Independent Auditor's Report

Adverse and Unmodified Opinions

We have audited the accompanying fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances of Unified School District No. 473 (the District), as of and for the year ended June 30, 2022 and the related notes to the financial statement.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the Basis for Adverse and Unmodified Opinions section of our report, the accompanying financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the District as of June 30, 2022, or changes in financial position and cash flows thereof for the year then ended.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the accompanying financial statement referred to above presents fairly, in all material respects, the aggregate cash and unencumbered cash balance of the District as of June 30, 2022, and the aggregate receipts and expenditures for they year then ended in accordance with the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide* (KMAAG) described in Note 1.

Basis for Adverse and Unmodified Opinions

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS) and KMAAG. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statement section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our adverse and unmodified audit opinions.

Matter Giving Rise to the Adverse Opinion on U.S. Generally Accepted Accounting Principles

As discussed in Note 1 of the financial statement, the financial statement is prepared by the District on the basis of the financial reporting provisions of the KMAAG, which is a basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Responsibilities of Management for the Financial Statement

Management is responsible for the preparation and fair presentation of the financial statement in accordance with KMAAG as described in Note 1; this includes determining regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statement that is free from material misstatement, whether due to fraud or error.

In preparing the financial statement, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statement

Our objectives are to obtain reasonable assurance about whether the financial statement as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statement.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statement, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statement.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances (basic financial statement) as a whole. The summary of regulatory basis expenditures-actual and budget, individual fund schedules of regulatory basis receipts and expenditures-actual and budget, schedule of regulatory basis receipts and expenditures-agency funds (Schedules 1, 2, 3 and 4 as listed in the table of contents) are presented for purposes of additional analysis and are not required part of the basic financial statement; however, are required to be presented under the provisions of the KMAAG. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statement. The information has been subjected to the auditing procedures applied in the audit of the basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statement or to the basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information is fairly stated in all material respects, in relation to the basic financial statement as a whole, on the basis of accounting described in Note 1.

We also previously audited, in accordance with auditing standards generally accepted in the United States of America, the basic financial statement of the District as of and for the year ended June 30, 2021 (not presented herein), and have issued our report thereon dated December 13, 2021, which contained an unmodified opinion on the basic financial statement. The 2021 basic financial statement and our accompanying report are not presented herein, but are available in electronic form from the website of the Kansas Department of Administration at the following link <https://admin.ks.gov/offices/oar/municipal-services>. The 2021 actual column (2021 comparative information) presented in the individual fund schedules of regulatory basis receipts and expenditures-actual and budget for the year ended June 30, 2022 (Schedule 2 as listed in the table of contents) is presented for purposes of additional analysis and is not a required part of the basic financial statement. Such 2021 comparative information was subjected to the auditing procedures applied in the audit of the 2021 basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the 2021 comparative information is fairly stated in all material respects in relation to the basic financial statement as a whole for the year ended June 30, 2022, on the basis of accounting described in Note 1.

Other Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statement that collectively comprises the District's basic financial statement. The Schedule of Expenditures of Federal Awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards is presented for purposes of additional analysis and is not a required part of the basic financial statement. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statement. The information has been subjected to the auditing procedures applied in the audit of the basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statement or to the basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 28, 2022, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENT
For the Year Ended June 30, 2022

Note 1: Summary of Significant Accounting Policies

Unified School District No. 473 (the District), is a municipal corporation governed by an elected seven-member Board. This financial statement includes all the accounts for which the District is considered to be financially accountable. The District has no related municipal entities.

Reimbursed Expenses

Expenditures in the amount of \$141,820 are classified as reimbursed expenses in the General Fund. The purpose of these expenditures is payments for goods and services in which fees are collected and such expenditures are exempt from the budget law under K.S.A. 79-2934.

Reimbursed expenses are defined as repayments of amounts remitted on behalf of another party. All reimbursed expenses shown in the financial statements meet the following criteria:

1. the related disbursement was made in the current year on behalf of the payee,
2. the item paid for was directly identifiable as having been used by or provided to the payee, and
3. the amount of the reimbursed expense was directly tied to the amount of the original cash disbursement.

Regulatory Basis of Accounting and Departure from Accounting Principles Generally Accepted in the United States of America

The *Kansas Municipal Audit and Accounting Guide* (KMAAG) regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis receipts and regulatory basis expenditures for the fiscal year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligation against cash. The KMAAG regulatory basis does not recognize capital assets, long-term debt, accrued receivables and payables, or any other assets, liabilities or deferred inflows or outflows, other than those mentioned above.

The District has approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirement of application of generally accepted accounting principles and allowing the District to use the regulatory basis of accounting.

Regulatory Basis Fund Types

The accounts of the District are organized and operated on the basis of funds, which are used to record the District's financial transactions. A fund is defined as an independent fiscal and accounting entity with a self-balancing set of accounts. Cash and other financial resources are recorded together with all related expenditures. A fund is used to segregate specific activities and for the purpose of attaining certain objectives in accordance with special regulations, restrictions, and limitations. The following types of funds comprise the financial activities of the District.

General Fund -- the chief operating fund. Used to account for all resources except those required to be accounted for in another fund.

Special Purpose Funds -- used to account for the proceeds of specific tax levies and other specific revenue sources (other than Capital Project and tax levies for long-term debt) that are intended for specified purposes.

Bond and Interest Fund -- used to account for the accumulation of resources, including tax levies, transfers from other funds and payment of general long-term debt.

Agency Funds -- used to report assets held by the District in a purely custodial capacity.

Note 1: Summary of Significant Accounting Policies (Continued)

Budgetary Information

Kansas statutes require that an annual operating budget be legally adopted for the general fund, special purpose funds (unless specifically exempted by statute) and bond and interest funds. The statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

1. Preparation of the budget for the succeeding twelve month period on or before August 1st of each year.
2. Publication in a local newspaper of the proposed budget and this notice of public hearing on the budget on or before August 5th.
3. Public hearing on or before August 15th, but at least ten days after publication of notice of hearing.
4. Adoption of the final budget on or before August 25th.

If the District is holding a revenue neutral rate hearing, the budget timeline for adoption of the final budget has been adjusted to on or before September 20th.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in revenue other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication the hearing may be held and the governing body may amend the budget at that time.

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison statements are presented for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

All legal annual operating budgets are prepared using the regulatory basis of accounting, in which revenues are recognized when cash is received and expenditures include disbursements, accounts payable, and encumbrances, with disbursements being adjusted for prior year's accounts payable and encumbrances. Encumbrances are commitments by the District for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. Any unused budget expenditure authority lapses at year end.

A legal operating budget is not required for capital project funds, trust and agency funds, and the following special purpose funds:

Student Materials Revolving	District Activity	Title I
Contingency Reserve	Title II	Title I Carryover
Title IV	ESSER II	ESSER III
KDHE Grant		

Spending in funds which are not subject to the legal annual operating budget requirement are controlled by federal regulations, other statutes, or by the use of internal spending limits established by the governing body.

Note 2: Deposits and Investments

The District maintains a cash and investment pool that is available for use by all funds. The District held no investments during the year, only deposits with allowable financial institutions. All interest earned during the year on idle funds was credited to the capital outlay fund as allowed by Kansas statutes.

K.S.A. 9-1401 established the depositories which may be used by the District. The statute requires banks eligible to hold the District's funds have a main or branch bank in the county in which the District is located, or in an adjoining county if such institution has been designated as an official depository, and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. The District has no other policies that would further limit interest rate or depository risk.

K.S.A. 12-1675 limits the District's investment of idle funds to time deposits, open accounts, and certificates of deposit with financial institutions; U.S. government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The District has no investment policies that would further limit its investment choices.

Concentration of credit risk. State statutes place no limit on the amount the District may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405.

Custodial credit risk -- deposits. Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. K.S.A. 9-1402 and 9-1405 require the District's deposits in a financial institution be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka.

At June 30, 2022, the carrying amount of the District's deposits was \$6,084,168. The bank balance was \$6,643,226. The bank balance was held by three banks, resulting in a concentration of credit risk. Of the bank balances, \$750,000 was secured by FDIC insurance and the remaining \$5,893,226 was collateralized by pledged securities with a fair market value of \$5,476,403 held under joint custody receipts issued by a third-party bank in the District's name and a letter of credit for \$650,000. Each third-party bank holding the pledged securities is independent of the pledging bank.

Note 3: In-Substance Receipt in Transit

The District received \$323,861 in General State Aid and \$58,588 in Supplemental General State Aid subsequent to June 30, 2022 and as required by K.S.A. 72-5135(d), the receipt was recorded as an in-substance receipt in transit and included as a receipt for the year ended June 30, 2022.

Note 4: Defined Benefit Pension Plan

Plan description. The District participates in the Kansas Public Employees Retirement System (KPERS), a cost-sharing, multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, et seq. Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and required supplementary information. KPERS' financial statements are included in its Comprehensive Annual Financial Report which can be found on the KPERS website at www.kpers.org or by writing to KPERS (611 South Kansas, Suite 100, Topeka, KS 66603) or by calling 1-888-275-5737.

For the Year Ended June 30, 2022

Note 4: Defined Benefit Pension Plan (Continued)

Contributions. K.S.A. 74-4919 and K.S.A. 74-49,210 establish the KPERS member-employee contribution rates. KPERS has multiple benefit structures and contribution rates depending on whether the employee is a KPERS 1, KPERS 2 or KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009. KPERS 2 members were first employed in a covered position on or after July 1, 2009 and KPERS 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas law established the KPERS member-employee contribution rate of 6% of covered salary for KPERS 1, KPERS 2 and KPERS 3 members. Member contributions are withheld by their employer and paid to KPERS according to the provisions of Section 414(h) of the Internal Revenue Code.

State law provides that the employer contribution rates for KPERS 1, KPERS 2 and KPERS 3 be determined based on the results of each annual actuarial valuation. Kansas law sets a limitation on annual increases in the employer contribution rates. The actuarially determined employer contribution rate and the statutory contribution rate (not including the 1% contribution rate for the Death and Disability Program) was 15.59% and 14.23%, respectively, for the fiscal year ended June 30, 2021. The actuarially determined employer contribution rate and the statutory contribution rate was 14.83% and 13.33% for the fiscal year ended June 30, 2022.

Senate Substitute for House Bill 2052 authorized the delay of \$64.1 million in fiscal year 2017 contributions. These contributions were set up as a long-term receivable. Payment is scheduled to be made in a series of twenty annual payments of \$6.4 million dollars per year beginning in fiscal year 2018. Senate Substitute for House Bill 2002 authorized the delay of \$194.0 million in fiscal year 2019 contributions. Payment is scheduled to be made in a series of twenty annual payments of \$19.4 million starting in fiscal year 2020.

House Substitute for Senate Bill 109 from the 2018 Legislative session provided for additional funding for the KPERS School Group. A payment of \$56 million was paid in fiscal year 2018. This bill also authorized a payment of \$82 million in fiscal year 2019. The 2019 legislative session authorized an additional fiscal year payment for the KPERS School Group. 2019 Senate Bill 9 authorized a payment of \$115 million for the KPERS School Group. House Substitute for Senate Bill 25 from the 2019 Legislative session authorized additional funding for the KPERS School Group in fiscal year 2020 of \$51 million.

The State of Kansas is required to contribute the statutory required employer's share except for retired District employees. The District is responsible for the employer's portion of the cost for retired District employees. The District received and remitted amounts equal to the statutory contribution rate, which totaled \$1,013,955 for the year ended June 30, 2022.

Net Pension Liability. At June 30, 2022, the District's proportionate share of the collective net pension liability reported by KPERS was \$7,904,515. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2020, which was rolled forward to June 30, 2021. The District's proportion of the net pension liability was based on the ratio of the District's contributions to KPERS, relative to the total employer and non-employer contributions of the State/School subgroup within KPERS for the fiscal year ended June 30, 2021. Since the KMAAG regulatory basis of accounting does not recognize longterm debt, this liability is not reported in this financial statement.

The complete actuarial valuation report including all actuarial assumptions and methods, and the report on the allocation of the KPERS collective net pension liability to all participating employers are publicly available on the website at www.kpers.org or can be obtained as described above.

Chapman, Kansas
NOTES TO FINANCIAL STATEMENT
For the Year Ended June 30, 2022

Note 5: Other Post Employment Benefits

Sick Leave

Certified Employees – Ten days of sick leave shall be granted to all full-time teachers after they have worked one day of their annual contract. Such sick leave entitlement shall accumulate up to a maximum of 70 days of unused sick leave. Teachers who are employed less than full-time shall be entitled to sick leave benefits based upon the following formula: the number of days or amount of time employed over a full employment year times the foregoing benefits received by full-time teachers. Termination of employment automatically cancels all sick leave benefits.

Teachers shall be compensated for their unused sick leave upon their retirement. Teacher disability or death while employed shall also be grounds for compensation. KPERS guidelines will be used to determine retirement and disability eligibility. Compensation will be determined as follows: a) 10 through 14 years of service with the District; \$5.00 per day, up to a maximum of 70 days, b) 15 years of service and over with the District, \$10.00 per day, up to a maximum of 70 days. Because so many events have to be met for unused sick leave to be paid, no accrual is made for unused sick leave.

Noncertified Employees – The Board shall allow one day of sick leave after three days service is performed and one additional day of sick leave for each full month of service completed, but accumulated unused sick leave shall not exceed seven times one year's maximum sick leave accumulation.

There shall be no payment for unused sick leave when an employee ceases employment with the District. Upon death or retirement only, employees shall be compensated for their unused sick leave whether KPERS or because of disability as follows: for 10-14 years of service with the District, the compensation shall be \$5.00 per day, up to the maximum allowable sick leave accumulation, except that those employees who work less than an eight hour day will be paid in proportion to the number of hours worked.

For 15 or more years of service with the District, the compensation shall be \$10.00 per day, up to the maximum allowable sick leave accumulation, except that those employees who work less than an eight hour day will be paid in proportion to the number of hours worked.

Vacation Leave

All full-time employees who are employed on a twelve-month basis may be granted a paid vacation each year. Vacation time for employees is two weeks per year for employees with 1-14 years of service. Employees with 15 years or more service receive 15 days (3 weeks) paid vacation. The Superintendent and the Administrative Assistant receive three weeks of vacation. If vacation leave is not taken by end of current year earned, it will be lost. No accrual for vacation leave value occurs.

Personal Leave

Each full-time teacher shall be allowed two days of personal leave for any reason which the teacher believes to be more important than being in the classroom.

Personal leave shall be allowed in the same manner for teachers who are employed less than full time but in proportion to the time employed. Personal leave may accumulate for a limit of two years not to exceed four days in any contract year. No accrual for unused personal leave is made and would not be material to the financial statement.

Chapman, Kansas
NOTES TO FINANCIAL STATEMENT
For the Year Ended June 30, 2022

Note 6: Defined Contribution Pension Plan

The District contributes to the District Retirement Plan (DRP), a defined contribution plan, for its administrators and certified employees. DRP is administered by Baybridge.

Benefit terms, including contribution requirements, for DRP are established and may be amended by the Board of Education. For each employee in the pension plan, the District is required to match employee contributions based on the Retiree Group Level, and deposit it to an individual employee account. Employees are permitted to make contributions to the pension plan, up to applicable Internal Revenue Code limits.

Retiree Group	Match Ratio	Term
Eligible to retire 2020/2021 to 2023/2024	4 to 1 up to \$50 per month	Through Year 8
Eligible to retire 2020/2021 to 2023/2024	1 to 1 up to \$50 per month	After Year 8 and Through Remainder of Employment
Eligible to retire 2024/2025 to 2028/2029	2 to 1 up to \$50 per month	Through Year 12
Eligible to retire 2024/2025 to 2028/2029	1 to 1 up to \$50 per month	After Year 12 and Through Remainder of Employment
Eligible to retire 2029/2030 and new hires	1 to 1 up to \$50 per month	Duration of Employment

For the year ended June 30, 2022, employee contributions totaled \$63,750 and the District recognized pension expense of \$63,750.

Employees are immediately vested in their own contributions and earnings on those contributions and become vested in the District contributions and earnings on District contributions based on a 15 year vesting schedule of creditable service with the District. Nonvested District contributions are forfeited upon termination of employment. Such forfeitures are used to cover a portion of the pension plan's administrative expenses. For the year ended June 30, 2022, there were \$42,650 forfeitures.

Employer matching contributions are subject to the following vesting schedule:

Years of Employment	Vested Percentage
1 - 5 years	0%
6 years	10%
7 years	20%
8 years	30%
9 years	40%
10 years	50%
11 years	60%
12 years	70%
13 years	80%
14 years	90%
15 years	100%

Note 7: Retirement Benefits

The District provides an early retirement program for certain eligible employees. Those eligible under this program may receive benefits up to five years. Payments for retired employees under this plan were \$45,000 for the year ended June 30, 2022.

Note 9: Other Long-Term Obligations from Operations

Other Post-Employment Benefits. As provided by K.S.A. 12-5040, the District allows retirees to participate in the group health insurance plan. While each retiree pays the full amount of the applicable premium, conceptually, the District is subsidizing the retirees because each participant is charged a level of premium regardless of age. However, the cost of this subsidy has not been quantified in this financial statement.

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the District makes health care benefits available to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured. There is no cost to the District.

Death and Disability Other Post-Employment Benefits. As provided by K.S.A. 74-4927, disabled members in the Kansas Public Employees Retirement System (KPERs) receive long-term disability benefits and life insurance benefits. The plan is administered through a trust held by KPERs that is funded to pay annual benefit payments. The employer contribution rate is set at 1% for the year ended June 30, 2022.

Note 10: Commitments and Contingencies

The District receives significant financial assistance from numerous federal and state governmental agencies in the form of grants and state pass-through aid. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material effect on the financial statement of the District.

The District's general obligation bond issues are subject to the arbitrage provisions of Section 148 of the Internal Revenue Code. These provisions include the potential for rebates to the Federal Government of the earnings on the bond proceeds in excess of the yield on the bonds. The amounts of any future rebates due on other bonds or temporary notes have not been determined.

Note 11: Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; natural disasters and other events for which the District carries commercial insurance. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

NOTES TO FINANCIAL STATEMENT
For the Year Ended June 30, 2022

Note 12: Other Information

Fund with a Deficit Unencumbered Cash Balance. Generally, school districts are required by K.S.A. 10-1113 to limit fund expenditures to the available monies in that fund. K.S.A 12-1663, however, provides an exception for those funds which are to be financed by Federal government sources and other grants and gifts. This exception allows these funds to expend in excess of currently available resources with the expectation that the District will be reimbursed for qualifying grant expenditures.

The following fund had expenses in excess of budgeted amounts as of June 30, 2022: ESSER III Fund. This fund is financed by a Federal governmental agency and is expecting reimbursement of qualifying grant expenditures. Therefore, this falls under the exception noted above.

Note 13: COVID-19

On January 30, 2021, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus in Wuhan, China (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. As such, it is uncertain as to the full magnitude that the pandemic will have on the District's financial condition, liquidity and future results of operations. Management is actively monitoring the global and local situation on its financial condition, liquidity, operations, suppliers, industry and workforce. Given the daily evolution of the COVID-19 outbreak and the global responses to curb its spread, the District is not able to estimate the effects of the COVID-19 outbreak on its results of operations, financial condition or liquidity for fiscal year 2022.

As a result of the COVID-19 outbreak, numerous Federal and State grants have been made available to the District to assist with the risks and help offset incurred costs of the District.

**Independent Auditor's Report on Internal Control over Financial Reporting
and on Compliance and Other Matters Based on an Audit of
Financial Statement Performed in Accordance with *Government Auditing Standards***

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statement of the Chapman Unified School District No. 473 (the District), as of and for the year ended June 30, 2022, and the related notes to the financial statement, which collectively comprise the District's basic financial statement, and have issued our report thereon dated November 28, 2022.

Internal Control over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statement, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. *A material weakness* is a deficiency, or combination of control deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's financial statement will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be material weaknesses or significant deficiencies. Given these limitations during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statement is free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Independent Auditor's Report on Compliance for Each
Major Federal Program and Report on Internal Control Over
Compliance in Accordance with the Uniform Guidance**

Report on Compliance for Each Major Federal Program

We have audited the compliance of Chapman Unified School District No. 473 (the District), with the types of compliance requirements described in the U.S. *Office of Management and Budget (OMB) Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2022. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the District's compliance.

Opinion on Each Major Federal Program

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

Report on Internal Control Over Compliance

Management of the District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Purpose of this Report

This purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform

* Major Program

NOTE A: BASIS OF PRESENTATION

This schedule is prepared on a basis of accounting that demonstrates compliance with the cash basis. Cash receipts are recognized when the cash balance of a fund is increased. Cash disbursements are recognized when the cash balance of a fund is decreased. Expenditures include disbursements, accounts payable and encumbrances. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance).

NOTE B: INDIRECT COST RATE

The District does not allocate indirect costs to its federal award program. Accordingly, use of the 10% de minimis indirect cost rate provisioned by the Uniform Guidance, Section 414, is not applicable.

NOTE C: NON-CASH ASSISTANCE, INSURANCE, AND LOANS

The District did not receive or expend any federal awards in the form of non-cash assistance, insurance, loans or loan guarantees, including interest subsidies during the year ended June 30, 2022.
