County Commissioners
Pottawatomie County, Kansas

Independent Auditor's Report

Adverse and Unmodified Opinions

We have audited the accompanying fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances of Pottawatomie County, Kansas (the County), as of and for the year ended December 31, 2022 and the related notes to the financial statement.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the Basis for Adverse and Unmodified Opinions section of our report, the accompanying financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the County as of December 31, 2022, or changes in financial position and cash flows thereof for the year then ended.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the accompanying financial statement referred to above presents fairly, in all material respects, the aggregate cash and unencumbered cash balance of the County as of December 31, 2022, and the aggregate receipts and expenditures for they year then ended in accordance with the financial reporting provisions of the Kansas Municipal Audit and Accounting Guide (KMAAG) described in Note 1.

Basis for Adverse and Unmodified Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and KMAAG. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statement section of our report. We are required to be independent of the County and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our adverse and unmodified audit opinions.

Matter Giving Rise to the Adverse Opinion on U.S. Generally Accepted Accounting Principles

As discussed in Note 1 of the financial statement, the financial statement is prepared by the County on the basis of the financial reporting provisions of the KMAAG, which is a basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Responsibilities of Management for the Financial Statement

Management is responsible for the preparation and fair presentation of the financial statement in accordance with KMAAG as described in Note 1; this includes determining regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statement that is free from material misstatement, whether due to fraud or error.

In preparing the financial statement, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

March 6, 2023 Pottawatomie County, Kansas (Continued)

Auditor's Responsibilities for the Audit of the Financial Statement

Our objectives are to obtain reasonable assurance about whether the financial statement as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, KMAAG and Government Auditing Standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statement.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statement, whether due to fraud or
 error, and design and perform audit procedures responsive to those risks. Such procedures include
 examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are
 appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of
 the County's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statement.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances (basic financial statement) as a whole. The summary of regulatory basis expenditures-actual and budget, individual fund schedules of regulatory basis receipts and expenditures-actual and budget, schedule of regulatory basis receipts and expenditures-agency funds (Schedules 1, 2 3 and 4 as listed in the table of contents) are presented for purposes of additional analysis and are not required part of the basic financial statement; however, are required to be presented under the provisions of the KMAAG. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statement. The information has been subjected to the auditing procedures applied in the audit of the basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statement or to the basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information is fairly stated in all material respects, in relation to the basic financial statement as a whole, on the basis of accounting described in Note 1.

Note 1: Summary of Significant Accounting Policies

Pottawatomie County, Kansas (the County), is a municipal corporation governed by an elected three-member commission. This regulatory financial statement presents the County (the primary government) and its related municipal entities. The accounting policies of the County conform to the cash-basis and budget laws of Kansas (regulatory basis). The following is a summary of the more significant policies:

Municipal Financial Reporting Entity

The financial reporting entity of the County is comprised of the primary government and its related municipal entities. The related municipal entities are included in the County's reporting entity because they are established to benefit the County and/or its constituents.

Fire Districts: Each of the Fire Districts is a separate legal entity, formed by state statutes under the County. The governing bodies are appointed by the County Commissioners. Each district levies its own tax and provides fire protection services to their local rural communities based upon established boundaries. Separate financial statements of each Fire District may be obtained from the County Administrator's office.

Pottawatomie County Economic Development Corporation (PCED): A separate legal entity in which the County Commissioners appoint the governing body. The County annually provides significant operating subsidies to the PCED. A separate financial statement of PCED may be obtained by contacting their office in Wamego, Kansas.

Pottawatomie County Extension Council (PCEC): A separate legal entity, formed under state statute K.S.A. 2-610, in which the governing body is elected annually. The PCEC provides services in such areas as agriculture, home economics, and 4-H clubs, to all persons in the County. The County annually provides significant operating subsidies to the PCEC. A separate financial statement of PCEC may be obtained by contacting their office in Westmoreland, Kansas.

Regulatory Basis Fund Types

A fund is defined as an independent fiscal and accounting entity with a self-balanced set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations.

The following types of funds comprise the financial activities of the County:

General Fund – The chief operating fund. Used to account for all resources except those required to be accounted for in another fund.

Special Purpose Funds – Used to account for the proceeds of specific tax levies and other specific revenue sources (other than capital project and tax levies for long-term debt) that are intended for specified purposes.

Bond and Interest Fund - Used to account for the accumulation of resources, including tax levies, transfers from other funds and payment of general long-term debt.

Capital Project Funds – Used to account for the debt proceeds and other financial resources to be used for acquisition or construction of major capital facilities or equipment.

Business Funds – Funds financed in whole or in part by fees charged to users of the goods or services (i.e. enterprise and internal service fund etc.).

Trust Funds - Used to report assets held in trust for the benefit of the municipal financial reporting entity (i.e., pension funds, investment trust funds, private purpose trust funds which benefit the municipal reporting entity, scholarship funds, etc.).

Agency Funds - Used to report assets held by the municipal reporting entity in purely custodial capacity.

Note 1: Summary of Significant Accounting Policies (Continued) Regulatory Basis of Accounting and Departure from Accounting Principles Generally Accepted in the United States of America

The Kansas Municipal Audit and Accounting Guide (KMAAG) regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis revenues and regulatory basis expenditures for the fiscal year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligation against cash. The KMAAG regulatory basis does not recognize capital assets, long-term debt, accrued receivables and payables, or any other assets, liabilities or deferred inflows or outflows, other than those mentioned above.

The County has approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirement for application of generally accepted accounting principles and allowing the County to use the regulatory basis of accounting.

Note 2: Budgetary Information

Kansas statutes require that an annual operating budget be legally adopted for the general fund, special purpose funds (unless specifically exempted by statute), bond and interest funds and business funds. Although directory rather than mandatory, the statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

- 1. Preparation of the budget for the succeeding calendar year on or before August 1st.
- 2. Publication in local newspaper on or before August 5th of the proposed budget and notice of public hearing on the budget.
- 3. Public hearing on or before August 15th, but at least ten days after publication of notice of hearing.
- 4. Adoption of the final budget on or before August 25th.

If the County is holding a revenue neutral rate hearing, the budget timeline for revenue neutral rate hearing and budget hearing has been adjusted to on or before September 20th, with adoption of the final budget on or before October 1st. The County held a revenue neutral rate hearing for this year on August 22, 2022.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in regulatory receipts other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication, the hearing may be held and the governing body may amend the budget at that time. There were no such budget amendments for this year.

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison statements are presented for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

Note 2: Budgetary Information (Continued)

All legal annual operating budgets are prepared using the regulatory basis of accounting, in which revenues are recognized when cash is received and expenditures include disbursements, accounts payable, and encumbrances, with disbursements being adjusted for prior year's accounts payable and encumbrances. Encumbrances are commitments by the municipality for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. Any unused budgeted expenditure authority lapses at year end. A legal operating budget is not required for capital project funds, trust funds, and the following funds:

Special Purpose Funds

Equipment Reserve

Special Highway Improvement

Attorney Check Fee

Attorney Forfeiture

Law Enforcement Trust

Capital Improvement

Prosecuting Attorney Training

Special Auto

Spending in funds which are not subject to the legal annual operating budget requirement is controlled by federal regulations, other statutes, or by the use of internal spending limits established by the governing body.

Special Assessments

Projects financed in part by special assessments are financed through general obligation bonds of the County and/or revolving loans issued by the Kansas Department of Transportation. Both of which are retired either from the General Fund or the Bond and Interest Fund as appropriate. Special assessments paid prior to the issuance of bonds are recorded as revenue in the appropriate project. Special assessments received after the issuance of bonds are recorded as receipts in the General Fund or Bond and Interest Fund as appropriate.

Cash and Investments

The County uses an internally pooled cash system in which the cash balances from all funds are combined and invested to the extent available in certificates of deposit and other authorized investments. Earnings from these investments, unless specifically designated, are allocated to the general fund and the utility funds based upon their average cash balances. Investments are stated at cost, which approximates market.

Reimbursements

A reimbursement is an expenditure initially made in one fund, but property attributable to another fund. For example, it is common for the general fund to pay a vendor's bill and have portions of it reimbursed by other funds. In accounting for such reimbursements, the County records an expenditure in the reimbursing fund, and a reduction of expenditure in the reimbursed fund, following the authoritative guidance provided under KMAAG regulatory basis accounting.

Property Taxes

In accordance with governing state statutes, property taxes levied during the current year are a revenue source to be used to finance the budget of the ensuing year. Taxes are assessed on a calendar year basis and become a lien on the property on November 1 of each year. The County Treasurer is the tax collection agent for all taxing entities within the County. Property owners have the option of paying one-half or the full amount of the taxes levied on or before December 20 during the year levied with the balance to be paid on or before May 10 of the ensuing year. State statutes prohibit the County Treasurer from distributing taxes collected in the year levied prior to January 1 of the ensuing year. Consequently, for revenue recognition purposes, the taxes levied during the current year are not due and receivable until the ensuing year.

December 31, 2022

Note 3: Stewardship, Compliance and Accountability

Compliance with finance-related legal (including K.S.A's) and contractual provisions - K.S.A. 79-2935, establishes that expenditures, including encumbrances, in any lawfully budgeted fund should not exceed the adopted budget of expenditures plus any reimbursement (budget credits) of current year expenditures for such fund for that budget year. There were no material violations of K.S.A. 79-2935.

Adjustments to Legal Budgets

The County Commission approved two budget adjustments during the year. These adjustments did not change the total for the funds; it was reallocations within the funds. The adjustments affected the following:

General Fund Rural Highway System Fund Historical Society Fund Blue Township Sewer Operations Fund Timbercreek Water Operations Fund Fire District No. 5 Blue Township Operations Fund Consolidated Fire District No. 1 Fund

Note 4: Deposits and Investments

As of December 31, 2022, the County had the following investments and maturities:

| Investment Type | Fair Value | Maturity | Rating |
|----------------------------------|------------------|------------------|--------|
| Certificates of Deposits | \$ 11,402,703 | Less than 1 year | N/A |
| Treasury Bills | 20,000,000 | Less than 1 year | N/A |
| Kansas Municipal Investment Pool | 67,444,847 | Less than 1 year | N/A |
| Total Fair Value | \$ 98,847,550 | | |

K.S.A. 9-1401 establishes the depositories which may be used by the County. The statute requires banks eligible to hold the County's funds have a main or branch bank in the county in which the County is located, or in an adjoining county if such institution has been designated as an official depository, and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. The County has no other policies that would further limit interest rate risk.

K.S.A. 12-1675 limits the County's investment of idle funds to time deposits, open accounts, and certificates of deposits with allowable financial institutions; U.S. government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The County has no investment policies that would further limit its investment choices.

Concentration of Credit Risk. State statutes place no limit on the amount the County may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405.

| | Percentage of |
|----------------------------------|---------------|
| Investments | Investments |
| Certificates of Deposits | 12% |
| Treasury Bills | 20% |
| Kansas Municipal Investment Pool | 68% |

Custodial credit risk - deposits: Custodial credit risk is the risk that in the event of a bank failure, the County's deposits may not be returned to it. State statutes require the County's deposits in financial institutions to be entirely covered by federally depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka, except during designated "peak periods" when required coverage is 50%. The County's designated "peak periods" are from December 1 - January 29 and May 1-June 29.

At December 31, 2022, the carrying amount of the County's deposits, including certificates of deposit, was \$26,603,663 and the bank balance was \$27,382,863. The bank balance was held by five banks resulting in a concentration of credit risk. Of the bank balance, \$10,752,429 was covered by federal depository insurance and the remaining balance was collateralized with securities held by the pledging financial institutions' agents in the County's name.

December 31, 2022

Note 4: Deposits and Investments (Continued)

Custodial credit risk- investments: For an investment, this is the risk that, in the event of the failure of the issuer or counterparty, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State statutes require investments to be adequately secured.

At December 31, 2022, the County had invested \$67,444,847 in the State's municipal investment pool. The municipal investment pool is under the oversight of the Pooled Money Investment Board. The board is comprised of the State Treasurer and four additional members appointed by the State Governor. The board reports annually to the Kansas legislature.

State pooled monies may be invested in direct obligations of, or obligations that are insured as to principal and interest, by the U.S. government or any agency thereof, with maturities up to four years. No more than ten percent of those funds may be invested in mortgage-backed securities. In addition, the State pool may invest in repurchase agreements with Kansas banks or with primary government securities dealers.

Related Municipal Entity Cash Balances

The cash of the Fire Districts was held by the County in an agency capacity and is included in the above analysis.

At year-end, the carrying amount of the Pottawatomie County Economic Development's deposits including certificates of deposit was \$1,136,987 and the bank balance was \$1,164,095. Of the bank balance, \$250,000 was covered by FDIC insurance and the remaining balance was not secured.

Of the above balance, \$34,515 is being held in a fund with Kansas Rural Communities Foundation (KRCF) for Pottawatomie County Economic Development (PCED) which can be withdrawn at any time and used for whatever purposes PCED sees fit. KRCF retains any interest earned on the funds as payment for handling the funds.

At year-end, the carrying amount of the Pottawatomie County Extension's deposits was \$126,504 and the bank balance was \$126,504. The entire bank balance was covered by FDIC insurance.

Note 5: Long-Term Debt

The following is a summary of debt transactions of the County, for the year ended December 31, 2022. See Notes 15 and 16 for the schedules of long-term liabilities and current maturities of long-term debt.

Total interest expense for the year was \$578,113 for these debt issues.

The general obligation bonds encompass project related expenditures for general obligation (street improvements as allowed per K.S.A. 68-709 and 68-28) in addition to expenditures related to the respective sewer and water districts (as allowed per K.S.A. 19-27a07 and 19-3540). The entire amount of the debt is accounted for in the General Bond and Interest fund.

The amount of debt for each type is as follows:

| | Sewer Districts | Water Districts | Street Improvements | Fire Station | End of Year |
|-----------------------------|--------------------|--------------------|------------------------|---------------------|--------------------|
| General Obligation Bonds | \$ 4,617,566 | \$ 2,138,499 | \$ 13,549,064 | \$ 60,000 | \$ 20,365,129 |

December 31, 2022

Note 5: Long-Term Debt (Continued) Bonded Indebtedness Limitation

Kansas statutes restrict the level of the authorized and outstanding bonded indebtedness of the County to not more than three percent of the assessed value of all tangible property within such county, as certified to the County Clerk on the preceding August 25.

Note 6: Defined Benefit Pension Plan

The County participates in the Kansas Public Employees Retirement System (KPERS), a cost-haring multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, et. seq. Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and required supplementary information. KPERS' financial statements are included in its Comprehensive Annual Financial Report which can be found on the KPERS website at www.kpers.org or by writing to KPERS (611 S. Kansas Avenue, Suite 100, Topeka, KS 66503) or by calling 1-888-275-5737.

Contributions. KSA 74-4919 and K.S.A. 74-49,210 establish the KPERS member-employee contribution rates. KPERS has multiple benefit structures and contribution rates depending on whether the employee is a KPERS 1, KPERS 2 or KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009. KPERS 2 members were first employed in a covered position on or after July 1, 2009, and KPERS 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas law established the KPERS member-employee contribution rate at 6% of covered salary for KPERS 1, KPERS 2 and KPERS 3 members. K.S.A. 74-4975 establishes KP&F member-employee contribution rate at 7.15% of covered salary. Member contributions are withheld by their employer and paid to KPERS according to the provisions of Section 414(h) of the Internal Revenue Code.

State law provides that the employer contribution rates for KPERS 1, KPERS 2, KPERS 3 and KP&F be determined based on the results of each annual actuarial valuation. Kansas law sets a limitation on annual increases in the employer contribution rates. The actuarially determined employer contribution rate (not including the 1% contribution rate for the Death and Disability Program) and the statutory contribution rate was 8.90% for KPERS and 22.99% for KP&F for the fiscal year ended December 31, 2022. Contributions to the pension plan from the County were \$680,655 for KPERS and \$882,324 for KP&F for the year ended December 31, 2022.

Net Pension Liability. At December 31, 2022, the County's proportionate share of the collective net pension liability reported by KPERS was \$6,644,323 and \$9,023,987 for KP&F. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2021, which was rolled forward to June 30, 2022. The County's proportion of the net pension liability was based on the ratio of the County's contributions to KPERS, relative to the total employer and non-employer contributions of the Local subgroup within KPERS. Since the KMAAG regulatory basis of accounting does not recognize long-term debt, this liability is not reported in this financial statement.

The complete actuarial valuation report, including all actuarial assumption and methods, and the report on the allocation of the KPERS collective net pension liability to all participating employers are publicly available on the website at www.kpers.org or can be obtained as described above.

Note 7: Deferred Compensation Plan

The County sponsors a salary deferral plan that covers all full-time employees who have met certain service requirements. Contributions to the plan with the exception of required matching contributions are at the discretion of the County Commissioners.

Note 8: Other Post Employment Benefit

As provided by K.S.A. 12-5040, the County allows retirees to participate in the group health insurance plan. While each retiree pays the full amount of the applicable premium, conceptually, the County is subsidizing the retirees because each participant is charged a level of premium regardless of age. However, the cost of this subsidy has not been quantified in this financial statement.

Under the Consolidated Budget Reconciliation Act (COBRA), the County makes health care benefits available to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured.

December 31, 2022

Note 9: Other Employment Benefit

The County provides certain vacation time benefits, i.e., paid time off (PTO), to full and part-time employees based upon length of service with the County. Upon reaching the maximum number of hours accrued per policy, the leave accrual will change to extended leave and be deposited into the full time employee's Extended Sick Leave (ESL) account. Exempt employees' maximum accrual and carryover is 80 hours above and beyond that of non-exempt personnel for PTO and ESL. Upon voluntary separation of employment, employees in good standing shall be paid the balance of accrued PTO up to maximum per policy. Employees with less than 10 years of continuous service shall be paid 25% of unused ESL; an employee with at least 10 but less than 20 years of service shall be paid 37.5% of unused ESL; an employee with at least 20 years of service but less than 30 years of service shall be paid 50% of unused ESL; an employee with 30 or more years of service shall be paid 75% of unused ESL.

At December 31, 2022, the County's liability for paid time off is approximately \$938,890 and the liability for extended sick leave is approximately \$312,799.

Accrual per pay period (in hours):

Note 10: Capital Projects (Continued)

Green Valley/Hwy 24 Intersection - this capital project is funded in part by outside sources in an amount up to \$2,500,000 which is included in the amounts authorized.

Hwy 24/Columbian Rd Improvements - this capital project is funded in part by outside sources in an amount up to \$572,000 which is included in the amounts authorized.

Robson Road - this capital project is funded in part by outside sources in an amount up to \$200,000 which is included in the amounts authorized.

Havensville Road Bridge - this capital project is funded in part by outside sources in an amount up to \$455,000 which is not included in the amounts authorized due to construction not yet executed.

Note 11: Commitments and Contingencies

Construction Contracts: At December 31, 2022, the County had several pending construction project contracts. Commitments related to significant contracts include contracts for the County's street improvements.

Risk Management: The County is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County manages these various risks of loss through commercial insurance with varying deductibles. All deductibles are \$1,000 or less. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years.

Litigation: There are a number of claims and/or lawsuits to which the County is a party as a result of matters and complaints arising in the ordinary course of County activities. The County's management and legal counsel anticipate that the potential claims against the County not covered by insurance, if any, resulting from such matters would not materially affect the financial position of the County.

Solid Waste Landfill Post-closure Care Costs: The County closed its solid waste facility and received approval over the period of 1993 through 1995. Any liability for post-closure care costs associated with the landfill has not been determined. The County incurs costs annually to monitor the closed facility.

March 6, 2023

Pottawatomie County, Kansas PO Box 348 Westmoreland, KS 66549

We have audited the financial statement of Pottawatomie County, Kansas as of and for the year ended December 31, 2022, and have issued our report thereon dated March 6, 2023. Professional standards require that we advise you of the following matters relating to our audit.

Our Responsibility in Relation to the Financial Statement Audit

As communicated in our engagement letter dated January 2, 2023, our responsibility, as described by professional standards, is to form and express an opinion(s) about whether the financial statement that has been prepared by management with your oversight is presented fairly, in all material respects, in accordance with the regulatory basis of accounting prescribed by the State of Kansas in the *Kansas Municipal Audit and Accounting Guide* (KMAAG). Our audit of the financial statement does not relieve you or management of your respective responsibilities.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statement is free of material misstatement. An audit of a financial statement includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control over financial reporting. Accordingly, as part of our audit, we considered the internal control of Pottawatomie County, Kansas solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

Planned Scope and Timing of the Audit

We conducted our audit consistent with the planned scope and timing we previously communicated to you.

Compliance with All Ethics Requirements Regarding Independence

The engagement team, others in our firm, as appropriate, and our firm have complied with all relevant ethical requirements regarding independence.

Qualitative Aspects of the Entity's Significant Accounting Practices

Significant Accounting Policies

Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by Pottawatomie County, Kansas is included in Note 1 to the financial statement. There has been no initial selection of accounting policies and no changes in significant accounting policies or their application during 2022. No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Qualitative Aspects of the Entity's Significant Accounting Practices (Continued)

Significant Accounting Estimates

Accounting estimates are an integral part of the financial statement prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statement and because of the possibility that future events affecting them may differ markedly from management's current judgments.

There were no sensitive accounting estimates affecting the financial statement.

Financial Statement Disclosures

Certain financial statement disclosures involve significant judgment and are particularly sensitive because of their significance to financial statement users. There were no sensitive disclosures affecting Pottawatomie County, Kansas's financial statement.

Significant Unusual Transactions

For purposes of this communication, professional standards require us to communicate to you significant unusual transactions identified during our audit. We did not identify any significant unusual transactions.

Significant Difficulties Encountered during the Audit

We encountered no significant difficulties in dealing with management relating to the performance of the audit.

Uncorrected and Corrected Misstatements

For purposes of this communication, professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the financial statement as a whole. There were no material uncorrected misstatements.

In addition, professional standards require us to communicate to you all material, corrected misstatements that were brought to the attention of management as a result of our audit procedures. No material misstatements were identified as a result of our audit procedures.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to Pottawatomie County, Kansas's financial statement or the auditor's report. No such disagreements arose during the course of the audit.

Representations Requested from Management

We have requested certain written representations from management, which are included in a separate letter dated the same as this letter.

Management's Consultations with Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

Other Significant Matters, Findings, or Issues

Varney & Associates, CPAs, UC

In the normal course of our professional association with Pottawatomie County, Kansas, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, operating and regulatory conditions affecting the entity, and operational plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition to our retention as auditors.

This report is intended solely for the information and use of the Commission and management of Pottawatomie County, Kansas and is not intended to be and should not be used by anyone other than these specified parties.

Westmoreland, KS 66549

Independent Auditor's Report

We have examined Pottawatomie County, Kansas (the County)'s compliance with the compliance requirements "activities allowed or unallowed" and "allowable cost/cost principles" (the specified requirements) as described in Part IV "Requirements for an Alternative Compliance Examination Engagement for Recipients That Would Otherwise be Required to Undergo a Single Audit or Program-Specific Audit as a Result of Receiving Coronavirus State and Local Fiscal Recovery Funds" of the CSLFRF section of the 2022 OMB Compliance Supplement (referred to herein as "Requirements for an Alternative CSLFRF Compliance Examination Engagement") during the year ended December 31, 2022. Management of the County is responsible for the County's compliance with the specified requirements. Our responsibility is to express an opinion on the County's compliance with the specified requirements based on our examination.

Our examination was conducted in accordance with attestation standards established by the AICPA; the standards applicable to attestation engagements contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and in the "Requirements for an Alternative CSLFRF Compliance Examination Engagement." Those standards and requirements require that we plan and perform the examination to obtain reasonable assurance about whether the County complied, in all material respects, with the specified requirements referenced above. An examination involves performing procedures to obtain evidence about whether the County complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are required to be independent and meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the engagement.

Our examination does not provide a legal determination on the County's compliance with specified requirements.

In our opinion, the County complied, in all material respects, with the specified requirements referenced above during the year ended December 31, 2022.

Other Reporting Required by Government Auditing Standards

Varney & Associates, CPAs, LLC

In accordance with *Government Auditing Standards*, we are required to report all deficiencies that are considered to be significant deficiencies or material weaknesses in internal control; fraud, and noncompliance with provisions of laws, regulations, contracts or grant agreements that have a material effect on the County's compliance with the specified requirements and any other instances that warrant the attention of those charged with governance. We are also required to obtain and report the views of responsible officials concerning the findings, conclusions, and recommendations, as well as any planned corrective actions. We performed our examination to express an opinion on the County's compliance with the specified requirements and not for the purpose of expressing an opinion on the internal control over the specified requirements or on compliance and other matters; accordingly, we express no such opinions. The results of our tests disclosed no matters that are required to be reported under *Government Auditing Standards*.

Intended Purpose

The purpose of this examination report is solely to express an opinion on whether the County complied, in all material respects with the specified requirements referenced above during the year ended December 31, 2022. Accordingly, this report is not suitable for any other purpose.
