Board of Education Unified School District No. 454 Burlingame, Kansas

#### INDEPENDENT AUDITOR'S REPORT ON FINANCIAL STATEMENTS

We have audited the accompanying fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances of the Unified School District No. 454, Burlingame, Kansas as of and for the year ended June 30, 2018, and the related notes to the financial statements.

#### Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with the Kansas Municipal Audit and Accounting Guide as described in Note 1; this includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statement that is free from material misstatement, whether due to fraud or error.

#### Auditors' Responsibility

Our responsibility is to express an opinion on the financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the Kansas Municipal Audit and Accounting Guide. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statement, the financial statement is prepared by the Unified School District No. 454, Burlingame, Kansas on the basis of the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide*, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

#### Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Unified School District No. 454, Burlingame, Kansas as of June 30, 2018 or changes in financial position and cash flows thereof for the year then ended.

#### Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the financial statement referred to above presents fairly, in all material respects, the aggregate cash and unencumbered cash balance of the Unified School District No. 454, Burlingame, Kansas as of June 30, 2018, and the aggregate receipts and expenditures for the year then ended in accordance with the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide* described in Note 1.

#### Other Matters

#### Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the 2018 fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances (basic financial statement) as a whole. The summary of regulatory basis expenditures-actual and budget, individual fund schedules of regulatory basis receipts and expenditures-actual and budget, schedule of receipts and expenditures – nonbudgeted funds, schedule of regulatory basis receipts and expenditures – agency funds and schedule of receipts, expenditures and unencumbered cash – district activity funds (Schedules 1, 2, 3, 4 and 5 as listed in the table of contents) are presented for analysis and are not a required part of the basic financial statement, however are required to be presented under the provisions of the *Kansas Municipal Audit and Accounting Guide*. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic

financial statement. The information has been subjected to the auditing procedures applied in the audit of the basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statement or to the basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statement as a whole, on the basis of accounting described in Note 1.

#### NOTES TO FINANCIAL STATEMENTS

#### NOTE 1 - Summary of Significant Accounting Policies

#### **Municipal Financial Reporting Entity**

USD No.454 is a municipal corporation governed by an elected seven member board. The district as an entity has been defined to include, on a combined basis, (a) USD No.454 (b) organizations for which USD No. 454 is financially accountable, and (c) other organizations for which the nature and significance of their relationship with USD No.454 are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. This financial statement presents USD No. 454, but not its related entities. The related entity should be included in the USD's reporting entity because it was created to benefit the USD and/or its constituents.

<u>Recreation Commission</u> – USD No. 454 Recreation Commission oversees recreation activities. The recreation commission operates as a separate governing body but the USD levies the taxes for the recreation commission and the recreation commission has only the powers granted by statute, K.S.A. 12-1928. The recreation commission cannot purchase real property but can acquire real property by gift.

#### **Fund Descriptions**

In governmental accounting, a fund is defined as an independent fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations.

The following types of funds comprise the financial activities of the District for the year 2018:

#### **Governmental Funds**

<u>General Fund</u> – the chief operating fund. Used to account for all except those required to be accounted for in another fund.

<u>Special Purpose Funds</u> – Used to account for the proceeds of specific tax levies and other specific revenue sources (other than Capital Project and tax levies for long term debt) that are intended for specified purposes

**<u>Bond and Interest Fund</u>** – To account for the accumulation of resources for, and the payment of, interest and principal on general long-term debt.

#### NOTES TO FINANCIAL STATEMENTS

#### NOTE 1 - Summary of Significant Accounting Policies (Continued)

#### **Fiduciary Funds**

<u>Agency Funds</u> – Funds used to report assets held by the municipal reporting entity in a purely custodial capacity (payroll clearing fund, activity accounts, etc.).

#### Regulatory Basis of Accounting and Departure from Accounting Principles Generally Accepted in the United States of America

The KMAAG regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis receipts and regulatory basis expenditures for the fiscal year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligation against cash. The KMAAG regulatory basis does not recognize capital assets, long-term debt, accrued receivables and payables, or any other assets, liabilities or deferred inflows or outflows, other than those mentioned above.

The municipality has approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirement for application of generally accepted accounting principles and allowing the municipality to use the regulatory basis of accounting.

#### **Reimbursed Expenses**

Expenditures in the amount of \$ 4,765 are classified as reimbursed expenses in the General Fund. The purpose of these expenditures is payment for goods and services in which fees are collected and such expenditures are exempt from the budget law under K.S.A. 79-2934.

Reimbursed expenses are defined as repayments of amounts remitted on behalf of another party. All reimbursed expenses shown in the financial statements meet the following criteria: 1) the related disbursement was made in the current year on behalf of the payee, 2) the item paid for was directly identifiable as having been used by or provided to the payee, and 3) the amount of the reimbursed expense was directly tied to the amount of the original cash disbursement.

#### NOTES TO FINANCIAL STATEMENTS

#### NOTE 1 – Summary of Significant Accounting Policies (Continued)

#### **Budgetary Information**

Kansas Statutes require that an annual operating budget be legally adopted for the general fund, special purpose funds (unless specifically exempted by statute), bond and interest funds, and business funds. Although directory rather than mandatory, the statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

- 1. Preparation of the budget for the succeeding calendar year on or before August 1<sup>st</sup>.
- 2. Publication in local newspaper of the proposed budget and notice of public hearing on the budget on or before August 5<sup>th</sup>.
- 3. Public hearing on or before August 15<sup>th</sup>, but at least ten days after publication of notice of hearing.
- 4. Adoption of the final budget on or before August 25<sup>th</sup>.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in regulatory receipts other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication, the hearing may be held and the governing body may amend the budget at that time. There were no budget amendments this fiscal year.

The statutes permit transferring budgeted amounts between accounts within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison statements are presented for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

All legal annual operating budgets are prepared using the regulatory basis of accounting, in which regulatory receipts are recognized when cash is received and expenditures include disbursements, accounts payable, and encumbrances with disbursements being adjusted for the prior year's accounts payable and encumbrances. Encumbrances are commitments by the district for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. Any unused budgeted expenditure authority lapses at year-end.

#### NOTES TO FINANCIAL STATEMENTS

#### NOTE 1 - Summary of Significant Accounting Policies (Continued)

#### **Budgetary Information (continued)**

A legal operating budget is not required for capital projects funds and trust funds and the following special purpose funds:

Title IIA Fund
District Activity Funds
Textbook Rental Fund

Contingency Reserve Fund

Title I Fund

Spending in funds which are not subject to the legal annual operating budget requirement is controlled by federal regulations, other statutes, or by the use of internal spending limits established by the governing body.

#### **Inventories and Prepaid Expenses**

Inventories and prepaid expenses which benefit future periods are recorded as expenditures.

#### **Use of Estimates**

The process of preparing financial statements requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues and expenses. Such estimates relate primarily to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

#### NOTE 2 - Deposits and Investments

#### **Deposits**

K.S.A. 9-1401 establishes the depositories which may be used by the district. The statute requires banks eligible to hold the district's funds have a main or branch bank in the county in which the district is located and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. The district has no other policies that would further limit interest rate risk.

K.S.A. 12-1675 limits the district's investments of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. government securities; temporary notes; no-fund warrants; repurchase agreements;

#### NOTES TO FINANCIAL STATEMENTS

#### NOTE 2 - Deposits and Investments (continued)

#### **Deposits (continued)**

and the Kansas Municipal Investment Pool. The district has no investment policy that would further limit its investment choices. The district had no investments during 2017-2018.

#### Concentration of Credit Risk

State statutes place no limit on the amount the district may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and K.S.A. 9-1405.

#### Custodial Credit Risk - Deposits

Custodial credit risk is the risk that in the event of a bank failure, the district's deposits may not be returned to it. State statutes require the district's deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka, except during designated "peak periods" when required coverage is 50%. All deposits were legally secured at June 30, 2018.

At June 30, 2018, the government's carrying amount of deposits was \$ 2,141,318 and the bank balance was \$ 2,295,448. The bank balance was held by one bank resulting in a concentration of credit risk. Of the bank balance, \$ 250,000 was covered by federal depository insurance and the balance was collateralized with securities held by the pledging financial institutions' agents in the district's name.

#### **Custodial Credit Risk – Investments**

For an investment, this is the risk that, in the event of the failure of the issuer or counterparty, the government will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State statutes require investments to be adequately secured.

#### NOTES TO FINANCIAL STATEMENTS

#### NOTE 3 - Defined Benefit Pension Plan

<u>Plan Description</u> – USD 335 participates in the Kansas Public Employees Retirement System (KPERS), a cost sharing multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, et seq. KPERS provides retirement benefits, life insurance, disability income benefits, and death benefits. Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to KPERS (611 S. Kansas; Topeka, KS 66603) or by calling 1-888-275-5737.

Contributions – K.S.A 74-4919 and K.S.A. 74-49,210 establish the KPERS member employee contribution rates. KPERS has multiple benefit structures and contribution rates depending on whether the employee is a KPERS 1, KPERS 2, or KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009. KPERS 2 members were first employed in a covered position on or after July 1, 2009, and KPERS 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015 Kansas law established the KPERS member-employee contributions rate of 6% of covered salary for KPERS 1, KPERS 2, and KPERS 3 members. Member contributions are withheld by their employer and paid to KPERS according to the provisions of Section 414(h) of the Internal Revenue Code.

State law provides that the employer contribution rates for KPERS 1, KPERS 2, and KPERS 3 be determined based on results of each annual actuarial valuation. Kansas law sets a limitation on annual increases in the employer contribution rates. The actuarially determined employer contribution rate (not including the 1% contribution rate with a 0% moratorium for the period of July 1, 2017 through September 30, 2017 for the Death and Disability Program) was 10.81% for the fiscal year ended June 30, 2017 the actuarially determined employer contribution rate was 12.01% for the fiscal year June 30, 2018, Per 2016 House Substitute for Senate Bill 161, Section 98(a)(1), state general fund expanded lottery act revenue funds for employer contributions to KPERS deferred. The amount deferred for school contributions was \$92,917,091 for the fiscal year ended June 30, 2016 and the anticipated repayments per SB249 for nullified per HB2052 during the year 2017

The State of Kansas contribution to KPERS for all school municipalities for the year ending June 30, 2017, received as of June 30<sup>th</sup> was \$304,596,361. Per the 2017 Senate Substitute for the House Bill 2052, Section 37(a), state general fund employer contributions to KPERS were decreased by \$64,130,234 for the fiscal year ended June 30, 2017. Section 43(17) of the bill also stipulates that repayments of the reduced contributions are to be amortized over twenty years at level dollar amount

#### NOTES TO FINANCIAL STATEMENTS

#### NOTE 4 – Defined Benefit Pension Plan (continued)

commencing in fiscal year 2018. The level dollar was computed to be \$6.4 million dollars per year.

The State of Kansas is required to contribute the statutory required employers share except for the retired District employees. The District is responsible for the employer's portion of the cost for retired District employees. The District received and remitted amounts equal to the statutory contribution rate, which totaled \$194,527 for the year ended June 30, 2018

Net Pension Liability At June 30, 2018 the District's proportionate share of collective net pension liability reported by KPERS was \$2,477,149. The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2016, which was rolled forward to June 30, 2017. The Districts proportion of the net pension liability was based on the ratio of the Districts contributions to KPERS, relative to the total employer and non-employer contributions of the State/School subgroup within KPERS for the fiscal year ended June 30, 2017. Since KMAAG regulatory basis of accounting does not recognize long —term debt, this liability is not reported in these financial statements.

The complete actuarial valuation report including all actuarial assumptions and methods, and the report on the allocation of the KPERS collective net pension liability to all participating employers are publically available on the website www.kpers.org or can be obtained as described above.

#### NOTE 4 – Risk Management

The District is exposed to various risks of loss related to limited torts; theft of, damage to and destruction of assets; errors and omissions and natural disasters for which the county carries commercial insurance. There have been no significant reductions in coverage from prior years and settlements have not exceeded coverage in the past three years.

#### NOTE 5 - Stewardship, Compliance and Accountability

We noted no violations of Kansas Statutes for the period under audit.

#### NOTES TO FINANCIAL STATEMENTS

#### **NOTE 6 – Compensated Absences**

Two weeks' vacation is provided to all twelve month employees except the Superintendent who receives four weeks per year and the Board Clerk and Accounts Payable Clerk who receive three weeks per year. Employees receiving vacation time are encouraged to use it timely.

Full time employees receive one day sick leave for each month worked plus one additional day per year. Sick leave can be accumulated up to six times the employee annual rate. Upon retirement, certified employees with ten years or more service with the District will be paid \$ 35.00 per day up to sixty days for accumulated sick leave. This liability has not been recorded.

#### NOTE 7 – Interfund Transactions

Operating transfers were as follows:

		Statutory	
From	То	Authority	Amount
General Fund	Textbook	K.S.A. 72-6478	\$ 10,000
General Fund	Capital Outlay Fund	K.S.A. 72-6478	5,746
General Fund	Special Education Fund	K.S.A. 72-6478	411,716
General Fund	Parent Education Fund	K.S.A. 72-6478	5,400
General Fund	At Risk (4 year old)	K.S.A. 72-6478	24,036
General Fund	At Risk (K-12)	K.S.A. 72-6478	223,128
Supplemental General Fund	Food Service Fund	K.S.A. 72-6478	45,000
Supplemental General Fund	Special Education Fund	K.S.A. 72-6478	190,377
Supplemental General Fund	Career and Postsecondary	K.S.A. 72-6478	53,175

#### NOTE 8 - Other Post Employment Benefits

As provided by K.S.A. 12-5040, the local government allows retirees to participate in the group health insurance plan. While each retiree will still receive a portion paid by the district towards their premium therefore they will pay the difference in amounts, conceptually, the local government is subsidizing the retirees because each participant is charged a level of premium until the age of 65. However, the cost of this subsidy has not been quantified in these statements.

#### NOTES TO FINANCIAL STATEMENTS

#### NOTE 8 – Other Post Employment Benefits(continued)

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the government makes health care available to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured. There is no cost to the government under this program.

#### **NOTE 9 – Contingency**

The District receives federal and state grants for specific purposes that are subject to review and audit by federal and state agencies. Such audits could result in a request for reimbursement by federal and state agencies for expenditures disallowed under the terms and conditions of the appropriate agency. In the opinion of the District's management, such disallowances, if any, will not be significant to the District's financial statements.

#### **NOTE 10 – Subsequent Events**

Subsequent events for management's review have been evaluated through October 7, 2018. The date in the prior sentence is the date the financial statements were available to be issued.

#### NOTE 11 – In Substance Receipt in Transit

The District received \$ 199,555 subsequent to June 30, 2018 and as required by K.S.A 72-6417 and 72-6434 the receipt was recorded as an in-substance receipt in transit and included as a receipt for the year ended June 30, 2018.
