $600,000 for each insured property event, and $100,000 for each liability occurrence. Additional premiums may be due if total claims are different than what has been anticipated by the KICS management.

Settled claims resulting from these risks have not exceeded commercial coverage in any of the three preceding years.

5. Other Long-Term Obligations

(a) Compensated Absences

Certified full-time employees earn ninety-six (96) hours of leave each year, accumulative to a maximum of two hundred eighty-eight (288) hours. Certified full-time employees are paid $9.38 per hour for accumulated leave in excess of one hundred ninety-two (192) hours payable at the end of the contract year. However, as an incentive to minimize leave, the District buys back at a rate of $12.50 per hour any hours in excess of one hundred ninety-two (192) hours for those teachers taking forty or fewer hours of leave in the current school year. Any hours not used in the calendar year will be banked as sick leave hours. Sick leave is taken from banked hours until banked hours are depleted. Accrued leave is not paid upon termination of employment.

Non-certified full-time hourly employees working an eight (8) hour day earn eighty (80) hours of leave per year, accumulative to two hundred forty (240) hours. For non-certified employees working less than an eight (8) hour day, leave is then prorated based on the length of the workday. Non-certified full-time hourly employees are paid $8.00 per hour for accumulated leave in excess of one hundred sixty (160) hours payable on or before June 30. Accrued leave is not paid upon termination of employment.

Non-certified full-time hourly employees earn eighty (80) hours of vacation leave per year. The District buys back any unused vacation leave at $8.00 per hour, payable on or before June 30. Accrued vacation leave is not paid upon termination.

(b) Other Post-Employment Benefits

As provided by K.S.A. 12-5040, the District allows retirees to participate in the group health insurance plan. While each retiree pays the full amount of the applicable premium, conceptually, the District is subsidizing the retirees because each participant is charged a level premium regardless of age. However, the cost of this subsidy has not been quantified in this financial statement.

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the District makes health care benefits available to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured.

(c) Death and Disability Other Post-Employment Benefits

As provided by K.S.A. 74-4927, disabled members in the Kansas Public Retirement System (KPERS) receive long-term disability benefits and life insurance benefits. The plan is administered through a trust held by KPERS that is funded to pay annual benefit payments. The employer contribution rate is set at 1% for the year ended June 30, 2025.

6. Capital Projects

On September 12, 2022, the District adopted Resolution 9-12-22 for the sale of general obligation bonds in the amount not to exceed $15,400,000 to pay the costs to construct, furnish and equipment improvements, renovations and additions to the elementary and junior/senior high school facilities. Total approved cost with change orders was $15,434,648 with $15,410,795 being expended for the project, as of June 30, 2025.

7. Subsequent Events

Management has evaluated the effects on the financial statement of subsequent events occurring through January 8, 2026, which is the date the financial statement was available to be issued.

8. Stewardship, Compliance, and Accountability

(a) Deposits adequately secured

K.S.A. 9-1402 requires all deposits in excess of FDIC coverage to be adequately secured by pledged securities. The District's deposits were not adequately secured at Equity Bank from July 1, 2024, through July 9, 2024.

(b) Competitive bids

K.S.A. 72-1151 requires the District to take sealed bids for the purchase of materials costing greater than $20,000 that are not exempt under this statute. The District purchased doors and windows for $37,369 for which a bid was not obtained and presented to the Board of Education for approval.

9. Interfund Transfers

Operating transfers were as follows:

From	To	Amount	Regulatory Authority
General Fund	Preschool-Aged At-Risk Fund	$ 40,000	K.S.A.72-5167
General Fund	At Risk Fund (K-12)	258,441	K.S.A.72-5167
General Fund	Bilingual Education Fund	1,551	K.S.A.72-5167
General Fund	Capital Outlay Fund	10,645	K.S.A.72-5167
General Fund	Contingency Reserve Fund	4,789	K.S.A.72-5167
General Fund	Professional Development Fund	4,438	K.S.A.72-5167
