Note 1 - Summary of Significant Accounting Policies:

Financial Reporting Entity

Smoky Hill Central Kansas Education Service Center, Interlocal School District No. 629 (the primary government), is an interlocal unified school district established as an interlocal to provide special education services to participating unified school districts. The Interlocal cannot levy taxes but receives its revenue from federal and state aid and contracted participating unified school districts for special education services.

KMAAG Regulatory Basis of Presentation Fund Definitions:

General Fund-the chief operating fund. Used to account for all resources except those required to be accounted for in another fund.

Special Purpose Funds-to account for the proceeds of specific tax levies and other specific regulatory receipt sources (other than capital project and tax levies for long-term debt) that are intended for specified purposes.

Regulatory Basis of Accounting and Departure from Accounting Principles Generally accepted in the United States of America

The KMAAG regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis receipts and regulatory basis expenditures for the fiscal year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligation against cash. The KMAAG regulatory basis does not recognize capital assets, long-term debt, accrued receivables and payables, or any other assets, liabilities or deferred inflows or outflows, other than those mentioned above.

The Interlocal has approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirement for application of accounting principles generally accepted in the United States of America and allowing the Interlocal to use the regulatory basis of accounting.

Budget and Assessment Cycle

The Interlocal prepares a budget under the Kansas cash basis and budget laws to determine assessments to member districts and other financial planning purposes.

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison schedules are presented for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

All legal annual operating budgets are prepared using the regulatory basis of accounting, in which regulatory receipts are recognized when cash is received and expenditures include disbursements, accounts payable, and encumbrances, with disbursements being adjusted for the prior year's accounts payable and encumbrances. Encumbrances are commitments by the Interlocal for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. Any unused budgeted expenditure authority lapses at year end.

A legal operating budget is not required for capital projects funds, trust funds, and the following special purpose funds:

Federal Funds KJCC/LHGS Dept. of Corrections KS Professional Learning Team Senate Bill 155 Program TLC @ Smoky Hill Ed Serv Center St. Francis Academy-Title Rosetta Stone Domestic Violence Assoc. Grant LGHS Miscellaneous Fund Edmentum VP Program Fast ForWord Fund St. Francis Academy-Juvenile Tipton Community School

Spending in funds which are not subject to the legal annual operating budget requirement is controlled by federal regulations, other statutes, or by the use of internal spending limits established by the governing body.

Note 2 - Postemployment Benefits:

As provided by K.S.A. 12-5040, the Interlocal allows retirees to participate in the group health insurance plan. While each retiree pays the full amount of the applicable premium, conceptually, the Interlocal is subsidizing the retirees because each participant is charged a level of premium regardless of age. However, the cost of this subsidy has not been quantified in the financial statement.

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the Interlocal makes health care benefits available to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured.

Note 3 - Reimbursed Expenditures:

The Interlocal records reimbursable expenditures in the fund that makes the disbursement and records reimbursements as a receipt to the fund that receives the reimbursement. For purposes of budgetary comparisons, the expenditures are properly offset by the reimbursements under the KMAAG regulatory basis of accounting.

Note 4 - Subsequent Events:

The Interlocal has evaluated subsequent events through November 15, 2019, the date which the financial statement was available to be issued.

Note 5 - Defined Benefit Pension Plan:

Plan description

The Interlocal participates in the Kansas Public Employees Retirement System (KPERS), a cost-sharing, multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, et seq. Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and required supplementary information. KPERS' financial statements are included in its Comprehensive Annual Financial Report which can be found on the KPERS website at www.kpers.org or by writing to KPERS (611 South Kansas, Suite 100, Topeka, KS 66603) or by calling 1-888-275-5737.

Contributions

K.S.A. 74-4919 and K.S.A. 74-49,210 establish the KPERS member-employee contribution rates. KPERS has multiple benefit structures and contribution rates depending on whether the employee is a KPERS 1, KPERS 2 or KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009. KPERS 2 members were first employed in a covered position on or after July 1, 2009 and KPERS 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas law established the KPERS member-employee contribution rate of 6% of covered salary for KPERS 1, KPERS 2 and KPERS 3 members. Member contributions are withheld by their employer and paid to KPERS according to the provisions of Section 414(h) of the Internal Revenue Code.

State law provides that the employer contribution rates for KPERS 1, KPERS 2 and KPERS 3 be determined based on the results of each annual actuarial valuation. Kansas law sets a limitation on annual increases in the employer contribution rates. The actuarially determined employer contribution rate and the statutory contribution rate (not including the 1% contribution rate for the Death and Disability Program) was 16.38% and 12.01%, respectively, for the fiscal year ended June 30, 2018. The actuarially determined employer contribution rate and the statutory contribution rate was 14.59% and 13.21% for the fiscal year ended June 30, 2019.

Per 2017 Senate Substitute for House Bill 2052, Section 37(a), state general fund employer contributions to KPERS were decreased by \$64,130,234 for the fiscal year ended June 30, 2017. Section 43(17) of the bill also stipulated that repayments of the reduced contributions are to be amortized over twenty years at a level dollar amount commencing in fiscal year 2018. The level dollar amount was computed to be \$6.4 million dollars per year. The first year payment of \$6.4 million was received in July 2017.

Per 2017 Senate Substitute for House Bill 2002, Section 51(a), state general fund employer contributions to KPERS were decreased by \$194,022,683 for the fiscal year ended June 30, 2019. Section 56(19) of the bill also stipulates that repayments of the reduced contributions are to be amortized over twenty years at a level dollar amount commencing in fiscal year 2020. The level dollar amount was computed to be \$19.4 million per year.

The State of Kansas is required to contribute the statutory required employer's share. Since the Interlocal is considered a special funding situation, the Interlocal was not required to contribute amounts equal to the statutory contribution rate for the year ended June 30, 2019.

Net Pension Liability

The Interlocal is considered a special funding situation. The state contributes 100% of the contractually required employer contributions. However, they do make contributions directly to KPERS for KPERS retirees filling KPERS covered positions per K.S.A. 74-4937, "working after retirement" employees. The resulting proportional share of the "working after retirement" contributions and resulting net pension liability are attributable to the employer. At June 30, 2019, the Interlocal's proportionate share of the collective net pension liability reported by KPERS was \$29,095. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2017, which was rolled forward to June 30, 2018. The Interlocal's proportion of the net pension liability was based on the ratio of the Interlocal's contributions to KPERS, relative to the total employer and non-employer contributions of the State/School subgroup within KPERS for the fiscal year ended June 30, 2018. Since the KMAAG regulatory basis of accounting does not recognize long-term debt, this liability is not reported in this financial statement.

The complete actuarial valuation report including all actuarial assumptions and methods, and the report on the allocation of the KPERS collective net pension liability to all participating employers are publicly available on the website at www.kpers.org or can be obtained as described above.

Note 6 - Deposits:

K.S.A. 9-1401 establishes the depositories which may be used by the Interlocal. The statute requires banks eligible to hold the Interlocal's funds have a main or branch bank in the county in which the Interlocal is located or in an adjoining county if such institution has been designated as an official depository, and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. The Interlocal has no other policies that would further limit interest rate risk.

K.S.A. 12-1675 limits the Interlocal's investment of idle funds to time deposits, open accounts and certificates of deposit with allowable financial institutions; U.S. government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The Interlocal has no investment policy that would further limit its investment choices.

Concentration of credit risk. State statutes place no limit on the amount the Interlocal may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405.

Custodial credit risk – deposits. Custodial credit risk is the risk that in the event of a bank failure, the Interlocal's deposits may be returned to it. State statutes require the Interlocal's deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipt issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas City, or the Federal Home Loan Bank of Topeka, except during designated "peak periods" when required coverage is 50%. All deposits were legally secured at June 30, 2019.

At June 30, 2019, the Interlocal's carrying amount of deposits was \$472,847 and the bank balance was \$596,183. The bank balance was held by one banks resulting in a concentration of credit risk. Of the bank balance, \$300,024 was covered by federal depository insurance and the remaining \$296,159 was collateralized with securities held by the pledging financial institutions' agents in the Interlocal's name.

Note 7 - Compensated Absences:

The Interlocal's policy is to recognize the costs of compensated absences when actually paid. The Interlocal grants annual paid vacations to its full-time, regular employees. Annual vacation is granted based on length of service from ten to fifteen days.

Vacation days cannot be accumulated and payments are not made in lieu of vacation except for unused days at the time of termination of employment.

Note 8 - Contingencies:

Grant Programs

The Interlocal participates in various federal and state grant programs. These grant programs are often subject to additional audits by agents of the granting agency, the purpose of which is to ensure compliance with the specific conditions of the grant. Any liability for reimbursement which may arise as a result of these audits cannot be reasonably determined at this time, although it is believed the amount, if any, would not be material.

Risk Management

The Interlocal is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Interlocal carries commercial insurance for all risks of loss. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

Medicaid Payments

The Interlocal submits reports of time for providing medical services to children with disabilities to a third party. The third party reviews the reports and files claims for Medicaid reimbursement. Medicaid then pays the third party based on Medicaid's determination of allowed payment. The third party retains a percentage of the payment based on an agreement with the Interlocal and remits the remainder approximately monthly for the previous month's claims. Due to adjustments made by both the third party and Medicaid, the actual amount to be received by the Interlocal is undeterminable and has not been recorded. It will be recorded as received.

Note 9 - Debt:

Debt activity for the year ended June 30, 2019 was as follows:
