INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and City Council
City of Mulberry, Kansas

Adverse and Unmodified Opinions
We have audited the accompanying Summary Statement of Receipts, Expenditures, and Unencumbered Cash – Regulatory Basis, of the City of Mulberry, Kansas, as of and for the year ended December 31, 2024, and the related notes to the financial statements.

Adverse Opinion on U.S. Generally Accepted Accounting Principles
In our opinion, because of the significance of the matter discussed in the Basis for Adverse and Unmodified Opinion section of our report, the accompanying financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the City of Mulberry, Kansas, as of December 31, 2024, or changes in net position, or cash flows thereof for the year then ended.

Unmodified Opinion on Regulatory Basis of Accounting
In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the aggregate cash and unencumbered cash balances of the City of Mulberry, Kansas, as of December 31, 2024, and the aggregate receipts and expenditures for the year then ended in accordance with the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide* as described in Note 1.

Basis for Adverse and Unmodified Opinions
We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the *Kansas Municipal Audit and Accounting Guide*. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City of Mulberry, Kansas, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Matter Giving Rise to Adverse Opinion of U.S. Generally Accepted Accounting Principles
As described in Note 1, the financial statements are prepared by the City of Mulberry, Kansas, on the basis of the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide*, which is a basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted

in the United States of America, although not reasonably determinable, are presumed to be material.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide* as described in Note 1; this includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in these circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statement, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Mulberry, Kansas's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements
Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City of Mulberry, Kansas's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Mulberry, Kansas 's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the Summary Statement of Receipts, Expenditures, and Unencumbered Cash Balance - Regulatory Basis (basic financial statement) as a whole. The Summary of Expenditures – Actual and Budget - Regulatory Basis and individual fund Schedules of Receipts and Expenditures – Actual and Budget - Regulatory Basis (Schedules 1 and 2 as listed in the table of contents) are presented for analysis and although it is not a required part of the basic financial statement, the information is required to be presented under the provisions of the *Kansas Municipal Audit and Accounting Guide*. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statement. The information has been subjected to the auditing procedures applied in the audit of the basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statement or to the basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statement as a whole, on the basis of accounting described in Note 1.

Prior Year Comparative Numbers

The 2023 Actual column presented in the individual fund schedules of receipts and expenditures-actual and budget, regulatory basis (Schedule 2 as listed in the table of contents) is also presented for comparative analysis and are not a required part of the 2023 basic financial statement upon which we rendered an unqualified opinion dated December 13, 2024. The 2023 basic financial statement and our accompanying report are not presented herein, but are available in electronic form from the web site of the Kansas Department of Administration, at the following link http://admin.ks.gov/offices/accounts-reports/local-government/municipal-services. The 2023 actual column (2023 comparative information) presented in the individual fund schedules of regulatory basis receipts and expenditures—actual and budget for the year ended June 30, 2024 (Schedule 2 as listed in the table of contents) is presented for purposes of additional analysis and is not a required part of the basic financial statement. Such 2023 comparative information is the responsibility of management and was derived from and related directly to the underlying accounting and other records used to prepare the 2023 financial statement. The 2023 comparative information was subjected to the auditing procedures applied in the audit of the 2023 financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2023 financial statement or to the 2023 financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the 2023 comparative information is fairly stated in all material respects in relation to the 2023 financial statement as a whole, on the basis of accounting described in Note 1.

The notes to the financial statements are an integral part of this statement.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statement of the City of Mulberry, Kansas, has been prepared in accordance with the regulatory basis of accounting of the State of Kansas. The Kansas Municipal Audit and Accounting Guide (KMAAG), as approved by the director of the Kansas Division of Accounts and Reports, establishes guidelines for the regulatory basis of accounting in the state of Kansas. The more significant of the City's accounting policies follow.

Reporting Entity
The City of Mulberry, Kansas, (the City) is a municipal corporation governed by an elected five-member City Council. This financial statement presents the City of Mulberry, Kansas (the primary government). Related municipal entities may be included in the City's reporting entity because of the significance of their operational or financial relationships with the City. The City has determined that there are no related municipal entities.

Basis of Presentation - Fund Accounting
A fund is defined as an independent fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restriction, or limitations.

The following types of funds comprise the financial activities of the City of Mulberry, Kansas:

General Fund – the chief operating fund. Used to account for all unrestricted resources except those required to be accounted for in another fund.

Special Purpose Funds – to account for the proceeds of specific revenue sources (other than Capital Project and tax levies for long-term debt) that are restricted by law or administrative action to expenditure for specified purposes.

Capital Project Funds – to account for debt proceeds and other financial resources to be used for acquisition or construction of major capital facilities or equipment.

Business Funds – fund financed in whole or part by fees charged to users of the goods or services (enterprise and internal service funds).

Trust Funds – used to report assets held in trust for the benefit of the City.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Regulatory Basis of Accounting and Departures from Accounting Principles Generally Accepted in the United States of America

The KMAAG regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis receipts and regulatory basis expenditures for the year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligation against cash. The KMAAG regulatory basis does not recognize capital assets, long-term debt, accrued receivables and payables, or any other assets, liabilities or deferred inflows or outflows, other than those mentioned above.

The basis of presentation described above results in a financial statement presentation which shows cash receipts, cash disbursements, cash and unencumbered cash balances, and expenditures compared to budget. Balance sheets that would have shown non-cash assets such as receivables, inventories and prepaid expenses; liabilities such as deferred revenue and matured principal and interest payable; and reservations of the fund balance are not presented. Under accounting principles generally accepted in the United States of America, encumbrances are only recognized as a reservation of fund balance, encumbrances outstanding at year end do not constitute expenditures or liabilities. Consequently, the expenditures as reported do not present the cost of goods and services received during the year in accordance with accounting principles generally accepted in the United States of America. Capital assets that account for the land, buildings and equipment owned by the municipality are not presented in the financial statement. Also, long-term debt such as general obligation bonds, revenue bonds, capital leases, temporary notes and compensated absences are not presented in the financial statement.

The City has approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirement for application of generally accepted accounting principles and allowing the City to use the regulatory basis of accounting.

Budgetary Information

Kansas Statutes require that an annual operating budget be legally adopted for the general fund, special revenue funds (unless specifically exempted by statute), bond and interest funds, and business funds. Although directory rather than mandatory, the statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

1. Preparation of the budget for the succeeding calendar year on or before August 1.
2. Publication in local newspaper of the proposed budget and notice of public hearing on the budget on or before August 5.
3. Public hearing on or before August 15, but at least ten days after publication of notice of hearing.
4. Adoption of the final budget on or before August 25.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

If the municipality is holding a revenue neutral rate hearing, the budget timeline for the public hearing is adjusted to no sooner than August 20th and no later than September 20th, but at least ten days after all statutory notification and publication requirements have been met. Municipal budgets requiring a hearing to exceed the revenue neutral rate should be adopted on or before October 1st but may not be adopted prior to the revenue neutral rate hearing. The municipality did hold a revenue neutral rate hearing for this year.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in revenue other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication the hearing may be held and the governing body may amend the budget at that time. There were no budget amendments during 2024.

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds.

All annual operating budgets are prepared using the regulatory basis of accounting, in which regulatory receipts are recognized when cash is received. Expenditures include cash disbursements, accounts payable, and encumbrances. Encumbrances are commitments by the municipality for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. Any unused budget expenditure authority lapses at year-end.

A legal operating budget is not required for the Sewer Maintenance Reserve, Municipal Equipment Reserve, Capital Improvements, Meter Deposit or Haymont Cemetery Trust funds. Spending in funds, which are not subject to the legal annual operating budget requirement, are controlled by federal regulations, other statutes, or by the use of internal spending limits established by the governing body.

Cash and Investments

Cash and investments include a checking and savings accounts and certificates of deposit. Kansas Statutes permit investment in savings accounts, certificates of deposit, and, in certain cases, obligations of the U.S. Treasury.

Pension Plan

The City participates in the State of Kansas Public Employees Retirement System, which is a multi-employer statewide pension plan (See Note 7).

Property Taxes

In accordance with governing state statutes, property taxes levied during the current year are a revenue source to be used to finance the budget of the ensuing year. Taxes are assessed on a calendar year basis and become a lien on the property on November 1 of each year. The County Treasurer is the tax collection agent for all taxing entities within the County. Property owners have the option of paying one-half or the full amount of taxes levied on or before December 20 during the year levied with the balance to be paid on or before May 10 of the ensuing year. State statutes prohibit the County Treasurer from distributing taxes collected in the year levied prior to January 1 of the ensuing year. Consequently, for revenue recognition purposes, taxes levied during the current year are not due and receivable until the ensuing year. At December 31, such taxes are a lien on the property.

2. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Compliance with Kansas Statutes

The financial statement has been prepared in order to show compliance with the cash-basis and budget laws of Kansas. As shown in the financial statement and regulatory required supplementary information there were no apparent violations of cash basis and budget laws of Kansas.

3. CASH, INVESTMENTS AND DEPOSITS WITH FINANCIAL INSTITUTIONS

K.S.A. 9-1401 establishes the depositories which may be used by the City. The statute requires banks eligible to hold the City's funds have a main or branch bank in the county in which the City is located and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. The City has no other policies that would further limit interest rate risk.

K.S.A. 12-1675 limits the City's investment of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The City has no investment policy that would further limit its investment choices.

Concentration of credit risk. State statutes place no limit on the amount the City may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405.

Custodial credit risk – deposits. Custodial credit risk is the risk that in the event of a bank failure, the City's deposits may not be returned to it. State statutes require the City's deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka, except during designated "peak periods" when required coverage is 50%. On December 31, 2024, the City's deposits were adequately secured.

On December 31, 2024 the City's carrying amount of deposits was $453,231 and the bank balance was $482,656. Of the bank balance, all but $4,000, was held by one bank resulting in a concentration of credit risk. Of the bank balance, $254,000 was covered by federal depository insurance, and $228,656 was collateralized by securities with a market value of $296,862 held by the pledging financial institutions' agents in the City's name.

Custodial credit risk – investments. For an investment, this is the risk that, in the event of the failure of the issuer or counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State statutes require investments to be adequately secured.

4. RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors and omissions, injuries to employees; employees' health and life; and natural disasters. The City continues to carry commercial insurance for these risks. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three years.

5. INTERFUND TRANSFERS

From	To	Statutory Authority	Amount
General	Municipal Equipment Reserve	K.S.A. 12-1,117	$ 8,000
Sewer Utility	Sewer Reserve	K.S.A. 12-825d	31,742
Sewer Utility	Sewer Maintenance Reserve	K.S.A. 12-825d	12,000
Electric Utility	General	K.S.A. 12-825d	50,000
Electric Utility	Water Utility	K.S.A. 12-825d	5,000
Electric Utility	Sewer Utility	K.S.A. 12-825d	25,000

6. CONCENTRATIONS

During 2024, the City of Mulberry purchased all of its water for resale from one supplier. The city also purchased all of its electricity for resale from one supplier. Additionally, all of the City's natural gas purchased for resale was from a single supplier.

7. PENSION PLAN

General Information about the Pension Plan

Plan description. The City participates in the Kansas Public Employees Retirement System (KPERS), a cost-sharing multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, et. seq. Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and required supplementary information. KPERS' financial statements are included in its Comprehensive Annual Financial Report which can be found on the KPERS website at www.kpers.org or by writing to KPERS (611 South Kansas, Suite 100, Topeka, KS 66603) or by calling 1-888-275-5737.

Contributions. K.S.A. 74-4919 and K.S.A. 74-49,210 establish the KPERS member-employee contribution rates. KPERS has multiple benefit structures and contribution rates depending on whether the employee is a KPERS 1, KPERS 2 or KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009. KPERS 2 members were first employed in a covered position on or after July 1, 2009, and KPERS 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas law established the KPERS member-employee contribution rate at 6% of covered salary for KPERS 1, KPERS 2 and KPERS 3 members. Member contributions are withheld by their employer and paid to KPERS according to the provisions of Section 414(h) of the Internal Revenue Code.

7. PENSION PLAN (Continued)

State law provides that the employer contribution rates for KPERS 1 and KPERS 2 and KPERS 3 be determined based on the results of each annual actuarial valuation. Kansas law sets a limitation on annual increases in the employer contribution rates. The actuarially determined employer contribution rate (not including the 1.00% contribution rate for the Death and Disability Program) and the statutory contribution rate was 9.26% for the fiscal year ended December 31, 2024. Contributions to the pension plan from the City were $17,677.17 for the year ended December 31, 2024.

Net Pension Liability

At December 31, 2024, the City's proportionate share of the collective net pension liability reported by KPERS was $185,063. The net pension liability was measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2023, which was rolled forward to June 30, 2024. The City's proportion of the net pension liability was based on the ratio of the City's contributions to KPERS, relative to the total employer and non-employer contributions of the Local subgroup within KPERS. Since the KMAAG regulatory basis of accounting does not recognize long-term debt, this liability is not reported in this financial statement.

The complete actuarial valuation report including all actuarial assumptions and methods, and the report on the allocation of the KPERS collective net pension liability to all participating employers are publicly available on the website at www.kpers.org or can be obtained as described above.

8. SUBSEQUENT EVENT

Management has evaluated events and transactions occurring subsequent to December 31, 2024, through August 20, 2025, the date the financial statement was available to be issued. There are no subsequent events recognized in these financial statements or disclosed in the notes to the financial statements.

9. LONG-TERM DEBT

Attached are schedules detailing the City's outstanding debts and their maturity schedules.

9. LONG TERM OBLIGATIONS (Continued)
