We have performed the procedures enumerated below on the financial records of Phillips-Rooks County Extension District #5 for the year ended December 31, 2021. The Board of Directors and Management of Phillips-Rooks County Extension District #5 is responsible for the financial records.

Phillips-Rooks County Extension District #5 has agreed to and acknowledged that the procedures are appropriate to meet the intended purpose as set out in the Kansas Municipal Audit and Accounting Guide, Appendix K. Phillips-Rooks County Extension District #5 has agreed to and acknowledged that the procedures are appropriate for their purposes. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such, users are responsible for determining whether the procedures performed are appropriate for their purposes.

The procedures and associated findings are as follows:

Procedure 1: Tie the district's total cash per books at year end to source documents. This should include a review of the bank reconciliation for the last month of the year.

Finding: Two CD's listed were closed prior to 2021 in the amount of $2,500 each to pay delinquent payroll taxes. The CD's at First National Bank & Trust have not been updated for interest earned in the current year and in previous years. No other discrepancies were noted.

Procedure 2: Reconcile the year-end cash balance as shown on the Statement of Cash Receipts and Cash Disbursements to: 1) demand deposits at the district's official depository, 2) time deposits at the district's official depository, 3) investment in U.S. Treasury bills; and other cash/investment accounts.

Finding: Two CD's listed were closed prior to 2021 to pay delinquent payroll taxes. The CD's at First National Bank & Trust have not been updated for interest earned in the current year and in previous years. No other discrepancies were noted.

Procedure 3: Using the last bank statement of the year, compare total deposits in excess of FDIC insurance to securities pledged to secure the excess deposits, as evidenced by joint custody receipts.

Finding: No accounts were in excess of FDIC insurance.

Procedure 4: For the last bank statement of the year, compare the name of the depository institution to an entry in the official minutes that designates the institution as the district's official depository.

Finding: For the last bank statements of the year, we compared the names of the depository institutions to an entry in the January 12, 2021 official minutes that designates the district's official depositories. No discrepancies were noted.

Procedure 5: For a minimum of two months trace any interest income from the bank statement to the district's cash receipts records.

Finding: No interest income was recorded in the cash receipts records.

Procedure 6: For a minimum of two separate months, trace non-mail cash receipts from the receipt book to the bookkeeping records to determine if the receipts were properly recorded. Also, for the same two months, trace bookkeeping entries for cash receipts to the bank statement to determine if receipts are deposited intact and on a timely basis.

Finding: There are two receipts books, one for Phillipsburg and one for Stockton. Selected September and December as months for testing. There were no receipts for September in either receipt book, so tested October. There were no receipts in December in the Phillipsburg receipt book, so tested November.

Eight receipts were reviewed. Stockton receipt #303993 made on 10/15/21 was not deposited to the bank until 11/24/21and not posted to the monthly financials until 11/29/21. Stockton receipt #303994 on 10/27/21 was not posted to the monthly financials and was not deposited to the bank. Stockton receipt #303998 made on 12/8/21 was not posted to monthly financials until 1/18/22 and was not deposited into the bank until 1/19/22. Phillipsburg receipt #349705 made on 10/12/21 was not posted to monthly financials until 10/28/21. Phillipsburg receipts #349707, 349708, and 349709 made on 11/3/21, 11/3/21, and 11/2/21 were not posted to the monthly financials and not deposited to the bank until 11/24/21.

Deposits from Rooks County Appropriation and Phillips County Appropriation on 9/17/21 had no receipts on record in the receipt book. No other discrepancies were noted.

Procedure 7: For approximately ten percent of the non-payroll cash disbursements, trace disbursements from the bookkeeping records to the: related invoice, bank statement, and canceled check.

Finding: Twenty disbursements were reviewed. No supporting document was provided for reimbursement for cell phone bill on two disbursements to Anna Muir. Local Unit Director did not sign an EFT Authorization for KPERS payment on 10/13/21. No other discrepancies were noted.

Procedure 8: For a minimum of one month compare the disbursements as recorded in the check register to an entry in the official minutes that approve the disbursements.

Finding: No approval amount was listed in the board minutes.

Procedure 9 – Encumbrances and Accounts Payable: Examine evidence of encumbrances and accounts payable, and determine if they have been properly stated in the financial statements as of the end of the year. Evidence of encumbrances would include unpaid purchase orders and contracts. Evidence of accounts payable would include unpaid invoices and receiving reports.

Finding: Encumbrances and accounts payable are not reflected in the financial statements at end of year but are shown on the compiled Combined Statement of Cash Receipts, Cash Disbursements, and Cash Balance.

Procedure 10: Review the credit card policy and internal controls of the district. For a minimum of two months, review the district's credit card transactions to determine if approvals, expenditure procedures, and proper classification of expenditures were followed. In the agreed upon procedure report, describe the credit card procedure, if the credit card procedures and internal controls are being followed, and if the district's credit cards are only in the name of the district.

Finding: The District follows the Local Extension District credit card policy and debit card policy provided by K-State Research and Extension.

1.Credit cards should be obtained through Board authorization.
No authorization for the three credit accounts was provided.

2. Each card user should have a separate credit card identification code or account.
There is a Phillips 66 and Farmers Union credit card kept in the Stockton office van and a Phillips 66, Farmers Union and Trinity Ag credit card kept in the Phillipsburg office van. No identifiable code on any of the cards.

3. Cards will be assigned an expenditure dollar limit applicable to a 30-day billing cycle.
The Phillips 66 account has a $750 spending limit. Farmers Union and Trinity Ag accounts have no spending limits.

4. Original receipts must be submitted to document each purchase. Credit card purchases must be reviewed and approved by someone other than the person making the purchase. All purchases must be approved by the County Extension Director. Purchases made by the County Director must be reviewed in detail by a designated board member.
Original receipts were noted for all purchases made and these were reviewed by the County Director. Could not ascertain whether County Director purchases were reviewed by a designated board member.

5. Be sure to remind vendors of tax exempt status.
No exceptions noted in months tested.

6. Gasoline purchases allowed for Extension vehicles only. Gallons of gas purchased and cost is to be recorded and vehicle use documented in a vehicle mileage log. Gas purchase receipts should be reconciled with the vehicle log by someone other than employee making gas purchases.
No review noted for purchases made by Anna Muir.

7. Credit cards may be used for employee's business related lodging expense. Employee's meals, beverages, or other non-business related expenses associated with overnight travel cannot be paid with the credit card.
Only noted fuel purchases were being made on credit accounts.

8. The card can be used for meals for extension related events.
No meals noted as only have fuel credit accounts.

9. Card users should sign a statement saying they are familiar with the credit card policies. A copy of the policies signed by each cardholder should be kept on file.
No signed policies on file.

Selected June and November for testing. Tested 5 credit card payments. Tested payment to Trinity Ag made on 6/30/21 check number 7783 for $107.50. Noted invoice dated 5/31/21 attached to copy of check approved by Anna Muir. Invoice had previous balance of $64.75 and charge made 5/13/21 for $42.75. Previous balance of $64.75 was made up gas purchases made in March & April 2021. All charges were made by C. Miller per vehicle log report. Credit card charges should be paid monthly to stay current and avoid interest charges.

Procedure 11: Review payroll for a minimum of one month to determine that proper deductions and employer contributions are being made.

Finding: Two payroll checks were reviewed. Both gross pays are calculated by taking employment agreement hourly wage multiplied by 2080 and divided by 12 to get monthly gross pay. Employment agreement states the employee is to be paid based on hours worked for the month. Gross pay is being paid on a salary basis rather than hourly as stated in the employment agreement.

Jennifer Reichard took 8 hours of comp time for November but had no comp time built up, leaving a negative balance of 8 hours in her comp time reserve. For Jennifer Reichard, federal withholding should be around $290 but only $229 was withheld. State withholding should have been around $120 per withholding tables but only $95 was withheld. For Kristin Nash, federal withholding is correct using the 2019 and earlier tables which was $204 but her W-4 is filled out and signed in 2020 and using the 2020 and later tables the withholding should be around $110. Jennifer Reichard timesheet was not signed by her or district director for approval. No other discrepancies were noted.

Procedure 12: For the last month of the year review the payroll records for each employee to determine if a deduction for KPERS (Kansas Public Employees Retirement System) was made.

Finding: No discrepancies were noted.

Procedure 13: Compare the following items in the current year financial statements to the same items in the prior year financial statements to determine if there is a variance of more than 25 percent per fund: 1) total cash receipts, 2) total cash disbursements, 3) encumbrances and accounts payable, and 4) ending unencumbered cash balance. For variances larger than 25%, examine the variance, then document and report the reason.

General Fund Findings: One of the four items compared had a variance exceeding 25 percent. Outstanding encumbrances and accounts payable decreased 67 percent. The current year figure is $5,489 and the prior year figure was $16,851. District paid $14,668 to KSU to reimburse for December 2020 agent wages in January 2021.

Procedure 14: For a minimum of two months, review the District's month-end Statement of Cash Receipts and Cash Disbursements to determine that the ending unencumbered cash balance is greater than or equal to zero.

Finding: The District does not maintain accounts payable or encumbrances on its monthly financial statements so we cannot test to see if unencumbered cash is greater than or equal to zero.

Procedure 15: For a minimum of two months, review the official minutes to determine that the minutes have been signed by the chairperson of the Board.

Finding: Selected September and November minutes for testing. The board minutes had no manual signatures. No other discrepancies noted.

Procedure 16: Review the District's surety (fidelity) bonds to determine that all employees and officers entrusted with funds or property are covered by such a bond.

Findings: Bond coverage does not comply with amount approved in board minutes or KSRE handbook. The District has $250,000 in coverage. The board in the January 21, 2021 board minutes approved to obtain coverage of $300,000. The handbook requires coverage of the highest amount of cash in the bank during the year, which was $376,579 on January 29, 2021.

We were engaged by Phillips-Rooks County Extension District #5 to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on the financial information. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of Phillips-Rooks County Extension District #5 and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely for the information and use of the Board of Directors and Management of Phillips-Rooks County Extension District #5 and the K-State Research and Extension and is not intended to be and should not be used by anyone other than those specified parties.

Management is responsible for the accompanying Statement of Cash Receipts, Cash Disbursements, and Cash Balance of Phillips-Rooks County Extension District #5 for the year ended December 31, 2021. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the accompanying Statement of Cash Receipts, Cash Disbursements, and Cash Balance, nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. We do not express an opinion, a conclusion, nor provide any form of assurance on the Statement of Cash Receipts, Cash Disbursements, and Cash Balance.

The Statement of Cash Receipts, Cash Disbursements, and Cash Balance is presented in accordance with the requirements of the Phillips-Rooks County Extension District #5, contained in the Kansas Municipal Audit and Accounting Guide, Appendix K, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

This report is intended solely for the information and use of the Board of Supervisors and Management of Phillips-Rooks County Extension District #5 and the K-State Research and Extension and is not intended to be and should not be used by anyone other than these specified parties.
