#### INDEPENDENT AUDITOR'S REPORT

Board of County Commissioners Osage County Lyndon, Kansas 66861

We have audited the accompanying fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash of Osage County, Kansas, a Municipality, as of and for the year ended December 31, 2019 and the related notes to the financial statement.

#### Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with the *Kansas Municipal Audit and Accounting Guide* as described in Note 1; this includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express an opinion on the financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and the *Kansas Municipal Audit and Accounting Guide*. Those standards require we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statement, the financial statement is prepared by Osage County, Kansas on the basis of the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide*, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

#### Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of Osage County, Kansas as of December 31, 2019, or changes in its financial position and cash flows thereof for the year then ended.

#### Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the financial statement referred to above presents fairly, in all material respects, the aggregate cash and unencumbered cash balance of the Osage County, Kansas as of December 31, 2019, and the aggregate receipts and expenditures for the year then ended in accordance with the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide* described in Note 1.

#### Emphasis of Matter

As discussed in Note 12 to the financial statement, the County made prior period adjustments due to the change in software in the prior year. This change was retroactively applied to prior year in the regulatory – required supplementary information. Our opinion is not modified with respect to this matter.

#### Other Matters

#### Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the 2019 fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances (basic financial statement) as a whole. The summary of regulatory basis expenditures-actual and budget, individual fund schedules of regulatory basis receipts and expenditures-actual and budget, schedule of regulatory basis receipts and disbursements-agency funds, regulatory basis detailed receipts, disbursements and balances-agency funds, and reconciliation of 2018 tax roll (Schedules 1, 2, 3, 4, and 5 as listed in the table of contents) are presented for analysis and are not a required part of the 2019 basic financial statement, however are required to be presented under the provisions of the Kansas Municipal Audit and Accounting Guide. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2019 basic financial statement. The 2019 information has been subjected to the auditing procedures applied in the audit of the 2019 basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2019 basic financial statement or to the 2019 basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the 2019 basic financial statement as a whole, on the basis of accounting described in Note 1.

We also previously audited, in accordance with auditing standards generally accepted in the United States of America, the basic financial statement of Osage County, Kansas as of and for the year ended December 31, 2018 (not presented herein), and have issued our report thereon dated September 24, 2019, which contained an unmodified opinion on the basic financial statement. The 2018 basic financial statement and our accompanying report are not presented herein, but are available in electronic form from the web site of the Kansas Department of Administration at the following link <a href="http://www.admin.ks.gov/offices/oar/municipal-services">http://www.admin.ks.gov/offices/oar/municipal-services</a>. The 2018 actual column (2018 comparative information) presented in the individual fund schedules of regulatory basis receipts and expenditures – actual and budget for the year ended December 31, 2019 (Schedule 2 as listed in the table of contents) is presented for purposes of additional analysis and is not a required part of the basic financial

statement. Such 2018 comparative information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2018 basic financial statement. The 2018 comparative information was subjected to the auditing procedures applied in the audit of the 2018 basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2018 basic financial statement or to the 2018 basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the 2018 comparative information is fairly stated in all material respects in relation to the basic financial statement as a whole for the year ended December 31, 2018, on the basis of accounting described in Note 1.

#### NOTES TO FINANCIAL STATEMENT

#### For the Year Ended December 31, 2019

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### (a) Municipal Financial Reporting Entity

Osage County is a municipal corporation governed by an elected three-member commission. The regulatory financial statement presents the Osage County (the municipality) and does not include any related municipal entities.

#### (b) Regulatory Basis Fund Types

**General Fund** – the chief operating fund. Used to account for all resources except those required to be accounted for in another fund.

**Special Purpose Fund** – used to account for the proceeds of specific tax levies and other specific regulatory receipt sources (other than Capital Project and tax levies for long-term debt) that are intended for specified purposes.

**Bond and Interest Fund** – used to account for the accumulation of resources, including tax levies, transfers from other funds and payment of general long-term debt.

**Capital Project Fund** – used to account for the debt proceeds and other financial resources to be used for acquisition or construction of major capital facilities or equipment.

**Business Fund** – funds financed in whole or in part by fees charged to users of the goods or services (i.e. enterprise and internal service fund, etc.).

**Trust Fund** – funds used to report assets held in trust for the benefit of the municipal financial reporting entity (i.e. pension funds, investment trust funds, private purpose trust funds which benefit the municipal reporting entity, scholarship funds, etc.).

**Agency Fund** – funds used to report assets held by the municipal reporting entity in a purely custodial capacity (i.e. payroll clearing fund, county treasurer tax collection accounts, etc.).

#### (c) Basis of Accounting

Regulatory Basis of Accounting and Departure from Accounting Principles Generally Accepted in the United States of America. The *Kansas Municipal Audit and Accounting Guide* (KMAAG) regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis receipts and regulatory basis expenditures for the fiscal year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligation against cash. The KMAAG regulatory basis does not recognize capital assets, long-term debt, accrued receivables and payables, or any other assets, liabilities or deferred inflows or outflows, other than those mentioned above.

The County has approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirement for application of generally accepted accounting principles and allowing the County to use the regulatory basis of accounting.

## 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT.)

#### (d) Budgetary Information

Kansas statutes require that an annual operating budget be legally adopted for the General Fund, Special Purpose Funds (unless specifically exempted by statute) and Bond and Interest Funds. Although directory rather than mandatory, the statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

- 1) Preparation of the budget for the succeeding calendar year on or before August 1st.
- 2) Publication in local newspaper on or before August 5th of the proposed budget and notice of public hearing of the budget.
- 3) Public hearing on or before August 15th, but at least ten days after publication of notice of hearing.
- 4) Adoption of the final budget on or before August 25th.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in regulatory receipts other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication, the hearing may be held and the governing body may amend the budget at that time. There were no budget amendments for the year 2019.

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison statements are presented for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

All legal annual operating budgets are prepared using the regulatory basis of accounting, in which, regulatory receipts are recognized when cash is received and expenditures include disbursements, accounts payable and encumbrances, with disbursements being adjusted for prior year's disbursements, accounts payable and encumbrances. Encumbrances are commitments by the municipality for future payments and are supported by a document evidencing the commitment such as a purchase order or contract. Any unused budget expenditure authority lapse at year end.

A legal operating budget is not required for Capital Project Funds, Agency Funds, Trust Funds and certain Special Purpose Funds as noted in the presentation of the appropriate Schedule 2.

Spending in funds which are not subject to the legal annual operating budget requirement are controlled by federal regulations, other statutes, or by the use of internal spending limits established by the governing body.

#### 2. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

#### Compliance with Kansas Statutes

Inventory of personal property, and a comprehensive inventory for all departments, is now compiled in the software, however, the board did not view and check these inventory lists as required in K.S.A. 19-2687.

According to K.S.A. 10-815, checks that are outstanding two years or more are to be canceled and restored to the fund originally charged. As of December 31, 2019, there were 24 outstanding warrants totaling \$2,747, contrary to statute.

Not all quarterly financial summary publications, (summary of expenditures from each fund and the cash balance of each fund) were published timely as required by K.S.A. 19-228.

Cash-basis violations occurred in the Employee Benefit Fund of \$13,683 and the following Agency Funds: the School Districts of \$574; the Townships of \$45,572; Fish and Game Licenses of \$390; and the Cash Items of \$16,112, contrary to K.S.A. 10-1113.

Budget violations occurred in the County Treasurer Auto Reimbursement Fund of \$71,226 and the Road Machinery, Bridge Building and Equipment Fund of \$66,700, contrary to K.S.A. 79-2935.

#### 3. DEPOSITS AND INVESTMENTS

K.S.A. 9-1401 establishes the depositories which may be used by the County. The statute requires banks eligible to hold the County's funds have a main or branch bank in the County, or in an adjoining county if such institution has been designated as an official depository, and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. The County has no other policies that would further limit interest rate risk.

K.S.A. 12-1675 limits the County's investment of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The County has no investment policy that would further limit its investment choices.

Concentration of credit risk. State statutes place no limit on the amount the County may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405.

Custodial credit risk – deposits. Custodial credit risk is the risk that in the event of a bank failure, the County's deposits may not be returned to it. State statutes require the County's deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka. All deposits were legally secured at December 31, 2019.

At December 31, 2019, the County's carrying amount of deposits was \$17,378,480 and the bank balance was \$17,576,680. The bank balance was held by seven banks resulting in a concentration of credit risk. Of the bank balance, \$1,750,000 was covered by federal depository insurance, and the remaining \$15,826,680 was collateralized with securities held by the pledging financial institutions' agents in the County's name and a letter of credit.

Custodial credit risk – investments. For an investment, this is the risk that, in the event of the failure of the issuer or counterparty, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State statutes require investments to be adequately secured.

#### 4. LONG-TERM DEBT

Changes in long-term liabilities for the County for the year ended December 31, 2019, were as follows:

<u>Issue</u>	Interest Rates	Date of Issue	_	Amount of Issue	Date of Final Maturity	Balance Beginning of Year	Additions		eductions Principal	_	Balance End of Year	_ !	nterest Paid

#### 5. DEFINED BENEFIT PENSION PLAN

**Plan Description.** The County participates in the Kansas Public Employees Retirement System (KPERS), a cost-sharing multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, et. seq. Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and required supplementary information. KPERS' financial statements are included in its Comprehensive Annual Financial Report which can be found on the KPERS website at <a href="https://www.kpers.org">www.kpers.org</a> or by writing to KPERS (611 South Kansas, Suite 100, Topeka, KS 66603) or by calling 1-888-275-5737.

**Contributions.** K.S.A. 74-4919 and K.S.A. 74-49,210 establish the KPERS member-employee contribution rates. KPERS has multiple benefit structures and contribution rates depending on whether the employee is a KPERS 1, KPERS 2 or KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009. KPERS 2 members were first employed in a covered position on or after July 1, 2009, and KPERS 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas law established the KPERS member-employee contribution rate at 6% of covered salary for KPERS 1, KPERS 2 and KPERS 3 members. Member contributions are withheld by their employer and paid to KPERS according to the provisions of Section 414(h) of the Internal Revenue Code.

State law provides that the employer contribution rates for KPERS 1 and KPERS 2 and KPERS 3 be determined based on the results of each annual actuarial valuation. Kansas law sets a limitation on annual increases in the employer contribution rates. The actuarially determined employer contribution rate (not including the 1% contribution rate for the Death and Disability Program) and the statutory contribution rate was 8.89% for the fiscal year ended December 31, 2019. Contributions to the pension plan from the County were \$381,958 for the year ended December 31, 2019.

**Net Pension Liability.** At December 31, 2019, the County's proportionate share of the collective net pension liability reported by KPERS was \$3,188,161. The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2018, which was rolled forward to June 30, 2019. The County's proportion of the net pension liability was based on the ratio of the County's contributions to KPERS, relative to the total employer and non-employer contributions of the Local subgroup within KPERS. Since the KMAAG regulatory basis of accounting does not recognize long-term debt, this liability is not reported in this financial statement.

The complete actuarial valuation report including all actuarial assumptions and methods, and the report on the allocation of the KPERS collective net pension liability to all participating employers are publicly available on the website at <a href="https://www.kpers.org">www.kpers.org</a> or can be obtained as described above.

#### OTHER LONG-TERM OBLIGATIONS FROM OPERATIONS

#### (a) Other Post Employment Benefits

As provided by K.S.A. 12-5040, the County allows retirees to participate in the group health insurance plan. While each retiree pays the full amount of the applicable premium, conceptually, the County is subsidizing the retirees because each participant is charged a level of premium regardless of age. However, the cost of this subsidy has not been quantified in this financial statement.

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the County makes health care benefits available to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured.

#### (b) Death and Disability Other Post Employment Benefits

K.S.A. 74-4927, disabled members in KPERS receive long-term disability benefits and life insurance benefits. The plan is administered through a trust held by KPERS that is funded to pay annual benefit payments. The employer contribution rate is set at 1% for the year ended December 31, 2019.

## 6. OTHER LONG-TERM OBLIGATIONS FROM OPERATIONS (CONT.)

#### (c) Other Employee Benefits

Vacation – Vacation leave shall be accrued from the employee's date of employment as stipulated hereinafter. Vacation leave can be taken as earned.

Each permanent full-time employee will accrue vacation leave as follows:

Years of Service	Per Year
0 to 1 year	6 days
After 1 year	12 days
After 10 years	18 days
After 16 years	21 days

Employees are allowed to accrue up to a maximum of 240 hours of vacation leave. Employees will be allowed to accrue more than the 240 hours of annual leave, if the employee has been unable to take annual leave because he or she worked at the request of the department with approval from the County Commissioners on an emergency basis.

The County may, in the discretion of the County Commissioners, pay any employee for any part of vacation leave earned in excess of 240 hours. Such pay will be at the employee's current rate of pay. The County Commissioners are not obligated to pay for vacation leave accumulated in excess of 240 hours in any specific amount in any year, and may pay such excess accumulation over a period of years.

An employee shall be paid for all accumulated unused vacation leave upon termination after one year of employment.

Sick leave - Part-time employees shall earn sick leave at the rate of four (4) hours per month and full-time employees at the rate of one (1) day per month beginning at date of employment. Sick leave may be accumulated to a maximum of 60 days. At the end of the calendar year, an employee will be paid for unused sick leave over sixty (60) days (480 hours) at a rate of two dollars (\$2) per hour.

Upon termination of employment, an employee shall be paid for unused sick leave in excess of 30 days (240 hours) at a rate of two dollars (\$2) per hour.

#### (d) Deferred Compensation Plan

The County offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan is available to all employees who qualify under the plan terms and permits employees to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency.

#### 7. CLAIMS AND JUDGMENTS

The County participates in Federal, State and County programs that are fully or partially funded by grants received from other governmental units. Expenditures financed by grants are subject to audit by the appropriate grantor government. If expenditures are disallowed due to noncompliance with grant program regulations, the County may be required to reimburse the grantor government. As of the date of this report, the grant expenditures have not been audited, but the County believes that disallowed expenditures, if any, based on subsequent audits will not have a material effect on any of the individual governmental funds or the overall financial position of the County.

The County is exposed to various risks of loss related to property loss; torts; theft of, damage to, and destruction of assets; errors and omissions; employee injuries and natural disasters. The County has purchased commercial insurance for these potential risks. There have been no significant reductions in insurance coverage from 2018 to 2019 and there were no settlements that exceeded insurance coverage in the past three years.

During the ordinary course of its operations, the County is a party to various claims, legal actions and complaints. It is the opinion of the County's management and legal counsel that these matters are not anticipated to have a material impact on the County.

#### 8. INTERFUND TRANSFERS

Operating transfers were as follows:

Regulatory

From To Authority Amount

Road and Bridge Fund Road Machinery, Bridge Building and Equipment Fund

K.S.A. 68-141g \$ 500,000

#### 9. OTHER RELATIONSHIPS

The Board of County Commissioners, by State statute, serves as the governing body of each Fire District established in Osage County. State statutes further provide that the Board of County Commissioners may appoint a board of not less than three members to serve as the governing body of such District and such board shall have all the powers vested with the Board of County Commissioners. Osage County has established seven separate Fire Districts organized under the provisions of the state statutes discussed above, with all being defined as separate taxing entities. These Fire Districts provide fire protection services principally to the unincorporated areas of the County. The costs of providing such services are provided from property tax assessed to the property owners within the benefit District and such levies are established and levied by the respective Fire District Boards. The Fire District Boards also have the authority to issue general obligation bonds, which are secured by the full faith and credit of the Fire District.

#### 10. CLOSURE AND POST-CLOSURE CARE COST

State and federal laws and regulations require that the County place a final cover on its landfill and perform certain maintenance and monitoring functions at the landfill site for thirty years after closure. Although closure and post-closure care costs will be paid only near or after the date that the landfill discontinues accepting waste, the County reports a portion of these closure and post-closure care costs as an operating expenditure in the year these costs are incurred. Currently, the County has closed their landfill and is disposing of their solid waste through a transfer station.

#### 11. RELATED PARTY

An official of Osage County has family members that have a controlling interest in one of the financial institutions where the County has funds deposited. At December 31, 2019, funds deposited at this institution totaled \$1,786,611.

#### 12. PRIOR PERIOD ADJUSTMENT

The County has a prior period adjustment due to the change in software in the prior year. The adjustment was needed to reconcile the beginning unencumbered cash balance as of January 1, 2019 and was adjusted by \$300,996 to the General Fund.

The County has a prior period adjustment due to the change in software in the prior year for payroll. The payroll adjustment was made to the Personal Services line-item in each of the following funds; in the General Fund: the departments of County Commission \$6,118; County Clerk \$12,414; County Treasurer for \$20,232; County Attorney for \$13,329; Register of Deeds for \$10,289; Sheriff for \$117 794; Detention Facility for \$41,518; Courthouse \$6,658; Zoning/Land Development for \$3,995; Emergency Management for \$3,886; County Counselor/Administrator for \$3,750; Council on Aging for \$15,920; Economic Development for \$4,360; Appraiser's Cost Fund for \$15,746; Health Fund for \$13,697; Noxious Weed Fund for \$2,816; Road and Bridge Fund for \$60,681; and the Special Levy - Waste Disposal Fund for \$10,383 for a total payroll adjustment of \$363,586. The net effect of the two adjustments was a \$62,590 decrease as of January 1, 2019.

#### 13. SUBSEQUENT EVENTS

Management has evaluated the effects on the financial statement of subsequent events occurring through the date of this report, which is the date at which the financial statement was available to be issued.

The County approved \$167,690 on August 17, 2020 for the demolition and construction project at the transfer station.

The State of Kansas through SPARK (Strengthening People and Revitalizing Kansas) awarded the County funds from the Federal CARES Act, Coronavirus Relief Fund for COVID-19 response and recovery an allocation of \$3,226,543 in 2020. These funds will be used by the County and will also be distributed to local cities, schools and businesses, etc. that apply to the SPARK Committee that was established by the County.

In recent months, the coronavirus (COVID-19) outbreak in the United States has resulted in reduced customer traffic and the temporary closure of operating hours for our offices. There is unprecedented uncertainty surrounding the duration of the pandemic, its potential economic ramifications, and any government actions to mitigate them. Accordingly, while management cannot quantify the financial and other impact to the County as of the date of this report, management believes that a material impact on the County's financial position and results of future operations is reasonably possible.
