Adverse and Unmodified Opinions

I have audited the accompanying fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances of Unified School District No. 292 as of and for the year ended June 30, 2022 and the related notes to the financial statement.

Adverse Opinion on U.S. Generally Accepted Accounting Principles
In my opinion, because of the significance of the matter discussed in the "Basis for Adverse and Unmodified Opinions of my report, the accompanying financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of Unified School District No. 292 as of June 30, 2022, or changes in financial position and cash flows thereof for the year then ended.

Unmodified Opinion on Regulatory Basis of Accounting
In my opinion, the accompanying financial statement referred to above presents fairly, in all material respects, the aggregate cash and unencumbered cash balance of Unified School District No. 292 as of June 30, 2022, and the aggregate receipts and expenditures for the year then ended in accordance with the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide* described in Note 1.

Basis for Adverse and Unmodified Opinions

I conducted my audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the *Kansas Municipal Audit and Accounting Guide*. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statement section of my report. I am required to be independent of Unified School District No. 292, and to meet my other ethical responsibilities, in accordance with the relevant ethical requirements relating to my audit. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my adverse and unmodified audit opinions.

Matter Giving Rise to Adverse Opinion on U.S. Generally Accepted Accounting Principles
As discussed in Note 1 of the financial statement, the financial statement is prepared by Unified School District No. 292 on the basis of the financial reporting provisions of the *Kansas*

Municipal Audit and Accounting Guide, which is a basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Responsibilities of Management for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with the *Kansas Municipal Audit and Accounting Guide* as described in Note 1; this includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

In preparing the financial statement, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Unified School District No. 292's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statement

My objectives are to obtain reasonable assurance about whether the financial statement as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statement.

In performing an audit in accordance with GAAS, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statement, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of

expressing an opinion on the effectiveness of Unified School District No. 292's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statement.
- Conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Unified School District No. 292's ability to continue as a going concern for a reasonable period of time.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that I identified during the audit.

Supplementary Information

My audit was conducted for the purpose of forming an opinion on the fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances (basic financial statement) as a whole. The summary of regulatory basis expenditures – actual and budget, individual fund schedules of regulatory basis receipts and expenditures – actual and budget, summary of regulatory basis receipts and disbursements – agency funds, and schedule of receipts, expenditures, and unencumbered cash – district activity funds (Schedules 1, 2, 3 and 4 as listed in the table of contents) are presented for purposes of additional analysis and are not a required part of the basic financial statement, however are required to be presented under the provisions of the *Kansas Municipal Audit and Accounting Guide*. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statement. The information has been subjected to the auditing procedures applied in the audit of the basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statement or to the basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the accompanying supplementary information is fairly stated in all material respects, in relation to the basic financial statement as a whole, on the basis of accounting described in Note 1.

Prior Year Comparative Analysis

The 2021 actual column presented in the individual fund schedules of regulatory basis receipts and expenditures – actual and budget for the year ended June 30, 2022 (Schedule 2 as listed in the table of contents) is presented for purposes of additional analysis and is not a required part of the basic financial statement.

Unified School District No. 292's basic financial statement for the year ended June 30, 2021 (not presented herein), was audited by other auditors whose report dated January 4, 2022, expressed an unmodified opinion on the basic financial statement. The 2021 basic financial statement and the other auditor's report are available in electronic form from the web site of the Kansas Department of Administration at the following link: http://admin.ks.gov/offices/oar/municipal-

services. The report of the other auditors dated January 4, 2022, stated that the individual fund schedules of regulatory basis receipts and expenditures – actual and budget for the year ended June 30, 2021 was subjected to the auditing procedures applied in the audit of the 2021 basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 basic financial statement or to the 2021 basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America, and in their opinion, was fairly stated in all material respects in relation to the basic financial statement as a whole for the year ended June 30, 2021, on the basis of accounting described in Note 1.

Total Reporting Entity (Excluding Agency Funds)	$ 623,756

The notes to the financial statements are an integral part of this statement.

UNIFIED SCHOOL DISTRICT NO. 292
GRAINFIELD, KANSAS
NOTES TO THE FINANCIAL STATEMENT
For the Year Ended June 30, 2022

Note 1: Summary of Significant Accounting Policies

A. Municipal Financial Reporting Entity

Unified School District No. 292 (USD 292), Grainfield, Kansas, is a municipal corporation governed by an elected seven-member board. This financial statement presents USD 292, the primary government. USD 292 does not have any related municipal entities.

B. Regulatory Basis of Accounting and Departure from Accounting Principles Generally Accepted in the United States of America

The KMAAG regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis receipts and regulatory basis expenditures for the fiscal year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligation against cash. The KMAAG regulatory basis does not recognize capital assets, long-term debt, accrued receivables and payables, or any other assets, liabilities or deferred inflows or outflows, other than those mentioned above.

The municipality has approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirement for application of generally accepted accounting principles and allowing the municipality to use the regulatory basis of accounting.

C. Regulatory basis fund types

A fund is defined as an independent fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations. The following fund types are used by USD 292:

General Fund – the chief operating fund. Used to account for all resources except those required to be accounted for in another fund.

Note 1: Summary of Significant Accounting Policies (continued)

Special Purpose Fund – used to account for the proceeds of specific tax levies and other specific regulatory receipt sources (other than Capital Project and tax levies for long-term debt) that are intended for specified purposes.

Bond and Interest Funds – used to account for the accumulation of resources, including tax levies, transfers from other funds and payment of general long-term debt.

Trust Funds – used to report assets held in trust for the benefit of the municipal financial reporting entity (i.e. pension funds, investment trust funds, private purpose trust funds which benefit the municipal reporting entity, scholarship funds, etc.).

Agency Funds – used to report assets held by the municipal reporting entity in a purely custodial capacity (payroll clearing fund, student organizations, etc.).

D. Cash and investments

The municipality pools cash resources of its various funds in order to facilitate the management of cash. Cash applicable to a particular fund is readily identifiable. The balance in the pooled cash accounts is available to meet current operating requirements. Cash in excess of current requirements is invested in interest-bearing deposits and disclosed as part of the municipality's cash balances. Unless specifically designated, all interest income is credited to the Capital Outlay Fund.

E. Property taxes

Collection of current year property tax by the County Treasurer is not completed, apportioned or distributed to USD 292 until the succeeding year, such procedures being in conformity with governing state statutes. Consequently, current year property taxes receivable are not available as a resource that can be used to finance the current year operations of USD 292; and therefore, are not susceptible to accrual.

Property taxes are collected and remitted to USD 292 by the county government. Taxes levied annually on November 1 are due one-half by December 20 and one half by May 10. Tax payments are recognized as revenue in the year received. Delinquent tax payments are recognized as revenue in the year received.

F. Interfund transactions

Quasi-external transactions (i.e., transactions that would be treated as receipts or expenditures if they involved organizations external to the governmental unit, such as internal service fund billings to departments) are accounted for as receipts or expenditures. Transactions that constitute reimbursements to a fund for expenditures initially made from it that are properly applicable to another fund, are

Note 1: Summary of Significant Accounting Policies (continued)

recorded as expenditures in the reimbursing fund and as reductions of expenditures in the fund that is reimbursed.

All other interfund transactions, except quasi-external transactions and reimbursements, are reported as transfers.

G. Reimbursements

A reimbursement is an expenditure initially made in one fund, but properly attributable to another fund. For example, it is common for the general fund to pay a vendor's bill and have portions of it reimbursed by other funds. In accounting for such reimbursements, USD 292 records an expenditure in the reimbursing fund, and a reduction of expenditure in the reimbursed fund, following the authoritative guidance provided under KMAAG regulatory basis accounting.

H. Restricted Assets

These assets consist of cash and short-term investments restricted for Agency Funds.

I. Use of Estimates

The preparation of financial statements on a prescribed basis of accounting that demonstrates compliance with the cash basis and budget laws of the State of Kansas requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Note 2: Budgetary Information

Kansas statutes require that an annual operating budget be legally adopted for the general fund, special purpose funds (unless specifically exempted by statute), bond and interest funds, and business funds. Although directory rather than mandatory, the statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

1. Preparation of the budget for the succeeding calendar year on or before August 1st.
2. Publication in local newspaper on or before August 5th of the proposed budget and notice of public hearing on the budget.
3. Public hearing on or before August 15th, but at least ten days after publication of notice of hearing.
4. Adoption of the final budget on or before August 25th.

If the municipality is holding a revenue neutral rate hearing, the budget timeline for adoption of the final budget has been adjusted to on or before September 20th. The municipality did hold a revenue neutral rate hearing for this year.

Note 2: Budgetary Information (continued)

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in regulatory receipts other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication, the hearing may be held and the governing body may amend the budget at that time. There were no such budget amendments for this year.

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison schedules are presented for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

All legal annual operating budgets are prepared using the regulatory basis of accounting, in which regulatory receipts are recognized when cash is received and expenditures include disbursements, accounts payable, and encumbrances, with disbursements being adjusted for the prior year's accounts payable and encumbrances. Encumbrances are commitments by the municipality for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. Any unused budget expenditure authority lapses at year end.

A legal operating budget is not required for capital project funds, fiduciary funds, permanent funds and the following special revenue funds:

Contingency Reserve
Textbook & Student Material Revolving
Title I
Title II-A
Small Rural School Achievement
Title IV
SPARK
ESSER I
ESSER II
Athletic Gate Receipts
School Projects

Spending in funds which are not subject to the legal annual operating budget requirement is controlled by federal regulations, other statutes, or by using internal spending limits established by the governing body.

Note 3: Deposits & Investments

K.S.A. 9-1401 establishes the depositories which may be used by USD 292. The statute requires banks eligible to hold USD 292's funds have a main or branch bank in the county in which USD 292 is located, or in an adjoining county if such institution has been designated as an official depository, and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. USD 292 has no other policies that would further limit interest rate risk.

K.S.A. 12-1675 limits USD 292's investment of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. USD 292 has no other investment policy that would further limit its investment choices.

Concentration of credit risk

State statutes place no limit on the amount USD 292 may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405. USD 292's allocation of investments as of June 30, 2022 is 100% guaranteed investment contracts secured by U.S. Treasury and Agencies.

Custodial credit risk – deposits

Custodial credit risk is the risk that in the event of a bank failure, USD 292's deposits may not be returned to it. State statutes require USD 292's deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka, except during designated "peak periods" when required coverage is 50%. USD 292 does not use designated "peak periods". All deposits were legally secured at June 30, 2022.

At June 30, 2022, USD 292's carrying amount of deposits was $655,274 and the bank balance was $668,837. The bank balance was held by one bank resulting in a concentration of credit risk. Of the bank balance, $303,194 was covered by federal depository insurance and $365,643 was collateralized with securities held by the pledging financial institutions' agents in USD 292's name.

Custodial credit risk – investments

For an investment, this is the risk that, in the event of the failure of the issuer or counterparty, USD 292 will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State statutes require investments to be adequately secured. USD 292 had no investments of this type at June 30, 2022.

Note 4: Compensated Absences

Certified full-time employees earn twelve days of leave during the term of the contract. Any unused leave days shall be added to the individual's accumulated sick leave up to a maximum of sixty-two days. USD 292 buys back unused sick leave of retiring teachers, who have taught ten years or more at USD 292, at a rate based on years of service.

Non-certified twelve-month employees earn twelve days of leave per year. Any unused leave days shall be added to the individual's accumulated sick leave up to a maximum of sixty days. USD 292 buys back unused sick leave for classified employees who retire with twenty or more years of consecutive employment at a rate of $10 per day for a maximum of $600.

Note 5: Defined Benefit Pension Plan

Plan Description. USD No. 292 participates in the Kansas Public Employees Retirement System (KPERS), a cost-sharing multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, *et seq.* Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and required supplementary information. KPERS' financial statements are included in its Comprehensive Annual Financial Report which can be found on the KPERS website at www.kpers.org or by writing to KPERS (611 S. Kansas, Suite 100, Topeka, KS 66603) or by calling 1-888-275-5737.

Contributions. K.S.A. 74-4919 and K.S.A. 74-49,210 establish the KPERS member-employee contribution rates. KPERS has multiple benefit structures and contribution rates depending on whether the employee is a KPERS 1, KPERS 2, or KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009. KPERS 2 members were first employed in a covered position on or after July 1, 2009, and KPERS 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas law established the KPERS member-employee contribution rate of 6% of covered salary for KPERS 1, KPERS 2, and KPERS 3 members. Member contributions are withheld by their employer and paid to KPERS according to the provisions of Section 414(h) of the Internal Revenue Code.

Note 5: Defined Benefit Pension Plan (continued)

State law provides that the employer contribution rates for KPERS 1, KPERS 2, and KPERS 3 be determined based on the results of each annual actuarial valuation. Kansas law sets a limitation on annual increases in the employer contribution rates. The actuarially determined employer contribution rate and the statutory contribution rate (not including the 1% contribution rate for the Death and Disability Program) was 15.59% and 14.23% respectively, for the fiscal year ended June 30, 2021. The actuarially determined employer contribution rate and the statutory contribution rate was 14.83% and 13.33% for the fiscal year ended June 30, 2022.

Senate Substitute for House Bill 2052 authorized the delay of $64.1 million in fiscal year 2017 contributions. These contributions were set up as a long-term receivable. Payment is scheduled to be made in a series of twenty annual payments of $6.4 million dollars per year beginning in fiscal year 2018. Senate Substitute for House Bill 2002 authorized the delay of $194.0 million in fiscal year 2019 contributions. Payment is scheduled to be made in a series of twenty annual payments of $19.4 million starting in fiscal year 2020.

House Substitute for Senate Bill 109 from the 2018 Legislative session provided for additional funding for the KPERS School Group. A payment of $56 million was paid in fiscal year 2018. This bill also authorized a payment of $82 million in fiscal year 2019. The 2019 legislative session authorized an additional fiscal year payment for the KPERS School Group. 2019 Senate Bill 9 authorized a payment of $115 million for the KPERS School Group. House Substitute for Senate Bill 25 from the 2019 Legislative session authorized additional funding for the KPERS School Group in fiscal year 2020 of $51 million.

The State of Kansas is required to contribute the statutory required employer's share except for retired USD 292 employees. USD 292 is responsible for the employer's portion of the cost for retired USD 292 employees. USD 292 received and remitted amounts equal to the statutory contribution rate, which totaled $182,310 for the year ended June 30, 2022.

Net Pension Liability. At June 30, 2022, USD 292's proportionate share of the collective net pension liability reported by KPERS was $1,317,964. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2020, which was rolled forward to June 30, 2021. USD 292's proportion of the net pension liability was based on the ratio of USD 292's contributions to KPERS, relative to the total employer and non-employer contributions of the State/School subgroup within KPERS for the fiscal year ended June 30, 2021. Since the KMAAG regulatory basis of accounting does not recognize long-term debt, this liability is not reported in these financial statements.

Note 5: Defined Benefit Pension Plan (continued)

The complete actuarial valuation report including all actuarial assumptions and methods, and the report on the allocation of the KPERS collective net pension liability to all participating employers are publically available on the website at www.kpers.org or can be obtained as described above.

Note 6: Contingencies

In the normal course of operations, USD 292 participates in various federal and state grant programs. The grant programs are often subject to additional audits by agents of the granting agency, the purpose of which is to ensure compliance with the specific conditions of the grant. Any liability for reimbursements which may arise as a result of these audits cannot be reasonably determined at this time, although it is believed the amount, if any, would not be material.

Note 7: Risk Management

USD 292 is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by commercial insurance purchased from independent third parties. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three years.

Note 8: Compliance with Kansas Statutes

There were no compliance issues for USD 292 for the year ended June 30, 2022.

Note 9: Interfund Transfers

Operating transfers are as follows:

From	To	Statutory Authority	Amount
General	At Risk (K-12)	72-6428	$79,000
General	Career/Postsec Ed	72-6428	45,000
General	Driver Training	72-6428	---
General	Food Service	72-6428	2,500
General	Professional Dev	72-6428	---
General	Special Education	72-6428	155,143
Supp. General	At Risk (K-12)	72-6433	25,000
Supp. General	Career/Postsec. Ed	72-6433	36,130
Supp. General	Food Service	72-6433	---
Supp. General	Special Education	72-6433	25,000
Total			$ 367,773

Note 10: Other Post Employment Benefits

As provided by K.S.A.12-5040, USD 292 allows retirees to participate in the group health insurance plan. While each retiree pays the full amount of the applicable premium, conceptually, USD 292 is subsidizing the retirees because each participant is charged a level of premium regardless of age. However, the cost of this subsidy has not been quantified in these financial statements.

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), USD 292 makes health care benefits available to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured. There is no cost to USD 292 under this program.

As provided by K.S.A. 74-4927, disabled members in the Kansas Public Employees Retirement System (KPERS) receive long-term disability benefits and life insurance benefits. The plan is administered through a trust held by KPERS that is funded to pay annual benefit payments. The employer contribution rate is set at 1% for the year ended June 30, 2022.

Note 11: In-Substance Receipt in Transit

USD 292 received $56,428.00 subsequent to June 30, 2022 and as required by K.S.A. 72-6417 and 72-6434, the receipt was recorded as an in-substance receipt in transit and included as a receipt for the year ended June 30, 2022.

Note 12: Evaluation of Subsequent Events

The organization has evaluated subsequent events through November 25, 2022, the date which the financial statement was available to be issued.

Note 14: Long-Term Debt

Changes in long-term liabilities for the District for the year ended June 30, 2022, were as follows:

Issue	Interest Rates	Date of Issue	Amount of Issue	Date of Final Maturity	Balance Beginning of Year	Additions	Reductions/ Payments	Balance End of Year	Interest Paid
General Obligation Bonds					$ -	$ -	$ -	$ -	$ -
Capital Leases Payable									
Facility Improvement Project	2.85%	12/21/2020	859,677	04/01/2036	$ 859,677	$ -	$ 58,055	$ 801,622	$ 12,387
2019 Blue Bird Passenger Bus	2.80%	4/17/2018	87,858	04/17/2023	37,234	-	12,918	24,316	1,057
2020 Brico Bird Passenger Bus	2.90%	5/18/2020	55,704	04/20/2023	45,002	-	10,891	34,111	1,324
Capital Leases Payable					$ 941,913	$ -	$ 81,864	$ 860,049	$ 14,768
Total Contractual Indebtedness					$ 941,913	$ -	$ 81,864	$ 860,049	$ 14,768

Note 14: Long-Term Debt (continued)

Current maturities of long-term debt and interest for the next five years and in five year increments through maturity are as follows:
