County Commissioners
Pottawatomie County, Kansas

#### **Independent Auditor's Report**

We have audited the accompanying summary statement of cash receipts, expenditures, and unencumbered cash - regulatory basis of Pottawatomie County, Kansas (the County), as of and for the year ended December 31, 2020, and the related notes to the financial statement.

#### Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with the *Kansas Municipal Audit and Accounting Guide* as described in Note 1 to meet the financial reporting requirements of the State of Kansas; this includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on this financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the *Kansas Municipal Audit and Accounting Guide*, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on the auditor's judgment, including assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 to the financial statement, the financial statement is prepared by the County to meet the requirements of the State of Kansas on the basis of the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide*, which is a basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

#### Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the County as of December 31, 2020, or changes in financial position and cash flows thereof for the year then ended.

March 17, 2021 Pottawatomie County, Kansas (Continued)

#### **Opinion on Regulatory Basis of Accounting**

In our opinion, the financial statement referred to above presents fairly, in all material respects, the aggregate cash and unencumbered cash balance of the County as of December 31, 2020, and the aggregate receipts and expenditures for the year then ended in accordance with the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide* described in Note 1.

#### Regulatory-Required Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the summary statement of receipts, expenditures, and unencumbered cash - regulatory basis (basic financial statement) as a whole. The summary of expenditures - actual and budget - regulatory basis, individual fund schedules of receipts and expenditures - actual and budget - regulatory basis and schedule of receipts and expenditures - regulatory basis - agency funds (Schedules 1, 2, and 3 as listed in the table of contents) are presented for purposes of additional analysis and are not a required part of the basic financial statement; however they are required to be presented under the provisions of the *Kansas Municipal Audit and Accounting Guide*.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statement. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statement or to the basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statement as a whole, on the basis of accounting described in Note 1.

#### Report on Schedule of Expenditures of Federal Awards Required by Uniform Guidance

Our audit was performed for the purpose of forming an opinion on the regulatory basis financial statement of the County, taken as a whole. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and is not a required part of the financial statement. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statement. The information has been subjected to the auditing procedures applied in the audit of the financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statement or to the financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated in all material respects in relation to the financial statement as a whole.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 17, 2021 on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the County's internal control over financial reporting and compliance.

### POTTAWATOMIE COUNTY, KANSAS NOTES TO FINANCIAL STATEMENT

December 31, 2020

#### **Note 1: Summary of Significant Accounting Policies**

Pottawatomie County, Kansas (the County) is a municipal corporation governed by an elected three-member commission. This regulatory financial statement presents the County (the primary government) and its related municipal entities. The accounting policies of the County conform to the cash-basis and budget laws of Kansas (regulatory basis). The following is a summary of the more significant policies:

#### **Municipal Financial Reporting Entity**

The financial reporting entity of the County is comprised of the primary government and its related municipal entities. The related municipal entities are included in the County's reporting entity because they are established to benefit the County and/or its constituents.

Fire Districts: Each of the Fire Districts is a separate legal entity, formed by state statutes under the County. The governing bodies are appointed by the County Commissioners. Each district levies its own tax and provides fire protection services to their local rural communities based upon established boundaries. Separate financial statements of each Fire District may be obtained from the County Administrator's office.

Pottawatomie County Economic Development Corporation (PCED): A separate legal entity in which the County Commissioners appoint the governing body. The County annually provides significant operating subsidies to the PCED. A separate financial statement of PCED may be obtained by contacting their office in Wamego, Kansas.

Pottawatomie County Extension Council (PCEC): A separate legal entity, formed under state statute K.S.A. 2-610, in which the governing body is elected annually. The PCEC provides services in such areas as agriculture, home economics, and 4-H clubs, to all persons in the County. The County annually provides significant operating subsidies to the PCEC. A separate financial statement of PCEC may be obtained by contacting their office in Westmoreland, Kansas.

#### **Regulatory Basis Fund Types**

A fund is defined as an independent fiscal and accounting entity with a self-balanced set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations.

The following types of funds comprise the financial activities of the County for the year 2020:

General Fund – The chief operating fund. Used to account for all resources except those required to be accounted for in another fund.

Special Purpose Funds – Used to account for the proceeds of specific tax levies and other specific revenue sources (other than capital project and tax levies for long-term debt) that are intended for specified purposes.

Bond and Interest Fund - Used to account for the accumulation of resources, including tax levies, transfers from other funds and payment of general long-term debt.

Capital Project Funds – Used to account for the debt proceeds and other financial resources to be used for acquisition or construction of major capital facilities or equipment.

Business Funds – Funds financed in whole or in part by fees charged to users of the goods or services (i.e. enterprise and internal service fund etc.).

*Trust Funds* - Used to report assets held in trust for the benefit of the municipal financial reporting entity (i.e., pension funds, investment trust funds, private purpose trust funds which benefit the municipal reporting entity, scholarship funds, etc.).

Agency Funds - Used to report assets held by the municipal reporting entity in purely custodial capacity.

December 31, 2020

## Note 1: Summary of Significant Accounting Policies (Continued) Regulatory Basis of Accounting and Departure from Accounting Principles Generally Accepted in the United States of America

The Kansas Municipal Audit and Accounting Guide (KMAAG) regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis revenues and regulatory basis expenditures for the fiscal year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligation against cash. The KMAAG regulatory basis does not recognize capital assets, long-term debt, accrued receivables and payables, or any other assets, liabilities or deferred inflows or outflows, other than those mentioned above.

The County has approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirement for application of generally accepted accounting principles and allowing the County to use the regulatory basis of accounting.

#### **Note 2: Budgetary Information**

Kansas statutes require that an annual operating budget be legally adopted for the general fund, special purpose funds (unless specifically exempted by statute), bond and interest funds and business funds. Although directory rather than mandatory, the statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

- 1. Preparation of the budget for the succeeding calendar year on or before August 1st.
- 2. Publication in local newspaper on or before August 5th of the proposed budget and notice of public hearing on the budget.
- 3. Public hearing on or before August 15th, but at least ten days after publication of notice of hearing.
- 4. Adoption of the final budget on or before August 25th.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in revenue other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication, the hearing may be held and the governing body may amend the budget at that time. There were no budget amendments in 2020.

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison statements are presented for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

December 31, 2020

#### **Note 2: Budgetary Information (Continued)**

All legal annual operating budgets are prepared using the regulatory basis of accounting, in which revenues are recognized when cash is received and expenditures include disbursements, accounts payable, and encumbrances, with disbursements being adjusted for prior year's accounts payable and encumbrances. Encumbrances are commitments by the municipality for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. Any unused budgeted expenditure authority lapses at year end. A legal operating budget is not required for capital project funds, trust funds, and the following funds:

#### **Business Funds**

Blue Township Sewer Reserve Fostoria Sewer Reserve County Sewer Specials
Timbercreek Water Reserve Brook Ridge Sewer Reserve

Spending in funds which are not subject to the legal annual operating budget requirement is controlled by federal regulations, other statutes, or by the use of internal spending limits established by the governing body.

#### **Special Assessments**

Projects financed in part by special assessments are financed through general obligation bonds of the County and/or revolving loans issued by the Kansas Department of Transportation. Both of which are retired either from the General Fund or the Bond and Interest Fund as appropriate. Special assessments paid prior to the issuance of bonds are recorded as revenue in the appropriate project. Special assessments received after the issuance of bonds are recorded as receipts in the General Fund or Bond and Interest Fund as appropriate.

#### **Cash and Investments**

The County uses an internally pooled cash system in which the cash balances from all funds are combined and invested to the extent available in certificates of deposit and other authorized investments. Earnings from these investments, unless specifically designated, are allocated to the general fund and the utility funds based upon their average cash balances. Investments are stated at cost, which approximates market.

#### Reimbursements

A reimbursement is an expenditure initially made in one fund, but property attributable to another fund. For example, it is common for the general fund to pay a vendor's bill and have portions of it reimbursed by other funds. In accounting for such reimbursements, the County records an expenditure in the reimbursing fund, and a reduction of expenditure in the reimbursed fund, following the authoritative guidance provided under KMAAG regulatory basis accounting.

#### **Property Taxes**

In accordance with governing state statutes, property taxes levied during the current year are a revenue source to be used to finance the budget of the ensuing year. Taxes are assessed on a calendar year basis and become a lien on the property on November 1 of each year. The County Treasurer is the tax collection agent for all taxing entities within the County. Property owners have the option of paying one-half or the full amount of the taxes levied on or before December 20 during the year levied with the balance to be paid on or before May 10 of the ensuing year. State statutes prohibit the County Treasurer from distributing taxes collected in the year levied prior to January 1 of the ensuing year. Consequently, for revenue recognition purposes, the taxes levied during the current year are not due and receivable until the ensuing year.

December 31, 2020

#### Note 3: Stewardship, Compliance and Accountability Amendments to Legal Budgets

There were no budget amendments during 2020.

#### Note 4: Deposits and Investments

As of December 31, 2020, the County had the following investments and maturities:

Investment Type	Fair Value		<u> Maturity</u>	Rating
Certificates of Deposits	\$	24,900,000	Less than 1 year	N/A
Kansas Municipal Investment Pool		45,495,631	Less than 1 year	N/A
Total Fair Value	\$	70,395,631		

K.S.A. 9-1401 establishes the depositories which may be used by the County. The statute requires banks eligible to hold the County's funds have a main or branch bank in the county in which the County is located, or in an adjoining county if such institution has been designated as an official depository, and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. The County has no other policies that would further limit interest rate risk.

K.S.A. 12-1675 limits the County's investment of idle funds to time deposits, open accounts, and certificates of deposits with allowable financial institutions; U.S. government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The County has no investment policies that would further limit its investment choices.

Concentration of Credit Risk. State statutes place no limit on the amount the County may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405.

	Percentage of
Investments	Investments
Certificates of Deposits	35%
Kansas Municipal Investment Pool	65%

Custodial credit risk - deposits: Custodial credit risk is the risk that in the event of a bank failure, the County's deposits may not be returned to it. State statutes require the County's deposits in financial institutions to be entirely covered by federally depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka, except during designated "peak periods" when required coverage is 50%. The County's designated "peak periods" are from December 1 - January 29 and May 1- June 29.

At December 31, 2020, the carrying amount of the County's deposits, including certificates of deposit, was \$32,434,232 and the bank balance was \$34,276,375. The bank balance was held by six banks resulting in a concentration of credit risk. Of the bank balance, \$17,755,947 was covered by federal depository insurance and \$16,520,428 was collateralized with securities held by the pledging financial institutions' agents in the County's name.

Custodial credit risk- investments: For an investment, this is the risk that, in the event of the failure of the issuer or counterparty, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State statutes require investments to be adequately secured.

At December 31, 2020, the County had invested \$45,495,631 in the State's municipal investment pool. The municipal investment pool is under the oversight of the Pooled Money Investment Board. The board is comprised of the State Treasurer and four additional members appointed by the State Governor. The board reports annually to the Kansas legislature.

December 31, 2020

#### Note 4: Deposits and Investments (Continued)

State pooled monies may be invested in direct obligations of, or obligations that are insured as to principal and interest, by the U.S. government or any agency thereof, with maturities up to four years. No more than ten percent of those funds may be invested in mortgage-backed securities. In addition, the State pool may invest in repurchase agreements with Kansas banks or with primary government securities dealers.

#### **Related Municipal Entity Cash Balances**

The cash of the Fire Districts was held by the County in an agency capacity and is included in the above analysis.

At year-end, the carrying amount of the Pottawatomie County Economic Development's deposits including certificates of deposit was \$1,643,811 and the bank balance was \$1,680,524. Of the bank balance, \$500,000 was covered by FDIC insurance and the remaining \$1,180,524 was not secured.

Of the above balance, \$100,763 is being held in a fund with Kansas Rural Communities Foundation (KRCF) for Pottawatomie County Economic Development (PCED) which can be withdrawn at any time and used for whatever purposes PCED sees fit. KRCF retains any interest earned on the funds as payment for handling the funds.

At year-end, the carrying amount of the Pottawatomie County Extension's deposits was \$157,533 and the bank balance was \$157,533. The entire bank balance was covered by FDIC insurance.

#### Note 5: Long-Term Debt

The following is a summary of debt transactions of the County, for the year ended December 31, 2020. See Notes 15 and 16 for the schedules of long-term liabilities and current maturities of long-term debt.

	Payable Beginning of Year	Issued	Retired	Payable End of Year
General Obligation Bonds	\$ 13,939,029	\$ -	\$ 1,156,200	\$ 12,782,829
Revolving Notes	1,696,434	-	122,510	1,573,924
Temporary Notes	7,100,000	16,095,500	11,690,500	11,505,000
Total	\$ 22,735,463	\$ 16,095,500	\$ 12,969,210	\$ 25,861,753

Total interest expense for the year was \$649,578.

The general obligation bonds encompass project related expenditures for general obligation (street improvements as allowed per K.S.A. 68-709 and 68-28) in addition to expenditures related to the respective sewer and water districts (as allowed per K.S.A. 19-27a07 and 19-3540). The entire amount of the debt is accounted for in the General Bond and Interest fund.

The amount of debt for each type is as follows:

	Sewer Districts	Water Districts	Street Improvements	Fire Station	End of Year
General					
Obligation Bonds	\$ 2,524,195	\$ 1,446,224	\$ 8,452,410	\$ 360,000	\$ 12,782,829

December 31, 2020

### Note 5: Long-Term Debt (Continued) Bonded Indebtedness Limitation

Kansas statutes restrict the level of the authorized and outstanding bonded indebtedness of the County to not more than three percent of the assessed value of all tangible property within such county, as certified to the County Clerk on the preceding August 25.

Total Assessed Valuation as of November 2019	\$ 672,635,227
3% Debt Limit	20,179,057
Total Outstanding General Obligation Debt	\$ 12,782,829
Less: Portions Excluded per K.S.A. 19-27a07 and 19-3540	(3,970,419)
Less: Portions Excluded per K.S.A. 68-728	(8,452,410)
Total Outstanding Eligible General Obligation Debt	\$ 360,000
General Obligation Debt Margin	\$ 19,819,057

#### **Related Municipal Entity Long-Term Debt**

Consolidated Fire District #1 was obligated at December 31, 2018 for a capital lease of \$440,000 primarily covering equipment, expiring through 2023, at an imputed interest rate of 3.375 percent. During 2019, the Fire District also entered into a capital lease of \$2,087,000 for equipment, expiring through 2029, at an imputed interest rate of 2.68 percent. During 2020, the Fire District also entered into a capital lease of \$300,000 for air packs, expiring through 2025, at an imputed interest rate of 1.95%. The proceeds were receipted into the Consolidated FD #1 Lease Purchase capital project fund. Total interest paid for the year was \$75,820.

	Ве	Payable eginning of Year	Issued	Retired	Pá	ayable End of Year
Consolidated Fire District #1 - Capital Leases	\$	2,439,000	\$ 300,000	\$ 295,633	\$	2,443,367

Fire District #5 was obligated at December 31, 2019 for a capital lease of \$200,000 primarily covering equipment, expiring through 2024, at an imputed interest rate of 3.35 percent. The proceeds were receipted into the FD #5 Lease Purchase capital project fund. Total interest paid for the year was \$5,800.

December 31, 2020

#### Note 6: Defined Benefit Pension Plan

The County participates in the Kansas Public Employees Retirement System (KPERS), a cost-haring multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, et. seq. Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and required supplementary information. KPERS' financial statements are included in its Comprehensive Annual Financial Report which can be found on the KPERS website at www.kpers.org or by writing to KPERS (611 S. Kansas Avenue, Suite 100, Topeka, KS 66503) or by calling 1-888-275-5737.

Contributions. KSA 74-4919 and K.S.A. 74-49,210 establish the KPERS member-employee contribution rates. KPERS has multiple benefit structures and contribution rates depending on whether the employee is a KPERS 1, KPERS 2 or KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009. KPERS 2 members were first employed in a covered position on or after July 1, 2009, and KPERS 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas law established the KPERS member-employee contribution rate at 6% of covered salary for KPERS 1, KPERS 2 and KPERS 3 members. K.S.A. 74-4975 establishes KP&F member-employee contribution rate at 7.15% of covered salary. Member contributions are withheld by their employer and paid to KPERS according to the provisions of Section 414(h) of the Internal Revenue Code.

State law provides that the employer contribution rates for KPERS 1, KPERS 2 and KPERS 3 and KP&F be determined based on the results of each annual actuarial valuation. Kansas law sets a limitation on annual increases in the employer contribution rates. The actuarially determined employer contribution rate (not including the 1% contribution rate for the Death and Disability Program) and the statutory contribution rate was 8.61% for KPERS and 21.93% for KP&F for fiscal year ended December 31, 2020. Contributions to the pension plan from the County were \$557,906 for KPERS and \$765,849 for KP&F for the year ended December 31, 2020.

Net Pension Liability. At December 31, 2020, the County's proportionate share of the collective net pension liability reported by KPERS was \$5,865,211 and \$7,504,945 for KP&F. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2019, which was rolled forward to June 30, 2020. The County's proportion of the net pension liability was based on the ratio of the County's contributions to KPERS, relative to the total employer and non-employer contributions of the Local subgroup within KPERS. Since the KMAAG regulatory basis of accounting does not recognize long-term debt, this liability is not reported in this financial statement.

The complete actuarial valuation report, including all actuarial assumption and methods, and the report on the allocation of the KPERS collective net pension liability to all participating employers are publicly available on the website at www.kpers.org or can be obtained as described above.

#### **Note 7: Deferred Compensation Plan**

The County sponsors a salary deferral plan that covers all full-time employees who have met certain service requirements. Contributions to the plan with the exception of required matching contributions are at the discretion of the County Commissioners. During 2020, the retirement plan expense was approximately \$101,406.

#### Note 8: Other Post Employment Benefit

As provided by K.S.A. 12-5040, the County allows retirees to participate in the group health insurance plan. While each retiree pays the full amount of the applicable premium, conceptually, the County is subsidizing the retirees because each participant is charged a level of premium regardless of age. However, the cost of this subsidy has not been quantified in this financial statement.

Under the Consolidated Budget Reconciliation Act (COBRA), the County makes health care benefits available to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured.

December 31, 2020

#### Note 9: Other Employment Benefit

The County provides certain vacation time benefits, i.e., paid time off (PTO), to full and part-time employees based upon length of service with the County. Upon reaching the maximum number of hours accrued per policy, the leave accrual will change to extended leave and be deposited into the full time employee's Extended Sick Leave (ESL) account. Exempt employees' maximum accrual and carryover is 80 hours above and beyond that of non-exempt personnel for PTO and ESL. Upon voluntary separation of employment, employees in good standing shall be paid the balance of accrued PTO up to maximum per policy. Employees with less than 10 years of continuous service shall be paid 25% of unused ESL; an employee with at least 10 but less than 20 years of service shall be paid 37.5% of unused ESL; an employee with 30 or more years of service shall be paid 75% of unused ESL.

At December 31, 2020, the County's liability for paid time off is approximately \$677,767 and the liability for extended sick leave is approximately \$265,892.

Years of Service	Accrual	Maximum Hours					
	Multiplier	40 Hour Week	Shift Work				
0 - 4 Years	0.0846	194	261				
5 - 9 Years	0.0974	220	297				
10 - 14 Years	0.1102	237	321				
15+ Years	0.1231	282	380				
ESL Maximum		720 hours	720 Hours				

#### Note 10: Capital Projects

At year-end, capital projects authorizations with approved change orders compared with expenditures from inception are as follows:

	Exp	enditures to		Project
Project Name		Date	Au	thorizations
Whispering Meadows Unit 6	\$	1,445,629	\$	1,535,901
Irvine Acres Unit 1		1,440,733		2,023,444

Green Valley & 24 Intersection		1,364,731		4,582,591
Green Valley Road Bridge		160,683		161,976
Parallel Road Bridge		221,103		232,960
Heritage Hills Unit 2		707,538		1,652,406
McDonald Road Bridge		304,614		304,614
Overland Road Bridge		138,621		138,621
Little Noxie Road		286,665		286,665
Total	\$	16,990,124	\$	24,663,499

December 31, 2020

#### Note 10: Capital Projects (Continued)

Junietta/Moody Road Improvements - this capital project is funded in part by outside sources in an amount of \$1,119,108 which is included in the amounts expended to date and amounts authorized.

Crown C Intersection - this capital project is funded in part by outside sources in an amount up to \$975,000 which is included in the amounts authorized.

Green Valley/Hwy 24 Intersection -this capital project is funded in part by outside sources in an amount up to \$2,500,000 which is included in the amounts authorized.

#### **Note 11: Commitments and Contingencies**

Construction Contracts: At December 31, 2020, the County had several pending construction project contracts. Commitments related to significant contracts include contracts for the County's street improvements.

Risk Management: The County is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County manages these various risks of loss through commercial insurance with varying deductibles. All deductibles are \$1,000 or less. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years.

Litigation: There are a number of claims and/or lawsuits to which the County is a party as a result of matters and complaints arising in the ordinary course of County activities. The County's management and legal counsel anticipate that the potential claims against the County not covered by insurance, if any, resulting from such matters would not materially affect the financial position of the County.

Solid Waste Landfill Post-closure Care Costs: The County closed its solid waste facility and received approval over the period of 1993 through 1995. Any liability for post-closure care costs associated with the landfill has not been determined. The County incurs costs annually to monitor the closed facility.

Ctatutani

December 31, 2020

#### Note 13: Concentration

The County receives approximately 50% of its ad valorem taxes from one taxpayer who operates a coal burning electric generation plant located in the County.

#### Note 14: Subsequent Events

Management has evaluated the effects of the financial statement of subsequent events through March 17, 2021, which is the date the financial statement was available to be issued.

#### POTTAWATOMIE COUNTY, KANSAS NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

December 31, 2020

#### Note 1: Organization

Pottawatomie County, Kansas (the County) is the recipient of several federal awards. All federal awards received directly from federal agencies as well as those awards that are passed through other government agencies, are included on the schedule of Expenditures of Federal Awards.

#### Note 2: Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of the County, and is presented on the Kansas regulatory basis of accounting which includes cash disbursements, accounts payable and encumbrances. The information presented in this schedule is in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of the basic financial statement. The County elected not to use the 10% de minimis indirect cost rate.

#### Note 3: Local Government Contributions

Local cost sharing is required by certain federal grants. The amount of cost sharing varies with each program. Only the federal share of expenditures is presented in the Schedule of Expenditures of Federal Awards.

#### Note 4: Additional Audits

Grantor agencies reserve the right to conduct additional audits of the County's grant programs for economy and efficiency and program results that may result in disallowed costs to the County. However, management does not believe such audits would result in any disallowed costs that would be material to the County's financial position at December 31, 2020.

#### Note 5: Outstanding Loans

The County did not have any outstanding loans under any federal grants at December 31, 2020.

#### POTTAWATOMIE COUNTY, KANSAS SCHEDULE OF FINDINGS AND QUESTIONED COSTS

Note:		

The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of the County, and is presented on the Kansas regulatory basis of accounting which includes cash disbursements, accounts payable and encumbrances. The information presented in this schedule is in accordance with the requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of the basic financial statement. The County elected not to use the 10% de minimis indirect cost rate.

#### Section II - Financial Statement Findings

No matters were reported

#### **Section III - Federal Award Findings and Questioned Costs**

There were no current year findings or questioned costs.

#### Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statement Performed in Accordance With Government Auditing Standards

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statement of Pottawatomie County, Kansas (the County) as of and for the year ended December 31, 2020, and the related notes to the financial statement, which collectively comprise the County's basic financial statement, and have issued our report thereon dated March 17, 2021.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statement, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statement, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statement will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the County's financial statement is free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

County Commissioners
Pottawatomie County, Kansas

#### Independent Auditor's Report on Compliance for Each Major Program and on Internal Control Over Compliance in Accordance with the Uniform Guidance

#### Report on Compliance for Each Major Federal Program

We have audited the compliance of Pottawatomie County, Kansas (the County) compliance with the types of compliance requirements described in the U.S. *Office of Management and Budget (OMB) Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended December 31, 2020. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

#### Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on compliance for each of the County's major federal programs based on our audit of the types of compliance requirements referred to above.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on each major federal program have occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County's compliance.

#### **Opinion on Each Major Federal Program**

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2020.

March 17, 2021 Pottawatomie County, Kansas (Continued)

#### **Report on Internal Control Over Compliance**

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of Uniform Guidance. According, this report is not suitable for any other purpose.
