INDEPENDENT AUDITORS' REPORT

To the Board of Education
Unified School District #234
Fort Scott, Kansas 66701

Adverse and Unmodified Opinions
We have audited the accompanying fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances of the Unified School District #234, Fort Scott, Kansas (the District) as of and for the fiscal year ended June 30, 2023 and the related notes to the financial statement.

Adverse Opinion on U.S. Generally Accepted Accounting Principles
In our opinion, because of the significance of the matter discussed in the Basis for Adverse and Unmodified Opinions section of our report, the accompanying financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the District as of June 30, 2023 or changes in financial position and cash flows thereof for the fiscal year then ended.

Unmodified Opinion on Regulatory Basis of Accounting
In our opinion, the accompanying financial statement referred to above presents fairly, in all material respects, the aggregate cash and unencumbered cash balance of the District as of June 30, 2023, and the aggregate receipts and expenditures for the fiscal year then ended in accordance with the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide* described in Note 1.

Basis for Adverse and Unmodified Opinions
We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the *Kansas Municipal Audit and Accounting Guide.* Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statement section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our adverse and unmodified audit opinions.

Matter Giving Rise to Adverse Opinion on U.S. Generally Accepted Accounting Principles
As discussed in Note 1 of the financial statement, the financial statement is prepared by the District on the basis of the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide,* which is a basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Responsibility of Management for the Financial Statement
Management is responsible for the preparation and fair presentation of this financial statement in accordance with the *Kansas Municipal Audit and Accounting Guide* as described in Note 1; this includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

In preparing the financial statement, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statement

Our objectives are to obtain reasonable assurance about whether the financial statement as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statement.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statement, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statement.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances (basic financial statement) as a whole. The summary of regulatory basis expenditures – actual and budget, individual fund schedules of regulatory basis receipts and expenditures – actual and budget, schedule of regulatory basis receipts and expenditures – agency funds, and the schedule of regulatory basis receipts, expenditures, and unencumbered cash – district activity funds (Schedules 1, 2, 3, and 4 as listed in the table of contents) are presented for purposes of additional analysis and are not a required part of the basic financial statement, however are required to be presented under the provisions of the *Kansas Municipal Audit and Accounting Guide*. The schedule of expenditures of federal awards as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for additional analysis and is not a required part of the basic financial statement. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statement. The information has been subjected to the auditing procedures applied in the audit of the basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statement or to the basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information and schedule of expenditures of federal awards are fairly stated in all material respects, in relation to the basic financial statement as a whole, on the basis of accounting described in Note 1.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 15, 2024 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Prior Year Comparative Numbers

We also previously audited, in accordance with auditing standards generally accepted in the United States of America, the basic financial statement of the District as of and for the year ended June 30, 2022 (not presented herein), and have issued our report thereon dated October 14, 2022, which contained an unmodified opinion on the basic financial statement. The 2022 basic financial statement and our accompanying report are not presented herein, but are available in electronic form from the web site of the Kansas Department of Administration at the following link https://admin.ks.gov/offices/accounts-reports/local-government/municipal-services. The 2022 actual column (2022 comparative information) presented in the individual fund schedules of regulatory basis receipts and expenditures – actual and budget for the year ended June 30, 2023 (Schedule 2 as listed in the table of contents) is presented for purposes of additional analysis and is not a required part of the basic financial statement. Such 2022 comparative information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2022 basic financial statement. The 2022 comparative information was subjected to the auditing procedures applied in the audit of the 2022 basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2022 basic financial statement or to the 2022 basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the 2022 comparative information is fairly stated in all material respects in relation to the basic financial statement as a whole for the year ended June 30, 2023, on the basis of accounting described in Note 1.

The notes to the financial statement are an integral part of this statement.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statement of Unified School District #234, Fort Scott, Kansas, has been prepared in accordance with the State of Kansas regulatory basis of accounting, and is designed to show compliance with the cash basis and budget laws of the State of Kansas. The *Kansas Municipal Audit and Accounting Guide* (KMAAG), as approved by the director of the Kansas Division of Accounts and Reports, establishes the guidelines for the regulatory basis of accounting in the state of Kansas. Note 1 describes how the District's accounting policies differ from accounting principles generally accepted in the United States of America.

Reporting Entity

The District is a municipal corporation governed by an elected seven-member board. This financial statement presents Unified School District #234, Fort Scott, Kansas (the municipality) and related municipal entities. The following related municipal entity is included in the District's reporting entity because it was created to benefit the USD and/or its constituents.

1. Recreation Commission. USD #234 Recreation Commission oversees recreational activities. The recreation commission operates as a separate governing body but the USD levies the taxes for the recreation commission and the recreation commission has only the powers granted by statute, K.S.A. 12-1928. The recreation commission cannot purchase real property but can acquire real property by gift.

Basis of Presentation - Fund Accounting

A fund is defined as an independent fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

The following types of funds comprise the financial activities of the District:

REGULATORY BASIS FUNDS

- General Fund – the chief operating fund. Used to account for all resources except those required to be accounted for in another fund.
- Special Purpose Funds – used to account for the proceeds of specific tax levies and other specific revenue sources (other than Capital Project and tax levies for long-term debt) that are intended for specified purposes.
- Capital Project Fund –used to account for the debt proceeds and other financial resources to be used for acquisition or construction of major capital facilities or equipment.
- Bond and Interest Funds –used to account for the accumulation of resources, including tax levies and transfers from other funds to be used for the payment of general long-term debt.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Basis of Presentation - Fund Accounting (Continued)

- Trust Funds – funds used to report assets held by the District for the benefit of the reporting entity.

- Agency Funds – funds used to report assets held by the municipal reporting entity in a purely custodial capacity (payroll clearing fund, county treasurer tax collection accounts, etc.).

Regulatory Basis of Accounting and Departures from Accounting Principles Generally Accepted in the United States of America. The KMAAG regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis revenues and regulatory basis expenditures for the year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligation against cash. The KMAAG regulatory basis does not recognize capital assets, long-term debt, accrued receivables and payables, or any other assets, liabilities or deferred inflows or outflows, other than those mentioned above.

The District has approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirement for application of generally accepted accounting principles and allowing the District to use the regulatory basis of accounting.

Budgetary Information

Kansas statutes require that an annual operating budget be legally adopted for the general funds, special purpose funds (unless specifically exempted by statute), and bond and interest funds. Although directory rather than mandatory, the statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

1. Preparation of the budget for the succeeding fiscal year on or before August 1st.
2. Publication in the local newspaper on or before August 5th of the proposed budget and notice of public hearing on the budget.
3. Public hearing on or before August 15th, but at least ten days after the publication of a notice of hearing.
4. Adoption of the final budget on or before August 25th.

Kansas Statutes require that an annual operating budget be legally adopted for the general fund. If the municipality is holding a revenue neutral rate hearing, the budget timeline for adoption of the final budget has been adjusted to on or before September 20th. The District did hold a revenue neutral rate hearing this year.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in revenue other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication, the hearing may be held and the governing body may amend the budget at that time. The District did not amended its budget this year. The General and Special Education Fund budgets were reduced to the legal maximum budget based upon statutory requirements.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Budgetary Information (Continued)
The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Regulatory required supplemental information includes budget comparison schedules for each budgeted fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

All legal annual operating budgets are prepared using the regulatory basis of accounting, in which revenues and recognized when cash is received and expenditures include disbursements, accounts payable and encumbrances with disbursements being adjusted for prior year's accounts payable and encumbrances. Encumbrances are commitments of the District for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. Any unused budgeted expenditure authority lapses at year end.

A legal operating budget is not required for fiduciary funds and the following special revenue funds:

- Grant Funds (K.S.A. 72-8210)
- Federal Funds (K.S.A. 12-1663)
- Contingency Reserve Fund (K.S.A. 72-6426)
- Textbook Rental Fund (K.S.A. 72-8250)

Spending in funds which are not subject to the legal annual operating budget requirement is controlled by federal regulations, other statutes or by the use of internal spending limits established by the governing body.

Compensated Absences
Employees may accrue from 10 to 12 days of sick leave and personal time off each year. There is no limit to the number of credits an employee may accumulate. Payment of accrued benefits upon termination ranges from 0% to 30% of the daily gross wage times the number of days of accumulated credits depending upon years of service with the District. Payment of accumulated benefits due to death, social security disability, or KPERS disability ranges from 25% to 30% of the accumulated credits accrued.

Full time, twelve-month employees accrue two to four weeks of vacation each year on June 30th. Vacation can be accumulated up to two years of the annual allotment.

The District determines a liability for compensated absences when the following conditions are met:

1. The District's obligation relating to the employee's rights to receive compensation for future absences is attributable to employee's services already rendered.
2. The obligation relates to rights that vest or accumulate.
3. Payment of the compensation is probable.
4. The amount can be reasonably estimated and is material to the financial statements.

In accordance with the above criteria, the District has determined a liability for sick pay totaling $358,679, based upon the minimum potential liability to the District if all employees were terminated at June 30, 2023. The District has determined a vacation liability of $89,411. These amounts are not recorded as liabilities in this financial statement.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Property Taxes

In accordance with governing state statutes, property taxes levied during the current year are a revenue source to be used to finance the budget of the ensuing year. Taxes are assessed on a calendar year basis and become a lien on the property on November 1st of each year. The County Treasurer is the tax collection agent for all taxing entities within the County. Property owners have the option of paying one-half or the full amount of the taxes levied on or before December 20th during the year levied with the balance to be paid on or before May 10th of the ensuing year. State statutes prohibit the County Treasurer from distributing taxes collected in the year levied prior to January 1st of the ensuing year. Consequently, for revenue recognition purposes, taxes levied during the current year are not due and receivable until the ensuing year. At December 31st such taxes are a lien on the property.

Termination and Post Employment Benefits

No termination benefits are provided to District employees when employment with the District ends except for the accrued compensated absences as discussed in Note 1 and early retirement benefits.

As provided by K.S.A. 12-5040, the District allows retirees to participate in the group health insurance plan. While each retiree pays the full amount of the applicable premium, conceptually, the local government is subsidizing the retirees because each participant is charged a level of premium regardless of age. However, the cost of this subsidy has not been quantified in these financial statements.

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the government makes health care benefits available to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured. There is no cost to the District under this program.

Early Retirement

A professional certified employee is eligible for early retirement if such person: (a) is currently a professional certified employee of the District and is currently an active member of the Kansas Public Employees Retirement System (KPERS); (b) will be at least 55 years of age and not more than 64 years of age on or before June 30 of the retiring year or has a combined age and KPERS service which equals 85 "points"; (c) has 15 years or more of service credit recognized by the Kansas Public Employees Retirement System (KPERS). Early retirement is entirely voluntary and at the discretion of an eligible employee. Retirement benefits are $5,000 each year for 5 years until age 65. The District funds these benefits on a pay as you go basis. Eighteen employees were eligible but had not applied for early retirement as of June 30, 2022, resulting in a contingent liability of $145,000. This early retirement plan was discontinued as of July 1, 2019. Employees eligible to retire in the next five years were grandfathered into this plan if they choose to continue to participate in the plan.

Retirement 403(b) Plan

In previous years, the District offered a 403(b) retirement plan with no District matching provisions. Effective October 1, 2019, the prior early retirement plan was discontinued except for certain grandfathered employees and the 403(b) plan substantially amended to include a District match. All employees are now eligible to participate in the new plan. There are provisions for four groups of employees as follows:

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Retirement 403(b) Plan (Continued)

- Group 1: Employees eligible to retire in the next 5 years that elect to be covered under the discontinued early retirement plan. These employees may participate in the Plan but will not receive a match.
- Group 2: Employees eligible to retire under the discontinued early retirement plan and that have elected to be excluded from the old plan and included in the 403(b) are included in this group. This group also includes employees eligible to retire in 6 to 10 years or by June 30, 2029. The District will match contributions by these employees three to one, with a minimum employee contribution and employer match of $25 and $75 per month respectively.
- Group 3: All other certified staff are allowed a one to one District match, with a minimum employee contribution and employer match of $25 per employee per month.
- Group 4: Includes all full time classified staff. These employees are allowed the same one to one match as the employees in Group 3.

The District's matching contributions vest as follows:

Continuous years worked	Vesting %
0 to 5 years	0%
Completion of 6 years	25%
Completion of 8 years	50%
Completion of 10 years	100%

Unvested amounts for employees that leave the District prior to completion of 10 years of service are retained by the District and used for future matches. For the fiscal year ended June 30, 2023, the District's 403(b) match totaled $148,220.

2. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Compliance with Kansas Statutes

The financial statement and regulatory-required supplemental information is prepared in order to show compliance with the cash basis and budget laws of Kansas. The District was in apparent compliance with the cash basis and budget laws of Kansas. The apparent cash basis violations are not actual violations due to grant money receivable at year end.

3. CASH IN BANK AND DEPOSITORY SECURITY

K.S.A. 9-1401 establishes the depositories which may be used by the District. The statue requires banks eligible to hold the District's funds have a main or branch bank in the county in which the Government is located and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. The Government has no other policies that would further limit interest rate risk.

K.S.A. 12-1675 limits the Government's investment of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The District has no investment policy that would further limit its investment choices, but has limited the investments to time deposits at local banks and the State of Kansas Municipal Investment Pool.

3. CASH IN BANK AND DEPOSITORY SECURITY (Continued)

Concentration of credit risk. State statutes place no limit on the amount the Government may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405.

Custodial credit risk – deposits. Custodial credit risk is the risk that in the event of a bank failure, the Government's deposits may not be returned to it. State statutes require the Government's deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka, except during designated "peak periods" when required coverage is 50%. The District does not have any "peak periods" designated. All deposits were legally secured at June 30, 2023.

At June 30, 2023, the District's carrying amount of deposits in banks was $7,767,810.39 and the bank balance was $8,403,357.71. The bank balance was held by six banks resulting in some diversification of credit risk. Of the bank balance, $610,144.33 was covered by federal depository insurance, and the remaining $7,793,213.38 was collateralized with securities totaling $13,688,682.66 held by the pledging financial institutions' agents in the District's name.

At June 30, 2023, the District had purchased repurchase agreements totaling $2,042,000.00, secured by U.S. Treasury Obligations held in a repurchase trust account for the District. The repurchase agreement matures daily.

The District invested in the State's municipal investment pool. The municipal investment pool is under the oversight of the Pooled Money Investment Board. The board is comprised of the State Treasurer and four additional members appointed by the State Governor. The board reports annually to the Kansas legislature. State pooled monies may be invested in direct obligations of, or obligations that are insured as to principal and interest, by the U.S. government or any agency thereof, with maturities up to four years. No more than ten percent of those funds may be invested in mortgage-backed securities. In addition, the State pool may invest in repurchase agreements with Kansas banks or with primary government securities dealers. As of June 30, 2023, the District had $3,070,814.49 invested in the Pool.

4. PENSION PLAN

General Information about the Pension Plan

Plan description. The District participates in the Kansas Public Employees Retirement System (KPERS), a cost-sharing multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, et. seq. Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and required supplementary information. KPERS' financial statements are included in its Comprehensive Annual Financial Report which can be found on the KPERS website at www.kpers.org or by writing to KPERS (611 South Kansas, Suite 100, Topeka, KS 66603) or by calling 1-888-275-5737.

4. **PENSION PLAN** (Continued)

Contributions. K.S.A. 74-4919 and K.S.A. 74-49,210 establish the KPERS member-employee contribution rates. KPERS has multiple benefit structures and contribution rates depending on whether the employee is a KPERS 1, KPERS 2 or KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009. KPERS 2 members were first employed in a covered position on or after July 1, 2009 and KPERS 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015 Kansas

law established the KPERS member-employee contribution rate of 6% of covered salary for KPERS 1, KPERS 2 and KPERS 3 members. Member contributions are withheld by their employer and paid to KPERS according to the provisions of Section 414(h) of the Internal Revenue Code.

State law provides that the employer contribution rates for KPERS 1, KPERS 2 and KPERS 3 be determined based on the results of each annual actuarial valuation. Kansas law sets a limitation on annual increases in the employer contribution rates. The actuarially determined employer contribution rate and the statutory contribution rate (not including the 1% contribution rate for the Death and Disability Program) was 14.83% and 13.33% respectively, for the fiscal year ended June 30, 2022. The actuarially determined employer contribution rate was 13.33% and 13.11% for the fiscal year ended June 30, 2023.

Senate Substitute for House Bill 2052 authorized the delay of $64.1 million in fiscal year 2017 contributions. These contributions were set up as a long-term receivable. Payment is scheduled to be made in a series of twenty annual payments of $6.4 million dollars per year beginning in fiscal year 2018. Senate Substitute for House Bill 2002 authorized the delay of $194.0 million in fiscal year 2019 contributions. Payment is scheduled to be made in a series of twenty annual payments of $19.4 million starting in fiscal year 2020.

House Substitute for Senate Bill 109 from the 2018 Legislative session provided for additional funding for the KPERS School Group. A payment of $56 million was paid in fiscal year 2018. This bill also authorized a payment of $82 million in fiscal year 2019. The 2019 legislative session authorized an additional fiscal year payment for the KPERS School Group. 2019 Senate Bill 9 authorized a payment of $115 million for the KPERS School Group. House Substitute for Senate Bill 25 from the 2019 Legislative session authorized additional funding for the KPERS School Group in fiscal year 2020 of $51 million.

The 2021 Legislature passed House Bill 2405, which authorizes the State of Kansas to issue bonds with net proceeds of $500 million to fund a portion of the School unfunded actuarial liability. Senate Bill 159 recertified the State/School contribution rates for Fiscal Years 2022 and 2023. Fiscal Year 2022 was recertified from 14.09% to 13.33% and Fiscal Year 2023 from 13.86% to 13.11%. The bond proceeds were received by KPERS on August 26, 2021. The 2022 Legislature passed Senate Bill 421, which authorized the State of Kansas to transfer $1.125 billion from the State General Fund directly to KPERS in Fiscal Years 2022 and 2023. The first $253.9 million pays off the outstanding accounts receivable for KPERS-School employer contributions withheld in Fiscal Year 2017 and Fiscal Year 2019, discussed previously, while the remaining $871.1 million is applied to the KPERS-School unfunded actuarial liability. In Fiscal Year 2022, $600 million was transferred to KPERS. In Fiscal Year 2023, Senate Bill 421 authorizes two additional transfers which total $271 million.

4. PENSION PLAN (Continued)

The State of Kansas is required to contribute the statutory required employer's share except for retired District employees. The District is responsible for the employer's portion of the cost for retired District employees. The District received and remitted amounts equal to the statutory contribution rate, which totaled $2,057,160.05 for the year ended June 30, 2023.

Net Pension Liability

At June 30, 2023, the District's proportionate share of the collective net pension liability reported by KPERS was $18,845,877. The total net pension liability was $10,612,481,190. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2021, which was rolled forward to June 30, 2022. The District's proportion of the net pension liability was based on the ratio of the District's contributions to KPERS, relative to the total employer and non-employer contributions of the State/School subgroup within KPERS for the fiscal year ended June 30, 2022. Since the KMAAG regulatory basis of accounting does not recognize long-term debt, this liability is not reported in these financial statements.

The complete actuarial valuation report including all actuarial assumptions and methods, and the report on the allocation of the KPERS collective net pension liability to all participating employers are publicly available on the website at www.kpers.org or can be obtained as described above.

5. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors and omissions; injuries to employees; employees health and life; and natural disasters. The District carries commercial insurance policies to manage these various risks of loss. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

6. CONTINGENCIES

In the normal course of operations, the District participates in various federal or state grant programs from year to year. The grant programs are often subject to additional audits by agents of the granting agency, the purpose of which is to ensure compliance with the specific conditions of the grant. Any liability for reimbursement which may arise as a result of these audits cannot be reasonably determined at this time, although it is believed the amount, if any, would not be material.

7. SUBSEQUENT EVENTS

Management has evaluated events and transactions occurring subsequent to June 30, 2023 through March 15, 2024, the date the financial statement was available for issue. During this period, there were no subsequent events requiring recognition in the financial statement or disclosure in the notes to the financial statements.

8. INTERFUND TRANSFERS

Operating transfers were as follows:

FROM	TO	STATUTORY AUTHORITY	AMOUNT
General	At Risk 4 Year Old	K.S.A. 72-6428	$ 176,832.72
General	At Risk K-12	K.S.A. 72-6428	3,178,931.70

9. LONG-TERM OBLIGATIONS

The District has outstanding the following long-term obligations at June 30, 2023:

	PRINCIPAL
General Obligation Bonds	
General Obligation Bonds, Series 2014, payable in annual installments ranging from $1,080,000 to $1,580,000 plus interest at 4.0% to 5.0% from September 2020 to final maturity in September 2028. The bonds maturing September 2029 to September 2040 were refunded as sated in the following paragraphs.	$ 5,380,000
General Obligation Bonds, Series 2020, payable in annual installments ranging from $480,000 to $3,385,000 plus interest at 2.49% beginning September 2020, with final maturity in September 2035. The bonds are dated March 25, 2020.	27,695,000
General Obligation Bonds, Series 2022, payable in annual installments ranging from $275,000 to $785,000 plus interest at 2.95% beginning September 1, 2022, with final maturity in September 2026. The bonds are dated April 28, 2022.	3,080,000
Total General Obligation Bonds	36,155,000
Lease Purchase Agreement Certificates of Participation	
Lease Purchase Agreement Certificates of Participation, Series 2023-A, payable in annual installments ranging from $210,000 to $495,000 plus interest at 4.0% to 5.0% beginning September 1, 2023 with final maturity on September 1, 2043. The certificates of participation are dated April 27, 2023.	6,840,000
Total Long Term Obligations	$ 42,995,000

9. LONG-TERM OBLIGATIONS (Continued)

In March 2020 the District issued Series 2020 General Obligation Bonds totaling $30,105,000 to partially refund the 2014 General Obligation Bonds outstanding. Securities were purchased and placed in escrow to pay off $25,985,000 of the 2014 General Obligation Bonds with maturity dates from September 2029 through September 2040. The bonds cannot be called until September 2024. The securities held in escrow should be sufficient to pay the debt service on the bonds through March 2024 and to then completely pay off the bonds in September 2024. Debt service on the Series 2014 bonds maturing in 2020 to 2026 will continue to be paid by the District.

At June 30, 2023, securities totaling $27,236,219 are held in escrow to pay the debt service on the refunded 2014 bonds. The amount of the refunded 2014 bonds outstanding at June 30, 2023 totaled $25,985,000.

On April 28, 2022, the District issued Series 2022 Taxable General Obligation Refunding Bonds totaling $3,355,000 to partially refund a portion of the 2014 General Obligation Bonds outstanding. Securities were purchased and placed in escrow to pay off $3,085,000 of the 2014 General Obligation Bonds with maturity dates from September 2027 and 2028. The bonds cannot be called until September 2024. The securities held in escrow should be sufficient to pay the debt service on the bonds through March 2024 and to then completely pay off the bonds in September 2024. Debt service on the Series 2014 bonds maturing in 2022 to 2026 will continue to be paid by the District. In March 2025 it is anticipated that the Taxable General Obligation Bonds will be converted to non taxable bonds after the 2014 bonds are paid off. The interest rate should be reduced at that time.

At June 30, 2023, securities totaling $3,191,058 are held in escrow to pay the debt service on the refunded 2014 bonds. The amount of the refunded 2014 bonds outstanding at June 30, 2023 to be paid with the escrowed funds totaled $3,085,000.

On April 27, 2023, the District issued Series 2023-A Lease Purchase Agreement Certificates of Participation totaling $6,840,000 to finance the acquisition and installation of certain energy conservation measures, including replacement and improvement of HVAC equipment and controls, LED lighting replacement and improvements, acquisition and installation of solar array equipment, and other related improvements. The lease purchase agreement matures on September 1, 2043.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Education
Unified School District #234
Fort Scott, Kansas 66701

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited the Unified School District #234, Fort Scott, Kansas' (the District) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2023. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2023.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the District's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards,

Government Auditing Standards, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF THE FINANCIAL STATEMENT PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Education
Unified School District #234
Fort Scott, Kansas 66701

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statement of Unified School District #234 (the District) as of the year ended June 30, 2023, and the related notes to the financial statement, which collectively comprise the District's basic financial statement, and have issued our report thereon dated March 15, 2023.

Report on Internal Control Over Financial Reporting
In planning and performing our audit of the financial statement, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statement, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statement will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters
As part of obtaining reasonable assurance about whether the District's financial statement is free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statement. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report
The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
