#### INDEPENDENT AUDITOR'S REPORT

Board of Commissioners Newton Recreation Commission Newton, Kansas

We have audited the accompanying fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances of Newton Recreation Commission, Newton, Kansas (Commission), as of and for the year ended June 30, 2021, and the related disclosures to the financial statement.

#### Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with the *Kansas Municipal Audit and Accounting Guide* as described in Note 1; this includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express an opinion on the financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the *Kansas Municipal Audit and Accounting Guide*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Commission's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Commission's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statement, the financial statement is prepared by the Commission on the basis of the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide*, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

#### Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Commission as of June 30, 2021, or changes in financial position and cash flows thereof for the year then ended.

#### Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the financial statement referred to above presents fairly, in all material respects, the aggregate cash and unencumbered cash balance of the Commission as of June 30, 2021, and the aggregate receipts and expenditures for the year then ended in accordance with the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide* described in Note 1.

#### Other Matters Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the 2021 fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances (basic financial statement) as a whole. The summary of regulatory basis expenditures-actual and budget, individual fund schedules of regulatory basis receipts and expenditures-actual and budget and summary of regulatory basis receipts and disbursements-agency fund (Schedules 1, 2 and 3 as listed in the table of contents) are presented for analysis and are not a required part of the 2021 basic financial statement, but are required to be presented under the provisions of the *Kansas Municipal Audit and Accounting Guide*. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 basic financial statement. The 2021 information has been subjected to the auditing procedures applied in the audit of the 2021 basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 basic financial statement or to the 2021 basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the 2021 basic financial statement as a whole, on the basis of accounting described in Note 1.

We also previously audited, in accordance with auditing standards generally accepted in the United States of America, the basic financial statement of the Commission as of and for the year ended June 30, 2020 (not presented herein), and have issued our report thereon dated October 7, 2020, which contained an unmodified opinion on the basic financial statement. The 2020 basic financial statement and our accompanying report are not presented herein, but are available in electronic form from the web site of the Kansas Department of Administration at the following link https://admin.ks.gov/offices/oar/municipal-services. The 2020 actual column (2020 comparative information) presented in the individual fund schedules of regulatory basis receipts and expenditures-actual and budget for the year ended June 30, 2021 (Schedule 2 as listed in the table of contents) is presented for purposes of additional analysis and is not a required part of the 2021 basic financial statement. Such 2020 comparative information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2020 basic financial statement. The 2020 comparative information was subjected to the auditing procedures applied in the audit of the 2020 basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2020 basic financial statement or to the 2020 basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the 2020 comparative information is fairly stated in all material respects in relation to the basic financial statement as a whole for the year ended June 30, 2020, on the basis of accounting described in Note 1.

Total Reporting Entity (excluding Agency Fund)	\$	896,126

The notes to the financial statement are an integral part of this statement.

#### NOTES TO FINANCIAL STATEMENT

June 30, 2021

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### Municipal Financial Reporting Entity

Newton Recreation Commission is a municipal corporation governed by an appointed five-member board. Two members are appointed by the City of Newton, two members are appointed by Unified School District No. 373, and one member is appointed at-large from the community. This regulatory basis financial statement presents the Newton Recreation Commission (Commission), with no related municipal entities.

#### Regulatory Basis Fund Types

<u>General Fund</u> – used to account for all resources except those required to be accounted for in another fund.

<u>Special Purpose Fund</u> – used to account for the proceeds of specific tax levies and other specific regulatory receipt sources (other than Capital Project and tax levies for long-term debt) that are intended for specified purposes.

Agency Fund – used to report assets held by the municipal reporting entity in a purely custodial capacity.

# Regulatory Basis of Accounting and Departure from Accounting Principles Generally Accepted in the United States of America

The Kansas Municipal Audit and Accounting Guide (KMAAG) regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis receipts and regulatory basis expenditures for the fiscal year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligation against cash. The KMAAG regulatory basis does not recognize capital assets, long-term debt, accrued receivables and payables, or any other assets, liabilities or deferred inflows or outflows, other than those mentioned above.

The Commission has approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirement for application of generally accepted accounting principles and allowing the Commission to use the regulatory basis of accounting.

#### **Budgetary Information**

Kansas statutes require that an annual operating budget be legally adopted for the General Fund and Special Purpose Fund (unless specifically exempted by statute). Although directory rather than mandatory, the statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget. Per K.S.A. 12-1927, a recreation commission must:

- Not less than 10 days prior to the public hearing on the proposed budget, publish the proposed budget and notice of time and place of the meeting in a local newspaper.
- Hold a public hearing not less than 10 days prior to the date on which the Commission is required to certify its budget to the city or school district.
- Not later than August 1<sup>st</sup>, certify its budget to such city or school district.
- Final budget submitted to the county clerk on or before August 25<sup>th</sup>.

#### NOTES TO FINANCIAL STATEMENT

June 30, 2021

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in regulatory receipts other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication, the hearing may be held and the governing body may amend the budget at that time. There were no such budget amendments for this year.

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison schedules are presented for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

All legal annual operating budgets are prepared using the regulatory basis of accounting, in which regulatory receipts are recognized when cash is received and expenditures include disbursements, accounts payable, and encumbrances, with disbursements being adjusted for the prior year's accounts payable and encumbrances. Encumbrances are commitments by the Commission for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. Any unused budgeted expenditure authority lapses at year-end.

A legal operating budget is not required for Agency funds.

#### Reimbursements

The Commission records reimbursable expenditures in the fund that makes the disbursement and records reimbursements as a receipt to the fund that receives the reimbursement. For purposes of budgetary comparison, the expenditures are properly offset by the reimbursements under the KMAAG regulatory basis of accounting.

#### 2. DEPOSITS AND INVESTMENTS

K.S.A. 9-1401 establishes the depositories which may be used by the Commission. The statute requires banks eligible to hold the Commission's funds have a main or branch bank in the county in which the Commission is located, or in an adjoining county if such institution has been designated as an official depository, and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. The Commission has no other policies that would further limit interest rate risk.

K.S.A. 12-1675 limits the Commission's investment of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The Commission has no investment policy that would further limit its investment choices.

#### Concentration of Credit Risk

State statutes place no limit on the amount the Commission may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405.

#### Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a bank failure, the Commission's deposits may not be returned to it. State statutes require the Commission's deposits in financial institutions to be entirely covered

#### NOTES TO FINANCIAL STATEMENT

June 30, 2021

#### 2. DEPOSITS AND INVESTMENTS (Continued)

by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka. All deposits were legally secured at June 30, 2021.

At June 30, 2021, the Commission's carrying amount of deposits was \$895,651 and the bank balance was \$906,629. The bank balance was held by one bank resulting in a concentration of credit risk. Of the bank balance, \$250,000 was covered by federal depository insurance, \$656,629 was collateralized with securities held by the pledging financial institution's agents in the Commission's name.

#### 3. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

#### Compliance with Kansas Statutes

Management is not aware of any statutory violations occurring in the year ended June 30, 2021.

#### 4. CAPITAL LEASE

During the year ended June 30, 2004, the Commission entered into an agreement with Unified School District No. 373, the City of Newton, Kansas and the City of Newton, Kansas Public Building Commission (PBC), to provide funding for improvements to certain Newton athletic facilities. The lease payments provide funding for the PBC to make the debt service payments on the PBC bonds maturing on February 1, 2024.

Change in the long-term liability for the Commission for the year ended June 30, 2021, was as follows:

				Date of	Balance			Balance	
	Interest	Date of	Amount of	Final	Beginning		Reductions	End	Interest
Issue	Rate	Issue	Issue	Maturity	of Year	Additions	/Payments	of Year	Paid
Capital lease payable									
City of Newton, Kansas									
Public Building Commission	4.35%	6/1/2004	\$ 2,685,000	2/1/2024	\$ 940,000		210,000	730,000	40,984

V---- 20

Current maturities of the long-term liability and interest for the next three years through maturity are as follows:

	Y ear ended June 30				
		2022	2023	2024	Total
Capital lease payable					
Principal	\$	225,000	245,000	260,000	730,000
Interest		31,828	22,018	11,336	65,182
Total Principal and Interest	\$	256,828	267,018	271,336	795,182
Principal Interest	\$	225,000 31,828	245,000 22,018	260,000 11,336	730,000 65,182

#### 5. OPERATING LEASE

In December, 2014, the Commission entered into a five-year lease agreement to lease the activity center building and various recreational fields and buildings throughout the City, from the City of Newton. In December 2019, this lease was extended for an additional five years through December 31, 2024. The Commission shall pay one dollar (\$1.00) each July 1, in advance, to the City during the term of this agreement as rent.

#### NOTES TO FINANCIAL STATEMENT

June 30, 2021

#### 6. OTHER LONG-TERM OBLIGATIONS FROM OPERATIONS

#### Death and Disability Other Post-Employment Benefits

As provided by K.S.A. 74-4927, disabled members in the Kansas Public Employees Retirement System (KPERS) receive long-term disability benefits and life insurance benefits. The plan is administered through a trust held by KPERS that is funded to pay annual benefit payments. The employer contribution rate is set at 1% for the year ended June 30, 2021.

#### Other Post-Employment Benefits

As provided by K.S.A. 12-5040, the Commission allows retirees to participate in the group health insurance plan. Each retiree pays the full amount of the applicable premium.

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the Commission makes health care benefits available to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured.

As of June 30, 2021, the Commission does not have any retirees or former employees using these benefits.

#### Compensated Absences

Supervisory and full-time personnel are eligible to earn vacation per the following schedule:

- Completion of one through five years 10 days
- After five years 15 days
- After ten years 20 days

Vacation days must be used in the year in which they are earned. Upon termination or retirement, an employee is entitled to be paid for any accrued vacation time.

All full-time employees accrue sick leave at the rate of four hours per pay period. Unused sick leave may be accrued from year to year, except that the maximum accrual shall not exceed 720 hours. At the discretion of the employee, sick leave accumulated in excess of 480 hours is paid to the employee once each year at fifty percent of the employee's hourly pay rate. Unused sick leave is not paid to employees upon termination.

Unused vacation time and sick leave benefits have not been recorded as a liability in the accompanying financial statement.

#### 7. DEFINED BENEFIT PENSION PLAN

#### Plan Description

The Commission participates in the Kansas Public Employees Retirement System (KPERS), a cost-sharing, multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, et. seq. Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and required supplementary information. KPERS' financial statements are included in its Comprehensive Annual Financial Report, which can be found on the KPERS website at <a href="www.kpers.org">www.kpers.org</a> or by writing to KPERS (611 South Kansas, Suite 100, Topeka, KS 66603) or by calling 1-888-275-5737.

#### Contributions

K.S.A. 74-4919 and K.S.A. 74-49,210 establish the KPERS member-employee contribution rates. KPERS has multiple benefit structures and contribution rates depending on whether the employee is a KPERS 1,

#### NOTES TO FINANCIAL STATEMENT

June 30, 2021

#### 7. DEFINED BENEFIT PENSION PLAN (Continued)

KPERS 2 or KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009. KPERS 2 members were first employed in a covered position on or after July 1, 2009, and KPERS 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas law established the KPERS member-employee contribution rate at 6% of covered salary for KPERS 1, KPERS 2 and KPERS 3 members. Member contributions are withheld by their employer and paid to KPERS according to the provisions of Section 414(h) of the Internal Revenue Code.

State law provides that the employer contribution rates for KPERS 1, KPERS 2 and KPERS 3 be determined based on the results of each annual actuarial valuation. Kansas law sets a limitation on annual increases in the employer contribution rates. The actuarially determined employer contribution rate (not including the 1% contribution rate for the Death and Disability Program) and the statutory contribution rate was 8.61% for the period July 1 to December 31, 2020. The rate was 8.87% for the period January 1 to June 30, 2021. Contributions to the pension plan from the Commission were \$57,996 for the year ended June 30, 2021.

#### Net Pension Liability

At June 30, 2021, the Commission's proportionate share of the collective net pension liability reported by KPERS, was \$542,287. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2019, which was rolled forward to June 30, 2020. The Commission's proportion of the net pension liability was based on the ratio of the Commission's contributions to KPERS, relative to the total employer and non-employer contributions of the Local subgroup within KPERS. Since the KMAAG regulatory basis of accounting does not recognize long-term debt, this liability is not reported in this financial statement.

The complete actuarial valuation report including all actuarial assumptions and methods, and the report on the allocation of the KPERS collective net pension liability to all participating employers are publicly available on the website at <a href="https://www.kpers.org">www.kpers.org</a> or can be obtained as described above.

#### 8. CLAIMS AND JUDGMENTS

The Commission is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Commission has purchased commercial insurance for these potential risks. There have been no significant reductions in insurance coverage from 2020 to 2021, and there were no settlements that exceeded insurance coverage in the past three years.

During the ordinary course of its operations the Commission is exposed to various claims, legal actions and complaints. It is of the opinion of the Commission's management that any current matters are not anticipated to have a material impact on the Commission.

#### 9. INTERLOCAL AGREEMENT

In 2004, the Commission entered into an interlocal agreement with the City of Newton, Kansas (City), the City of Newton, Kansas Public Building Commission (PBC), and the Unified School District No. 373 (District) to address Newton athletic and recreational facilities improvement projects. The City, District and Commission approved the third addendum to this agreement in October 2020, increasing the dedicated mill levy contributions from 0.8 mills to 1.0 mills, commencing the fiscal year beginning July 1, 2021.

#### NOTES TO FINANCIAL STATEMENT

June 30, 2021

#### 10. CORONAVIRUS PANDEMIC

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus in Wuhan, China (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. As such, it is uncertain as to the full magnitude that the pandemic will have on the Commission's financial condition, liquidity, and future results of operations. Management is actively monitoring the global and local situation on its financial condition, liquidity, operations, suppliers, industry and workforce. Given the daily evolution of the COVID-19 outbreak and the global responses to curb its spread, the Commission is not able to estimate the effects of the COVID-19 outbreak on its results of operations, financial condition or liquidity for the fiscal year ended June 30, 2021.

#### 11. CRF AND CARES ACT FUNDING

As a result of COVID-19, the State of Kansas has received Coronavirus Relief Funds (CRF) under the Coronavirus Aid, Relief and Economic Security (CARES) Act. The CRF were passed through to the counties of Kansas through Strengthening People and Revitalizing Kansas (SPARK). SPARK's first round of distribution was to local governments in the amount of \$400 million. The Commission received CRF in the amount of \$8,879 during fiscal year 2021. The CRF are to be used to strengthen health, to allow the economy to reopen safely and to remain open. The goals are to be fair, impactful and timely. Additional information and updates on SPARK, the CARES Act and CRF, which includes audit requirements, can be found at <a href="https://covid.ks.gov/">https://covid.ks.gov/</a>.

#### 12. FEBRUARY NATURAL GAS PRICE BILLING

During February 2021 North America experienced an extreme weather event that brought record low temperatures. The February cost of natural gas spiked resulting in billings greatly in excess of what the District budgeted. The Commission, in response to the increased natural gas prices, joined a coalition of other Commissions across Kansas to seek a solution to the excessively high gas billings. The coalition engaged legal counsel to assist in these efforts. A resolution for this issue has not been reached as of the date of this report.

#### 13. SUBSEQUENT EVENT

During the fiscal year, the municipal pool underwent significant renovations. These expenditures were covered by the PBC. As of the date of this report no capital lease agreement has been established.

#### 14. DATE OF MANAGEMENT'S REVIEW

Management has performed an analysis of the activities and transactions subsequent to June 30, 2021, to determine the need for any adjustments to and/or disclosures within the audited financial statement. Management has performed their analysis through October 13, 2021, which is the date at which the financial statement was available to be issued.
