INDEPENDENT AUDITOR'S REPORT

To the Mayor and City Council  
City of Quinter  
Quinter, Kansas 67752

We have audited the accompanying fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances of the City of Quinter, Kansas, as of and for the year ended December 31, 2017, and the related notes to the financial statement.

***Management's Responsibility for the Financial Statement***

Management is responsible for the preparation and fair presentation of this financial statement in accordance with the *Kansas Municipal Audit and Accounting Guide* as described in Note 1; this includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

***Auditor's Responsibility***

Our responsibility is to express an opinion on the financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the *Kansas Municipal Audit and Accounting Guide*. Those standards require we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

***Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles***

As described in Note 1 of the financial statement, the financial statement is prepared by the City of Quinter, Kansas, on the basis of the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide*, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

***Adverse Opinion on U.S. Generally Accepted Accounting Principles***

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the City of Quinter, Kansas, as of December 31, 2017, or changes in financial position and cash flows thereof for the year then ended.

***Unmodified Opinion on Regulatory Basis of Accounting***

In our opinion, the financial statement referred to above presents fairly, in all material respects, the aggregate cash and unencumbered cash balance of the City of Quinter, Kansas, as of December 31, 2017, and the aggregate receipts and expenditures for the year then ended in accordance with the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide* described in Note 1.

***Other Matters***

***Supplementary Information***

Our audit was conducted for the purpose of forming an opinion on the fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances (basic financial statement) as a whole. The summary of regulatory basis expenditures-actual and budget and individual fund schedules of regulatory basis receipts and expenditures-actual and budget (Schedules 1 and 2 as listed in the table of contents) are presented for analysis and are not a required part of the basic financial statement, however are required to be presented under the provisions of the *Kansas Municipal Audit and Accounting Guide*. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statement. The information has been subjected to the auditing procedures applied in the audit of the basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statement or to the basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statement as a whole, on the basis of accounting described in Note 1.

The notes to the financial statement are an integral part of this statement.

**CITY OF QINTER, KANSAS**  
Notes to the Financial Statement  
December 31, 2017

**1. Summary of Significant Accounting Policies**

**(a) Municipal Financial Reporting Entity**

The City of Quinter, Kansas, is a municipal corporation governed by an elected five-member council. This regulatory financial statement presents only the City of Quinter, Kansas, and does not include the following related municipal entity:

Jay Johnson Public Library – The Jay Johnson Public Library Board operates the City’s public library. Acquisitions or dispositions of real property by the board must be approved by the City as well as bond issuances.

**(b) Regulatory Basis Fund Types**

The following types of funds comprise the financial activities of the City of Quinter for the year ended December 31, 2017:

General Fund – the chief operating fund. Used to account for all resources except those required to be accounted for in another fund.

Special Purpose Fund – used to account for the proceeds of specific tax levies and other specific regulatory receipt sources (other than Capital Project and tax levies for long-term debt) that are intended for specified purposes.

Bond and Interest Fund – used to account for the accumulation of resources, including tax levies, transfers from other funds and payment of general long-term debt.

Capital Project Fund – used to account for the debt proceeds and other financial resources to be used for acquisition or construction of major capital facilities or equipment.

Business Fund – funds financed in whole or in part by fees charged to users of the goods or services (enterprise and internal service fund).

Trust Fund – funds used to report assets held in trust for the benefit of the municipal financial reporting entity (i.e. pension funds, investment trust funds, private purpose trust funds which benefit the municipal reporting entity, scholarship funds, etc.).

**(c) Regulatory Basis of Accounting and Departure from Accounting Principles Generally Accepted in the United States of America**

The *Kansas Municipal Audit and Accounting Guide* (KMAAG) regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and the reporting of changes in unencumbered cash

and investments of a fund resulting from the difference in regulatory basis receipts and regulatory basis expenditures for the fiscal year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligation against cash. The KMAAG regulatory basis does not recognize capital assets, long-term debt, accrued receivables and payables, or any other assets, liabilities or deferred inflows or outflows, other than those mentioned above.

The City has approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirement for application of generally accepted accounting principles and allowing the City to use the regulatory basis of accounting.

**(d) Budgetary Information**

Kansas statutes require that an annual operating budget be legally adopted for the general fund, special purpose funds (unless specifically exempted by statute), bond and interest funds, and business funds. Although directory rather than mandatory, the statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

1. Preparation of the budget for the succeeding calendar year on or before August 1<sup>st</sup>.
2. Publication in local newspaper on or before August 5<sup>th</sup> of the proposed budget and notice of public hearing on the budget.
3. Public hearing on or before August 15<sup>th</sup>, but at least ten days after publication of notice of hearing.
4. Adoption of the final budget on or before August 25<sup>th</sup>.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in regulatory receipts other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication, the hearing may be held and the governing body may amend the budget at that time. There were no such budget amendments for this year.

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison schedules are presented, Schedule 2 as listed in the table of contents, for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

All legal annual operating budgets are prepared using the regulatory basis of accounting, in which regulatory receipts are recognized when cash is received and expenditures include disbursements, accounts payable, and encumbrances, with disbursements being adjusted for prior year's accounts payable and encumbrances. Encumbrances are commitments by the municipality for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. Any unused budgeted expenditure authority lapses at year end.

A legal operating budget is not required for capital project funds, trust funds and the following special purpose funds:

Equipment Reserve Fund

Capital Improvement Fund

Spending in funds, which are not subject to the legal annual operating budget requirements, are controlled by federal regulation, other statutes, or by the use of internal spending limits established by the governing body.

## 2. Deposits and Investments

K.S.A. 9-1401 establishes the depositories which may be used by the City. The statute requires banks eligible to hold the City's funds have a main or branch bank in the county in which the City is located, or in an adjoining county if such institution has been designated as an official depository, and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. The City has no other policies that would further limit interest rate risk.

K.S.A. 12-1675 limits the City's investment of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The City has no investment policy that would further limit its investment choices.

*Concentration of Credit Risk.* State statutes place no limit on the amount the City may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405.

*Custodial Credit Risk – Deposits.* Custodial credit risk is the risk that in the event of a bank failure, the City's deposits may not be returned to it. State statutes require the City's deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka, except during designated "peak periods" when required coverage is 50%. All deposits were legally secured at December 31, 2017.

At December 31, 2017, the City's carrying amount of deposits was \$1,166,693 and the bank balance was \$1,169,666. The bank balance was held by one bank resulting in a concentration of credit risk. Of the bank balance, \$250,000 was covered by federal depository insurance and the balance of \$919,666 was collateralized with securities held by the pledging financial institutions' agents in the City's name.

*Custodial Credit Risk – Investments.* For an investment, this is the risk that, in the event of the failure of the issuer or counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State statutes require investments to be adequately secured. At December 31, 2017, the City held no investments.

### 3. Defined Benefit Pension Plan

*Plan description.* The City of Quinter, Kansas, participates in the Kansas Public Employees Retirement System (KPERs), a cost-sharing multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, et seq. Kansas law establishes and amends benefits provisions. KPERs issues a publicly available financial report that includes financial statements and required supplementary information. KPERs' financial statements are included in its Comprehensive Annual Financial Report which can be found on the KPERs website at [www.kpers.org](http://www.kpers.org) or by writing to KPERs (611 South Kansas, Suite 100, Topeka, KS 66603) or by calling 1-888-275-5737.

*Contributions.* K.S.A. 74-4919 and K.S.A. 74-49,210 establish the KPERs member-employee contribution rates. KPERs has multiple benefit structures and contribution rates depending on whether the employee is a KPERs 1, KPERs 2 or KPERs 3 member. KPERs 1 members are active and contributing members hired before July 1, 2009. KPERs 2 members were first employed in a covered position on or after July 1, 2009, and KPERs 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas law established the KPERs member-employee contribution rate at 6% of covered salary for KPERs 1, KPERs 2 and KPERs 3 members. Member contributions are withheld by their employer and paid to KPERs according to the provisions of Section 414(h) of the Internal Revenue Code.

State law provides that the employer contribution rates for KPERs 1, KPERs 2 and KPERs 3 be determined based on the results of each annual actuarial valuation. Kansas law sets a limitation on annual increases in the employer contributions rates. The actuarially determined employer contribution rate (not including the 1% contribution rate with a 0% moratorium from the period of January 1, 2017 through September 30, 2017 for Death and Disability Program) and the statutory contribution rate was 8.46% for the fiscal year ended December 31, 2017. Contributions to the pension plan from the City of Quinter, Kansas, were \$24,992 for the year ended December 31, 2017.

#### Net Pension Liability

At December 31, 2017, the City's proportionate share of the collective net pension liability reported by KPERs was \$221,599. The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2016, which was rolled forward to June 30, 2017. The City's proportion of the net pension liability was based on the ratio of the City's contributions to KPERs relative to the total employer and non-employer contributions of the Local subgroup within KPERs. Since the KMAAG regulatory basis of accounting does not recognize long-term debt, this liability is not reported in the financial statement.

The complete actuarial valuation report including all actuarial assumptions and methods, and the report on the allocation of the KPERs collective net position liability to all participating employers are publicly available on the website at [www.kpers.org](http://www.kpers.org) or can be obtained as described above.

### 4. Revolving Loan I Fund

The City of Quinter, Kansas, obtained funds from a Small Cities Community Development-Economic Development Grant in 1986 and subsequently loaned the funds to Flex-King, Inc. According to the grant agreement, the recapture of the grant money from Flex-King, Inc. could be returned to the State or retained locally to create a Revolving Loan Fund. The latter option was chosen.

The City of Quinter Revolving Loan Fund I was established to stimulate private investment and create or retain permanent jobs for low and moderate income citizens of the City. The monies from this fund provide fixed asset financing for new and expanding businesses. Potential businesses must demonstrate that their project is economically viable and it meets other eligibility requirements.

#### 5. Revolving Loan II Fund

The City obtained funds from a Rural Business Enterprise Grant in 1999 to establish this fund. The purpose of this fund is to stimulate private investment and create or retain permanent jobs in Quinter. To be eligible for the monies, a potential business must demonstrate economic viability, be located within the city limits, and meet leverage requirements. The City is required to comply with certain relending criteria.

#### 6. Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets, errors and omissions; injuries to employees; and natural disasters. The City purchased commercial insurance for these potential risks. Settled claims resulting from these risks have not exceeded commercial insurance coverage during the past three fiscal years.

#### 7. Other Long-Term Obligations

##### (a) Compensated Absences

*Sick Leave.* Full-time employees earn one full day per month of sick leave. There is no maximum accumulation for sick leave. Sick leave accumulates monthly and may be claimed with pay only in the case of an illness which renders the employee incapable of performing their duties, doctors appointments, or care of a close relative. Any accumulated days over 120 will be paid at fifty percent.

*Vacation Leave.* Vacation leave accumulates for one year only and may be claimed as part of the pay for each unit of twelve months of continuous service.

Full-time employees are entitled to vacation leave as follows:

Year 1	-	5 days
Year 2 to 10	-	10 days per year
Year 11 to 20	-	15 days per year
Year 21 and above	-	20 days per year

Accrued vacation leave is paid to the employee upon termination.

*Compensatory Time.* Compensatory time is earned for overtime hours worked and is accrued at one and one-half times the overtime hours worked. Compensatory time may be carried over from month to month and year to year, but will not exceed 20 hours from any given month or year. All hours over the allowed 20 hours at the end of each month are paid, subject to review by the City Administrator/City Clerk.

**8. Special Items-Industrial Revenue Bonds**

On April 13, 2015, the City authorized the issuance of \$2,800,000 Taxable Industrial Revenue Bonds Series 2015A and Series 2015B for the purpose of the acquisition, construction, furnishing and equipping a commercial hotel facility to lease such facility to Quinter Area Hospitality Group, LLC. The lease agreement provides the lease payment to be paid by Quinter Area Hospitality Group, LLC directly to the fiscal agent, Farmers & Merchant Bank of Colby, Colby, Kansas. The fiscal agent is responsible for collecting the lease payments and paying the interest and bonds to the bondholders.

**9. Interfund Transfers**

Operating transfers were as follows:

From	To	Amount	Statutory Authority
General Fund	Capital Improvement Fund	\$ 30,000	12-1,118
General Fund	Equipment Reserve Fund	24,828	12-1,117
Water Utility—Revenue Fund	General Fund	130,000	12-825d
Water Utility—Revenue Fund	Water Utility—Operations & Maintenance Fund	116,578	12-825d
Sewer Utility Fund	General Fund	20,000	12-825d
Sewer Utility Fund	Sewer Utility – Principal & Interest Fund	76,500	12-825d

**10. Stewardship, Compliance and Accountability****(a) Outstanding checks**

K.S.A. 10-816 requires the City to cancel checks outstanding for two or more years and to restore the amounts back to the fund originally charged. As of December 31, 2017, there were two outstanding checks that were in violation of this statute.

**11. Long-Term Debt**

Changes in long-term liabilities for the City for the year ended December 31, 2017, were as follows:

Issue	Interest Rates	Date of Issue	Amount of Issue	Date of Final Maturity	Balance Beginning of Year	Additions	Reductions/ Principal Payments	Balance End of Year	Interest Paid
General Obligation Bonds									
Series 2012	0.00%	2012	\$ 233,760	2021	\$ 130,000	0	26,000	104,000	0
