INDEPENDENT AUDITORS' REPORT

The Board of County Commissioners Lincoln County, Kansas

We have audited the accompanying regulatory basis summary statement of receipts, expenditures, and unencumbered cash of Lincoln County, Kansas (the County) as of and for the year ended December 31, 2018, and the related notes to the financial statement.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of the financial statement in accordance with the regulatory basis reporting provisions permitted in the Kansas Municipal Audit and Accounting Guide (KMAAG), as described in Note 1, to meet the financial reporting requirements of the State of Kansas; this includes determining the regulatory basis of accounting is an acceptable basis for preparing the financial statement in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation of the financial statement that is free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and KMAAG. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of significant estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statement, the financial statement is prepared by the County on the basis of the financial reporting provisions permitted in KMAAG, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and the accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matters discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statement referred to above does not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the County as of December 31, 2018, or changes in net position, or cash flows thereof for the year then ended.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the financial statement referred to in the first paragraph presents fairly, in all material respects, the aggregate cash and unencumbered cash balance of the County as of December 31, 2018, and the aggregate receipts and expenditures for the year then ended in accordance with the financial reporting provisions permitted in KMAAG, as described in Note 1.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the 2018 fund summary statement of receipts, expenditures, and unencumbered cash - regulatory basis (basic financial statement) as a whole. The summary of expenditures - regulatory basis - actual and budget, the individual fund schedules of receipts and expenditures - regulatory basis - actual and budget, and the schedule of receipts and disbursements - agency funds - regulatory basis (Schedules 1 through 3, as listed in the table of contents) are presented for analysis and are not a required part of the 2018 basic financial statement; however, they are required to be presented under the provisions in KMAAG. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the 2018 basic financial statement. The 2018 information has been subjected to the auditing procedures applied in the audit of the 2018 basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2018 basic financial statement or to the 2018 basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the 2018 basic financial statement as a whole, on the basis of accounting described in Note 1.

We also previously audited, in accordance with auditing standards generally accepted in the United States of America, the basic financial statement of the County, as of and for the year ended December 31, 2017, not presented herein, and have issued our report thereon dated September 7, 2018, which contained an unmodified opinion on the regulatory basic financial statement. The 2017 basic financial statement and our accompanying report are not presented herein, but are available in electronic form from the Kansas Department of Administration website at the link http://admin.ks.gov/offices/chieffinancial-officer/municipal-service. The 2017 actual column (2017 comparative information) presented in the individual fund schedules of regulatory basis receipts and expenditures - actual and budget for the year ended December 31 2018, (Schedule 2 as listed in the table of contents), are also presented for comparative analysis and are not a required part of the basic financial statement. Such 2017 comparative information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the 2017 basic financial statement. The 2017 comparative information was subjected to the auditing procedures applied in the audit of the 2017 basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2017 basic financial statement or to the 2017 basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the 2017 comparative information is fairly stated in all material respects in relation to the 2017 basic financial statement as a whole, on the basis of accounting described in Note 1.

NOTES TO THE FINANCIAL STATEMENT December 31, 2018

NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Financial Reporting Entity

Lincoln County, Kansas (the County) is a municipal corporation governed by an elected three-member commission. This regulatory financial statement includes all of the funds for which the County directly administers and controls and its related municipal entity, the Lincoln County Public Building Commission, but does not include the related municipal entity, the Lincoln County Hospital.

Lincoln County Public Building Commission

The Lincoln County Public Building Commission (LCPBC) was established to benefit the County and other Kansas government entities and is governed by a separate three-member board, appointed by the Lincoln County Board of County Commissioners. The LCPBC has the authority to issue revenue bonds to finance the cost of acquiring and/or constructing land and facilities operated for a public purpose by any Kansas governmental entity. The LCPBC finances the debt service of the revenue bonds by leasing the land and facilities to the governmental entity that operates it. The operating governmental entity guarantees the rentals under the LCPBC lease. The LCPBC has no power to levy taxes, and revenue bonds issued by the LCPBC are not included in any legal debt limitations of the operating governmental entity. The LCPBC does not issue a separate financial statement, as it has only one fund that is reflected in this financial statement.

Lincoln County Hospital

The Lincoln County Hospital Board operates the Lincoln County Hospital (the Hospital). The Hospital is a related municipal entity of the County because of the oversight responsibilities and approval powers of the County Commission, as well as their fiscal dependency. The County Commission appoints the governing body of the Hospital. The Hospital can sue and be sued, and can buy, sell, or lease property. The County annually levies a tax for the Hospital. Bond issuances must be approved by the County. The Hospital is audited annually and those audited financial statements are available at their offices.

Fund Accounting

A fund is defined as an independent fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

Kansas Municipal Audit and Accounting Guide Regulatory Basis of Presentation Fund Definitions

The following types of funds were utilized in recording the financial activities of the County for the year of 2018:

General Fund – used to account for all unrestricted resources except those required to be accounted for in another fund.

Special Purpose Funds – used to account for the proceeds of specific revenue sources (other than capital projects and tax levies for long-term debt) that are intended for specific purposes.

Bond and Interest Fund – used to account for the accumulation of resources for and the payment of interest and principal on general long-term debt.

Business Fund – funds financed in whole or in part by fees charged to users of the goods or services.

Trust Funds – used to report assets held in trust for the benefit of the municipal financial reporting entity.

Agency Funds – used to account for assets held by the government as an agent or in a custodial capacity.

Regulatory Basis of Accounting and Departures from Accounting Principles Generally Accepted in the United States of America

The regulatory basis of accounting provisions as prescribed in the Kansas Municipal Audit and Accounting Guide (KMAAG) involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and reporting the changes in unencumbered cash and investments of a fund resulting from the regulatory basis receipts and regulatory basis expenditures for the fiscal year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligation against cash. The regulatory basis does not recognize capital assets, long-term debt, accrued receivables and payables, or any other assets, liabilities, or deferred inflows or outflows, other than those mentioned above.

The County has approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirement for application of generally accepted accounting principles, and allowing the County to use the regulatory basis of accounting.

Budgetary Information

Kansas statutes require that an annual operating budget be legally adopted for the General Fund, special purpose funds, (unless specifically exempted by statute), bond and interest funds, and business funds. Although directive rather than mandatory, the statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

- 1. Preparation of the budget for the succeeding calendar year on or before August 1.
- 2. Publication in local newspaper of the proposed budget and notice of public hearing on the budget on or before August 5.
- 3. Public hearing on or before August 15, but at least ten days after publication of notice of hearing.
- 4. Adoption of the final budget on or before August 25.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in regulatory receipts other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication, the hearing may be held and the governing body may amend the budget at that time. For the year ended December 31, 2018, the County amended the following budgets: General Fund, Road and Bridge Fund, Beverly Fire District Fund, First Fire District Fund, and Sylvan Grove Fire District Fund.

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison schedules are presented for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

All legal annual operating budgets are prepared using the regulatory basis of accounting, in which, regulatory receipts are recognized when cash is received and expenditures include disbursements, accounts payable, and encumbrances, with disbursements being adjusted for prior year's accounts payable and encumbrances. Encumbrances are commitments by the County for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. Any unused budgeted expenditure authority lapses at year end.

A legal operating budget is not required for capital project funds, trust funds, and certain special purpose funds. Spending in funds which are not subject to the legal annual operating budget requirement, are controlled by federal regulations, other statutes, or by the use of internal spending limits established by the governing body.

Tax Cycle

The determination of assessed valuations and the collections of property taxes for all political subdivisions in the State of Kansas is the responsibility of the County. The County Appraiser annually determines assessed valuations based on real property transactions as recorded by the Register of Deeds and personal property holdings reported by taxpayers. The County Clerk spreads the annual assessment on the tax rolls and the County Treasurer collects the taxes for all taxing entities within the County.

In accordance with state statutes, property taxes levied during the current year are a revenue source to be used to finance the budget of the ensuing year. Taxes are assessed on a calendar year basis and become a lien on the property on November 1 of each year. One half of the property taxes are due December 20, prior to the fiscal year for which they are budgeted, and the second half is due the following May 10. Delinquent taxes are assessed interest as prescribed by Kansas statute. The interest is retained by the County.

Taxes levied to finance the budget are made available to County Funds after January 1 and are distributed by the County Treasurer approximately every month and a half. Approximately 50% of the taxes levied are available in January. Delinquent tax collections are distributed throughout the year.

Estimates

The preparation of the financial statement requires management to make estimates and assumptions that affect: (1) the reported amounts of assets and liabilities, (2) disclosures such as contingencies and (3) the reported amounts of revenues and expenses included in such financial statement. Actual results could differ from those estimates.

Deposits and Investments

Deposits include amounts in demand deposits, time deposits, and certificates of deposit with financial institutions.

K.S.A. 12-1675 authorizes the County to invest monies in temporary notes or no-fund warrants of the governmental unit; in time deposits, open accounts, or certificates of deposit with maturities not exceeding two years; repurchase agreements consisting of obligations insured by the United States government or any agency thereof; U.S. Treasury bills or notes with maturities not exceeding two years, and the Kansas Municipal Investment Pool (KMIP).

Reimbursed Expenses

Reimbursed expenses are defined as repayments of amounts remitted on behalf of another party. All reimbursed expenses included in the financial statement meet the following criteria: (1) the related disbursement was made in the current year on behalf of the payee, (2) the item paid for was directly identifiable as having been used by or provided to the payee, and (3) the amount of the reimbursed expense was directly tied to the amount of the original cash disbursement.

NOTE 2—STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

Compliance with Kansas Statutes

Management was not aware of any material statutory violations.

NOTE 3—DEPOSITS AND INVESTMENTS

The County's policies relating to deposits and investments are governed by various Kansas statutes. Those statutes specify the type of deposits and investments as well as the securing of those deposits and investments.

K.S.A. 9-1401 establishes the depositories, which may be used by the County. The statute requires banks eligible to hold the County's Funds have a main or branch bank in the county in which the County is located and that the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of Federal Deposit Insurance Corporation (FDIC) insurance coverage.

K.S.A. 12-1675 limits the County's investment of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions, U.S. government securities, temporary notes, no-fund warrants, repurchase agreements, and KMIP. The County has no investment policy that would further limit its investment choices.

Interest Rate Risk

In accordance with K.S.A. 12-1675, the County manages its exposure to interest rate fluctuations by limiting all time investments to maturities of two years or less. The County has no other policies that would further limit interest rate risk.

Custodial Credit Risk - Deposits

Custodial credit risk is the risk that in the event of a bank failure, the County's deposits may not be returned to it. State statutes require the County's deposits in financial institutions to be entirely covered by FDIC insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka, or deposit guaranty bonds coverage.

At December 31, 2018, the County's carrying amount of deposits was \$15,123,761 and the bank balance was \$15,349,383. The bank balance was held by three banks resulting in a concentration of credit risk. Of the bank balance, \$1,072,439 was covered by FDIC insurance and \$14,276,944 was collateralized with securities held by the pledging financial institutions' agents in the County's name.

Custodial Credit Risk - Investments

For an investment, this is the risk that in the event of the failure of the issuer or counterparty, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State statutes limit the amount of credit risk by restricting governments to specific investment types as listed in K.S.A. 12-1675. The County is allowed to invest in U.S. obligations, the KMIP, and temporary notes of the County. At year end, the County had no such investments.

Concentration of Credit Risk

This is the risk of loss attributed to the magnitude of a government's investment in a single issuer. State statutes place no limit on the amount the County may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405. The County manages this risk by placing funds with financial institutions only after contacting all eligible institutions in the taxing area and monies in KMIP are diverse according to the policies of the investment pool.

NOTE 4—LEASES

Lincoln County Nursing Home

The County is the owner of a 36-bed nursing home and 13-unit assisted living facility.

On May 22, 2017, the County and Lincoln Park Manor agreed to a new three-year lease, commencing May 23, 2017 and expiring May 23, 2020. Monthly rentals are to be paid based on the average census of skilled nursing and assisted living residents during the prior month, rounded to the nearest whole number, as follows: \$3,000 if 36 or fewer residents; \$3,500 if 37 to 42 residents, and \$4,000 if 43 or more residents.

An amendment to the May 22, 2017, lease with Lincoln Park Manor was agreed to by both parties, dated December 4, 2017, which modified the monthly rent payment schedule as follows: \$3,400 if 36 or fewer residents; \$3,900 if 37 to 42 residents; and \$4,400 if 43 or more residents.

The terms of the lease state that Lincoln Park Manor shall have no obligation to pay rent at any time when it does not have full and complete possession of the facility or at any time when the County is in material default under the terms of this lease, and the rent shall not accrue for any such period.

The County has full and complete responsibility to provide and pay for policies of insurance providing fire and extended coverage protection on the facility. Lincoln Park Manor shall however, maintain policies of general liability insurance, which shall be in such amount as is reasonable with respect to similar nursing home operations.

Lincoln Park Manor agrees during the term of the lease to maintain the facility, equipment, and furniture in its current condition, except for ordinary wear and tear. Any maintenance or repairs of the building and the property shall be the sole responsibility of the County with actual labor and services being provided by the maintenance and building operator as hired by Lincoln Park Manor. Lincoln Park Manor agrees to provide a full-time, qualified maintenance/building operator to provide services for and in the facility. Such salary or compensation for the building operator shall be at the sole discretion and responsibility of Lincoln Park Manor. Rent payments scheduled to be received for 2018 were \$40,800. Rent payments received for 2018 were \$7,800. The remaining balance of \$33,000 was unpaid at year end.

Future minimum rentals receivable on the lease in the aggregate and for each year are as follows:

| Year | R | entals |
|----------------------|----|-----------------------|
| 2019 2020 2021 | \$ | 40,800 17,000 - |
| | \$ | 57,800 |

Lincoln County Hospital

The County also receives rental payments from the Lincoln County Hospital for the repayment of the Series 2008 Revenue Bonds, which were used for hospital improvements and the Series 2016 Refunding Revenue Bonds, which were used to advance refund the Series 2008 Revenue Bonds. Rent payments received during 2018 were \$445,850.

Future minimum rentals receivable on the lease in the aggregate and for each of the next five years are as follows:

| Year | Rentals |
|------------|---------------------|
| 2019 | \$ 452,050 |
| 2020 | 449,350 |
| 2021 | 454,825 |

| 2023 | 363,700 |
| Thereafter | 4,365,125 |
| | <u>\$ 6,456,250</u> |

NOTE 5—LONG-TERM DEBT

At year end, the County's long-term debt consisted of the following issues:

| Issue | Interest Rates | Date of Issue | Amount of Issue | Date of Final Maturity |
|---|-------------------|----------------------|------------------|------------------------------|
| Revenue Bond Lincoln County Public Building Commission, Series 2016 Refunding | 2.00%-3.00% | 10/06/16 | \$ 5,330,000 | 03/01/35 |

All equipment and improvements under capital leases have been pledged to secure the payments of those leases.

On October 6, 2016, the Lincoln County Public Building Commission issued \$5,330,000 of refunding revenue bonds. Proceeds from this issue were used for the advance refund of \$5,145,000, Hospital Improvement Revenue Bonds Series 2008. Proceeds from the refunding bonds were placed in a trust account to retire the Hospital Improvement Revenue Bonds Series 2008 in March 2018, when they became callable. The refunding of these revenue bonds was used to reduce future debt service payments.

Changes in long-term liabilities for the County for the year ended December 31, 2018, were as follows:

| Issue | Balance Beginning of Year | Additions | Reductions/ Payments | Balance End of Year | Interest Paid |

NOTE 6—DEFINED BENEFIT PENSION PLAN

Plan Description

The County participates in the Kansas Public Employees Retirement System (KPERS), a cost-sharing multiple-employer defined benefit pension plan as provided by Kansas law. Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statement and supplementary information. That report may be obtained by writing to KPERS (611 South Kansas Avenue, Suite 100, Topeka, KS 66603) or by calling 1-888-275-5737.

Contributions

K.S.A. 74-4919 and K.S.A. 79-49,210 establish the KPERS member-employee contribution rates. KPERS has multiple benefit structures and contribution rates depending on whether the employee is a KPERS 1, KPERS 2, or KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009; KPERS 2 members were first employed in a covered position on or after July 1, 2009; and KPERS 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas law establishes the KPERS member-employee contribution rate at 6.00% of covered salary for KPERS 1, KPERS 2, or KPERS 3 members. Member contributions are withheld by their employer and paid to KPERS according to the provisions of Section 414(h) of the Internal Revenue Code.

Kansas law provides that employer contribution rates for KPERS 1, KPERS 2, and KPERS 3, be determined annually based on the results of an annual actuarial valuation. The actuarially determined employer contribution rate (excluding the contribution rate for the Death and Disability program) and the statutory contribution rate for KPERS was 8.39% for the year ended December 31, 2018. Contributions to the pension plan from the County for KPERS was \$204,015 for the year ended December 31, 2018.

Net Pension Liability

At December 31, 2018, KPERS has determined the County's proportionate share of the collective net pension liability for KPERS was \$1,629,215. The net pension liability was measured as of June 30, 2018, and the total pension liability was determined by an actuarial valuation as of December 31, 2017, which was rolled forward to June 30, 2018. The County's share of the allocation is based on the ratio of the County's employer contributions, relative to the total employer and nonemployer contributions for the plan groups the County participates in. Because the regulatory basis of accounting under KMAAG does not recognize long-term debt, this liability is not reported in the financial statement.

The complete actuarial valuation report including all actuarial assumptions and methods, and the report on the allocation of the KPERS collective net pension liability to all participating employers are publically available on the website at www.kpers.org or can be obtained as described in the first paragraph above.

NOTE 7—DEFERRED COMPENSATION PLAN

The County offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan available to all County employees, permits them to defer a portion of their salary until future years. The deferred compensation is payable to employees upon termination, retirement, death, or unforeseeable emergency.

NOTE 8—OTHER LONG-TERM LIABILITIES

Compensated Absences

All full-time employees of the County accumulate leave time at 12 hours per month and part-time employees accumulate 4 hours per month. There is an 80 hour limit on the amount of leave time that can be accumulated. Hours exceeding 80 hours will be forfeited. This time is payable to the employees upon termination. The costs of accumulated leave are not recorded in the financial statement at the time the benefits are earned by the employee. The estimated liability for accumulated leave time as of December 31, 2018, is \$59,280.

Other Post-Employment Benefits - Group Health Insurance

As provided by K.S.A. 12-5040, the County allows retirees to participate in the group health insurance plan. While each retiree pays the full amount of the applicable premium, conceptually, the local government is subsidizing the retirees because each participant is charged a level premium regardless of age. However, the cost of this subsidy has not been quantified in this financial statement.

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the government makes health care benefits available to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured. There is no cost to the government under this program.

Other Post-Employment Benefits – Death and Disability Benefits

As provided by K.S.A. 74-4927, disabled members in the Kansas Public Employees Retirement System (KPERS) receive long-term disability and life insurance benefits. The plan is administered through a trust held by KPERS that is funded to pay annual benefit payments. The employer contribution rate was set at 1% for the year ended December 31, 2018.

NOTE 9—INTERFUND TRANSFERS

Interfund transfers for the County during 2018 were as follows:

NOTE 10—RISK MANAGEMENT

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County has been unable to obtain general and workers' compensation insurance at a cost it considered to be economically justifiable. For this reason, the County joined together with other counties in the State to participate in the Kansas County Association Multi-Line Pool (KCAMP) and the Kansas Workers Risk Cooperative for Counties (KWORCC), which are public entity risk pools operating as common risk management and insurance programs for participating members.

The County pays an annual premium to KCAMP for property and liability insurance coverage and to KWORCC for workers' compensation insurance coverage. The agreements to participate in these public entity risk pools provide that they will be self-sustaining through member premiums, and KCAMP and KWORCC will reinsure through commercial companies for claims in excess of specified amounts for each insured event. Additional premiums may be due if total claims for the pool are different than what has been anticipated. The pool is authorized by K.S.A. 12-2616, et seq.

The County continues to carry commercial insurance for all other risks of loss, including various property and liability coverage as well as health insurance. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years and there were no significant reductions in coverage during the past fiscal year.

NOTE 11—COMMITMENTS AND CONTINGENCIES

Grant Program Involvement

The County participates in various federal and state grant programs from year to year. These grants are often subject to grantor audit or review, the purpose of which is to ensure compliance with specific conditions of the grant. Any liability for reimbursement that may arise as a result of audit or review cannot be reasonably determined at this time; however, it is believed that the amount, if any, would not be material.

Litigation

The County may be subject to various legal actions, pending or in process, for tax appeals, property damage, or other claims. Any estimate of the ultimate outcome and liability that might result from these matters cannot be reasonably determined.

Neighborhood Revitalization

The County has a Neighborhood Revitalization Plan in effect. The tax rebate is based on the increase of appraised value as a result of improvements made. For the year ended December 31, 2018, the County's share of the tax rebates totaled \$19,836.
