#### **INDEPENDENT AUDITOR'S REPORT**

Board of Education Unified School District No. 415 Hiawatha, Kansas

We have audited the accompanying fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances of Unified School District No. 415, Hiawatha, Kansas (the District), as of and for the year ended June 30, 2017, and the related notes to the financial statement

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of this financial statement in accordance with the Kansas Municipal Audit and Accounting Guide as described in Note 1 to meet the financial reporting requirements of the State of Kansas; this includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express an opinion on the financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the Kansas Municipal Audit and Accounting Guide. Those standards require we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statement, the financial statement is prepared by the District to meet the requirements of the State of Kansas on the basis of the financial reporting provisions of the Kansas Municipal Audit and Accounting Guide, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

#### Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the District as of June 30, 2017, or changes in financial position and cash flows thereof for the year then ended.

#### Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the financial statement referred to above presents fairly, in all material respects, the aggregate cash and unencumbered cash balance of the District as of June 30, 2017, and the aggregate receipts and expenditures for the year then ended in accordance with the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide* described in Note 1.

#### Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances (basic financial statement) as a whole. The summary of regulatory basis expenditures-actual and budget, individual fund schedules of regulatory basis receipts and expenditures-actual and budget, summary of regulatory basis receipts and disbursements-agency funds, the schedule of regulatory basis receipts, expenditures and unencumbered cash-district activity funds and the schedule of regulatory basis receipts, expenditures and unencumbered cash-private purpose trust funds (Schedules 1, 2, 3, 4 and 5 as listed in the table of contents) are presented for analysis and are not a required part of the basic financial statements, however they are required to be presented under the provisions of the Kansas Municipal Audit and Accounting Guide. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statement. The information has been subjected to the auditing procedures applied in the audit of the financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statement or to the financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statement as a whole, on the basis of accounting described in Note 1.

#### Other Matter

The 2016 Actual column presented in the individual fund schedules of regulatory basis receipts and expenditures—actual and budget (Schedule 2 as listed in the table of contents) is also presented for comparative analysis and is not a required part of the 2016 basic financial statement upon which we rendered an unmodified opinion dated December 6, 2016. The 2016 basic financial statement and our accompanying report are not presented herein, but are available in electronic form from the web site of the Kansas Department of Administration at the following link: <a href="http://da.ks.gov/ar/muniserv/">http://da.ks.gov/ar/muniserv/</a>. Such 2016 comparative information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2016 basic financial statements. The 2016 comparative information was subjected to auditing procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2016 basic financial statements or to the 2016 basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the 2016 comparative information is fairly presented in all material respects in relation to the 2016 basic financial statements as a whole, on the basis of accounting described in Note 1.

#### NOTE 1 - Summary of Significant Accounting Policies

#### Municipal Financial Reporting Entity

Unified School District No. 415 (the District) is a municipal corporation governed by an elected seven-member board. These financial statements include all the accounts for which the District is considered to be financially accountable. The District had no related municipal entities.

#### **Basis of Accounting**

Regulatory Basis of Accounting and Departure from Accounting Principles Generally Accepted in the United States of America. The Kansas Municipal Audit and Accounting Guide (KMAAG) regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis receipts and regulatory basis expenditures for the fiscal year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligation against cash. The KMAAG regulatory basis does not recognize capital assets, long-term debt, accrued receivables and payables, or any other assets, liabilities or deferred inflows or outflows, other than those mentioned above.

The municipality has approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirement for application of generally accepted accounting principles and allowing the municipality to use the regulatory basis of accounting.

#### Regulatory Basis Fund Types

The following types of funds comprise the financial activities of the District for the year ended June 30, 2017:

<u>General Fund</u> - the chief operating fund. Used to account for all resources except those required to be accounted for in another fund.

<u>Special Purpose Fund</u> - used to account for the proceeds of specific tax levies and other specific regulatory receipt sources (other than Capital Project and tax levies for long-term debt) that are intended for specified purposes.

<u>Capital Project Fund</u> – used to account for the debt proceeds and other financial resources to be used for acquisition or construction of major capital facilities or equipment.

<u>Bond and Interest Fund</u> - used to account for the accumulation of resources, including tax levies, transfers from other funds and payment of general long-term debt.

<u>Trust Fund</u> – funds used to report assets held in trust for the benefit of the municipal financial reporting entity.

Agency Fund – funds used to report assets held by the municipal reporting entity in a purely custodial capacity.

#### NOTE 1 - Summary of Significant Accounting Policies (Continued)

#### **Budgetary Information**

Kansas statutes require that an annual operating budget be legally adopted for the general fund, special purpose funds (unless specifically exempted by statute), principal and interest funds, and business funds. Although directory rather than mandatory, the statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

- 1. Preparation of the budget for the succeeding calendar year on or before August 1st.
- 2. Publication in local newspaper on or before August 5th of the proposed budget and notice of public hearing on the budget.
- 3. Public hearing on or before August 15th, but at least ten days after publication of notice of hearing.
- 4. Adoption of the final budget on or before August 25th.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in regulatory receipts other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication the hearing may be held and the governing body may amend the budget at that time. The budget was not amended for the year ended June 30, 2017.

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison statements are presented for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

All legal annual operating budgets are prepared using the regulatory basis of accounting, in which, regulatory receipts are recognized when cash is received and expenditures include disbursements, accounts payable, and encumbrances, with disbursements being adjusted for prior year's accounts payable and encumbrances. Encumbrances are commitments by the municipality for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. Any unused budgeted expenditure authority lapses at year-end.

A legal operating budget is not required for capital project funds, agency funds, trust funds, and the following special purpose funds: Textbook Rental, Student Materials Revolving, Contingency Reserve, and District Activity.

Spending in funds which are not subject to the legal annual operating budget requirement is controlled by federal regulations, other statutes, or by the use of internal spending limits established by the governing body.

#### NOTE 2 – In-Substance Receipt in Transit

The District received \$444,802 in General State Aid and \$14,960 in Supplemental General State Aid subsequent to June 30, 2017 and as required by K.S.A. 72-6466 the receipt was recorded as an in-substance receipt in transit and included as a receipt for the year ended June 30, 2017.

#### NOTE 3 - Deposits and Investments

Deposits. K.S.A. 9-1401 establishes the depositories which may be used by the District. The statute requires banks eligible to hold the District's funds have a main or branch bank in the county in which the District is located, or in an adjoining county if such institution has been designated as an official depository, and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. The District has no other policies that would further limit interest rate risk.

*Investments.* K.S.A. 12-1675 limits the District's investment of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The District has no investment policy that would further limit its investment choices. As of June 30, 2017, the District held the following investments:

|                            | Fair          | Invest      | ment Maturity |        |
|----------------------------|---------------|-------------|---------------|--------|
| Investment Type            | <u>Value</u>  | <u>Less</u> | than 1 year   | Rating |
| U.S. Government Securities | \$<br>492,907 | \$          | 492,907       | N/A    |

Some of the District's investments are of bond proceeds invested pursuant to K.S.A. 10-131. This statute allows additional investment authority beyond that of K.S.A. 12-1675. Investments of bond proceeds may follow K.S.A. 12-1675 or include other investments such as the KMIP, direct obligations of the U.S. government or any agency thereof, and various other investments as specified in K.S.A. 10-131.

Concentration of credit risk. State statutes place no limit on the amount the District may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405.

Custodial credit risk – deposits. Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. State statutes require the District's deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka, except during designated "peak periods" when required coverage is 50%. The District has no designated "peak periods".

At June 30, 2017, the District's carrying amount of deposits was \$6,211,362 and the bank balance was \$6,488,223. The bank balance was held by five banks resulting in a concentration of credit risk. Of the bank balance, \$578,159 was covered by federal depository insurance and the remaining balance of \$5,910,064 was collateralized with securities held by the pledging financial institutions' agents in the District's name.

Custodial credit risk – investments. For an investment, this is the risk that, in the event of the failure of the issuer or counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State statutes require investments to be adequately secured.

#### NOTE 4 - Long-Term Debt

Following is a detailed listing of the District's long-term debt outstanding at June 30, 2017:

| Debt Issue                    | Date          | Interest      | Maturity    | Original      | Outstanding   |

The District is subject to statutes of the State of Kansas which limit the bonded debt outstanding to 14% of the assessed valuation. The District requested and received approval under applicable Kansas law which allows the issuance of bonded debt in excess of the general bonded debt limitation. The ratio of outstanding bonded debt to the assessed valuation as of June 30, 2017 was 9.28%.

#### NOTE 8 - Defined Benefit Pension Plan

Plan description - The District participates in the Kansas Public Employees Retirement System (KPERS), a cost-sharing, multiple-employer defined benefit pension plan as provided by K.S.A 74-4901 *et seq.* Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and required supplementary information. KPERS' financial statements are included in its Comprehensive Annual Financial Report which can be found on the KPERS website at <a href="https://www.kpers.org">www.kpers.org</a> or by writing to KPERS (611 South Kansas, Suite 100, Topeka, KS 66603) or by calling 1-888-275-5737.

Contributions. K.S.A. 74-4919 and K.S.A. 74-49,210 establish the KPERS member-employee contribution rates. KPERS has multiple benefit structures and contribution rates depending on whether the employee is a KPERS 1, KPERS 2, or KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009. KPERS 2 members were first employed in a covered position on or after July 1, 2009 and KPERS 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas law established the KPERS member-employee contribution rate of 6% of covered salary for KPERS 1, KPERS 2 and KPERS 3 members. Member contributions are withheld by their employer and paid to KPERS according to the provisions of Section 414(h) of the Internal Revenue Code.

State law provides that the employer contribution rates for KPERS 1, KPERS 2 and KPERS 3 be determined based on the results of each annual actuarial valuation. Kansas law sets a limitation on annual increases in the employer contribution rates. The actuarially determined employer contribution rate (and the statutory contribution rate was 16.03% and 10.81%, respectively, for the fiscal year ended June 30, 2017. Per 2016 House Substitute for Senate Bill 161, Section 98(a)(1), state general fund and expanded lottery act revenue funds for employer contributions to KPERS were deferred. The amount deferred for school contributions was \$92,917,091.

The State of Kansas is required to contribute the statutory required employer's share except for retired District employees. The District is responsible for the employer's portion of the cost for retired District employees. The District received and remitted amounts equal to the statutory contribution rate, which totaled \$407,376 for the year ended June 30, 2017.

Net Pension Liability. At June 30, 2017, the District's proportionate share of the collective net pension liability reported by KPERS was \$7,562,336. The net pension liability was measured as of June 30, 2016, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2015, which was rolled forward to June 30, 2016. The District's proportion of the net pension liability was based on the ratio of the District's contributions to KPERS, relative to the total employer and non-employer contributions of the State/School subgroup within KPERS for the fiscal year ended June 30, 2016. Since the KMAAG regulatory basis of accounting does not recognize long-term debt, this liability is not reported in these financial statements.

The complete actuarial valuation report including all actuarial assumptions and methods, and the report on the allocation of the KPERS collective net pension liability to all participating employers are publically available on the website at <a href="https://www.kpers.org">www.kpers.org</a> or can be obtained as described above.

#### NOTE 9 - Compensated Absences

Most administrative and classified personnel employed on a twelve month full-time (32 hours per week) status are eligible for a paid two week vacation. Following the completion of ten years of employment, the employee is eligible for three weeks paid vacation. Only one week of unused vacation may be carried into the next year. A week is defined as five working days.

It is the District's policy to pay employees accrued vacation pay upon termination of employment. As of June 30, 2017, the liability for accrued vacation pay was \$2,927.

The District also has available sick leave for all. Employees accrue sick leave at the rate of fifteen (15) days per year, with the maximum accumulation of one hundred (100) days. Upon termination, employees are not paid for any accumulated sick leave.

#### NOTE 10 - Termination Benefits

The District also has a plan which covers personnel who are eligible to receive retirement benefits from either the Kansas Public Employees Retirement System or the Social Security Administration and have been employed by the district for at least fifteen years. To be eligible, the District must receive the employee's retirement resignation by February 15 of the year in which the retirement occurs. Eligible classified employees will receive a one-time payment based on the number of years of service in the District, payable in a lump sum at the end of the school year. The amount of the compensation is determined as follows:

|                                  | Cla  | assified         |
|----------------------------------|------|------------------|
| Years of Service to the District | Comp | <u>pensation</u> |
|                                  |      |                  |
| 15 Years                         | \$   | 1,500            |
| Per Year Beyond 15 Years         |      | 50               |

The certified and administrative employees who retire under the plan are eligible to continue in the health insurance plan of the District as well as receive the District's contribution for the single health insurance policy equal to the benefit given in the year of retirement until the employee reaches age 65. Beginning in the 2016-2017 school year, the employer subsidized post-retirement health insurance payment will reduce by 10% each year. No new retirement enrollees will be allowed after the 2022-2023 school year. Current recipients at that time will continue to receive benefit until age 65 or after the 10<sup>th</sup> year of post retirement.

The amount paid by the District on behalf of the retirees during the year ended June 30, 2017, was \$105,523. The amount of the District's accrued contribution for the health insurance of retirees until age 65 is \$409,293 as of June 30, 2017.

The estimated cost of future early retirement program commitments, including health insurance, is as follows:

|                         | <u>2017-18</u> | <u>2018-19</u> | <u>2019-20</u> | <u>2020-21</u> | <u>2021-22</u> |
|-------------------------|----------------|----------------|----------------|----------------|----------------|

| Retirement Benefits     | \$ 103.404     | \$ 101.078     | \$ 99,689      | \$105.633      | \$118.536      |

#### NOTE 11 - Commitments and Contingencies

The District receives significant financial assistance from numerous federal and state governmental agencies in the form of grants and state pass-through aid. The disbursements of funds received under these programs generally require compliance with terms and conditions specified in the grant agreements and are subject to audit. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material effect on the financial statements of the District as of June 30, 2017.

#### NOTE 12 - Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; natural disasters and other events for which the District carries commercial insurance. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

#### NOTE 13 - Other Post Employment Benefits

As provided by K.S.A. 12-5040, the local government allows retirees to participate in the group health insurance plan. While each retiree pays the full amount of the applicable premium, conceptually, the local government is subsidizing the retirees because each participant is charged a level of premium regardless of age. However, the cost of this subsidy has not been quantified in this financial statement.

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the government makes health care benefits available to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured. There is no cost to the government under this program.
