INDEPENDENT AUDITOR'S REPORT

The Boards of Directors
Valeo Behavioral Health Care, Inc., Valeo CRP, Inc. and The Valeo Foundation:

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of Valeo Behavioral Health Care, Inc. (Valeo), Valeo CRP, Inc. (CRP) and The Valeo Foundation (the Foundation) (collectively, the Organization), which comprise the consolidated statements of financial position as of December 31, 2017 and 2016, and the related consolidated statements of activities and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement. The financial statements of CRP and the Foundation were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Organization's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

An Independently Owned Member, RSM US Alliance

RSM US Alliance member firms are separate and independent businesses and legal entities that are responsible for their own acts and omissions, and each are separate and independent from RSM US LLP. RSM US LLP is the U.S. member firm of RSM International, a global network of independent audit, tax, and consulting firms. Members of RSM US Alliance have access to RSM International resources through RSM US LLP but are not member firms of RSM International.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of the Organization as of December 31, 2017 and 2016, and the changes in its net assets and its cash flows for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The schedules listed under supplementary information in the accompanying table of contents including the schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), are presented for purposes of additional analysis and are not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated June 18, 2018 on our consideration of Valeo's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Valeo's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Valeo's internal control over financial reporting and compliance.

VALEO BEHAVIORAL HEALTH CARE, INC.,
VALEO CRP, INC. AND THE VALEO FOUNDATION

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

December 31, 2017 and 2016

1 - Organization and Summary of Significant Accounting Policies

Organization

Valeo Behavioral Health Care, Inc. (Valeo) is a comprehensive mental health center licensed by the State of Kansas with three major program components servicing Shawnee County, Kansas. The first program, Mental Health Services, provides a crisis stabilization unit and case management services to the long-term mentally ill adult population, screening, referrals, short-term outpatient mental health services, and a 24-hour crisis service. The second program, Medical Services, provides medication services to those who require psychotropic medications and monitoring. The third program, Valeo Recovery Center, provides residential and outpatient treatment for alcoholism and drug dependency.

Valeo CRP, Inc. (CRP) is a Kansas-based nonprofit organization established in 2001 to provide residential housing and care in Topeka, Kansas for individuals in need of continuing mental health care. Prior to 2001, a community residence program was operated by the Menninger Clinic (Menninger). In 2001, Menninger donated buildings with a fair value of \$ 1,735,000 to Valeo. Valeo established CRP for the purpose of continuing the community residence program. Valeo is the sole member of CRP.

The Valeo Foundation (the Foundation) was organized in 2010 as a nonprofit organization operating exclusively to provide support for mental health and substance abuse programs at Valeo and CRP to enhance the quality of life for families in the community. Valeo is the sole member of the Foundation.

Principles of Consolidation

The consolidated financial statements include the accounts of Valeo, CRP, and the Foundation (collectively, the Organization). CRP and the Foundation are controlled by Valeo since Valeo is the sole member of CRP and the Foundation. All three entities are also under common management. All significant intercompany transactions and accounts have been eliminated.

Consolidated Statement of Cash Flows

For purposes of the consolidated statement of cash flows, cash and cash equivalents include petty cash, checking accounts and money market accounts, which have original maturities of three months or less.

VALEO BEHAVIORAL HEALTH CARE, INC.,
VALEO CRP, INC. AND THE VALEO FOUNDATION

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Continued)

1 - Organization and Summary of Significant Accounting Policies (Continued)

Deposits

The Organization maintains deposits in banks. These deposits are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$ 250,000 per bank. The Organization's deposits may have exceeded the FDIC insurance limits during the years ended December 31, 2017 and 2016.

Operating Investments

Investments are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Organization invests in mutual funds, corporate and municipal bonds, fixed income funds, federal government securities, and money market mutual funds.

The Organization also invests in certificates of deposit which are recorded at cost as they are not affected by market changes.

Accounts Receivable

Accounts receivable consists of amounts due directly from patients or from third-party payors for services rendered. Receivables due directly from patients are carried at the original hourly charge for the service provided less amounts covered by third-party payors and less an estimated allowance for doubtful accounts based on a review of all outstanding amounts. Management determines the allowance for doubtful accounts based on historical experience, patient financial history, and current economic conditions. Third-party payor receivables are carried at a net amount determined by the original hourly charge for the service provided, less an estimate for contractual adjustments or discounts provided to third-party payors. Patient receivables are written off to bad debt when deemed uncollectible. After all third-party sources have been billed, individual consumers are given ninety days to pay their balances. When a balance is greater than ninety days old, the Organization determines whether the account should be sent to a collection agency or written off.

VALEO BEHAVIORAL HEALTH CARE, INC.,
VALEO CRP, INC. AND THE VALEO FOUNDATION

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Continued)

1 - Organization and Summary of Significant Accounting Policies (Continued)

Property and Equipment

Property and equipment are carried at cost for purchases greater than \$ 500. Contributed property and equipment is stated at the fair market value at the date of contribution. Depreciation is computed using the straight-line method over the estimated useful lives of the assets ranging from three to thirty years. Maintenance and repairs are charged to expense. Significant renewals and betterments are capitalized. Gains or losses on dispositions of property and equipment are included in revenue and expense.

Accrued Vacation

Personal leave is accrued at varying rates based on years of service. A maximum of thirty days of vacation leave may be accrued by any employee.

Net Assets

The Organization reports gifts of cash and other assets as restricted revenue if they are received with donor or grantor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the consolidated statement of activities as net assets released from restrictions. Contributions whose use is limited by donor-imposed stipulations that neither expire by passage of time nor can be fulfilled or otherwise removed by actions of the Organization are recorded as permanently restricted net assets. As of December 31, 2017 and 2016, the Organization had temporarily restricted net assets of \$ 245,629 and \$ 27,502, respectively, restricted for Valeo and CRP program purposes, and no permanently restricted net assets.

Revenue Recognition

Net patient fees are reported at the estimated net realizable amounts from patients, third-party payors, and others for service rendered, including estimated retroactive adjustments under reimbursement agreements with third-party payors. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered, and adjusted in future periods as final settlements are determined.

VALEO BEHAVIORAL HEALTH CARE, INC.,
VALEO CRP, INC. AND THE VALEO FOUNDATION

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Continued)

1 - Organization and Summary of Significant Accounting Policies (Continued)

Advertising Costs

Advertising costs are charged to operations when incurred. For the years ended December 31, 2017 and 2016, advertising costs totaled \$ 45,449 and \$ 50,744, respectively.

Functional Expense Allocation

The costs of providing the various programs and other activities have been summarized on a functional basis in Note 10 to the consolidated financial statements. Accordingly, certain costs have been allocated among the programs and supporting services on the basis of benefits received from the associated costs. Other organizations are sub-recipients of federal, state, and local moneys.

Income Tax Matters

Valeo, CRP, and the Foundation are not-for-profit corporations as described in Section 501(c)(3) of the Internal Revenue Code, are exempt from federal income taxes pursuant to Section 501(a) of the Code and have not been classified as private foundations under Section 509(a) of the Code.

Valeo, CRP and the Foundation's policies are to evaluate uncertain tax positions annually. Management has evaluated Valeo, CRP and the Foundation's tax positions and concluded that Valeo, CRP, and the Foundation had taken no uncertain tax positions that require adjustment to the consolidated financial statements.

The Form 990s filed by Valeo, CRP, and the Foundation are subject to examination by the Internal Revenue Service up to three years from the extended due date of each return. The Form 990s filed by Valeo, CRP, and the Foundation are no longer subject to examination for the fiscal years ended December 31, 2013 and prior.

Concentration

The Organization receives a substantial amount of its support from patient fees and grants and contracts. If a significant reduction in the level of these revenues or delay in the timing of receipts were to occur, the Organization would curtail its programs and activities accordingly.

VALEO BEHAVIORAL HEALTH CARE, INC.,
VALEO CRP, INC. AND THE VALEO FOUNDATION

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Continued)

1 - Organization and Summary of Significant Accounting Policies (Continued)

Risks and Uncertainties

The Organization routinely invests its surplus operating funds in money market funds. These funds generally invest in highly liquid U.S. government and agency obligations and various investment grade corporate obligations. Investments in money market funds are not insured or guaranteed by the U.S. government or by the underlying corporation; however, management believes that credit risk related to these investments is minimal.

The Organization maintains a significant portion of its total assets in a combination of bonds, fixed income securities, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market fluctuation, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term could material affect investments and the amounts reported in the consolidated statement of financial position.

Use of Estimates

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Pending Accounting Pronouncements

In August 2016, FASB issued ASU No. 2016-14, Not-for-Profit Entities (Topic 958): *Presentation of Financial Statements of Not-for-Profit Entities*, which changes presentation and disclosure requirements for not-for-profit entities to provide more relevant information about their resources (and the changes in those resources) to donors, grantors, creditors, and other users. These include qualitative and quantitative requirements in the following areas: net asset classes, investment return, expenses and liquidity and availability of resources. The standard is effective for not-for-profit organizations for periods beginning after December 15, 2017. Early application of the amendment is permitted. Management is currently evaluating the effect that the standard will have on the consolidated financial statements.

VALEO BEHAVIORAL HEALTH CARE, INC.,
VALEO CRP, INC. AND THE VALEO FOUNDATION

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Continued)

1 - Organization and Summary of Significant Accounting Policies (Continued)

Pending Accounting Pronouncements (Continued)

In May 2014, FASB issued ASU No. 2014-09, *Revenue from Contracts with Customers*, which provides a robust framework for addressing revenue recognition issues and replaces most of the existing revenue recognition guidance including industry-specific guidance, in current U.S. GAAP. The standard is effective for nonpublic entities for periods beginning after December 15, 2018. Management is currently evaluating the effect that the standard will have on the consolidated financial statements.

In February 2016, FASB issued ASU 2016-02, *Leases (Topic 842)*. The guidance in this ASU supersedes the leasing guidance in Topic 840, *Leases*. Under the new guidance, lessees are required to recognize lease assets and lease liabilities on the balance sheet for all leases with terms longer than 12 months. Leases will be classified as either finance or operating with classification affecting the pattern of expense recognition in the income statement. The new standard is effective for fiscal years beginning after December 15, 2019, including interim periods within those fiscal years. Management is currently evaluating the effect that the standard will have on the consolidated financial statements.

2 - Investments

Investments held by the Organization were as follows at December 31, 2017:

	Cost	Fair Value
Certificates of deposit	\$ 367,617	\$ 367,617
Equity mutual funds	643,604	763,893
Municipal bonds	1,215,740	1,222,408
Corporate bonds	1,254,296	1,249,380
Fixed income funds	2,183,798	2,166,629
Money market mutual funds	2,661,207	2,661,207
Total operating investments	\$ 8,326,262	\$ 8,431,134

VALEO BEHAVIORAL HEALTH CARE, INC.,
VALEO CRP, INC. AND THE VALEO FOUNDATION

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Continued)

2 - Investments (Continued)

Investments held by the Organization were as follows at December 31, 2016:

	<u>Cost</u>	<u>Fair Value</u>
Certificates of deposit	\$ 364,977	\$ 364,977
Equity mutual funds	715,379	718,934
Municipal bonds	1,546,025	1,579,460
Corporate bonds	1,764,914	1,772,546
Fixed income funds	1,351,591	1,328,524
Treasury bill	496,638	496,670
Money market mutual funds	<u>1,937,723</u>	<u>1,937,723</u>
Total operating investments	<u>\$ 8,177,247</u>	<u>\$ 8,198,834</u>

Interest and investment income consisted of the following for the year ended December 31:

	<u>2017</u>	<u>2016</u>
Interest and dividends	\$ 174,849	\$ 166,388
Realized gains	32,362	30,642
Unrealized gains (losses)	<u>83,285</u>	<u>(3,354)</u>
Total interest and investment income	<u>\$ 290,496</u>	<u>\$ 193,676</u>

3 - Fair Value Measurement

The disclosure provisions of the Fair Value Measurements and Disclosures Topic of the Financial Accounting Standards Board Accounting Standards Codification (FASB ASC 820) establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

VALEO BEHAVIORAL HEALTH CARE, INC.,
VALEO CRP, INC. AND THE VALEO FOUNDATION

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Continued)

3 - Fair Value Measurement (Continued)

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- | | |
|---------|--|
| Level 1 | Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities; |
| Level 2 | Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly; |
| Level 3 | Prices or valuations that require inputs that are both significant to fair value measurement and unobservable. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2017.

Mutual funds, federal government securities, corporate and municipal bonds, fixed income funds, and money market mutual funds: Valued at the closing price reported in the active market in which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Organization believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Continued)

3 - Fair Value Measurement (Continued)

There were no transfers between the levels during the year. The Organization's policy is to only recognize transfers in and out of the levels at the end of the fiscal year; interim changes in the fair value inputs are not recognized.

4 - Accounts Receivable

Net accounts receivable consisted of the following at December 31:

	2017	2016
Gross accounts receivable	\$ 1,249,930	\$ 1,473,824
Allowance for doubtful accounts	(129,613)	(138,637)
Allowance for contractual adjustments	(75,154)	(154,223)
	\$ 1,045,163	\$ 1,180,964

5 - Property and Equipment

Property and equipment consisted of the following at December 31:

	2017	2016
Land	\$ 799,003	\$ 799,003
Buildings	11,695,424	11,689,028

	\$ 7,107,073	\$ 7,434,534

VALEO BEHAVIORAL HEALTH CARE, INC.,
VALEO CRP, INC. AND THE VALEO FOUNDATION

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Continued)

5 - Property and Equipment (Continued)

Depreciation expense for the Organization for the years ended December 31, 2017 and 2016 was \$ 612,256 and \$ 665,956, respectively.

6 - Operating Leases

The Organization leases certain office facilities and equipment under operating lease agreements. Under the terms of these leases, the facilities and the equipment remain the property of the lessor and, accordingly, are not recorded as an asset. Rental expense incurred under these leases was \$ 79,139 and \$ 75,923, respectively, during the years ending December 31, 2017 and 2016. Future annual minimum rental payments are as follows:

2018	\$	56,108
2019		24,218
2020		9,215
2021		6,143
		<hr/>
	\$	95,684
		<hr/> <hr/>

7 - Long-Term Debt

In 1991, the construction of a facility and the purchase of land and a building for Valeo Recovery Center were financed through Certificates of Participation issued by Shawnee County, Kansas (the County). Valeo is the sub-lessee and the County is the lessee in the transaction which is, in substance, a capital lease. In June 1994, the County issued \$ 1,215,000 in Certificates of Participation for the purpose of advance refunding the remaining principal of the Series 1991 issue.

In February 1999, the County issued \$ 3,375,000 in Certificates of Participation Series 1999A, at a discount of \$ 69,945, for the purpose of refunding the 1994 Certificates of Participation and to finance the cost of the expansion of certain facilities. The 1999A Certificates of Participation require annual principal payments and were set to expire in 2019.

VALEO BEHAVIORAL HEALTH CARE, INC.,
VALEO CRP, INC. AND THE VALEO FOUNDATION

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Continued)

7 - Long-Term Debt (Continued)

In August 2005, the County issued Certificates of Participation Series 2005, at a discount of \$ 33,742, for the purpose of refunding the 1999A Certificates of Participation. The 2005 Certificates of Participation require annual principal payments and were paid in full in 2017. They bore an interest rate from 3.9% to 4.0%. The discount of the 2005 bonds was also amortized over the life of the bonds. Amortization of the discount charged to interest expense was \$ 2,991 and \$ 2,049 in 2017 and 2016, respectively. Financing costs were amortized over the term of the loan using the straight-line method which approximates the effective yield method and is recorded as interest expense.

8 - Board Designated Net Assets

Valeo has designated a portion of net assets to provide for the repayment of principal and interest on the Certificates of Participation, which were paid in full in 2017, and for the accrued health insurance liability. Funds designated by the Board of Directors for CRP are equal to approximately seven months of operating expenses.

The amounts designated at December 31 are as follows:

	2017	2016
Bond payments - principal and interest	\$ 664,596	\$ 633,794
Health insurance liability	148,641	127,418
Board designated investments	853,042	866,846
Total designated net assets	\$ 1,666,279	\$ 1,628,058

VALEO BEHAVIORAL HEALTH CARE, INC.,
VALEO CRP, INC. AND THE VALEO FOUNDATION

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Continued)

9 - Pension Plan

The Organization has a 401(k) Plan (the Plan) to provide retirement benefits for its employees. The Plan covers regular part-time and full-time employees with one year of service. Employees may contribute from their annual compensation to the Plan, limited to a maximum annual amount as set periodically by the Internal Revenue Service. Valeo contributes 50% of up to the first 4% of gross compensation that an employee contributes to the Plan. All matching contributions vest on years of continuous service. An employee is 100% vested after six years of credited service. In addition, the Plan provides for discretionary profit-sharing contributions as determined by the Board of Directors. Such contributions to the Plan are allocated among eligible participants in the proportion of their salaries to the total salaries of all participants.

The Organization's matching contributions to the Plan were \$ 176,895 and \$ 135,733 and profit-sharing was \$ 41,399 and \$ 0 for the years ended December 31, 2017 and 2016, respectively.

10 - Functional Expenses

The Organization's expenses by function are as follows for the year ended December 31:

	2017	2016
Administration and overhead	\$ 2,471,680	\$ 2,413,170
Mental health services	11,647,057	12,483,077
Medical services	1,857,943	1,832,859
Valeo Recovery Center	1,902,765	2,180,960
Payments to other organizations	2,303,795	2,157,393
Total expenses	\$ 20,183,240	\$ 21,067,459

VALEO BEHAVIORAL HEALTH CARE, INC.,
VALEO CRP, INC. AND THE VALEO FOUNDATION

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Continued)

11 - Payments to Other Organizations

The Organization's payments to other organizations for the year ended December 31 consist of the following:

	2017	2016
Breakthrough House	\$ 397,108	\$ 390,204
Family Service and Guidance Center	1,839,581	1,632,979
Kanza Mental Health Center	17,489	34,977
Pawnee Mental Health Center	49,617	99,233
Total payments to other organizations	\$ 2,303,795	\$ 2,157,393

12 - Risk Management

The Organization participates in a partially self-funded health insurance program administered by Blue Cross Blue Shield. A monthly premium is paid for stop-loss coverage and includes an amount for administrative costs. The maximum liability for the Organization for each individual covered is \$ 75,000 per plan year with an aggregate plan maximum liability of approximately \$ 1,643,290.

The Organization made claim payments of \$ 1,749,628 and \$ 1,655,570, respectively, during the years ended December 31, 2017 and 2016. At December 31, 2017 and 2016, the Organization had recorded a combined liability of \$ 171,032 and \$ 128,211, respectively, for estimated self-insured liability claims which are included in other accrued expenses on the consolidated statement of financial position.

13 - Subsequent Events

Subsequent events have been evaluated by management of the Organization through the date of the independent auditor's report, which is the date that the consolidated financial statements are available to be issued.

VALEO CRP, INC. AND THE VALEO FOUNDATION

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

December 31, 2017

1 - Basis of Presentation

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of Valeo under programs of the federal government for the year ended December 31, 2017. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Valeo, it is not intended to and does not present the financial position, changes in net assets, or cash flows of Valeo.

2 - Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Valeo has not elected to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

3 - Difference in Presentation of Property and Equipment

The accompanying schedule of expenditures of federal awards presents property and equipment acquisitions as expenditures under the definition of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Regulations, Cost Principles, and Audit Requirement for Federal Awards*. The consolidated financial statements present property and equipment acquisitions as assets in accordance with accounting principles generally accepted in the United States of America.

INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Boards of Directors
Valeo Behavioral Health Care, Inc., Valeo CRP, Inc. and The Valeo Foundation
Topeka, Kansas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the consolidated financial statements of Valeo Behavioral Health Care, Inc. (Valeo), Valeo CRP, Inc. (CRP) and The Valeo Foundation (the Foundation) (collectively, the Organization) which comprise the consolidated statement of financial position as of December 31, 2017, and the related consolidated statements of activities and cash flows for the year then ended, and the related notes to the consolidated financial statements, and have issued our report thereon dated June 18, 2018. The financial statements of CRP and the Foundation were not audited in accordance with *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit of the consolidated financial statements, we considered Valeo’s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of Valeo’s internal control. Accordingly, we do not express an opinion on the effectiveness of Valeo’s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of Valeo’s consolidated financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Valeo's consolidated financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Valeo's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Valeo's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR’S REPORT ON COMPLIANCE FOR THE MAJOR
FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL
OVER COMPLIANCE**

Boards of Directors
Valeo Behavioral Health Care, Inc., Valeo CRP, Inc. and The Valeo Foundation:

Report on Compliance for the Major Federal Program

We have audited Valeo Behavioral Health Care, Inc.’s (Valeo’s), Valeo CRP, Inc.’s (CRP’s) and The Valeo Foundation’s (the Foundation’s) (collectively, the Organization’s) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on Valeo’s major federal programs for the year ended December 31, 2017. Valeo’s major federal program is identified in the summary of auditor’s results section of the accompanying schedule of findings and questioned costs.

The Organization’s basic financial statements include the operations of CRP and the Foundation, related parties for Valeo, both of which did not receive federal awards and are not included in the Organization’s schedule of expenditures of federal awards during the year ended December 31, 2017. Our audit, described below, did not include the operations of CRP and the Foundation because these entities did not expend federal awards.

Management’s Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor’s Responsibility

Our responsibility is to express an opinion on compliance for Valeo’s major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Valeo’s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination of Valeo’s compliance.

An Independently Owned Member, RSM US Alliance

Opinion on the Major Federal Program

In our opinion, Valeo complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended December 31, 2017.

Report on Internal Control Over Compliance

Management of Valeo is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Valeo's internal control over compliance with the types of requirements that could have a direct and material effect on its major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for the major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Valeo's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
