Independent Auditors' Report

Mayor and City Council
Enterprise, Kansas 67441

Adverse and Unmodified Opinions
We have audited the accompanying fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances of the City of Enterprise, Kansas, a municipality, as of and for the year ended December 31, 2024 and the related notes to the financial statement.

Adverse Opinion on the U.S. Generally Accepted Accounting Principles
In our opinion, because of the significance of the matter discussed in the Basis for Adverse Opinion and Unmodified Opinions section of our report, the financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the City of Enterprise, Kansas, as of December 31, 2024, or the changes in its financial position or cash flows for the year then ended.

Unmodified Opinion on Regulatory Basis of Accounting
In our opinion, the financial statement referred to above presents fairly, in all material respects, the aggregate cash and unencumbered cash balance of the City of Enterprise, Kansas, as of December 31, 2024, and the aggregate receipts and expenditures for the year then ended in accordance with the financial reporting provisions of the Kansas Municipal Audit and Accounting Guide described in Note A.

Basis for Adverse Opinion and Unmodified Opinions
We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the Kansas Municipal Audit and Accounting Guide. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statement section of our report. We are required to be independent of the City of Enterprise, Kansas, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our adverse and unmodified audit opinions.

Matter Giving Rise to Adverse Opinion on U.S. Generally Accepted Accounting Principles As discussed in Note A of the financial statement, the financial statement is prepared by the City of Enterprise, Kansas on the basis of the financial reporting provisions of the Kansas Municipal Audit and Accounting Guide, which is a basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statement of the variances between the regulatory basis of accounting described in Note A and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Responsibilities of Management for the Financial Statement
Management is responsible for the preparation and fair presentation of this financial statement in accordance with the Kansas Municipal Audit and Accounting Guide as described in Note A to meet the financial reporting requirements of the State of Kansas; this includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

In preparing the financial statement, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Enterprise's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibility for the Audit of the Financial Statement
Our objectives are to obtain reasonable assurance about whether the financial statement as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statement.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statement, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City of Enterprise's" internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statement.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Enterprise's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Report on Regulatory – Required Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances (basic financial statement) as a whole. The summary of regulatory basis expenditures-actual and budget, individual fund schedules of regulatory basis receipts and expenditures-actual and budget, and schedule of regulatory basis receipts and expenditures-actual-related municipal entity (Schedules 1, 2 and 3 as listed in the table of contents) are presented for analysis and are not a required part of the basic financial statement but are required to be presented under the provisions of the Kansas Municipal Audit and Accounting Guide. All supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statement. The information has been subjected to the auditing procedures applied in the audit of the basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statement or to the basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statement as a whole, on the basis of accounting described in Note A.

We also previously audited, in accordance with auditing standards generally accepted in the United States of America, the basic financial statement of the City of Enterprise, Kansas as of and for the year ended December 31, 2023 (not presented herein), and have issued my report dated September 30, 2024, which contained an unmodified opinion on the basic financial statement. The 2023 basic financial statement and my report are not presented herein, but are available in electronic form from the website of the Kansas Department of Administration at the following link https://admin.ks.gov/offices/chief-financial-officer/municipal-services/municipal-audits. The 2023 actual column (2023 comparative information) presented in the individual fund schedules of regulatory basis receipts and expenditures-actual and budget for the year ended December 31, 2024 (Schedule 2 as listed in the table of contents) is presented for analysis and are not a required part of the basic financial statement. Such 2023 comparative information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2023 basic financial statement. The 2023 comparative information has been subjected to the auditing procedures applied in the audit of the 2023 basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2023 basic financial statement or to the 2023 basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the 2023 comparative information is fairly stated in all material respects, in relation to the basic financial statement as a whole for the year ended December 31, 2023, on the basis of accounting described in Note 1.

Note A – Summary of Significant Accounting Policies

The City has established a uniform system of accounting maintained to reflect compliance with the applicable laws of the State of Kansas. The more significant of the City's accounting policies are described below.

Municipal Financial Reporting Entity

The City of Enterprise is a government entity and operates under a Mayor-Council form of government. The City operates as a third-class City. The City provides the following services: public safety (police and fire), streets, sanitation, water, sewer, electric service, recreation, public improvements, planning and zoning, and general administrative services. This financial statement presents the City of Enterprise (the municipality) and its related municipal entity the Enterprise Land Bank. The related municipal entity is included in the City's reporting entity because it was established to benefit the City and/or its constituents. Other related municipal entities including the City of Enterprise Recreation Commission and Enterprise Library are not presented.

Regulatory Basis Fund Types

The accounts of the City are organized and operated on the basis of funds, which are used to record the City's financial transactions. A fund is defined as an independent fiscal and accounting entity with a self-balancing set of accounts. Cash and other financial resources are recorded together with all related expenditures. A fund is used to segregate specific activities and for the purpose of attaining certain objectives in accordance with special regulations, restrictions, or limitations including State Statutes and City Ordinances. The following types of funds comprise the financial activities of the City.

General Fund – The chief operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Purpose Funds – used to account for the proceeds of specific tax levies and other specific revenue sources (other than capital projects and tax levies for long-term debt) that are intended for specified purposes.

Bond and Interest Fund – used to account for the accumulation of resources, including tax levies, transfers from other funds and payment of general long-term debt.

Capital Project Fund – used to account for the debt proceeds and other financial resources to be used for acquisition for acquisition or construction of major capital facilities or equipment.

Business Funds – these are financed in whole or in part by fees charged to users of the goods or services. Business funds are operated in a manner similar to private business enterprises where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges; or where the governing body has decided that periodic determination of receipts, expenses, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

Trust Funds – used to report assets held in trust for the benefit of the municipal financial reporting entity.

Note A – Summary of Significant Accounting Policies (Cont.)

Regulatory Basis of Accounting and Departure from Accounting Principles Generally Accepted in the United States of America

The Kansas Municipal Audit and Accounting Guide (KMAAG) regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis receipts and regulatory basis expenditures for the fiscal year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligation against cash. The KMAAG regulatory basis does not recognize capital assets, long-term debt, accrued receivables and payables or any other assets, liabilities or deferred inflows or outflows, other than those mentioned above.

The City approved a resolution that is in compliance-with K.S.A. 75-1120a(c) waiving the requirement for application of generally accepted accounting principles and allowing the City to use the regulatory basis of accounting.

Note B – Stewardship, Compliance, and Accountability

Budgetary Information

Kansas statutes require that an annual operating budget be legally adopted for the general fund, special purpose funds (unless specifically exempted by statute), bond and interest funds, and business funds. Although directory rather than mandatory, the statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget.

1. Preparation of the budget for the succeeding calendar year on or before August 1st.
2. Publication in local newspaper of the proposed budget and notice of public hearing on the budget on or before August 5th.
3. Public hearing on or before August 15th, but at least ten days after publication of notice of hearing.
4. Adoption of the final budget on or before August 25th.

If the municipality is holding a revenue neutral rate hearing, the budget timeline for the public hearing is adjusted to no sooner than August 20th and no later than September 20th, but at least ten days after all statutory notification and publication requirements have been met. Municipal budgets requiring a hearing to exceed the revenue neutral rate should be adopted on or before October 1st but may not be adopted prior to the revenue neutral rate hearing. The municipality did hold a revenue rate hearing for this year.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in regulatory receipts other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication, the hearing may be held, and the governing body may amend the budget at that time. There were no such amendments for this year.

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison schedules are presented for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

All legal annual operating budgets are prepared using the regulatory basis of accounting in which regulatory receipts are recognized when cash is received, and expenditures include disbursements, accounts payable, and encumbrances, with disbursements being adjusted for prior year's accounts payable and encumbrances. Encumbrances are commitments by the municipality for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. Any unused budgeted expenditure authority lapses at year end.

Note B – Stewardship, Compliance, and Accountability (Cont.)

A legal budget is not required for capital project and trust funds. Spending in funds that are not subject to the legal annual operating budget requirement are controlled by federal regulations, other statutes, or by the use of internal spending limits established by the governing body.

Compliance with Finance-Related Legal and Contractual Provisions

References made herein to the statutes are not intended as interpretations of law but are offered for consideration of the Director of Accounts and Reports and interpretation by the County Attorney and legal representatives of the Municipality.

K.S.A. 10-130 required that the City remit bond payments to the state treasurer at least 20 days prior to payment due date. One payment was received by the state treasurer 16 days prior to payment due date.

K.S.A. 9-1402 requires that deposits be secured at all times. The City deposits were undersecured for a period of time during the year.

K.S.A. 12-1608 requires the City treasurer to publish an annual statement. This statement was not published.

Management is not aware of any other items of noncompliance with Kansas regulations.

Note C – Cash and Deposits

K.S.A. 9-1401 establishes the depositories which may be used by the City. The statute requires banks eligible to hold the City's funds have a main or branch bank in the county in which the City is located, or in an adjoining county if such institution has been designated as an official depository, and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. The City has no other policies that would further limit interest rate risk.

K.S.A. 12-1675 limits the City's investment of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The City has no investment policy that would further limit its investment choices.

State statutes place no limit on the amount the City may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405.

Custodial Credit Risk – the risk that in the event of a bank failure, the City's deposits may not be returned to it. State statutes require the City's deposits in financial institutions to be entirely covered by FDIC insurance, or by collateral held under joint custody receipts issued by a bank within the state of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka, except during designated "peak periods" when required coverage is 50%. The City has no designated "peak periods". The City's deposits were legally secured at December 31, 2024.

Note C – Cash and Deposits (Cont)

The City maintains a cash pool that is available for use by all funds. At year-end the carrying amount of the City's deposits, including certificates of deposit, was $762,338. The bank balance was $938,078. The difference between the carrying amount and the bank balance is outstanding checks and deposits in transit. The bank balance was held by two banks resulting in a concentration of credit risk. Of the bank balance $502,482 was covered by FDIC insurance and $435,596 was collateralized with securities held by the pledging financial institutions' agents in the City's name or letters of credit.

Note D – Property Taxes

The determination of assessed valuations and the collection of property taxes for all political subdivisions in the state of Kansas is the responsibility of the various counties. The County Appraiser annually determines assessed valuations based on real estate transactions recorded by the Register of Deeds and personal property transactions reported by taxpayers. The County Clerk spreads the annual assessment on the tax rolls. The County Treasurer is the tax collection agent for all taxing entities within the County. In accordance with State statutes, property taxes levied during the current year are a revenue source to be used to finance the budget of the ensuing year. Taxes are assessed on a calendar year basis and become a lien on the property on November 1of each year. One-half of the property tax is due December 20th prior to the fiscal year for which they are budgeted, and the second half is due the following May 10th. The County Treasurer collects and distributes the property taxes. In accordance with State statutes, property taxes levied during the current year are a revenue source to be used to finance the following years operation.

Note E – Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. To insure against risk of these types of losses, the City has purchased commercial insurance coverage. Settled claims resulting from these risks have not exceeded coverage in the past three calendar years.

The City participates in Federal and State programs that are fully or partially funded by grants received from other governmental units. Expenditures financed by grants are subject to audit by the appropriate grantor government. If expenditures are disallowed due to noncompliance with grant program regulation, the City may be required to reimburse the grantor government. Any disallowed claim resulting from such audit could become a liability of the City. However, in the opinion of management, any such disallowed claim would not have a material effect on the financial statements of the City at December 31, 2024.

Note F – Defined Pension Plan

Plan Description

The City of Enterprise, Kansas participates in the Kansas Public Employees Retirement System (KPERS), a cost-sharing multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, et seq. Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and required supplementary information. KPERS' financial statements are included in its Comprehensive Annual Financial Report which may be found on the website at www.kpers.org or by writing to KPERS (611 S Kansas, Suite 100, Topeka, Ks. 66603) or by calling 1-888-275-5737.

Note F – Defined Benefit Pension Plan (Cont.)

Contributions

K.S.A. 74-4919 and K.S.A. 74-49,210 establish the KPERS member-employee contribution rates. KPERS has multiple benefit structures and contribution rates depending on whether the employee is KPERS 1, KPERS 2, or a KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009. KPERS 2 were first employed in a covered position on or after July 1, 2009, and KPERS 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas law established the KPERS member-employee contribution rate at 6% of covered salary for KPERS 1, KPERS 2, and KPERS 3 members. Member contributions are withheld by their employer and paid to KPERS according to the provisions of Section 414(h) of the Internal Revenue Code.

State law provides that the employer contribution rate for KPERS 1, KPERS 2, and KPERS 3 to be determined based on the results of each annual actuarial valuation. Kansas law sets a limitation on annual increases in the employer contribution rates. The actuarially determined employer contribution rate (not Including the 1% contribution rate for the Death and Disability Program) and the statutory contribution rate was 9.26% for the fiscal year ended December 31, 2024. Contributions to the pension plan from the City were $27,440 for the year ended December 31, 2024.

Net Pension Liability

At December 31, 2024, the City's proportionate share of the collective net pension liability reported by KPERS was $223,873. The net pension liability was measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2023, which was rolled forward to June 30, 2024. The City's proportion of the net pension liability was based on the ratio of the City's contributions to KPERS, relative to the total employer and non-employer contributions of the Local subgroup within KPERS. Since the KMAAG regulatory basis of accounting does not recognize long-term debt, this liability is not reported in these financial statements.

The complete actuarial valuation report including all actuarial assumptions and methods, and the report on the allocation of the KPERS collective net pension liability to all participating employers are publicly available on the website at www.kpers.org or can be obtained as described above.

Note G – Other Long-Term Obligation from Operations

Compensated Absences

Full-time employees earn four hours of sick leave for each full month of service. Sick leave may accumulate to 750 hours. Upon termination, an employee is not paid for any unused sick leave.

Vacation for full-time employees is based on years of employment. Full-time employees receive one week after the first year of service, two weeks after two years of service, and three weeks after five years of continuous service. Vacation time may not be accumulated past the individual's employment date anniversary unless approval is made by the city council. The city council may also approve payment of unused vacation time. Upon termination, an employee shall be compensated for all earned but unused vacation at their final rate of pay, subject to the maximum hours of accumulation authorized.

Other Post-Employment Benefits

In accordance with State statutes, the City makes health care benefits available to eligible former employees and eligible dependents. Certain requirements are outlined by State statutes. The premium is paid in full by the insured directly to the insurance carrier. There is no cost to the City under this program.

Note G – Other Long-Term Obligation from Operations (Cont)

Death and Disability Other Post Employment Benefits

As provided by K.S.A. 74-4927, disabled members in the Kansas Public Employees Retirement System (KPERS) receive long-term disability benefits and life insurance benefits. The plan is administered through a trust held by KPERS that is funded to pay annual benefit payments. The employer contribution rate is set at 1% for the year ended December 31, 2024.

Customer Deposits

The City requires a utility deposit for new customers. The City retains the deposit for five years and then is paid back to those in good standing upon request. The City does not recognize the customer deposit liability in its financial statement.

Note H – Contracts

In February 2015, the City contracted with Dickinson County for its' police protection. The City paid $72,044 for this coverage in 2024. The contract is renegotiated annually.

Note I – Long-Term Debt

General Obligation Bonds

The City issued Series 2016 General Obligation bonds in the amount of $119,446 in 2006 for street improvements to Layton Lane. Special assessments were authorized to be charged to the benefiting property owners for repayment of the bond. The special assessments authorized to be charged began to be assessed by Dickinson County, Kansas in November 2007 and began distributing those assessments to the City beginning in 2008. Repayment of the bonds began in 2007. Payments are made from the Bond and Interest fund.

The City issued general obligation bonds Series 2020A in the amount of $641,000 and Series 2020B in the amount of $217,000. These bonds were used to finance a sewer system upgrade and were issued on September 28, 2020. The bonds carry an interest rate of 1.5%. Annual payments began on September 28, 2021.

Capital Leases

On May 15, 2024, the City entered into a capital lease agreement with Dickinson County Bank of the purchase of a 2014 International 7400 4x2 with a YD VACCN Combo Sewer Unit. The lease terminates due to non-appropriation of funds and the equipment is returned to the lessor. Seven annual payments of $17,716 are scheduled beginning on July 1, 2025.

Note I – Long-Term Debt (Cont)

Changes in long term liabilities for the City for the year ended December 31, 2024 are as follows:

	Interest Rate	Date of Issue	Amount of Issue	Date of Final Maturity	Balance Due January 1	Additions	Reductions/ Payments	Balance Due December 31	Interest Paid
General Obligation Bonds:									
Series 2006	4.75-6.7%	9/1/2006	119,446	9/1/2026	$ 20,446	$ 0	$ 7,000	$ 13,446	$ 486
Series 2020A	1.50%	9/28/2020	641,000	9/28/2060	605,024	0	$ 12,329	592,695	9,100
Series 2020B	1.50%	9/28/2020	217,000	9/28/2060	204,819	0	4,174	200,645	3,081

Note J – Transfers

The City made the following transfers during 2024:

Transferred From:	Transferred to:	Authority	Amount
Sewer	Water	12-825d	$ 55,000
Solid Waste	Water	12-825d	16,000
Electric	Water	12-825d	15,000

Note K- American Rescue Plan Act

On March 11, 2021, the American Rescue Plan Act of 2021 (ARPA) was signed by the President. ARPA is a $1.9 trillion economic stimulus plan which allocates to the State of Kansas $5 billion in funds. Included in those funds are $118,938 of funds available to the City of Enterprise. To date, the City has received all of the funds.

Note L-Park Project

On July 6, 2023, the City was notified that it had been awarded a Kansas Small Cities Community Development Block Grant in the amount of $287,762. The estimated cost of the project is $383,683. As of December 31, 2024, the City had completed the project at a cost of $354,848.

Note M – Subsequent Events

Management has evaluated the effects on the financial statement of subsequent events occurring through the date of this report, which is the date that the financial statement was available to be issued.

Regulatory – Required Supplementary Information
