#### INDEPENDENT AUDITOR'S REPORT

To the Mayor and City Council City of Oxford, Kansas

We have audited the accompanying fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances of the City of Oxford, Kansas (the City), as of and for the year ended December 31, 2017 and the related notes to the financial statement.

#### Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with the *Kansas Municipal Audit and Accounting Guide* as described in Note – 1; this includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express an opinion on the financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the Kansas Municipal Audit and Accounting Guide. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note – 1 to the financial statement, the financial statement is prepared by the City on the basis of financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide,* which is a basis of accounting other than accounting principles generally accepted in the United States of America.

Phone: 620-221-1932

The effects on the financial statement of the variances between regulatory basis of accounting described in Note – 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

#### Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the City, as of December 31, 2017, or changes in financial position and cash flows thereof of the year then ended.

#### **Unmodified Opinion on Regulatory Basis of Accounting**

In our opinion, the financial statement referred to above presents fairly, in all material respects, the aggregate cash and unencumbered cash balance of the City, as of December 31, 2017, and the aggregate receipts and expenditures for the year then ended in accordance with financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide* described in Note -1.

#### **Other Matters**

#### Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the fund summary statement of regulatory basis receipts, expenditures, and unencumbered cash balances (basic financial statement) as a whole. The summary of regulatory basis expenditures - actual and budget, individual fund schedules of regulatory basis receipts and expenditures – actual and budget, schedule of regulatory basis receipts and disbursements - agency funds (schedules 1, 2, and 3 as listed in table of contents) are presented for analysis and are not a required part of the basis financial statement, however are required to be presented under the provisions of the Kansas Municipal Audit and Accounting Guide. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statement. The information has been subjected to the auditing procedures applied in the audit of the basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statement or the basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statement as a whole, on the basis of accounting described in Note -1.

#### **Prior Year Comparative Analysis**

We also previously audited, in accordance with auditing standards generally accepted in the United States of America, the basic financial statement of the City of Oxford, Kansas as of and for the year ended December 31, 2016, and have our report thereon dated September 5, 2017, which contained an unmodified opinion on the basic financial statement. The 2016 basic financial statement and our accompanying report are not presented herein, but are available in electronic form from the web site of the Kansas Department of Administration at the following link <a href="http://admin.ks.gov/offices/cheif-financial-officer/municipal-services">http://admin.ks.gov/offices/cheif-financial-officer/municipal-services</a>. Such 2016 actual column (2016 comparative information) presented in the individual fund schedules of regulatory basis receipts and expenditures-actual and budget for the year ended December 31, 2017 (schedule 2 as listed in the table of contents) is presented for purposes of additional analysis and is not a required part of the basic financial statement. Such 2016 comparative

information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2016 basic financial statement. The 2016 comparative information was subjected to the auditing procedures applied in the audit of the 2016 basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2016 basic financial statement or the 2016 basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the 2016 comparative information is fairly stated in all material respects in relation to the basic financial statement as a whole for the year ended December 31, 2016, on the basis of accounting described in Note 1.

The notes to the financial statement are an integral part of this statement.

Notes to the Financial Statement For the Year Ended December 31, 2017

#### **NOTE - 1** Summary of Significant Accounting Policies

#### A. Municipal Financial Reporting Entity

The City of Oxford, Kansas, (the City) was incorporated October 17, 1879, as a third-class city. The City operates under a Mayor/Council form of government with five elected council members and the mayor. This financial statement presents the City (the primary government) but does not include its Related Municipal Entity (RME), the Library Board.

#### B. Regulatory Basis Fund Types

The financial activities of the City are recorded and presented on the basis of funds. A fund is defined as an independent fiscal and accounting entity with self-balancing set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

The following types of funds comprise the financial activities of the City for the current year:

- 1) General fund the chief operating fund. Used to account for all resources except those required to be accounted for in another fund.
- 2) Special Purpose fund used to account for the proceeds of specific tax levies and other specific regulatory receipt sources (other than capital project and tax levies for long-term debt) that are intended for specified purposes.
- 3) Bond and Interest fund used to account for the accumulation of resources, including tax levies, transfers from other funds and payment of general long term debt.
- 4) Trust fund funds used to report assets held in trust for the benefit of the municipal financial reporting entity.
  - a) Farm/Airport Fund This fund was established to record the revenues and expenditures from the land granted to the City by the Federal Government. The land is used as an auxiliary airport under the direct supervision of the FAA. The grant, under a restrictive deed, requires all funds earned from the property to be used for improvements on the land. Failure to do so will result in a revocation of the custodianship granted to the City.
  - b) Community Oil Lease Fund The City created the Community Oil Lease Fund in 1994 to segregate \$49,040 in funds received from the State of Kansas in 1994 and all oil royalties received thereafter. These funds were reverted by escheat to the City under K.S.A 12—16,118. The Statute restricts the use of these funds solely for the purpose of providing water to the City or for paying the costs of a water supply system of the City.
- 5) Agency fund funds used to report assets held by the municipal reporting entity in a purely custodial capacity (sales tax fund and water protection fee fund).

#### C. Basis of Accounting

## Regulatory Basis of Accounting and Departure from Accounting Principles Generally Accepted in the United States of America

The Kansas Municipal Accounting and Auditing Guide (KMAAG) regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and the reporting of changes in

Notes to the Financial Statement For the Year Ended December 31, 2017

#### **NOTE - 1** Summary of Significant Accounting Policies (continued)

unencumbered cash and investments of a fund resulting from the difference in regulatory basis of receipts and regulatory basis expenditures for the fiscal year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligation against cash. The KMAAG regulatory basis does not recognize capital assets, long-term debt, accrued receivables and payables, or any other assets, liabilities or deferred inflows or outflows, other than those mentioned above.

The City has approved a resolution that is in compliance with K.S.A. 75-1120(a)c, waiving the requirement for application of generally accepted accounting principles and allowing the City to use the regulatory basis of accounting.

#### D. Budgetary Information

Kansas statutes require that an annual operating budget be legally adopted for the General fund, Special Purpose funds (unless specifically exempted by statute), Bond and Interest funds, and Business funds. Although directory rather than mandatory, the statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

- 1) Preparation of the budget for the succeeding calendar year on or before August 1st.
- 2) Publication in the local newspaper on or before August 5th of the proposed budget and notice of public hearing on the budget.
- 3) Public hearing on or before August 15th, but at least ten days after publication of notice of hearing.
- 4) Adoption of final budget on or before August 25th.

The statutes allow for the Board to increase the originally adopted budget for previously unbudgeted increases in regulatory receipts other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication, the hearing may be held and the Board may amend the budget at that time. There were no such budget amendments for this year.

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison schedules are presented for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

All legal annual operating budgets are prepared using the regulatory basis of accounting, in which regulatory receipts are recognized when cash is received and expenditures include disbursements, accounts payable and encumbrances, with disbursements being adjusted for prior year's accounts payable and encumbrances. Encumbrances are commitments by the municipality for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. Any unused budgeted expenditure authority lapses at year end.

Notes to the Financial Statement For the Year Ended December 31, 2017

#### NOTE - 1 Summary of Significant Accounting Policies (continued)

A legal operating budget is not required for the following funds:
Capital Improvement fund, (K.S.A. 12-1,118)
Equipment Reserve fund (K.S.A. 12-1,117)
Farm/Airport fund (K.S.A. 79-2925)
KDOT – Streets Projects fund (K.S.A. 12-16,111)

Spending in funds which are not subject to the legal annual operating budget requirement is controlled by federal regulations, other statutes, or by the use of internal spending limits established by the Council.

#### NOTE - 2 Deposits and Investments

K.S.A. 9-1401 establishes the depositories which may be used by the City. The statute requires banks eligible to hold the City's funds have a main or branch bank in the county in which the City is located, or in an adjoining county if such institution has been designated as an official depository, and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. The City has no other policies that would further limit interest rate risk.

K.S.A. 12-1675 limits the City's investment of idle funds to time deposits, open accounts, and certificates of deposit with allowable financial institutions; U.S. government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The City has no investment policy that would further limit its investment choices.

Concentration of credit risk - State statutes place no limit on the amount the City may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405.

Custodial credit risk – deposits - Custodial credit risk is the risk that in the event of a bank failure, the City's deposits may not be returned to it. State statutes require the City's deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka, except during designated "peak periods" when required coverage is 50%. All deposits were legally secured at December 31, 2017.

At December 31, 2017, the City's carrying amount of deposits was \$1,461,626 and the bank balance was \$1,491,681. The bank balance was held by two banks, resulting in a concentration of credit risk. Of the bank balance, \$500,000 was covered by federal depository insurance; \$991,681 was collateralized with securities held by the pledging financial institutions agents in the City's name.

#### NOTE - 3 Long-term Debt

The City had no long-term debt or capital lease activity during 2017, and had no long-term debt balances at December 31, 2017.

Notes to the Financial Statement For the Year Ended December 31, 2017

#### NOTE - 4 Other Long-Term Obligations from Operations

#### A. Other Post-Employment Benefits

As provided by K.S.A. 12-5040, the City allows retirees to participate in the group health insurance plan. While each retiree pays the full amount of the applicable premium, conceptually, the City is subsidizing the retirees because each participant is charged a level of premium regardless of age. However, the cost of this subsidy has not been quantified in this financial statement.

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the City makes health care benefits available to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured. There is no cost to the City under this program.

#### **B.** Compensated Absences

Vacation and Sick Leave — It is the City's policy to permit employees to accumulate earned but unused vacation and sick leave benefit.

Sick time: full-time employees shall earn twelve days of paid leave on the first day of January each year. No employee may accrue more than ninety days of sick leave, and no sick leave is paid upon termination of employment.

*Vacation:* vacation leave shall be earned beginning on the first day of January each year. Hours are earned as follows: 6.67 hours per month for years of continuous employment from one to five years with a maximum accumulation of 96 hours, 8 hours per month for years of continuous employment from six to ten years with a maximum accumulation of 120 hours, 10 hours per month for years of continuous employment from eleven to thirty hours with a maximum accumulation of 152 hours, and 13.33 hours per month for years of continuous employment over thirty years with a maximum accumulation of 200.

The vacation accumulation is \$11,794 on December 31, 2017, a contingent liability to the City. This balance increased by \$687.35, compared to the December 31, 2016 balance of \$11,107.

Notes to the Financial Statement For the Year Ended December 31, 2017

NOTE - 5 Inter-fund Transfers

Operating transfers were as follows:

		Regulatory	
То	From	Authority	Amount
Equipment Reserve	Electric	K.S.A 12-1,117	\$ 11,000
Equipment Reserve	Water	K.S.A 12-1,117	25,000
Capital Improvement	Electric	K.S.A 12-1,118	127,000
Capital Improvement	Water	K.S.A 12-1,118	45,000
Capital Improvement	Sewer	K.S.A 12-1,118	25,000
Capital Improvement	Special Highway	K.S.A 12-1,118	850
Swimming Pool	Electric	K.S.A 12-8,825d	25,000
Capital Improvement	General	K.S.A 12-1,118	30,817
General	Electric	K.S.A 12-8,825d	50,000
General	Bond & Interest	K.S.A. 10-117a	32,113

#### NOTE - 6 Defined Benefit Pension Plan

#### A. General Information about the Pension Plan

Plan description. The City participates in the Kansas Public Employees Retirement System (KPERS), a cost-sharing, multiple-employer defined benefit pension plan as provided by K.S.A 74-4901, etc. seq. Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and required supplementary information. KPERS' financial statements are included in its Comprehensive Annual Financial Report which can be found on KPERS website at <a href="www.kpers.org">www.kpers.org</a> or by writing to KPERS (611 South Kansas, Suite 100, Topeka, KS 66603) or by calling 1-888-275-5737.

Contributions. K.S.A. 74-4919 and K.S.A. 74-49,210 establish the KPERS member-employee contribution rates. KPERS has multiple benefit structures and contribution rates depending on whether the employee is a KPERS 1, KPERS 2, or KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009. KPERS 2 members were first employed in a covered position on or after July 1, 2009, and KPERS 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas law established the KPERS member-employee contribution rate at 6% of covered salary for KPERS 1, KPERS 2, and KPERS 3 members. Member contributions are withheld by their employer and paid to KPERS according to the provisions of Section 414(h) of the Internal Revenue Code.

State law provides that the employer contribution rates for KPERS 1 and KPERS 2 and KPERS 3 be determined based on the results of each annual actuarial valuation. Kansas law sets a limitation on annual increases in the employer contribution rates. The actuarially determined employer contribution rate (not including the 1% contribution rate with a 0% moratorium from the period of January 1, 2017 through September 30, 2017 for the Death and Disability Program) and the statutory contribution rate was 8.46% for the fiscal year ended December 31, 2017. Contributions to the pension plan from the City were \$27,333 for the year ended December 31, 2017.

Notes to the Financial Statement For the Year Ended December 31, 2017

#### NOTE - 6 Defined Benefit Pension Plan (continued)

#### **Net Pension Liability**

At December 31, 2017, the City's proportionate share of the collective net pension liability reported by KPERS was \$263,851. The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2016, which was rolled forward to June 30, 2017. The City's proportion of the net pension liability was based on the ratio of the City's contributions to KPERS, relative to the total employer and non-employer contributions of the Local subgroup within KPERS. Since the KMAAG regulatory basis of accounting does not recognize long-term debt, this liability is not reported in these financial statements.

The complete actuarial valuation report including all actuarial assumptions and methods, and the report on the allocation of the KPERS collective net pension liability to all participating employers are publicly available on the website at <a href="https://www.kpers.org">www.kpers.org</a> or can be obtained as described above.

#### NOTE - 7 Claims and Judgments

The City participates in federal, state, and local programs that are fully or partially funded by grants received from other governmental units. Expenditures financed by grants are subject to audit by the appropriate grantor government. If expenditures are disallowed due to noncompliance with grant program regulations, the City may be required to reimburse the grant government. As of the date of this report, City management believes that any disallowed expenditures based on future audits will not have a material effect on the financial position of the City.

#### NOTE - 8 Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City manages these risks of loss through the purchase of various insurance policies.

#### NOTE – 9 Lease Operations

Hometown Market

In February 2015, the City executed a long-term lease agreement with Hometown Market, LLC, for certain real estate and structures owned by the City.

Terms of the lease are as follows:

- 1. The term of the lease is ten (10) years with the option of the property being transferred over to Hometown Market, LLC by the mutual consent of both parties. The annual rent is \$1 per year.
- 2. The premises are to be used only for the purpose of providing a home town grocery store and/or general store, and for no other purpose without prior written consent.

Notes to the Financial Statement For the Year Ended December 31, 2017

#### **NOTE - 9 Lease Operations (continued)**

3. A separate promissory note was executed, and Hometown Market LLC has pledged all equipment and fixtures as security for the promissory note.

The City of Oxford made a \$120,000 economic development loan to Hometown Market, LLC in 2015, and an additional loan advance of \$28,725 in 2016. Loans terms are zero percent interest rate and monthly principal payments of \$800 per month for 197 months. The first payment should commence on March 1, 2017 until the full balance of this note is paid off.

At December 31, 2017, the outstanding balance of the promissory note was \$126,125.

#### **NOTE – 10 Subsequent Events**

City management has evaluated events and transactions occurring subsequent to the fiscal year end December 31, 2017, through the date of the report, June 7, 2018, which is the date of which the financial statement was available to be issued.

#### A. Administrative Change

The resignation of City Clerk John Cooney was accepted May 8<sup>th</sup>, 2018.

Lisa Miller was hired as the Assistant City Clerk in March 2018 until she took over the City Clerk position on May 8<sup>th</sup>, 2018.

## REGULATORY – REQUIRED SUPPLEMENTARY INFORMATION
