County Commissioners Pratt County, Kansas

Independent Auditor's Report

We have audited the accompanying summary statement of cash receipts, expenditures, and unencumbered cash - regulatory basis Pratt County, Kansas (the County), as of and for the year ended December 31, 2017, and the related notes to the financial statement.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with the *Kansas Municipal Audit and Accounting Guide* as described in Note 1 to meet the financial reporting requirements of the State of Kansas; this includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the *Kansas Municipal Audit and Accounting Guide*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement.

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. The procedures selected depend on auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

527 Commercial, Suite 501 Emporia, KS 66801 July 17, 2018 Pratt County, Kansas (Continued)

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 to the financial statement, the financial statement is prepared by the County to meet the requirements of the State of Kansas on the basis of the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide*, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statement referred to above does not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the County as of December 31, 2017, or changes in financial position and cash flows thereof for the year then ended.

Opinion on Regulatory Basis of Accounting

In our opinion, the financial statement referred to above presents fairly, in all material respects, the aggregate cash and unencumbered cash balance of the County as of December 31, 2017, and the aggregate receipts and expenditures for the year then ended in accordance with the financial reporting provisions of the *Kansas Municipal Audit and Accounting Guide* described in Note 1.

Regulatory-Required Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the summary statement of receipts, expenditures, and unencumbered cash - regulatory basis (basic financial statement) as a whole. The summary of expenditures-actual and budget - regulatory basis, individual fund schedules of receipts and expenditures - actual and budget - regulatory basis, schedule of receipts and expenditures - actual and budget - regulatory basis, schedule of receipts and expenditures - actual and budget - regulatory basis, schedule of receipts and expenditures - regulatory basis - agency funds (Schedules 1, 2, and 3 as listed in the table of contents) are presented for purposes of additional analysis and are not a required part of the basic financial statement; however they are required to be presented under the provisions of the Kansas Municipal Audit and Accounting Guide.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statement. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statement or to the basic financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statement as a whole, on the basis of accounting described in Note 1.

Financial Statement

PRATT COUNTY, KANSAS NOTES TO FINANCIAL STATEMENT

December 31, 2017

Note 1: Summary of Significant Accounting Policies

This summary of significant accounting policies of Pratt County, Kansas (the County) is presented to assist in understanding the County's financial statement. The financial statement and notes are representations of the County's management, who is responsible for their integrity and objectivity. These accounting policies conform to a comprehensive basis of accounting other than accounting principles generally accepted in the Untied States of America and have been consistently applied in the preparation of the financial statement.

Municipal Financial Reporting Entity

The County is a municipal corporation governed by three elected commissioners. The financial statement presents the County (the primary government) and its related municipal entity. The related municipal entity is included in the County's reporting entity because of the significance of its operational or financial relationship with the County.

The related municipal entity section of this financial statement includes financial data of the related municipal entity. The related municipal entity is reported separately to emphasize that it is legally separate from the County. The governing body of the related municipal entity is appointed by the County.

County Hospital Board (a related municipal entity)

Pratt County Hospital Board oversees the physical plant of the county hospital. The hospital can sue and be sued, and can buy, sell, or lease property. The County annually levies a tax for the Hospital Board. Bond issuances must be approved by the County.

Regulatory Basis Fund Types

A fund is defined as an independent fiscal and accounting entity with a self-balanced set of accounts recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations.

The following types of funds comprise the financial activities of the County for the year 2017:

General Fund – The chief operating fund. Used to account for all resources except those required to be accounted for in another fund.

Special Purpose Funds – Used to account for the proceeds of specific tax levies and other specific revenue sources (other than capital project and tax levies for long-term debt) that are intended for specified purposes.

Bond and Interest Fund - Used to account for the accumulation of resources, including tax levies, transfers from other funds and payment of general long-term debt.

Capital Project Funds – Used to account for the debt proceeds and other financial resources to be used for acquisition or construction of major capital facilities or equipment.

Business Funds – Funds financed in whole or in part by fees charged to users of the goods or services (i.e. enterprise and internal service fund etc.).

Trust Funds - Used to report assets held in trust for the benefit of the municipal financial reporting entity (i.e., pension funds, investment trust funds, private purpose trust funds which benefit the municipal reporting entity, scholarship funds, etc.).

Agency Funds - Used to report assets held by the municipal reporting entity in purely custodial capacity.

December 31, 2017

Note 1: Summary of Significant Accounting Policies (Continued) Regulatory Basis of Accounting and Departure from Accounting Principles Generally Accepted in the United States of America

The Kansas Municipal Audit and Accounting Guide (KMAAG) regulatory basis of accounting involves the recognition of cash, cash equivalents, marketable investments, and certain accounts payable and encumbrance obligations to arrive at a net unencumbered cash and investments balance on a regulatory basis for each fund, and the reporting of changes in unencumbered cash and investments of a fund resulting from the difference in regulatory basis revenues and regulatory basis expenditures for the fiscal year. All recognized assets and liabilities are measured and reported at cost, unless they have been permanently impaired and have no future cash value or represent no future obligation against cash. The KMAAG regulatory basis does not recognize capital assets, long-term debt, accrued receivables and payables, or any other assets, liabilities or deferred inflows or outflows, other than those mentioned above.

The County has approved a resolution that is in compliance with K.S.A. 75-1120a(c), waiving the requirement for application of generally accepted accounting principles and allowing the county to use the regulatory basis of accounting.

Note 2: Budgetary Information

Kansas statutes require that an annual operating budget be legally adopted for the general fund, special purpose funds (unless specifically exempted by statute), bond and interest funds and business funds. Although directory rather than mandatory, the statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

- 1. Preparation of the budget for the succeeding calendar year on or before August 1st.
- 2. Publication in local newspaper on or before August 5th of the proposed budget and notice of public hearing on the budget.
- 3. Public hearing on or before August 15th, but at least ten days after publication of notice of hearing.
- 4. Adoption of the final budget on or before August 25th.

The statutes allow for the governing body to increase the originally adopted budget for previously unbudgeted increases in revenue other than ad valorem property taxes. To do this, a notice of public hearing to amend the budget must be published in the local newspaper. At least ten days after publication, the hearing may be held and the governing body may amend the budget at that time. There were no such budget amendments for this year.

The statutes permit transferring budgeted amounts between line items within an individual fund. However, such statutes prohibit expenditures in excess of the total amount of the adopted budget of expenditures of individual funds. Budget comparison statements are presented for each fund showing actual receipts and expenditures compared to legally budgeted receipts and expenditures.

All legal annual operating budgets are prepared using the regulatory basis of accounting, in which revenues are recognized when cash is received and expenditures include disbursements, accounts payable, and encumbrances, with disbursements being adjusted for prior year's accounts payable and encumbrances. Encumbrances are commitments by the municipality for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. Any unused budgeted expenditure authority lapses at year end. A legal operating budget is not required for capital project funds, trust funds, and the following funds:

Landfill Closures Costs Special Road Machinery Special Equipment Reserve Treasurer's Special Fees Community Corrections Register of Deeds Technology GCCA Attorney's HB-2282

Spending in funds which are not subject to the legal annual operating budget requirement is controlled by federal regulations, other statutes, or by the use of internal spending limits established by the governing body.

December 31, 2017

Note 3: Other Post Employment Benefits

As provided by K.S.A. 12-5040, the County allows retirees to participate in the group health insurance plan. While each retiree pays the full amount of the applicable premium, conceptually, the County is subsidizing the retirees because each participant is charged a level premium regardless of age. However, the cost of this subsidy has not been quantified in this financial statement.

Under the *Consolidated Omnibus Budget Reconciliation Act (COBRA)*, the County makes health care benefits available to eligible former employees and eligible dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured. There is no cost to the County under this program.

Note 4: Defined Benefit Pension Plan

The County participates in the Kansas Public Employees Retirement System (KPERS), a costsharing multiple-employer defined benefit pension plan as provided by K.S.A. 74-4901, et. seq. Kansas law establishes and amends benefit provisions. KPERS issues a publicly available financial report that includes financial statements and required supplementary information. KPERS' financial statements are included in its Comprehensive Annual Financial Report which can be found on the KPERS website at www.kpers.org or by writing to KPERS (611 S. Kansas Avenue, Suite 100, Topeka, KS 66503) or by calling 1-888-275-5737.

Contributions. KSA 74-4919 and K.S.A. 74-49,210 establish the KPERS member-employee contribution rates. KPERS has multiple benefit structures and contribution rates depending on whether the employee is a KPERS 1, KPERS 2 or KPERS 3 member. KPERS 1 members are active and contributing members hired before July 1, 2009. KPERS 2 members were first employed in a covered position on or after July 1, 2009, and KPERS 3 members were first employed in a covered position on or after January 1, 2015. Effective January 1, 2015, Kansas law established the KPERS member-employee contribution rate at 6% of covered salary for KPERS 1, KPERS 2 and KPERS 3 members. Member contributions are withheld by their employer and paid to KPERS according to the provisions of Section 414(h) of the Internal Revenue Code.

State law provides that the employer contribution rates for KPERS 1, KPERS 2 and KPERS 3 be determined based on the results of each annual actuarial valuation. Kansas law sets a limitation on annual increases in the employer contribution rates. The actuarially determined employer contribution rate (not including the 1% contribution rate with a 0% moratorium from the period of January 1, 2017 through September 30, 2017 for the Death and Disability Program) and the statutory contribution rate was 8.46% for fiscal year ended December 31, 2017. Contributions to the pension plan from the County were \$464,049 for the year ended December 31, 2017.

Net Pension Liability. At December 31, 2017, the County's proportionate share of the collective net pension liability reported by KPERS was \$3,751,384. The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2016, which was rolled forward to June 30, 2017. The County's proportion of the net pension liability was based on the ratio of the County's contributions to KPERS, relative to the total employer and non-employer contributions of the Local subgroup within KPERS. Since the KMAAG regulatory basis of accounting does not recognize long-term debt, this liability is not reported in this financial statement.

The complete actuarial valuation report, including all actuarial assumption and methods, and the report on the allocation of the KPERS collective net pension liability to all participating employers are publically available on the website at www.kpers.org or can be obtained as described above.

December 31, 2017

Note 5: Interfund Transfers

Operating transfers were as follows:

From	То	Amount				
General Fund	Special Equipment Reserve Fund	\$ 65,000				
Appraiser Fund	Special Equipment Reserve Fund	10,000				
Election Fund	Special Equipment Reserve Fund	50,000				
Noxious Weed Fund	Special Equipment Reserve Fund	40,000				
Landfill Fund	Special Equipment Reserve Fund	75,000				
Retail Sales Tax Fund	General Fund	810,934				
Retail Sales Tax Fund	Road & Bridge Fund	 400,000				
Total Transfers		\$ 1,450,934				

Note 6: Compensated Absences

The County's policies regarding vacations permit employees to accrue vacation hours at the following rate:

Length of Employment	Vacation Hours Accrued
1 - 10 years	8 hours per month
11 - 20 years	12 hours per month
21 years	16 hours per month

The County's policies regarding vacations permit employees to accumulate a maximum of 12 to 24 calendar days' vacation. Employees may carry over up to 40 hours from calendar year to calendar year and carry over requests for more than 40 hours will be accommodated, if possible, upon request.

All employees on permanent status earn sick leave at the rate of 8 hours per month. If the employee was hired before January 1, 2014, upon termination of an employee's employment by reasons of retirement or otherwise, the employee shall be paid for accumulated and unused sick leave up to 960 hours.

Length of Employment	Pay Factor Based on Wage Rate at Time of Termination
2 years	15% of accumulated days
4 years	25% of accumulated days
6 years	40% of accumulated days
8 years	50% of accumulated days
10 years	60% of accumulated days

Employees hired on or after January 1, 2014 shall be paid for accumulated and unused sick leave up to 720 hours, as follows:

Length of Employment	Pay Factor Based on Wage Rate at Time of Termination
Up to 5 years	15% of accumulated days
Up to 10 years	25% of accumulated days
Up to 15 years	40% of accumulated days
Up to 20 years	50% of accumulated days
20 years of more	60% of accumulated days

December 31, 2017

Note 7: Deposits and Investments

K.S.A. 9-1401 establishes the depositories which may be used by the County. The statute requires banks eligible to hold the County's funds have a main or branch bank in the county in which the County is located, or in an adjoining county if such institution has been designated as an official depository, and the banks provide an acceptable rate of return on funds. In addition, K.S.A. 9-1402 requires the banks to pledge securities for deposits in excess of FDIC coverage. The County has no other policies that would further limit interest rate risk.

K.S.A. 12-1675 limits the County's investment of idle funds to time deposits, open accounts, and certificates of deposits with allowable financial institutions; U.S. government securities; temporary notes; no-fund warrants; repurchase agreements; and the Kansas Municipal Investment Pool. The County has no investment policies that would further limit its investment choices.

Concentration of Credit Risk. State statutes place no limit on the amount the County may invest in any one issuer as long as the investments are adequately secured under K.S.A. 9-1402 and 9-1405.

Custodial credit risk - deposits. Custodial credit risk is the risk that in the event of a bank failure, the County's deposits may not be returned to it. State statutes require the County's deposits in financial institutions to be entirely covered by federal depository insurance or by collateral held under a joint custody receipts issued by a bank within the State of Kansas, the Federal Reserve Bank of Kansas County, or the Federal Home Loan Bank of Topeka, except during "peak periods" when required coverage is 50%. The County has designated "peak periods" November 30 through January 30 and April 30 through June 30. There were no periods of the County's deposits being under secured during the year.

At year-end, the carrying amount of the County's deposits were \$32,667,345. The bank statement balances were \$32,880,276. The difference between the carrying amount and the bank balance is outstanding checks and deposits in transit. Of the bank balance, \$250,000 was covered by FDIC insurance and the remaining was collateralized by pledged securities and lines of credit held under joint custody receipts issued by a third-party bank in the County's name. The third-party bank holding the pledged securities is independent of the pledging bank. The pledged securities are held under a tri-party custodial agreement signed by all three parties: the County, the pledging bank, and the independent third-party bank holding the pledged securities.

At year-end, the carrying amount and bank statement balances of the Hospital Board's deposits were \$1,430,157. Of the bank balance, \$800,000 was covered by FDIC insurance and the remaining was collateralized by pledged securities held under joint custody receipts issued by a third-party bank in the Hospital Board's name.

Note 8: Risk Management

The County continues to carry commercial insurance for all other risks of loss, including property, liability, crime, inland marine, automobile, and workers' compensation. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

Note 9: Capital Projects

The County had no capital projects in progress as of December 31, 2017.

December 31, 2017

Note 10: Landfill Closure and Postclosure Costs

State and federal laws and regulations require that the County place a final cover on its landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for 30 years after closure. The area open and receiving waste at the Pratt County Landfill should remain at 10.25 acres. As an area is filled, the cover for closure is applied as the new area is opened. The rest of the Landfill area will remain undisturbed. The total area of the Landfill used to date is calculated to be 10% of the total permitted area. The Landfill's supervisor has estimated the remaining life of the Landfill to be 300 years.

The life of the Landfill will be extended as recycling programs are embraced and utilized. Although final closure and postclosure will be paid only near or after the date that the Landfill stops accepting waste, the County is required to estimate these costs attributable to the portion of the Landfill that has been filled or is currently in use. The closure costs are estimated to be \$1,992,666 and postclosure costs of \$398,871, for a combined total of \$2,391,537.

Note 11: Stewardship, Compliance, and Accountability

The County was in violation of K.S.A. 79-3104 and 32-104c which requires that mortgage registration fees be remitted to the County Treasurer daily. The County only remits these fees on a monthly basis. The daily collection of fees can be neither considered material to the County's revenue and compliance with the statues would create costs in excess of any revenue that could be generated by the timely remittance.

Note 12: Subsequent Events

Management has evaluated the effects on the financial statement of subsequent events occurring through July 17, 2018, which is the date at which the financial statement was available to be issued.

December 31, 2017
